General Safety and Security

Safety at the Dallas Campus

This report is provided in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* (or the Clery Act) and provides the University of Phoenix (the "University" or "UOPX") Dallas Campus community (students, faculty, and staff) with information on safety and security, policies and procedures, safety-related educational programs, awareness and prevention of crime, the notification procedures UOPX will take in the event of an emergency, and the reported crime statistics for the last three calendar years. The purpose of this report is to provide the Dallas Campus community with information that will help them make informed decisions relating to their own safety and the safety of others. A well-informed campus community helps create a safety-conscious public.

Education requires a safe environment for success. University of Phoenix is strongly committed to crime prevention and the safety of our members. Your cooperation is essential to minimize criminal activity and create a safer community for all.

The University's complete *Campus Safety Policies* can be found at https://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf.

Policy for Preparing the Annual Security Report

This report is prepared by the University's Corporate Security Department in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's Campus Security Authorities, Campus Safety Coordinators, and various other elements of the University. The crime statistics included herein are reported via telephone, email, in-person conversation, the Ethics Helpline, or by submitting an internal incident report form and gathered by UOPX Corporate Security, contracted security professionals, local law enforcement, identified Campus Security Authorities and Campus Safety Coordinators, the office of the Title IX Coordinator, Resolution Services (student conduct), Human Resources, and through the office of Ethics, Compliance, and Data Privacy. Each year an email notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting any University official or Shequeta Rainey, Manager Campus Operations, 2400 Coit Rd., Dallas, TX 75251, (214) 257-1966, or Shequeta.Rainey@phoenix.edu.

The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students, faculty, and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field and are constantly tested and re-evaluated for effectiveness.

Campus Security Personnel & Relationship with Local Law Enforcement

UOPX has a centralized campus security department located at the Phoenix Main Campus that establishes policy, protection strategies, and response strategies. There is no extended jurisdiction beyond the on-campus property boundaries of the Dallas Campus (refer to the [University's Clery Act geography](#)). The University does not have an on-site police department. University security personnel do not have the authority to make law enforcement arrests.

UOPX currently does not have any formal Memoranda of Understanding (MOU) between its local campuses and any law enforcement agencies (local or state). The Dallas Campus does not have a working relationship with any state law enforcement agencies; however, the Dallas Campus works to maintain a close working relationship with the Dallas Police Department by reporting all incidents that occur on or around campus, assisting with investigations unrelated to UOPX, including evidence collection and sharing intelligence when disruptive and unlawful activities in the general vicinity of the Dallas Campus occur.

Campus Security Authorities

The University has designated certain officials to serve as Campus Security Authorities (CSAs) and/or Campus Safety Coordinators. Campus Safety Coordinators are located at every teaching campus and all Campus Safety Coordinators are CSAs. Reports of criminal activity can be made to any of these officials. They, in turn, will ensure the crimes are reported for collection as part of the University's annual report of crime statistics. For students, faculty, and staff at the Dallas Campus, the CSAs/Campus Safety Coordinators to whom crimes should be reported are listed below.

- Security Operations Center (SOC), (602) 557-7000 or SOC@phoenix.edu
- Shequeta Rainey, Manager Campus Operations, (214) 257-1966 or Shequeta.Rainey@phoenix.edu

For a complete list of designated Campus Safety Coordinators, visit https://www.phoenix.edu/about_us/campus-safety/campus-safety-contact-list.html.

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on-campus, on other property owned by the University, or on nearby public property to the campus security department and the appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report.

- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 9-1-1.
- All crimes occurring on or near UOPX property should be reported immediately to the Security Operations Center (SOC) or one of the CSAs listed above. The number to contact the SOC is (602) 557-7000 or (866) 992-3301. The SOC is available 24/7/365.
 - Staff are also encouraged to complete an [Online Incident Report Form](#)
 - Students, faculty, and staff are all encouraged to utilize the Phoenix Safe app
 - Phoenix Safe is a free mobile safety application, available for download in the Google Play and Apple Store marketplaces, which offers interactive life safety resources such as live chat with the SOC and push notifications of campus alerts
- Students, faculty, staff, and visitors should also report situations to one of the CSAs identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a UOPX staff member will assist in making the report to police.
 - You may request confidentiality or anonymity when making crime reports to law enforcement. The anonymous tip line for Dallas, TX is (877) 373-8477.
- Anonymous incident reports can also be made by contacting the Ethics Helpline at (888) 310-9569 or by visiting <http://www.UOPXhelpline.com>.

Confidential Reporting

The University will protect the confidentiality of victims as compiled statistics will not disclose personally identifying information. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the identities of the parties, if known, to the Title IX Coordinator. Victims or witnesses can report crimes of dating violence, domestic violence, sexual assault, and stalking on a voluntary and confidential basis by contacting the Ethics Helpline at (888) 310-9569 or <http://www.UOPXhelpline.com>.

A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University's disciplinary system, or the criminal justice system, is nevertheless encouraged to make a confidential report through the Ethics Helpline at (888) 310-9569 or <http://www.UOPXhelpline.com>. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing, and alert the community to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

UOPX operates educational training facilities known as Counseling Skills Centers. These Counseling Skills Centers model mental health clinics and offer complimentary services to members of the University and local community. Centers are staffed by counseling graduate students who work under the direct supervision of licensed, experienced professionals. For more information, please visit <http://www.phoenix.edu/students/counseling-skills-centers.html>.

Crime victims seeking professional counseling through the Counseling Skills Centers will have their information kept in confidence. Even if a victim gives the professional counselor permission to release their identity, the counselor may only report the occurrence of the event itself to be included in the annual crime statistics, unless otherwise required by law.

UOPX does not have policies or procedures that encourage professional counselors to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis. UOPX does not have any pastoral counselors.

Security of and Access to Campus Facilities

The Dallas Campus is usually accessible to the public during normal business hours; however, classrooms and office buildings are generally locked when not in use. Only faculty and staff members have access to private areas and secured administrative and institutional facilities. This restricted access is obtained using an electronic access control badging system or security locks. In addition to students signing in at the Student Resource Center (SRC), non-employees must be escorted by an employee throughout their visit to any restricted access area. Certain areas (i.e., Faculty Resource Center and IT Support rooms) have secured access for all non-authorized personnel. UOPX does not have any residence halls or student housing at any of its locations.

Students, faculty, and staff are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others:

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to anyone, and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices, resource centers, laboratories, and classrooms at the Dallas Campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring their area is secured and locked.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Safety and Access to the Dallas Campus

The security and access features for the Dallas Campus include:

- Access control to/within facilities
- Security cameras
- Intrusion alarm
- Duress button
- On-site duress notification
- Window blinds
- "No Weapons" signage
- On-site safety escort services, upon request

Security Considerations in the Maintenance of Facilities

A CSA and/or Campus Safety Coordinator ensures campus maintenance issues that may affect safety or enhance criminal activity are resolved. A CSA and/or Campus Safety Coordinator must notify the appropriate facilities manager and request prompt attention to the problem.

