TURN YOUR PASSION FOR NUMBERS INTO A CAREER

At the University of Phoenix School of Business, we’re determined to help you turn your passion into a fulfilling career. Whether you’re interested in a career in accounting, taxation, auditing or financial analysis, we’ve designed our Bachelor of Science in Accounting (BSACC) degree program to help you learn industry-standard skills that support your success.

With our BSACC program, accredited by the Accreditation Council for Business Schools and Programs (ACBSP®), you can also earn an en-route associate degree at no additional cost, so you can enhance your career even before you graduate. Earn an Associate of Arts with a concentration in Accounting degree while pursuing a bachelor’s.

Our degree program prepares graduates for a variety of careers in accounting, such as:

- Accountant
- Certified Public Accountant (CPA)
- Accounting manager
- Business analyst
- Financial reporting accountant
- Financial auditor
- Budget and policy analyst
- Cost accountant
- Tax auditor

Learn tangible skills:

- Accounting problem-solving software
- Communication, critical thinking and leadership skills
- Applying financial accounting principles
- Analyzing accounting financial statements

Study a solid core curriculum:

- Accounting principles
- Auditing and taxation
- Ethics and international issues in accounting
- Technology and communication
- Micro- and macroeconomics
- Quantitative analysis for business
- Understanding government, not-for-profit and international accounting

Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accountancy (NASBA®), University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission. While widely available, not all programs are available in all locations or in both online and on-campus formats. Please check with a University Enrollment Representative. The University's Central Administration is located at 1625 W. Fountainhead Pkwy, Tempe, AZ 85282.
