

University of Phoenix | **Prior Learning Pre-Evaluated List**

Credit awarded based on the recommendations in this guide will appear on the student's transcript using the course code PEL/299 or PEL/399.

Credit recommendations listed are a recommendation, not a guarantee. Application of credits to a student's program may vary as a result of program requirements, credit deficiencies, and/or the current policies of Prior Learning Assessment or the University of Phoenix and its subsidiaries.

Appropriate documentation must be provided and received while within the evaluation process to be eligible to receive the credits recommended. Please see the PLA website or the specific training provider to determine the documentation requirements.

Only coursework submitted from the indicated training provider will be eligible to receive the credit recommendations below. All others will require official proof of completion and official proof of hours and will be subject to evaluation per PLA policy.

No pre-licensure or pre-certification coursework will be accepted unless otherwise indicated under a specific training provider/section of the guide.

Continuing Education coursework may be submitted for additional credit unless otherwise indicated under a specific training provider/section of the guide. Official proof of completion, proof of hours, and proof of modality will be required.

PLA credit can be used to waive out of core or required coursework in some programs. A valid copy of a waiver request must be submitted. Certificate must be within 10 years of current enrollment agreement sign date for most programs. Some programs have additional requirements. Please contact your academic counselor for program specifics and limitations.

Duplication - when this word is used, it means that an item on the pre-evaluated list duplicates the content of another course or item. PLA will not award credit for certifications or coursework that duplicates the content of credits earned through PLA, transfer credit, **or University of Phoenix coursework**. As such, if duplication occurs, the credit award will be reduced.

Advancing Productivity, Innovation, and Competitive Success: The Association for Operations Management (APICS)

Formerly known as: American Production and Inventory Control Society.

Credit listed for CIRM, CPIM, & CSCP is taken from National College Credit Recommendation Service (CCRS) (formerly known as National PONSI).

The recommendations below are for successful completion of the full certification. A valid copy of the certificate must be submitted to earn the credit recommended.

Credit may be awarded for individual exams. All credit recommendations for individual exams are listed on the National CCRS.

Credit will be awarded for the entire certificate or the individual exams leading up to the certificate, not both. Total credit awarded will not exceed the recommendation for the full certification

BSM v. 003 students can use the following APICS certifications to fulfill the Upper Division Business/Management Elective category. The certification must have been completed within 10 years of the Enrollment Agreement sign date to be eligible to fulfill the UDBUSELEC category. If the credit award(s) for the certificate exceeds the 15.0 credit maximum, the remaining credits can be applied to deficiencies in the Interdisciplinary/Elective categories.

Credit awards for certificates completed prior to the years indicated may be listed on the National CCRS.

NON-COLLEGE SPECIFIC LICENSES

Aviation

An official copy of the certificate must be provided to receive credit.

PLA will not award credit for certifications or coursework that duplicates the content of credits earned through PLA, transfer credit, or University of Phoenix.

Federal Aviation Administration (FAA)

No credit will be awarded without a valid copy of the appropriate license.

A color scan of both the front and back view of the license is required in order to validate all necessary information.

Per FAA requirements pilots are required to surrender a previous license when a new class or rating is obtained. As a result PLA will allow for Commercial Pilots to receive credit for the Private Pilot license as this is a prerequisite for earning the Commercial Pilot License. An Airline Transport License will also

allow for the award of both the Private Pilot License and the Commercial Pilot License.

Additional credit will be awarded for each rating listed on the back of the license. PLA will only award for the ratings designated. No additional credit will be assumed. Proof of previously held ratings would be required for credit.

Instructor Licenses can be earned individually. PLA will only award for the instructor designation and any subsequent ratings on the license. No additional credit will be assumed. Proof of previously held instructor license would be required for credit.

Credit awarded for the Basic, Turboprop, and Turbojet ratings for the Flight Engineer should not exceed 21.0 LD S/T total.

Credit awarded for the Senior and Master ratings for the Parachute Rigger License should not exceed 12.0 LD S/T total.

Credit for the Airframe & Power plant ratings for the Mechanic License should not exceed 30.0 LD S/T total.

Any ratings with limitations will not receive credit.