University facilities management personnel maintain and repair campus facilities. This includes repairs to defective doors and locking mechanisms. Exterior lighting is another important part of our commitment to campus safety. CSAs and/or Campus Safety Coordinators regularly check to ensure landscaping is not overgrown, pathways are well lit, and egress lighting is working in hallways and stairwells. Safety and security equipment such as alarms, video surveillance, and emergency call buttons are audited regularly by the SOC to ensure that the equipment is functioning. We ask that you promptly report any problems or hazards you notice to a CSA and/or Campus Safety Coordinator.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others, and to inform them about the prevention of crimes. These programs are discussed below.

Annually, the Dallas Campus sponsors two safety events regarding the University's security procedures and practices and one sexual assault awareness and prevention training. These events are conducted during a time and at a location to maximize participation from all students, faculty, and staff. A common theme of our safety events is developing members' awareness of their responsibility for their own safety and the safety of others. We also focus on increasing security alertness. Please contact a Campus Safety Coordinator for information on where and when these educational events will occur.

The two safety events include:

- Training to describe the differences between an emergency notification and a timely warning
- Active shooter preparedness training

In addition to coordinating these safety events, the Campus Safety Coordinator makes a good-faith effort to inform new and existing personnel of security reporting procedures. Staff members who have regular interaction with the campus community are informed that students may approach them with crime-related incidents that need to be reported quickly to a CSA and/or Campus Safety Coordinator.

New employees are also required to complete the "Campus Safety: Awareness, Prevention, and Action" online course within 30 days of employment. In this online course, employees learn about the role of CSAs and the necessity to report crimes.

Safety Awareness and Crime Prevention

Part of crime prevention is being alert to and aware of your immediate environment. Here are some important ways you can help keep yourself – and the Dallas Campus – more safe and secure:

- Roll up windows and lock your car.
- Always take and keep your car keys with you.
- At night, travel in well-lighted areas and in pairs, if possible; avoid short cuts and deserted areas.
- Walk with a sense of purpose – show you are calm, aware, confident, and know where you are going.
- Scan the area, around and inside your car, before entering.
- Do not leave valuable items visible inside your car, including personal items and school related materials such as textbooks.
- Do not park in isolated or poorly lit areas.

- Leave valuable items at home.
- Do not leave your personal property unattended.
- Do not carry more cash than necessary.
- Keep your purse, backpack, or briefcase close to your body.
- Mark personal items that you bring on campus, including textbooks, laptops, and calculators with your name or some other traceable identification.
- Never bring any kind of weapon onto UOPX property.

UOPX routinely provides safety tips (like the ones listed above) to the campus community (students, faculty, and staff) annually via email and/or postings to the University's website but does not offer any other specific crime prevention training programs.

Monitoring Off Campus Locations of Recognized Student Organizations

The University does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim. This does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the *Violence Against Women Act of 2013 (VAWA)*, both the accused and accuser in these cases are given the results without the need to make a written request.

Timely Warnings and Emergency Response

Timely Warnings

In the event of a Clery Act crime occurring in Clery Act geography and reported to a Campus Security Authority (CSA) or local law enforcement that, in the judgment of the CSA, constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they may present a continuing threat to the campus community. The University’s campus security department and Campus Safety Coordinators are responsible for issuing timely warning notifications. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Such reports shall be provided in a manner that withholds the names of victims as confidential and that will aid in the prevention of similar occurrences. Updates to the warnings will be provided as appropriate.

Please see the [Definitions](#) section for a complete list of Clery-reportable crimes.

Anyone with information warranting a timely warning to the campus community should immediately report the circumstances to:

- Security Operations Center (SOC) at (602) 557-7000 or (866) 992-3301
- Shequeta Rainey, Manager Campus Operations, (214) 257-1966

In the event of an emergency, call 9-1-1 first.

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University’s emergency response is designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to fire/smoke/explosion, severe weather, hazardous material, earthquake/power outage, active shooter, disease outbreaks, bomb threats, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response to our campus community.

The Emergency Mass Notification (EMN) process includes emergency escalation procedures, mass notifications, and supporting systems. In an emergency, dangerous, or otherwise high-risk situation, the University will use this process to, **without delay** and taking into account the safety of the community, determine the content of the notification and initiate the notification to students, faculty, and staff unless issuing the notification system will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Emergency notifications are issued when the SOC confirms with the UOPX Corporate Security department, local campus director, the designated Campus Safety Coordinator, local authorities, or verified media sources that there is a significant emergency or a dangerous situation involving an immediate threat to the health or safety of members of the campus community. The process used to confirm the existence of a significant emergency or dangerous situation involves multiple layers

of information gathering and multiple people and departments. While confirmation does not necessarily mean all pertinent details are known or available, confirmation does include when internal individuals (i.e., local campus director and/or Campus Safety Coordinator), internal departments (i.e., UOPX Corporate Security and SOC), and external sources (i.e., local authorities and/or verified media sources) have verified a legitimate emergency or dangerous situation exists. The processes for confirming such situations are coordinated by UOPX Corporate Security and the SOC in-office, over the phone, and via email. Once confirmed, the SOC is responsible for initiating the University's response and for marshaling the appropriate local emergency response authorities for assistance.

Note: The Dallas Campus Director is Ryan Hampton, and he can be reached at (713) 576-3898 or Ryan.Hampton@phoenix.edu.

The University has assigned responsibility of managing the EMN policy and procedures to the University's Corporate Security Team. The review of emergency events and the related issuance of EMNs is the responsibility of the SOC in partnership with the University's Crisis Management Team. The University uses the emergency notification system, AppArmor, to provide alerts via email, text message, phone call, or Phoenix Safe alert. Phoenix Safe is an emergency notification service and comprehensive safety application available to students, faculty, and staff. Phoenix Safe can be used to send emergency notifications within minutes of an emergency or dangerous situation. The Phoenix Safe application is a free download in the Google Play and Apple Store marketplaces. Download of the Phoenix Safe application is completely optional and does not prevent any student, faculty, or staff from receiving an emergency notification.

The UOPX Crisis Management Team may consist of members from various University organizations as defined in the University's *Crisis Management Plan* to include University Legal Services, UOPX Corporate Security, Human Resources, Marketing, Real Estate & Facilities, Campus Operations, and Student Services.

