"As we move to meet the educational needs of working adults in a mobile society, our conception of the university must extend beyond place and embrace process. An adult university cannot be campus bound, rather its borders must be defined by the lives of its students."

Dr. John G. Sperling
Founder
Information contained in this catalog is subject to change at the discretion of the University of Phoenix without prior notification. Unless specifically stated otherwise in a particular Catalog policy, in the event of any inconsistency or conflict between the information contained in this catalog and any other material, the information contained in the catalog shall take precedence.

The University of Phoenix is not responsible for information or claims made by individuals not affiliated with the University that is contrary to University of Phoenix published material.

California Campuses

The University has no pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, and has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.).

Housing Information: The University of Phoenix does not offer any form of student housing at its locations. The University has no dormitory facilities under its control; specific housing cost information for the below four metropolitan areas covered by the Bay Area Main Campus is available via the U.S. Housing and Urban Development (HUD) department’s Fair Market Rents (FMR) program. As per the site, the following four metropolitan areas show the estimated range for housing expenses for a one bedroom to a four bedroom home as follows:

<table>
<thead>
<tr>
<th>Metropolitan Area Name</th>
<th>Range: One Bedroom - Four Bedroom</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oakland - Fremont, CA</td>
<td>$1,693 - 3,558</td>
</tr>
<tr>
<td>San Francisco, CA</td>
<td>$2,255 - 3,912</td>
</tr>
<tr>
<td>San Jose - Sunnyvale - Santa Clara, CA</td>
<td>$2,212 - 4,198</td>
</tr>
</tbody>
</table>

University of Phoenix does not have any formal program or responsibility to find or assist students in finding housing.

As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at PO Box 980818, W. Sacramento, CA 95798-0818, http://www.bppe.ca.gov/, telephone (916) 431-6959, (888) 370-7589

Catalogs are provided upon request and are also available in printable electronic format on phoenix.edu
Annual Security Report Notice

The University of Phoenix annual security report includes statistics for the previous three years concerning reported Clery Act crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes information on the sex offender registry, institutional policies and programs concerning alcohol and other drugs, crime prevention measures, the reporting of crimes, sexual assault, domestic violence, dating violence, stalking and other related matters. The annual security report is available at https://www.phoenix.edu/content/dam/allcloud/doc/about_uopx/Annual-Security-Report.pdf. If you’d like a paper copy of the report, please contact a Campus Safety Coordinator to request one.
ADDENDUM - SUMMARY OF POLICY UPDATES ADDED TO THE CATALOG ON JUNE 1, 2019

GENERAL POLICY UPDATES

- The Consumer Information section was updated. (see CONSUMER INFORMATION)
- The Facilities section was updated. (see FACILITIES)
- The University Administration section was updated. (see UNIVERSITY ADMINISTRATION)
- The University Withdrawal Procedure was added. (see UNIVERSITY POLICIES)
- The Tuition and Fees were updated. (see TUITION AND FEES)
- The Academic Advisement section was updated. (see ACADEMIC POLICIES)
- The Grade Reports and Transcripts section was updated. (see ACADEMIC POLICIES)
- The Alumni Services section was updated. (see ALUMNI ASSOCIATION)
- The Reverse Transfer Agreements section was updated. (see UNIVERSITY POLICIES)
- The Annual Security Report Notice was updated. (see COVER AND PREFACE)
- The Students’ Rights and Responsibilities section was updated. (see STUDENTS’ RIGHTS AND RESPONSIBILITIES)
- The Regional Accreditation section was updated. (see UNIVERSITY OF PHOENIX)
- The University Library and Current Resources of the University Library sections were updated. (see UNIVERSITY OF PHOENIX)
- The Technology Recommendations for School of Advanced Studies was updated. (see THE UNIVERSITY’S TEACHING AND LEARNING MODEL)
- Beginnings - A Brief History and Our Purpose sections were updated. (see UNIVERSITY OF PHOENIX)

PROGRAM POLICY UPDATES

- The Undergraduate Admission Requirements section was updated. (see UNDERGRADUATE PROGRAMS)
- The Additional Admission requirements were updated for all undergraduate programs. (see UNDERGRADUATE PROGRAMS - COLLEGE OF HUMANITIES AND SCIENCES, SCHOOL OF BUSINESS, COLLEGE OF EDUCATION, COLLEGE OF HEALTH PROFESSIONS, and COLLEGE OF INFORMATION SYSTEMS AND TECHNOLOGY)
- The program description was updated for the BSED/E. (see UNDERGRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The program description was updated for the MAED/ADM, MAED/TED-E (Arizona), MAED/TED-S (Arizona), and MAED/SPE. (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The college description was updated for the School of Advanced Studies. (see SCHOOL OF ADVANCED STUDIES)

COURSE GUIDE- COURSE DESCRIPTIONS .................................................................................... B-1
Beginnings -- A Brief History

In 1976, the leading edge of the Baby Boom generation was just turning 30. That same year saw the introduction of the first personal computer, the Apple I -- an event that signaled the birth of a new economic system in which intellectual capital would eventually supplant industrial might as the dominant economic force. These milestones marked the beginning of a sea of change in higher education, though many (perhaps even most) within that system did not recognize it at the time.

Considered together, these phenomena suggested that the jobs that would make up the workforce of the future were only just beginning to be created or imagined. In order to fill those jobs, the bulk of the new workforce would require higher-level knowledge and skills than those needed in a manufacturing economy. At the same time, the largest-ever age cohort of the population, adult learners, would be going through the stages of life during which they would be most affected by the coming economic dislocation and would need advanced education to adapt to these changes.

It was in this historical context in 1976 that Dr. John Sperling, a Cambridge-educated economist and professor-turned-entrepreneur, founded University of Phoenix. Sperling anticipated the confluence of technological, economic, and demographic forces that would in a very short time herald the return of ever larger numbers of adult learners to formal higher education.

In the early 1970s, at San Jose State University in San Jose, California, Sperling and several associates conducted field-based research in adult education. The focus of the research was to explore teaching/learning systems for the delivery of educational programs and services to adult learners who wished to complete or further their education in ways that complemented both their experience and current professional responsibilities. At that time colleges and universities were organized primarily around serving the needs of the 18-22 year-old undergraduate student. That is not all that surprising, given that the large majority of those enrolled were residential students of traditional college age, just out of high school. According to Sperling adult learners were invisible on the traditional campus and were treated as second-class citizens.

Other than holding classes at night (and many universities did not even do this), no efforts were made to accommodate their needs. No university offices or bookstores were open at night. Students had to leave work during the day to enroll, register for classes, buy books or consult with their instructors and advisors. Classes were held two or three nights per week and parking was at the periphery of a large campus. The consequence, according to Dr. Sperling, was that most adult learners were unable to finish a four-year program in less than eight years, or a two-year program in less than four years (Tucker, 1996, p. 5).

Sperling’s research convinced him not only that these underserved learners were interested in furthering their educational goals, but also that this group differed from their more traditional counterparts in significant ways. He saw a growing need for institutions that were sensitive to and designed around the learning characteristics and life situations of a different kind of learner population. He suggested ways for institutions to pioneer new approaches to curricular and program design, teaching methods, and student services. These beliefs eventually resulted in the creation of University of Phoenix, and they continue to this day to inspire the University’s mission, purpose, and strategies. As an institution, University of Phoenix provides access to higher education opportunities that enable students to develop knowledge and skills necessary to achieve their professional goals, improve the performance of their organizations, and provide leadership and service to their communities.

Our Mission Statement

University of Phoenix, Inc. is a wholly-owned subsidiary of Apollo Education Group, Inc. ("the Parent"). The Parent’s stock is wholly-owned by AP VIII Queso Holdings, L.P., which is owned by Apollo Global Management, LLC and The Vistria Group, LLC. The University’s central administration is located in Phoenix, Arizona.

Our Purpose

- To facilitate cognitive and affective student learning-knowledge, skills, and values- and to promote use of that knowledge in the student’s workplace.
- To develop competence in communication, critical thinking, collaboration, and information utilization, together with a commitment to lifelong learning for enhancement of students’ opportunities for career success.
- To provide instruction that bridges the gap between theory and practice through faculty members who bring to their classroom not only advanced academic preparation, but also the skills that come from the current practice of their professions.
- To provide General Education and foundational instruction and services that prepare students to engage in a variety of university curricula.
• To use technology to create effective modes and means of instruction that expand access to learning resources and that enhance collaboration and communication for improved student learning.
• To assess student learning and use assessment data to improve the teaching/learning system, curriculum, instruction, learning resources, counseling, and student services.
• To be organized as a private institution in order to foster a spirit of innovation that focuses on providing academic quality, service, excellence, and convenience to the working student.
• To generate the financial resources necessary to support the University’s mission.

Accreditation and Affiliations

Regional Accreditation

University of Phoenix is accredited by The Higher Learning Commission (http://hlcommission.org).

The Higher Learning Commission
230 South LaSalle Street, Suite 7-500, Chicago, Illinois 60604-1411

Program Accreditation

School of Business and Business Programs

The Accreditation Council for Business Schools and Programs (ACBSP) has accredited the following programs in the School of Business:

• Associate of Arts with a concentration in Accounting Fundamentals
• Associate of Arts with a concentration in Business Fundamentals
• Bachelor of Science in Accounting
• Bachelor of Science in Business
• Master of Business Administration
• Master of Management
• Master of Science in Accountancy
• Doctor of Business Administration
• Doctor of Management

For additional information, visit acbsp.org.

Accreditation Council for Business Schools and Programs
11520 West 119th Street
Overland Park, KS 66213

School of Nursing Programs

The Baccalaureate degree program in nursing and Master’s degree program in nursing at University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791

College of Education and Education Programs

The educator preparation programs offered at the Hawaii and Utah Campuses are accredited by the National Council for Accreditation of Teacher Education (NCATE), a specialized accrediting body administered by the Council for the Accreditation of Educator Preparation (CAEP).

The following initial teacher preparation programs are accredited at the Hawaii Campus:

• Bachelor of Science in Education/Elementary Education
• Master of Arts in Education/Elementary Education
• Master of Arts in Education/Secondary Education
• Master of Arts in Education/Special Education

The following initial teacher preparation and advanced preparation programs are accredited at the Utah Campus:

• Bachelor of Science in Education/Elementary Education
• Master of Arts in Education/Elementary Education
• Master of Arts in Education/Secondary Education
• Master of Arts in Education/Special Education
• Master of Arts in Education/Administration and Supervision
• Master of Science in Counseling/School Counseling

For additional information, visit caepnet.org.

Council for the Accreditation of Educator Preparation
1140 19th St NW, Suite 400
Washington, DC 20036

In addition, educator preparation programs have been reviewed and approved by the state education agency in Arizona, California, Hawaii, and Utah. The College of Education offers state-specific initial and/or advanced educator preparation programs in these states. Individual programs vary by state, and not all programs are available at all locations or in both online and on-campus modalities.

College of Humanities and Sciences and Counseling Programs

The Master of Science in Counseling program in Clinical Mental Health Counseling at the Arizona and Utah Campuses are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). For additional information, visit cacrep.org.

Council for Accreditation of Counseling and Related Educational Programs
1001 North Fairfax Street, Suite 510
Alexandria, VA 22314

The University also maintains voluntary memberships with numerous educational organizations, including the American Council on Education, the Association of American Colleges, the American Association for Adult and Continuing Education, the American Association for Higher Education, National Association of Schools of Public Affairs and Administration, the Council for Adult and Experiential Learning, the College and University Personnel Association, the Pacific Association of Collegiate Registrars and Admissions Officers, the American Association of Collegiate Registrars and Admissions Officers, the Independent Colleges and Universities of Arizona, the American Association of Colleges of Nursing, National League for Nursing, the National Board for Certified Counselors, the National Association for Foreign Student Admissions, Association of International Educators, the National Association of Veterans Program Administrators, the Service Members Opportunity College, and Defense Activity for Non–Traditional Support. Additionally, the University maintains memberships in various professional, program specific organizations.

Academic Programs, Facilities and Instructional
Personnel Information

Academic program offerings and instructional facilities vary according to geographic area and delivery mode at the local campus or online modality. Not all programs are available at all locations.

Academic Programs

University of Phoenix offers undergraduate and graduate programs in business and management, information systems and technology, security, criminal justice, nursing and health services administration, social sciences, humanities, and sciences, and education. Detailed information regarding academic programs offered at specific levels, measurable outcomes, and evaluation measures are utilized to create a comprehensive picture as possible of the strengths and potential challenges to student learning. Resulting data is used to evaluate and improve academic programs and enhance the overall academic experience.

For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the students, faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program, and institutional levels. Assessment of student learning is discussed in greater detail in the Undergraduate Programs section of the catalog. Not all programs are offered at all campuses. Specific programs offered are listed later in this catalog.

University Library

The University of Phoenix Approach to Library Services

The University of Phoenix Library uses current information technology to provide relevant and timely information in support of the learning process. The library users are “knowledge workers” and busy working adults who need to develop the ability to access and utilize information from the desktop. The online distribution of scholarly resources provides functional access to the kinds of information our library users will expected to use throughout their academic programs and careers.

The core of our library is an array of electronic resources available to all students and faculty at any time and from virtually any location where an Internet connection is available. In addition to our numerous resource subscriptions, the library facilitates user education, offers document retrieval and interlibrary loan services, and provides research guidance.

The online distribution of information is not only optimally matched to the needs of working professionals, but also allows for equitable sharing of library resources among students and faculty members. University Library users enjoy access to the same broad spectrum of resources regardless of where and how they attend class.

For more information, please see your Library Handbook or contact the University Library at library@phoenix.edu.

What is in the University Library?

Access to eBooks, reference materials, scholarly journals, and periodicals all selected for their relevance to each University of Phoenix degree program are contained in the University Library’s resources. Financial reports on public companies and a variety of directories and other reference publications are also available. In addition, the University Library has a collection of multimedia available, including videos, images, and audio files, on a variety of topics. Many of the resources found in the University Library are academic materials are made available through license agreements with content providers and are not accessible to the general public like web pages found through an Internet search engine.

Getting Started with the University Library

To get started using the University Library, students and faculty members should follow these steps:

- Visit the student and faculty website https://ecampus.phoenix.edu/
- This is the same website used to obtain course modules, grades, and other University of Phoenix resources and services.
- After logging into the student and faculty website, select the Library tab and then the University Library link to enter the University Library.
- Select an appropriate resource and begin research.

Electronic Reserve Readings

In addition to the University Library resources for research by topic, University Library staff members also maintain Electronic Reserve Readings for individual courses. These pages provide links to materials relevant to the course curriculum. Access to Electronic Reserve Readings, when available, are listed on course pages within eCampus.
Additional Resources for Help

- Reference services allow users to receive direct and in-depth reference assistance from accredited librarians.
- Interlibrary loan and documents retrieval services allow users to request a document or book not available in the University Library. Specific timelines and rules apply to this service.
- Resource recommendations by subject can be found by utilizing our Subject Guides on the library homepage.
- The FAQs on the homepage of the University Library contain in-depth answers to "Frequently Asked Questions" received by the library.
- The Library Handbook includes detailed information on the library collection.

How to Contact the University Library

Student Technical Support 1-877-832-4867
Email library@phoenix.edu
International students and faculty can reach Tech Support at 1-602-387-2222. Callers should identify themselves as international students or faculty and give a call back number. Tech Support will call back to minimize phone charges.

Current Resources of the University Library

For a current list of resources in the University Library, please refer to the our Research Database link on the library’s main page.
THE UNIVERSITY’S TEACHING AND LEARNING MODEL

The mission of University of Phoenix is to provide access to higher education opportunities that enable students to develop the knowledge and skills necessary to achieve their professional goals. As a result, the University’s teaching and learning model is grounded in the theoretical and empirical literature of learning and cognitive psychology. The University employs best practice from recent education literature, as well as best service practices that enhance the academic experience for students who are new to higher education. This combination increases student retention and successful degree completion.

Active Learning

The model is based first on the assumption that the learner’s active involvement in the learning process is essential to good practice. Thus, in all modalities University of Phoenix classrooms are intended to be dynamic learning spaces. Instructors are expected to serve as facilitators of learning who manage the learning process by engaging learners in a variety of activities (lectures being but one) that lead students to an understanding of course content and the development of academic and professional competence. By involving students in a variety of learning activities, respect is demonstrated for diverse ways of learning and knowing. Interaction and participation in classes and Learning Teams is expected of those students in the bachelor and master degree programs. Students pursuing an associate degree online (excluding AACR & AAFP) are involved in collaborative learning activities, and a small number of courses may require participation in formal Learning Teams.

Collaboration

The effectiveness of cooperation and collaboration in enhancing learning is well and widely documented. Structures that encourage and facilitate collaboration are central to the University’s teaching and learning model. Working students frequently come to formal education literature, as well as best service practices that enhance the academic experience for students who are new to higher education. This combination increases student retention and successful degree completion.

Emphasis on Application and Relevance

There is wide agreement in the literature that students learn best when bridges are built between new knowledge and the learners’ experience. Practices that encourage reflection and application are based on the recognition that a learner’s experience provides a context through which he or she is more able to construct meaning from new information. It also makes learning relevant to the learners. In University of Phoenix courses, students’ experiences and current circumstances are interwoven with subject matter in class discussions as well as in individual, team and other collaborative assignments. Real-world relevance is critical to basic comprehension as well as to maintaining student interest. Students very often say they are able to apply at work the next day what they learned in class the night before.

University-Wide Learning Goals

The University’s faculty leadership has established five broad learning goals that guide curriculum development, instruction, learning assessment, and program evaluation and improvement. The University Learning Goals are:

1. Professional Competence and Values
2. Critical Thinking and Problem Solving
3. Communication
4. Information Utilization
5. Collaboration

The intent is to help all University graduates attain levels of theoretical and practical disciplinary knowledge appropriate to the levels of degrees or credentials they are earning, while developing competence in essential intellectual and social processes that will enable graduates to practice their professions successfully.

Curriculum

The University’s curriculum is faculty-developed and centrally managed by a team of college staff and instructional designers with objectives and outcomes that are carefully defined. Individual instructors have the responsibility to expand and enhance the basic curriculum by augmenting it with current resources and practices. The curriculum is under continual content and quality review.

Awarding Credit Hours

Credit hours are awarded in accordance with common practice among institutions of higher education. Course content and outcomes are determined by faculty and are delivered in a format informed by adult learning principles and aligned to Carnegie unit guidelines. One Carnegie hour is defined as 50 minutes of faculty directed or student directed activities. Achievement of outcomes related to the awarding of credit hours is measured using standard national benchmarks.

The curriculum at University of Phoenix is faculty-developed and centrally managed. Instructional strategies include the use of synchronous and asynchronous activities inside and outside the online and/or physical classroom and are designed to be outcome focused and engaging. To ensure the appropriate level of curriculum coverage and rigor, students are required to participate in weekly classroom-based learning activities including direct faculty instruction and collaborative activities, and/or additional hours of faculty-directed student engagement using a variety of instructional strategies and online learning activities, which are designed to support the course topics and objectives.

The table below summarizes the minimum required number of hours of faculty-directed (instruction) and student directed (homework) learning activity engagement for each credit award value at all credential levels. Additionally, the table includes the minimum course duration (in weeks) for each credit value necessary for faculty to effectively cover course content, and for students to reasonably assimilate the information, based upon federal guidelines and commonly accepted practices in higher education. All courses which award college credit shall conform to these minimum required hours.

*Average hours per week, assumes student is generally taking one class at a time

Doctoral residencies, laboratory work, internships, practica, studio work, student teaching, clinical hour, and other course formats as established by the University may deviate from the minimum required duration of a course in total weeks. However, alternatives of these course types leading to the award of credit hours must still reflect at least an equivalent amount of work (i.e., time on task) as outlined in policy.

Program length is determined by faculty in accordance with common practice among institutions of higher education. The following list reflects the minimum number of credits generally required at each credential level.

**Degree Level & Minimum Total Semester Credits:**
- Associate Degree: 60 credits
- Bachelor Degree: 120 credits
- Master's Degrees: minimum 30 credits beyond the Bachelor Degree
- Ph.D. or Applied Doctorate: minimum 30 credits beyond the Master's Degree

**Access and Convenience of Time and Place**

The University’s goal is to make access to programs and services available to all those who wish to avail themselves of them and to work to completion of a degree program.

University of Phoenix campus-based programs are offered at times and in places that are convenient to adult learners. Classes are held primarily in the evening and on weekends when learners are most likely to need access. Wherever possible, campuses and learning centers are located at strategic locations near major freeways and thoroughfares that permit convenient access.

Access in the 21st Century means many different things. To the student in rural America or the working parent with children at home, access may be possible only through an Internet connection. Those students usually work toward their degrees through courses offered online or via FlexNet®, a combination of classroom and online learning.

**Program Format**

University of Phoenix is a non-term institution and does not operate according to a traditional academic calendar. New student cohorts can begin at any time. Typically, graduate courses at University of Phoenix meet for six consecutive weeks and undergraduate courses meet for five weeks. Classes delivered via the online modality meet asynchronously throughout each course week.

Campus-based classes meet once per week for four (4) hours. When a course ends, the next course usually begins the following week. This intensive calendar allows students to achieve their educational goals in a more time-efficient manner. The University’s low student/faculty ratio and class size that average 17-23 students at the Online campus and 7-11 students at local ground campuses facilitate active learning and collaboration and encourage time-on-task. As a rule, bachelor and graduate degree seeking students take only one course at a time. This allows them to focus attention and resources on one subject, a structure that enhances learning and helps students balance ongoing professional and personal responsibilities.

**Class Size**

Minimum and maximum class size may vary by college, course, and location. Some Schools and Colleges may determine a specific minimum and maximum class size given the curriculum and learning model.

**Learning Teams**

In addition to regular course instructional sessions, bachelor's and master's level students work in Learning Teams. Learning Teams are small groups of three to six students drawn from within the larger cohort. Learning Teams are an essential design element in the University’s teaching and learning model through which students develop the ability to collaborate -- an ability expected of employees in information-age organizations and one of the University’s primary learning goals. Due to the unique teaching and learning model and objectives, students enrolled in an associate degree program at online (excluding AACR & AAPF) usually do not participate in Learning Teams, but are encouraged...
to collaborate and participate in classroom assignments.

All students enrolled in degree programs and/or designated certificate programs using the learning team model must meet learning team attendance policies. Teams may meet in person or via teleconference, real-time electronic conferencing, or asynchronous meeting in the classroom team forums. Students must indicate their participation in the learning team meetings and/or assignment deliverables. Students are expected to actively participate in the team’s activities. Students attending a local campus must acknowledge participation in their learning team each week in the Assignments section of eCampus. At the end of each course, students are given the opportunity to evaluate the contributions of each team member to the accomplishment of team goals.

Technology Enhanced Courses

Some University courses are ‘technology enhanced’ courses. These courses (designated with a ‘T’ at the end of the course ID) differ from courses in the standard University of Phoenix format in that they employ the use of adaptive learning diagnostics at the beginning of each week of class to identify existing knowledge and knowledge gaps regarding the week’s course content. Students then spend the week engaging in specific learning activities designed to fill in those knowledge gaps in a courseware platform outside of the online classroom. These frequently include auto-graded activities that provide students with instant feedback. The class size in a technology enhanced course is larger than for standard University of Phoenix courses. In order to effectively manage the discussion in these larger groups, students are placed into learning teams. Learning teams in a technology enhanced course differ from learning teams in a standard University of Phoenix course in that they serve as discussion communities only and do not require students submit learning team assignments for points.

Faculty

University of Phoenix faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, healthcare and human services professionals and leaders in other professional arenas. A listing of faculty may be obtained at each local campus and/or in the appendix pages at the end of this catalog. Faculty Lists are also published for each college and school on www.phoenix.edu.

Employee Screening

Subject to the requirements of federal, state, and local law, all external candidates who receive an offer of employment with the University must have a background check completed with the University prior to their start date.

Student Technology Recommendations and Competencies

In an effort to assist students with adequate preparation for their course work at the University of Phoenix, technology recommendations and competencies have been established. These recommendations and competencies are in effect for the School of Advanced Studies, School of Business, College of Education, College of Information Systems and Technology, College of Health Professions, College of Humanities and Sciences, and the School of Continuing Education. To that end, students will need to access and use the hardware and software as described below. Additional recommendations and competencies may be required for particular courses/programs. Students using software and hardware other than that recommended must still meet the technology competencies. Please note that due to the rapid rate of change in information technology, hardware and software competencies will be updated on a regular basis. Some courses in the College of Information Systems and Technology may require additional software.

Technology Recommendations

Hardware and Peripherals

You must have reliable access to a personal computer or utilize technology at one of our campuses or student resource centers that meets the following specifications.
- A processor of 1.2 GHz or faster
- 4 GB RAM or greater
- A high speed internet connection with a connection speed of 1.5 MB/s or better.
- The use of satellite and cellular connections may result in slowness or errors (timeouts, access problems) when accessing the classroom and course materials.
- The use of public access computers and internet (for example, at restaurants and public institutions such as libraries) may result in slowness or errors (timeouts or access problems) when accessing the classroom and course materials. Public access computers may not permit any access to certain course materials or systems due to security limitations.
- Monitor and video card with 1024x768 or greater resolution
- Keyboard and Mouse is recommended
- Public access computers may not permit usage of speakers, headphones or microphones.
- A web camera capable of video web conferencing
- Public access computers may not permit usage of web cameras.

A DVD/CD-ROM drive may be needed to install software in select courses

Software and Applications

You will need a computer with Microsoft® Windows or Apple® Mac OS and familiarity with the following items:

<table>
<thead>
<tr>
<th>Operating System</th>
<th>Minimum</th>
<th>Recommended</th>
</tr>
</thead>
<tbody>
<tr>
<td>Microsoft® Windows</td>
<td>Windows 7</td>
<td>Windows 10 or higher</td>
</tr>
<tr>
<td>Apple® Mac OS X</td>
<td>Mac OS X 10.10</td>
<td>Latest Version</td>
</tr>
</tbody>
</table>

Microsoft® Windows may be required for some technology courses.
The University of Phoenix only supports the browsers listed above.

Please note that newer browser versions incorporate security fixes and newer technologies, which may often lead to a better user experience. Current browser versions are highly recommended when the option is available.

Additional Software
- Microsoft® Office 2013 or later for a personal computer (PC), Microsoft® Office 2011 or later for a Mac.
- An up to date installation of Adobe® Reader
- An up to date installation of Adobe® Flash plug-in
- Local administrative privileges to operating system may be required to allow for installation of software and/or configure computer settings
- A current security suite application (updated regularly)

Some courses may require the purchase of additional software including
- Microsoft® Visio
- Microsoft® Project

Please note that much of the software required above can be found in the University Marketplace or the online Microsoft® Office offer for enrolled students.

Mobile Devices
Students are required to have reliable access to a PC or Mac but may use a mobile device such as a phone or tablet as a secondary means of access with the University of Phoenix or Blackboard™ mobile apps. Access to website functionality and required course materials may be limited on mobile devices.

Computer Accessibility
All students need access to a computer for success in their coursework. The operating systems on most computers already have some features that include these accessibility technologies:
- Changing font size
- Changing size of desktop icons
- Magnification of portions of your screen
- Converting text to speech
- Altering background color
- Captioning for audio
- Speech recognition

Accessibility for Operating Systems
Both Microsoft and Apple provide additional accessibility guides, tutorials, and tips for use on your computer. Visit the Microsoft or Apple website for information beyond the documents provided here. Students may contact the Disability Services Office for questions about accommodations or visit the University’s page on accessibility.

College Specific Requirements
The College of Information Systems and Technology
The College of Information Systems and Technology may require access to additional software. Software currently provided by the University on the student website is subject to change and may require students to purchase or obtain access to the software. Please look for updated software requirements in your course.

The College of Education
The College of Education may require access to additional software and hardware for the purpose of meeting individual state mandates. You may be required to submit video clips during your program to meet assignment requirements, during the student teaching or practicum experience (if applicable) to meet assessment requirements, and near the end of your program to meet licensure requirements. You may be required to purchase or obtain access to relevant software and hardware. Please look for updated software/hardware requirements in your courses.

A minimum Internet upload speed of 2Mbps is recommended to help facilitate the video uploads.

School of Advanced Studies
The School of Advanced Studies requires that students bring a laptop computer that meets the above technology requirements to any/all physical residencies or classes.

eCampus: Student and Faculty Portal

eCampus is a secure multifunctional electronic gateway to student services, the University Library, class schedules, course materials, the electronic class environment, assignment feedback and grade reports, as well as transcripts. eCampus is accessible 24/7 and requires no special software. Students can login to eCampus from any computer or Internet Service Provider. Student resources on eCampus include the University Library, eBooks, Media Library, Center for Writing Excellence, Center for Mathematics Excellence, student workshops, Life Resource Center, and Phoenix Career Services.

When students are admitted to a program, they are provided with all the information needed to connect to eCampus. This electronic
class environment is where assignments are turned in and exams are completed. Each student’s eCampus login credentials are unique; students must not share their login credentials with anyone.

University of Phoenix students attend class on-campus, online, or in a hybrid modality known as FlexNet®. Regardless of modality, all students use the same materials for a specific course, have access to all student resources available on eCampus, and turn in assignments by accessing assignment links on eCampus. Discussions and participation during online class weeks are asynchronous, so there is no need to be online at a specific time during each online class week. Class discussions are private, limited to members of the class.

University of Phoenix authorizes Deans and administrative staff and faculty in the Colleges and Schools, Directors of Academic Affairs, Campus Academic Directors and certain university administrators to review submissions to the electronic class environment and to assignment links to assist in the resolution of grade disputes, grievances, and charges of academic dishonesty, as well as to confirm and/or investigate other academic-related issues as necessary.

Classroom Recording Policy

Students may only make audio and/or video recordings of University of Phoenix class presentations, activities, and discussions if they meet one or more of the following criteria:

- The recording occurs with the prior written consent of the faculty teaching the class and of all students in the class at the time of the recording
- There is a documented University of Phoenix Disabilities Service Office authorized accommodation requiring recording of specific parts of a class session.

Faculty wishing to make audio or video recordings of class presentations, activities, and/or discussions must obtain prior written permission of the campus Director of Academic Affairs and of all students in the class at the time of the recording. If a class recording is made with appropriate authorization, unless there is clear and unambiguous prior written approval to the contrary, the recording must not be copied or shared with others, posted on a website to which others have access, or disseminated in any other manner, but shall be used for personal class-related study purposes only by the individual who made the recording.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
UNIVERSITY POLICIES

Academically Related Activities
Academically Related Activities (ARAs) are used to determine a student’s official last date of attendance and corresponding enrollment status at the University. ARAs are also used to determine the effective date of active and withdrawn enrollment statuses. The following activities that occur on or after the course start date and on or before the course end date will be considered academically related activities by the University:

- Messages in a course
- Assignment submissions posted via the online classroom
- Quiz/Exam submissions recorded by the system via the online classroom
- Learning Team Acknowledgements via the online classroom
- Physical Attendance verified by a signed attendance roster (local campus courses only)

Courses offered in Blackboard:

- Discussion posts in a course (Blackboard “Messages” and “Course Room” interactions do not count towards course attendance)
- Assignment submissions posted via the online classroom
- Quiz/Exam submissions recorded by the system via the online classroom
- Physical Attendance verified by a signed attendance roster (local campus courses only)

ARAs will not generate for activities in Audited (AU) courses. Blackboard “Messages” do not count towards course attendance.

Institutionally Scheduled Break
For all students, the University’s winter institutionally scheduled break for the 2018/2019 award year is December 25, 2018 - January 5, 2019.

For students attending a local campus, one or more of the following additional University institutionally scheduled break(s) may apply for the 2018/2019 award year:

- The Thanksgiving institutionally scheduled break is November 21, 2018-November 25, 2018.
- The University’s Mardi Gras institutionally scheduled break (Louisiana campus only) is March 1, 2019- March 5, 2019.
- Other observed holiday institutionally scheduled breaks (e.g. Memorial Day, Labor Day, President’s Day, etc.): a one week institutionally scheduled break will be placed on a student’s record in the event that he/she is enrolled in a course that has been extended at a local campus due to an observed holiday; actual dates of the institutionally schedule break will vary based upon the observed holiday.

Course Attendance Policy
Attendance is mandatory in all university courses. Students satisfy course attendance requirements through the activities listed below:

- Local Campus and In Person Residency: Students must physically attend the local campus workshop meeting during the scheduled class and sign the attendance roster.
  - Most local campus courses meet four hours per week.
  - Most in person residency courses meet eight hours per day and require daily sign-in on the attendance roster.

- Directed Study: Students must post one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom during the scheduled class during the online week.
  - Blackboard “Messages” and “Course Room” interactions do not count towards course attendance.

- FlexNet: Students are in attendance at the local campus workshops if they physically attend the local campus workshop meeting during the scheduled class hours and sign the attendance roster. They are in attendance during the online class weeks if they post one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom on two separate days during the online week.
  - Blackboard “Messages” and “Course Room” interactions do not count towards course attendance.

- Preceptorship Clinical Courses: Students enrolled in preceptorship courses are not required to meet classroom workshop attendance in person as they are required to complete supervised clinical hours offsite. Attendance for the course is recorded weekly by the faculty member as documented on the attendance roster to record preceptorship progression. Students are responsible for notifying the faculty member prior to the start of the course workshop week if they are no longer engaging in required supervised clinical activity, and plan to withdraw from the course, to ensure attendance is recorded accurately.

- Counseling Residency Courses:
  - Online week: Students must post at least one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom on two separate days during the online week.
  - Blackboard “Messages” and “Course Room” interactions do not count towards course attendance.

- Three day residency: Attendance for the course is determined by the online week requirements. Students who do not physically attend any day during the in person residency will receive a failing grade for the course.

Unexcused Absence Policy
Unexcused absences will result in an automatic “W” grade if students miss more than the maximum allowed absences. Refer to the chart below:

<table>
<thead>
<tr>
<th>Number of workshops</th>
<th>Allowed Absences</th>
<th>Absences resulting in Withdrawal (W) grade</th>
</tr>
</thead>
<tbody>
<tr>

<td>2</td>
<td>3</td>
</tr>
<tr>
<td>60+</td>
<td>9</td>
<td>10</td>
</tr>
</tbody>
</table>
Students may submit a request for an excused absence for one of the following reasons with supporting documentation:

- Military deployment
- Documentation can consist of military orders.
- Extreme serious illness or hospitalization of student or family member
- Family members for hospitalization or serious illness include: mother, father, spouse, and child.
- Documentation can include a note from the Doctor or release from the hospital. The documentation does not need to contain specifics of the medical condition and/or injury, etc.
- Title IX - Pregnancy and Childbirth
- A student must be excused for medically necessary absences due to pregnancy, pregnancy-related conditions or childbirth for as long as the doctor deems the absence(s) medically necessary.
- Documentation can include a note from the doctor, release from the hospital, and any other documentation that would typically be required for other medically necessary absences.
- Death of immediate family member
- Immediate family members include: father, mother, spouse, domestic partner, child, grandparent, brother, sister, aunt, uncle, father-in-law, mother-in-law, brother-in-law, and sister-in-law.
- Documentation can consist of a copy of the deceased’s obituary.
- Jury Duty
- Documents can consist of a copy of the jury summons.
- Other extenuating circumstances
- Students may request an "E" excused absence based on extenuating circumstances, as approved by the University.
- Natural disaster, inclement weather, or emergency situations which requires campus(es) to cancel classes.

Leave of Absence

- Students who need to take a formal break from their program may request a Leave of Absence (LOA). All students actively enrolled in certificate and degree programs at the University are eligible to request a LOA.
- Students may be approved by the University for multiple LOAs in a 12-month period; however, the total of all approved LOAs may not exceed 180 calendar days in the 12-month period.
- An LOA will not be approved if a student requests the LOA after 14 consecutive days of nonattendance, is in an unofficial withdrawal (UW) status, and the request is not due to unforeseen circumstances that occurred prior to the UW status.
- If a student requests an LOA start date in the future and is officially withdrawn, unofficially withdrawn, or administratively withdrawn from the University prior to the start date of the LOA, the LOA will be denied.
- The University will not allow a student to take two consecutive LOAs separated by an institutionally scheduled break.
- Student must return to the same program of study in which he/she took the LOA.
- Student must return on the date designated as the Return Date on his/her LOA Request Form, or the student will be withdrawn from the University.

University Withdrawal

The University Withdrawal Policy addresses a student’s separation from the University and is applicable to all students enrolled in degree or certificate programs. Students may be officially, unofficially or administratively withdrawn. When a student is withdrawn, the University records both a withdrawal effective date and a date of determination (the date when the University determined that the criteria for withdrawal was met).

- Official Withdrawal: Students who provide official notification of the intent to withdraw from the University are considered official withdrawals (OW).
  - The withdrawal date for an official withdrawal is the last date of academic attendance or attendance of an academically related activity (ARA) determined from University attendance records. This date is always earlier than or equal to the date the student notifies the University of his or her official withdrawal.
  - The date of determination (DOD) for students who officially withdraw from the University is the latter of the student’s withdrawal effective date or the date the student indicated in their notification to the University of his/her official withdrawal.
- Unofficial Withdrawal: Students who do not provide official notification to the University of their intent to withdraw are considered unofficial withdrawals (UW) after 14 days of consecutive nonattendance in an ARA determined from University attendance records.
  - The withdrawal date for students who cease attendance at the University, including a student who does not return from an approved leave of absence, is the last date of attendance in an ARA determined from University attendance records.
    - For a student with an approved leave of absence, the University will review the student record on or after the original approved return date.
  - For a student who is unofficially withdrawn, the DOD is the 15th day after the last attendance at an academically related activity.
    - For a student with an approved leave of absence, the DOD is the day after the student’s scheduled return date.
- If a student is granted an extension in the course he or she is currently attending and the intent is to complete the course, the days in the extension period will not count toward the 14 days of consecutive nonattendance in an ARA. During this time a student in an extension period will remain in active status. An extension of the course is indicated by the issuance of an IX (In Progress Extension) grade.
- Administrative Withdrawal: Students who are withdrawn from the University for failing to meet admission, academic, candidacy, financial or code of conduct policies are considered administrative withdrawals (AW).
  - The withdrawal date for students who are AW is the last date of academically attendance or attendance in an ARA that occurred prior to the decision to administratively withdraw the student.
  - The DOD for students who are AW from the University is the date the University decides to administratively withdraw the student.

University Withdrawal Procedure

Students wishing to officially withdraw from the institution may complete the self-service Official Withdrawal automated process via the University student website. Students who wish to rescind their intent to withdraw from the University must participate in an ARA after the effective date provided on the student’s Official
Withdrawal form. Students who rescind their intent to withdraw and subsequently withdraw without official notification to the University of their intent to withdraw, will be considered unofficial withdrawals. If the student officially or unofficially withdraws after rescinding the intent to withdraw, the withdrawal date is the last date of academic attendance or ARA determined from University attendance records.

### Academic Program Re-Entry

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

### Calendar

The educational mission of the University of Phoenix is to provide access to higher education opportunities that enable students to develop the knowledge and skills necessary to achieve their professional goals, improve the productivity of their organizations, and provide leadership and service to their communities. A student could begin a degree program in virtually any month of the year. This calendar allows the adult student to balance the demands of career, family, and education.

Students qualifying for financial aid may receive a new award each academic year. An academic year is defined as the period of time in which a student completes at least 24 credit hours and 30 weeks of instructional time. Therefore, students may have their eligibility assessed for grants and/or loans several times during their program of study. The average processing time for financial aid is 90 days. Students should reapply for financial aid prior to the start of each new academic year.

#### Course Equivalencies

Equivalent courses are University approved courses that act as an acceptable alternative to a required course, as determined by the College and may apply to a program in place of a required course. Courses must have substantially similar content, course objectives, and/or learning outcomes. The equivalencies are subject to change based on program update or College need.

Equivalent courses must be an equal level or higher, and have the same number of credit hours or higher.

Combination equivalencies are used when the content of two or more courses taken together are deemed to have substantially similar content, course objectives, and/or learning outcomes to the content of one course. Unless stated, a combination of multiple courses is used to satisfy an equivalency with a course, the excess credits from the combination may apply towards the Additional Liberal Arts, Interdisciplinary, and/or Elective requirements for the program.

If all courses needed to satisfy a combination equivalency are not completed, the equivalency will not be satisfied. Students should complete the required course as outlined in the program policy. When two equivalent courses are completed, only the most recent course completed will be counted for credit and grade point average calculations.

The College may also provide course options which are not direct equivalences to the required course, but which the College has determined to be acceptable alternatives to a required course for a specific program.

#### Course Cancellation

The University of Phoenix may be required to cancel courses or programs when necessary. In addition, courses or programs may not begin on their scheduled start dates in the event of certain circumstances, such as faculty unavailability or insufficient enrollment. In such situations, the University will work with students in an effort to provide them with the opportunity to reschedule or to transfer to a comparable University course or program if available. Any payments made for cancelled courses will be refunded or applied to another University course or program. All attempts will be made to address such cancellations with students as early as possible.

#### Directed Study

With approval of the Campus Director of Academic Affairs or designated appointee, students may complete Dean approved courses, as available, via Directed Study delivery as outlined below:

- Degree program enrollment: a maximum of twelve (12) completed credits in the program
• Credit bearing certificate program enrollment consisting of four or more courses: a maximum of three (3) completed credits in the program.
• Deployed active duty military students: a maximum of (15) completed credits per academic year upon providing official documentation of the deployment timeframe to their local campus.

Concurrent Enrollment
Concurrent enrollment is defined as simultaneous enrollment. This refers to enrollment in any two University courses. Students enrolled in courses outside the University are excluded from this definition. Courses will be considered concurrent when start and/or end dates overlap.
• Students enrolled in an undergraduate or graduate degree program may not enroll in more than two credit bearing courses concurrently.
• Students enrolled in an Online Associate degree program may not enroll in more than three credit bearing courses concurrently.
• Concurrent enrollment in the first four courses is prohibited for all new students.