Real Estate Licenses

Additional credit can be earned with the submission of pre-licensure coursework for all real estate licenses. Official and verifiable proof of completion, proof of hours, and proof of modality for all pre-licensure coursework is required to award credit.

Additional credit can be earned with the submission of all real estate continuing education coursework. Official and verifiable proof of completion, proof of hours, and proof of modality for all continuing education coursework is required to award credit.

Licenses identified as non-transferable are not eligible for credit. Per state requirements all necessary elements to license completion have not been earned and license is only temporary until all elements are completed to earn full license designation.

Oklahoma - A Provisional Sales Associate is a sales associate who has only completed half the required coursework for licensure. If a Provisional Sales Associate is submitted a total of 1.0 LD credits may be earned however a total of 2.0 LD credits will be earned for both the Provisional Sales Associate and Sales Associate licenses.

South Carolina - A Provisional Salesman is a salesman who has only completed half the required coursework for licensure. If a Provisional Salesman is submitted a total of 1.0 LD credits may be earned however a total of 2.0 LD credits will be earned for both the Provisional Salesman and Salesman licenses.

Illinois - Prior to 5/1/2011 Illinois awarded Salesperson, Associate Broker & Broker licenses. If a license is submitted that was earned prior to this date, the general credit award for these licenses will be used to award credit.

Credit can be awarded once for all real estate license types: Salesperson, Associate Broker, and Broker (or corresponding type under state specific title). The only exception is the Colorado Independent Broker and Employing Broker. These are both broker licenses however they require additional coursework and experience. As a result, credit will be granted for both if submitted.

Additional endorsements can be earned for the CWI and SCWI. Official and verifiable proof of completion must be provided for each endorsement to receive credit.

All Codebook endorsements are exams. Credit will be provided with official proof of successful completion of the exam.

The CWI and CWE are obtained through the same examination. CWI certifications requires completion of the Codebook portion of the exam. A joint exam may be taken or the exams may be taken individually.

The CWE requires completion of the Certified Welder before certification can be obtained. The credit award for the CWE reflects the combination of the CWE and the Certified Welder. If credit was awarded for Certified Welder in a previous submission, the credit award will be reduced.

Successful completion of the CAWI, CWI, or CWE must have occurred post high-school in order to be eligible to receive credit. If date of completion is prior to high-school graduation or completion of GED, no credit will be awarded.

State Cosmetology Licenses

A valid copy of the state license must be provided to earn the credit recommended.

The below credit recommendations are only for students who have successfully met all state requirements and earned a state license. Students who have completed coursework but not earned a license will need to submit any coursework for an in house evaluation with official and verifiable proof of completion, a breakdown of hours, and modality for each course.

No credit can be earned with the submission of pre-licensure coursework. All pre-licensure training is assumed in the credit recommendation.

Additional credit can be earned with the submission of all continuing education coursework. Official and verifiable proof of completion, proof of hours, and proof of modality for all continuing education coursework is required to award credit.

All instructor licenses require an initial license in order for the instructor license to be issued. Any duplication between the licenses was removed prior to credit being recommended. Students may earn credit for both the initial license and the instructor license in each area.

Different titles may appear in different states for the Cosmetology, Esthetician, and Nail Technician licenses. PLA will need to verify that the content is the same in order for credit to be awarded.

Credit can be earned for both the Maryland Cosmetologist License and the Senior Cosmetologist License. There are different experience, exam, and classroom requirements.

The Travel Institute

Formerly known as: Institute of Certified Travel Agents (ICTA).

The below credit recommendation was taken from an inactive ACE Guide.

The Travel Institute was previously evaluated by ACE. The relationship between ACE and The Travel Institute is now inactive. It may be possible to obtain an ACE transcript for coursework completed with this organization. If you would like to try to obtain an ACE transcript to be transferred through the Office of Admissions & Records please select the following link: http://www2.acenet.edu/credit/?page=transcripts_faq If an ACE transcript cannot be obtained the coursework can be evaluated by PLA.

If you do not wish to obtain an ACE transcript you will be required to complete a waiver. Please contact PLA customer service at plac@phoenix.edu for a copy of the waiver.

Completion of the entire program with an earned CTC designation is required for recommended credit to be awarded.

All IS&T Certifications being used to waive credit must be within the listed expiration date to be accepted for credit. If no expiration date is listed, the certification will be considered acceptable if submitted within 3 years of completion.

