Lead the future in higher education.

Higher education institutions require change agents who are equipped to address issues with practical, data-informed solutions. Today’s leaders must solve complex problems and collaborate with multiple stakeholders while building a culture that fosters diversity, integrity and academic excellence.

The Doctor of Education in Educational Leadership with a Specialization in Higher Education Administration (EdD/HEA) degree program is designed to prepare professionals to lead innovative policy changes and improvements in higher education administration through curriculum that is relevant to the real world.

**Learn tangible skills:**
- Leadership
- Data analysis
- Budgeting
- Teacher management
- Operations management

**Study a solid core curriculum:**
- Leadership theory and practice
- Higher education history and philosophy
- Higher education economics, finance and strategic planning
- Organizational theory, innovation and change management
- Academic and student affairs

**Build key business skills:**
- Critical thinking
- Problem-solving
- Communication
- Collaboration