Current UOPX Crisis Management Team members include the Senior Vice President & General Counsel, the Sr. Director of Corporate Security, the Director of Internal Communications, the Vice President of Public Affairs, the Vice President of Litigation Risk, the Vice President of Facilities, and the Chief Operating Officer. Additional backup members from each participating organization are also assigned to take the place of the primary member(s) if unavailable. The UOPX Crisis Management Team will assign backup individuals when appropriate.

The process to initiate the EMN system (AppArmor) is triggered as soon as the SOC receives notice of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty, and/or staff. Upon notification, the SOC will immediately perform the following functions:

- Use pre-templated messaging and EMN standard operating procedures to develop messaging content that can be used if an EMN is to be issued
- Recommend which campus community segments should receive notifications
- Initiate a notice to be sent out to the impacted campus community by the University's EMN system (provided by an outside vendor) based on the direction of the UOPX Crisis Management Team or SOC protocols
- Depending on the severity of the situation, notify the UOPX Crisis Management Team to convene and review the issue considering factors described in the next paragraph below

The SOC, in conjunction with the UOPX Crisis Management Team, is responsible for reviewing issues on a case-by-case basis, considering factors such as:

- The nature of the situation
- The continuing danger to the campus community
- The content of the notification
- The possible risk of compromising law enforcement efforts
- Those incidents that, in the judgment of the SOC or UOPX Crisis Management Team, warrant an EMN

The University has the flexibility to alert only a segment of the campus community that may be at risk. When there is at least the potential that a very large segment of the campus community would be affected by a situation, or when a situation threatens the operation of the campus as a whole, the entire campus community will be notified. If, however, the risk is limited to a small area of the campus community, only those students, faculty, and staff associated with such an area will be notified (the SOC will continue assessment of the situation and additional segments of the campus community may be notified if the situation warrants such action). Further, depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. As appropriate, the notification may give guidance as to whether its recipients should shelter in place or evacuate their location.

UOPX Corporate Security will direct the issuance of emergency notifications, which will be accomplished using one or more of the methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

If deemed necessary, at the direction of UOPX Crisis Management Team, the SOC will notify local law enforcement of the emergency if they are not already aware of it and, when appropriate, the UOPX Communications & Public Relations Department may relay further status information to local media outlets to ensure the larger community outside the campus will be aware of the emergency.

Campus Alerts

There are circumstances for issuance of a notice that is broader than the minimum Clery Act requirements of a Timely Warning Notification or Emergency Mass Notification (EMN), and the University will issue a Campus Alert when deemed appropriate. For example, the EMN system will also be used to notify members of the University or campus community of location closings or delayed openings, significant systems/network outages, recurring non-Clery Act crimes, or other important information that must be disseminated quickly. The decision to close or modify the operating hours of a location is at the discretion of the campus director, senior management, or their designee.

All closings or delayed opening decisions must be reported to the SOC as soon as possible. The SOC will then send an EMN to the appropriate recipients according to the impacted location. The content of these notifications will follow templates developed by the SOC. Alerts regarding location closings or delayed openings will only be sent during the hours of 7:00 am to 9:00 pm local time (campus directors may contact the SOC at any time to schedule these alerts).

Reporting Emergencies

Individuals should immediately call emergency 9-1-1 for police assistance if they believe the situation warrants it. In addition to 9-1-1 involvement, incidents that may warrant contacting a CSA, Campus Safety Coordinator, or SOC are those posing a serious or continuous health or safety threat to the campus community such as dangerous or otherwise high-risk situations at the Dallas Campus. Students, faculty, staff, and visitors are encouraged to report such situations in the following ways:

- Contact the SOC directly at (602) 557-7000 or (866) 992-3301 or by initiating emergency/panic alarms available throughout the Phoenix Main Campus
- Students should contact a CSA and/or Campus Safety Coordinator
 - A list of contacts is available online at:
http://www.phoenix.edu/about_us/campus_safety/campus_safety_contact_list.html
 - Dallas Campus contact is:
 - Shequeta Rainey, Manager Campus Operations, (214) 257-1966 or Shequeta.Rainey@phoenix.edu

The SOC is responsible for maintaining copies and tracking all emergency notifications. CSAs and Campus Safety Coordinators must promptly report any emergencies they receive to the SOC, which escalates to the University's Crisis Management Team for immediate review. The CSA and Campus Safety Coordinator also maintains a record of all EMNs for their location, including EMN tests, in the private *CSA Notebook*.

Methods for Issuing Timely Warnings and Emergency Notifications

The University will immediately notify the campus community upon confirmation of an emergency or dangerous situation. The method(s) listed below may be utilized to notify the larger campus community when the University issues a timely warning or emergency notification to the campus community.

Method	Sign-up Instructions
Text messaging, recorded messages to phones, and email notifications	No formal sign-up or opt-in required. Students, faculty, and staff are responsible, though, for ensuring current and accurate contact information is on file with the University.
News releases, electronic alerts via intranet and internet, posters on entry doors and other accessible areas on campus	No formal sign-up or opt-in required. Visit the University's homepages, message boards, or student website (MyPhoenix).
Person-to-person notifications, direct phone calls, phone trees, and other media releases	No formal sign-up or opt-in required. Students, faculty, and staff are responsible, though, for ensuring current and accurate contact information is on file with the University.

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. Tests are scheduled, contain drills (e.g., testing our emergency mass notification system or conducting a fire drill), contain exercises (e.g., testing our coordination efforts with first responders), contain follow-through activities (e.g., the collection of feedback from participants), are designed for assessment of emergency plans and capabilities (e.g., a checklist of measurable goals), and are designed for evaluation of emergency plans and capabilities (e.g., uses the assessment to determine whether or not the test met the University's goals). The tests may be announced or unannounced. Also, at various times, UOPX Corporate Security will meet to train, test, and evaluate the University's emergency response plan.

UOPX Corporate Security maintains a record of these tests and training exercises, including a description of them, the dates and times they were held, and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute information to remind its students, faculty, and staff of the University's emergency response and evacuation procedures.

Drug and Alcohol Policy

UOPX has a “Zero-Tolerance” policy regarding the unlawful use, sale, possession, or distribution of illegal drugs and alcohol on University Controlled Property, or as part of any University activity. Misconduct violations relating to the Student Code of Conduct, Faculty Code of Conduct, and/or the Code of Ethics are subject to disciplinary sanctions. Consequences for inappropriate behavior can be severe, up to and including dismissal from the University. If any individual is found violating any alcohol or other drug related law while at a UOPX location or activity, the University will fully cooperate with federal, state, and local law enforcement agencies. The University will enforce federal and state drug laws in cooperation with local law enforcement agencies for any individual violating a drug related law while at on University Controlled Property or at a UOPX activity. The University will also enforce state underage drinking laws on University Controlled Property. (Note: the legal drinking age in the United States is 21 and over.) The University abides by federal Drug-Free Workplace and Drug-Free Schools and Communities Act regulations regardless of individual state legalization.