Multiple University Credentials
Students may earn multiple credentials from the University of Phoenix. The following policies apply:
• Only one degree in a specific discipline may be earned at each program level (i.e. bachelor and/or graduate); however, students can earn multiple degrees in different disciplines. For the purpose of this policy, the term discipline refers to the subject or content area for the program (e.g. Psychology, Accounting, Cybersecurity, etc.).
• Students may earn only one certificate in a specific discipline at each course level (lower division, upper division, graduate).
• Students who have been conferred a degree or certificate program cannot return and enroll into a lower level degree or certificate in the same discipline as their previously completed program.
• Programmatic residency must be met for each credential through the completion of a prescribed minimum number of unique University of Phoenix credits.
• Graduate degree-seeking students must complete a minimum of 18 credits toward an additional graduate degree. Exceptions are outlined within programmatic policies.
• Bachelor degree-seeking students must complete a minimum of 30 unique credits of the additional bachelor degree’s required course of study in order to meet residency.
• Residency requirements that do not fall within the above guidelines are outlined in specific program policies.

Course Credits
All credits issued for successfully completed University of Phoenix course work are in semester credits. Courses numbered 100-299 carry undergraduate, lower division credit. Courses numbered 300-499 carry undergraduate, upper division credit. Courses numbered 500-599 carry graduate credit. Professional courses numbered 600-699 may be applied to either undergraduate or graduate credit requirements. Courses numbered 700-799 carry doctoral credit.

Student Identification
All students are assigned a unique student identifier called an Individual Record Number (IRN). This is the primary number students use to obtain campus, web and voice response services. A letter and ID card will be mailed upon request.

The University requires documentation of legal name and social security number changes. The following primary forms of identification will be accepted for a legal name change:
• Court Ordered Name Change
• Social Security Card
• Passport/Passport Card
• Permanent Resident Card
• Certificate of Naturalization
• Driver’s License
• International students may also submit: National Identity Card

These forms must illustrate the name exactly how it is requested on the Name Change form. A signed social security card issued by the Social Security Administration is required for changes in social security numbers.

**Letter Request**

All student letter request must be processed by the Registrar’s Office. Students may contact the Admissions and Records Service Center (ARSC) to request letters and will be required to verify their identity per FERPA guidelines.

Directory information requests do not require a FERPA release form.

3rd Party Requests - A FERPA release is required if the letter is to be faxed, mailed, or encrypted emailed to a third party for non-directory information.

Student Requests - A FERPA release form may be required if the letter containing non-directory information is to be faxed, mailed, or encrypted emailed to the student and the student does not have the fax number, mailing address, or email address listed on the official student record.

The Registrar’s Office is unable to provide letters of recommendation or nominations regarding scholarships should contact scholarships@phoenix.edu for assistance.

In lieu of providing a letter of recommendation, the Registrar’s Office can provide a University of Phoenix approved letter or a customized letter based on information in the student's record that can be validated by a member of the Registrar’s Office.

Students may call the National Student Clearinghouse at (703)742-4200 to verify information related to their enrollment. If the National Student Clearinghouse has sent information to lenders within the last 30 days, an enrollment verification letter is not required by the lender.

**Forms**

The Registrar’s Office is the University’s designated department to review and route forms requiring a school official’s signature. If the Registrar’s Office cannot complete a form, the form will be routed to the appropriate department for completion.

University of Phoenix cannot comply with or complete certain forms. Directory information requests do not require a FERPA release form.

3rd Party Requests - A FERPA release is required if the form is to be faxed, mailed, or encrypted emailed to a third party for non-directory information.

Student Requests - A FERPA release form may be required if the form containing non-directory information is to be faxed, mailed, or encrypted emailed to the student and the student does not have the fax number, mailing address, or email address listed on the official student record.

**Record Maintenance**

University of Phoenix requires students to complete and sign all student-related documents in connection with their education record. Nobody other than the student may sign forms (wet signature or e-signature) on behalf of a student.

**Course Audit Policy**

With approval of a Director of Academic Affairs or designated appointee, students may register for and audit University courses. Auditing students are passive participants in the class and are not held accountable for Study Group Task/Team work nor for assignment submission unless otherwise negotiated with the faculty member.

Auditing students are governed by all University policies and procedures that apply to non-auditing students.

Auditing students who have met the minimum attendance requirements for the course will receive a grade of “AU” on their permanent record which will not carry any academic credit.

ARAs will not generate in Audited (AU) courses regardless of activity type.

Students who have selected to audit a course may not change their auditing status after the start of the course.

**Servicemember Readmission**

The Higher Education Opportunity Act (HEOA) provides that an institution may not deny admission or readmission to a person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform, service in the uniformed services on the basis of that membership, application for membership, performance of service, application for service, or obligation to perform service. This applies to service in the uniformed services, whether voluntary or involuntary, on active duty in the Armed Forces, on active duty for training, and full-time National Guard duty under Federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days. A call/order to active duty includes state-side deployment of active duty military personnel and deployment outside of the country. This does not include National Guard service under authority of State law.

The Military Deployment and Servicemember Readmission policies will also apply to servicemembers and reservists that are temporarily unable to attend class for between 15-30 days due to a military service obligation.

Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if all of the following criteria are met:

- The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) should give advanced verbal or written notice to Student Services as far in advance as is reasonable under the circumstances of the student's upcoming deployment.
- The giving of such notice is precluded by military necessity (e.g. a mission, operation exercise, or requirement that is classified, or a pending or ongoing mission, operation, exercise or requirement that may be compromised or otherwise adversely affected by public knowledge). In addition, any student (or appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance notice of service to the appropriate official at the University may meet the notice requirements by submitting, at the time the student seeks readmission, documentation (e.g. deployment paperwork or a letter from the student's commanding officer) to confirm that military duty was the reason for the student's absence.

The cumulative length of the absence and of all previous absences
from the University by reason of service in the uniformed services does not exceed five years
The student must give oral or written notice of her intention to return to the school within three years after the completion of the period of service.

- A student who is hospitalized or convalescing due to an illness or injury incurred or aggravated during the performance of service must notify the school within two years after the end of the period needed for recovery from the illness or injury.

If the student does not submit a notification of intent to reenroll within the time limits or documentation sufficient to establish the student’s eligibility for readmission, the student is subject to the University established leave of absence policy and general practices.

A student’s eligibility for readmission under this section by reason of such student’s service in the uniformed services terminates upon the occurrence of any of the following events:
1. A separation of such person from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge,
2. A dismissal of such person permitted under section 1161(a) of Title 10, USC,
3. A dropping of such person from the roles pursuant to section 1161(b) of Title 10, USC.

Provided a student meets the readmission criteria, the University must promptly readmit the student to his/her program by assisting the student in enrolling in the next available class or classes in his/her program unless the student requests a later date of readmission or unusual circumstances require the University to admit the student at a later date. Unusual circumstances may include the length of any necessary retraining or intervening changes in the circumstances of the University.

When providing readmission to a service member, the University must readmit the service member with the same academic status as when the student was last admitted. This includes those students who were admitted but did not begin attendance because of service in the uniformed services. The student will be considered to be enrolled with the same academic status as long as the University admits the student:
1. To the same program to which he or she was last admitted or, if that exact program is no longer offered, the program that is most similar, unless the student requests or agrees to admission to a different program.
2. At the same enrollment status that the student last held, unless the student requests or agrees to admission at a different enrollment status.
3. With the same number of credit hours completed previously by the student, unless the student is readmitted to a different program or program version to which the completed credit hours are not transferable.
4. With the same academic standing in terms of satisfactory academic progress (SAP) the student previously had.
5. If the student is readmitted to the same program, the student will be assessed the same tuition and fee charges for the first academic year of return that he/she would have been assessed during the academic year when the student left the university.

However, if the student’s veteran’s education benefits or other service member education benefits will pay the higher tuition and fee charges that other students in the program are paying for the year, the school will assess those charges to the student as well.

For subsequent academic years, a student admitted to the same program will be charged no more than the institutional charges that other students in the program are assessed for that academic year.

6. If the student is admitted to a different program he/she will be charged no more than the tuition and fee charges that other students in the program are assessed for that academic year.

If the student is not prepared to resume the program at the point where he/she left off, or will not be able to complete the program, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program including, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

If after reasonable efforts, the student is still not prepared to resume the program at the point he or she left off, the University determines that the student is unable to complete the program, or the University determines that there are no reasonable efforts that can be taken to prepare the student to resume the program at the point he or she left off or to enable the student to complete the program, the University is not required to readmit the student.

**Military Deployment**

The University of Phoenix adheres to the Higher Education Opportunity Act (HEOA) to support the educational needs of service member students who are deployed.

At the time a student learns he or she will be deployed, students are advised to notify Student Services either orally or in writing. It is recommended that documents sufficient to show the student will be deployed, such as, but not limited to, a copy of the military deployment paperwork or a signed official letter from the commanding officer, be submitted to the student’s campus. Although this formal documentation is not required at the time of deployment, students should be advised that it will be necessary in order to be readmitted. If documentation is provided, the campus must fax the documents to eXp for inclusion in the student’s file for future reference.

The University is unable to coordinate decisions regarding the student’s record or take action on the student’s record through a third party without appropriate authorization granted through a Power of Attorney.

Students enrolled in a course at the time of deployment are eligible to receive excused absences in accordance with the excused absences policy. Campuses should use discretion and take such action only if the excused absences would benefit the student by allowing the student the opportunity to complete the course instead of being automatically dropped from the course for not meeting the University course attendance requirement.

If the student will be unable to complete the course due to military deployment, the student may drop from the course and receive a full refund of tuition and mandatory fees for the course and a withdrawal “W” grade may be issued.

If the student would like an opportunity to complete the course while deployed, an incomplete “I” grade can be issued instead of a “W” grade. The “I” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The campus practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “I” grade shall be waived for deployed students.

Students scheduled to be deployed for active military duty are advised to contact their campus Financial Representative regarding the status of their account and/or financial aid.
• If documentation is provided at the time of deployment, the
campus may place the student in the military forbearance
status. The military forbearance status ensures students do not
continue to incur tuition charges and that current tuition
charges are placed on hold for payment until the student returns
from deployment.
In the event the student wishes to re-enter following deployment, the University’s Servicemember Readmission policy will apply.

Transient Student Policy

A transient student is an individual who is enrolled in a degree
program at an outside institution but is approved to complete non-
degree coursework at University of Phoenix (UOPX) to fulfill pro-
gram requirements at their home institution.
Prior to being scheduled for coursework at UOPX, Transient stu-
dents must have an approved transient student request form on
file.
Students attending the University as transient students:
• Will be held accountable for, and be governed by, all University
classroom, conduct, and other associated policies regarding
student behavior and academic progression as set forth in the
University’s Academic Catalog.
• Will not be reviewed for the specific University admission
requirements as a degree-seeking student.
• Are held to their home institution’s academic preparedness
requirements and will not be individually reviewed for
satisfying University pre-requisite requirements for the courses
they are entering.

Preferred Transfer Institution Policy Exceptions

Applicants to the University of Phoenix who are transferring from
closed (or closing) institutions will be allowed exceptions to spe-
cific University of Phoenix admission and academic policies if Uni-
versity of Phoenix is designated as a preferred transfer institution.
Policy exceptions will be established, where reasonable, to ensure a
timely and efficient admission process and to minimize any loss of
credits in transfer.

Acceptable Transfer Activity

The following completed transfer activity types will be reviewed
for transfer into the university:
1. Coursework which was completed at an institution that offers
associate degrees or higher, which was accredited, or a candidate
for accreditation at the time the student attended, by a regional or
approved national accrediting body, or a foreign institution recog-
nized/authorized by the country’s Ministry of Education, will be
reviewed for transfer into the University. In addition, graduate
level coursework from institutions that hold accreditation through
the ABA (American Bar Association) or that have been provision-
ally approved for accreditation may also be reviewed for transfer
into the University. Coursework from ABA accredited institutions
that is not from a Graduate level program will not be accepted. JD,
LLB, LLM are considered graduate level programs.
2. American Council on Education credit recommendations
3. National testing program credit earned from:
   a. College Level Examination Program (CLEP®)
   b. Excelsior
c. Berlitz
d. National League of Nursing Exams (NLN)
e. Advanced Placement Examinations (AP)
f. Defense Language Proficiency Tests (DLPT)
g. DSST Exams (previously DANTES and USAFI)
4. Prior learning that has been assessed for credit-worthiness by
either the Prior Learning Assessment department or by one of the
University’s Colleges, Schools, or Provost’s Office.
To evaluate previously completed transfer activity, the University
must receive transcripts, mark sheets, and documents that are
originals from the issuing institution. Documents from Canada or
the United States and its territories must be submitted in a sealed
envelope or via an approved alternative means such as fax, Escr ipt,
or EDI directly to the University of Phoenix. All transcripts that
state “issued to the student” are not considered official and will not
be used for evaluation.
Applicants with academic records from colleges or universities in
other countries: The University will accept copies of academic
records issued from international institutions with no time of issue
limitations. If official academic records are received directly from
the institution in a sealed envelope, no verification will be
required. Students with international credentials will be placed on
an admission status of RI (Applicant International Credentials)
until either the verification or official document is received from the
issuing institution.

CLEP® is a registered trademark of the College Entrance Examination
Board, registered in the U.S. and/or other countries

Evaluation of Transfer Activity

Only transfer activity evaluations performed by the University’s
Office of Admissions & Evaluation (OAE) or their approved design-
ees are official. Any preliminary reviews by campus personnel or
OAR are unofficial, not binding, and subject to change. The fol-
lowing criteria are applied to the evaluation of all transfer credit:
1. Credit-bearing coursework in which students earn a minimum
grade of “C-” or grades of credit, pass or satisfactory may be
accepted towards students' degree requirements.
2. Acceptable transfer activities will be transferred as semester
hour credit.
3. The University will accept courses that are numbered as non-
remedial, college level, transferable, or degree applicable, as deter-
mined by the issuing institutions transcript key.
4. Credit is transferred by course level (i.e., lower division, upper
division, graduate, doctoral) as awarded by the issuing institution.
5. Physical Education activity credits are limited to four credits.
6. Application of transferable credit and limitations on transfer-
ability are determined by program requirements and by state or
jurisdiction.
Specific regulatory requirements regarding credit limit applications are listed in the grid below and apply to residents, and non-residents attending a UOPX ground campus located in a restricted state, regardless of modality of study (unless otherwise stated in the grid below). Use this grid for the given states only.

<table>
<thead>
<tr>
<th>State</th>
<th>Total Credit Awards</th>
<th>Areas Restricted</th>
</tr>
</thead>
<tbody>
<tr>
<td>California Residents (Local Campuses)</td>
<td>30 for bachelor’s programs</td>

</tr>
<tr>
<td></td>
<td>15 for associate’s programs</td>
<td>Portfolio Assessments</td>
</tr>
</tbody>
</table>

Coursework earned in the following ways will not be accepted in direct transfer towards University degree requirements:
1. Credit is not awarded for transfer activity that duplicates or is regressive to previously completed transfer activities, either at the same or a different transferring institution. If a transcript is received by the University following initial evaluation that shows that a transfer activity duplicates an activity that has already been accepted in transfer, only the credit awarded to the initial transfer activity will be accepted and reviewed for applicability to the student’s program.
2. Professional development level or vocational courses as determined by the issuing institution’s transcript key or program description.

**Associate degree transfer policy:** Students transferring to University of Phoenix into an undergraduate bachelor’s degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BSLS, BS, BS/EVO, BA/ENG, BS/EVS, BS/HST, and BSIT (all concentrations)) with a previously completed regionally accredited Associate of Arts degree will be considered as satisfying their lower division elective and general education requirements making the student required course of study ready at University of Phoenix. Students using this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

**California block transfer policy:** Students transferring to University of Phoenix into an undergraduate bachelor’s degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BSLS, BS, BS/EVO, BA/ENG, BS/EVS, BS/HST, and BSIT (all concentrations)) or students residing in Arkansas, Nevada, Oregon, Puerto Rico with a previously completed CSU (California State University) or IGERTC (Intersegmental General Education Transfer Curriculum) certification from a regionally accredited California college or university will be considered as satisfying their general education liberal arts component for their degree program. Students using this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

Students may appeal transfer activity evaluation decisions to the Student Appeals Center within 90 days from notification of the decision by the University.

A signed Enrollment/Disclosure Agreement must be on file prior to the official evaluation being completed.

**NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at University of Phoenix is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree, diploma, or certificate you earn is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree, diploma, or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending University of Phoenix to determine if your credits or degree, diploma or certificate will transfer.

**Reverse Transfer Agreements**

University of Phoenix has established reverse transfer agreements with partnering institutions.

With a reverse transfer agreement in place, University of Phoenix will notify the partner transfer institution through the National Student Clearinghouse for students that have consented to the release of their records to a previously attended institution that also are meeting certain credit requirements that indicate the student may be eligible to earn an associate degree from the transfer institution.

The transfer institution may pursue communication with the student to discuss requirements and may award the associate degree to the student per its discretion after an official credit evaluation is conducted.

**Articulation Agreements**

A list of institutions that University of Phoenix has established articulation agreements with can be viewed at http://www.phoenix.edu/admissions/transfer_information/transfer-guides.html

**Corporate Partnerships**

A list of corporations with which University of Phoenix has established credit recommendation guides through corporate partnerships can be viewed at http://www.phoenix.edu/admissions/prior_learning_assessment/corporate-credit-recommendation-guide.html

**Nondiscrimination Policy**

University of Phoenix is guided by the principle of equal opportunity and respect for others. The University is firmly committed to providing equal opportunity in its educational programs and activities, including admission, and employment practices.

The University will not tolerate any discrimination or harassment of any kind including, but not limited to, race, color, religion, sex (including pregnancy or childbirth), sexual orientation, gender identity, gender expression, gender transition, transgender status, gender variance, age, ethnicity, national origin, disability, veteran status, or any other category protected by federal, state, or local law. More specifically, the University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964 and regulations, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1974, and any other
Harassment Policy

Discrimination Grievance Procedures:

1. Students, faculty, or staff alleging discrimination should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases a grievance should be submitted within six weeks after the alleged incident(s).

2. Allegations of sex discrimination (including discrimination based on sex, sexual orientation, gender identity, gender expression, gender transition, transgender status and gender variance) must be presented to Marcie L. Batschelett, JD, Interim Title IX Coordinator, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.

a. All University staff members are considered “responsible employees.” This means University staff (e.g. faculty members, enrollment representatives, academic or finance advisors, managers, etc.) cannot keep complaints confidential and are required to immediately report any instances of alleged sex discrimination (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator.

b. The Title IX Coordinator or their designee will follow procedures outlined in the University’s Title IX/VAWA Policy (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf).

3. All other discrimination claims should be presented to the campus Director or their respective designee or the Ethics Helpline.

a. The University will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of discrimination and the alleged actions.

b. If the appropriate director or designee finds that there is a factual connection between the allegation of discrimination and the alleged actions then one of the following procedures will be followed:

i. If the accusation is against a faculty member then the Faculty Code of Conduct procedures apply.

ii. If the accusation is against a student then the Student Code of Conduct procedures apply.

iii. If the accusation is against an employee then the appropriate campus director or their designee will contact Human Resources and human resources policies for processing claims of discrimination will be followed.

iv. In the event that the University finds that the discrimination was not caused by an individual’s actions, but rather by a discriminatory policy or practice, the University will take steps to remedy the discrimination and prevent its reoccurrence. These steps may include revising a policy or practice that has resulted in discrimination, eliminating the policy or practice, and/or addressing any effects of the discrimination on the individual filing the grievance.

Harassment Policy

The environment at each of the University’s locations must be free of all forms of improper or unlawful harassment, including sexual harassment or sexually offensive conduct. This policy applies in the online environment, as well as all campuses, learning centers and central administration locations. Harassing behavior can range from inappropriate to illegal. Conduct on the part of faculty, staff, students or third parties which would violate this policy includes, but is not limited to:

- Unwelcome or unwanted advances, sexual or otherwise,
- Requests for favors, sexual or otherwise,
- Any suggestion, whether overt or subtle, that a grade or other academic achievement is dependent upon the granting of favors or submission to requests, sexual or otherwise,
- Unwelcome physical contact, including patting, pinching, hugging, kissing, fondling, etc.,
- Offensive verbal conduct, including sexually or otherwise explicit jokes, comments, innuendo, or other tasteless action that would offend a reasonably sensitive person,
- The display of sexually or otherwise offensive pictures, posters, illustrations, or objects,
- Slurs, jokes, or ridicule based on race, ethnicity, national origin, religion, gender, gender identity, sexual orientation or disability.

Conduct deemed to be in violation of this policy is prohibited and will not be tolerated by the University of Phoenix. Retaliation, in any form, against the person raising such a concern will also not be tolerated by the University of Phoenix.

Harassment Grievance Procedures

Students, faculty, or staff alleging harassment should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases, a grievance should be presented within six weeks after the alleged incident(s).

Allegations of sexual harassment must be presented to Marcie L. Batschelett, JD, Interim Title IX Coordinator, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.

- All University staff members are considered “responsible employees.” This means University staff (e.g. faculty members, enrollment representatives, academic or finance advisors, managers, etc.) cannot keep complaints confidential and are required to immediately report any instances of alleged sexual harassment (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator.

- The Title IX Coordinator or their designee will follow procedures outlined in the University’s Title IX/VAWA Policy (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf).

All other harassment claims should be presented to the campus Director or their respective designee or the Ethics Helpline.

- The University will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of harassment and the alleged actions.

- If the appropriate director or designee finds that there is a factual connection between the allegation of harassment and the alleged actions then one of the following procedures will be followed:

  - If the accusation is against a faculty member then the Faculty Code of Conduct procedures apply.
  - If the accusation is against a student then the Student Code of Conduct procedures apply.
Accessibility and Disability Services

The University recognizes and accepts its obligations under the Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and the ADA Amendments Act of 2008, prohibiting discrimination on the basis of a disability and requiring the University to provide accommodations to otherwise qualified disabled students in all University programs and activities. Determination of accommodations and compliance with the ADA and the Rehabilitation Act for students are managed by the University Accessibility and Disability Services Office. No student shall be retaliated against for seeking accommodation under this policy or for participating in any complaint procedures brought against the University for its noncompliance with the policy.

Accessibility and Disability Services Office Contact Information

The Accessibility and Disability Services Office provides students with the opportunity to contact a Disability Services Advisor, via e-mail, 24 hours a day. For more information, please visit: http://www.phoenix.edu/students/disability-services.html. The department’s mailing address and phone number is:

4025 S. Riverpoint Parkway
Phoenix, AZ 85040
Mail Stop CF-K302

Phone: 480.557.1157
Fax: 602.333.0737

Students needing assistance with accessibility questions or concerns can get more information at http://www.phoenix.edu/accessibility.html, or can contact accessibilitysupport@phoenix.edu.

The University’s Vice President of Accessibility Strategy and Section 504 Coordinator, is Kelly Hermann, Section 504 Coordinator, is Kelly Hermann, Section 504 Coordinator, is Kelly Hermann, Section 504 Coordinator, is Kelly Hermann, Section 504 Coordinator, is Kelly Hermann, Section 504 Coordinator, is Kelly Hermann.

Student Organizations

It is the policy of University of Phoenix (UOPX) to provide our students with opportunities to form student organizations that are recognized under the University’s Conditions of Recognition for Student Organizations (RSO).

Conditions of Recognition for Student Organizations

The University has established the following minimum criteria that each student organization must meet to be recognized by, and to function within, the University of Phoenix community:

- Recognized Student Organizations are independently installed, organized, and managed by students enrolled and actively attending at the University.
- All student members of a University Recognized Student Organization must be enrolled in and must have posted positive attendance within the last 90 days.
- Recognized Student Organizations must operate under the appropriate bylaws and/or policies to ensure that their student members remain in good academic and financial standing with the University and are free from code of conduct violations and related disciplinary action.
- Recognized Student Organizations are recognized by, but not official units of University of Phoenix or Apollo Education Group, Inc.
- Recognized Student Organizations must have a published purpose/mission and goals/objectives, operate under a formal leadership/governance structure, participate in the annual assessment process, and maintain membership rosters, financial statements, meeting minutes, assessment plans and reports, etc. Said items shall be submitted upon initial application and upon annual review or more frequently, as required or requested.
- Recognized Student Organization Application/Annual Report and Renewal Request submission must be accompanied by an Assessment Matrix attachment with assessment plan sections (Area Assessed, Criteria, University Learning Goals, Measure and Metric) columns completed. At the end of an application/renewal period the Assessment Matrix Template submitted the year prior must be updated including the completed Findings and Action Plan sections.
- Recognized Student Organizations must have a University-approved Campus Liaison. The role of the Campus Liaison is voluntary and intended to serve as a liaison between the campus-based student organization and the University and to provide general guidance related to installing, organizing, leading, managing, assessing, and sustaining a healthy and productive student organization. If it becomes necessary for a student organization to be dissolved, the Campus Liaison will provide guidance/support to ensure a seamless exit strategy for the participating students, student organization, and the University. (Information pertaining to the minimum UOPX Campus Liaison criteria is provided on pages 11-12).
- Recognized Student Organizations may not possess any financial ties or result in any financial impact to University of Phoenix. All expenses related to installing, organizing, leading, managing, and/or sustaining a student organization are the sole responsibility of the student organization.
- The tax status of the University does not extend to student organizations. Student organizations must follow all local, state, and federal guidelines. Student organizations have sole responsibility for securing, maintaining, or demonstrating that they operate under the appropriate nonprofit tax exemptions (i.e., 501(c)(7)) or tax employer identification numbers, as appropriate. Under no circumstances are student organizations allowed to utilize the federal tax numbers or designations of University of Phoenix.
• Consistent with the University of Phoenix Mission, Recognized Student Organizations must strive to enhance the student experience, the University culture, and their communities as demonstrated with the organization's purpose/mission and charter.

• Recognized Student Organizations must meet all Conditions of Recognition and agree to abide by all University of Phoenix regulations, policies, and procedures. This includes, but is not limited to, all academic catalog policies, campus safety policies, consumer information policies, public relations policies, marketing/advertising guidelines, privacy policies, and the student, faculty, and staff codes of conduct.

• Recognized Student Organizations must be open to all students who meet the membership requirements. Recognized Student Organizations may not limit membership based on race, color, gender, age, religion, disability or perceived disability, veteran status, sexual orientation, gender identity, national origin, or any other category protected by federal, state, or local law.

• Student organizations must submit a Student Organization Recognition application to the University of Phoenix Office of Multicultural Affairs & Diversity and be approved by the University to receive formal recognition status and recognition-related benefits. Formal recognition and access to the recognition-related benefits will not be granted until an application is reviewed and approved.

• Recognition status will expire at the end of each fiscal year, August 31st. A request for recognition renewal must be submitted no later than August 31st each year to remain officially recognized as an organization. Exceptions will be made for new organizations with approval granted between July and December of that same year. Upon approval, recognition status and benefits will be renewed for one year. This ensures proper maintenance of each student organization recognition and continued compliance with regulatory, policy, and procedural changes.

• Student Organizations that are academically oriented or request to install an institutional-level chapter/charter must receive approval from the appropriate Institutional Sponsor (i.e., College/School Dean or Director-level representative in University of Phoenix Central Administration), as appropriate.

• The bylaws and/or policies for any student organization must meet the minimum standards outlined in the Recognized Student Organizations Handbook.

• Recognized Student Organizations must meet one of the University’s approved Student Organization Types and Recognition Statuses as defined below.

**Approved Recognized Student Organization "Types"**

• Academic excluding Honor Societies - Academic organizations are generally intended for students with common academic interests, pursuing a particular field of study, and/or students who are interested in academic engagement and support beyond the classroom.

• Honor Societies - Honor Societies are generally geared toward students who demonstrate a high level of academic achievement. Membership in honor societies (e.g., Delta Mu Delta) is typically by invitation and criteria-based.

• Professional - Established professional associations are generally intended for students with a specific program, interest area, and possibly occupational aspirations in a professional field (e.g., Project Management Institute [PMI], Society for Human Resource Management [SHRM]).

• Service - Service organizations are generally intended for students seeking opportunities to participate in community service and/or philanthropic activities.

**Approved Recognized Student Organization Recognition "Statuses"**

• University-Level Recognition - Student organizations, which have been approved by the University and the participating student organization’s corporate office to install an institutional-level charter/charter under which all local campus sites would operate. For example, University of Phoenix installed the Delta Mu Delta Lambda Sigma institutional charter in 2009, under which all campus sites are eligible to apply to install a local area co-chapter.

• Local Campus-Level Recognition - Additional local campus sites that have been approved by the University to operate under the governance/oversight of the University-Level recognized charter/charter. For example, the Phoenix Campus has been approved to install a “co-chapter” which operates under the University’s Delta Mu Delta Lambda Sigma institutional-level charter.

• Single Site Recognition - Student organizations which have been approved by the University and the participating student organization's corporate office to install a charter/charter to operate separately and independently at one of the University's local campus sites.

• Non-Standard Recognition - Student organizations, which do not fit any of the other recognized affiliation statuses, may apply for affiliation under this status. These requests are considered on a case-by-case basis.

**Acceptable Computer Use for Faculty and Student**

University computing and communication resources are for approved business and educational purposes consistent with University policies and procedures.

• Computing and communication resources comprise all components of the University’s computer information systems, including, but not limited to, facilities, hardware, software, network infrastructure, and related devices, including those used for voice and video communication.

• The University’s computing and communication resources are the property of the University. Use of University computing and communication resources is a privilege and is provided as a service to the University’s users. Among other purposes, these resources are provided for the delivery of curriculum and related materials; for conducting online classes; for conducting educational research; for communication between and among students, faculty, and staff; and for accessing and obtaining the University’s services.
• By using University computing and communication resources, all users, including students and faculty, assume personal responsibility for appropriate use and agree to comply with this policy and all other applicable University policies, including but not limited to, the Student and Faculty Codes of Conduct, and further agree to comply with all applicable city, state and federal laws and regulations. Any user using the University’s computing and communication resources must:

Privacy & Security
The University strives to maintain the confidentiality, integrity, and availability of its systems, networks, and data. The University implements policies to ensure that access to sensitive data is restricted to those individuals who have a need-to-know. The following sections describe how information security personnel may monitor computing and communication resources for violations of this acceptable use policy.

Monitoring
System and network activities of users are routinely logged and monitored. These activities include:
• Use of accessed accounts
• Time and duration of network activity
• Web pages accessed and duration of access
• Network software accessed
• Volume of data storage and transfers

In the case of a suspected violation of this policy, University officials may authorize information security personnel to conduct a more detailed investigation to gather evidence on the suspected violation.

Restriction of Access to Computing and Communication Resources
Access to University computing and communication resources is a privilege that may be wholly or partially restricted without prior notice and without consent of users:
• If required by applicable local, state or federal law or policy.
• If a reasonable suspicion exists that there has been or may be a violation of law, regulation, or policy.
• If required to protect the confidentiality, integrity, or availability of computing and communication resources.

Conditions for Permitting Inspection, Monitoring, or Disclosure
The University may permit the inspection, monitoring, or disclosure of e-mail, computer files, and network transmissions when:
• Required or permitted by law, including public records law, or by subpoena or court order
• The University or its designated agent reasonably believes that a violation of law or policy has occurred
• Necessary to protect the confidentiality, integrity, or availability of computing and communication resources.

Confidentiality
Confidentiality of e-mail and other network transmissions cannot be completely assured. Therefore, all users should exercise caution when sending personal, financial, confidential, or sensitive information by e-mail or across the Internet.

Responsibility to Inform User of Unauthorized Access or Disclosure
If the University believes unauthorized access to or disclosure of private user information has occurred, the University will make reasonable efforts to inform the affected user, except when notification is impractical or when notification would be detrimental to an investigation of a violation of law or policy.

Violations and Enforcement
Reporting Violations
Any actual or suspected violation of this policy should immediately be brought to the attention of the system administrator of the equipment or facility most directly involved. Alternatively, a report may be made directly to the University Office of Dispute Management or University of Phoenix Information Security.
Response to a Reported Violation

Upon receiving notice of a violation, the University may temporarily suspend any account, whether or not the account user is suspected of any violation, if it is believed to be necessary to preserve the integrity of University computing and communication resources. The University may temporarily suspend any account, whether or not the account user is suspected of any violation, if it is believed to be necessary to preserve the integrity of University computing and communication resources. The University will provide appropriate notice to the account user. Servers and computers that threaten the security of University systems will be removed from the network and allowed to reconnect only with the approval of information security personnel.

In the event of any inconsistency or conflict between this policy and any other terms or conditions faculty/students may be subject to, the University reserves the right to resolve such conflicts in its sole discretion.

Violation Examples

- This list below contains examples of actions considered to be a violation of this policy. It is not intended to be all-inclusive, nor does it represent all possible violations in a particular circumstance or the applicability of any other law or policy to those facts.
- Unlawful communications, including threats of violence, obscenity, pornography, and harassing communications.
- Unauthorized, anonymous communication is prohibited. (All users are required to cooperate with appropriate University personnel or other authorized personnel when investigating the source of anonymous messages.)
- Misrepresenting or forging the identity of the sender or the source of electronic communication.
- Altering the content of a message originating from another person or computer with intent to deceive.
- Use of University computing and communication resources for private business or commercial activities.
- Fund-raising or advertising on behalf of non-University organizations.
- The unauthorized selling of University computing and communication resources.
- Unauthorized acquisition attempts to acquire and use the user id or passwords of others.
- Interference with or disruption of the computer or network accounts, services, or equipment of others.
- The intentional propagation of computer "worms" and "viruses," the sending of electronic chain mail, denial of service attacks, and inappropriate "broadcasting" of messages to large numbers of individuals or hosts.
- Failure to comply with requests from appropriate University officials to discontinue activities that threaten the operation or integrity of computers, systems or networks, or otherwise violate this policy.
- Revealing passwords or otherwise permitting the use by others (by intent or negligence) of personal accounts for computer and network access without authorization is prohibited.
- Altering or attempting to alter files or systems without authorization.
- Unauthorized scanning of networks for security vulnerabilities.
- Attempting to alter any University computing or networking components (including, but not limited to, bridges, routers, and hubs) without approval or beyond one’s level of authorization.
- Negligent or intentional conduct leading to disruption or damage of University data, systems or networks.

Do Not Call Policies

- Consumers (including students and potential students) who are listed on a state-specific or the federal National Do Not Call Registry may not be called for sales or solicitation purposes unless they have provided consent to the University, or an Established Business Relationship (EBR) exemption exists.
- Upon request, the University will provide consumers a copy of the DNC policy by emailing Office.ComplianceUOPX@phoenix.edu.

Institutional Review Board

- The University of Phoenix Institutional Review Board (IRB) will review all studies, pilot studies, institutional reliance or affiliation agreements, policies and legal/regulatory requirements that involve human subjects research before any study or sponsored or non-sponsored research begins. Research conducted using human subjects will be reviewed on a regular basis depending on the IRB decision rendered to ensure compliance with all federal and state laws. No researcher can begin collecting data before receiving IRB approval for the study. (R1)
- The IRB is expected to review a research study design presented by the researcher to determine risk to the human research subjects (including physical, psychological/emotional, social, social desirability, and economic risk) as there may be ethical issues that affect the rights and welfare of research participants.
- The University of Phoenix (UOPX) holds a Federal Wide Assurance filed with the U.S. Department of Health and Human Services (FWA: 00004202) and maintains an Institutional Review Board (IRB) to assure that all University research involving human subjects complies with federal human research regulations (45 CFR 46).
- The UOPX IRB follows the ethical principles set forth in The Belmont Report: Ethical Principles and Guidelines for the Protection of Human Subjects of Research, the federal human research regulations (45 CFR 46), and guidance from the federal Office of Human Research Protections (OHRP).
• UOPX has charged the Institutional Research Board (IRB) with ensuring that all legal/regulatory and ethical codes are upheld for studies conducted by UOPX researchers at all institutional and non-institutional sites of this institution both domestic and foreign.

• All students, staff, faculty, and external researchers who are conducting human subject research under the auspices of the University are required to complete an IRB application and have this application reviewed before they begin any research activities involving human subjects. Researchers must complete human subjects' ethics training through the Collaborative Institutional Training Initiative (CITI) Program and receive CITI certification prior to submitting an IRB application for review and beginning research activities. Researchers' CITI certification must be in place throughout all aspects of the research study. CITI certifications must be renewed every two years while conducting research reviewed by the UOPX IRB.

Required Procedures: IRB Review, Research and Reports

• IRB Review: The UOPX IRB conducts an initial review of the research protocol using the IRBNet application and all protocol forms based on the federal categories for human subject protections. The protocol forms address both federal and institutional requirements for the study. The initial review of research determines which research studies require full-committee review and which may be reviewed via expedited, exempt, or non-human subject research processes.

• IRB Research: The UOPX IRB provides annual oversight of studies that are determined Non-Exempt. Researchers are to file a Continuing Review of Research if the study has not been completed within the approval period set forth at initial review, which typically is one year from the initial decision. The IRB can decide that a shorter approval period is appropriate. Exempt studies are given an expiration date of three (3) years after the initial exempt determination. The Continuing Review of research form is found in the UOPX IRBNet system.

• IRB Reports: The UOPX IRB may reach out to researchers if the following situations occur: Serious or continuing noncompliance with 45 CFR 46 or institutional policies, and if study participants contact the University or the IRB Office with a complaint about a study. Researchers are to contact the UOPX IRB Office if unanticipated problems or adverse effects occur during a study being conducted. Unanticipated problems are unexpected incidents (in terms of the nature, severity, or frequency) where an IRB-approved research protocol and informed consent documents are not followed; such incidents relate or possibly relate to participation in the research (possibly relate means there is a reasonable possibility that the incident or experience or outcome may have been caused by the procedures involved in the research) and the research places participants or others at a greater risk of harm (physical, psychological, economic, or social harm) than was previously known or recognized. Based on an IRB review of the unanticipated problem based on the criteria listed, consideration of substantive changes in the research protocol or informed consent process or other corrective actions may need to occur up to and including suspension or termination of IRB approval. Researchers are to contact the UOPX IRB Office as soon as possible if an unanticipated problem or adverse effect occurs during the study.

Research, Scholarship, and Surveys

General Research Policies

• University of Phoenix (UOPX) encourages student, faculty, and staff research and scholarship efforts. To support faculty, student, and staff research efforts, the University provides an Office of Scholarship Support (OSS) and a series of Research Centers for researchers.

• Research for purposes of this policy is defined as scholarly and scientific inquiry projects focused upon the collection and analysis of empirical data and facts.

• Researchers are student, faculty, staff, or external constituents of University of Phoenix who plan to systematically sample, collect, and analyze data for public dissemination.

• All researchers associated with or conducting research at the University of Phoenix must gain appropriate approvals prior to conducting research.

All research conducted by any student, faculty, or staff of UOPX is subject to Internal Board Review (IRB) approval. The IRB is a federally required review of all research requests to determine:

• if the work is research,
• if the research is on human subjects, AND
• If human subjects are involved, the overall risks and if they are protected and treated fairly.

Research in or on the University, where the subject of any proposed research is UOPX, must gain appropriate approvals prior to conducting research, regardless of the researcher(s’)

affiliation. The Committee on Research (COR) shall be responsible for the review and approval of any and all research and scholarship, for public dissemination, where UOPX is recognized as a subject. UOPX is considered a subject when the research study:

• samples students, faculty, and staff associated with the University
• requests that include University records, data, or materials
• Utilizes University-associated systems, websites, and/or tools.

All researchers using University of Phoenix as a subject for research require Committee on Research (COR) approval prior to UOPX Institutional Review Board (IRB) approval. IRB will not approve any UOPX focused studies without COR approval.

• IRB and COR are two separate and distinct groups operating within the structure of Academic Affairs. While the IRB is a federally mandated committee, with the mandate of protecting human subjects from unethical research practices, the development and use of COR is entirely internal to the University of Phoenix. If a person or group has received permission from COR to pursue research activities at the University and their activities will impact protected populations, as defined under federal law, they must still submit their proposed research to UOPX’s IRB or they must show that they have received approval from another university’s IRB.

Approval by COR shall not be misconstrued as approval by an Institutional Review Board. Further approval from another, non-UOPX IRB prior to COR submission shall not be misconstrued as approval by COR.
• Failure to Comply: Those found doing research related activities and not following these policies, including failure to provide the resulting data, analysis and research instrumentation to the OSS may be subject to appropriate disciplinary action, including, but not limited to, those documented in the Student Code of Conduct, Employee Handbook and/or Faculty Code of Conduct.

Required Procedures: Conducting Research on University of Phoenix Students, Faculty, Staff or Data

• Research studies where University of Phoenix is selected or identifiable as a subject or sample, must submit a formal request to the Committee on Research (COR) for exempt or approval prior to conducting research. COR is a university-wide committee run by the Office of Scholarship Support.

• The COR can be found at: https://research.phoenix.edu/content/committee-research Office of Scholarship Support

California 30-Unit Option

The University offers the California 30-Unit Option (LVN30 000) to California local campus students. Students who wish to enroll in the California 30-Unit Option must declare this intention at time of enrollment and may only enter if space is available. Students enrolled in the California 30-Unit Option are not completing a University of Phoenix certificate or degree and will not earn a BSN.

The California 30-Unit option requires the following course sequence:

BIO 290 ..................................................................................... 4 credits
Anatomy and Physiology I
BIO 291 ..................................................................................... 4 credits
Anatomy and Physiology II
SCI 250 ..................................................................................... 4 credits
Microbiology
HCS 436 ................................................................................... 3 credits
Pathophysiology
NSG 321 ................................................................................... 2 credits
Transition to Baccalaureate Nursing
NSG 341 ................................................................................... 6 credits
Care of the Medical-Surgical Patient
NSG 347 ................................................................................... 6 credits
Care of the Medical-Surgical Patient II
NSG 436 ................................................................................... 4 credits
Care of the Maternal-Child Patient
NSG 441 ................................................................................... 4 credits
Care of the Pediatric Patient
NSG 411 ................................................................................... 4 credits
Care of the Mental Health Patient
NSG 447 ................................................................................... 6 credits
Care of the Complex Medical- Surgical Patient
NSG 471 ................................................................................... 4 credits
Nursing Leadership and Management
NSG 481 ................................................................................... 2 credits
Influencing Nursing Practice
CONSUMER INFORMATION

All institutions participating in federal financial aid programs must provide required consumer information to enrolled and prospective students as well as current and prospective employees. Where applicable, each section lists specific locations where additional information is available. To request and receive this information in writing, contact the campus director or designee at a University of Phoenix location during regular business hours. A list of campus locations is available at http://www.phoenix.edu/campus_locations.html

ABOUT UNIVERSITY OF PHOENIX

Accreditation, Licensures, Reviews and Approvals

University of Phoenix is accredited, reviewed and/or approved by federal, state and international agencies, as well as private accreditation bodies.

