

# University of Phoenix Pre-Evaluated Prior Learning List

- Credit awarded based on the recommendations in this guide will appear on the student's transcript using the course code PEL/299 or PEL/399.
- Credit recommendations listed are a recommendation, not a guarantee. Application of credits to a student's program may vary as a result of program requirements, credit deficiencies, and/or the current policies of Prior Learning Assessment or the University of Phoenix and its subsidiaries.
- Appropriate documentation must be provided and received while within the evaluation process to be eligible to receive the credits recommended. Please see the PLA website or the specific training provider to determine the documentation requirements.
- Only coursework submitted from the indicated training provider will be eligible to receive the credit recommendations below. All others will require official proof of completion and official proof of hours and will be subject to evaluation per PLA policy.
- No pre-licensure or pre-certification coursework will be accepted unless otherwise indicated under a specific training provider/section of the guide.
- Credit recommendation is the number of actual college credits that the item is eligible for. LD represents lower division and UD represents upper division.
- Updated 11-20-20
- Continuing Education coursework may be submitted for additional credit unless otherwise indicated under a specific training provider/section of the guide. Official proof of completion, proof of hours, and proof of modality will be required.
- If your course/training/license is not listed, it may still be eligible for credit. You may submit it and have an in-house evaluation done to determine if it is eligible for credit. You would simply submit it via our online application.
- PLA credit can be used to waive out of core or required coursework in some programs. A valid copy of a waiver request must be submitted. Certificate must be within 10 years of current enrollment agreement sign date for most programs. Some programs have additional requirements. Please contact your academic counselor for program specifics and limitations.
- Duplication - when this word is used, it means that an item on the pre-evaluated list duplicates the content of another course or item. PLA will not award credit for certifications or coursework that duplicates the content of credits earned through PLA, transfer credit, or University of Phoenix coursework. As such, if duplication occurs, the credit award will be reduced.
- For a quick search use CTRL+F and type what you are searching for: name, title, company, or certificate.
- General education category is the area in the student's UOPX program that the credit may be applied if awarded.

## Advancing Productivity, Innovation, and Competitive Success: The Association for Operations Management (APICS)

Formerly known as American Production and Inventory Control Society.

Credit listed for CIRM, CPIM, & CSCP is taken from National College Credit Recommendation Service (CCRS) (formerly known as National PONSJ).

The recommendations below are for successful completion of the full certification. A valid copy of the certificate must be submitted to earn the credit recommended.

Credit may be awarded for individual exams. All credit recommendations for individual exams are listed on the National CCRS.

Credit will be awarded for the entire certificate or the individual exams leading up to the certificate, not both. Total credit awarded will not exceed the recommendation for the full certification.

BSM v. 003 students can use the following APICS certifications to fulfill the Upper Division Business/Management Elective category. The certification must have been completed within 10 years of the Enrollment Agreement sign date to be eligible to fulfill the UDBUSELEC category. If the credit award(s) for the certificate exceeds the 15.0 credit maximum, the remaining credits can be applied to deficiencies in the Interdisciplinary/Elective categories.

Credit awards for certificates completed prior to the years indicated may be listed on the National CCRS.

## American Hotel and Lodging Educational Institute (AHLEI)

Credit recommendation below is for the certificate only. Additional credit can be earned by submitting pre-certification coursework completed with the Educational Institute. An official transcript from the Educational Institute will be required for credit to be awarded.

To earn credit for the certifications below an official copy of the certificate from AHLEI must be submitted.

Certain certificates and courses from AHLEI are evaluated by the American Council on Education (ACE). An ACE transcript that will be transferred through the Office of Admissions & Records must be obtained to evaluate those items.

If you do not wish to obtain an ACE transcript an ACE waiver must be completed and submitted for items to be evaluated by PLA. Please contact PLA customer service with questions about ACE transcripts or waivers.

AHLEI has a corporate partnership with the University of Phoenix. AHLEI coursework has been pre-evaluated on a Corporate Credit Recommendation Guide (CRG).

The Certified Hotel Administrator (CHA) is evaluated by ACE. An ACE transcript must be obtained.

No credit will be awarded for certifications that are deemed non-transferable. PLA faculty has determined these courses lack the academic content required to award credit.

The Certified Front Desk Supervisor (CFDS) is earned concurrently with high school enrollment. PLA only awards credit for post-secondary coursework.

The Certified Hotel Educator (CHE) and the Certified Hotel Instructor (CHI) both require a bachelor's degree or international equivalent as a prerequisite. As a result, no credit will be earned for these certifications through PLA.

The Certified Engineering Operations Executive (CEOE) has been replaced by the Certified Hospitality Facilities Executive (CHFE). Credit will be awarded for one or the other, not both.