Drug and Alcohol Abuse Prevention Program

The University has established specific courses of action regarding alcohol and other drug abuse and has steps in place to prevent abuse and generate awareness:

- Each year, all students, faculty, and staff receive notification, to include the location, of *Campus Safety Policies* and the University’s *Consumer Information Guide*
- *Campus Safety Policies* are available to all students, faculty, and staff on the public University website or upon request
- Students, faculty, and staff are encouraged to report instances of alcohol and other drug abuse:
 - Students can report concerns to faculty members, the local Campus Safety Coordinator, or on their end of course surveys
 - Faculty can report concerns to Academic Affairs, the local Campus Safety Coordinator, or on their end of course surveys
 - Staff, including faculty, can report concerns to their immediate supervisors or Human Resources
- Students, faculty, staff, visitors, or business partners can report concerns to the Ethics Helpline at (888) 310-9569 or online at <http://www.UOPXhelpline.com>
- Alcohol-related advertising or promotions are not permitted on-campus
- The local Campus Safety Coordinator maintains a list of local treatment facilities as well as alcohol and other drug abuse counseling resources for individuals and their family members
 - The Campus Safety Coordinator’s contact information is available at http://www.phoenix.edu/about_us/campus-safety/campus-safety-contact-list.html
- Employee benefits and student assistance programs offer resources to assist with alcohol and drug addiction related issues
- The University conducts a biennial review of its program to:
 - Determine its effectiveness and implement changes to the program if they are needed
 - Ensure that its disciplinary sanctions are consistent and enforced

Drug and Alcohol Abuse Prevention and Counseling Services

Every local campus offers sexual assault awareness and prevention training annually to students, faculty, and staff. This program involves how alcohol and other drugs can facilitate sexual assault. Please contact the Campus Safety Coordinator for information on where and when this education event will occur.

Student Resources

UOPX offers substance abuse and various counseling services to all currently enrolled students via the Life Resource Center, directly accessible from the student MyPhoenix website. The Life Resource Center offers services that are confidential, available 24/7/365, accessible by calling (844) 492-0546, and free to students.

Employee Resources

UOPX provides an Employee Assistance Program (EAP) as an employee benefit. All employees have access to EAP whether or not they obtain other benefits through the University. Information about the program is available at all times through the *Benefit Central* site at <https://compass.empyreanbenefits.com/UOPX>. This benefit provides referral services and treatment sessions as needed. Calls and online inquiries are tracked by category. Employees enrolled in health care plans can obtain additional substance abuse benefits, including outpatient and inpatient services, through providers contracted with their health care plan.

UOPX also provides a mental wellness benefit, Ginger, for employees and their dependents age 18 and older. Ginger is an emotional support app that provides emotional support at the right time, including confidential coaching via text-based chats, self-guided activities, and video-based therapy and psychiatry—all from the privacy of a smartphone. Ginger coaches are available 24/7 and work as a team to ensure personalized care when it's needed.

National Resources

Health Risks of Alcohol and Other Drugs

The health consequences of drugs and alcohol depend on the frequency, duration, and the intensity of use and can include both physical and psychological effects. Overdose is a risk for all drugs. It can result in coma, convulsions, psychosis, or death. Combinations of certain drugs, such as alcohol and barbiturates, can be lethal. The purity and strength of doses of illegal drugs are uncertain. Continued use of substances can lead to tolerance (requiring more and more of a drug to get the same effect), dependence (physical or psychological need), or withdrawal (painful, difficult, and dangerous symptoms when stopping the use of drugs). Long-term use of drugs can lead to malnutrition, organ damage, and psychological problems. The risk of AIDS and other diseases increases if drugs are injected. The consumption of alcohol or drugs when pregnant may cause abnormalities in babies.

Physical and Psychological Dependence and Effects of Specific Drugs

There is a vast array of health risks associated with chronic drug and alcohol use, including but not limited to: depression; liver and kidney disease; psychosis and impaired thinking; heart attack; seizures; strokes; high blood pressure; violent outbursts; paranoia; anxiety; increased risk of birth defects and developmental issues during and after pregnancy. For more information about the health risks associated with alcohol and particular types of drugs, please visit <https://www.drugabuse.gov/drugs-abuse/commonly-abused-drugs-charts>.

Standards of Conduct

The University's Codes of Conduct clearly state that the unlawful manufacture, sale, delivery, unauthorized possession, or use of any illicit drug is prohibited on property owned or otherwise controlled by the University. The University enforces a "Zero Tolerance" policy regarding underage drinking and will enforce state underage drinking laws on its campus premises (Note: the legal drinking age in the United States is 21 and over).

Additional standards of conduct for employees are addressed in the *University Alcohol and Drug Abuse Prevention* policy in the Policy Library. If any individual is found violating any alcohol or other drug related law while at a UOPX location or activity, the University will fully cooperate with federal and state law enforcement agencies.

Sanctions UOPX will Impose for Alcohol or Other Drugs Violations

The University abides by federal, state, and local sanctions regarding unlawful possession of drugs and the unlawful consumption of alcohol. Any member of the campus community found consuming or selling alcohol and other drugs on UOPX property is subject to disciplinary action up to and including dismissal from the University.

Federal Drug Laws

Denial of Federal Benefits (21 U.S.C. § 862) A federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. Federal drug trafficking convictions may result in denial of federal benefits for up to five years for a first conviction. Federal drug convictions for possession may result in denial of federal benefits for up to one year for a first conviction and up to five years for subsequent convictions, successful completion of a drug treatment program, including periodic testing, and appropriate community service, or any combination of the three.

Forfeiture of Personal Property and Real Estate (21 U.S.C. § 853) Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation. A warrant of seizure may be issued and property seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 U.S.C. § 841) Penalties for federal drug trafficking convictions vary according to the type and quantity of the controlled substance involved in the transaction. Penalties for subsequent convictions are more severe.

In the case of a controlled substance in schedule I or schedule II, GHB, or flunitrazepam, a person shall be sentenced to a term of imprisonment of not more than 20 years. If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces the possibility of a life sentence and fines ranging up to \$10 million.

In the case of a controlled substance in schedule III, a person shall be sentenced to a term of imprisonment of not more than 10 years, and if death or serious bodily injury results, shall be sentenced to a term of imprisonment of not more than 15 years or a fine not to exceed \$500,000, or both, for a first offense.

For less than 50 kilograms of marijuana, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

In the case of a schedule IV substance, the term of imprisonment shall not be more than five years, and the fine shall not be more than \$250,000, or both, for a first offense.