Federal
U.S. Department of Education, Certificate of Eligibility
The University of Phoenix has been approved by the Department of Education to participate in each of the following listed Title IV HEA programs:
- Federal Pell Grant Program
- Federal Direct Student Loan Program
- Federal Supplemental Educational Opportunity Grant Program
- Federal Work Study

Regional Accreditation
University of Phoenix is accredited by the Higher Learning Commission (http://hlcommission.org) Since 1978, University of Phoenix has been continually accredited by the Higher Learning Commission (HLC) and its predecessor, University of Phoenix obtained its most recent 10-year Reaffirmation of Accreditation in 2012-13. The HLC conducted an interim Comprehensive Evaluation in 2018, and the next Comprehensive Evaluation for Reaffirmation of Accreditation is scheduled for 2022-23.

Higher Learning Commission
230 South LaSalle Street, Suite 7-500
Chicago, IL 60604-1411
Phone: 312.263.0456
800.621.7440
Fax: 312.263.7462
http://hlcommission.org

For more information about University of Phoenix accreditations and licensures, please visit http://www.phoenix.edu/about_us/accreditation.html

State and International Licensures
University of Phoenix is approved to operate in the following U.S. states and district, either through licensure, registration, general or specific approvals, consent, or exemption.
- Arizona State Board for Private Postsecondary Education
- California Bureau for Private Postsecondary Education
- Colorado Department of Higher Education, Commission on Higher Education
- Florida Commission for Independent Education
- Georgia Nonpublic Postsecondary Education Commission
- Hawaii Post-secondary Education Authorization Program
- Illinois Board of Higher Education
- Louisiana Board of Regents
- Michigan Department of Licensing and Regulatory Affairs
- Nevada Commission on Postsecondary Education
- New Jersey Secretary of Higher Education
- New Mexico Higher Education Department
- Board of Governors for the University of North Carolina
- Pennsylvania Department of Education
- Tennessee Higher Education Commission & Student Assistance Corporation
- Texas Higher Education Coordinating Board
- Utah Division of Consumer Protection
- State Council of Higher Education for Virginia
- Washington Student Achievement Council

For additional information on state and international licensures visit http://www.phoenix.edu/about_us/accreditation.html
Programmatic Accreditation

Business Accreditation
The Accreditation Council for Business Schools and Programs (ACBSP) has accredited the following programs in the School of Business at University of Phoenix:

- Associate of Arts with a concentration in Accounting Fundamentals
- Associate of Arts with a concentration in Business Fundamentals
- Bachelor of Science in Accounting
- Bachelor of Science in Business
- Master of Business Administration
- Master of Management
- Master of Science in Accountancy
- Doctor of Business Administration
- Doctor of Management

For additional information, please visit http://www.acbsp.org

Accreditation Council for Business Schools and Programs
11520 West 119th Street
Overland Park, KS 66213
(913) 339-9356

Nursing Accreditation
The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education (CCNE).

Commission on Collegiate Nursing Education
655 K Street NW, Suite 750
Washington, DC 20001
(202) 887-6791

College of Humanities and Sciences and Counseling Programs
The Master of Science in Counseling program in Clinical Mental Health Counseling at the Arizona and Utah Campuses are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP®). For additional information, please visit cacrep.org.

Council for Accreditation of Counseling and Related Educational Programs
1001 North Fairfax Street, Suite 510
Alexandria, VA 22314
(703) 535-5990

Education Accreditation
The educator preparation programs offered at the Hawaii and Utah Campuses are accredited by the National Council for Accreditation of Teacher Education (NCATE), a specialized accrediting body. Following a merger of accreditors, NCATE accreditation is administered by the Council for the Accreditation of Educator Preparation (CAEP).

The following initial teacher preparation programs are accredited at the Hawaii Campus:
- Bachelor of Science in Education/Elementary Education
- Master of Arts in Education/Elementary Education
- Master of Arts in Education/Special Education

The following initial teacher preparation programs are accredited at the Utah Campus:
- Bachelor of Science in Education/Elementary Education
- Master of Arts in Education/Elementary Education
- Master of Arts in Education/Special Education
- Master of Arts in Education/Administration and Supervision

For additional information, please visit caepnet.org.

Council for the Accreditation of Educator Preparation
1140 19th St NW, Suite 400
Washington, DC 20036
(202) 223-0077

In addition, educator preparation programs have been reviewed and approved by the state education agency in Arizona, California, Hawaii and Utah. Educator preparation programs are offered in Florida based on home-state approval (Arizona). The College of Education offers state-specific initial and/or advanced educator preparation programs in these states. Individual programs vary by state, and not all programs are available at all locations or in both online and local campus modalities.

Additional Information
A student can view additional information at http://www.phoenix.edu/about_us/accreditation.html.

To obtain a copy of University accreditation and licensure documents, or information on how to contact any of the agencies that regulate the University, contact the University Legal Services at (602) 557-1554.

Faculty

University of Phoenix faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, healthcare human services professionals and leaders in other professional areas who possess advanced degrees. A complete list of faculty for each school and college can be found under the Faculty Credentials section at www.phoenix.edu/faculty. A list of faculty at a particular location may be obtained from each local campus.

To find a local campus, go to http://www.phoenix.edu/campus-locations.html

Faculty profiles can be found at http://www.phoenix.edu/faculty/our_faculty.html

Student Borrowing

During the period of time spanning July 1, 2017, through June 30, 2018 52.5% of students enrolled received federal student loans.

Loan Default Rate

The University's loan default rate for Fiscal Year 2015 was 12.3 and the national average was 10.8. The University's loan default rate for Fiscal Year 2014 was 12.8 and the national average was 11.5.

Median Borrowing

The median federal debt of undergraduate borrowers who completed is $31,977. The Federal loan payment over ten years for this amount is approximately $340 per month. Your borrowing may be different.

Graduation Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must publish information regarding graduation rates as defined by the National Center for Education Statistics (NCES). This graduation measure includes the cohort of full-time, first-time (FTFT) degree/certi-
Retention Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding retention rates of degree- and/or certificate-seeking first-time, full-time (FTFT) undergraduate students entering the institution. Retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. The table shown below is the percentage of FTFT undergraduate degree and/or certificate-seeking students from the previous fall who were still enrolled in the next fall.

Retention Rates for FTFT Undergraduate Students

| Retention | 28.5% |

*Excludes students who became deceased and those who were enrolled in and completed a certificate program shorter than 1 year in length who would not be expected to be retained in the following year.

Student Diversity

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding student diversity as defined by the IPEDS. Data reported are for enrolled full-time students. Table 1 represents all enrolled students from July 1, 2017, through June 30, 2018. Of the total enrolled students, those who received Pell Grant funds during the July 1, 2017, through June 30, 2018, timeframe are shown in Table 2.

</tbody>
</table>

Note: Information reported on student diversity for all enrolled students is from the IPEDS 12 Month Enrollment Survey (July 1, 2017 to June 30, 2018). Pell recipients were those students from the 12 Month Enrollment Survey who were disbursed Pell funds during the July 1, 2017, to June 30, 2018 timeframe.

Types of Education in Which Graduates Enroll
In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding the types of graduate and professional education in which graduates of the institution’s four-year degree programs enrolled.
Approximately 12% of students who completed a bachelor’s degree from University of Phoenix between July 1, 2017, to June 30, 2018, went on to enroll in a graduate or professional program at University of Phoenix. The most common programs students enrolled in are as follows:
- Master of Business Administration
- Master of Science in Psychology
- Master of Management
- Master of Health Administration
- Master of Science in Counseling Clinical Mental Health Counseling
The data is derived from the IPEDS Completions Survey (July 1, 2017 to June 30, 2018 data) and the IPEDS Fall Enrollment Survey (Aug. 1, 2018 to Oct. 31, 2018 data).

Alumni Attending Graduate School
Fifty-five percent of University of Phoenix alumni indicated they are attending, or plan to attend, graduate school. Of this 55%, 19% are currently pursuing a graduate degree at University of Phoenix. Forty-three percent of University of Phoenix master program graduates indicated they are attending or planned to attend a doctoral-level program. Of this 43%, 10% are currently pursuing a doctoral degree at University of Phoenix.
Sixty-five percent of University of Phoenix bachelor program graduates indicated they are attending or planned to attend a master-level program. Of this 65%, 24% are currently pursuing a master’s degree at University of Phoenix.
This data is derived from the 2014 Academic Alumni Questionnaire distributed to alumni who graduated from September 1, 2011 to August 31, 2013. Bachelors graduate responses: 6,704, a response rate of 7.96% Masters graduate responses: 5,729, a response rate of 13.29%

Working Alumni

Title II of Higher Education Act-Academic Year 2015-2016

In compliance with Title II of the Higher Education Act (HEA), University of Phoenix has submitted institutional questionnaires that detail the University’s program offerings, student demographics and student performance in those states where the University has teacher education programs that have produced program completers, also known as graduates. University of Phoenix provides professional preparation for teachers in multiple states. This is an overview of the information contained in the Institutional Report for University of Phoenix. To view these reports by state, please visit https://title2.ed.gov/Public/Home.aspx

Title II HEA Pass-Rate Information
Program completers achieved the following scores for academic year 2015–2016:

**Arizona**
Professional knowledge — Elementary: 99%
Professional knowledge — Secondary: 94%
Professional knowledge — Early Childhood: Less than 10 candidates, score not provided
Aggregate professional knowledge: 96.5%
Aggregate content areas: 97.8%
Special populations: 98%

**California**
California basic educational skills test (CBEST): 100%
Reading instruction competence assessment (RICA) — Elementary only: 88%
Aggregate content areas: 98%

**Hawaii**
Aggregate basic skills: 100%
Aggregate professional knowledge: Less than 10 candidates, score not provided
Aggregate academic content areas: Less than 10 candidates, score not provided

**Indiana**
Aggregate basic skills: Less than 10 candidates, score not provided
Aggregate academic content areas: Less than 10 candidates, score not provided

**Missouri**
Aggregate professional knowledge: Less than 10 candidates, score not provided
Aggregate academic content areas: Less than 10 candidates, score not provided

**New Mexico**
Aggregate basic skills: Less than 10 candidates, score not provided
Aggregate academic content areas: Less than 10 candidates, score not provided

**Texas**
Aggregate professional knowledge: Less than 10 candidates, score not provided
Aggregate academic content areas: Less than 10 candidates, score not provided

**Utah**
Aggregate academic content areas: 100%
Aggregate teaching special populations: Less than 10 candidates, score not provided
Federal Financial Aid Application Process

To begin the federal financial aid process, students must complete the Free Application for Federal Student Aid (FAFSA), available at https://fafsa.gov. This is the first step in determining a student's eligibility for federal financial aid.

Federal financial aid will be processed after submitting an application for admission and registering for courses in an eligible degree program. Admissions and program requirements vary by state. Please refer to the Academic Catalog for state- and/or program-specific information at http://www.phoenix.edu/programs/degree-programs/academic-catalog.html

In addition to the FAFSA, the following forms may be required to be completed during the federal financial aid process:

- Federal Direct Loan Master Promissory Note (MPN)
- Entrance counseling

A student should reapply for financial aid prior to the start of each new academic year.

* Federal aid funding is available only for those credits required to complete the student’s primary program of study. Federal aid funding will cease once the maximum number of credits for the primary program have been completed. Federal financial aid may not be available for additional coursework in the pursuit of a concentration or otherwise, if not included within the requirements of the primary program of study.

Referrals to the Office of Inspector General

University of Phoenix is required by law to make referrals to the Office of Inspector General any time there is credible information or evidence that an applicant (student) may have engaged in fraud or other criminal misconduct in connection with the application involving federal financial aid programs.

Federal, State and Institutional Financial Aid Programs

Degree-seeking students who are U.S. citizens or eligible noncitizens enrolled in an eligible academic program at the University can apply for federal financial aid as a means of assisting with financing their education. Certificate programs may also be eligible for federal financial aid. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions.

Students may also be eligible to receive funding through state grant or scholarship programs in their states where available. Students should contact Student Financial Services at 866.766.0766 for additional information on the financial aid programs available at each campus. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

General Eligibility Requirements

General eligibility requirements for federal financial aid are as follows:

- Be a U.S. citizen or an eligible noncitizen.
- Have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau).
- Be registered with Selective Service, if you’re a male (you must register between the ages of 18 and 25).
- Be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program.*
- Be enrolled at least half-time to be eligible for Direct Loan Program funds.
- Maintain satisfactory academic progress in college or career school.
- Not be in default on a federal student loan and do not owe a federal grant overpayment.
• Must have a high school diploma or its equivalency
For additional eligibility requirements, visit: http://studentaid.ed.gov/eligibility/basic-criteria and review the Student/Parent Eligibility Policy in the Financial Aid Policies appendix.

* Federal aid funding is available only for those credits required to complete the student’s primary program of study. Federal aid funding will cease once the maximum number of credits for the primary program have been completed. Federal financial aid may not be available for additional coursework in the pursuit of a concentration or otherwise, if not included within the requirements of the primary program of study.

Grant Programs
University of Phoenix participates in the following federal grant programs:
Federal Pell Grant
A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants may be awarded to undergraduate students who have not earned a bachelor’s or a professional degree. The amount of aid students can receive varies depending on their financial need, cost of attendance and other eligibility criteria.

Students can receive the Federal Pell Grant for no more than 12 semesters or the equivalent: http://studentaid.ed.gov/types/grants-scholarships/pell/calculate-eligibility

For more detailed information on eligibility and how to apply for the Federal Pell Grant, visit http://studentaid.ed.gov/types/grants-scholarships/pell

For additional information on how the University calculates and awards Pell Grants please review the Federal Pell/Iraq and Afghanistan Grant Policy in the Financial Aid Policies appendix.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The FSEOG program is for undergraduate students with exceptional financial need. Pell Grant recipients with the lowest expected family contributions (EFCs) will be considered first for an FSEOG. The FSEOG does not have to be repaid.

For more detailed information on eligibility and how to apply for the FSEOG, visit http://studentaid.ed.gov/types/grants-scholarships/FSEOG

For additional information on how the University defines its selection criteria and packaging philosophy for awarding FSEOG consistently to all eligible students, please review the Campus-Based Programs Policy in the Financial Aid Policies appendix.

Iraq and Afghanistan Service Grant (IASG)
A student whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after Sept. 11, 2001, may be eligible to receive the Iraq and Afghanistan Service Grant.

For more detailed information on eligibility and how to apply for the IASG, visit http://studentaid.ed.gov/types/grants-scholarships/iraq-afghanistan-service

For additional information on how the University calculates and awards IASG grants please review the Federal Pell/Iraq and Afghanistan Grant Policy in the Financial Aid Policies appendix.

State Grant/Aid Programs
Students may also be eligible to receive funding through state grant or scholarship programs where available. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions. Contact Student Financial Services at 866.766.0766 for additional information on state grant and/or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

The actual amount of state grants awarded to any student is contingent on the availability of funds. The University cannot guarantee any funding from the state grant sources listed, as the list is subject to change without notice based upon changes in state budgetary constraints, state law or regulation, and/or University participation. Where work or other requirements are included in order to preclude the conversion of a scholarship or grant to a loan, the University makes no representation or warranty as to whether a graduate will be able to obtain such employment or fulfill such other requirements.

For information regarding the grants offered by states - how to apply, eligibility, deadlines, etc. - see the list of programs and their respective websites and phone numbers below. For additional specific eligibility information, the institution may contact you directly when determining grant eligibility. Please note that states sometimes change eligibility requirements for existing grant programs or even eliminate programs for a period of time.

Scholarships

Institutional Scholarships
University of Phoenix offers a number of institutional scholarships to current or potential students. The University website, http://www.phoenix.edu/tuition_and_financial_options/scholarships/institutional-scholarships.html, is updated regularly for institutional scholarships, qualifications and selection criteria as opportunities become available.

External Scholarships
Private outside entities develop and fund external scholarships, some of which are listed at http://www.phoenix.edu/tuition_and_financial_options/scholarships/external-scholarships.html. External scholarships are available to the general public, which may include University of Phoenix students.

A student’s eligibility for an external scholarship depends on qualifying requirements that vary from scholarship to scholarship as determined by the provider. The CSE evaluates external scholarship programs, determines applicability to the University student populations, and communicates these opportunities to students and campuses. The website is updated regularly as opportunities become available.

Loans

Federal Direct Loan (DL) Program
Direct Loans, from the William D. Ford Federal Direct Loan Program, are low-interest loans for eligible students to help cover the cost of higher education. Eligible students borrow directly from the U.S. Department of Education at participating schools.

Direct Subsidized Loans - Direct Subsidized Loans are for students with financial need. The University will review the results of the FAFSA and determine the amount a student can borrow. The student is not charged interest while enrolled in school at least half-time.

Direct Subsidized Loan Time Limitation Note: Federal regulations limit a first-time borrower’s* eligibility for Direct Subsidized Loans to a period not to exceed 150% of the length of the borrower’s educational program. Under certain conditions, first-time borrowers who have exceeded the 150% limit may lose the interest subsidy on outstanding Direct Subsidized Loans. For more detailed information on Direct Subsidized Loan Time Limitation, visit https://studentloans.gov/myDirectLoan/directSubsidizedLoanTimeLimitation.action.

*Generally, a first-time borrower is one who did not have an outstanding balance of principal or interest on a Direct Loan or an FFEL Program Loan on July 1, 2013.

Direct Unsubsidized Loans - Direct Unsubsidized Loans are available to students with and without financial need. Like subsidized loans, the University will review the results of the FAFSA to determine the amount a student can borrow. Interest accrues (accumulates) on an unsubsidized loan, even while the student is in school, beginning on the date the loan is initially disbursed. The student can pay the interest, or can allow it to accrue and be capitalized (that is, added to the principal amount of the loan). If a student chooses not to pay the interest as it accrues, this will increase the total amount to be repaid because the student will be charged interest on a higher principal amount.

Terms and Conditions - Students who receive a Direct Loan are subject to the terms and conditions disclosed on the Federal Direct Loan Master Promissory Note (MPN), https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=subUnsubMpn, and the Direct Loan Disclosure Statement.

Borrower’s Rights and Responsibilities - Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower’s Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/dlrights.pdf, attached to the Master Promissory Note (MPN).

For more detailed information on eligibility and how to apply for the Federal Direct Loan Program, visit https://www.studentaid.ed.gov/types/loans/subsidized-unsubsidized

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.

Federal Direct PLUS Loan for Parent(s)
Parents of dependent students may apply for a Direct PLUS Loan to help pay their child’s education expenses as long as certain eligibility requirements are met. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or pursue an endorser. If a parent is unable to secure a Direct PLUS Loan, the dependent student may be eligible for additional unsubsidized loans.

Terms and Conditions - Students whose parent(s) receive a PLUS Loan are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=parentPlusMpn

Borrower’s Rights and Responsibilities - Parents receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower’s Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/plusrights.pdf, attached to the Master Promissory Note (MPN).

For more detailed information on eligibility and how to apply for Direct Parent PLUS Loans, visit http://www.studentaid.ed.gov/types/loans/plus

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.
Federal Direct PLUS Loan for Graduate and Professional Degree Students

Graduate and professional degree students can borrow a Direct PLUS Loan to help cover education expenses at a fixed interest rate. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or to obtain an endorser.

**Award Amount** - Students are eligible to receive a Graduate PLUS Loan award up to their academic year cost of attendance (COA) minus any other financial assistance received.

**Terms and Conditions** - Students who receive a PLUS Loan for Graduate and Professional programs are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=gradPlusMpn

**Borrower's Rights and Responsibilities** - Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower’s Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/plusrights.pdf, attached to the Master Promissory Note (MPN) for Direct PLUS Loans.

For more detailed information on eligibility and how to apply for the Direct PLUS Loan for Graduate and Professional students, visit http://studentaid.ed.gov/types/loans/plus

For information regarding Federal Student Loan Interest Rates, including Direct PLUS Loans, please visit http://studentaid.ed.gov/types/loans/interest-rates

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.

Federal Direct Subsidized and Unsubsidized Annual Loan Limits

Federal Direct Subsidized and Unsubsidized Annual and Aggregate Loan Limits are as follows:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Freshman</td>
<td>$5,500</td>
<td>$9,500</td>
<td>$20,500</td>
</tr>
<tr>
<td></td>
<td>- No more than $3,500 of this amount can be subsidized loan</td>
<td>- No more than $3,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
<tr>
<td>2 Sophomore</td>
<td>$6,500</td>
<td>$10,500</td>
<td>$27,500</td>
</tr>
<tr>
<td></td>
<td>- No more than $4,500 of this amount can be subsidized loan</td>
<td>- No more than $4,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
<tr>
<td>3 &amp; 4 Junior and Senior</td>
<td>$7,500</td>
<td>$12,500</td>
<td>$35,500</td>
</tr>
<tr>
<td></td>
<td>- No more than $5,500 of this amount can be subsidized loan</td>
<td>- No more than $5,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
</tbody>
</table>

**Maximum total loan debt (aggregate loan limits)**

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$31,000</td>
<td>$57,500</td>
<td>$138,500</td>
</tr>
<tr>
<td></td>
<td>- No more than $23,000 of this amount may be in subsidized loans.</td>
<td>- No more than $23,000 of this amount may be in subsidized loans.</td>
<td></td>
</tr>
</tbody>
</table>

Undergraduate certificate programs — Loan limits are based on the length of the program. For certificates that are less than an academic year, the $9,500 loan limits would be prorated by the lesser fraction of the weeks or credits in the program, divided by the University academic year definition of weeks or credits. Students in undergraduate certificate programs that are greater than an academic year cannot borrow more than the Grade Level 1 loan limits for each academic year. Final academic years less than 24 credits (graduating students in undergraduate degree or certificate programs that are greater than an academic year): Loan limits will be prorated based on the number of credits in the final academic year divided by 24. Please note students may also receive less funding if they receive other financial aid used to cover a portion of cost of attendance.

* Graduate and professional students are not eligible to receive Direct Subsidized Loans for loan periods beginning on or after July 1, 2012. A student whose parent cannot obtain a PLUS Loan is allowed to borrow additional unsubsidized federal Direct amounts. Student dependency status will be determined based on answers to questions on the FAFSA.
Interest Rate Cap for Military Members

During military service, students who qualify under the Servicemembers Civil Relief Act may be eligible for a 6% interest rate cap on the loans obtained before entering military service. Qualifying students must contact their loan servicer to request this benefit. In addition, no interest is charged (for a period of no more than 60 months) on Direct Loans first disbursed on or after Oct. 1, 2008, while a borrower is serving on active duty or performing qualifying National Guard duty during a war, other military operation or national emergency, and serving in an area of hostilities qualifying for special pay. Qualifying students should contact their loan servicer for eligibility details and to request this benefit.

Prior Federal Loans and Financial Aid History

Federal financial aid borrowers can check the interest rate, servicer information and other financial aid history via the National Student Loan Data System (NSLDS) at https://nslds.ed.gov/nsls/nslds_SA/

Private Student Loans

Understand your rights and responsibilities when considering private loan options. Clear and accurate information can help you make informed choices, so you borrow only what you need and can reasonably repay.

The University encourages that all federal and state financial aid options are exhausted before private loans be considered. Private loans are made through third-party lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. Private loans are not subsidized or guaranteed by the federal government. For more information on the difference between federal and private loans, please visit http://www.consumerfinance.gov/paying-for-college/choose-a-student-loan/

Private student loans may be available to both students and parents who are not eligible for federal financial aid or who need assistance beyond their financial aid eligibility. The lender determines eligibility, and amounts are limited to the cost of attendance minus other aid, including discounts and any other resources received.

Students may choose to use any eligible lender that offers private loans. The University does not maintain a list of lenders that offer private loans, nor will it endorse a particular lender. For additional information, please review the Private Loans Policy in the Financial Aid Policies appendix.

Washington Student Loan Advocate Statement

For information and resources about student loan repayment, or to submit a complaint relating to your student loans or student loan servicer, please visit www.wsac.wa.gov/loan-advocacy or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.
Cost of Attendance

The cost of attendance (COA) is used in calculating a student's amount of federal financial aid eligibility and awarding financial aid for a specific period of enrollment. The following charts list the University's current COA. To learn more about the University's COA, refer to the Cost of Attendance Policy in the appendices.

<table>
<thead>
<tr>

</tbody>
</table>

*The living expense component for students receiving Military Basic Allowance for Housing (BAH) only includes an allowance for board. Living expenses include allowances for room and board, transportation and miscellaneous educational expenses
**The figures provided for undergraduate programs are illustrative and based on 24 credits

For detailed information regarding actual tuition fees for programs and locations, contact a Finance Advisor or visit the tuition and fees calculator web page at http://www.phoenix.edu/tuition_and_financial_options/tuition_and_fees.html

Other Resources

Students are required to disclose financial assistance (i.e. Other Resources) that will be paid by a third party on their behalf. Based on the type of other resource received, it may be considered estimated financial assistance (EFA). If it is considered EFA, it will be included in determining if the student's assistance exceeds the cost of attendance. For examples of other resources, please refer to the Packaging Philosophy Policy.

A student must have financial need to receive all federal financial aid funds except for Direct Unsubsidized and PLUS Loans under the Direct Loans program. As such, a student's expected family contribution and other resources will be subtracted from the cost of attendance when determining eligibility for federal financial aid (Title IV). All awards, including need and non-need-based aid, cannot exceed a student's annual cost of attendance.

If the University receives other additional resources that cause the student to exceed the cost of attendance, it will adjust the awards appropriately to eliminate the overaward. This may include reducing future disbursements for a second or subsequent payment period or returning awards to the funding source. Funds will be returned in the order most beneficial to the student. Please refer to the Overawards and Overpayments Policy for further information.

Grade-Level Determination

Determination of grade level is an important part of calculating eligibility for federal and state financial aid. The University determines the student's grade level by calculating the total number of credits that were completed at the beginning of an academic year. For example, a student with 12 transfer credits at the start of his or her program at the University will be considered a grade level 1 student. After the completion of one academic year of 24 credits, the student will have a total of 36 credits completed, making the student eligible for grade level 2 loans in his or her second academic year.

The following chart illustrates the number of credits required to complete each grade level.

Undergraduate Grade-Level Determination

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Credits Completed for Primary Program (Includes Transfer Credit)</th>
</tr>
</thead>
<tbody>
<tr>
<td>GL 1 (freshman)</td>
<td>0-24</td>
</tr>
<tr>
<td>GL 2 (sophomore)</td>
<td>24-48</td>
</tr>
<tr>
<td>GL 3 (junior)</td>
<td>49-72</td>
</tr>
<tr>
<td>GL 4 (senior)</td>
<td>73+</td>
</tr>
</tbody>
</table>

Note: A student in a two-year program cannot receive more than a grade level 2 (GL 2) annual loan limit in any given year, no matter how long it takes to complete the program. A student in an undergraduate certificate program cannot receive more than a grade level 1 (GL 1) annual loan limit in any given year, no matter how long it takes to complete the undergraduate certificate. For information on academic year definitions, please see the Academic Year Definition Policy in the Financial Aid Policies appendix.
Verification
A federal financial aid student may be selected for verification by the U.S. Department of Education Central Processing System (CPS). The CPS prints an asterisk next to the expected family contribution (EFC) on the Student Aid Report (SAR) or SAR Acknowledgement to identify the student has been selected for verification. The purpose of verification is to maintain the integrity of federal financial aid programs by verifying the information provided by students and parents on financial aid applications. For further information on the verification process and actions required, refer to the Verification Policy.

Professional Judgment
The University may exercise discretion to accommodate special circumstances, with respect to some aspects of eligibility, using professional judgment. Professional judgment allows the University to treat a student individually when the student has special circumstances not sufficiently addressed by standard procedures. The University uses professional judgment on a case-by-case basis. Special circumstances will include conditions that differentiate an individual student from a whole class of students. The University will not accept professional judgments made for a student by another school, but will independently review the circumstances and, if appropriate, document the professional judgment decision. The decision of the University regarding professional judgment is final and cannot be appealed to the U.S. Department of Education. A student should contact Student Financial Services if interested in submitting a professional judgment request.

Note: The University will complete verification before exercising professional judgment for students who have been selected for verification.

For additional information, please refer to the Professional Judgment Policy in the Financial Aid Policies appendix.

Conflicting Information
If the University has conflicting information concerning a student’s eligibility or has any reason to believe a student’s application information is incorrect, the University will resolve such discrepancies before disbursing student financial aid funds. If discrepancies are discovered after disbursing student financial aid funds, the University will reconcile the conflicting information and require the student to repay any funds for which he or she was ineligible. Examples of conflicting information may include, but are not limited to, the following:

- Social Security numbers
- Date of birth
- Legal name
- Discrepant tax data (including whether or not the student/parent was required to file a tax return)
- Household size or marital status
- Citizenship status
- High School Completion status

Satisfactory Academic Progress
Information regarding satisfactory academic progress for financial aid recipients can be found in the Federal Financial Aid Satisfactory Academic Progress (SAP) Policy.

Satisfactory Academic Progress for DVA Education Benefits
To receive Department of Veterans Affairs (DVA) education benefits, a student must maintain satisfactory academic progress (SAP) and conduct accordingly, benefits will be terminated for individuals who are disqualified, suspended or expelled from the University.

Academic Probation
Academic probation (AP) shall occur when a grade point average (GPA) falls below acceptable levels for the program. Probation lasts for a period of four consecutive program-applicable courses. Concurrent enrollment is prohibited during the four-course AP sequence.

Associate degree students enrolled online should continue traditional block scheduling format with concurrent enrollment in two courses (excluding AACR and AAPF). In graduate programs, the four-course sequence excludes any undergraduate prerequisite courses.

Financial aid students will continue to receive funds during the probationary period.

Veteran students will continue to receive DVA education benefits during the probation period.

The veteran will be informed of the probation, and a notation to the student DVA file will be recorded when the probationary period commenced.

Academic Disqualification
Academic disqualification (AD) will result if a student fails to clear an academic probation status within four courses from the onset of probation. Veteran students will not be eligible for DVA educational benefits after disqualification. The DVA and student will be notified of the disqualification. To reapply, a formal application for admission must be submitted in accordance with University admission procedures. In addition, applicants should explain the reasons for the scholastic deficiencies; the manner in which the intervening time has been spent; and why they should be given favorable consideration for readmission.

The readmission file will be reviewed by the Student Appeals Center and a decision reached regarding readmission. If approved, the student would be required to complete all program requirements in effect at the time of readmission. An application for DVA educational benefits will also be necessary to re-establish benefits with University of Phoenix. If readmission to the University is approved, please contact your Academic Advisor to determine if your chosen program remains eligible for DVA education benefits.

Student Financial Responsibilities, Policies and Options

Student Financial Responsibilities
The University will invoice students for all courses and fees anticipated for a payment period, which represents half of the student’s academic year. A payment period typically includes four courses. Students are responsible for ensuring all tuition and electronic course materials fees are paid, whether in attendance or not. Students can access account balances and student account information under the Account tab on the student website. When a student is considered administratively, officially or unofficially withdrawn from his or her program, the University may cancel any federal financial aid in process. The student may receive
a refund or may owe payment to the University, depending upon the student's account balance.

**Meeting Financial Plan Obligations**

Students who primarily attend a physical University of Phoenix campus are subject to finance approval by their primary campus prior to enrolling in a course. Tuition and all applicable fees for each course must be paid according to the terms of the primary financial option indicated in the student's Financial Plan located on the student website. Students will not be allowed to attend courses if a payment is due, or if paperwork is required. All necessary paperwork or payment arrangements must be resolved prior to the course deadline. Students are also required to be in compliance with University financial policies before grades and transcripts will be issued or the degree awarded. A student may be administratively withdrawn for failure to make payment in a timely manner, preventing the student from attending future class sessions until the amount owed is paid in full or satisfactory payment arrangements are made. All costs of collection, court costs and reasonable attorneys' fees will be added to delinquent accounts collected through third parties. University of Phoenix may obtain a current credit report as needed to support decisions to defer tuition payment or to assist in the collection of amounts owed.

**Electronic Course Materials and Books Fees**

Electronic course materials and books for each course must be paid at the time they are ordered or in accordance with a student's stated payment option. Electronic course materials fees are nonrefundable, unless prohibited by law. A student who withdraws from a course will be granted access to the electronic course materials for that course without additional charge if the course is retaken within 180 days of the course's original start date.

**State Tax**

Various states require universities to collect a tax on tuition, fees, digital goods or access to digital information. The University will collect the appropriate tax on tuition, fees and electronic course materials fees charged to the student in these states. Contact Student Financial Services for the current list of states requiring tax to be collected.

**Financial Policies**

**Multiple-Tuition Discount Policy**

For instances in which a student may qualify for multiple tuition discounts, the discount that provides the greatest benefit to the student will be applied to the tuition amount.

**General Refund Policy**

A tuition refund may be granted to those who qualify, based on the state refund policy. A complete list of state refund policies is located in the Academic Catalog. All other fees are nonrefundable, unless prohibited by law.

**Payment Policies**

Payments are accepted on the student website (https://ecampus.phoenix.edu/portal/portal/public/login.aspx) by check, credit card or debit card. Student Financial Services can also process credit card or debit card payments. The student can mail a check, certified check or money order payment to the following address:

University of Phoenix
Dept 880175
P.O. Box 29650
Phoenix, AZ 85038-9650
If a credit card or a debit card is provided with a completed Authorization to Charge form, tuition and electronic course materials fees will be charged to that card. Automatic payments are set prior to each course upon request.

The University is not responsible for fees or penalties incurred as a result of payment with a debit card or other restrictive payment cards. The student should contact his or her financial institution for account balances, daily transaction limits and other restrictions.

**Returned Check Fees**
Returns checks will result in an additional processing fee of $25, unless prohibited by law.

**Late Payment Fees**
Payments must be made in accordance with the selected finance plan. If tuition payment is not received within the terms and conditions of the selected finance plan, fees up to $25 will be assessed to the student account, unless otherwise restricted by law. Late fees are due immediately upon invoice.

**Notice**
The University may report information about student accounts to credit bureaus. Late payments, missed payments or other defaults on student accounts may be reflected in a credit report.

If payment for tuition and electronic course materials fees is not received in accordance with the Student Responsibility to Pay Agreement, the student may be withdrawn from the program and official transcripts withheld.

**Financial Options**
Understanding and choosing the right finance plan is critical to the successful completion of the student's selected program. The University of Phoenix offers a number of finance plans to assist the student in managing financial obligations. The University will invoice students for all courses and fees anticipated for a payment period, which represents half of the student's academic year. A payment period typically includes four courses. The student can utilize one or more of the plans listed below, depending on personal circumstances. For more detailed information, contact a finance advisor with any questions regarding financial options and scholarships.

**Cash Plan**
The Cash Plan is available to students who will be using e-checks or credit cards to pay for tuition and electronic course materials fees. Under the Cash Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period, which is payable in full at the time of invoice or incrementally prior to the start of each applicable course.

To learn more, please visit [https://www.phoenix.edu/student-orientation/paying-for-school.html](https://www.phoenix.edu/student-orientation/paying-for-school.html)

**Federal Financial Aid Plan**
The Federal Financial Aid Plan is available to students receiving federal grants, federal loans or both to pay for tuition and electronic materials fees. Under the Federal Financial Aid Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period.

The University will defer payment of applicable tuition and electronic course materials fees based on anticipated federal grant and/or loan disbursements. The Federal Financial Aid Plan requires all federal aid disbursed to be applied to tuition and electronic course materials fees invoiced. Tuition and electronic materials fees invoiced but not paid by anticipated or actual federal grant and/or loan disbursements are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

To learn more, please visit [https://www.phoenix.edu/student-orientation/paying-for-school.html](https://www.phoenix.edu/student-orientation/paying-for-school.html)

**Tuition Deferral Plan**
The Tuition Deferral Plan is available for students who will receive military education benefits or whose employers offer to repay some or all of their employees' tuition. Under the Tuition Deferral plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period.

**Military Education Benefits**
The University will direct bill the U.S. Department of Veterans Affairs or U.S. Department of Defense for the student's tuition and will defer payment of applicable tuition invoiced based on these agencies' reimbursement policies and timeline. Electronic materials fees invoiced but not paid by anticipated or actual federal grant and/or loan disbursements are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

**Employer Tuition Reimbursement**
The University will defer payment of applicable tuition invoiced based on when the student will receive reimbursement from his or her employer. Electronic materials fees are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

To learn more, please visit [https://www.phoenix.edu/tuition_and_financial_options/financial_options/tuition-deferral-plan.html](https://www.phoenix.edu/tuition_and_financial_options/financial_options/tuition-deferral-plan.html)

**Third-Party Billing Plan**
The Third-Party Billing Plan is available to students who receive tribal education benefits or whose employer is approved by the University for direct billing of the student's tuition. Under the Third-Party Billing Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period.

**Approved Employer**
Under the Third-Party Billing Plan, the University will direct bill the employer for the student's tuition and will defer payment of applicable tuition invoiced based on the approved employer's tuition payment policies and timeline. Electronic materials fees invoiced but not paid by anticipated or actual federal grant and/or loan disbursements are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

**American Indian Tribal Nation Education Benefits**
Several American Indian tribal nations provide funding for the tuition and electronic materials fees of a student who is a recognized member under the Third-Party Billing Plan. The University will directly bill the American Indian tribal nation and defer payment of applicable tuition and electronic materials fees invoiced based on the American Indian tribal nation's education benefit reimbursement policy and timeline. For more information, please contact [tribalrelations2@phoenix.edu](mailto:tribalrelations2@phoenix.edu)

To learn more, please visit [https://www.phoenix.edu/tuition_and_financial_options/financial_options/third_party_billing.html](https://www.phoenix.edu/tuition_and_financial_options/financial_options/third_party_billing.html)
Military Benefits

Veterans Education Benefits

Students who are entitled to federal VA education benefits must make initial contact with a campus Veterans Affairs certifying official. A formal application for admission to the University should be completed before applying for federal VA education benefits. Applications for veteran education benefits should be sent to a local campus point of contact, school certifying official at University of Phoenix central administration or Student Financial Services for submission to the U.S. Department of Veterans Affairs (VA). Each University of Phoenix program segregated by instructional modality (classroom-based or distance education) requires separate State Approving Agency (SAA) approval for the training of veterans or eligible persons. A student should contact a local campus for information on current approvals. Students who intend to use federal VA educational benefits for a specific program at an institution should confirm the program is eligible for federal VA funding on the WEAMS Institution Search website.

Federal VA education benefit eligibility and payment rates vary depending on each individual’s military history and the educational program being pursued. Only the VA can determine eligibility. For information, a student should contact a VA representative at 888 GI BILL 1 (888 442 4551) or review http://www.gibill.va.gov, for additional information on educational entitlements. For more information on this program, a student can submit a Military Tuition Assistance request; for more information, visit http://www.phoenix.edu/colleges_divisions/military.html

Visit the Department of Veterans Affairs website, http://www.gibill.va.gov, for additional information on educational entitlements.

Credit for Prior Education and Training

Credit for prior education or training must be evaluated and reported to the U.S. Department of Veterans Affairs (VA) prior to the start of week 25 of enrollment. The VA may not always pay federal education benefits after week 24 if the VA records indicate the student has a large amount of transfer credits. Please ensure all prior education transcripts and Joint Services Transcripts (JST) (Army, Navy, Marine), Coast Guard Institute transcripts, or DD-295 and DD-214 forms are submitted for evaluation in a timely manner. The student is responsible for ensuring all transcripts are submitted to the University.

Academic credits earned for courses appearing on an official transcript from a regionally accredited or candidate-for-accreditation college or university will be evaluated according to University policies and accepted subject to the approval of the University Office of Admissions and Evaluation.

Transfer credits based on a different unit of credit than the one prescribed by University of Phoenix are subject to conversion before being transferred. Only the official transcript and course evaluations performed by the University Office of Admissions and Evaluation or Prior Learning Assessment Center are final. Any preliminary reviews by campus personnel are unofficial, not binding and subject to change.

Students receiving Chapter 30, 32, 33, 35, 1606 and 1607 benefits while attending University of Phoenix North Carolina campuses are required to submit a copy of high school transcripts if they are transferring fewer than 24 credits to University of Phoenix from a previously attended postsecondary institution.

Students receiving Chapter 30, 32, 33, 35, 1606 and 1607 benefits while attending University of Phoenix Florida campuses are required to request and provide all prior transcripts for evaluation. In order to be certified for federal VA education benefits past two terms, all transcripts must be received.

Military Tuition Assistance

To obtain federal Military Tuition Assistance, visit your local installation education office or virtual education center to receive college counseling and develop an education plan. From that point, a student can submit a Military Tuition Assistance request; for more information, visit http://www.phoenix.edu/colleges_divisions/military/military-financial-options/tuition-assistance.html

A student can currently receive 100% of federal tuition assistance from military service, with a $250 cap per semester hour and a $4,500 annual limit. If a student wants to apply for Military Tuition Assistance, that student will need to submit a completed authorization form to a military advisor at least two weeks before a course start date.