To earn credit for coursework listed on the CRG, the student must obtain and submit an official transcript from the Educational Institute. To obtain an official transcript, please contact the Educational Institute for more information.

### American Registry for Diagnostic Medical Sonography (ARDMS)

Credit for the Sonography Principles and Instrumentation (SPI) examinations duplicates Sonography or portions of Radiologic Technology programs completed at other institutions. If credit has already been received through the Office of Admissions & Records for this type of program no additional credit can be earned for submission of these certifications.

Additional credit may be earned for submission of specialty certifications. A valid copy of the certification is required.

These certifications and specialties duplicate some of the Post Primary certifications for ARRT. Credit will only be awarded for ARRT or ARDMS for sonography training, not both.

A total of 8.0 credits can be earned for the submission of all four of the SPI examination certifications.

Additional endorsements can be earned for the CWI and SCWI. Official and verifiable proof of completion must be provided for each endorsement to receive credit.

All Codebook endorsements are exams. Credit will be provided with official proof of successful completion of the exam.

The CWI and CWE are obtained through the same examination. CWI certifications require completion of the Codebook portion of the exam. A joint exam may be taken, or the exams may be taken individually.

The CWE requires completion of the Certified Welder before certification can be obtained. The credit award for the CWE reflects the combination of the CWE and the Certified Welder. If credit was awarded for Certified Welder in a previous submission, the credit award will be reduced.

Successful completion of the CAWI, CWI, or CWE must have occurred post high school in order to be eligible to receive credit. If date of completion is prior to high-school graduation or completion of GED, no credit will be awarded.

## APM Group

All IS&T Certifications being used to waive credit must be within the listed expiration date to be accepted for credit. If no expiration date is listed, the certification will be considered acceptable if submitted within 3 years of completion.

There are various proctors for the ITIL. If the certificate shows the ITIL trademark and the APM Group and ITIL logo it can receive the following credit recommendation.

Credit recommendations for ITIL - Intermediate is granted for each individual module completed. Proof of completion of modules must be provided to earn the credit recommended.

The ITIL - Expert is earned by completing a minimum of 6 modules from the ITIL - Intermediate. Some individuals may complete additional modules.

As a result, credit for the ITIL - Expert will only be awarded for the Managing Across the Lifecycle Module. All other credit will be awarded with proof of completion of the individual modules.

The ITIL - Master is earned by completing all certificates prior and additional experience requirements. As a result, it duplicates all previous certificates and is non-transferable per faculty recommendation.

Duplication occurs between some APM certifications and courses in the core of some UPX programs. If the certification has been completed within three years, it may be eligible to be submitted to the Office of Admissions & Records & Records for exemption. Please contact your academic counselor for more information on submitting an exemption waiver.

Duplication occurs between the ITIL - Foundation certification and the following course(s): CIS/294

## Federal Aviation Administration (FAA)

Per FAA requirements pilots are required to surrender a previous license when a new class or rating is obtained. As a result, PLA will allow for Commercial Pilots to receive credit for the Private Pilot license as this is a prerequisite for earning the Commercial Pilot License. An Airline Transport License will also allow for the award of both the Private Pilot License and the Commercial Pilot License.

Additional credit will be awarded for each rating listed on the back of the license. PLA will only award for the ratings designated. No additional credit will be assumed. Proof of previously held ratings would be required for credit. Instructor Licenses can be earned individually. PLA will only award for the instructor designation and any subsequent ratings on the license. No additional credit will be assumed. Proof of previously held instructor license would be required for credit.

No credit will be awarded without a valid copy of the appropriate license. A color scan of both the front and back view of the license is required in order to validate all necessary information.

Credit awarded for the Basic, Turboprop, and Turbojet ratings for the Flight Engineer should not exceed 21.0 LD S/T total.

Credit awarded for the Senior and Master ratings for the Parachute Rigger License should not exceed 12.0 LD S/T total.

Credit for the Airframe & Power plant ratings for the Mechanic License should not exceed 30.0 LD S/T total.

Any ratings with limitations will not receive credit.

No credit will be awarded for certifications that are deemed non-transferable. PLA faculty has determined these courses lack the academic content required to award credit.

The Technician Plus Operator Class has been discontinued and is no longer being awarded however previously awarded licenses are still valid. Individuals holding a Technician Plus Operator Class for the Amateur License will be eligible for the credit recommendation for the Technician Operator Class.

The Amateur Radio Licenses are cumulative. Each level cannot be earned without completion of the previous level. If a General Amateur Radio License is submitted credit will be granted for both the Technician and General license. If an Amateur Extra Class license is submitted credit can be granted for all three levels.