Persons convicted on federal charges of drug trafficking within 1,000 feet of an elementary school, secondary school, college, or university (**21 U.S.C. § 860**) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year, unless the offense involves five grams or less of marijuana.

Federal Drug Possession Penalties (21 U.S.C. § 844) Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison, a mandatory fine of no less than \$1,000, or both. Second convictions are punishable by not less than 15 days but not

more than two years in prison and a minimum fine of \$2,500. Subsequent convictions are punishable by not less than 90 days but not more than three years in prison and a minimum fine of \$5,000.

Drug and Alcohol State Laws

Category	Summary (Texas Code Annotated)
Possession of Marijuana	A Class B misdemeanor occurs if the amount of marijuana possessed is 2 ounces or less. A Class A misdemeanor occurs if the amount of marijuana possessed is between 2 ounces and 4 ounces. See Tex. Health & Safety Code Ann. § 481.121. Penalties for the possession and delivery of illegal drugs include prison sentences and monetary fines and vary widely by the type of drug, amount confiscated, and whether the individual possessed or manufactured/delivered the controlled substance. Trafficking controlled substances will result in more severe penalties.</p> <p>As an example, a person who possesses less than 28 grams of a controlled substance listed in Penalty Group 3 (i.e., anabolic steroids) is guilty of a Class A misdemeanor punishable by a fine not to exceed \$4,000, confinement in jail for up to 1 year, or both.</p> <p>As of September 1, 2021, it is a defense to prosecution under certain, defined circumstances if the actor was the first person to request emergency medical assistance in response to the possible overdose of another person or was the victim of a possible overdose for which emergency medical assistance was requested during an ongoing medical emergency. See 2021 Tex. Sess. Law Serv. Ch. 808 (H.B. 1694).</p>
Alcohol and Minors	<p>A minor who consumes alcohol outside the visible presence of the minor's adult parent/guardian or spouse is punishable by a fine of \$250 to \$2,000 and imprisonment for up to 180 days. Policies, Procedures, and Programs Related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Consistent with applicable laws, the University prohibits dating violence, domestic violence, sexual assault, and stalking. Sexual harassment, dating violence, domestic violence, sexual assault, and stalking are forms of sex discrimination, which are prohibited under Title IX and by University policy. The University's Equal Opportunity, Harassment, and Nondiscrimination Policy is used to address complaints of this nature, as well as the procedures for filing, investigating, and resolving complaints. View the Equal Opportunity, Harassment, and Nondiscrimination Policy at: <https://www.phoenix.edu/content/dam/altcloud/doc/Equal-Opportunity-Harrasment-and-Nondiscrimination-Policy.pdf>.

The following sections of this report discuss the University's educational programs to promote the awareness of dating violence, domestic violence, sexual assault, and stalking; provides information concerning procedures students and employees should follow and the services available in the event they do become a victim of one of these offenses; and advises students and employees of the disciplinary procedures that will be followed after an allegation that one of these offenses has occurred.

Primary Prevention and Awareness Program and Ongoing Prevention and Awareness Campaigns

The University offers programming to identify and prevent domestic violence, dating violence, sexual assault, and stalking each year. UOPX conducts a Primary Prevention and Awareness Program (PPAP) for all incoming students and new employees typically during new student and new employee orientation. The PPAP advises campus community members that the University prohibits the offenses of dating violence, domestic violence, sexual assault, and stalking. They are also informed of the topics discussed in this section, including relevant definitions, risk reduction, and bystander intervention.

The University also offers a range of campaigns, strategies, and initiatives to promote awareness, education, risk reduction, and prevention in an effort to reduce the frequency of sex or gender-based discrimination, harassment, and violence. The University conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing dating violence, domestic violence, sexual assault, and stalking.

Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including bystander intervention), and discuss institutional policies on sex or gender-based discrimination, harassment, and violence as well as federal and state definitions of domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Programs also offer information on risk reduction that strives to empower individuals who experience these incidents, how to recognize warning signs, and how to avoid potential attacks, and do so without biased approaches. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions.

Crime Definitions – Texas Code Annotated

Crime Type	Definitions (Texas Code Annotated)
<p>Dating Violence (Tex. Fam. Code Ann. § 71.0021)</p>	<p>The institution had determined, based on good-faith research, that the criminal statutes of Texas do not define the term dating violence.</p> <p>However, Section 71.0021 of the Texas Family Code provides the following:</p> <ul style="list-style-type: none"> a. "Dating violence" means an act, other than a defensive measure to protect oneself, by an actor that: (1) is committed against a victim or applicant for a protective order: (A) with whom the actor has or has had a dating relationship; or (B) because of the victim's or applicant's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and (2) is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim or applicant in fear of imminent physical harm, bodily injury, assault, or sexual assault. b. For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b). <p>In addition, Sections 51.251 and 51.281 of the Texas Education Code provide that "dating violence" shall have the meaning assigned by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20.U.S.C. Section 1092(f)(6)(A)). This law defines dating violence to mean violence committed by a person (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship; (ii) the type of relationship; and (iii) the frequency of interaction between the persons involved in the relationship.</p>

Note: To review the Clery Act definitions of domestic violence, dating violence, sexual assault, and stalking refer to the [Definitions](#) section.

University Definition of Consent

The University uses the following definition of consent in its [Campus Safety Policies](#) for the purpose of determining whether sexual violence (including sexual assault) has occurred:

Consent means the equal approval, given freely, willingly, and knowingly of each participant to desired sexual involvement. Consent is an affirmative, conscious decision – indicated clearly by words or actions – to engage in mutually accepted sexual contact and can be withdrawn at any time. A person forced to engage in sexual contact by force, threat of force, or coercion has not consented to contact. Lack of mutual consent is the crucial factor in any sexual assault. A person's lack of verbal or physical resistance or submission resulting from the use or threat of force does not constitute consent. Consent is not given by a person's manner of dress or past sexual activity. A person's consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another. Consent cannot be given if a person is unable to understand the nature of the activity or give knowing consent. Consent cannot be given if a person's ability to resist or consent is substantially impaired because of a mental or physical condition, if there is a significant age or perceived power differential, or due to the circumstances. Examples include, but are not limited to being:

- Asleep or unconscious,
- Underage,
- Frightened,
- Physically or psychologically pressured or forced,
- Intimidated,
- Substantially impaired because of a psychological health condition,
- Substantially impaired because of voluntary intoxication,
- Substantially impaired because of the deceptive administering of any drug, intoxicant, or controlled substance
- Incapacitated due to the use or influence of alcohol or drugs, or
- Incapacitated due to a mental disability.