VA Tuition Assistance Top-Up Benefit

Top-Up allows VA to pay the difference between what Tuition Assistance (TA) pays and the cost of the course. The law prohibits active-duty students from receiving regular Chapter 30 benefits and TA for the same course; however, VA students, to include National Guard and Reserve servicemembers who earned Chapter 30 benefits while on active duty, in receipt of TA may receive the Chapter 30 Top-up benefit. Detailed information about Tuition Assistance Top-up and about applying for Top-up is available on the GI Bill® website, http://www.benefits.va.gov/gibill/tuition_assistance.asp

Readmission of Servicemembers

Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmis-
A student who is an Iowa resident and is the spouse of a
member of the Iowa

The student submits verbal or written notification of intent to re-

Exception: The University may not delay or attempt to avoid read-
mission of a student under this section by demanding documenta-
tion that does not exist, or is not readily available, at the time of
readmission

A student's eligibility for readmission under this section by reason
of such student’s service in the Armed Services terminates upon
the occurrence of any of the following events:

A student who is an Iowa resident and is a member of the Iowa

The student (or an appropriate officer of the Armed Forces or
official of the Department of Defense) gives verbal or written
notice to the University’s Military Division verifying that the
student’s absence from the University was necessitated by
service in the uniformed services

The cumulative length of the absence and of all previous
absences from the University by reason of service in the
uniformed services does not exceed five years.

Note: A student who submits an application for readmission to the
University must provide documentation to establish that the stu-
dent has not exceeded the specified service limitations and that the
student’s eligibility for readmission has not been terminated Exam-
ple: The Armed Forces provided release to a student who is still within
the acceptable service limitations include the student’s deployment
paperwork or a letter from the commanding officer that includes
the student's dates of service.

Note: If the student does not submit a notification of intent to re-

Note: If the student’s last date of attendance with the University is
more than 365 days in the past, the student must complete an
updated admissions application and Enrollment Agreement in
accordance with the University Re-entry Policy. The Military Divi-
sion should then submit these completed documents along with
the servicemember’s readmission form The student may remain in
the original program/version without appeal, provided the cumu-
lative length of absence does not exceed five years and that the pro-
gram has not been expired.

A student's eligibility for readmission under this section by reason
of such student’s service in the Armed Services terminates upon
the occurrence of any of the following events:

A separation of such person from the Armed Forces (including
the National Guard and Reserves) with a dishonorable or bad
conduct discharge, or

A dismissal of such person permitted under section 1161(a) of
Title 10, USC, or

A dropping of such person from the roles pursuant to section
1161(b) of Title 10, USC

Note: If the student does not submit a notification of intent to re-

A student who is an Iowa resident and is a member of the Iowa
National Guard or Reserve Force of the United States who has
been ordered to National Guard duty under state authority
without such unit being federalized or ordered to federal active
duty;

A student who is an Iowa resident and is the spouse of a
member of an Iowa National Guard or Reserve Force of the United States who has
been ordered to National Guard duty under state authority without such unit being federalized or ordered to federal active duty, provided the member of the Iowa
National Guard or Reserve Force of the United States has a
dependent child

Federal Financial Aid Counseling

Federal Direct Loan Entrance Counseling

The University ensures loan entrance counseling is conducted
using an online counseling module for students borrowing Fed-
eral Subsidized/Unsubsidized Loans or PLUS Loans for the first
time. A link to the iGrad entrance counseling module is displayed
within the University financial aid website. Entrance counseling
generally includes the following:

An explanation of the use of a Master Promissory Note (MPN)
Importance of repayment obligation
Description of consequences of default
Sample repayment schedules
Information in reference to a borrower’s rights and responsibilities

Information on the National Student Loan Data System
(NSLDS), https://nslds.ed.gov/nslds_SA/

Information on possible loss of eligibility for additional Direct
Subsidized Loans

Information on how a borrower’s maximum eligibility period,
remaining eligibility period and subsidized usage period are
determined

The potential for a borrower becoming responsible for all
accruing interest on Direct Subsidized Loans during in-school
periods, grace periods and periods of authorized determent

Impact of borrower responsibility for accruing interest on the
borrower’s total debt

Other terms and conditions

The goal of entrance counseling is to help the borrower understand
what it means to borrow federal student loans

Federal Direct Loan Exit Counseling

The University notifies students to complete loan exit counseling
online at the U.S. Department of Education website (https://stu-
dentloans.gov/myDirectLoan/index.action) within 30 days of
completion of a program, withdrawal from the University or when
a student ceases to be enrolled at least half-time Exit counseling
generally includes the following:

An explanation of the use of a Master Promissory Note (MPN)
Importance of repayment obligation
Description of consequences of default
Sample repayment schedules
Information in reference to a borrower’s rights and responsibilities

Information on the National Student Loan Data System
(NSLDS), https://nslds.ed.gov/nslds_SA/

Information on possible loss of eligibility for additional Direct
Subsidized Loans

Information on how a borrower’s maximum eligibility period,
remaining eligibility period and subsidized usage period are
determined

The potential for a borrower becoming responsible for all
accruing interest on Direct Subsidized Loans during in-school
periods, grace periods and periods of authorized determent

Impact of borrower responsibility for accruing interest on the
borrower’s total debt

Other terms and conditions

A letter is sent to students advising them of the exit counseling
requirement. This letter includes an attachment with all required
exit information. The attachment can be found at https://
Federal Teacher Education Assistance for College and Higher Education Grant Counseling

Effective September 22, 2016, the University no longer participates in the TEACH Grant Program. For information on TEACH Grant exit counseling for any students who may still be receiving TEACH Grant at the University, please see the Federal Financial Aid Counseling Policy.

Federal Loan Repayment

Prior Federal Student Loan Deferments (Postponing Payments)

A student who is registered and attending classes at the University can postpone making payments on federal student loans from previous colleges by requesting a deferment from the loan holder or servicer. Return all deferment forms to Student Financial Services, who forwards the forms to the Registrar’s Office for processing. The loan holder or servicer makes the final determination to grant a deferment request.

Students receiving federal student loans may also obtain deferments for several reasons, including serving in the Peace Corps, under the Domestic Volunteer Service Act and as a volunteer for a tax-exempt organization of demonstrated effectiveness in the field of community service.

Receiving a deferment is not automatic; therefore, the student or parent(s) must apply for it. Borrowers must formally request a deferment through the procedures established by the holder of their loan(s). Detailed information regarding deferments may be viewed at https://studentaid.ed.gov/sa/repay-loans/deferment-forgiveness

Loan Payment Calculator

Loan payment calculators may be used by students or potential students to calculate monthly payments under different student loan repayment plans available. The Repayment Estimator at https://studentloans.gov/myDirectLoan/mobile/repayment/repaymentEstimator.action allows students to estimate their payment under all available repayment plans.

Sample Standard Repayment Calculator Detail

<table>
<thead>
<tr>
<th>Loan Amount</th>
<th>$12,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Interest Rate</td>
<td>6.80%</td>
</tr>
</tbody>
</table>

Repayment Summary

<table>
<thead>
<tr>
<th>Months in Repayment</th>
<th>120</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monthly Payment</td>
<td>$138</td>
</tr>
<tr>
<td>Total Interest Payment</td>
<td>$4,572</td>
</tr>
<tr>
<td>Total Loan Payment</td>
<td>$16,572</td>
</tr>
</tbody>
</table>

With the standard plan, a fixed payment amount is due each month until loans are paid in full. Monthly repayments will be at least $50, and have up to 10 years to repay.

Graduated Repayment Detail - 120 months starting at a payment of $80 and a final monthly payment amount of $239 Total interest paid would be $5,832, for a total of $17,832

Extended Repayment (Fixed or Graduated Plans) - Only available for loan amounts greater than $30,000 Payment amounts under the Pay As You Earn, Revised Pay As You Earn, Income-Based and Income-Contingent repayment plans will be available in the Repayment Estimator after you enter tax filing status, adjusted gross income, family size and state of residence.

Federal Student Loan Consolidation

A Direct Loan consolidation allows a borrower to combine multiple federal student loans into one, which results in one bill, and one lender. It can also lower monthly payments by giving borrowers up to 30 years to repay their loans; however, by increasing the length of the repayment period, you will also make more payments, and pay more in interest. Most federal student loans, including the following, are eligible for consolidation:

- Direct Subsidized Loans
- Direct Unsubsidized Loans
- Subsidized Federal Stafford Loans
- Unsubsidized Federal Stafford Loans
- Direct PLUS Loans
- PLUS Loans from the Federal Family Education Loan (FFEL) Program
- Supplemental Loans for Students (SLS)
- Federal Perkins Loans
- Federal Nursing Loans
- Health Education Assistance Loans
- Some existing consolidation loans

When considering consolidation, it is important to consider the pros and cons. Consolidation could give borrowers access to alternative repayment plans, which they did not have before, and enable them to switch from a variable interest rate loan to a fixed interest rate. Consolidation may also cause borrowers to lose benefits offered with the original loans, such as interest rate discounts, principal rebates or some loan cancellation benefits, which can significantly reduce the cost of repaying loans.

Federal Student Loan Forgiveness, Cancellation and Discharge

In certain situations, borrowers can have their federal student loans forgiven, canceled or discharged. Below is a list of the type of forgiveness, cancellation and discharges available:

- Total and Permanent Disability Discharge
- Death Discharge
- Discharge in Bankruptcy (in rare cases)
- Closed School Discharge
- False Certification of Student Eligibility or Unauthorized Payment Discharge
- Unpaid Refund Discharge
- Teacher Loan Forgiveness
- Public Service Loan Forgiveness
- Perkins Loan Cancellation and Discharge (includes Teacher Cancellation)

Financial Aid Disbursements

Federal Funds
A student is eligible to receive the first disbursement of federal financial aid when the University confirms the student is enrolled in courses for the payment period and is eligible to receive the funds. The student becomes eligible to receive a disbursement of federal financial aid for the second payment period when the student successfully completes one-half the weeks of instructional time and earns one-half the credit hours in the defined academic year (AY). Typically, the University disburses funds once the student successfully completes half the credits and weeks of instruction in the current AY, which may consist of more credit hours and weeks of instruction than the defined AY.

First-time, first-year undergraduate borrowers will not have the first installment of the Direct Loan disbursed until 30 calendar days after the program of study academic year begins.

<table>
<thead>
<tr>
<th>Federal Loans</th>
<th>First Disbursement Eligibility</th>
<th>Second Disbursement Eligibility</th>
</tr>
</thead>
<tbody>
<tr>
<td>Direct</td>
<td>30 days after academic year or program start date</td>
<td>Successfully completes ½ weeks and credits in academic year or program, is meeting SAP and has posted attendance for the second payment period</td>
</tr>
<tr>
<td>Subsequent Borrower, Parent PLUS, and Graduate/Professional PLUS</td>
<td>7 days after the academic year start date or 7 days after date of certification if the academic year start date is in the past</td>
<td>Successfully completes ½ weeks and credits in academic year or program, is meeting SAP and has posted attendance for the second payment period</td>
</tr>
<tr>
<td>State and Institutional Grants</td>
<td>Varies: Dependent on individual state requirements</td>
<td>Varies: Dependent on individual state requirements</td>
</tr>
<tr>
<td>Private Loans</td>
<td>Varies: Dependent on individual state requirements</td>
<td>Varies: Dependent on individual state requirements</td>
</tr>
</tbody>
</table>

For additional information on student eligibility for standard, late and post-withdrawal disbursements from the University, please refer to the Disbursements Policy in the Financial Aid Policies appendix.

Federal Financial Aid Credit Balance
Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges, a federal financial aid credit balance occurs. The University will pay the excess federal financial aid funds directly to the student or parent as soon as possible, but no later than 14 days after the balance occurred on the student’s account. For more information, please review the Federal Financial Aid Credit Balance Policy in the Financial Aid Policies appendix.

On exception basis, the University may, at its discretion, provide a student access to his or her anticipated federal financial aid credit balance. Students who may need to request this exception should speak with the finance department.

Note: If an exception is granted, the student will be responsible for any balance due to the University resulting from providing the student access to this anticipated federal financial aid credit balance.

Cancellation of Federal Financial Aid
The student (or parent in the case of a Parent PLUS Loan) must inform the University if all or a portion of federal financial aid funds are to be canceled. Once the loan is disbursed, the University sends the student/parent a Right to Cancel letter, which includes the time given to respond should the student and/or parent borrower wish to cancel their loan request(s). This notification is mailed after the loan disbursement has been credited to the student’s account Bor-
rowers who wish to cancel all or a portion of their loan must inform the University within 30 days from the date the University sends the disbursement notification. Any requests received after the 30 days but prior to 110 days from the disbursement date will be honored as a partial cancellation based on Title IV funds that are currently unapplied. The University notifies the student/parent in writing of the outcome of his or her request regardless of when the cancellation request is received.

**State Funds**

A payment period is defined according to individual state requirements. The payment period determines when funds are disbursed and the exact amount to be disbursed.

**Withdrawing from the University**

Circumstances may necessitate withdrawal from the University. For further information on officially, unofficially, or administratively withdrawing from the University, please see the University’s Withdrawal Policy.

**Leave of Absence**

Any student wishing to request a leave of absence (LOA) should contact his/her academic counselor to discuss options available. The Leave of Absence request form can be completed by accessing the student website. Refer to the University’s Academic Leave of Absence Policy found within the University’s Academic Catalog for further information. You may also refer to the Leave of Absence Policy found in the appendix of this consumer information guide. This policy addresses the impact to Title IV recipients when there is an approved temporary interruption in a student’s program of study, which is referred to as an LOA.

**Return of Title IV Policy**

The Return of Title IV Policy addresses federal financial aid recipients who withdraw from the University and are subject to a Return of Title IV (R2T4) calculation. For the purpose of R2T4 calculation requirements, a recipient is a student who has actually received federal financial aid funds or has met the conditions that entitled the student to a late disbursement of federal financial aid funds. The University is required to review the amount of federal loan and grant aid a student received for the payment period, to determine what percentage of federal financial aid the student earned prior to withdrawal. The percentage of federal financial aid determined to be unearned for the payment period must be returned to the appropriate federal financial aid program(s). For more information on the Return of Title IV, refer to the Return of Title IV policy in the Financial Aid Policies appendix.

**Tuition Refund Policy**

**Institutional**

The following provisions pertain to all refund policies applied by the University unless specifically stated otherwise. When a student begins a program under Applicant (RR) status, pending the completion of the student admission file, and is subsequently denied admission, the student is eligible for a full tuition refund. The University does not refund tuition for any completed course. A tuition refund can be requested in writing from a local campus. Students who withdraw from a course prior to the start date will receive a 100% refund for that course. Students who have completed 60% or less of the course are eligible for a pro-rata refund. The pro-rata refund percentage will be calculated by dividing the number of weeks remaining by the total number of weeks in the course.¹

Here are a few examples of common course lengths:

<table>
<thead>
<tr>
<th>Weeks Attended</th>
<th>Refund for 5-Week Course</th>
<th>Refund for 6-Week Course</th>
<th>Refund for 7-Week Course</th>
<th>Refund for 9-Week Course</th>

</tbody>
</table>

¹ Attendance for doctoral residency is submitted after the student has attended and completed all days in the residency.
Unearned Tuition Assistance

In alignment with the Department of Defense Memorandum of Understanding (DOD MOU), the University has a policy that returns any unearned tuition assistance (TA) funds on a proportional basis through at least the 60% portion of the period for which the funds were provided.

This policy applies to military service members who receive military Tuition Assistance.

The University will return unearned tuition to the applicable military service as follows:

a. If a student does not begin attendance at the University, start a particular course, or the course is cancelled by the University, the University will return 100% of any TA funds received.

b. If a student withdraws from a course TA funds received by the University will be returned on a pro-rata basis based upon the student's last date of attendance, also known as LDA. The last date of attendance will be used to determine the number of weeks the student attended the course. Once the last date of attendance has been determined, the University will calculate the pro-rata percentage by dividing the number of weeks remaining by the total number of weeks in the course. Examples based on course length include:

**Attendance for 5 week course**
- Attend 1 Week - 80% Returned
- Attend 2 Weeks - 60% Returned
- Attend 3 Weeks - 40% Returned
- Attend 4 Weeks - No Return

**Attendance for 6 week course**
- Attend 1 Week - 83% Returned
- Attend 2 Weeks - 67% Returned
- Attend 3 Weeks - 50% Returned
- Attend 4 Weeks - No Return

**Attendance for 9 week course**
- Attend 1 Week - 89% Returned
- Attend 2 Weeks - 78% Returned
- Attend 3 Weeks - 67% Returned
- Attend 4 Weeks - 56% Returned
- Attend 5 Weeks - 44% Returned
- Attend 5 Weeks - No Return

In instances when a Service member stops attending due to a military service obligation, the University will work with the affected Service member to identify solutions that will not result in student debt for the returned portion.

c. Unearned tuition assistance funds will be returned to the service unless otherwise directed in writing by the Department of Defense or Service.

State

If a student attends a class in one of these states, the specific state refund policy will be applied in addition to the University Institutional Refund Policy. In the event that there is a conflict in the policies, the state policy will supersede the general University policy, unless the University policy is better for the student's situation. These policies are outlined below.

**Arizona**

Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement. Otherwise, students in Arizona will have tuition refunded using the University Institutional Refund Policy.

**California**

Students in the state of California will have tuition refunded using the University Institutional Refund Policy with the following exception:

- Students have the right to cancel the Enrollment Agreement and obtain a refund of charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later.

- To cancel enrollment, the student must submit a written request postmarked on or before the applicable time period to the campus services operations manager at the appropriate address listed below:

  - Refund administrative address for students attending any of the five California campuses (Southern California, San Diego, Bay Area, Central Valley and Sacramento Valley):
    University of Phoenix
    3110 E. Guasti Road
    Ontario, CA 91761
  - Refund administrative address for California residents attending Online:
    University of Phoenix
    4035 S. Riverpoint Pkwy.
    Phoenix, AZ 85040

**Florida**

Students in the state of Florida will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.

- The University will retain $45 of the application fee for students who withdraw from the University prior to the start of their program and after the three-day cancellation period.

- Refunds will be paid within 30 days of a student's official withdrawal.
Georgia
Students in Georgia will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- Students providing written notification of withdrawal prior to the first class session or who have been out of attendance for more than 14 days will receive a full refund of tuition paid for the unattended course.
- Refunds are paid within 30 days of a student’s official withdrawal.
- A student who is out of attendance for more than 14 days is considered withdrawn from the course.

Louisiana
Students in the state of Louisiana will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid, except the application fee, which is nonrefundable.
- Refunds will be paid within 30 days of a student’s official withdrawal.
- The University may retain an administrative fee, not to exceed 15% of total tuition and fees paid.

Nevada
Students in the state of Nevada will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- Refunds are paid within 30 days of a student's official withdrawal.
- The University may retain an administrative fee, not to exceed 15% of total tuition and fees paid.

Virginia
Students in the state of Virginia have three business days, excluding weekends and holidays, during which enrollment may be cancelled without financial obligation other than a nonrefundable fee not to exceed $100 for expenses related to processing the student’s enrollment.

Online
Online students will be subject to the Arizona refund policy. Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement. Otherwise, students will have tuition refunded using the University Institutional Refund Policy.

Consumer Policies and Codes of Conduct
University of Phoenix Online Policies and Codes of Conduct

Access to Education Records
University student records are confidential for all schools receiving funding under programs administered by the U.S. Department of Education in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974. Generally, information pertaining to a student record is not to be released to a third party without written or authorized electronic consent via a FERPA release form, judicial order or lawfully issued subpoena.

The University is required to provide students a copy of its FERPA policy annually and upon written request from students. Current students can obtain a copy of the FERPA policy in the appropriate online Academic Catalog at https://www.phoenix.edu/programs/degree-programs/academic-catalog.html

Under FERPA, a student is defined as an individual who is or has attended an educational institution. Students with at least one academically related activity (or one positive attendance “Y” posted, whichever happens sooner) in a university course are considered students at University of Phoenix.

Note: University Orientation Workshops are not considered university courses.

Exception: The Student Health Insurance Plan Enrollment/Acknowledgment form completed by local campus students in New Jersey is defined as an education record.

Records created after the student is no longer a student; alumni records

University of Phoenix, 2018-2019
**Releasable Information - Directory**

In compliance with FERPA, a University-designated representative without prior written or authorized electronic consent of the student can release the following educational record information, provided the student does not have a FERPA Hold Request form on record.

- Student name
- Home address
- Email address
- Home telephone number
- Year of birth
- Dates of attendance at the University
- Dates of admission to the University
- University programs of study
- University degree completion dates and type of degrees earned
- Current enrollment status
- Most recent previous institutions attended and degree(s) earned
- Grade level (freshman, sophomore, junior or senior)
- Photographs
- Honors and awards received
- Participation in officially recognized activities

**Exception:** If a student submits written or authorized electronic requests via a FERPA Hold Request form that directory information not be released to a third party, no information can be released, absent a judicial order or a lawfully issued subpoena. A FERPA Hold Request is valid throughout the student’s enrollment.

To add a FERPA Hold Request, the student must complete and submit a FERPA Hold Request form to the Registrar’s Office. For a student to remove a FERPA Hold from their record, the student will need to fill out a FERPA Hold Release form. For a student to remove previously authorized parties from his or her record, the student would complete a FERPA Release Rescind form listing any/all parties to which that information should no longer be released.

**Information Not Released - Non-Directory**

Information that must not be released:

In compliance with FERPA, the following student information shall not be released by the University without prior written or authorized electronic consent of the student, a judicial order or a lawfully issued subpoena. The student’s signature on the written requests shall be verified before acting upon the request.

- Place of birth*
- Month and day of birth*
- Social Security number (SSN), individual record number (IRN) or personal identification number (PIN)**
- Grades or grade point averages
- Course schedules
- Employment information including: employer, position held, work address or work telephone number
- Academic performance information, such as academic suspension, probation disqualification or academic dishonesty charges
- Admission information, including test scores or entry grade point averages
- Financial and accounting information
- Gender*
- Race*
- Ethnicity*
- Citizenship*
- Country of origin*

**Note:** Non-directory information can only be released to third parties via telephone or in person if the student has provided written or authorized electronic consent including a security word. If the student does not complete the release information, including security word, information is not released via telephone or in person.

**Note:** All third parties, including parents, with inquiries require a FERPA Release form on file unless the third party meets one of the definitions under FERPA allowing access without prior written or authorized electronic consent from the student.

* Although this information may be disclosed without prior written consent according to FERPA, the University policy is to maintain the confidentiality of this student information.

** Student IRN, SSN or PIN numbers generally should not be released to a third party, unless necessary to perform a required task (e.g., Student Financial Agreement, FBI request, etc.).

**Exceptions:** The University may release personally identifiable information (PII), directory and non-directory information without the student’s consent under the following conditions:

- School officials with legitimate educational interests, which include any University employee acting within the scope of her or his University employment, and any duly appointed agent or representative of the University acting within the scope of his or her appointment
- Person or company with whom the University has contracted as its agent acting as a school official to provide a service instead of using University employees or officials such as Apollo Education Group, NenNet Scholarship Management, Apmus, Protiviti, ACS, National Student Clearinghouse, iParadigms, LLC, Taylor Corporation, Education Sales Management, Double Positive, Hills Consulting Group, SCRIP-SAFE, Student Outreach Solutions, i3, InsideTrack, Salesforce, Iron Mountain, Cenveo, IntraEdge, ITC Info Tech, Western International University, Vocado, iGrad, Google, HCL Technologies, Regent Education, TK20, College Board, Loan Science, Civitas and other services.
- Collection agencies (States Recovery Systems, FMS, CBE Group and Resolution Assets Services).
- Other schools to which a student seeks or intends to enroll
- Specified officials for audit and evaluation purposes
- Appropriate parties in connection with financial aid to a student (The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following: eligibility for aid, amount of aid, conditions for aid and/or enforcement of terms and conditions of the aid.)
- Organizations conducting studies for, or on behalf of, the school
- Accrediting organizations
- Authorized representatives of the Comptroller General of the United States, Secretary of Education, or state and local educational authorities
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, pursuant to state law
- To appropriate officials to comply with federal law (e.g., the USA Patriot Act, Solomon Amendment, SEVIS program)
- Under the Campus Sex Crime Prevention Act, institutions are permitted to disclose information concerning registered sex offenders who are required to register under the Violent Crime Control & Law Enforcement Act.
The institution may disclose the results of a disciplinary proceeding if the student is an alleged perpetrator of a crime of violence or nonforcible sex offense and he or she has been found to have violated the institution’s policies and procedures with respect to the allegation. Disclosures may only be made if the institution determines the student did violate its policies and such disclosures must only include the name of the student, violation committed and any sanction imposed by the institution against the student.

The institution must, upon written request, disclose to the alleged victim of a crime of violence, or a nonforcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution must provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions.

If a student initiates legal action against an educational institution, the institution may disclose to the court, without a court order or subpoena, the student’s education records that are relevant for the institution to defend itself.

The disclosure is to parents of a dependent student as defined in Section 152 of the Internal Revenue Code or to parents of students under the age of 21 when laws or university policies regarding alcohol or drugs are violated.

A person or company that University of Phoenix is contracted with as its agent to perform a service and/or benefit such as healthcare insurance and coverage.

A school official is defined as:
- A person employed by the University in an administrative, supervisory, academic, research or support staff position.
- A person employed by or under contract to the University to perform a task.
- A person serving on an institutional governing body or committee.

A school official has a legitimate educational interest if:
- Performing a task specified in his or her job description or contract.
- Performing a task related to a student’s education.
- Providing a service or benefit related to a student or a student’s family.
- Representing a school in which a student seeks to enroll.
- Disclosing information to federal and state authorities auditing compliance of federal or state support programs.
- Disclosing information in connection with financial aid, to determine financial aid eligibility, amount of aid, conditions for the aid, or to enforce the terms of conditions of the aid.
- Disclosing information to state and local officials to whom this information is specifically allowed to be disclosed pursuant to state laws if the allowed disclosure concerns the juvenile justice system and the system’s ability to effectively serve the student whose records are released.
- Performing studies on behalf of educational institutions.
- Disclosing information to accrediting organizations carrying out their function.
- Complying with a judicial order or lawfully issued subpoena provided notification to the student is made before complying with the subpoena.

The University can disclose personally identifiable information (PII), directory and non-directory, without student consent if the disclosure meets one of the following conditions:
- This disclosure is to other school officials, whom the University determines have legitimate educational interests.
- The disclosure is to officials of other schools where the student seeks or intends to enroll.
- The disclosure is, subject to requirements of 34 CFR 99.35, to authorized representatives of the Comptroller General of the United States, Secretary, or state and local educational authorities.
- The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following:
  - Eligibility for aid
  - Amount of aid
  - Conditions for aid
  - Enforce terms and conditions of the aid

Financial aid means a payment of funds (or a payment in kind of tangible or intangible property to the individual) that is conditioned on the individual’s attendance at an educational agency or institution [authority: 20 U.S.C.1232g (6)(1)(O)].

Students requesting demographic or PII on other University of Phoenix students for survey or research purposes must contact the appropriate director of operations and Academic Affairs after it has been approved through the University’s Human Subjects Committee and/or Committee on Research as appropriate.

The University shall retain a record of disclosure of student information disclosed to a third party. This information will be stored on the University computer system and will contain dates, names and reasons for release. Students shall have reasonable access to their educational records, may request to review their educational records and may challenge the contents of their educational records if they feel the contents to be inaccurate, misleading or otherwise in violation of their privacy or other rights.

Student Right to Access

Students wishing to review their educational records shall submit a written request to the Registrar specifying the records to be reviewed. Only records covered by FERPA will be made available. If necessary, the Registrar’s Office will work with a campus designee so that the student can review the record.

FERPA regulations require the University to comply with the students’ right to inspect and review their academic records by responding within 45 days from the time the University receives a written request to access their records. However, the Registrar’s Office will respond to students’ requests to review their records within 14 days from receipt of the request. Students should submit their request to the University Registrar and specify the record or records they wish to have a copy of or to inspect.

Students who wish to review their records at a campus location must present photo identification before access to educational records is allowed. For copies of records from a student’s file, the student must fill out and submit the Student Request for Information from Files form. Distance education students must submit a written request specifically outlining which record they would like to review.

A designated University official must be present when a student wishes to review his or her records at a campus location. This
includes documents on file or student history notes that do not reference other student information. Printed files requested by the student and mailed from the Registrar's Office will not include history notes from any record systems.

Procedure
Students alleging that their University records are inaccurate or misleading, or who allege violations of FERPA, may present their challenges to the University Registrar.

Students have the right to correct record-keeping errors, but not to seek to overturn administration decisions and assessments. The Registrar shall review students' challenges and, when appropriate, amend students' records accordingly. Students will be notified within 14 days of the Registrar's actions and, based on the action, may request a formal hearing.

If the University denies the request to change the record, the Registrar will notify the student within 14 days of the decision and advise the student of his or her right to challenge the information. A student's request for a formal hearing must be made in writing and submitted to the Registrar's Office. The Registrar will arrange for a hearing, and notify the student within 14 days from the receipt of the request of the date, place and time of the hearing. Students may present relevant evidence and may be assisted or represented at the hearings by one or more persons of their choice, including an attorney, at the student's expense.

The University shall be represented by a hearing panel appointed by the Registrar. The panel will be comprised of individuals that do not have a direct interest in the outcome of the hearing. The panel shall consider all relevant evidence supporting students' allegations of inaccurate or misleading information in students' records. Decisions of the panel will be final.

The University will provide a written decision within 14 days of the hearing based on evidence presented at the hearing, and will include a summary of evidence presented and the rationale for the decision.

If the University decides that the challenged information is not misleading, inaccurate or in violation of the student's privacy rights, it will notify the student within 14 days of his or her right to place in the record a statement commenting on the challenged information or a statement of reasons for disagreeing with the decision. The statement will be maintained as a part of the student's record as long as the contested portion is maintained. If the University discloses the contested portion of the record, it must also disclose the statement.

If the University decides the information is inaccurate or in violation of the student's right of privacy, it will amend the record and notify the student within 14 days, in writing, that the record has been amended.

Exception: Students may not inspect and review the following absent a judicial order or legally issued subpoena:

- Confidential letters and recommendations for which they have waived their rights of inspection
- Educational records containing information about more than one student

- (Access is permitted only to that part of the record concerning the inquiring student.)
- Records of instructional, supervisory, administrative and certain educational personnel,
- which are in the possession of the originator
- Records connected with an application to attend the University if the application was denied

(For example, a student is enrolled in an undergraduate program and applies for admission to a graduate program but is denied.) University of Phoenix cannot deny students access to their records. Copies do not need to be provided, unless by not providing copies, the students' rights are denied.

Exception: The University may release foreign transcripts to students.

Rationale: Original transcripts from institutions in other countries may be difficult or impossible for students to replace.

The University reserves the right to deny transcripts or copies of records not required to be made available by FERPA in any of the following situations absent a judicial order or legally issued subpoena:

- The student is not in compliance with his or her UOPX financial plan.
- There is an unresolved disciplinary action against the student.
- Transcripts will be issued as an exception to the above if one of the two following exception criteria is met:
  - A student has filed for bankruptcy and has provided UOPX with a copy of the bankruptcy petition filed with the courts.
  - A student has graduated from a previous UOPX program on record as that student had previously satisfied his or her financial obligation for that program.

If a student believes he or she qualifies for one of the aforementioned policies or exceptions but is unable to order a transcript on the University student website, the student should contact the Admissions and Records Service Center at 800.866.3919 for assistance.

Students have the right to file a complaint with the FERPA. Inquiries should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-5920

For a period of 25 years following the death of a student, education records of deceased students may only be released to the executor of the estate (written authorization required) or immediate family members (notarized affidavit required) defined as: spouse or legally recognized domestic partner, parents, children (over the age of 18) and siblings. Beyond this time, requests for these records may be released to anyone after review and approval from the Registrar's Office.

The University is required to provide students a copy of its FERPA policy annually and upon written request from the student.

Solomon Act

University of Phoenix complies with the Solomon Act, which provides certain information to military recruiters. Information that may be released includes the following:

- Student name
- Home address
- Telephone listing
- Age (date of birth)
• Level of education
• Academic major
If available, the following information will also be provided:
• Email address
• Degrees received
• Most recent educational institution attended

Gainful Employment Disclosures
Disclosures regarding University programs related to gainful employment are provided on the program home page for each eligible program. Each program home page is linked to gainful employment information specific to that program. For more information about gainful employment disclosures for active open enrollment programs, visit http://www.phoenix.edu/programs/gainful-employment.html. For more information about gainful employment disclosures for closed for enrollment, retired programs, visit http://www.phoenix.edu/programs/gainful-employment/retired-programs.html

Student Loan Code of Conduct
The University protects students with established loan policies. University of Phoenix follows federal regulations that govern student loan requirements. The Student Loan Code of Conduct at http://www.phoenix.edu/tuition_and_financial_options/student_loan_code_of_conduct.html creates and maintains uniform student loan practices that focus on the best interest of student borrowers. It also manages relationships between school employees, learning institutions, lender advisory board members and student loan organizations.

University of Phoenix encourages students to review the Student Loan Code of Conduct at http://www.phoenix.edu/tuition_and_financial_options/student_loan_code_of_conduct.html to learn about loan regulations.

Consumer Privacy Policy
Summarized below are key elements of the University Privacy Policy. The full version of the policy is available at http://www.phoenix.edu/copyright-legal/privacy_policy.html

Scope of Privacy Policy
This policy applies to website visitors, current and potential students, alumni and any other user of services offered through our Sites including any websites or mobile applications operated by or on their behalf. This policy applies to both online and offline collection, storage, processing and transfer of personal information. However, certain Sites or services may be subject to additional privacy policies or privacy disclosures relating to the services provided on the Site(s) (collectively "Additional Policies").

Information Collected
We collect various types of information through our Sites and other websites where you can express interest in our services, through our mobile applications, over the phone and in person where print materials and digital technology may be used to collect information from you. Some information is collected automatically through various web and Internet technologies, including Social Networking tools used by your University to foster communication and collaboration among members of our community. Other information is collected when you provide it in response to an advertisement, a survey or a request for information; apply for admission or financial aid; register for classes; order educational or other products and services; set up a social network or other site profile; or use one of our career resources, learning assessments, or other interactive tools. We may also obtain information from other sources and combine that with information we collect about you.

Information Uses
We will not sell, rent or lease your personal information to others except as provided in this policy. We may collect, use and disclose personal information for the following purposes:

• To determine your admissibility and to register you for your selected educational programs
• To contact you regarding your status with the University
• To provide requested products and services
• To respond to your inquiries and provide customer support
• To administer promotions in which you have indicated an interest
• For our internal marketing purposes, which includes, but is not limited to, sending you material about products, services, updates, etc. that we think may be of interest to you
• For fostering communication and collaboration among members of your University community through social networks
• For sharing with our Educational Partners who may contact you with respect to their educational or other services
• For sharing with our Educational Partners or Business Associates who are performing services on our behalf
• To analyze how Sites and services are being accessed and used
• For investigation of information security and information asset protection-related incidents
• To test, correct and improve our content, applications and services
• To develop new applications, products and services
• For Online Behavioral Advertising purposes
• To improve student retention, site and service performance, user experience and delivery
• To prevent potentially illegal activities (including illegal downloading of copyrighted materials in accordance with our Copyright Infringement Policy)
• To investigate suspicious information that denotes illegal activity such as financial aid fraud
• To analyze academic and learning outcomes and preferences
• For external academic research and scholarship
• To analyze risk and business results
• To obtain payment for services that we provide to you
• To provide you with information concerning arrangements and other options for the repayment of funds loaned to you for your education
• To maintain business records for reasonable periods
• To enforce our Terms of Use, http://www.phoenix.edu/copyright-legal/terms_and_conditions.html
• To provide to Educational Partners, Business Associates or Unrelated Entities in connection with the contemplated or actual reorganization, merger, acquisition, financing, securitization, insuring, sale or other disposal of all or part of our business or assets, including for the purposes of determining whether to proceed with such transaction or fulfilling any records or other reporting requirements to such parties. In the event of any actual reorganization, merger or acquisition, such information may be transferred as part of the transaction to the acquirer.
• And/or as may be required or permitted by legal, regulatory, industry self-regulatory, insurance, audit or security requirements applicable to University of Phoenix, our Educational Partners or our Business Associates.

Your Rights and Choices
Marketing Communications
If you do not wish to receive marketing email communications or direct mail communications from us, you may express your choice where indicated on the applicable email or other communication, or cut and paste this link into a browser: http://www.phoenix.edu/about_us/contact_us/unsubscribe.html
If you do not wish to receive marketing telephone calls or mailings, you may express your choice to opt out by emailing Office.ComplianceUOPX@phoenix.edu
If you do not wish to receive text messages, reply STOP to cancel future text messages. By sending STOP, you agree to one additional confirmation message stating that you’ve opted out and will no longer receive text messages from University of Phoenix. To get help, text HELP. You may also get additional support or help by sending an email to TextMsgSupport@phoenix.edu or by calling 866.766.0766.
Under California’s Shine the Light law, Cal. Civ. Code § 1798.83, we provide California residents the ability to opt out of disclosures to Educational Partners for direct marketing purposes. To opt out of these disclosures at no cost, email Office.ComplianceUOPX@phoenix.edu

Do Not Track and Online Behavioral Advertising
University of Phoenix does not itself respond to web browser-based DNT signals.
We or our Business Associates may use data collected on this site for Online Behavioral Advertising purposes, e.g., to customize ads to you on other websites as you browse the web. If you do not want your browsing behavior on the sites to be collected for Online Behavioral Advertising purposes, visit http://info.evidon.com/pub_info/184

Other Collection, Use and Disclosure
You may be able to opt out of our collection, use and disclosure of your personal information in other situations subject to applicable contractual, academic, legal or technical restrictions and reasonable notice. Note that if you opt out of certain uses of your personal information, we may no longer be able to provide certain products or services. For more information on your ability to opt out, email Office.ComplianceUOPX@phoenix.edu

Other Important Information
We will take commercially reasonable measures to secure and store your information to protect against the loss, misuse and alteration of the information under our control. We utilize industry-standard security measures when accepting your credit card information during your registration or other transaction you have initiated with us, as well as whenever we ask you to log in to any of our sites.
If you become a student, your educational records are subject to the U.S. federal Family Education Rights and Privacy Act (FERPA), state laws and your University policies. To obtain a copy of the “Students’ Rights to Privacy and Access to Educational Records” policy, visit http://www.phoenix.edu/about_us/regulatory/consumer-information.html

Contact Information for Filing Complaints

State Authorization Reciprocity Agreement (SARA)
University of Phoenix is approved by the National Council for State Authorization Reciprocity Agreement (NC-SARA) as a SARA member institution. (http://nc-sara.org). The University has reciprocity with other SARA states for its distance education programs. Please visit the NC-SARA website for the most current list of states that participate in SARA.
Online students residing in a SARA state may appeal a complaint to the Arizona SARA Council (AZ SARA) for review after exhausting the institution’s internal complaint process. SARA complaints must first be submitted internally for resolution through the University’s Office of Dispute Management. The Arizona SARA Council will not review complaints regarding student grades or student conduct violations. For more information visit the AZ SARA Council website (http://azsara.az.gov).
Online students should file external complaints with the Arizona State Board for Private Postsecondary Education

Contact Information:

Arizona: If the complaint cannot be resolved after exhausting the institution’s grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details. The State Board address is 1740 W. Adams, Ste. 3008, Phoenix, AZ 85007, telephone 602.542.5709, website address: www.ppse.az.gov.
California: The student may contact the California Bureau for Private Postsecondary Education, C/O Department of Consumer Affairs, PO Box 980818, W. Sacramento, CA 95798-0818; telephone 916.431.6959, 888.330.7589.
Colorado: The student may contact the Colorado Department of Higher Education, Office of Private Postsecondary Education, 1560 Broadway Road, Suite 1600, Denver, CO 80202; telephone 303.862.3001.
Florida: The student may contact the Commission for Independent Education, 325 West Gaines Street, Suite 1414, Tallahassee, FL.
Copyright Infringement and Peer-to-Peer File Sharing Policy

Copyright Law and Infringement

Copyright is a form of legal protection provided by U.S. law, Title 17 U.S.C. §512(c) (2), which protects an owner’s right to control the reproduction, distribution, performance, display and transmission of a copyrighted work. The public, in turn, is provided with specific rights for fair use of copyrighted works.

Copyrighted works protect original works of authorship and include:
- Books, articles and other writings
- Songs and other musical works
- Movies and television productions
- Pictures, graphics and drawings
- Computer software
- Pantomimes and choreographic works
- Sculptural and architectural works

Copyright law provides the owner of a copyright the exclusive right to do the following:
- Reproduce the work in copies
- Prepare derivative works based upon the work
- Distribute copies of the work to the public by sale or other transfer of ownership, or by rental, lease, or lending
- Perform the work publicly
- Display the copyrighted work publicly
- Perform the work publicly by means of a digital audio transmission in the case of sound recordings
17 U.S.C. § 501(a) states, “Anyone who violates any of the exclusive rights of the copyright owner is an infringer of the copyright or right of the author.” Generally, under the law, one who engages in any of these activities without obtaining the copyright owner’s permission may be liable for infringement.

Specific information on copyright law and fair use may be found at the following sites: The U.S. Copyright Office: http://www.copyright.gov

The Electronic Frontier Foundation fair use frequently asked questions Peer-to-Peer File Sharing

Peer-to-Peer (P2P) file sharing is a general term that describes software programs that allow computer users, utilizing compatible P2P software, to connect with each other and directly access digital files from one another’s hard drives. Many copyrighted works may be stored in digital form, such as software, movies, videos, photographs, etc. Through P2P file sharing it has become increasingly easy to store and transfer these copyrighted works to others, thus increasing the risk that users of P2P software and file-sharing technology will infringe the copyright protections of content owners.

If P2P file-sharing applications are installed on your computer, you may be sharing someone else’s copyrighted materials without realizing you are doing so. As a user of the University network, recognizing the legal requirements of the files that you may be sharing with others is important. You should be careful not to download and share copyrighted works with others.

The transfer and distribution of these works without authorization of the copyright holder is illegal and prohibited.

Violations and Penalties under Federal Law

In addition to University sanctions under its policies as more fully described below, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or statutory damages affixed at not less than $750 and not more than $30,000 per work infringed. For willful infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense.