There are various proctors for the ITIL. As long as the certificate shows the ITIL trademark and the APM Group and ITIL logo it can receive the following credit recommendation.

Credit recommendations for ITIL - Intermediate is granted for each individual module completed. Proof of completion of modules must be provided to earn the credit recommended.

The ITIL - Expert is earned by completing a minimum of 6 modules from the ITIL - Intermediate. Some individuals may complete additional modules. As a result credit for the ITIL - Expert will only be awarded for the Managing Across the Lifecycle Module. All other credit will be awarded with proof of completion of the individual modules.

The ITIL - Master is earned by completing all certificates prior and additional experience requirements. As a result it duplicates all previous certificates and is non-transferable per faculty recommendation.

Duplication occurs between some APM certifications and courses in the core of some UPX programs. If the certification has been completed within three years, it may be eligible to be submitted to the Office of Admissions & Records & Records for exemption. Please contact your academic counselor for more information on submitting an exemption waiver.

Duplication occurs between the ITIL - Foundation certification and the following course(s): CIS/294

CIW

All IS&T Certifications being used to waive credit must be within the listed expiration date to be accepted for credit. If no expiration date is listed, the certification will be considered acceptable if submitted within 3 years of completion.

Several CIW certifications have been retired. Credit can still be earned after exam retirement with submission of official certificate.

The CIW Grand Master Developer is earned by completing a total of 12 certifications including third party certifications. Due to the nature of the certification process credit will be given for each individual certificate. Official proof of completion of the individual certifications must be provided to earn credit.

The CIW Professional designation can be earned in multiple areas. This is earned by completing the Associate designation and completing an additional exam. Due to the nature of the certification process credit will be given for the individual certifications earned. Official proof of completion of the individual certifications must be provided to earn credit.

The CIW Master Certified Internet Webmaster is retired. This designation is earned by completing the CIW Web Foundations Associate, the CIW Web Design Specialist, and the CIW E-Commerce Specialist. Credit award for all four certifications will not exceed 18.0 LD Science/Technology credits total.

Several nationally recognized and industry accepted certifications may be used to waive certain IS&T degree courses or may be used to fulfill deficient general education or elective credits. Students must submit a valid copy of the certificate and the appropriate waiver form. Please contact your academic counselor for assistance with the process.

Microsoft Corporation Computer Training (Microsoft)

All IS&T Certifications being used to waive credit must be within the listed expiration date to be accepted for credit. If no expiration date is listed, the certification will be considered acceptable if submitted within 3 years of completion.

PLA evaluates and awards credit for standard Microsoft courses and exams. An official Microsoft transcript is required to earn the credit recommendations. To obtain transcript please use the following link:

<https://mcp.microsoft.com/authenticate/login.aspx?ReturnUrl=https://mcp.microsoft.com/mcp/default.aspx>

Certain versions/years of the below certifications/exams are evaluated by the American Council on Education (ACE). An ACE transcript that will be transferred through the Office of Admissions & Records must be obtained to evaluate those items. Please select the following link:

http://www2.acenet.edu/credit/?page=transcripts_faq If you do not wish to obtain an ACE transcript an ACE waiver must be completed and submitted for items to be evaluated by PLA. Please contact PLA customer service with questions about ACE transcripts or waivers.

The following credit recommendations are valid for exams/coursework completed with Microsoft only. Microsoft coursework completed at a third party training provider will require official and verifiable proof of completion, proof of hours, and proof of modality to earn credit.

Duplication may occur between exams. The credit award for the exam will be reduced if duplication is found.

Exam 70-417 duplicates 70-410, 70-411, and 70-412. Students can earn credit for all three exams 70-410, 70-411, and 70-412 or a total of 3 credits from 70-417.

Coursework taken to prepare for the certification/exam is considered duplication. If coursework taken in preparation for the certification/exam was awarded via transfer credit or through a previous PLA submission the total credit award will be reduced due to duplication.

Several nationally recognized and industry accepted certifications may be used to waive certain IS&T degree courses or may be used to fulfill deficient general education or elective credits. Students must submit a valid copy of the certificate and the appropriate waiver form. Please contact your academic counselor for assistance with the process.