Risk Reduction

Students are provided with suggestions that may help them reduce their risk if they find themselves in an uncomfortable sexual situation, including:

- Know your resources.
 - Determine who you should contact and where you should go if you or a friend needs help.
 - Notice where emergency phones are located and program the Security Operations Center (SOC) number, (602) 557-7000 or (866) 992-3301, into your cell phone.
- Stay alert and aware of your surroundings. Avoid putting headphones in both ears or looking down to focus on your cell phone, especially when walking alone.
- Be careful about posting your location on social media.
- Make others earn your trust and make your limits known ahead of time.
- Consider back-up plans. Think about what you would need to do in various difficult situations such as if your phone dies, if your car runs out of gas, or if you become stranded without any cash or credit cards.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of an aggressor. Be as direct as possible about wanting to leave the environment.
- Locate someone nearby and ask them for help.
- Attend events with friends you trust. Watch out for your friends and ask that they watch out for you. Show up together and leave together. If plans change, discuss with the group. Do not leave a friend stranded in an unfamiliar or unsafe situation.

The following technology resources are provided to aid with preventing violence before it happens:

- **Circle of 6** – Free app for iPhone and Android makes it quick and easy to reach the 6 people you choose. If you need help getting home or need an interruption, two taps lets your circle

know where you are and how they can help. For more information, visit <http://www.circleof6app.com/>.

- **The ASPIRE News App** – ASPIRE News is a free application for iPhone and Android which contains summaries of top stories in world, sports, and entertainment news, from the When Georgia Smiled: The Robin McGraw Revelation Foundation (and powered by Yahoo!). Additionally, if someone you know is in an abusive relationship – or if that someone is you – the Help Section of the application contains domestic violence resources. You can triple tap the top of the application frame/title bar at any time in order to alert your trusted contacts that you’re in an emergency situation. For more information, visit <https://www.whengeorgiasmiled.org/aspire-news-app/>.
- **myPlan App** – myPlan was created to help people determine if a friend or family member is in an unsafe intimate relationship, and if so how to support them. For more information, visit http://www.joinonelove.org/my_plan_app.

Information is provided on how to identify the warning signs of abuse and engage in responsible sexual behavior:

- Remember that you owe sexual respect to the other person.
- Don’t make assumptions about the other person’s consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions and obtain consent before proceeding.
- “Mixed messages” may be a sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don’t take advantage of someone who is intoxicated or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
 - Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

Some examples of warning signs of an abusive person include past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

The following warning signs and red flags of an abusive relationship may be helpful:

- Telling you that you can never do anything right
- Showing extreme jealousy of your friends and time spent away
- Keeping you or discouraging you from seeing friends or family members
- Insulting, demeaning or shaming you with put-downs
- Controlling every penny spent in the household

- Taking your money or refusing to give you money for necessary expenses
- Looking at you or acting in ways that scare you
- Controlling who you see, where you go, or what you do
- Telling you that you are a bad parent or threatening to harm or take away your children
- Preventing you from working or attending school
- Destroying your property or threatening to hurt or kill your pets
- Intimidating you with guns, knives or other weapons
- Pressuring you to have sex when you don't want to or do things sexually you're not comfortable with
- Pressuring you to use drugs or alcohol
- Punishing you by withholding affection

Bystander Intervention

Bystander intervention includes safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. As a bystander, you can help prevent sexual violence using safe and positive options. According to RAINN, stepping in can make all the difference, but it should never put your own safety at risk. If you find yourself in a situation where someone looks uncomfortable or something does not seem right, consider the **three D's of active bystander intervention**: 1) Direct, 2) Distract, 3) Delegate.

Direct – Step in and voice your opinion. For example, call out inappropriate behavior or ask if someone is okay.

Distract – Disrupt the interaction by creating a diversion. For example, ask a random question (e.g., Where's the bathroom?) or provide a random comment (e.g., I love the color of your shirt).

Delegate – Recruit others for help with the situation. For example, ask friends for help, inform campus resources, or call the police.

UOPX offers Building Supportive Communities: Clery Act and Title IX training for faculty and staff as well as Sexual Assault Awareness and Prevention Training for the campus community which includes safe and positive options for active bystander intervention. Starting in late 2021, UOPX will offer Sexual & Interpersonal Violence Prevention and Response Course (SPARC) for students. For more information on any of these trainings, please contact a Campus Safety Coordinator.

In addition to reporting incidents to the appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Create a distraction to interrupt the situation.
- Be confident when intervening.

- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don't hesitate to contact the police.

According to the National Domestic Violence Hotline, there are a few behaviors that bystanders can look out for if they are concerned their partner or friend's/family member's partner is becoming abusive:

- Telling you that you can never do anything right
- Showing extreme jealousy of your friends and time spent away
- Keeping you or discouraging you from seeing friends or family members
- Insulting, demeaning or shaming you with put-downs
- Controlling every penny spent in the household
- Taking your money or refusing to give you money for necessary expenses
- Looking at you or acting in ways that scare you
- Controlling who you see, where you go, or what you do
- Telling you that you are a bad parent or threatening to harm or take away your children
- Preventing you from working or attending school
- Destroying your property or threatening to hurt or kill your pets
- Intimidating you with guns, knives or other weapons
- Pressuring you to have sex when you don't want to or do things sexually you're not comfortable with
- Pressuring you to use drugs or alcohol
- Punishing you by withholding affection

Other Information Covered by the PPAP and OPAC

The PPAP also provides information on supportive/protective measures and available resources, an explanation of the grievance process that is followed when dating violence, domestic violence, sexual assault, or stalking is alleged, the rights of the parties in such a proceeding, possible sanctions that may be imposed following a determination that dating violence, domestic violation, sexual assault, or stalking has occurred, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

PPAP and OPAC Programming Methods

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to, presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- **Building Supportive Communities: Title IX and Clery Act Training.** Staff and faculty must review and acknowledge this training every other year. The Title IX training includes what

Title IX is, the University's responsibilities under Title IX, what behaviors are covered under Title IX, what rights and protections are granted under Title IX, how to report a Title IX concern, and possible sanctions if a violation of Title IX is found.