University Methods to Effectively Combat Unauthorized Distribution of Copyrighted Material and Student Sanctions

A student’s conduct in the University classrooms and websites is subject to and must fully conform to the University Student Code of Conduct policy, its Acceptable Computer Use for Faculty and Students policy and any other applicable University policies.

The University may monitor traffic or bandwidth on the networks utilizing information technology programs designed to detect and identify indicators of illegal P2P file-sharing activity. In addition to, or as an alternative, the University may employ other technical means to reduce or block illegal file-sharing activity. In addition to, or as an alternative, the University may employ other technical means to reduce or block illegal file-sharing activity.

The University will also provide for vigorous enforcement and remediation activities for those students identified through the University Digital Millennium Copyright Act policy as potential violators or infringers of copyright.

Disciplinary sanctions will be based on the seriousness of the situation and may include remediation based on a comprehensive system of graduated responses designed to curb illegal file sharing and copyright offenses through limiting and denial of network access or other appropriate means. These sanctions may be in conjunction with additional sanctions through the University Student Code of Conduct, its Acceptable Computer Use for Faculty and Students policy and any other University policy applicable to the particular situation.

Students who are subject to professional codes of conduct that apply to their enrollment at the University shall be sanctioned according to the requirements of the respective code.

Education and Awareness

The University uses a variety of means to inform students, faculty and other network users about copyright laws and the response to copyright infringement claims by the University.

The University informs its campus community through the Consumer Information Guide and other periodic communications that unauthorized distribution of copyrighted material, including unauthorized P2P file sharing, may subject students and faculty to civil and criminal liabilities and their possible extent.

The Consumer Information Guide, http://www.phoenix.edu/about_us/regulatory/consumer-information.html, is available on the University website, is provided to potential students and employees, and is sent by email on a yearly basis to current students, faculty and employees.
Legal Sources for Online Music and Videos

The legal sources for online music and videos are reviewed annually by University Legal Services. The following links are online sources that provide information on legal access to copyrighted music and videos:

EDUCAUSE is an association of colleges and universities, which maintains a list of legal media sources: http://www.educause.edu/legalcontent

The Recording Industry Association of America (RIAA), together with the Music Business Association (Music Biz), provides a current list of legal music sources:

Digital Millennium Copyright Act Policy (DMCA)

The University of Phoenix, in compliance with the federal Digital Millennium Copyright Act (DMCA), has established a mandated process for receiving notices of alleged copyright infringement and taking appropriate actions. Such actions may include terminating repeat infringers’ works.

The University computer networks, including its online library and classroom environment, are critical assets. Accordingly, University of Phoenix respects the rights of the copyright owners and expects its faculty, staff, students and other network users to comply with U.S. copyright laws. Federal law prohibits the reproduction, distribution, public display or performance of copyrighted materials over the Internet without permission of the copyright owner, except in compliance with fair use or other copyright applicable statutory exceptions. Please refer to the University’s Copyright Infringement and Peer-to-Peer File Sharing Policy for more information.

The DMCA provides that you may be liable for damages including attorneys’ fees if you materially misrepresent that an activity is infringing on the copyright of another. Therefore, the University recommends contacting an attorney if you are unsure whether a work is protected by copyright laws.

Pursuant to the DMCA, unless the University receives notification that legal action to seek a court order restraining the alleged infringer from further engaging in the infringing activity has been filed, upon receiving a valid counter notification, the University will:

• Provide the person who filed the original notification with a copy of the counter notice.
• Inform him or her that the material will be reinstated or access to it restored between 10 and 14 business days following receipt of the counter notice.

Process for Filing Notice of Alleged Infringement

Below is the process for filing a notification under the DMCA when an individual believes their work has been infringed upon. Notice must be given in writing to the designated agent as specified above and contain the following information:

• Identify in sufficient detail the copyrighted work that you believe has been infringed upon; for example, describe the work that you own.
• Identify the material that you claim is infringing on your copyright as set forth in number one and provide detailed information that is reasonably sufficient to locate the infringing item; for example, provide the link to the infringing material.
• Provide sufficient contact information: phone number, address and email address.
• If possible, provide information that allows the University to notify the alleged infringing party of notice of the alleged infringement.
• The following statement must be included in your notice: “I have a good faith belief that the use of the copyrighted materials described above and contained on the service is not authorized by the copyright owner, its agent or by protection of law.”
• The following statement must be included in your notice: “I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.”
• The notice must be signed.

Process for Filing Counter Notification of Alleged Infringement

The person or provider of the alleged infringing material may present a counter notification pursuant to the DMCA. Upon proper counter notification, the University may reinstate the removed content. Notice must be given in writing to the designated copyright agent as specified above and contain the following information:

• Identify the material that has been removed. This may include providing the location or the URL when possible.
• Provide your name, address, telephone number and email address if available.
• Provide a statement that you consent to the jurisdiction of Federal District Court for the judicial district in which you reside, or for any address outside the United States or any judicial district, in which the service provider may be found, and that you will accept service of process from the person who provided notification to the University of the alleged infringement or an agent of such person.
The University of Phoenix Annual Security Report is published annually by the University and is comprised of two parts, (1) the current Campus Safety Policies and (2) the Campus Crime Statistics for the last three calendar years.

### Campus Safety Policies

The University Campus Safety Policies at [http://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf](http://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf) have been prepared to increase the University of Phoenix community’s awareness of current programs that exist to protect its members’ safety and well-being and to satisfy the requirements of the Drug-Free Schools and Communities Act and the Clery Act. The information included relates to the following:

- Alcohol and other drugs prevention, health risks and counseling services
- Crime statistics
- Available counseling and assistance resources
- Crime prevention measures
- Reporting criminal activities
- Emergency mass notification
- Information related to campus safety programs
- Penalties and sanctions regarding the unlawful use, sale, possession or distribution of illegal drugs and alcohol
- Effects of alcohol and other drug use
- Prohibited use or distribution of alcohol and other drugs
- Safety and awareness
- Sex offender registry
- Sexual violence policy and prevention

The information is intended to provide a useful description of University of Phoenix campus safety policies; however, it is not intended to serve as a contractual agreement between the University and the recipient. Additionally, the University will disseminate and publicize, for each of its campus locations, crime statistics from the most recent calendar year and two preceding calendar years.

### Campus Crime Statistics

The Clery Act delineates the violations which need to be reported. The University of Phoenix Annual Security Report includes all Clery Act crimes reported to campus security authorities (CSAs), regardless of who reported, whether an investigation is initiated, or whether there is any decision by a court, prosecutor, or any other non-campus official unless it has been “un-founded” by law enforcement personnel. In addition, the University’s Annual Security Report includes any Clery crimes reported to local law enforcement collected by the Campus Safety Coordinator through an information request. The statistics cover crimes reported to the University over the previous three years that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus If a crime has occurred but has not been reported, it cannot be reflected in the following statistics. For this reason, University of Phoenix encourages everyone to report all crimes to a CSA reporting contact and local law enforcement agency.

The following Clery Act crimes meet definitions in the FBI’s Uniform Crime Reporting (UCR) Program. For the categories of Domestic Violence, Dating Violence and Stalking, definitions are provided by the Violence Against Women Act of 1994 and repeated in the U.S. Department of Education’s Clery Act regulations.

- Criminal Offenses - Murder and Non-Negligent Manslaughter, Manslaughter by Negligence, Rape, Fondling, Incest, Statutory Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft and Arson
- Hate Crimes - Any of the above-mentioned offenses (excluding Manslaughter by Negligence), and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias
- VAWA Offenses - Any incidents of Domestic Violence, Dating Violence and Stalking
- Arrests and Referrals for Disciplinary Action for Weapons - Carrying, Possessing, etc Law Violations, Drug Abuse Violations and Liquor Law Violations

University of Phoenix expressly reserves the right to modify or to adopt additional campus policies and procedures relating to campus safety, at any time, without notice.

### Statement of Policy on Sex Offender Registration

The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also mandates that sex offenders who are already required to register in a state provide notice of each institution of higher education in that state.
at which the offender is employed or is a student. This notice should be directed to the Campus Safety Coordinator at their local campus.

To learn the identity of registered sex offenders on or near a campus, or anywhere in the United States, visit the Sex Offender databases at http://www.sxoffender.com and http://nsopw.gov/

You can search by city, county or ZIP Code This information is collected by other agencies, and this institution cannot guarantee this information is correct or complete The database link is provided to comply with the Clery Act and for campus safety purposes only It should not be used to intimidate, threaten or harass Misuse of this information may result in prosecution.

Florida Sexual Predator and Sexual Offender Registry

The University of Phoenix Campus Safety website at http://www.phoenix.edu/about_us/campus-safety.html provides a link to the Florida Department of Law Enforcement (FDLE) sexual predator and sexual offender registry website at http://offender.fdlr.state.fl.us/offender/homepage.do and toll-free telephone number, 1-888-357- 7332 (TTY/TTD users dial 711 to connect with the telecommunications relay service) These give access to Florida sexual predator and sexual offender public information, including a database to search for offenders employed or enrolled at Florida universities.

Emergency Mass Notification Policy

University of Phoenix (UOPX) maintains emergency management policies, procedures and systems to protect lives and property, and to continue necessary critical functions and essential services. An emergency is defined as a situation that poses an immediate threat to the health or safety of someone in the UOPX community at a UOPX site or that significantly disrupts UOPX's normal course of business.

The Emergency Mass Notification process includes emergency escalation procedures, mass notifications, and supporting systems. In an emergency, dangerous or otherwise high-risk situation at a UOPX site, these processes enable UOPX to without delay and taking into account the safety of the community determine the content of the notification and initiate the notification system to students, faculty and staff, including those who are enrolled at UOPX unless issuing the notification system will, in the professional judgement of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The policy can be viewed in its entirety in the Campus Safety Policies at http://cdn assets-phoenix.net/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf

Campus Safety Contact List

To help ensure the safety of the University community, the University has campus security authority (CSA) reporting contacts, including a designated Campus Safety Coordinator on every local campus.

Below are the persons to whom students, faculty and staff should report crimes. Visitors and others not associated with the University can also contact these CSA reporting contacts to report crimes.

Campus Safety Coordinators

Find your Campus Safety Coordinator's name and contact information at: https://www.phoenix.edu/about_us/campus-safety/campus-safety-contact-list.html

Alcohol and Other Drug Abuse Prevention

The U.S. Department of Education requires institutions of higher education to implement an alcohol and other drug abuse prevention and awareness program for their students and employees University of Phoenix abides by the federal regulations for the Drug Free Workplace Act and the Drug Free Schools and Communities Act regardless of individual state legalization.

Students, faculty, and staff are expected to conduct themselves ethically, honestly and with integrity as responsible members of the University's academic community Any member of the University community found consuming or selling alcohol and other drugs on University property is subject to disciplinary action up to and including dismissal from the University, depending on the seriousness of the situation Policies and programs concerning alcohol and other drugs, including health risks, penalties, and counseling and assistance resources can be viewed in the Campus Safety Policies at https://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf

Prohibition of Illicit Drug Use, Underage Drinking, and other Violations of Alcohol and other Drug-Related Policies

The University's Codes of Conduct clearly state that the unlawful manufacture, sale, delivery, unauthorized possession, or use of any illicit drug is prohibited on property owned or otherwise controlled by the University. The University enforces a "zero tolerance" policy regarding underage drinking and will enforce state underage drinking laws on its campus premises (Note: the minimum legal drinking age in the United States is 21 with the exception that in Puerto Rico the minimum legal drinking age is 18). If any individual is found violating any alcohol or other drug-related law while at a University location or activity, the University will fully cooperate with federal and state law enforcement agencies.

Institutional Sanctions for Alcohol and Drug Violations

The University abides by local, state and federal sanctions regarding unlawful possession of drugs and the unlawful consumption of alcohol. Any member of the University community found consuming or selling alcohol and other drugs on University property is subject to disciplinary action up to and including dismissal from the University, depending on the seriousness of the situation. Consistent with local, state and federal sanctions, the University may impose a disciplinary sanction to students, faculty or employees requiring the completion of an appropriate rehabilitation program. Failure to comply with disciplinary standards could result in sanctions up to and including expulsion or termination of employment and referral for prosecution, for violation of the standards of conduct.

Federal Financial Aid Penalties for Drug Violations

According to the Higher Education Act (HEA), students convicted for a drug offense that occurred during a period of enrollment while they were receiving federal financial aid may lose eligibility for federal aid. Federal aid includes Federal Pell and FSEOG Grants, Federal Work Study, Federal Perkins Loans, Federal Stafford Loans, Federal PLUS Loans, Graduate PLUS Loans and other financial assistance.

The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense. If the

58
student answers "yes" to the question, then he or she will be sent a worksheet by the federal processing center in order to determine whether the conviction affects eligibility for aid. Should the financial aid office be notified that a student has been convicted of sale or possession of illegal drugs, financial assistance will be suspended immediately. If a conviction was reversed, set aside or otherwise rendered invalid, it does not count. Convictions occurring during periods of non-enrollment also do not count. In addition, any conviction received as a juvenile does not count, unless the student was tried as an adult.

Failure to answer the question automatically disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines, imprisonment or both.

Penalties for Drug Convictions
A federal or state drug conviction can disqualify a student for Federal Student Aid (FSA) funds. Convictions only count against student eligibility if they were for an offense that occurred during a period of enrollment for which the student was receiving FSA and they do not count if the offense was not during such a period, unless the student was denied federal benefits for drug trafficking by a federal or state judge. Also, a conviction that was reversed, set aside or removed from the student’s record does not count nor does any conviction received as a juvenile count unless the student was tried as an adult.

POSSESSION OF ILLEGAL DRUGS
- First offense: Loss of eligibility for federal financial aid for one year from the date of conviction.
- Second offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Third offense and subsequent offenses: Indefinite ineligibility for federal financial aid from the date of conviction.

SALE OF ILLEGAL DRUGS
- First offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Second offense and subsequent offenses: Indefinite ineligibility from the date of conviction.

The student may regain eligibility the day after the period of ineligibility ends.

If the student was convicted of both selling and possessing illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

How to Reduce the Period of Eligibility or Regain Eligibility
The student may shorten the period of ineligibility by:
- Successfully completing an approved drug rehabilitation program that includes passing two unannounced drug tests;
- Having the conviction reversed, set aside or otherwise rendered invalid.

Students who regain eligibility during the award year should notify the financial aid office immediately so that they might receive any eligible financial aid which they are entitled to receive. It is the student’s responsibility to certify that a rehabilitation program was successfully completed, as with the conviction question on the FAFSA, the University is not required to confirm the reported information unless conflicting information is determined.

Qualified Drug Rehabilitation Program
A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:
- Be qualified to receive funds from a federal, state or local government agency or program, or from a state-licensed insurance company, or
- Be administered or recognized by a federal, state or local government agency or court, or by a state-licensed hospital, health clinic, or medical doctor.

Convictions for Offense That Occurred During Enrollment
Federal regulations require an enrolled student convicted of a drug offense after receiving federal financial aid to notify Student Financial Services immediately. The student may be ineligible for further aid in that academic year and required to pay back all federal aid received after the date of the conviction. Student Financial Services will work with the student regarding all of the available options.
APPENDIX- FINANCIAL AID POLICIES

Academic Year Definition Policy

Overview
The Academic Year Definition Policy provides the defined academic year for each program (by credential level) offered by the University.

Policy
A student’s academic year begins with the first eligible course of a degree program and ends when the student successfully completes the credits and weeks of instructional time requirements. A week of instructional time is a week (a consecutive seven day period) in which one day of instruction occurs. Instructional time does not include periods of vacation, orientation, or homework.

The University defines its academic years as follows:
- Undergraduate Certificate Programs are a minimum of 24 credits and 40 weeks of instructional time
- Graduate Certificate Programs are a minimum of 24 credits and 48 weeks of instructional time
- Associate Programs (9-week model) are a minimum of 24 credits and 36 weeks of instructional time
- Associate Programs (5-week model) are a minimum of 24 credits and 40 weeks of instructional time
- Bachelor Programs are a minimum of 24 credits and 40 weeks of instructional time
- Masters Programs are a minimum of 24 credits and 48 weeks of instructional time
- Doctoral Programs are a minimum of 24 credits and 48 weeks of instructional time

Students who take more than one course at a time or have courses with overlapping instructional weeks may complete the minimum number of credits (24) prior to completing the required weeks of instructional time. In order for a student to complete the academic year, both credits and weeks of instruction must be met. Therefore, students may need to complete additional weeks to successfully complete the academic year definition.

Example:
A student is enrolled in a Bachelor program and has two courses that overlap by one instructional week. The student would be completing 24 credits in 39 weeks; however, the academic year definition is a minimum of 24 credits and 40 weeks. Therefore, the academic year would not be over until the student completes at least one more week of instructional time. In order to do this, the student must complete at least one additional week in the subsequent course.

Overlapping Academic Years

An academic year that begins before a prior academic year has ended is considered an overlapping academic year. This most commonly occurs when a student starts with the University after recently attending a different institution, when a student completes a prior program at the University and begins another program, or when a student changes programs at the University. Students in these scenarios should contact Student Financial Services at StudentFinancialServices@phoenix.edu or at 1-888-346-8679 to determine if they have overlapping academic years and if their financial aid eligibility will be impacted. For further information on these specific types of scenarios, please refer to the Transfer Policy.

Allowable Charges Policy

Overview
Federal regulations stipulate that when an institution disburses federal financial aid funds to a student by crediting the student’s account, it may do so only for allowable charges. Student or parent authorization is required to apply disbursed federal financial aid funds to an allowable charge. The Allowable Charges Policy defines what those allowable charges are at the University.

Policy

Allowable Charges
The University defines allowable charges as follows:
- Tuition (including tuition for directed study and state sales tax) and mandatory institutional fees
- Electronic course materials fees and books (eResource Fee)
- By using the ED MAP Book Voucher, the student has authorized the use of federal financial aid funds for the book charge. If the student chooses not to use the book voucher, the authorization is no longer valid
- California Student Tuition Recovery Fund (CA STRF), if applicable

Prior-Year Charges
If a student owes allowable charges from a prior loan period, the University will use current loan period Direct Loan funds, not to exceed $200, to pay those charges. The University does not apply any other type of federal financial aid funds (e.g., Pell and FSEOG) to allowable charges for any prior loan period. (Refer to the Federal Financial Aid Credit Balance Policy for additional information.)

Campus-Based Programs Policy

Overview
The Campus Based Policy defines the University’s selection criteria and packaging philosophy for awarding campus-based funds consistently to all eligible students.

Policy
The University participates in one of the three campus-based programs, the Federal Supplemental Educational Opportunity Grant (FSEOG) Program. The University will make FSEOG funds reasonably accessible to all eligible students, to the extent of available funds. Furthermore, it will not exclude from consideration any one particular type or category of student.

Federal Supplemental Educational Opportunity Grant (FSEOG)
The following represents selection criteria and procedures for determining which students may be awarded FSEOG funds. These selection procedures are uniformly applied.

First Selection Group
- Undergraduate students who have not earned a bachelor’s or first professional degree
- Students eligible to receive federal Pell Grant funding (based on EFC and credential level) during the same award year in which the campus-based funding will be disbursed
- Students with an EFC** of zero and exceptional need are reviewed for funding under the following formula:
FSEOG and Pell Lifetime Eligibility Used

*Refer to the Packaging Policy for additional information.

**The University will use the EFC from the same award year for the Direct loan and campus-based programs

After the University has determined a student’s need, the University determines the student’s eligibility. The University first awards all funds to students meeting the conditions of the first selection group. When all students in the first selection group are awarded and disbursed FSEOG program funds, the University will determine if students in the second selection group can be awarded.

Second Selection Group
- Undergraduate students who have not yet earned a bachelor’s or first professional degree
- Students eligible to receive federal Pell Grant funding (based on EFC and undergraduate standing) during the same award year in which the campus-based funding will be disbursed
- Students with exceptional financial need (defined as students with the lowest EFCs who are not receiving Pell Grants). This group also includes students who have exceeded their Pell LEU.

Cost of Attendance
- EFC
- Estimated Financial Assistance (EFA)*
  = Exceptional financial need of at least $500

*Refer to the Packaging Policy for additional information.

The University keeps documentation of the eligible EFC calculated for the student and confirms Pell Grant eligibility prior to disbursement of the FSEOG. If the FSEOG recipient does not receive Pell Grant funds during the award year, but the documentation shows that the FSEOG award and disbursement were made in good faith, the University is not required to recover the FSEOG funds already disbursed to the student. If the student loses Pell Grant eligibility prior to disbursement of the FSEOG, the University will cancel the FSEOG award.

FSEOG and Pell Lifetime Eligibility Used
If a student receives a Pell Grant for only one payment period of an award year due to reaching the Pell lifetime eligibility (LEU), the student may still receive an FSEOG award for both payment periods in the award year (Refer to the Federal Pell Grant/IASG Policy for further information on Pell LEU). If the student has met or exceeded the Pell LEU, the student does not fall under the first selection group criteria above and is not eligible for any FSEOG awards in the award year. However, if funds remain after the first selection group has been paid, the student may be eligible for FSEOG under the second selection group criteria.

Establishing Categories of Students
The University specifies categories of students to ensure students in each category have an opportunity to be award-ed FSEOG funds. Categories may be based on class standing, enrollment status, program, date of application, or a combination of factors. The University’s written selection procedures ensure that FSEOG recipients are selected based on the lowest EFC and Pell Grant priority requirements over the entire award year. As students are awarded for the federal award year daily, FSEOG funds are reserved for use throughout the award year (on the basis of the University’s experience from previous periods), and selection practices are applied in a manner that assures a reasonable consistency over the entire award year. Each year the University reviews prior award year data to determine the appropriate award amounts and allocations to ensure reasonable availability of funds throughout the award year.

Annual Award Amounts
The annual award for each student may be up to $500, depending on availability and student eligibility. The minimum FSEOG amount is $100. The award amount is disbursed equally in two payment periods within the academic year. However, if the student is an advancing student finishing out a prior academic year (refer to the Transfer Policy for further information) or a student who is in a remaining period of study that is not a full academic year where the remainder of the program or academic year is equal to or less than half of an academic year, the FSEOG payment may be made in one disbursement.

FSEOG is not prorated for graduating students with less than a full academic year remaining or for programs that are less than a full academic year.

Crossover Periods
Crossover periods are payment, award, or loan periods that overlap two or more award years. If a student is receiving a Pell Grant during a payment period that occurs in two award years and the student is among those with the lowest EFC, the student satisfies the FSEOG first selection group requirements for the same crossover period regardless of which award year the Pell Grant funds are attributed. A student can also receive FSEOG funds under the first selection group requirements during a crossover payment period, from either award year allocation, as long as the student also receives a Pell Grant in the award year to which the crossover payment period is attributed.

If the second payment period of an academic year starts before July 1 and the University awarded FSEOG using the first award year’s allocation, the University will disburse those funds up until the September Federal Register deadline as long as the student is eligible for those funds.

If the second payment period of an academic year starts after July 1, the University awards the second FSEOG disbursement using the subsequent award year’s funds if the student meets the eligibility criteria in the subsequent award year. This includes being eligible to receive federal Pell Grant funding during the same award year in which the campus-based funding is disbursed. However, the University uses the original award year’s Cost of Attendance (COA) and EFC in calculating the student’s financial need and eligibility for aid from the campus-based programs.

Nonfederal Share Requirement for FSEOG
The University meets its nonfederal match of 25% using the aggregate matching method. The University’s resources used to reach the nonfederal match may include institutional scholarships and grants; waivers of tuition or fees; the nonfederal portion of state scholarships and grants; and funds from foundations or other charitable organizations.

The University’s own resources used to fund FSEOG must be dis-
bursed before or at the time the federal dollars are disbursed. However, outside resources can be used to match federal dollars even if the funds are received at a later date, as long as the University has written information about the funds being award to a student. This written information will be kept on file at the University.

**FSEOG Carry-Forward and Carry-Back**

The University may spend up to 10% of its current award year FSEOG allocation in the following award year. Carry-forward funds are spent before the current year allocation. The University may also spend up to 10% of its current year FSEOG allocation of expenses incurred in the prior award year. Carry-forward and carry-back funds are matched in the award year they are spent. Information for both carry-forward and carry-back transactions are reported on the Fiscal Operations Report and Application to Participate (FISAP).

**Recalculating Campus-Based Funds**

Any time a student at the University begins attendance in at least one course but does not begin attendance in all courses scheduled, the University checks to see if it is necessary to recalculate the student’s eligibility for campus-based funds. This recalculation is based on the revised enrollment status and cost of attendance. The University does not include any costs associated with classes the student failed to begin in the COA.

If the student withdraws from the University, this recalculation is performed prior to the completion of the Return of Title IV Funds calculation. The recalculated amounts of campus-based funds is used in the Return calculation.

**Administrative Cost Allowance (ACA)**

The amount of ACA the University may claim is determined by its expenditures for the FSEOG program.

- FSEOG disbursements to students - both the 75% federal share and the 25% nonfederal share
- If the University chooses to provide more than a 25% institutional share to FSEOG recipients, it does not include an FSEOG institutional share in excess of 25% in the calculation of the ACA.

ACA is calculated as follows:

\[
\text{ACA} = 5\% \times \left(\frac{2,750,000}{\text{University's expenditures to students under FSEOG Program}}\right) + 4\% \times \left(\frac{\text{expenditures to students greater than $2,750,000 but less than $5,500,000 under the FSEOG Program}}{\text{expenditures to students greater than $5,500,000 under the FSEOG Program}}\right)
\]

The University may use the ACA to assist in the costs of administering the campus-based and federal Pell Grant programs such as salaries, furniture, supplies, travel and equipment. The ACA may also be used to pay service fees charged by banks for maintaining campus-based programs accounts, and expenses related to student consumer information requirements. If the University were to claim the ACA, it would come from the FSEOG allocation received. However, the University currently does not claim any ACA from the FSEOG program.

**Cost of Attendance Policy**

**Overview**

The Cost of Attendance Policy addresses the cost of attendance (COA) established for use in calculating a student’s amount of federal financial aid eligibility and awarding financial aid for a specific period of enrollment. The University uses the same COA when awarding Pell Grant, FSEOG, and Direct Loans. If the student is only eligible for Pell Grant or IASG, the Pell COA is used for awarding purposes. The COA consists of various components for anticipated educational expenses for a period of enrollment. The University reviews and, if necessary, updates each COA component annually.

**Policy**

The University’s COA is made up of the following components:

- Tuition and mandatory institutional fees
- Books and Supplies (Electronic Course Materials and Books - Resource Fees)
- Resource fees encompass course textbooks and electronic materials, the University library, eBook collection, math labs, programming software, the Centers for Math and Writing Excellence, and PhoenixLink
- Living Expense
  - Room and Board (housing and food)
  - Transportation
  - Miscellaneous (personal care expenses)
- Loan Fees

If a student is attending less than half time, the COA is limited to the following components:

- Tuition and mandatory institutional fees
- Books and Supplies (Electronic Course Materials and Books - Resource Fees)

To determine the total of each component for a student’s COA, the University references its academic year definition for each credential level to establish the number of credits and months to be used. (Refer to Academic Year Definition Policy for further information.)

If a student’s period of enrollment (also referred to as loan period) is less than a full academic year in either credits or months, each component will be adjusted accordingly. Exceptions include professional judgment decisions (i.e. child care costs) and elimination of an overaward using a student’s actual tuition costs for the period of enrollment. (Refer to the Professional Judgment and Overaward & Overpayments Policies for further information.)

**Tuition**

The tuition component for the COA is based on a per credit weighted average for each credential level across the entire University. The University documents how tuition averages are calculated and makes this information available upon request.

**Books and Supplies (Electronic Course Materials and Books)**

The books and supplies component is calculated using a standard resource fee based on the credential level.

**Living Expense**

The living expense component is a per-month allowance. The University documents how living expense components are calculated and makes this information available upon request.
Housing or BAH) will have a reduction in living expenses in the amount of the room allowance (housing). Students who are incarcerated are not eligible to receive living expenses.

To determine the total living component for each student's COA, the University references its academic year definition for each credential level to establish the number of months to be used. (Refer to the Academic Year Definition Policy for further information).

**Loan Fees**

The University calculates an average loan fee per month based on credential level The number of months used to determine the living expense component (see above) is also the number of months used to determine the total loan fee component in the student’s COA The University documents how the loan fee component is calculated and makes this information available upon request.

**Consortium Agreements Policy**

Written arrangements consist of consortium and contractual agreements. The Consortium Agreements policy documents the University’s position on participating in consortium agreements with other institutions for the purpose of receiving or processing federal financial aid funds.

**Policy**

The University may execute on an institutional basis and act as a host institution for students not enrolled at the University. However, the University will not execute on an individual basis nor execute as a home or host institution for students enrolled as degree seeking students at the University.

**Direct Loan Policy**

The Direct Loan Policy addresses the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive.

**Policy**

**Application Process**

To obtain a Direct Loan (DL), a student must complete and submit a current award year Free Application for Federal Student Aid (FAFSA) Additional forms, such as the Direct Loan Master Promissory Note (MPN) and/or Direct Loan Entrance Counseling (if first-time borrower) will need to be completed before funds can be disbursed (Refer to the Disbursements Policy for further information).

If there are additional questions on what forms are needed, contact Student Financial Services at studentfinancialservices@phoenix.edu or 1-888-346-8679.

Once completed documents are received, the University determines the student’s eligibility for the DL program and awards accordingly. The University will send out a notification of the proposed loan package via an award letter including the proposed loan type(s) and amount(s). Once the award is made, the University transmits the loan origination and disbursement record to the Department of Education (ED). ED will provide an origination acknowledgement confirming the student has a completed MPN and is eligible for the DL program funds awarded. Prior to the anticipated disbursement date, the student’s eligibility for the DL program funds is reconfirmed and loan funds are drawn-down from ED and disbursed to the student by application to the student account with the University.

**MPN Confirmation**

The University uses the multi-year MPN and practices an active confirmation process for all borrowers borrowing under the Direct Loan Program. The University requires a student to submit a new MPN if no Direct Loan disbursements are made within one year of the original MPN sign date. The University originates the loan(s) based on the student and/or parent’s confirmed loan amount(s) received during the processing of his/her financial aid for each FAFSA award year. Request may be made for an increase or decrease to the loan amount. However, if the amount(s) of Direct and/or Federal Direct PLUS (PLUS) loans requested exceeds the student’s cost of attendance (COA), the University only originates up to the COA.

Once the loan is disbursed, the University sends the student/parent a Right to Cancel letter, which includes the time given to respond should the student and/or parent borrower wish to cancel all or a portion of his or her loan request(s). (Refer to the Disbursements Policy for further information on the Right to Cancel)

**Loan Period**

The minimum period of enrollment the University may originate a Direct Loan is the lesser of the following:

- The length of the student’s program
- The student's academic year (Refer to the Academic Year Definition Policy for specific requirements)
- The remaining portion of the student’s program (if the program is shorter than an academic year)

The maximum period the University may originate a DL is

- generally, the student’s academic year (Refer to the Academic Year Definition Policy for specific requirements); or
- for a defaulted borrower who has regained eligibility, the academic year the borrower re-gained eligibility.

**Note:** For information on loan periods for students who transfer from another school, complete a program and advance to another program at the University, or change programs at the University, refer to the Transfer Policy and Program Changes Policies.
When reviewing NSLDS, the University uses the possible annual loan limit overaward by reducing or cancelling period of enrollment. If this occurs, the University resolves any university and receive Direct/PLUS loans at both schools for the same Students may attend another school(s) while attending the University and receive Direct/PLUS loans at both schools for the same period of enrollment. If this occurs, the University resolves any possible annual loan limit overaward by reducing or cancelling loan disbursements to ensure students do not exceed annual loan limit amounts.

### Aggregate Loan Limits for Subsidized and Unsubsidized Loans

When reviewing NSLDS, the University uses the **Aggregate Outstanding Principal Balance (Agg. OPB)** shown in NSLDS for each of the student's outstanding federal loans. If the student has one or more consolidation loans, which may include Subsidized and Unsubsidized federal loans, NSLDS will show separate totals for each. The University is not responsible for reviewing “unallocated” loans if they are present in NSLDS.

The following represents the maximum outstanding total subsidized and unsubsidized loan debt:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) Freshman</td>
<td>$5,500 (base) (no more than $3,500 of this amount can be a subsidized loan)</td>
<td>$9,500 (base) (no more than $3,500 of this amount can be a subsidized loan)</td>
<td>$20,500</td>
</tr>
<tr>
<td>(2) Sophomore</td>
<td>$6,500 (base) (no more than $4,500 of this amount can be a subsidized loan)</td>
<td>$10,500 (base) (no more than $4,500 of this amount can be a subsidized loan)</td>
<td></td>
</tr>
<tr>
<td>(3 &amp; 4) Junior and Senior (5) Fifth year undergraduate</td>
<td>$7,500 (base) (no more than $5,500 of this amount can be a subsidized loan)</td>
<td>$12,500 (base) (no more than $5,500 of this amount can be a subsidized loan)</td>
<td></td>
</tr>
</tbody>
</table>

A student whose parent cannot obtain a PLUS Loan is allowed to borrow additional Direct Unsubsidized Loan amounts. Student dependency status will be determined based on answers to questions on the Free Application for Federal Student Aid (FAFSA).

Students may attend another school(s) while attending the University and receive Direct/PLUS loans at both schools for the same period of enrollment. If this occurs, the University resolves any possible annual loan limit overaward by reducing or cancelling loan disbursements to ensure students do not exceed annual loan limit amounts.

### Additional Unsubsidized Eligibility

Independent undergraduate, graduate or professional students may borrow additional unsubsidized annual loan amounts. Dependent undergraduate students, whose parents are unable to borrow PLUS loans due to adverse credit or other documented exceptional circumstances, may borrow additional unsubsidized annual loan amounts. Exceptional circumstances include, but are not limited to, circumstances in which the student’s parent receives only public assistance or disability benefits, is incarcerated, has an adverse credit history, or the parent’s whereabouts are unknown. A parent’s refusal to borrow a Federal PLUS Loan or Direct PLUS Loan does not constitute exceptional circumstances.

Dependent undergraduate students, whose parents have ended financial support and refuse to file the FAFSA, may be eligible for unsubsidized loans. In these scenarios, the University verifies that the parents have ended financial support and refuse to file the FAFSA based upon documentation submitted by the dependent student. These stu-dents must complete and submit a FAFSA that includes all the required student information. They are eligible to receive only an unsubsidized loan and not any other federal financial aid assistance. The maximum annual unsubsidized loan amount they may receive is the “base” annual loan limit for the student’s grade level plus the additional $2,000 unsubsidized amount.

### Loan Origination Date

The date of a loan origination is the date the University creates the electronic loan origination record. The University will not originate a direct loan for a loan period in which the student is no longer enrolled at least half-time, even if the student is otherwise still enrolled at the University. Any funds originated after the student’s loan period end date are not kept by the University.

### Annual Loan Limit Progression

The student’s academic year is used as the basis for the annual loan limits. To advance to the next grade level and for annual loan limit purposes, the student must successfully complete and earn the weeks and credit hours in the academic year. Students in nonterm programs can never progress to the next grade level in the middle of an academic year. (Refer to the Academic Year Definition Policy...
Program is less than an academic year in length.

The undergraduate program is more than one academic year in length but a student's remaining period of enrollment in this undergraduate program is less than an academic year in length based on required credits.

Program is less than an academic year in length

Students enrolled in programs less than an academic year in length will have their DL eligibility amounts prorated. The annual loan limit for these programs is based on the lesser of -

\[
\frac{\text{Credit hours enrolled in the program}}{\text{Credit hours in the academic year}} \times \text{Annual loan limit}
\]

OR

\[
\frac{\text{Weeks enrolled in the program}}{\text{Weeks in the academic year}} \times \text{Annual loan limit}
\]

Program is more than an academic year in length but remaining period of enrollment is less than an academic year in length in required credits.

Students enrolled in undergraduate programs with a remaining period of enrollment less than an academic year, as measured in credit hours, will have their DL eligibility amounts prorated based on

\[
\frac{\text{Credit hours remaining in the program}}{\text{Credit hours in the academic year}} \times \text{Annual loan limit}
\]

\[
\frac{\text{Weeks remaining in the program}}{\text{Weeks in the academic year}} \times \text{Annual loan limit}
\]

Example: An independent, second year student is enrolled in the AAB program. He has a remaining period of enrollment consisting of 12 credit hours. A full academic year at the University is defined as 24 credit hours.

Direct Loan Calculations to Determine Eligibility for Remaining Period of Enrollment

- Maximum Subsidized eligibility for remaining period of enrollment
  \[(12/24) \times 4,500 = 2,250\]

- Maximum Unsubsidized eligibility for remaining period of enrollment
  \[(12/24) \times 6,000 = 3,000\]

In the proration scenario described above, standard rounding rules apply.

Note: the proration formulas determine the maximum loan amount a student may borrow for a remaining period of enrollment, not the loan amount the student may actually receive. In some cases, the actual loan amount the student is eligible to receive may be less than the prorated loan limit (based on costs, EFC, other aid, aggregate borrower, etc.)

Disbursements Policy

Overview

The Disbursements Policy addresses a student's eligibility for standard, late, and post withdrawal disbursements from the University. The University may only disburse federal financial aid funds to eligible students.

Policy

Standard Disbursement

A student is eligible to receive the first disbursement of federal financial aid when the University confirms the student is enrolled in courses for the payment period and is eligible to receive the funds. The student becomes eligible to receive a disbursement of federal financial aid for the second payment period when the student successfully completes one-half of the weeks of instructional time AND earns one-half the credit hours in the defined academic year (AY). Typically, the University disburses funds once the student successfully completes the credits and weeks of instruction in the current AY, which may consist of more credit hours and weeks of instruction than the defined AY.

If the payment periods are not equal in credit hours and weeks of instructional time, the first payment period will consist of more credit hours and/or weeks of instructional time to ensure at least one-half the credit hours and one-half the weeks of instructional time in the AY are completed. Occasionally, when a student's file is reevaluated, the second payment period may consist of more credit hours and weeks of instructional time than the first payment period.

If a program is longer than one AY and consists of a remaining period that is longer than one-half an AY, the second disbursement of the remaining period is made once the student successfully completes one-half of the weeks of instructional time AND earns one-half the credit hours in the remaining period. If the remaining period is equal to or less than one-half an AY, the second disbursement of the remaining period may not be disbursed until the student successfully completes one-half the weeks of instructional time AND earns one-half the credit hours in the remaining payment period.

If the University is unable to determine when a student has successfully completed one-half of the credit hours in the remaining period of study, the second payment period will begin on the latter of the date the student successfully completes 1) one-half of the coursework in the remaining period; or 2) one-half the weeks of instructional time in the remaining period. If the remaining period consists of only three credit hours and five weeks of instructional time, the second disbursement will be made once the student successfully completes 3 weeks of instructional time.

The University will disburse Direct Loan proceeds in substantially equal installments, and no installment will exceed one-half of the loan amount.

First-time, first-year undergraduate borrowers will not have the first installment of Direct Loan proceeds disbursed until 30 calendar days after the program of study AY begins. The University will
schedule disbursements according to procedures.
Before disbursing federal financial aid funds, the University determines and documents the student’s eligibility to receive federal financial aid funds.
The University disburses federal financial aid funds by crediting the student’s account no later than three business days after receiving the funds. Funds in excess of allowable charges are paid directly to the student, or parent as applicable. (Refer to the Federal Financial Aid Credit Balance Policy for additional information.)

Right to Cancel
Before the University disburses federal financial aid funds, the University will notify the student of the amount of funds that the student (or parents in the case of PLUS loans) can expect to receive under each federal financial aid program and how and when those funds will be disbursed.
The University will notify the student (or parent) of the amount of the federal aid disbursement, the student’s (or parent’s) right to cancel all or a portion of the loan, or loan disbursement and have the proceeds returned to the holder of the loan. The notice will also include the procedures and time by which the student (or parent) must notify the University that he/she wishes to cancel the loan, or loan disbursement. This notice will be sent to the student/parent no earlier than 30 days before and no later than seven days after crediting the student’s account at the University.

Late Disbursement
Students or parents become ineligible to receive federal financial aid funds on the date the student:
• For Direct Loans, is no longer enrolled at least half time; or
• For Federal Grants, the student is no longer enrolled at the University for the award year
If a student completes a payment period or period of enrollment, withdraws during a payment period or period of enrollment, or graduates, the University must make or offer the student (or parent in the case of a PLUS loan) a late disbursement of federal financial aid funds for which the student (or parent in the case of a PLUS loan) was eligible while in attendance at the University.
The following conditions must be met prior to the date the student (or parent) became ineligible for a late disbursement.

Program

<table>
<thead>
<tr>
<th>Program</th>
<th>No additional requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pell Grant/IASG</td>
<td>For all programs, the Department processed a SAR/ISIR with an official EFC.</td>
</tr>
<tr>
<td>FSEOG</td>
<td>Student is awarded a grant</td>
</tr>
</tbody>
</table>

The following additional limitations must be satisfied before the University may make a late disbursement

Pell Grant/IASG | For all Title IV programs, the University received a valid SAR/ISIR by the date established by ED.
FSEOG | No additional limitations

Paying a Late Disbursement of Federal Financial Aid Grant Funds
Without the student's permission, the University may credit a student's account with a late disbursement of federal financial aid grant funds for current allowable charges. If federal financial aid grant funds remain to be disbursed from a late disbursement after all outstanding charges on the student's account have been satisfied, the University pays the grant funds directly to the student within 14 days.
The University will make a late disbursement to the student no later than 180 days after the date of the University’s determination that the student withdrew, or for a student who did not withdraw, 180 days after the date the student be-came ineligible.