The Radio Operator's Certificate is cumulative. Each Class cannot be earned without completion of the previous level. If a Radiotelegraph Operator's Certificate - Second Class is submitted credit will be granted for both the Third Class and Second Class. If a Radiotelegraph Operator's Certificate - First Class is submitted credit can be granted for all three levels.

Endorsements are awarded above and beyond the initial license. Any applicable endorsements will be identified in the Special Conditions/Endorsements section of the license. Credit will be awarded per the recommendation for any appropriate endorsements.

Formerly known as: Personnel Accreditation Institute (PAI); American Society for Personnel Administration; Society for Human Resource Management

Students wishing to waive coursework in the core of a program must submit a valid waiver and a valid copy of the certificate completed within 10 years of the current enrollment agreement sign date. Please see your academic counselor for assistance.

Additional credit can be earned with the submission of continuing education coursework. Official and verifiable proof of completion, proof of hours, and proof of modality for all continuing education coursework is required to award credit.

Duplication may occur with the submission of this certification and UPX coursework. PLA reserves the right to further reduce the credit award based on this duplication. The reduction will occur at the time of evaluation.

The PHR and SPHR are now RCOS waiver items. Contact your academic advisor about how to submit them.

No credit can be earned with the submission of pre-certification coursework. All pre-certification coursework is assumed in the credit recommendation listed and would cause duplication.

## Institute for Supply Management (ISM)

Formerly known as: National Association of Purchasing Management  
Credit recommendation listed is taken from National College Credit Recommendation Service (CCRS) (formerly known as National PONS).

Credit awards for certificates completed prior to the years indicated may be listed on the National CCRS. To earn the recommendation for the Certified Purchasing Manager (CPM) proof of completion of all four exam modules must be submitted.

BSM v. 003 students can use the ISM certifications to fulfill the Upper Division Business/Management Elective category. Certification must be completed within 10 years of the Enrollment Agreement sign date to be eligible to fulfill the UDBUSELEC category. If the credit award for the certificate exceeds the 15.0 credit maximum, the remaining credits can be applied to deficiencies in the Interdisciplinary/Elective categories.

Credit awarded for Accredited Purchasing Practitioner (APP) exam duplicates credit for CPM exam. If both exams are submitted, credit award for CPM will be reduced by 4.0 UD credits to account for duplication.

The Certified Professional in Supply Management (CPSM) Bridge exam content duplicates the Certified Professional in Supply Management (CPSM) certification, students can earn credit for one or the other.

## Microsoft

PLA evaluates and awards credit for standard Microsoft courses and exams. An official Microsoft transcript is required to earn the credit recommendations. To obtain transcript please use the following link: <https://mcp.microsoft.com/authenticate/login.aspx> Return url=<https://mcp.microsoft.com/mcp/default.aspx>

The following credit recommendations are valid for exams/coursework completed with Microsoft only. Microsoft coursework completed at a third-party training provider will require official and verifiable proof of completion, proof of hours, and proof of modality to earn credit.

Duplication may occur between exams. The credit award for the exam will be reduced if duplication is found.

Coursework taken to prepare for the certification/exam is considered duplication. If coursework taken in preparation for the certification/exam was awarded via transfer credit or through a previous PLA submission the total credit award will be reduced due to duplication.

Several nationally recognized and industry accepted certifications may be used to waive certain IS&T degree courses or may be used to fulfill deficient general education or elective credits. Students must submit a valid copy of the certificate and the appropriate waiver form. Please contact your academic counselor for assistance with the process.

## State Cosmetology Licenses

The below credit recommendations are only for students who have successfully met all state requirements and earned a state license. Students who have completed coursework but not earned a license will need to submit any coursework for an in-house evaluation with official and verifiable proof of completion, a breakdown of hours, and modality for each course.

No credit can be earned with the submission of pre-licensure coursework. All pre-licensure training is assumed in the credit recommendation.

Additional credit can be earned with the submission of all continuing education coursework. Official and verifiable proof of completion, proof of hours, and proof of modality for all continuing education coursework is required to award credit.

All instructor licenses require an initial license for the instructor license to be issued. Any duplication between the licenses was removed prior to credit being recommended. Students may earn credit for both the initial license and the instructor license in each area.

Different titles may appear in different states for the Cosmetology, Esthetician, and Nail Technician licenses. PLA will need to verify that the content is the same for credit to be awarded.

Credit can be earned for both the Maryland Cosmetologist License and the Senior Cosmetologist License. There are different experience, exam, and classroom requirements.

A valid copy of the state license must be provided to earn the credit recommended.