- **Sexual & Interpersonal Violence Prevention and Response Course (SPARC)** will be available to all current students in late 2021 and a hyperlink to access the training will be sent via email.
- **Employee Sexual Harassment Awareness Training and Title IX for Higher Education Training** must be completed by all new employees upon hire (within 30 days). Once hired, all employees must complete Employee Sexual Harassment Awareness training on a biennial basis.
- The **Campus Safety: Awareness, Prevention, and Action** online course is always available via MyLearning to staff. This course discusses key information on environmental, medical, and criminal risks.
- **Sexual Assault Awareness and Prevention Training** is offered annually to students, faculty, and staff virtually and at UOPX locations. This training includes:
 - The definitions of dating violence, domestic violence, sexual assault, stalking, and consent, in reference to sexual activity
 - The University's stance that it prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking
 - Safe and positive options for bystander intervention (e.g., the three D's of active bystander intervention: direct, distract, delegate) and risk reduction
 - Resources for survivors
 - Information on how alcohol and other drug use could impact the risk of sexual assault
- The University offers information on sexual assault, dating violence, domestic violence, and stalking along with various resources and counseling services to all currently enrolled students via the **Life Resource Center (LRC)**, directly accessible from MyPhoenix. The LRC offers services that are confidential, available 24/7/365, accessible by calling (844) 492-0546, and free to students.
- The University provides an **Employee Assistance Program (EAP)** as an employee benefit. All employees have access to the EAP whether or not they obtain other benefits through the University. Information about the program is available at all times through the *Benefit Central* site at <https://compass.empyreanbenefits.com/UOPX>. This service provides information on sexual assault, dating violence, domestic violence, and stalking along with referral services and treatment sessions as needed. The University also provides a mental wellness benefit, **Ginger**, for employees and their dependents age 18 and older. Ginger is an emotional support app that provides emotional support at the right time, including confidential coaching via text-based chats, self-guided activities, and video-based therapy and psychiatry—all from the privacy of a smartphone. Ginger coaches are available 24/7 and work as a team to ensure personalized care when it's needed
- **Denim Day:** Held in April in honor of Sexual Violence Awareness Month, UOPX local campuses and learning centers host their own Denim Day events. Students, faculty, and staff are encouraged to wear jeans on this day to support survivors and promote awareness of sexual violence.
- **Escalation Workshop:** The Title IX office has worked with the One Love Foundation to bring the Escalation Workshop to UOPX. The Escalation Workshop is a film-based discussion that opens people's eyes to the warning signs of relationship abuse. Participants will understand

the difference between healthy and unhealthy relationship behaviors and learn ways to safely intervene to help a friend. This is an annual event and is also available upon request.

- **Poster and Email Campaign:** Posters are periodically placed in public areas of the local campus to alert students and staff for personal safety and theft concerns. Also, emails and newsletter alerts provide awareness of various important topics such as sexual assault, personal safety, theft, incidents, and alcohol and other drugs information.
- University community members may contact their designated **Campus Safety Coordinator** at http://www.phoenix.edu/about_us/campus-safety/campus-safety-contact-list.html to learn about additional educational programs and dates/times they will be offered at their local campus related to these topics.
- **Security Escort Service:** Security personnel, where available, will provide an onsite safety escort service within the confines of the local campus to/from the parking facility if requested.
- **Persona Non Grata** – A trespass notice may be issued for individuals who have violated University policy or who have demonstrated that they present a threat to anyone in the University community. Violators can be arrested for trespass.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and **call 9-1-1**. You may also contact the SOC at (602) 557-7000 or (866) 992-3301, the University's Title IX Coordinator at (602) 557-1823, or the Ethics Helpline at (888) 310-9569 or <http://www.UOPXhelpline.com>. Complaints may be submitted to the Ethics Helpline anonymously; however, the Ethics, Compliance, and Data Privacy Department is required to report any instances of alleged sexual misconduct to the Title IX Coordinator.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus security personnel or local police; (b) the option to be assisted by Campus Security Authorities (CSAs) in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Do not bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Parkland Hospital, 5200 Harry Hines Blvd., Dallas, TX 75235; (214) 590-8000.

Completing a forensic examination does not require you to file a police report but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Campus Security/Law Enforcement & How to Make a Police Report

- Security Operations Center (SOC) (602) 557-7000 or (866) 992-3301
- Dallas Police Department; 1400 S. Lamar St., Dallas, TX 75215; (214) 671-3001
 - To make a police report, a person should contact the local police agency listed above either by phone or in-person. As much information as possible should be provided, including name, address, and when and what occurred, to the best of the person's knowledge.

Information about Legal Protection Orders

The University does not issue orders of protection. Orders of protection, restraining orders, injunctions, or similar lawful orders may be obtained through the court system and can be enforced by the University's security department. Any student or employee who has a protection order (order of protection) or no contact order should notify the Title IX Coordinator, a CSA and/or Campus Safety Coordinator, and the SOC and provide a copy of the order so that it may be kept on file with the institution and can be enforced, if necessary.

Although the University does not issue orders of protection, individuals may request that the University issue an administrative directive for no contact and/or a no trespass notice/persona non grata notice. Upon request, a determination will be made by the University whether to issue an administrative directive for no contact and/or a no trespass notice/persona non grata notice.

For information on how to obtain an order of protection in Texas, which provides protective relief for victims of dating violence, domestic violence, sexual assault, or stalking, visit <https://guides.sll.texas.gov/legal-forms/protective-orders>.

Available Victim Services

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community. Those services include:

University Resources

- **Student Resources** – The University offers various counseling services to all currently enrolled students via the Life Resource Center, directly accessible from the online student MyPhoenix website. The Life Resource Center offers free services that are confidential, available 24/7/365, accessible by calling (866) 320-2817.
- **Employee Resources** – The University provides an Employee Assistance Program (EAP) as an employee benefit. All employees have access to EAP whether or not they obtain other benefits through the university. Information about the program is available at all times through the Benefit Central site at <https://compass.empyreanbenefits.com/UOPX>. This service provides referral services and treatment sessions as needed. UOPX also provides a

mental wellness benefit, Ginger, for employees and their dependents age 18 and older. Ginger is an emotional support app that provides emotional support at the right time, including confidential coaching via text-based chats, self-guided activities, and video-based therapy and psychiatry—all from the privacy of a smartphone. Ginger coaches are available 24/7 and work as a team to ensure personalized care when it's needed.

- **Student Financial Aid** – Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator can assist in facilitating this conversation if desired. Additional information on student financial aid is available at <http://www.finaid.org/> and <http://www.fastweb.com/financial-aid>.

Accommodations and Supportive/Protective Measures

The University provides information in writing about options for, and available assistance in, changing academic situations, living situations, transportation situations, working situations, and other supportive/protective measures. If accommodations or supportive/protective measures are requested, and they are reasonably available, the University will provide them, regardless of whether a report is made to campus security or local law enforcement.

Requests for supportive/protective measures should be made to the Title IX Coordinator at TIXC@phoenix.edu or (602) 557-1823 and the Title IX Coordinator is responsible for deciding what, if any, supportive/protective measures will be implemented.