Paying a Late Disbursement of Federal Financial Aid Loan Funds
Prior to the University making any late disbursement of federal financial aid loan funds, the borrower is notified with an explanation stating the student's obligation to repay the loan funds disbursed. The student is given an opportunity to accept or decline the loan. The student's authorization to receive the loan must be submitted via the late disbursement letter or via a signed statement submitted to the University titled “Late Disbursement Notification.”
The student has 30 days from the date on the late disbursement letter to return the letter to the University; otherwise the loan funds are canceled. The University will make the late disbursement to the student no later than 180 days after the date of the University's determination that the student withdrew or became ineligible. If the student had a federal financial aid credit balance before becoming ineligible, and the credit balance consists of direct loans, the University offers the funds to the student in writing and does not disburse the direct loan funds directly to the student until the student's authorization is received.

Late Disbursement - After 180 Days
The University will make a late disbursement of federal financial aid funds within 180 days of the date the student became ineligible. No disbursement of these funds is made after the 180-day timeframe.

Post Withdrawal Disbursement
Withdrawn students lose federal financial aid eligibility and cannot be paid additional federal financial aid funds for the payment period and/or AY. However, as a result of the student’s Return to Title IV Funds (R2T4) calculation, the student may be eligible to receive federal financial aid funds that had not disbursed but could have been disbursed prior to the student’s withdrawal date.
If the total amount of federal financial aid grant and/or loan funds earned by the student on the R2T4 calculation is greater than the total amount of federal financial aid disbursed to the student, or parent in the case of a PLUS loan, the student may be eligible to receive a post withdrawal disbursement (PWD).
The University does not include as a PWD any funds from a dis-
bursery the University was prohibited from making on or before the date of the University's determination that the student withdrew, which would apply to the following:

- A first disbursement of a Direct Loan to a first-year, first-time borrower who withdraws before completing 30 days of the program of study
- Second or subsequent disbursements of Direct Loan funds unless the student successfully completed the loan period
- Disbursements of Federal Pell, or IASG funds to a student for whom the University did not have a valid SAR/ISIR by the deadline established by ED
- Disbursement of Federal Financial Aid Loan Funds

Post withdrawal Disbursement of Federal Financial Aid Grant Funds

The University may credit a student's account with a PWD of federal financial aid grant funds (Pell, IASG, and FSEOG) without the student's permission, for outstanding current (educationally related) charges. The University will obtain a student's authorization to apply PWD grant funds toward anything other than current charges. The University disburses any amount of a PWD of federal financial aid grant funds as soon as possible, but no later than 45 days after the date of the University's determination that the student withdrew.

If the student does not respond to the University's notice for authorization, federal financial aid grant funds are used for appropriate outstanding current (educationally related) charges. (See the Federal Financial Aid Credit Balance Policy for the definition of outstanding charges).

Post withdrawal Disbursement of Federal Financial Aid Loan Funds

The University notifies a student, or parent in the case of a PLUS loan, of this decision in writing. If the University chooses to honor a late response, all loan funds accepted by the student, or parent in the case of a PLUS loan, are disbursed in accordance with the student's or parent's request. The result of the contact and final determination made concerning the disbursement is documented in the student's file.

Instructions to submit the response electronically or in writing directly to Student Financial Services-Operations (SFS-O) by mail, or fax.

If the student, or parent in the case of a PLUS loan, responds to the notice within 30 days of the date of the letter and instructs the University to make all or a portion of the PWD, the funds are disbursed in the manner specified by the student, or parent in the case of a PLUS loan, within 180 days of the University's date of determination that the student withdrew.

If the University does not honor a late response accepting federal financial aid grant funds to be credited to the student's account, or parent in the case of a PLUS loan, the University informs the student, or parent, of this decision in writing.

If the University chooses to honor a late response, all loan funds to be credited to student's account, or parent in the case of a PLUS loan, the University informs the student, or parent, of this decision in writing.

Enrollment Reporting Policy

Overview

The Enrollment Reporting policy details how the University confirms and reports the enrollment status of all Title IV students and previous Title IV students who transfer to the University.

Policy

The University reports enrollment both in the Campus-Level Record, representing the student's overall enrollment at the University and in the Program-Level Record, for each of the academic programs the student attended using the eight-digit Office of Post-secondary Education Identifier (OPEID) for the location of the course. To complete these reporting requirements, the University contracts with the National Student Clearinghouse (NSC). NSC then provides this information to the participating guaranty agencies, lenders, and servicers.

Even though the University uses NSC for enrollment reporting, the University remains responsible for submitting timely, accurate, and complete responses to Enrollment Reporting roster files and for maintaining appropriate documentation. NSLDS sends the roster to NSC; however, if the response is not received in a timely matter, NSLDS notifies the University rather than NSC.

Reporting Schedule

The University is required to confirm enrollment information for all students on its roster file scheduled at least every two months, and must do so within 15 days of the date NSLDS sends the roster to NSC. In addition, any changes in enrollment status to less than half-time, graduated, or withdrawn must be reported within 30
days of becoming aware of the change. To meet this requirement, the University confirms and reports the enrollment status of all students to the NSC on a weekly basis. NSC uses the data provided by the University to complete the Enrollment Reporting file sent from ED on a weekly basis. NSLDS returns an error report if it identifies errors in the Enrollment Reporting file. Any identified errors must be corrected and resubmitted to NSLDS within 10 days. The University accesses the NSLDS error report via the NSC site promptly after an error is identified to ensure the necessary corrections are made within the 10 day timeframe.

Overall Enrollment Status categories

<table>
<thead>
<tr>
<th>Code</th>
<th>Status</th>
<th>How the University Reports the Status Start Date for Enrollment Statuses</th>
</tr>
</thead>
<tbody>
<tr>
<td>F</td>
<td>Full-time</td>
<td>The status start date is not reported on the weekly SSCR report. It is determined by NSC based on the first day of the term (which is the course start date associated with the first academic related activity (ARA) that triggered the full time status)</td>
</tr>
<tr>
<td>L</td>
<td>Less than half-time</td>
<td>The start date of the term date is reported</td>

<tr>
<td>A</td>
<td>Leave of Absence</td>
<td>The start date of the approved leave of absence</td>
</tr>
<tr>
<td>G</td>
<td>Graduated</td>
<td>The academic complete date for the program (which is the end date of the last course)</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
<td>The student's official last date of attendance (OLDA) at the time the system updates the status to withdrawn</td>
</tr>
<tr>
<td>D</td>
<td>Deceased</td>
<td>The date of death (when provided) or the date the University received the request in any event the date of death is not provided</td>
</tr>
</tbody>
</table>

Status Start Date

The University reports the status start date (status effective date) if the student has a Graduated (G), Deceased (D), Withdrawn (W), Less Than Half Time (L), or is on an approved LOA (A) status.

Anticipated Graduation Dates

The anticipated graduation date is the date the student is projected to graduate and is required only for enrollment data and students with F, Q, H, L, or A statuses.

Federal Financial Aid Credit Balance Policy

Overview

The Federal Financial Aid Credit Balance Policy addresses federal financial aid credit balances and how the University handles those credit balances when they occur on a student’s account. Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges, a federal financial aid credit balance occurs. The University will pay the excess federal financial aid funds directly to the student or parent as soon as possible, but no later than 14 days after the balance occurred on the student’s account.

Policy

Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges (Refer to the Allowable Charges Policy for definition of allowable charges), a federal financial aid credit balance occurs. The order in which funds are credited does not matter, and the University does not require a student or parent to take any actions to obtain the credit balance.

Attribution of Funds

The University will consider to have disbursed federal financial aid grants before direct loans to the student’s account in the following order regardless of when the funds are credited:

- Pell Grant
- Iraq and Afghanistan Service Grant (IASG)
- FSEOG
- Direct Subsidized Loan
- Direct Unsubsidized Loan
- Parent PLUS Loan
- Graduate/Professional PLUS Loan
- Perkins Loan

Application of Funds

The University applies funds received from a federal financial aid disbursement in the following order:

- invoiced and unpaid allowable charges (Refer to the Allowable Charges Policy for definition of allowable charges) for the current payment period or prior payment period of the loan period;
- Direct Loan funds to any unpaid allowable charges for a prior loan period, not to exceed $200

Timeline to Issue a Federal Financial Aid Credit Balance

If there is a federal financial aid credit balance, the University will issue those funds to the student, or parent as applicable, within 14 days of the date funds are disbursed (applied to the student’s account, or in the case of a check, the date the check is signed by the student or parent).

Timeline to Issue Federal Financial Aid Credit Balance for Book Voucher

All Title IV eligible students with a federal financial aid credit balance who meet the criteria for funds that could have been disbursed 10 days prior to the beginning of the payment period will be notified of the University’s book voucher request process. If the student requests a book voucher, the student will be provided the lesser of the amount of the credit balance or the amount needed by the student as determined by the University to purchase books and supplies. These funds will be issued to the student no later than the seventh day of the payment period. Students may opt out of this offer by not requesting the book voucher.
Return of Title IV

The University will hold a federal financial aid credit balance until completion of the Return of Title IV (R2T4) process. (Refer to the Return of Title IV Policy for additional information.) Once the R2T4 calculation is completed, if there is any federal financial aid credit balance remaining, the University allocates the credit balance as follows:

- First, to repay any grant overpayment owed by the student as a result of his/her withdrawal
- Within 14 days of the date the R2T4 calculation is performed, the University pays any remaining federal financial aid credit balance in one or more of the following ways:
  - Pay authorized charges at the University; or
  - Pay the student directly (or parent for a Direct PLUS loan)

Refer to the Return of Title IV Policy for additional information.

Returning Unclaimed Federal Financial Aid Credit Balances

Federal financial aid funds may not escheat to a state or any other third party. The University will attempt to disburse credit balances to the student or parent. However, if the credit balance funds are returned to the University or not cashed by the borrower, the University will cease all attempts to disburse the funds and return them to the appropriate lender no later than 240 days after the date the first check is issued. If the funds were issued via electronic funds transfer (EFT) and subsequently returned or rejected, the University returns the funds to the applicable federal financial aid programs no later than 45 days after the funds were returned or rejected.

All unclaimed credit balances will be returned in the following order:

- Unsubsidized Direct Loans (other than Direct PLUS)
- Subsidized Direct Loans
- Direct PLUS Loans
- Federal Pell Grants
- FSEOG Grants
- TEACH Grants
- Iraq and Afghanistan Service Grants

Federal Pell Grant/IASG Policy

Overview

The Federal Pell Grant/Iraq and Afghanistan Service Grant (IASG) Policy illustrates how the University calculates and awards Pell Grants (including those funds awarded under the Children of Fallen Heroes or Children of Fallen Soldiers) and IASG to eligible students.

Policy

The University calculates the annual award for Pell eligible students in nonterm credit-hour programs using Federal Pell Grant Formula 4 in conjunction with the Federal Pell Grant full-time payment schedule. The maximum duration of Pell and IASG eligibility is limited to six full-time scheduled awards, as measured by the percentage of lifetime eligibility used (LEU). A student is ineligible to receive further Pell and or IASG funds if they have 600% or greater.

Pell Grant Eligibility

Students who meet general eligibility requirements (Refer to the Student/Parent Eligibility Policy for further information) and have a calculated expected family contribution (EFC) number that meets Pell eligibility criteria will be awarded Pell grant funding. In addition, students who meet one of the following criteria will be awarded Pell or IASG funding:

**Children of Fallen Heroes:**

A student whose parent or guardian died in the line of duty while performing as a public safety officer may receive increased amount of federal financial aid under the Children of Fallen Heroes Scholarship if the student is Pell grant eligible and:

- The student was less than 24 years of age when the parent or guardian died; or
- The student was enrolled at an institution of higher education at the time of the parent or guardian’s death.

In these scenarios, all federal financial aid will be based on a zero EFC. The zero EFC is only used for awarding purposes. The U.S. Department of Education does not provide any notification of eligibility to the University. Consequently, students who believe they qualify for this scholarship must notify the University’s Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 and provide any required documentation requested. The University will determine based on the documentation submitted whether or not the student meets the eligibility criteria.

**Children of Soldiers:**

A student whose parent or guardian died as a result of U.S. military service in Iraq or Afghanistan after September 11, 2001, may receive increased federal financial aid funds if at the time of the parent or guardian’s death the student was either less than 24 years old or was enrolled in college. Eligibility is based upon the following:

- If the student is Pell grant eligible, the student may receive a Pell grant; OR
- If the student is not Pell grant eligible because his/her EFC is too high, the student may receive an Iraq and Afghanistan Service Grant.

In these scenarios, all federal financial aid will be based on a zero EFC. The zero EFC is only used for awarding purposes. The U.S. Department of Education (ED) notifies the University when a student appears to meet the criteria for Zero EFC treatment because a parent or guardian died as a result of U.S. military service in Iraq or Afghanistan. This is based on a match with the U.S. Department of Defense file of eligible dependents.

Calculating Payment Amounts

The award for each payment period will be based upon ED’s full-time Pell payment schedule and may be subject to proration. The scheduled Pell/IASG award is prorated based on the percentage of the following:

- Credit hours scheduled to be completed in the payment period over 24 credit hours in the academic year; or
- Weeks of instructional time scheduled to be completed in the payment period over the defined instructional weeks in the academic year (Refer to the Academic Year Definition Policy)

The Pell/IASG award is calculated using the lesser percentage multiplied by the full-time Pell scheduled award.

**Year Round Pell/IASG**

Students may be eligible to receive up to one and one-half Pell/IASG Grant awards during a single award year, not to exceed 150% of the student’s scheduled award for the award year (Referred to as Year Round Pell) Students must meet the following criteria to be considered for a second scheduled award:

- Must be enrolled at least half-time;
• Must have received 100% of the first scheduled award in a single award year in a certificate, associate degree, or baccalaureate degree program;
• Must be enrolled in an eligible program for one or more additional payment periods during the same award year that are not otherwise fully covered by the student’s Pell Grant; and
• Must have successfully completed the credit hours of previous payment period

Crossover Payment Periods
When a payment period falls into two award years (it begins before July 1 and ends on or after July 1), it is referred to as a “crossover payment period.” If a student is enrolled in a crossover payment period, the entire payment period must be considered to occur within one FAFSA award year. The University determines for each Pell/IASG grant recipient the award year in which the payment period is placed. Students are awarded from the oldest and active aid year first.

For payment periods that meet the above definition, the University will award the largest Pell/IASG grant possible based on all FAFSA award year ISIRs (e.g. 2019/2020) on file with the University at the time of awarding the student. If an additional FAFSA award year ISIR (e.g. 2020/2021) is subsequently received, which provides a higher total federal grant (Pell/IASG/FSEOG combined) award for the student during the crossover payment period, the University will evaluate and re-award the Pell/IASG grant as long as the Federal Award Year the funds are coming from has not been closed by ED.

Pell Payment Calculations and LEU Limitations
If a student has less than 100% remaining of the maximum 600% Pell LEU, the University will disburse 50% of the Pell award in the first Pell payment period. The remaining percentage of the Pell award is disbursed in the second Pell payment period. Rounding rules do not apply to these disbursements.

Pell Payment Calculations and LEU Limitations for End of Program (EOP)
For any remaining portion of a program that is more than half of an academic year (AY) but less than a full AY, the remaining portion is divided into two payment periods. The first payment period is the period in which the student successfully completes half of the credits AND half of the weeks of instructional time in the remaining portion. A student may receive less than a Scheduled Award in an award year, if the program crosses award years and the student’s Pell Grant award in one of the award years is for a portion of the program that is less than a full AY.

• The annual award for a student in a nonterm credit-hour program is taken from the full-time payment schedule even if the student is attending less than full-time.
• Comparable prorations will be performed based on the number of credits in the payment period as they compare to the credits in the defined AY OR the number of weeks in the payment period as they compare to the weeks of instructional time in the AY.
• The scheduled Pell award will be multiplied by the lesser of the 2 calculations to determine the Pell payment.
• If a student has more than 500% Pell LEU, the Pell payment will be the lesser amount between the proration calculation and the remaining eligibility award using the Pell LEU calculator.

Students Declining Pell Grant Funds
Students who decide to decline all or a part of a Pell Grant disbursement must deliver to the University a signed, written statement clearly indicating the following:

• The student is declining Pell grant awards for which h/she is eligible; and
• The student understands the Pell grant funds may not be available once the FAFSA award year is closed by ED.

If the University receives a statement indicating such from the student, it will submit any adjustment records for the student to the Common Origination and Disbursement (COD) System. Any University account balance(s) resulting from the return of Pell Grant funding is the responsibility of the student.

Disputing the Accuracy of Pell Grant LEU Information
If a student attending the University chooses to dispute the accuracy of the Pell LEU information found in the Common Origination and Disbursement (COD) System, the University will assist the student in resolving this dispute. The University will not escalate the matter should it discover the amount of the Pell Grant LEU percentage being disputed would not, if corrected, make the student eligible for additional Pell Grant funding. However, if there is a valid dispute, acceptable documentation to resolve the dispute must be collected. This documentation could include, for example, a written statement from the previous institution confirming the student never attended, or at least never received Pell Grant funds from that institution for the award year in question. The University will submit the documentation through the COD web site. The Department of Education (ED), after its review of the student’s assertion and any supporting information submitted, will provide the University with a response and instructions on how to proceed. For further information, contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

Voucher for Books - Effective for Pell Eligible Students after July 1, 2011
Pell eligible students may use Pell funds to purchase books if those funds could have been disbursed 10 days prior to the beginning of the payment period and disbursed funds would create a federal financial aid credit balance. Student Financial Services will notify these students of the University’s book voucher request process. If the student requests a book voucher, the student will be provided with the lesser of the amount of the credit balance or the amount needed for the books and supplies, as determined by the University. These funds will be issued to the student no later than the seventh day of the payment period.

Students may opt out of this offer by not requesting the book voucher. (Refer to the Federal Financial Aid Credit Balance Policy for further information)

Rounding
The University uses standard rounding rules, applied consistently to all students, and will round Pell and IASG Grant disbursements to the nearest dollar (not to exceed the scheduled Pell/IASG award). See exception under “Pell Payment Calculations and LEU Limitations” section below.

Recalculation
If an expected family contribution (EFC) changes due to corrections, updating, or an adjustment and the EFC change would change the Pell/IASG grant award, the University will recalculate the Pell/IASG award for the entire award year. If, as a result of the re-calculation, the student received more Pell/IASG award that the student was eligible for, an overpayment exists. Refer to the Overawards and Overpayments Policy for further information on how
to resolve the overpayment.

Retroactive Payments
For all prior payment periods for which a student was an eligible student within the FAFSA award year, the University may pay the total lump sum of retroactive payments in two separate installments one day apart from each other.

Regaining Eligibility
If a student resolves ineligibility criteria while attending the University (e.g. re-solves a default or over borrowing), the effective date of regaining eligibility for the Federal Pell Grant and IASG programs begins with the payment period in which the issue is resolved.

Financial Aid Counseling Policy

Overview
The Financial Aid Counseling Policy addresses the requirements of the University ensuring initial entrance counseling is completed and students are notified of the requirement to complete exit counseling for each Direct, Graduate/Professional PLUS and Perkins loan borrower.

Policy

Entrance Loan Counseling
Entrance loan counseling, for Direct and Graduate/Professional PLUS loan borrowers, provides comprehensive information on the terms and conditions of the loan and the responsibilities of the borrower with respect to the loan.

The University ensures entrance loan counseling is completed for each first-time borrower. Students can submit proof of prior completion or complete it on iGrad or StudentLoans.gov. The disbursement process prevents a student from receiving funding without completing entrance counseling. The counseling session includes completion of an interactive program that tests the borrower’s understanding of the terms and conditions of the loans.

The University ensures an individual with expertise in federal financial aid is reasonably available to answer the borrower’s questions regarding those programs.

Online counseling for Direct and Graduate/Professional PLUS borrowers generally provides the following:
- An explanation of the use of a Master Promissory Note (MPN)
- Importance of repayment obligation
- Description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower’s rights and responsibilities
- Information on the National Student Loan Data System (NSLDS)
- Other terms and conditions
- Information on possible loss of eligibility for additional Direct Subsidized Loans
- Information on how a borrower’s maximum eligibility period, remaining eligibility period, and subsidized usage period are determined
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods (if first disbursement was between 7/1/2012 and 6/30/2014), and periods of authorized deferment
- Impact of borrower responsibility for accruing interest on the borrower’s total debt

Entrance loan counseling for Grad PLUS borrowers also includes information about options to pay interest on a PLUS Loan while the borrower is in school.

The University maintains documentation substantiating the completion of entrance loan counseling for each student borrower.

PLUS Loan counseling must be completed by the applicant (parent or graduate/professional student) with an adverse credit history who qualifies for a Direct PLUS Loan by obtaining an endorser who does not have an adverse credit history, or who documents to the satisfaction of the Department of Education that there are extenuating circumstances related to the adverse credit information.

Exit Loan Counseling
Federal financial aid recipient students within 2 to 7 credits of completing their pro-gram at the University will receive an electronic notification about the requirement to complete exit loan counseling. In addition, within 30 days of a student’s last date of attendance, the University sends a letter with a link to complete NSLDS counseling and the required exit counseling materials. An eLetter is also sent to direct students to NSLDS.

If the student is a Direct Loan borrower at the University and withdraws prior to completing his/her program of study, the University mails exit loan counseling material to the borrower at the last known address and send an email directing the student to the NSLDS website where exit counseling may be completed. The material is sent within 30 days of the University learning the borrower has withdrawn. The University documents the student’s file with the date the materials were sent.

TEACH Grant Exit Counseling
Note: Effective September 22, 2016, the University no longer participates in the TEACH Grant Program.

Exit counseling is required by each TEACH Grant recipient before withdrawing from the University, by interactive electronic means. The University ensures that an individual with expertise in federal financial aid/HEA programs is reasonably available shortly after the counseling to answer the grant recipient’s questions.

Within 30 days of learning that a TEACH Grant recipient has withdrawn from the University without the institution’s knowledge, or from a TEACH eligible program, or failed to complete exit counseling as required, exit counseling information is mailed to the student and provided through interactive electronic means. The exit counseling informs TEACH Grant recipients of the four-year service obligation that must be completed within the first eight calendar years after completing a TEACH eligible program.

The TEACH Grant recipient is provided with information about the following:
- The opportunity to request a suspension of the eight-year period for completion of the service obligation and the conditions under which a suspension may be granted
- How to identify low-income schools and documented high-need fields
- For the teaching to count towards the recipient’s service obligation, the high-need field in which the student has prepared to teach must be one of the following:
  - Bilingual education and English language acquisition
  - Foreign language
  - Mathematics
  - Reading specialist
  - Science
  - Special education or
• Another field documented as high-need by the Federal Government, a State government or a local educational agency, and approved by the Secretary and listed in the Department’s annual Teacher Shortage Area Nationwide Listing (Nationwide List)
• Requirement to submit to the Secretary, each year, written documentation of the student’s status as a highly-qualified teacher in a high-need field at a low-income school or of the student’s intent to complete the four-year service obligation until the date that the service obligation has been met or the date the grant becomes a Federal Direct Unsubsidized Loan, whichever occurs first.
• The circumstances under which a TEACH grant will be converted to a Federal Direct Unsubsidized Loan
• When a TEACH Grant is converted to a Federal Direct Unsubsidized Loan it cannot be reconverted to a grant
• The average anticipated monthly repayment amount based on a range of student loan indebtedness if the TEACH Grant converts to a Federal Direct Unsubsidized Loan.
• Debt-management strategies that would facilitate repayment if the TEACH Grant converts to a Federal Direct Unsubsidized Loan
• How to contact the Secretary
• Likely consequences of loan default, including adverse credit reports, garnishment of wages, federal offset, and litigation
• The conditions under which the student may defer or forbear repayment, obtain a full or partial discharge, or receive teacher loan forgiveness if the TEACH Grant converts to a Federal Direct Unsubsidized Loan
• The availability of the U.S. Department of Education Student Loan Ombudsman’s office
• The availability of federal financial aid loan information in the National Student Loan Data System (NSLDS)

The University takes reasonable steps to ensure that each grant recipient receives the counseling materials and completes the exit counseling and maintain documentation substantiating the institution’s compliance with this section for each TEACH recipient.

HEROES Policy

Overview

The HEROES Act Policy ensures service members who are receiving federal financial aid at the University are not adversely affected because of their military status and minimizes the administrative burden placed on such individuals.

Policy

If an affected individual in one of the categories within this policy notifies the University of his/her affected status, the University will ensure he/she is not disadvantaged because of that status. Contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

Category 1 Individuals

Individuals affected by the waivers and modifications under this category include persons who
• are serving on active duty during a war or other military operation, or national emergency;
• are performing qualifying National Guard duty during a war or other military operation, or national emergency;
• reside or are employed in an area that is declared a disaster area by any federal, state, or local official in connection with a national emergency; or
• suffered direct economic hardship as a direct result of a war or other military operation, or national emergency.

The following waivers and modifications affect Category 1 individuals:

Need Analysis

The University substitutes adjusted gross income plus untaxed income and benefits received in the first calendar year of the award year, or another annual income that more accurately reflects the family’s current financial circumstances for which such determination is made for any affected individual, spouse and dependents, if applicable, to reflect more accurately the financial condition of an affected individual and family. The University has the option of using the applicant’s original EFC or the EFC based on the data from the first calendar year of the award year, or the EFC based on another annual income that more accurately reflects the family’s current financial circumstances. If the University chooses to use the alternate EFC, it uses the administrative professional judgment procedures established by the Secretary as discussed in the following section.

The HEROES waivers and modifications is separate from those impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Refer to the Student/Parent Eligibility Policy for information on natural disasters)

Professional Judgment

To more accurately reflect financial need, the University uses professional judgment on a case-by-case basis for affected individuals. The University determines the need for an affected individual by determining the most beneficial of the following:
• The individual’s need as determined using the adjusted gross income plus untaxed income and benefits received in the first or second calendar year of the award year;
• The individual’s need as determined using another annual income that more accurately reflects the family’s current financial circumstances; or
• The individual’s need as determined making no modifications (e.g., an individual’s income increased as a result of serving on active duty)

The University clearly documents the reasons for any adjustment and the facts supporting the decision. In almost all cases, the University will have documentation from a third party with knowledge of the student’s unusual circumstances. As usual, any professional judgment decisions made that affect a student’s eligibility for a subsidized student financial assistance program will be reported to the Central Processing System.

Title IV Grant Overpayments

A student who withdraws from the University because of an affected individual status is not required to return or repay any overpayment of grant funds based on the Return of Title IV (R2T4) calculations.

The University does not deny federal financial aid eligibility to an affected individual who owes an overpayment. In addition, the University does not contact the student, notify NSLDS, or refer the overpayment to Debt Collection Services. However, the affected individual’s file will be documented to include the amount of the overpayment.

The University does not apply any federal financial aid credit balance toward an overpayment before using the credit balance to pay...
authorized charges; pay the credit balance to the student (or parent, in the case of a PLUS loan); or use the credit balance to reduce the student’s federal financial aid loan debt (with the student’s authorization).

**Verification of AGI and U.S. Income Tax Paid**

For an affected individual who is required to file a U.S. income tax return and has been granted a filing extension by the IRS, the University accepts the following:

- A copy of IRS Form 4868 "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return” or a copy of the IRS’s approval of an extension beyond the automatic six-month extension (if additional extension was requested); AND
- A copy of each W-2 received for the specified year or, for a self-employed individual, a statement signed by the individual certifying the amount of the AGI and U.S. income tax paid for the specified year.

If an affected individual has not filed an income tax return by the filing deadline, in lieu of an income tax return, the University will accept the following to verify AGI and U.S. income tax paid:

- A statement from the individual certifying that he/she has not filed an income tax return or a request for a filing extension because he/she was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency; AND
- A copy of each W-2 received for the specified year, or for a self-employed individual, a statement signed by the individual certifying the amount of AGI and U.S. income tax paid for the specified year.

The University may request that an individual granted a filing extension submit tax information using the IRS Data Retrieval Tool, or by obtaining a tax return transcript from the IRS that lists the tax account information for the specified year after the income tax return is filed. If the University receives the tax information, it will verify the income information of the tax filer(s).

**Category 2 Individuals**

Individuals affected by the waivers and modifications under this category include persons who:

- are serving on active duty;
- are performing qualifying National Guard duty during a war or other military operation, or national emergency; or
- reside or are employed in an area that is declared a disaster area by any federal, state, or local official in connection with a national emergency.

The following waivers and modifications affect Category 2 individuals:

**Post-withdrawal Disbursement (PWD)**

A student who withdraws because of status as an affected individual who is eligible for a post-withdrawal disbursement has up to 45 days to respond to a PWD offer. However, at the University’s discretion, it may honor the PWD if the student (or parent in case of a parent PLUS loan) responds to the offer after 45 days.

**Leaves of Absence (LOA)**

The University documents the decision for granting an approved LOA to an affected individual if that individual has difficulty providing a written LOA request because of affected status. The documentation includes both the reason for the LOA and the reason for waiving the requirement that the LOA be requested in writing.

**Treatment of Federal Financial Aid Credit Balance When a Student Withdraws**

The University pays any federal financial aid credit balance to the student, or parent in the case of a parent PLUS loan, within 14 days after the balance occurred.

**Loan Cancellation**

The University allows an affected individual to request a cancellation up to 60 days after the date the University notifies the borrower of the right to cancel. The cancellation may be for all or a portion of a loan for which proceeds have been credited to the account at the University. If the University receives a loan cancellation after the 60-day period, the University may, but is not required to, comply with the request.

**Satisfactory Academic Progress**

If a student fails to meet the University’s satisfactory academic progress (SAP) standards (Refer to the SAP Policy for further information) as a direct result of being an affected individual in this category, the student may request a SAP appeal. The University will approve the appeal based on documentation of military orders.

**Category 3 Individuals**

Individuals affected by the waivers and modifications under this category include persons who:

- are serving on active duty, or
- are performing qualifying National Guard duty during a war or other military operation or national emergency.

The following waivers and modifications affect Category 3 individuals.

**Institutional Charges and Refunds**

If a student is called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency, the student is eligible for a deferral of any balance owed the University. Additionally, the student is eligible for a drop credit request (DCR) for a course if the student begins the course within 60 days of return from deployment. The amount of the credit is dependent upon the number of weeks attended prior to the student withdrawing for military reasons. (Refer to the Finance Policy - Military Deployment/Military Leave)

**Category 4 Individuals**

Individuals affected by the waivers and modifications under this category include dependents of persons who are:

- serving on active duty; or
- performing qualifying National Guard duty during a war or other military operation, or national emergency.

The following waivers and modifications affect Category 4 individuals.

**Verification Signature Requirements**

A dependent student is not required to submit a statement signed by one of the applicant’s parents when no responsible parent can provide the required signature because of the parent’s status as an affected individual in this category.

**Signatures on the Free Application for Federal Student Aid (FAFSA), Student Aid Report (SAR), and Institutional Student Information Record (ISIR)**

A dependent student is not required to provide a parent’s signature on the Federal Student Aid (FAFSA), Student Aid Report (SAR) or submitting corrections electronically when there is no relevant parent to provide a signature because of the parent’s status as an affected individual in this category. The high school counselor or
financial aid administrator may sign on behalf of the parent as long as the applicant provides adequate documentation concerning the parent’s inability to provide a signature due to the parent’s status as an affected individual in this category.

**Leave of Absence Policy**

**Overview**
The Leave of Absence (LOA) Policy addresses the impact to Title IV recipients when there is an approved temporary interruption in a student’s program of study, referred to as an LOA. Any student wishing to request an LOA should contact his/her academic counselor to discuss options available. The Leave of Absence request form can be completed by accessing his/her student website. Refer to the University’s Academic Leave of Absence Policy found within the University’s Academic Catalog for further information.

**Policy**

**Disbursements**
The University will not disburse any Direct loans to a student on an approved LOA. The University may disburse Pell, IASG, and FSEOG funds to a student on an approved LOA during certain times of the year. Finally, the University will pay any federal financial aid funds that are part of a Title IV credit balance to a student, since those funds were disbursed before the student went on the LOA.

**Tuition and Fees**
The University cannot assess the student any additional institutional charges as a result of the approved LOA. Therefore, if a student takes an approved LOA in the middle of a course, the University will issue the student an LOA Credit (LOAC). This LOAC will be applied to the course scheduled after the LOA end date. The credit will be given to the student as long as the student returns to his/her program of study within 180 days of the official last date of attendance (OLDA) prior to the LOA start date.

**Failure to Return**
The University will advise the student, prior to granting the LOA, the affect that failure to return from an LOA may have on Direct loan repayment terms, including the expiration of the student’s grace period. If a student does not return from an approved LOA, the withdrawal date and beginning of the grace period will be the student’s last date of attendance.

If the student reenters, after withdrawing from the University, the previously approved LOA days will count towards the student’s LOA maximum of 180 days in a 12-month period.

**Program Change During Approved LOA**
If a student returns from an approved LOA and begins a new program, the student is not meeting the LOA requirement of returning to the program the student was enrolled in prior to taking the LOA. Therefore, in these scenarios, the University will perform a return of Title IV (R2T4) calculation to withdraw the student from his/her initial program of study. The student’s last date of attendance in these scenarios will be the last academic related activity (ARA) prior to taking the approved LOA. The University’s date of determination will be the Program Change Effective Date/Program Begin Date. Once the University has withdrawn the student from the initial program, the student will be enrolled and awarded federal aid in the new program. (Refer to the Program Changes Policy and Re-Entry Policy for further information)

---

**Overawards and Overpayments Policy**

**Overview**
The Overawards and Overpayments Policy addresses how and when the University is required to resolve overawards and overpayments that occur in a student's financial aid package.

**Policy**

An overaward occurs when a student’s financial aid package exceeds financial need or when the total of all awards exceeds the cost of attendance (COA). Over-awards are usually the result of the student receiving financial assistance the University was not aware of when the student was packaged and/or awarded. The over-award becomes an overpayment if the University cannot correct the issue before funds are disbursed to the student.

**Pell Grants**
The Federal Pell Grant is never adjusted to account for other forms of financial assistance. Therefore, if a student’s financial aid package exceeds need, the University will first attempt to eliminate the overaward by reducing other financial aid awarded. If the University awards a Pell Grant to an ineligible student, that award becomes an overaward and must be resolved.

If the University makes a Pell Grant overpayment for which it is not liable and the student is still enrolled, the University will return the funds on behalf of the student. The student’s financial aid is repackaged according to eligibility, and the student owes the University, rather than the Department of Education, any Pell grant funds he or she was ineligible to receive.

If the student withdraws from the University and the Return to Title IV calculation results in a Pell Grant overpayment, the University immediately sends a written notice to the student requesting repayment of the overpayment amount. The notice, sent within 30 days of the date of determination to any student who owes a grant overpayment as a result of the student's withdrawal from the University, includes a statement that failure to make the repayment or make satisfactory repayment arrangements with the holder of the overpayment will make the student ineligible for further federal financial aid until the overpayment is resolved. Students are not liable for, and the University is not required to attempt recovery of or refer to the Secretary, a Pell Grant overpayment that is less than $50 and is not a remaining balance.

If the student fails to repay the Pell Grant overpayment or make satisfactory repayment arrangements, after the University has contacted the student, the University must refer the overpayment to the U.S. Secretary of Education for collection purposes.

**Iraq and Afghanistan Service Grants (IASG)**
The IASG, like the Federal Pell Grant, is never adjusted to account for other forms of financial assistance. If a student’s financial aid package includes an IASG and the package exceeds need or COA, but the IASG by itself does not exceed the student’s need, the University must reduce other financial aid to eliminate the overaward. However, if the IASG payment by itself exceeds the student’s COA for a period of enrollment, the total amount of the IASG must be reduced to the federal financial aid (Title IV) COA for the period of enrollment.

If a student receiving an IASG becomes Pell eligible during the award year, the University must treat the Pell Grant as Estimated Financial Assistance (EFA) and may need to adjust the student’s financial aid package.

**Campus-Based Funds**
The University only disburses the Federal Supplemental Education
Opportunity Grant (FSEOG) to students who’s FSEOG, combined with other estimated financial assistance (EFA) does not exceed the student's financial need. 

Estimated Financial Aid Assistance Exceeds Need

Campus-based funding allows for a $300 overaward tolerance if a student has received additional EFA not included in the calculation of the FSEOG. The $300 threshold is allowed only if an overaward occurs after Campus-Based aid has been awarded and/or disbursed and the University was unaware the student would receive additional financial assistance.

NOTE: Direct loans do not provide for any type of tolerance in need.

Therefore, if a student received additional amounts of EFA not included in the calculation of the FSEOG and Pell Grant and the amount results in the total EFA exceeding financial need by more than $300, the University may take, at its discretion, the following steps:
- If the student demonstrates increased financial need and the total amount of EFA does not exceed this increased need by more than $300, no further action will be necessary.
- If the total amount of EFA still exceeds need by more than $300, cancel any undisbursed loan or grant funds except for Pell Grant funds.
- If the total amount of EFA still exceeds need by more than $300, treat it as an overpayment that must be eliminated.

Direct Loans

If the University discovers, before disbursing Direct Subsidized Loan, Direct Unsubsidized Loan, or Direct PLUS Loan funds, that a student will receive (or has received) estimated financial assistance (EFA) for the period the loan was intended and the combined amount of EFA and loans will exceed the amount of financial aid the student is eligible for, the University will reduce or eliminate the overaward by either:
- Using the student’s Direct Unsubsidized Loan, Direct PLUS Loan, state-sponsored or another non-federal loan to cover the EFC; if not already done; or
- Reducing or returning one or more disbursements to eliminate the over-award.

State Grants and Pell Grant funds only

In the event there is an overaward, if a student is awarded state grant funds and Pell Grant funds only, state grant funds will be reduced to eliminate this over-award.

Financial Aid Assistance Exceeds Cost of Attendance

The University first attempts to eliminate an overaward by replacing the EFC with non-need-based loans, provided the student has not been awarded up to the COA. If the overaward is not resolved by replacing the EFC, the University reduces or cancels any future federal financial aid loans or private loans first. The University may also attempt to eliminate an overaward by using actual COA charges for the academic year. If a return of funds is necessary to eliminate the overaward, funds are returned in the following order:
- Private Loan
- Direct Graduate/Professional PLUS Loan
- Direct Parent PLUS Loan
- Direct Unsubsidized Loan
- Direct Subsidized Loan

If the student becomes ineligible for any part of a Direct Loan or PLUS loan, the University will reduce the loan to eliminate the amount the student is ineligible for. If the student has no loans or if the student's financial assistance still exceeds the student's financial need or COA, the University will proceed to reduce institutional grant and/or scholarship aid.

Reminder - The University will adjust the financial aid package to prevent an overaward of campus-based funds.

Conflicting Information and Other Assistance

The University is responsible for resolving conflicting information in a student’s file. At times, the University may receive financial assistance it was unaware of for a student. If the financial assistance was received after the end of the period of enrollment for a student who is still enrolled or who is intending to re-enroll, the University treats the financial assistance as EFA for the period of enrollment just completed.

Packaging Policy

Overview

The Packaging Policy addresses the University’s calculation of student awards based on costs, academic years/loan periods and statutory award maximums.

Policy

Prior to determining a student’s eligibility for federal financial aid, the University con-firms a valid output document - Institution Student Information Record (ISIR) - is on file. The University uses the “Ladder” packaging methodology allowing all applicants to be treated in the same manner when awarding funds. The University packages up to the cost of attendance (COA) by replacing the expected family contribution (EFC) with non-need based aid, unless otherwise specified by the student (or parent in case of a PLUS loan).

Determining Need

The University subtracts the EFC, the Federal Pell Grant and other non-federal financial aid re-sources from the COA to determine remaining need.

Example:

<table>
<thead>
<tr>
<th>Amount</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>$12,500</td>
<td>COA</td>
</tr>

$7,000 Remaining Need

The order in which financial aid is considered and awarded is as follows:

Federal Pell Grant/Iraq and Afghanistan Service Grant

The Federal Pell Grant (including those funds awarded under Children of Fallen Heroes or Children of Fallen Soldiers) or, alternatively, Iraq and Afghanistan Service Grant (IASG) is considered to be the first source of financial assistance to the student.

Other Resources

Other resources include, but are not limited to, the following:
- External grants and scholarships
- University grants and scholarships
- Tuition assistance
Self-help aid is awarded to meet remaining need as follows:

- Need-Based Institutional Grants
- State Grants
- Scholarships
- Federal Supplemental Educational Opportunity Grant (FSEOG)

Grants and scholarships awarded:

- Other financial assistance paid directly to the University
- Tribal aid
- Private and State grants
- Private loans
- Income from insurance programs that pay for the student’s education
- University administration tuition and/or student account adjustments

Grants and Scholarships

Determined Remaining Need

Self-help aid is awarded to meet remaining need as follows:

- Federal Direct Subsidized Loan
- Federal Direct Unsubsidized Loan
- Parent PLUS Loan
- Federal Direct Graduate/Professional PLUS Loan

Students eligible for a Graduate/Professional PLUS loan who do not request the maximum Direct unsubsidized loan amounts they are eligible for, are notified of their maximum unsubsidized loan eligibility, the loan interest rate for Direct Unsubsidized Loans and PLUS Loans, providing the opportunity to request the maximum Direct Unsubsidized Loan they are eligible for.

Estimated Financial Assistance

The University considers need-based aid as well as non-need-based aid as estimated financial assistance (EFA) when packaging financial aid for a student. EFA includes, but is not limited to, the following:

- Federal Pell Grant
- Campus-Based Aid
- State Grants
- Scholarships
- AmeriCorps
- Fellowships or Assistantships
- Tuition Assistance
- Waivers/Discounts
- Direct Subsidized and Unsubsidized Loans
- Direct Parent and Graduate/Professional PLUS Loans
- Private Loans

Iraq and Afghanistan Service Grants are not considered EFA. Therefore, they are never included in determining if a student’s financial assistance exceeds need or COA. Likewise, if a student’s other financial assistance exceeds a student’s need or cost of attendance, as applicable, the student’s Iraq Afghanistan Service Grant should not be reduced in eliminating the excess. However, and Iraq and Afghanistan Service Grant may be reduced if it alone exceeds a student’s COA.

If an IASG recipient becomes eligible for the Federal Pell Grant during the award year, the University will treat the Federal Pell Grant as EFA, and may need to adjust the student’s financial aid package.

The University does not count AmeriCorps benefits as EFA when determining eligibility for a subsidized direct loan; however, the University does include AmeriCorps benefits when determining eligibility for a direct unsubsidized loan.

Conflicting Information and Other Resources

If an affected individual (student and/or parent, if applicable) impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)) notifies the University that he/she has been impacted, any federal or state aid, whether in the form of grants or low-interest loans, received by the affected individual for the purpose of providing financial relief is not counted as EFA for packaging purposes. Students should contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

Overlapping Academic Years

If a student begins a program at the University prior to the expiration of his/her previous program’s academic year (AY), the University will award all federal financial aid based on the student’s remaining eligibility. The federal funds received for the prior AY do not count as EFA when awarding funds for the new program. However, the overlapping AY’s funding is based on the remaining loan and grant eligibility, accounting for what the student received in the program. (Refer to the Transfer Policy and Program Changes Policy for additional information)

Awards State Grants

If a student is awarded state grant funds and an ISIR has a C-code(s) or is selected for verification, the University does not award the funds until the C-code(s) are resolved and/or verification requirements are met.

Conflicting Information and Other Resources

The University is responsible for resolving conflicting information in a student’s file. At times, the University may receive aid it was unaware of for a student if the aid was received after the academic year/loan period ended for a student who is still enrolled or is intending to re-enroll, the University will treat the aid as EFA for the academic year/loan period just completed.

Private Loans Policy

Overview

The Private Loans Policy addresses the University’s participation in the private loan program. Private loans are available to help students supplement, not supplant, federal financial aid eligibility.

Policy

Private loans may be available for both students and parents who are not eligible for need-based financial aid or who want to supplement their federal and state financial aid. These loans are made privately through lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. For debt management purposes, we encourage applicants to first complete the federal financial aid application to determine eligibility for grants and direct loans and to borrow wisely, utilizing funding solely for direct educational expenses related to attendance at the University.

Eligibility

Private lenders determine student and/or parent eligibility for private loans.

Application and Awarding Process

Most private loans are certified by the University to avoid exceeding the student’s cost of attendance. Students who apply and receive a private loan on their own must report it to the University as estimated financial aid assistance. The total amount of assistance received from all sources of funding, including scholarships, fed-
eral financial aid, tuition discounts and private loan programs, cannot exceed the student's COA. Certain private loan products have limitations. Therefore, it is recommended that students with any questions contact Student Financial Services at StudentFinancialServices@phoenix.edu or 888-346-8679.

**Self-Certification Form**

Students applying for a private loan are required to complete a self-certification form before the lender can disburse funds to the University. Students complete the form directly with the lender. However, the University may assist in completing applicable sections of the form. If an enrolled or admitted student requests a self-certification form, the University will provide the written or electronic format of the self-certification form developed by the Secretary. The University will continue processing federal financial aid funds and certifying loans in accordance with federal regulations.

**Fund Management**

Private loans disbursed from the lender are applied directly to the student's account. A student can request any excess funds be returned to him/her as long as the student is not in a withdrawn status.

**Overawards**

If the total amount of assistance received from all sources of funding, as indicated above, exceeds the total COA, the University will return funds to the lender based on funds available on the student's tuition account. This is determined by the Overawards Policy as follows: 1) Private Loan, 2) Parent and Graduate/Professional PLUS Loan, 3) Direct Unsubsidized Loan, 4) Direct Subsidized Loan.

**Refunds**

If the student is out of attendance greater than 14 consecutive days and no LOA is approved, any excess funds remaining after the Return of Title IV (R2T4) Calculation and/or institutional refund policies are calculated will be returned to the private loan lender.

**Professional Judgment Policy**

**Overview**

The Professional Judgment Policy addresses the University's treatment of a student, on a case-by-case basis, when the student has special circumstances that are not sufficiently addressed by a standard approach. Special circumstances include conditions that differentiate an individual student from a whole population of students and those impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)).

**Policy**

If a student wishes to request a professional judgment, the student should email Student Financial Services at StudentFinancialServices@phoenix.edu or speak over the phone at 1-888-346-8679. The University uses professional judgment on a case-by-case basis and will use fairness during the decision making process. Its decision regarding professional judgment adjustments is final and cannot be appealed to the U.S. Department of Education. (For additional information, refer to the Student Parent Eligibility Policy. Refer to the HEROES Policy for information on individuals affected by war, military operations or national emergencies). The reason for the professional judgment is documented in the student's file as it relates to the student's special circumstances. The University does not accept adjustments made for a student by another school, but reviews the student's circumstances and, if appropriate, documents the professional judgment decision made on the student's behalf. If the student is selected for verification, the University will complete verification before exercising professional judgment.

**Special Circumstances**

The purpose of professional judgment adjustments is to allow schools the ability to accommodate special circumstances; the U.S. Department of Education does not provide detailed information on when the University may make adjustments. Examples include the following:

- Elementary or secondary school tuition
- Medical or dental expenses not covered by insurance
- Nursing home expenses not covered by insurance
- Dependent care
- Child care costs
- A student who is a dislocated worker
- The loss of employment of an independent student
- Cases where a family member is a dislocated worker,
- Cases where a change in the student's housing status results in homelessness
- Recent unemployment of a family member whose income is included,
- Other changes in the family's income, assets or a student's status,
- Number of parents enrolled at least half-time in a degree, certificate or other program leading to a recognized educational credential at an institution with a program participation agreement.

The University may use professional judgment to increase or decrease one or more of the data elements used to calculate the expected family contribution (EFC). The University may also use professional judgment to adjust the student's cost of attendance (COA). Inconsistent or conflicting information shown on the Institutional Student Information Report (ISIR) will be resolved before making any adjustments. Use of professional judgment is neither limited to nor required in the situations mentioned above.

The University will not:

- Modify either the formula or the tables used in the EFC calculation, but may only change values of specific data elements used in the EFC calculation.
- Use professional judgment to waive general student eligibility requirements or to bypass the intent of the law or regulations. For instance, the University will not use professional judgment to change Federal Supplemental Education Opportunity Grant (FSEOG) selection criteria.
- Include post-enrollment activity expenses in the student's cost of attendance. For example, fees for a professional licensing exam that is paid for and taken after the student has ceased/completed enrollment at the University are not allowable costs.

**Program Changes Policy**

**Overview**

The Program Changes policy details the University's treatment and determination of federal financial aid eligibility for students who change programs during an open payment period at the University.

**Program Changes**

If a student wishes to change programs at the University, the stu-
dent should contact his/her academic counselor for further information. Federal regulations require the University to re-evaluate the academic year, loan period and payment periods for a student who has changed programs while attending the University. A student who changes programs will be required to begin a new academic year (AY), loan period (LP) and payment periods. Academic years for students who change programs at the University will be established based on the credit hours remaining in the student’s new program. Federal aid funds awarded will be based on the student’s remaining eligibility.

When a student has changed his/her program, the University will perform a Return of Title IV (R2T4) calculation for the applicable payment period of the program the student is transferring out of and update the program’s AY/LP/payment periods accordingly. (Please refer to the Return to Title IV Policy for additional information)

Once the Return to Title IV (R2T4) calculation has been completed and all required federal aid funds returned as required, the University will award the student for the new program based on a new AY/LP/payment periods as follows:

**Federal Pell Grant Award**

If the student is eligible for the Federal Pell Grant, the University must identify the amounts of Federal Pell Grant already received for the federal award year in the program the student transferred out of and determine the percentage of the student's annual scheduled Federal Pell Grant award already used.

To calculate the student's remaining eligibility, the University uses the following formula:

\[
\text{Pell disbursed in prior program} = \frac{\text{Pell award kept as a result of the R2T4 calculation}}{\text{Scheduled award in prior program}}
\]

The University then determines the maximum percentage of the scheduled Federal Pell Grant Award the student may receive in the new program by using the following formula:

\[
100\% - \frac{\text{Pell award kept as a result of the R2T4 calculation}}{\text{Scheduled award in prior program}} = \frac{\text{Student's remaining Federal Pell Award}}{\text{Scheduled Award at University}}
\]

The student’s remaining Federal Pell Grant eligibility is $2,500. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. The student may receive half of the scheduled Federal Pell Grant award in the first payment period, and the remainder of the amount in the second payment period as long as the second payment period falls in the same award year.

**Federal Direct Loan Award**

If the student is eligible for the Federal Subsidized and/or Unsubsidized Direct Loan program, the new AY/LP will be a full AY/LP and will be limited to the student's remaining annual loan eligibility if the new program is at least an academic year in length or the remaining coursework represents at least one academic year or more than an academic year in length. If the new program is less
than an academic year in length or the remaining coursework represents less than an academic year in length, the student’s annual loan limit eligibility is the lesser of the remaining annual loan eligibility or the prorated loan eligibility based on credit hours to be completed in the new program.

**Federal Direct Loan Example:** A student transfers from the AAB program to the BSBA program at the University. In the BSBA program, the student is a third-year independent undergraduate student with a maximum annual Subsidized Loan eligibility of $5,500 and Unsubsidized Loan eligibility of $7,000.

Direct Loan Data from the Prior Program at the University

<table>
<thead>
<tr>
<th>Loan Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subsidized Loan</td>
<td>$1,688</td>
</tr>
<tr>
<td>Unsubsidized Loan</td>
<td>$2,250</td>
</tr>
</tbody>
</table>

The University must now determine the student’s remaining Subsidized and Unsubsidized Loan eligibility for the overlapping academic year in the BSBA program.

Direct Loan Calculations to Determine Remaining Eligibility for New Loan Period in New Program

1. **Remaining Subsidized Loan Eligibility for New Programs LP**
   - (Annual Subsidized Loan Limit - Subsidized Loan funds already disbursed)
   - $5,500 - $1,688 = $3,812

2. **Remaining Unsubsidized Loan Eligibility for New Programs LP**
   - (Annual Unsubsidized Loan limit - Unsubsidized Loan funds already disbursed)
   - $7,000 - $2,250 = $4,750

These remaining loan fund amounts will be disbursed based on the payment periods in the new program’s loan period at the University. (Refer to the Disbursements Policy for additional information)

**Definitions**

The following are two of the dates commonly referenced in relation to program changes at the University:

- **Program Begin Date:** The program begin date is the start date of the first course the student attends in that program. In the case of a student who changes programs, the program begin date is the start date of the first course the student attends after the program change effective date. Only a course scheduled under the new program is used to determine the program begin date.
- **Program Change Effective Date:** the program change effective date is a processing date. Specifically, it is the date the Office of Admissions and Evaluation processes the student’s enrollment agreement for the new program.

**Program Version Changes**

A student enrolled at the University who changes versions of a program is not a student who is changing programs for federal financial aid purposes. Therefore, the University will not reevaluate payment periods for students changing versions of the same program at the University.

**Re-Entry Policy**

**Overview**

The Re-entry Policy addresses how the University will treat students when they withdraw from the University and re-enter the same program within 180 days, or withdraw from the University and re-enter after 180 days or into a different program of study. The 180 day break is determined by counting the days between the student’s official last date of attendance (OLDA) and the course start date when the student returns. This federal financial aid Re-entry policy is separate from the institution’s Academic Program Re-entry policy.

**Re-entry within 180 days**

When a student withdraws from the University and re-enters within 180 days to the same program at the University, the student remains in the same payment period the student was in when originally withdrawn.

The cost of attendance (COA) for a student who re-enters within 180 days will reflect the original educational costs associated with the payment period from which the student withdrew.

The student is immediately eligible to receive all federal financial aid funds returned when the student withdrew. The University will take the following actions, if applicable, for a student who re-enters the same program within 180 days:

- Re-disburse federal financial aid that was disbursed and returned under the Return of Title IV (R2T4) provisions
- Disburse federal financial aid the student was otherwise eligible for that had not yet been disbursed at the time the student withdrew
- Cancel any overpayments assessed to the student as a result of the prior withdrawal that were disbursed on re-entry

The student becomes eligible for subsequent federal financial aid payments when the payment period for which he/she was paid is completed.

If the date of a student’s return is outside the period for which the loan was originated, the University will extend the original loan period (LP) and originate a new loan. Additionally, if the scheduled date for a second disbursement is outside the period the loan was originated, the University will extend the LP and the date(s) for the second and any subsequent disbursement.

If a student returns to the University within 180 days and before federal financial aid funds are returned due to an R2T4 calculation, the University will not return the funds.

If a student withdrew, had a previous overpayment referred to Debt Resolution Services, and re-enters within 180 days, the University will send Debt Resolution Services a fax identifying the student overpayment. The fax will state the overpayment should be made void as the student has returned to the University.

**Re-entry Within 180 days and in a New Federal Award Year**

If a student re-enters the University within 180 days and was originally enrolled in a payment period that began and was scheduled to end in one federal award year, but returns after the end of that federal award year, the University will disburse any remaining Pell funds using the original federal award year. The University will...
follow this process as long as the original federal award year is still open. If the original federal award year is closed and the student is due additional Pell funds from the closed federal award year, the University will request the Pell Grant funds through the Common Origination and Disbursement (COD) website.

If the student was originally awarded campus based funds and the funds are no longer available from the original federal award year, the University may award funds from the current federal award year if funds are available. However, this does not increase the annual maximum campus based funds award a student may receive.

If the student was awarded Direct Loan (DL) funds and the original federal award year is still open, the University will recover the DL funds from that federal award year. If the original federal award year is closed, the University will award the student remaining DL funds using current federal award year paperwork. However, the original LP dates along with original cost of attendance and expected family contribution will be used to award the remaining DL funds.

Re-entry after 180 days Or Re-entry into a Different Program

When a student withdraws from the University and re-enters after 180 days have elapsed or re-enters into a different program of study at any time, the University will award the student based on a full academic year/loan period with new payment periods. The length of the program will be the number of credit hours and weeks of instructional time remaining in the program the student re-enters. If the remaining credit hours and weeks of instruction constitute one-half of an academic year (AY) or less, the remaining hours will constitute one payment period.

If the start of the new AY overlaps with a previous AY, meaning the start of the new program begins before the calendar end date of the previous program’s AY, prior funds disbursed will be taken into consideration when packaging the student for the new program. (Refer to the Transfer Policy for additional information)

Return of Title IV Policy

Overview

The Return of Title IV Policy addresses federal financial aid recipients who withdraw from the University and are subject to a Return of Title IV (R2T4) calculation. For the purpose of R2T4 calculation requirements, a recipient is a student who has actually received federal financial aid funds or has met the conditions that entitled the student to a late disbursement of federal financial aid funds. The University is required to review the amount of federal loan and grant aid a student received for the payment period, to determine what percentage of federal financial aid the student earned prior to withdrawal. The percentage of federal financial aid determined to be unearned for the payment period must be returned to the appropriate federal financial aid program(s).

Policy

When a federal financial aid recipient withdraws from the University prior to the end of a payment period, an R2T4 calculation must be performed to determine the amount of federal financial aid funds earned as of the date of withdrawal. If the total amount of federal financial aid funds earned is less than the amount of federal financial aid funds disbursed to the student or on behalf of the student in the case of a parent PLUS Loan, the difference between these amounts is returned to the applicable federal financial aid programs. If federal financial aid funds earned is greater than federal financial aid funds disbursed, the difference between these amounts is treated as a post-withdrawal disbursement. A R2T4 calculation is not performed if the federal financial aid recipient withdraws after successfully completing the payment period AND all funds awarded for that period have been disbursed.

Withdrawal Date

The University’s Withdrawal Policy states for official, unofficial and administrative withdrawals, the University will use the student’s last academically related activity (ARA) to establish the student’s withdrawal date.

Exceptions

However, if this date occurs during an institutionally scheduled break or during a course extension period, it will not be used to establish a student’s withdrawal date at the University for the R2T4 calculation purposes. In these instances, the student’s withdrawal date and date of determination for the R2T4 calculation purposes will be established as follows:

Withdrawal Date

If a student posts an ARA during an institutionally scheduled break or during a course extension period, the University will look for the most recent ARA that occurred prior to the start of the institutionally scheduled break or course extension period. This ARA will be used as the last date of attendance or withdrawal date for Title IV purposes.

Date of Determination

The Date of Determination (DOD) for students who post academic related activities during an institutionally scheduled break will be no greater than 15 days after the end date of the institutionally scheduled break.

The DOD for students who post academic-related activities during a course extension period will be the day after a grade of anything other than IX posts.

For example: The University has a scheduled holiday break from Dec 20th through Jan 4th. The student posts an ARA on Dec 27th, which was during the scheduled break. The student requires an R2T4 calculation; the student’s withdrawal date for the R2T4 calculation would be Dec 19th (the most recent ARA prior to the scheduled break). In addition, the DOD is Jan 19th (the 15th day after the end date of the institutionally scheduled break).

Return Calculation

The amount of federal financial aid earned is calculated by determining the percentage of the payment period completed and applying this percentage to the total amount of aid disbursed and that could have been disbursed for the payment period. The payment period is defined as the period of time it takes the student to complete at least one-half of the weeks and credits in the student’s academic year. As long as conditions for a late disbursement (described below) are met prior to the date the student became ineligible, any undisbursed federal financial aid will be counted as aid that could have been disbursed.

Conditions for a Late Disbursement (Including Post Withdrawal Disbursements)

- The Department of Education (ED) processed a Student Aid Report (SAR) or Institutional Student Information Record (ISIR) with an official Expected Family Contribution (EFC) for the student (except in the case of a parent PLUS loan).
- The University originated a Direct Loan (DL).
- The University made the award to the student for a Federal Perkins loan or Federal Supplemental Educational Opportunity Grant (FSEOG).
• The University originated the award to the student for the TEACH Grant program.

The University does not include as a post withdrawal disbursement any funds the University was prohibited from disbursing on or before the date the student withdrew, which would apply to the following: (Additional information is available in the Disbursements Policy)

• Second or subsequent disbursements of DL funds unless the student has graduated or successfully completed the loan period.
• Second disbursements of DL for the period that the University is prohibited from making until the student successfully completes one-half of the weeks of instructional time and one-half the credit hours in the academic year.
• Disbursements of DL or Perkins loan funds for which the borrower has not signed a promissory note.
• Disbursements of Federal Pell Grant, Iraq Afghanistan Service Grant, and TEACH Grant funds to a student for whom the University did not receive a valid SAR or a valid ISIR by the deadline date established by the Secretary in the Federal Register.
• Federal Pell Grant, Iraq Afghanistan Service Grant, and TEACH Grant funds for a subsequent payment period when the student has not successfully completed the earlier payment period for which the student has already been paid.
• Disbursements of DL funds to a first-year, first-time borrower who withdraws before the 30th day of the student’s program of study.

Inadvertent Overpayments
An inadvertent overpayment occurs when the University disburse funds to a student no longer in attendance but prior to the date the University determines the student withdrew from the program. This would include any federal financial aid fund disbursements made after the student’s last date of attendance but prior to the University’s determination that the student was withdrawn. These inadvertent overpayments are included in the R2T4 calculation as aid that could have been disbursed.

Only students who meet late disbursement criteria are entitled to keep federal financial aid funds disbursed as an inadvertent overpayment. If an inadvertent overpayment cannot be made as a late disbursement, the University returns the entire amount of the federal financial aid funds disbursed. If the inadvertent overpayment can be made as a late disbursement, the University returns only the unearned portion of the inadvertent overpayment within 45 days of the University’s date of determination that the student withdrew (Refer to the Disbursements Policy for further information).

Unearned inadvertent overpayments are returned according to the requirements for the return of unearned funds.

Verification and the Return Calculation
If a student provides required verification documents after withdrawing from the University, but within 30 days of the date of the notification informing the student of the requirements, and in time for the University to meet the 30-day Return deadline, the University performs the R2T4 calculation based on all federal financial aid the student had established eligibility for prior to the withdrawal.

For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline but before the earlier of 120 days after the student’s last date of attendance or the deadline established by ED each award year, the University reviews and addresses eligibility as required.

If a student does not provide all verification documents in time for the University to complete verification and meet the R2T4 deadlines, the University includes in the R2T4 calculation only the federal financial aid that was not subject to verification (unsubsidized and PLUS loan funds) and for which the conditions of a late disbursement were met prior to the withdrawal. (Refer to the Verification Policy for additional information.)

Institutionally Scheduled Breaks
Institutionally scheduled breaks of five or more consecutive days are excluded from the R2T4 calculation. This includes all holiday and administrative breaks of five or more consecutive days.

Percentage of Federal Financial Aid Earned
The calculation of Percentage of Federal Financial Aid Earned includes all financial aid disbursed or that could have been disbursed to a student. This percentage is equal to the percentage of the payment period completed by the student as of the student’s last date of attendance in the payment period. This percentage is determined using the University’s rate of progression calculation.

If the student withdraws after successfully completing the payment period, 100% of the federal financial aid funds are earned and no calculation is required. If the withdraw date occurs after the student completes more than 60% of the payment period, the student earns 100% of the federal financial aid funds.

Rate of Progression Calculation
The percentage of the period completed is calculated as follows:

\[
\text{Percentage of Federal Financial Aid Earned} = \frac{\text{Total Calendar Days Completed in the Payment Period}}{\text{Total Calendar Days Scheduled to Complete in the Payment Period}} \times 100\%
\]

Number of calendar days completed in the payment period

Total number of calendar days scheduled to complete in the payment period

Total Calendar Days Completed in the Payment Period
The total number of calendar days completed in the payment period (numerator) is the count of calendar days from the payment period start date to the student’s last date of attendance.

Required Adjustments to Calendar Days Completed in the Payment Period
Calendar days are removed from calendar days completed in the payment period if any of the following occurred between the payment period start date and the student’s last date of attendance:

• Institutionally scheduled breaks of five (5) consecutive calendar days or more
• Holidays
• Administrative
• Student scheduled or selected breaks of five (5) consecutive calendar days or more between course end date and subsequent course start date
• All approved Leave of Absence calendar days
• Unapproved breaks of less than 180 days (Refer to the Re Entry Policy for additional information)
Total Calendar Days scheduled to complete in the Payment Period

The total number of calendar days in a payment period (denominator) is determined based upon the number and type (credential level and modality) of credits awarded in the payment period.

Required Adjustments to Total Calendar Days Scheduled to Complete in the Payment Period

Additional calendar days will be added to the payment period for unsuccessful course(s) completions with grades of I, IX, IP, QC, F, or W that occurred in a course prior to the course the student’s last date of attendance occurs within.

If the payment period needs to be extended, it is extended by a defined number of days based upon the following credential levels and modalities:

- Associates Program (9 week courses) - 63 days if one or two courses are needed, 126 days if three or four courses are needed
- Associates Program (5 week courses online) - 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
- Associates Program (5 week courses ground) - 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
- Bachelor Program Online - 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
- Bachelor Program Ground - 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
- Master’s/Doctoral Program Online - 42 days if one course is needed, 84 days if two courses are needed, 126 days if three courses are needed, etc.
- Master’s /Doctoral Program Ground - 36 days if one course is needed, 72 days if two courses are needed, etc.

Please note: Additional calendar days are NOT added for the course(s) in which the student’s official last date of attendance falls within. This includes any course(s) the student was enrolled in, but did not complete at the time of withdrawal.

Course Schedule:

<table>
<thead>
<tr>
<th>Course ID</th>
<th>Credit s</th>
<th># of Days in Course</th>
<th>Start Date</th>
<th>End Date</th>
<th>Instructor</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course #1</td>
<td>3.0</td>
<td>35</td>
<td>06/07/20XX</td>
<td>11/07/20XX</td>
<td>SMITH</td>
<td>W</td>
</tr>
<tr>
<td>Course #2</td>
<td>3.0</td>
<td>35</td>
<td>07/08/20XX</td>
<td>15/08/20XX</td>
<td>JONES</td>
<td></td>
</tr>
<tr>
<td>Course #3</td>
<td>3.0</td>
<td>35</td>
<td>09/08/20XX</td>

<td></td>
</tr>
<tr>
<td>Course #4</td>
<td>3.0</td>
<td>35</td>
<td>09/07/20XX</td>
<td>20/09/20XX</td>
<td>BROWN</td>
<td>N</td>
</tr>
</tbody>
</table>

The total number of days the student is scheduled to complete (prior to the withdraw-al) is 140. However, because the student received a “W” in course #1, 35 calendar days will be added to the payment period for this unsuccessful course completion which occurred in a course prior to the course the student’s last date of attendance occurs within. Therefore, the new total number of days in the payment period is 175.

Rate of Progression Calculation

Title IV Credit Balance and the return calculation

A Title IV credit balance created during the period is not released to the student nor returned to federal financial aid programs prior to performing the R2T4 calculation. The University holds these funds even if, under the 14-day credit balance payment requirements, funds are otherwise required to be released.

In the R2T4 calculation, the University includes any federal financial aid credit balance as disbursed aid. Although not included in
the R2T4 calculation, any federal financial aid credit balance from a prior payment period in the academic year that remains on a student's account when the student withdraws is included as federal financial aid funds for purposes of determining the amount of any final federal financial aid credit balance when a student withdraws. Upon application of any applicable refund policies, a federal financial aid credit balance is allocated first to repay grant overpayments owed by the student as result of the current withdrawal.

Within 14 days of the date that the University performs the R2T4 calculation, the University pays any remaining federal financial aid credit balance in one or more of the following ways:

- Pay authorized charges at the University.
- To the student (or parent for a PLUS loan).

The University applies its own refund policy before allocating a federal financial aid credit balance. However, the University does not actually complete the refund process before completing the steps for allocating the federal financial aid credit balance. If the University is unable to locate the student (or parent) when attempting to pay a credit balance, it returns the funds to federal financial aid programs. (Refer to the Federal Financial Aid Credit Balance Policy for further information)

**Return of Unearned Aid**

In the R2T4 calculation, the total Amount Disbursed plus Amount that Could Have Been Disbursed to the student or on the student's behalf, minus the Amount of Federal Financial Aid Earned by the Student determines the amount of federal financial aid funds unearned and required to be returned to the funding source. When a return of federal financial aid is required, the University and the student may both need to return funds. The University returns the lesser of the following amount to the appropriate federal financial aid program(s):

- The total amount of unearned aid; or
- The amount equal to the total University charges incurred by the student for the payment period multiplied by the percentage of unearned aid.

University (institutional) charges incurred by the student include tuition, fees, books and directed study (including state sales tax) initially assessed the student for the entire payment period. Initial charges are only adjusted for changes the University makes prior to the student's withdrawal. The amounts of institutional charges included in the R2T4 calculation are those charged or anticipated to be charged to the student's account. Although institutional charges may not have actually been charged due to the student's withdrawal, the University uses the actual charges to date, to include full tuition, fees, books and directed study (including sales tax) for each course in the payment period, and estimate remaining charges based on the students' primary campus, or as applicable. Institutional charges include all invoiced and scheduled charges, as well as any adjustments made to correct these charges, that occur prior to the beginning of the course from which the student withdrew.

Tuition waivers for military students and Campus Footprint initiative are not counted as Estimated Financial Aid (EFA) and will be subtracted from institutional charges in the R2T4 calculation. If after the student withdraws, the University changes the amount of institutional charges it assessed, or decides to eliminate all institutional charges, those changes do not impact the charges or aid earned in the calculation.

The University returns federal financial aid funds to programs in the following order, up to the net amount disbursed from each:

- Unsubsidized FFEL/ Direct Stafford Loan
- Subsidized FFEL/ Direct Stafford Loan
- Federal Perkins loans
- Federal Direct PLUS (Graduate Student)
- Federal Direct PLUS (Parent of Dependent Student)
- Federal Pell Grants
- FSEOG
- TEACH Grants
- Iraq & Afghanistan Service Grant (IASG)

After the University allocates its portion of unearned funds, the student must return federal financial aid owed in the same order specified above for the University. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by the University from the total amount of unearned federal financial aid funds to be returned.

The student (or parent in the case of funds due to a parent PLUS Loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan; and any federal financial aid grant program as an overpayment of the grant. The amount of a grant overpayment due from a student is limited to the amount by which the original grant overpayment exceeds one-half of the total federal financial aid grant funds received by the student. (Additional information is available in the Overawards and Overpayments Policy)

The University may round final repayment amounts, for which the University and student are responsible, to the nearest dollar.

**Timelines for Return of Funds**

The University completes a student's R2T4 calculation within 30 days of the University's date of determination. The University returns the amount of federal financial aid funds for which it is responsible as soon as possible but no later than 45 days after the date the University determines the student has withdrawn. If a student is eligible for a post-withdrawal disbursement, refer to the Disbursements Policy for information on specific timelines.

**Deceased Student**

If the University receives reliable information indicating an individual borrower or student for whom a parent received a PLUS loan dies, the University suspends further awarding and disbursements. An original or certified copy of the death certificate or complete and complete photocopy of the original or certified copy of the death certificate is requested and forwarded to the Secretary of Education (Secretary). Under exceptional circumstances and on a case-by-case basis, the Secretary may approve a discharge based upon other reliable documentation supporting the discharge request.

**Determination of Withdrawal of a Deceased Student**

The withdrawal date for a deceased student is the last date of academic attendance or attendance at an academically related activity determined from University attendance records. The date of determination is the date the University becomes aware of the student's death.

**Return of Title IV Funds for a Deceased Student**

The amount of federal financial aid funds earned by the student is calculated according to the Return of Title IV Funds (R2T4) calculation. If the calculation indicates the amount of funds earned is less than the amount disbursed to the student, or on behalf of the student in the case of a PLUS loan, the difference between these
amounts is returned to the appropriate federal financial aid programs. The University does not report grant overpayments for deceased students to NSLDS or refer a grant overpayment to Debt Resolution Services, as the student’s estate is not required to return any federal financial aid funds.

The following represents procedures the University follows if a credit balance of federal financial aid funds, created from funds disbursed before the death of the student, exists after the completion of the R2T4 and the University’s refund calculations:

- Pay authorized charges owed to the University.
- Return any federal financial aid grant overpayments owed by the student for previous withdrawals from the University.
- Return any remaining credit balance to the federal financial aid programs.

If the University previously referred a grant overpayment to Debt Resolution Services, documentation will be forwarded by the University indicating the student is deceased. Based on this information and documentation, Debt Resolution Services will remove the overpayment from the student’s records.

Although the student may be eligible to receive a post-withdrawal or late disbursement, the University is prohibited by federal financial aid Title IV, HEA regulations from further disbursements and will, therefore, not request additional funds from federal financial aid programs nor send out a post-withdrawal letter.

Federal Financial Aid Satisfactory Academic Progress (SAP) Policy

Overview

The University’s Federal Financial Aid Satisfactory Academic Progress (FASAP) policy determines whether an otherwise eligible student is meeting FASAP in an educational program and may receive financial aid under the Title IV, HEA programs. This FASAP policy does not supersede the institution’s academic SAP policy.

Policy

The University will calculate a student’s SAP based on the student’s primary program. Students must maintain FASAP throughout the duration of their primary program to remain eligible for federal financial aid. FASAP is assessed by qualitative and quantitative measures and is evaluated at the end of each completed payment period in the student’s primary program. For any questions regarding FASAP, contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

Qualitative Measure

Grade Point Average

Undergraduate students must have a cumulative program grade point average (GPA) of 2.0 at the end of each completed payment period, unless otherwise defined by academic policy. Graduate students must have a program GPA of 3.0 at the end of each completed payment period.

A student’s cumulative program GPA is calculated using only those grades earned at the University for the primary program. The program GPA is computed by adding the program applicable cumulative grade quality points earned (calculated by multiplying the credit hours and the weight of the grade earned in the course) and dividing it by the program applicable cumulative total number of credit hours completed.

Courses from which the student withdraws are not included in the program GPA calculation for the qualitative measurement.

Qualitative Exclusions

The following are excluded from the qualitative computation:
- Waivers
- National Testing Programs
- Courses with the following grades:
  - IN PROGRESS EXTENSION (IX)(provided there is no formal grade)
  - AUDIT (AU)
  - Incomplete (I)
  - In Progress (IP)
  - No grade awarded (QC)
  - Passing (P)
  - Withdrawal (W)
  - Withdrawal/Failing (WF)
  - Waived with Credit (WC)
  - No Credit (NC)
- Orientations with the following completion statuses:
  - Orientation Complete (OC)
  - Orientation Not Complete (ON)
  - Orientation Extension (OX)
- Assessed Credits

Quantitative Measure

Each academic program has a published standard credit load for completion. Pace of completion is automatically evaluated for all periods of attendance at the University, including periods the student did not receive federal financial aid.

Maximum Timeframe

The maximum timeframe to complete the program cannot exceed 150% of the published length of the program measured in credit hours attempted for undergraduate and graduate students. Progress is evaluated cumulatively at the completion of each payment period for a student’s primary program to ensure completion of the program within the 150% maximum timeframe.

If a student cannot complete the program of study within the maximum timeframe (as determined at the end of the payment period) the student will be placed on financial aid disqualification (FD) status.

Pace of Completion

The quantitative measure for the pace of completion is calculated using the following formula:

\[
\text{Cumulative number of credit hours the student successfully completed} / \text{Cumulative number of credit hours the student attempted}
\]

At the end of each payment period, the student’s pace of completion is evaluated. Students must earn at least 67% of the credit hours attempted toward completion of the primary program. Credit hours taken at other institutions and accepted toward a student’s primary program at the University are included in both attempted and completed credit hours when measuring pace of completion.

Courses from which the student posts an academic related activity and subsequently withdraws from are counted as attempted credit hours when calculating the quantitative measurement or program status.
Included in Pace of Completion

The following are included as attempted in the pace of completion calculation:

- Courses that are waived with credit (WC)
- Assessed Credits
- Pass (P)
- Withdrawal (W)
- Withdrawal/Failing (WF)
- Courses completed with the following grades:
  - A, B, C, D, and F (+/-)
  - In Progress (IP)
  - Incompletes (I, IX and IF)
  - No grade awarded (QC)

Evaluation

The University evaluates FASAP for the student’s primary program, based on a completed payment period (generally, at least 12 credit hours). As a result of the evaluation, a student is assigned an FASAP status.

Financial Aid Warning

Undergraduate students with less than a cumulative 2.0 GPA, or the minimum as stated in policy, and graduate students with less than a 3.0 OR who do not earn 67% of their attempted credits (cumulatively) at the end of a completed payment period, are automatically placed on financial aid warning (FW) status. The University can disburse federal financial aid funds to students on FW status for one payment period.

Financial Aid Disqualification

If a student on FW status does not meet FASAP at the end of the subsequent completed payment period, the student is not eligible for additional federal financial aid and will be placed on an FD status. Students who are placed on an FD status are ineligible for federal financial aid.

Financial Aid Probation

Students who are granted an appeal will be placed on financial aid probation (FP) status and will have their financial aid eligibility reinstated based on the appeal. The University can disburse federal financial aid funds to students on FP status for one probationary payment period, provided all other eligibility requirements are met. The student must meet the University’s SAP standards to maintain federal financial aid eligibility.

Student Notification

The University will notify students at any point during their enrollment if they are placed on or taken off the FW, FP, FD or Regular Student (RG) statuses, as these affect student eligibility to receive federal financial aid.

Student Financial Aid Appeals

Students placed on FD status due to a violation of the qualitative and/or quantitative standards during the financial aid warning period may appeal the disqualification to regain eligibility for federal financial aid. Students may do so by submitting an FA SAP Professional Judgment (PJ) Form to Student Financial Services. The FA SAP PJ form is located on the student website. If there are significant extenuating circumstances, federal financial aid reinstatement may be possible during a financial aid probation period. Approval and/or reinstatement of federal financial aid eligibility are not guaranteed. The FA SAP PJ team reviews all appeals on a case-by-case basis. Approval is only granted when there are significant extenuating circumstances. All decisions made by the FA SAP PJ team are final.

The University allows a student to have a maximum of two approved appeals during their time at the University. These appeals cannot be consecutive and are only considered if significant extenuating circumstances exist. Examples of significant extenuating circumstances may include, but are not limited to, the following:

- Death of a relative
- An injury or illness of the student
- Other unusual or special circumstances

Students must explain on the FA SAP PJ Form why the nature and timing of their significant extenuating circumstance(s) directly prohibited them from meeting and maintaining FASAP, and what has changed in their circumstances that would allow them to demonstrate FASAP at the next evaluation. If students have more than 12 credits remaining in their primary program, they must demonstrate the ability to graduate within the maximum time frame allowed and meet the GPA requirements. If students have 12 or less credits remaining, they must demonstrate the ability to complete the remaining credits successfully.

Regaining Eligibility after Payment Period of Ineligibility

A student who is not making FASAP regains eligibility only when the student is in compliance with the University’s FASAP requirements. Therefore, if a student loses eligibility for federal financial aid as a result of not meeting FASAP requirements, the student must pay for the ineligible payment period using nonfederal financial aid funds. If the student meets all FASAP criteria after the ineligible payment period, the student’s borrower-based academic year (BBAY) will start at the beginning of the eligible payment period following the period of ineligibility. The BBAY is packaged for a full 24 credits and 40 weeks of instructional time.

If the ineligible payment period is the second payment period of an academic year/loan period already established, any federal financial aid awarded for the second payment period will be canceled and, if necessary, returned to the funding source.

Transfer Credits - Qualitative

A student’s program GPA is calculated using only grades earned at the University in courses that are applicable to the program. Therefore, transfer credits do not apply when calculating the student’s GPA at the University. Transfer credits include credits for all courses not completed at the University that are applied toward the completion of the student’s primary program.

Transfer Credits - Quantitative

Credits taken at other institutions and applied toward the student’s primary program/version at the University are included in both attempted and completed hours when measuring the student’s pace of completion.
Program Changes

Students who change primary programs at the University are re-evaluated to determine which credits apply to the new primary program. The student's FA SAP status will be evaluated at the end of each completed payment period in the new academic year. If the student changes back to a program he or she was previously in, the student's FA SAP status will reflect the last status of the original program. Refer to the Program Changes Policy for further information.

The University will calculate the qualitative and quantitative FA SAP measures based on all successfully completed courses applicable to the new primary program. This includes those courses taken in a previous primary program that the student successfully completed and that apply to the new primary program.

Re Enters

If a student withdraws from the University and subsequently re-enters into the same primary program, whether within 180 days or after 180 days, the FA SAP status at the time of re-entry and for the first payment period upon re-entry will be the FA SAP status the student had prior to his or her withdrawal. If the student re-enters, at any point, into a different primary program, the FA SAP status will reset to Regular Student (RG) status.

Repeat Courses

Grades for prior attempts, whether successfully completed or not, are excluded when calculating the qualitative (GPA) component. However, credits from all attempts are included when assessing if the student meets the quantitative (pace and maximum time frame) component.

Note: Repeat courses taken in a primary program are counted in the FA SAP status for that primary program.

Student Parent Eligibility Policy

Overview

The Student Parent Eligibility Policy addresses student and parent eligibility requirements that must be met prior to awarding federal financial aid.

Policy

The University ensures all students meet all eligibility requirements prior to awarding federal financial aid.

Admission

Prior to a student receiving federal financial aid, the University confirms the student is enrolled, or accepted for enrollment, as a regular student at the University.

High School Diploma or Equivalent

Students must be qualified to study at the postsecondary level. For students attending the University, one of the following criteria must be met:

- High school diploma
- A copy of the student's high school diploma
- A copy of the student's final high school transcript that shows the date a high school diploma was awarded; or
- Recognized equivalent of a high school diploma
- General Education Development (GED) certificate
- California High School Proficiency Examination (CHSPE);
- HISET Completion Certificate
- Documentation provided by the State or appropriate Department of Education in the student's state or jurisdiction indicating that the student has earned a secondary completion credential that has the same rights, privileges, and rigor of a normal High School Diploma
- A copy of the "secondary school leaving certificate" or similar document, obtained from the appropriate government agency, for students who completed secondary school in a foreign country
- An academic transcript indicating the student successfully completed at least a two year program that is acceptable for full credit toward a bachelor's degree; or
- Homeschool
- If the state requires by law that students obtain a secondary school completion credential for homeschool, a copy of that credential is needed
- If the state does not require the above credential, a transcript or the equivalent signed by the student's parent or guardian that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting

Note: If selected for verification tracking groups V4 or V5 (see Verification Policy for further information), in cases where it is impossible for a refugee, an asylee or a victim of human trafficking to obtain documentation of his or her completion of a secondary school education in a foreign country, the University may accept self-certification. It must consist of the following:

- Proof of their attempt to obtain documentation of their completion of a secondary school education in a foreign country, i.e., a copy of an e-mail or letter, including proof of mailing.
• A signed and dated statement that indicates that the applicant completed his or her secondary school education in a foreign country, the name and address of the foreign high school where the applicant completed the secondary school education and the date when the foreign high school diploma was awarded.
• A copy of the entry status documentation that identifies the applicant’s current or prior status as a refugee, an asylee, or as a victim of human trafficking and who entered the United States after the age of 15.

Grant Overpayments
A student is ineligible for federal financial aid if he/she owes an overpayment on a federal student aid grant. If the student owes a grant overpayment, the student may regain eligibility for federal student aid by repaying the grant overpayment or making satisfactory arrangements to repay the grant overpayment.

Loan Limits
A student is ineligible for federal financial aid if annual or aggregate loan limits made under any federal financial aid HEA loan program have been exceeded or if his property subject to a judgment lien for a debt owed to the United States. If annual or aggregate loan limits have been exceeded, the student may regain eligibility by repaying the extra amount borrowed or making satisfactory repayment arrangements with the loan holder.

Drug Convictions
Students become ineligible for federal financial aid if convicted of possession or sale of drugs for any offense that occurred during any academic year/loan period for which the student was receiving federal financial aid funds. Any conviction that was reversed, set aside, or removed from the student’s record does not count; nor does a conviction received when the student was a juvenile, unless the student was tried as an adult. If the student was convicted of both selling and possessing illegal drugs and the periods of ineligibility are different, the student will be ineligible for the longer period.

The University will make available to all students, through consumer information, details regarding the penalties for these types of drug violations.