The University will maintain as private and/or confidential any accommodations or supportive/protective measures provided to the extent that maintaining such privacy and/or confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed in order to implement the accommodation or protection. For instance, resolution proceedings are private, and all persons present at any time during the resolution process are expected to maintain the privacy of the proceedings in accordance with University policy. While there is an expectation of privacy, the parties involved have discretion to share their own knowledge and evidence with others if they so choose. University decisions to disclose certain information will be made in light of the circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protection is provided. In the event a disclosure is necessary, the University will inform the relevant party of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared, and why.

Disciplinary Proceedings

Allegations of domestic violence, dating violence, sexual assault, or stalking are subject to the [University's Equal Opportunity, Harassment, and Nondiscrimination Policy](#) and procedures. Students, faculty, and staff are subject to this policy.

When appropriate, or upon receipt of a formal complaint, the Title IX Coordinator will initiate a prompt, fair, and impartial process, commencing with an investigation, which may lead to the imposition of sanctions for a Respondent based upon a preponderance of evidence.

All parties are entitled to a process which:

- Is prompt, fair, and impartial from the initial report to the final outcome, including being:
 - Completed within reasonably prompt timeframes, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser (i.e., the Complainant) and the accused (i.e., the Respondent) of the delay and the reason for the delay;
 - Given timely notice of meetings at which the parties may be present;
 - Given timely provision to the parties of equal access to any information that will be used during disciplinary hearings; and is
 - Conducted by officials who do not have a conflict of interest or bias for or against any of the parties.
- Is conducted by personnel who, at minimum, receive annual training on:
 - Issues related to dating violence, domestic violence, sexual assault, and stalking; and

- How to conduct an investigation and hearing process that protects the safety of the parties and promotes accountability
- Allows all parties the same opportunities to have others present during any disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice
- Provides for simultaneous written notification to all parties of:
 - The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking;
 - The institution's procedures for the parties to appeal the result of the institutional disciplinary proceeding;
 - Any change to the result; and
 - When such results become final
- Prohibits retaliation

The complaint resolution procedures are invoked once a report is made to the Title IX Coordinator, Bridget Beville, at (602) 557-1823 or TIXC@phoenix.edu. To file a report online, an electronic form is available at https://www.phoenix.edu/about_us/title-ix.html.

Once a formal complaint of alleged domestic violence, dating violence, sexual assault, or stalking is made, the Title IX Coordinator will promptly provide written notice (i.e., a Notice of Allegations), as soon as practicable, to the parties, including a description of the process to be utilized, the identities of the involved parties (if known), the precise misconduct being alleged, the date and location of the alleged incident(s) (if known), the specific policies implicated, a description of the applicable procedures, a statement that the University presumes the Respondent is not responsible for the reported misconduct unless and until the evidence supports a different determination, a statement that determinations of responsibility are made at the conclusion of the process and that the parties will be given an opportunity to inspect and review all directly related and/or relevant evidence obtained during the review and comment period, and a statement that the parties may have an advisor of their choice (who may be, but is not required to be, an attorney).

During the investigation, both the complainant and respondent have an equal opportunity to describe the situation and present witnesses, including both fact and expert witnesses, and other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Prior to the conclusion of the investigation, both parties will be provided an opportunity to review the evidence gathered during the investigation that is directly related to the allegations raised in the formal complaint.

Upon completion of the investigation, both parties will be given a copy of an investigation report and a live hearing will be conducted to make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. During the hearing, each party's advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions including those bearing on credibility. The decision maker(s) will issue a written determination of responsibility, a statement of any disciplinary sanctions and whether any remedies will be provided to the complainant, and a description of the procedures and permissible grounds for appeal. The parties will be notified simultaneously of this determination in writing within three (3) days of it being made. The institution strives to complete investigations of this nature within ninety (90) calendar days.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the Title IX Coordinator within ten (10) days of the delivery of the Notice of Outcome. The non-appealing party will be notified of the appeal and permitted to submit a written statement in response. A three-member Appeal Panel will resolve the appeal within three (3) business days of receiving all relevant documentation. All decisions are by majority vote and apply the preponderance of the evidence standard.

Rights of the Parties in an Institutional Proceeding

During the course of the process described in the previous section, both the Complainant and the Respondent accused of the policy violation are entitled to:

1. A prompt, fair, and impartial process from the initial investigation to the final outcome.
 - A prompt, fair, and impartial process is one that is:
 - Completed within reasonably prompt timeframes designated by the institution's University's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:
 - Is consistent with the institution's University's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused, and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
 - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process impartially and without bias.
 - Such training addresses topics such as the definition of sexual harassment; the scope of the University's education programs and activities; how to conduct investigations, hearings, and appeals and informal resolutions (as applicable); relevant evidence and how it should be used during a proceeding; proper techniques for questioning witnesses; basic procedural rules for conducting a proceeding; and avoiding actual and perceived conflicts of interest. relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. As mandated by Title IX, all training completed by Title IX Coordinators, Investigators, Decision-makers, Advisors, and the Appeal Panel is posted at https://www.phoenix.edu/about_us/title-ix.html.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.
5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this

purpose, “result” means “any initial, interim, and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Supportive/Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses

Following a final determination in the institution’s disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. In addition, the University can make available a range of supportive/protective measures to the parties involved. The University may offer as appropriate to either or both the complainant(s) and respondent(s) involved after notice of alleged violation of the Equal Opportunity, Harassment, and Nondiscrimination Policy interim and supportive/protective measures which may include, but are not limited to, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, security escorts, mutual restrictions on contact between the parties

involved, changes in work location, leaves of absence, increased security and monitoring of certain areas, counseling referrals, and other similar measures.

Publicly Available Recordkeeping

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

The University will protect the confidentiality of victims as compiled statistics will not disclose personally identifying information. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the identities of the parties, if known, to the Title IX Coordinator. Victims or witnesses can report crimes of dating violence, domestic violence, sexual assault, and stalking on a voluntary and confidential basis by contacting the Ethics Helpline at (888) 310-9569 or <http://www.UOPXhelpline.com>.

Victims to Receive Written Notification of Rights

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of their rights and options as described in the paragraphs above.

Sex Offender Registration Program

The *Campus Sex Crimes Prevention Act of 2000* requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives.

Anyone interested in determining whether such persons are on this campus may do so by contacting the Texas Department of Public Safety at (855) 481-7070.

State registry of sex offender information may be accessed at the following link:
<https://records.txdps.state.tx.us/SexOffenderRegistry>.

Statistics for Unfounded Crimes Provided by Law Enforcement Agencies

Included in this section are the total number of crime reports for all Clery-reportable crimes that were "unfounded" and subsequently withheld from the University's crime statistics during each of the three most recent calendar years. The University may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded." Only sworn or commissioned law enforcement personnel may "unfound" a crime report.