If University personnel become aware of a student being convicted of any offense involving the possession or sale of illegal drugs, they will report it to Student Financial Services - Operations (SFS-O) to ensure future federal financial aid disbursements are cancelled. SFS-O will notify the student of lost eligibility due to a drug violation and provide information regarding the specific penalties, along with information on how to regain eligibility for federal financial aid.

Incarcerated Students
The University of Phoenix must ensure that no more than 25% of its regular students are incarcerated. This percentage will be monitored for the latest completed award year.

An incarcerated student is someone serving a criminal sentence in a federal, state, or local penitentiary, prison, jail, reformatory, work farm, or other similar correctional institution. A student in a less formal arrangement, such as a halfway house, home detention, or sentenced to serve only weekends, is not considered to be incarcerated.

Title IV Eligibility for Incarcerated Students
All incarcerated students are
• not eligible for Title IV federal financial aid loans
• eligible for FSEOG
Students incarcerated in federal or state penal institutions are
• not eligible for Pell grants
Students incarcerated by jurisdictions defined as a state in the law, such as the District of Columbia, are considered to be in a state penal institution and are
• not eligible for Pell Grants
Students incarcerated in local penal institutions (local or county jails, penitentiaries, correctional facilities, and juvenile justice facilities) are
• eligible for Pell grants
Students who are subject to an involuntary civil commitment following incarceration for a sexual offense are
• not eligible to receive Pell grants

Cost of Attendance for Incarcerated Students
Cost of Attendance includes an allowance for tuition, course materials fees, books and supplies, if required in the program of study. No other expenses are included. Allowable costs are assessed at the rate designated in the University’s Student Financial Aid budgets.

Regaining Title IV Eligibility for Incarcerated Students
The University may accept a written self-certification indicating the student is no longer incarcerated. The student becomes eligible for federal financial aid funds as of the date his or her incarceration has ended.

Citizenship
All students must be a U.S. citizen or national or U.S. permanent resident or other eligible noncitizen to receive federal financial aid. A citizen of the Federated States of Micronesia, Republic of the Marshall Islands, or the Republic of Palau is eligible to receive federal financial aid under the Federal Pell Grant but is not eligible for Direct loans. Citizens of Palau are also eligible for FSEOG.

If a student needs to provide documentation to confirm his/her citizenship status and the student is unable to present this documentation in person, the University will allow the student to submit a hard copy or electronic image of the original document. Along with the citizenship documentation, the student must provide an affidavit. The affidavit requires two forms of identification and signature from the student.

Secondary Confirmation
If a student indicates an eligible noncitizen on the FAFSA and provides an A-Number, identifying information will be automatically sent to the Department of Homeland Security (DHS) for primary and, if necessary, secondary confirmation. If the University receives a SAR/ISIR with a secondary confirmation match flag of “P,” the DHS will continue to check its records in a process called automated secondary confirmation. The University will wait at least 10, but no more than 15, business days for the result of automated secondary confirmation. If the result is not received by that time, the University will begin the third step verification process. The University has 10 business days after receipt of the documents for immigration status to undergo the third step verification process. The University will notify the student of the final decision based on the third step verification results.

Default
Any student applying for federal financial aid must not be in default on a loan made under any federal financial aid program or HEA loan program.

Selective Service
The University requires men who are age 18 through 25 to register with the Selective Service System. Students, who are exempt or waived from this requirement, are asked to provide the University
with supporting documentation for review. The review process is documented along with the supporting documentation provided. If, after the review, the student is not clearly exempt or waived from the requirement to register the University will ask the student to provide a Status Information Letter from the Selective Service.

Unusual Enrollment History (UEH)

The University resolves an Institutional Student Information Record (ISIR) that reports a UEH flag prior to awarding a student Title IV funds. The UEH flags are:

- "N" - No resolution is required by the university; the student’s enrollment pattern is not unusual
- "2" - the University reviews the student’s enrollment and financial aid records to determine if, during the four-award year review period (Award Years 2015/2016, 2016/2017, 2017/2018, and 2018/2019), the student received a Pell Grant or Direct Loan at the University.
- "3" - the University reviews the student’s academic records to determine if the student received academic credit at the University during the three award year period (Award Years 2015/2016, 2016/2017, 2017/2018, and 2018/2019). In addition, the University reviews the National Student Loan Data System (NSLDS) to identify all schools where the student received Pell Grant or Direct Loan funding during the past four award years.

The University will determine, for each of the previously attended schools, whether academic credit was earned during the award year the student received Pell Grant and/or Direct loan funds. This determination is based upon academic transcripts already obtained by the University or by asking the student to provide academic transcripts or grade reports.

Students who do not show earned credit for the Pell grant awards and/or Direct loans received in the past four years, and who may have special circumstances, may submit a request through the Professional Judgment (P/J) Team for approval.

The student is required to successfully complete one payment period at the University.

Denial of Continued Eligibility for UEH

If the student did not earn academic credit at one or more of the relevant schools and does not provide acceptable documentation, the University will deny the student any additional federal financial aid funds.

Regaining Eligibility for UEH

The student is required to successfully complete one payment period, earning at least 12 credits, at the University to regain federal financial aid eligibility. During this time, the student is required to use an alternate method of payment for tuition and fees. Upon regaining eligibility, loans may be awarded retroactively back to the beginning of the academic year, but Pell grants are only awarded going forward/starting with the next payment period.

Parental Non Support

Although students whose parents refuse support are not eligible for a dependency override, the University has the authority to offer a dependent student a Direct unsubsidized loan without requiring the parent(s) to file a FAFSA provided supporting documentation is obtained. Supporting documentation consists of a completed parental nonsupport confirmation form or a signed and dated verification statement from the parent(s) specifying the following:

- the parent(s) do not provide any financial support and the date the financial support ended,
- the parent(s) will not provide any financial support in the future; and
- the parent(s) refuse to complete the parental section of the FAFSA.

The University may accept documentation from a third party (i.e., teacher, counselor, clergy, court, etc.) describing the student’s relationship with the parent(s) if the parent(s) will not provide the required verification statement.

Students who are offered the Direct unsubsidized loan without parental data on the FAFSA are only eligible to receive the loan limit based on dependent undergraduate student annual maximums. For example, a first-year undergraduate student cannot receive more than $5,500 ($5,500 base plus $2,000). The parent(s) cannot later apply for a PLUS loan, unless the parents are separated or divorced, in which case, the non-custodial parent can apply for a PLUS loan. If the non-custodial parent is subsequently denied for the PLUS loan, the student’s Direct unsubsidized loan eligibility is not increased. The student will not be eligible for any other Title IV financial aid programs.

Dependency Overrides

A student who does not meet the definition of independent may be designated as independent if the University makes a documented determination of independence due to special circumstances. The U.S. Department of Education interprets a special circumstance as one which makes it inappropriate to expect a parental contribution. Examples of special circumstances include inability to locate parents, an abusive family environment, or abandonment by parents.

Generally, the documentation of special circumstances will come from a third party that knows the student's situation (such as a teacher or member of the clergy), but in cases where this is not available, the University will accept a signed statement from the student detailing the special circumstance.

Professional judgment is not used to change the status of a student from independent to dependent. However, the University may use professional judgment to account for parental support where special circumstances warrant. Dependency overrides do not carry over from one year to the next. If the student is not independent for some other reason noted on the FAFSA, the University will reaffirm each year that the special circumstance persists and an override is still justified.

PLUS Exceptional Factor

Dependent students whose parents are unable to borrow PLUS loans due to adverse credit or other exceptional circumstances may receive additional Direct unsubsidized loans for the same amount as independent undergraduate students. The PLUS exceptional factor is not a dependency override as parent information is provided on the FAFSA. Examples include:

- The parent is incarcerated.
- The parent’s whereabouts are unknown.
- The parent has filed for bankruptcy and has provided a letter from the bankruptcy court stating that as a condition of the bankruptcy filing, the parent may not incur any additional debt.
- The parent’s income is limited to public assistance or disability benefits and you have documented that the parent would not be able to repay the PLUS loan.
must sign a statement acknowledging the Direct Loan the student meets the requirements for an eligible student.

In the case of an undergraduate student who seeks a Direct Subsidized Loan, a Direct Unsubsidized Loan, or a combination of these loans, if the student meets the following requirements:

- The student is enrolled, or accepted for enrollment, on at least a half-time basis in a school that participates in the Direct Loan Program.
- The student meets the requirements for an eligible student.
- The federal government does not have a judgment lien on the borrower's property.
- The federal government does not have a judgment lien on the borrower's property.

The annual loan limit for graduate and professional students is $20,500. This amount is limited to Direct Unsubsidized loans only.

In the case of a borrower whose previous loan was cancelled due to total and permanent disability, the borrower must obtain certification from a physician that the borrower is able to engage in substantial gainful activity;

must sign a statement acknowledging the Direct Loan the borrower receives cannot be discharged in the future on the basis of any impairment present when the new loan is made, unless that impairment substantially deteriorates; and

- if the borrower receives a new Direct Loan, other than a Direct Consolidation Loan, with-in three years of the date that any previous Title IV loan was discharged due to a total and permanent disability, the student must resume payment on the old loan before receipt of the new loan.

In the case of a borrower whose prior loan under Title IV federal financial aid was conditionally discharged after an initial determination that the borrower was totally and permanently disabled based on a discharge request received prior to July 1, 2010-

- The suspension of collection activity on the prior loan has been lifted;
- The borrower complies with all requirements;
- The borrower signs a statement acknowledging the loan that has been conditionally discharged prior to a final determination of total and permanent disability cannot be discharged in the future on the basis of any impairment pre-sent when the borrower applied for a total and permanent disability discharge or when the new loan is made, unless that impairment substantially deteriorates; and
- The borrower signs a statement acknowledging that the suspension of collection activity on the prior loan will be lifted.

A graduate/professional student or parent is eligible to receive a Direct PLUS Loan if the following requirements are met:

- The parent borrower is the student's biological or adoptive mother or father or the student's stepparent if their income and assets are taken into account when calculating the student's EFC
- The parent borrower is borrowing to pay for educational costs of a dependent undergraduate student who meets the requirements for an eligible student.
- The parent borrower provides a social security number for themselves and the student.
- Student or parent borrower meets the requirements pertaining to citizenship and residency.
- Student or parent borrower meets the requirements concerning defaults and overpayments.
- Student or parent borrower is not incarcerated.

The federal government does not have a judgment lien on the borrower's property.

Complies with the requirements for submission of a Statement of Educational Purpose for the student, except for the completion of a Statement of Selective Service Registration Status.

Student or parent borrower does not have an adverse credit history.

Student or parent borrower has an adverse credit history but has obtained an endorser who does not have an adverse credit history; or has an adverse credit history but documents to the satisfaction of the Secretary that extenuating circumstances exist.

Victims of Natural Disaster

If an affected individual (student and/or parent, if applicable) impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)) notifies the University that he/she has been impacted, any federal or state aid, whether in the form of grants or low-interest loans, received by the affected individual for the purpose of providing financial relief is not counted as income for calculating the family's EFC. Students should contact their Finance Advisor for further information.

Subsequent ISIRs Policy

Overview

The Subsequent ISIRs Policy addresses the University’s role in reviewing any Institutional Student Information Record (ISIR) the University receives after awarding a student federal financial aid funds.

Policy

The University is required to resolve any discrepancies in federal financial aid related information. Therefore, the University reviews all subsequent Institutional Student Information Record (ISIR) transactions received for a student for the federal processing aid year to identify changes requiring supporting documentation from students. These ISIRs will be reviewed as long as the student is enrolled at the University.

Subsequent ISIRs

A subsequent ISIR is an ISIR received when a student or other institution changes information after the University has awarded the student federal financial aid funds. The University is required to review any data element change made by the student or other institution which may affect eligibility for federal financial aid or the amount and type of federal financial aid awarded. The University will not make further disbursements of federal financial aid funds until the changes made to a subsequent ISIR are confirmed.
and/or corrected. If a subsequent ISIR is received after verification is completed, the University will collect documentation to support the change or correct the ISIR back to the verified information. The University does not accept changes based on marital status updates.

The University will not disburse federal financial aid until all conflicting information has been resolved, even if the conflict concerns a previous award year. The findings are documented in the student’s file.

If a subsequent ISIR is received with changes to C Flags and comment codes or the EFC, the University will review and collect the required documents. If a subsequent ISIR is received because the National Student Loan Data System (NSLDS) has provided new or updated information to the University, the NSLDS history is reviewed to determine if changes are needed to existing awards. This information may include indications a student has gone into default or owes an overpayment. It may also indicate a student has resolved a default and is now eligible for federal financial aid funds.

Once the subsequent ISIR is reviewed and eligibility to receive federal financial aid is determined, if necessary, the student will be sent a revised award letter reflecting any changes.

If, after reviewing the subsequent ISIR, it is determined the student is ineligible for federal financial aid, the student is notified via a letter of ineligibility.

Transfer Policy

Overview

The Transfer policy documents the University’s treatment and determination of federal financial aid eligibility for students who transfer to the University from another school or advance programs (a.k.a. finish one program and begin another program) at the University.

Policy

External transfers

Students who transfer to the University with or without accepted credits and who have overlapping academic years (AY’s) with a prior school are referred to as external transfers. An overlapping AY exists if the student begins a program at the University prior to the expiration of the prior school’s AY. If the prior school’s AY length is less than 30 weeks, the University contacts the prior school to confirm the dates are correct or requests the school correct the dates in common origination and disbursement (COD).

Advancing Programs

Students who graduate from one program at the University and begin another program at the University are students who are advancing programs.

If a student wishes to advance programs at the University, the student should contact Enrollment Services at (800) 366-9699.

Awarding Federal Aid

In both scenarios listed above, the University will award all federal financial aid (Federal Pell Grant, FSEOG, and Direct Loans) based on a full academic year in the new program at the University (Refer to the Federal Pell Grant/IASG Policy, Direct Loan Policy, and Campus Based Policy for further information on awarding and the Academic Year Definition Policy for further information on defined academic years).

Federal Pell Grant Award

Students who transfer to the University or advance programs after receiving a Federal Pell Grant at a previous school or in the previous program during the same award year may receive a Federal Pell Grant only if:

1. The student submits a valid SAR to the University; or
2. The University obtains a valid ISIR

A student cannot receive more than his or her scheduled Pell award for a federal award year. (Refer to the Federal Pell Grant/IASG Policy for additional information). When a student has already received a Federal Pell Grant during the same federal award year, the University determines the percentage of the scheduled Federal Pell Grant award that the student has already received in order to calculate the student’s remaining eligibility (if any) for a Federal Pell Grant award.

To calculate the student’s remaining eligibility, the University uses the following formula:

Pell disbursed at prior school/program = % of Scheduled Award used

The University then subtracts the percentage of scheduled award used from 100 to calculate the maximum percentage of the scheduled award the student may receive at the University. The University determines the Federal Pell Grant Award the student is eligible for by using the following formula:

Maximum % of Scheduled Award Remaining x Scheduled Award at University = Maximum Pell Award

When calculating the student’s Federal Pell Grant award, the University also ensures the student does not exceed the Pell Lifetime Eligibility Used (Pell LEU).

The remaining Federal Pell Grant award amount is not divided equally across the PPs in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student’s remaining eligibility for each PP, except that no PP disbursement can exceed 50% of the scheduled annual award.

Pell Example: A student received a portion of a Federal Pell Grant at a community college, then transferred to the University during the same federal award year. The community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student’s Federal Pell Grant award.

<table>
<thead>
<tr>
<th>Pell Data from the Community College</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduled Pell award $3,000</td>
</tr>
<tr>
<td>Pell award disbursed $1,500</td>
</tr>
<tr>
<td>Amount of Pell funds returned due to R2T4 calculation $300</td>
</tr>
<tr>
<td>Net amount of Pell funds disbursed to student $1,200</td>
</tr>
</tbody>
</table>

The University’s cost of attendance is higher than the community college, which increases the student’s scheduled Federal Pell Grant to $4,000 for the federal award year. The University must now determine the student’s remaining Federal Pell Grant eligibility for
the federal award year to determine the amount it may actually award to the student.

**Pell Calculations to Determine Remaining Pell Eligibility**

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduled Pell Award at the University</td>
<td>$4,000</td>
</tr>
<tr>
<td>Percentage of Pell award already used (Net Pell disbursed divided by Scheduled Pell award at prior school)</td>
<td>$1,200 divided by $3,000 = 40%</td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility (100% - Percentage used)</td>
<td>100% - 40% = 60%</td>
</tr>
<tr>
<td>Student's remaining Federal Pell Grant Award (Scheduled award at University x Percentage remaining eligibility)</td>
<td>$4,000 x 60% = $2,400</td>
</tr>
</tbody>
</table>

The student's remaining Federal Pell Grant eligibility is $2,400. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. As long as the student's first PP in the new program is at least half of an AY (in both credits and weeks), the student may receive half of the scheduled award in the first PP. If the second PP in the new program falls in the same federal award year, the student will receive the remainder of the Federal Pell Grant amount in the second PP.

**Pell Disbursements at the University**

<table>
<thead>
<tr>
<th>Period</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>First payment period</td>
<td>$2,000</td>
</tr>
<tr>
<td>Second payment period</td>
<td>$400</td>
</tr>
</tbody>
</table>

**Federal Direct Loan Award**

If the student is eligible for the Federal Subsidized and/or Unsubsidized Direct Loan program, the new AY/LP will be a full AY/LP. The loan at the University may not exceed the remaining balance of the student's annual loan limits after the disbursements at the previous school or in the previous program are considered. If the balance of the program is less than an AY, those Direct Loans originated for a single PP are disbursed in two disbursements (Refer to the Disbursements Policy for additional information).

Direct Loan Example: A student received a portion of a Direct Loan at a community college, then transferred to the University during the same AY, creating an overlapping AY at the University. When the student transferred, the community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student's Direct Loan funds. The student is enrolled at the University as a first year, independent undergraduate student with maximum annual Subsidized Loan eligibility of $3,500 and Unsubsidized Loan eligibility of $6,000.

**Direct Loan Data from the Community College**

<table>
<thead>
<tr>
<th>Loan Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subsidized Loan originally disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Subsidized Loan funds returned due to R2T4 calculation</td>
<td>$0</td>
</tr>
<tr>
<td>Net Subsidized Loan funds disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Unsubsidized Loan originally disbursed</td>
<td>$3,000</td>
</tr>
<tr>
<td>Unsubsidized Loan funds returned due to R2T4 calculation</td>
<td>$1,000</td>
</tr>
<tr>
<td>Net Unsubsidized Loan funds disbursed</td>
<td>$2,000</td>
</tr>
</tbody>
</table>

The University must now determine the student's remaining Subsidized and Unsubsidized Loan eligibility for the new AY/LP.

**Direct Loan Calculations to Determine Remaining Eligibility for Overlapping AY**

Remaining Subsidized Loan Eligibility (Annual Subsidized Loan Limit - Net Subsidized Loan funds disbursed) $3,500 - $1,750 = $1,750

Remaining Unsubsidized Loan Eligibility (Annual Unsubsidized Loan limit - Net Unsubsidized Loan funds disbursed) $6,000 - $2,000 = $4,000

These remaining loan fund amounts will be disbursed based on the PPs in the AY/LP at the University. (Refer to the Disbursements Policy for additional information).

**Federal Supplemental Opportunity Grant Awards**

The Federal Supplemental Opportunity Grant (FSEOG) will follow the same awarding process as the Federal Pell Grant program and Direct Loan Program, starting a new academic year and payment periods based on the program the student is transferring/advancing into at the University.

2019/2020 Verification and Conflicting Information
Policy

Overview
Institutions are required to verify information provided by students selected for verification. The Verification Policy addresses the different verification groups and types of documents acceptable to complete the verification process.

Policy
The University is required to verify students whose FAFSA information is selected for verification by the Central Processing System (CPS). The ISIR or SAR document received from the CPS will indicate whether the student’s application is selected for verification. Once the CPS has selected a student, the University verifies all required student information.

Standard Verification Group (V1)
The University is required to verify the following information for students selected for standard verification:

- Tax Filers
  - Adjusted Gross Income
  - U.S. Income Tax Paid
  - Untaxed Portions of IRA Distributions
  - Untaxed Portions of Pensions
  - IRA Deductions and Payments
  - Tax Exempt Interest Income
  - Education Credits
  - Number of Household Members
  - Number in College
- Non-Tax Filers
  - Income Earned from Work
  - Number of Household Members
  - Number in College

Custom Verification Group (V4)
The University verifies the following information for students selected for custom verification:

- High School Completion Status
- Identity/Statement of Educational Purpose

Aggregate Verification Group (V5)
The University verifies the following information for students selected for aggregate verification:

- High School Completion Status
- Identity/Statement of Educational Purpose
- Tax Filers:
  - Adjusted Gross Income
  - U.S. Income Tax Paid
  - Untaxed Portions of IRA Distributions
  - Untaxed Portions of Pensions
  - IRA Deductions and Payments
  - Tax Exempt Interest Income
  - Education Credits
  - Number of Household Members
  - Number in College
- Non-Tax Filers:
  - Income Earned from Work
  - Number of Household Members
  - Number in College

Students not selected by the CPS or who are exempt from verification, but choose to provide taxes or other supplemental forms are not considered selected for verification. However, documents provided to the University are used in reviewing the student’s application and as the basis in correcting reported application items. This documentation may result in conflicting information, which the University must resolve prior to processing federal financial aid. All documents provided by the student are reviewed and retained as part of the student financial aid file.

Acceptable Documentation V1 and V5
The University is considered to have verified the following verifiable items if selected students retrieved and transferred their income tax return information using the IRS Data Retrieval Process:

- Adjusted gross income
- Federal income taxes paid
- Untaxed IRA distributions
- Untaxed pensions
- Education credits
- IRA deductions
- Tax exempt interest income

Under certain conditions, students, spouses and/or parents will need to submit their IRS Tax Return Transcript for the specified tax year. These conditions are as follows:

- If a student, spouse, or parent has not successfully transferred information from the IRS
- Information included on the FAFSA using the IRS Data Retrieval was subsequently changed
- When a married independent student and spouse filed separate tax returns
- When the parents of a dependent student filed separate tax returns
- When a student or parent had a change in marital status after the end of the specified tax year on December 31
- When the student, parent, or spouse filed an amended tax return

Situations Where Acceptable Documentation May Not Be Available
Situations may occur where a student, spouse, and/or parent may not be able to provide acceptable documentation to resolve verification. The University will accept the following as resolution.

Individual Unable to Obtain IRS Transcript
If an individual is selected for verification but is unable to obtain a transcript from the IRS, the University will accept a signed copy of the relevant tax year IRS tax return that was filed with the IRS.

Victims of Identity Theft
Tax filers who have been victims of identity theft are unable to obtain tax information using the IRS data retrieval tool and are unable to receive an IRS tax transcript until the matter is resolved by the IRS. In these instances, the University may accept an alternate transcript known as The Tax Return Database View (TRDBV) requested by the tax filer from the IRS as well as a signed and dated statement from the victim stating he/she was a victim of tax-related identity theft and the IRS is aware of this. If a victim is unable to obtain a TRDBV transcript, he/she may submit other official IRS documentation as long as it contains all the information needed to complete verification.

Amended Tax Return
When the University becomes aware that a tax filer has filed, or will file, an amended tax return, it will obtain a signed copy of the IRS Form 1040X that was filed with the IRS, in addition to one of the following:
• An IRS Tax Return Transcript (that will only include information from the original tax return and does not have to be signed), or any other IRS tax transcript(s) that include all of the income and tax information required to be verified OR
• IRS DRT information on an ISIR record with all tax information from the original tax return

In rare cases, when an applicant and/or spouse, or parent(s) did not file an IRS Form 1040X with the IRS, but whose tax and income information was amended by the IRS, the University may accept documentation that include the change(s) made by the IRS, in addition to one of the items mentioned above.

Note: The University will submit to the Secretary any changes to a nondollar item or a single dollar item of $25 or more.

**Other Tax Returns**

If the tax filer filed a tax return with Puerto Rico, the U.S. Virgin Islands, American Samoa, the Commonwealth of the Northern Mariana Islands, or Guam, the University will obtain a copy of a transcript of the tax filer containing their tax information, as long as the transcript is available at no charge from that jurisdiction’s taxing authority. A signed copy of a filed tax return that was filed with the taxing authority is only acceptable if the tax filer is unable to obtain a free copy of a transcript.

If the student, spouse, and/or parent is a resident of the Republic of the Marshall Islands, the Republic of Palau, or the Federated States of Micronesia, the University will accept a copy of the individual’s Wage and Tax Statement from each employer that provided such a statement and a signed statement identifying all of the individual’s income and taxes for the tax year.

If the filer filed a tax return with a foreign country, the University accepts signed copies of that tax return or other documentation. The income and tax information is converted to U.S. dollars and the University uses the information on the forms that most closely correspond to the income information reported on an IRS tax return. If an individual from a foreign country is not required under the country’s government agency rules to file an income tax return, the University will accept a signed statement from the individual certifying all income and taxes paid for the tax year.

**Filing Extensions**

If the individual has been granted an automatic six-month extension by the IRS, the applicant must still verify income and tax information either by using the IRS Data Retrieval Tool or by submitting to the University an IRS Tax Return Transcript. If the required documentation is not submitted to the University by the established deadline, the student must return all Title IV aid disbursed before the student was selected, except for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans. However, this is not applicable to individuals granted a filing extension beyond the University’s established deadline because the individual was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency (Refer to the HEROES Policy for further information).

If the individual(s) has been granted a filing extension by the IRS beyond the automatic six-month extension for the tax year, the University must accept the following as documentation:

- A copy of the IRS Form 4868 “Application for Automatic Extension of Time to File U S Individual Income Tax Return”,
- A copy of the IRS Form W-2 for each source of employment income received for the applicable tax year by an individual that has been granted a filing extension,
- If self-employed, a signed statement certifying the amount of the AGI and U S income tax paid for the specified tax year,
- A copy of the IRS’s approval of an extension beyond the automatic six-month extension if the individual requested an additional extension of the filing time for the tax year, AND
- Confirmation of non-filing from the IRS or other relevant taxing authority dated on or after Oct 1, 2018, OR
- A signed statement certifying that the individual
- Attempted to obtain the verification of non-filing (VNF) from the IRS or other tax authorities and was unable to obtain the required documentation; and
- Has not filed an applicable year income tax return and list the sources of any applicable tax year income, and the amount of income from each source. If self-employed, the signed statement must include the amount of AGI and U S income tax paid for the applicable tax year

**Note:** If the University receives the transcript, it must reverify the AGI and taxes paid. However, the University may not delay verifying a student’s FAFSA in-formation until the tax return is received if the student provides the above documentation.

If the individual has requested a transcript that lists tax account information for the specified tax year and the IRS, a government of a U.S. territory or commonwealth or a foreign central government cannot provide or locate a transcript, the University must accept the following:

- A copy of IRS Form W-2 for each source of employment income received for the specified tax year
- A signed statement by a self-employed individual or an individual that has filed an income tax return with a government of a U.S. territory or commonwealth or a foreign central government certifying the amount of AGI and taxes paid

**Non Tax Filers**

Students, spouses, and/or parents who have not filed a tax return, and are not required to file, will not have an AGI. They must report income earned from work on the FAFSA, including any income reported on the individual’s W-2 forms, and other earnings from work not reported on these forms. If selected for verification and income was earned, the student, spouse, and/or parent are required to provide copies of W-2 forms from each employer. If a W-2 is not available, the University may accept a signed statement explaining the reason the W-2 form is not available as well as the amount earned and the source of income. In addition, the statement must certify confirmation of non-filing from the IRS or other relevant taxing authority dated on or after October 1, 2017.

The U.S. Department of Education does not require the University to have special knowledge or expertise regarding the U.S. tax code. However, if a student, spouse, and/or parent submits a signed statement claiming non-tax filer status and the University has reason to believe student was required to file a U.S. tax return, this constitutes conflicting information and must be resolved. The University will require the applicant to submit a Verification of Nonfil-ling Letter (VNF) from the IRS or other tax authorities indicating the tax filer did not file an IRS income tax return for the tax year being verified.

If an individual is unable to obtain VNF from the IRS and the University has no reason to question the good-faith effort to obtain the required documentation, the University will accept the following:

- A signed statement certifying that the individual

93
Attest to obtain the VNF from the IRS or other tax authorities and was unable to obtain the required documentation, and
- Has not filed and is not required to file an applicable income tax year return, and a listing of the sources of any applicable year income earned by the individual from work and the amount of income from each source, and
- A copy of IRS form W-2, or an equivalent document, from each source of applicable tax year employment income received by the individual

**Number in Household**
The University will accept a signed statement by the student, and if the student is a dependent, by one of the student’s parents, listing the name and age of each household member and the relation-ship of that household member to the student.

**Number in College**
The University will accept a signed statement from the student, and if the student is a dependent, by one of the student’s parents, listing the name and age of each household member who is or will be attending an eligible postsecondary educational institution. The household member must be at least a half-time student in the 2019/2020 award year and the name of the educational institution must be listed.

If the University has reason to believe the signed statement is inaccur-ate, the University will obtain a statement from each institution listed stating the household member in question is, or will be, attending on at least a half-time basis. If the institution the appli-cant is attending determines such a statement is not available because the house hold member in question has not registered at the institution he or she plans to attend; or the institution has informa-tion indicating the house hold member in question will be attending the same institution as the student, a statement is not required.

**Acceptable Documentation V4 and V5**
The University will accept the following as resolution of V4 and V5 verification.

**High School Completion**
To verify high school completion, the University will accept the fol-low ing types of documentation:

- A copy of the student’s high school diploma;
- A copy of the student’s final high school transcript that shows the date a high school diploma was awarded; or
- Recognized equivalent of a high school diploma:
  - General Educational Development (GED) Certificate
  - California High School Proficiency Examination (CHSPE) Certificate
  - HiSET Completion Certificate
  - Documentation provided by the State or appropriate Department of Education in the student’s state or jurisdiction indicating that the student has earned a secondary completion credential that has the same rights, privileges, and rigor of a normal High School Diploma
  - A copy of the ‘secondary school leaving certificate’ or similar document, obtained from the appropriate government agency, for students who completed secondary school in a foreign country

- An academic transcript indicating the student successfully completed at least a two year program that is acceptable for full credit toward a bachelor’s degree
- Homeschool
  - If the state requires by law that students obtain a secondary school completion credential for homeschool, a copy of that credential is needed
  - If the state does not required the above credential, a transcript or the equivalent signed by the student’s parent or guardian that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting

**Identity/Statement of Educational Purpose**
The following is acceptable documentation to verify a student’s statement of educational purpose/identity:

- An unexpired, valid government-issued photo identification, such as a driver’s license or passport
- A signed statement certifying the federal financial aid received will only be used for educational purposes to pay the cost of attending the University for the specified award year.

If the documentation is presented in person, the University will maintain an annotated copy of the ID provided by the student and will include the date the identifying document was received and the name of the University official who obtained the documenta-tion.

If the student is unable to provide the information in person, the following must be provided to the University:

- A copy of a government-issued photo identification, such as a driver’s license or passport
- The copy of the government issued ID does not need to be notarized or signed by the notary; and
- An original notarized statement of educational purpose signed by the student for the specified award year.

- An original document must contain wet signatures for the student and the notary as well as the required stamp or seal.

**Selection after Disbursement**
The student or University may submit corrections to the SAR/ISIR and the student’s application may then be selected for verification. If the student’s enrollment status is Withdrawn (W), the University is not required to verify the student’s information un-less the stu-dent returns to the University in the same award year. If the stu-dent’s enrollment status is anything other than withdrawn (W), the University will not make subsequent disbursements until the stu-dent’s updated application is verified. If the student does not submit verification documents, any Pell funds disbursed for the award year prior to selection will be returned by the University on the student’s behalf. The student does not have to repay any loan disbursements made prior to selection; however, the University will cancel any further funds if verification is not completed.

**Completing Verification**
When the University has obtained all necessary verification docu-ments from the student, the documentation is compared to the ISIR/SAR record. If the verification process shows the student’s information is correct, and there are no outstanding issues or conflicting information, the student will be awarded. If the verification process shows the student information requires corrections, the awarding process will not continue until the University receives a final and valid federal output document (ISIR) with an official EFC. If a student was selected for Verification Group V1 and does not complete verification, and the University disbursed unsubsidized
or PLUS loans to the student/parent, the unsubsidized and PLUS loan aid that was disbursed may be kept.

Verification is complete once the University has received all the requested documentation and a valid SAR/ISIR (one that has all the accurate and complete information). This includes any necessary corrections, which must be made by the applicable federal deadlines.

If the University has reason to believe a student is trying to avoid completing verification requirements and/or suspects potential fraud, the University will initiate an investigation of the student. During the period of investigation, the University will cease award and disbursement of all federal financial aid funds to the student. If satisfactory resolution in the investigation cannot be reached, the student will lose eligibility for federal financial aid funds for at least the federal award year. In addition, based on the outcome of the University’s investigation, any credit information indicating that the student may have engaged in fraud or other criminal misconduct in connection with his or her application for federal student aid will be referred to the U.S. Department of Education’s Office of Inspector General (OIG).

Interim Disbursements

The University will not make any interim disbursements during the verification process.

Change in Marital Status

The University will not update a student’s dependency status based on a change in marital status. However, if the student can provide documentation showing support of the spouse or others of more than 50%, those persons may be included in the student’s household size.

Using a Joint Tax Transcript to Determine Individual AGI and Taxes Paid

If the filer of a joint return has become widowed, divorced, or separated since filing the return, for verification purposes, it may be necessary to determine the individuals’ income and taxes paid using the joint tax transcript and the relevant IRS W-2 forms.

The following documents are required from the student/spouse/parent in order to perform a separation of income (SOI):

- A signed and dated SOI Authorization Form,
- Applicable Federal tax year transcripts,
- W-2 Forms, and
- In some scenarios, all schedules, forms, and/or worksheets for the tax filing

The university will confirm or update the AGI and income based on the documentation submitted and use the proportional distribution method to determine taxes paid.

Resolving Conflicting Information

If the University has conflicting information concerning a student’s eligibility or has any reason to believe a student’s application information is incorrect, the University will resolve such discrepancies before disbursing federal financial aid funds. If discrepancies are discovered after disbursing federal financial aid funds, the University will reconcile the conflicting information and require the student to repay any funds for which he or she was ineligible, unless the student is no longer enrolled for the award year.

Examples of conflicting information may include, but are not limited to the following:

- Social security numbers
- Date of birth
- Legal name
- Discrepant tax data (including whether or not the student/parent was required to file a tax return)
- Household size or marital status
- High school completion

Consequences of a change in FAFSA information

For the subsidized student financial assistance programs, if the FAFSA information changes as a result of verification, the University will submit to the Secretary all changes to a nondollar item or an individual data element that is $25 or more. The University may choose whether or not it will submit changes to the Secretary when all changes to individual data elements are less than $25 (not exceeding tolerance).

For the Federal Pell Grant Program, if there is a change as a result of verification, the University will recalculate the student’s Pell Grant on the basis of the EFC on the correct valid SAR/ISIR. The University will disburse any additional funds under that award only if the University receives a correct valid SAR/ISIR for the student, and only to the extent additional funds are payable based on the recalculation.

For all other subsidized student financial assistance programs, if information changes as a result of verification, the University will adjust the student’s financial aid package on the basis of the correct EFC on the valid SAR/ISIR.

Verification and Professional Judgment

The University completes the verification process before exercising any type of professional judgment.

Reporting the Student’s Verification Status to the CPS

When the University disburses a Pell award, it reports the student’s verification status at the time of disbursement when it reports the payment. Note: This reporting requirement applies even if the student’s application was not selected for verification. However, the University leaves the verification status code field blank if the student was not selected for verification or if a selected transaction has a CPS transaction process date that is after the date the student was withdrawn from the University.

Verification Timelines

The University will require Pell, campus-based, and Direct loan students selected for verification to submit all requested verification documents to the University within 30 days of the notification date informing the student of the requirements. If the documents are not submitted or are incomplete by this deadline, appropriate actions are taken as required based upon the student’s enrollment status as of the deadline date.

For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline, but before the earlier of 120 days after the student’s last date of attendance or the deadline established by the U.S. Department of Education each award year, the University will review and address eligibility as required.

For the Direct Loan program, if a student fails to provide the required documentation by the 30-day deadline, the University will not originate a subsidized loan application for the student.

If based on corrections, there is an increase in the Federal Pell Grant amount and the student’s valid ISIR is received after he/she is no longer enrolled but before the annual Federal Register deadline, the University will pay the student the higher award amount.

Student Notification

The University will notify the student in writing of verification requirements and time-lines for submission of necessary documents. Selected students receive the following:

- Documentation requirements
Verification Following Natural Disasters

If an affected individual, impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)), notifies the University that he/she has been impacted:

- For students whose records are lost or destroyed because of a natural disaster, the University is not required to complete verification. The student’s file is documented accordingly, and the Pell Grant disbursements for students affected will reflect a verification status code “S”, which reflects selected but not verified.
- The University will waive the requirement of a signed parent statement verifying number of family members in household and number of family household members enrolled in an eligible postsecondary institution when no responsible parent can provide the required signatures because the parent is affected by a disaster. In these scenarios, the University will note and retain an explanation of why neither of the student’s parents was available to provide the statement.

The University will extend the verification document submission deadline to 90 days for students affected by a natural disaster and whose records were not lost or destroyed. If the required verification documents are not submitted within this deadline and the University can document the reason is due to a natural disaster, the University will not perform verification and will document the student’s file accordingly.
STUDENTS’ RIGHTS AND RESPONSIBILITIES

Policy on Nursing Ethics and Professional Competence

The University of Phoenix Policy on Nursing Ethics and Professional Competence is defined as compliance with the following nursing guidelines:

University of Phoenix Professional Nursing Responsibilities, American Nurses Association Code for Nurses. The policy sets forth expectations and regulations for professional and ethical conduct by students enrolled in School of Nursing programs. The policy states that all forms of unethical behavior or professional incompetence are to be reported and reviewed. Reported violations will be addressed through a formal process to the Campus Ethics Committee. Expectations for conduct and the standards are discussed in the beginning classes for School of Nursing programs. Content supporting this information is provided to students in their program handbooks.

Policy on Counseling Ethics Standards

The University of Phoenix Policy on Counseling Ethics Standards is defined as compliance with the American Counseling Association Code of Ethics, Standards of Practice, and the American Association for Marriage and Family Therapy Code of Ethics. The policy sets forth expectations and regulations for conduct by Master of Science in Counseling students who enroll in the University. The policy states that all forms of unethical behavior are to be reported and reviewed. Reported violations will be addressed by a Counseling Ethics Committee. Expectations for ethical conduct are discussed in the Student Program Handbook.

Students determined to be in violation of ethics standards may be sanctioned, which may include expulsion from the University.

Students’ Right to Privacy

The University of Phoenix maintains compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA defines requirements which are designed to protect the privacy of student records maintained by the University. The law requires that:

1. Students should be provided access to official records directly related to them. Students who wish to see their records must make an appointment or submit a written request through the University Registrar’s Office or local campus office.
2. Students may not remove any materials, but are entitled, at their expense, to one copy of any materials contained in their file, unless a disclaimer appears on the document indicating that the student is not to be given a copy, or if the student waived the rights to the document.
3. Students be given the opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by the faculty member.
4. Students’ written or authorized electronic consent must be received prior to releasing personally identifiable student data from their records to other than a specified list of exceptions. The University is authorized to release public directory information concerning students. Directory information includes the student’s name, address, phone number, year of birth, program of study, dates of attendance, dates of admission, degree completion dates and types of degrees earned, enrollment status, grade level, photographs, honors, and awards received, participation in officially recognized activities and the most recent previous educational agency or institution attended by the student. Directory information is subject to release by the University at any time unless the Registrar has received a prior written request from the student specifying that the information not be released. The University is authorized to provide access to student records to University officials and employees who have legitimate educational interests for such access; these are persons who have responsibilities in the University’s academic, administrative, service, or research functions.

A copy of the University’s FERPA policy is available to students through the Registrar’s Office or the student ecampus website at: http://ecampus.phoenix.edu.

Education records also will be released pursuant to a judicial order or a lawfully issued subpoena, but only after the student is given reasonable and necessary notification of the University’s intent to comply with the subpoena before release of the records.

Students have the right to restrict disclosure of directory information by submitting a FERPA Hold Request Form to the Registrar’s Office. Requests are valid throughout student’s enrollment unless otherwise notified. Please send or fax your request to: Registrar, University of Phoenix, 4025 South Riverpoint Parkway, Mail Stop CF-A206, Phoenix, AZ 85040, Fax (480) 643-1600.
The University of Phoenix has established a Student Code of Conduct. Students are expected to conduct themselves ethically, honestly, and with integrity as responsible members of the University’s academic community. This requires the demonstration of mutual respect and civility in all University-related academic and professional discourse.

As part of the Student Code of Conduct, in addition to the information listed here, the University maintains conduct-related policies and procedures for violations that are specific to the following:

1. Code of Academic Integrity
2. Title IX and Violence Against Women Act Policy
3. Sex discrimination/sexual harassment that has the effect of creating a hostile or offensive educational environment for any student, faculty, or staff member.
4. Stalking (not otherwise specified in number 3 above) or persistently pursuing another person that has the effect of imposing unwelcomed contact and/or communication.
5. Disruptive behavior that hinders or interferes with the educational process.
6. Failure to promptly comply with any reasonable directive from faculty or University officials.
7. Failure to cooperate in a University investigation.
8. Carrying of weapons on campus, at campus-sanctioned events, or when meeting with campus personnel.
9. Using, dealing in, or being under the influence of alcohol, other substances, or illegal drugs or use of tobacco or electronic cigarettes while in class, at campus-sanctioned events, or when meeting with campus personnel.
10. Failure to maintain confidentiality and respect for the privacy of personal or professional information communicated about clients, one’s employer, other students, or their employers.
11. Falsification, alteration, or invention of information, including, but not limited to, any third party document used to apply for financial aid or lying during a University investigation.
12. Violation of the policy on Acceptable Computer Use for Faculty and Student.
13. Hazing (any action which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any University-sanctioned organization).
14. Violation of federal, state, or local laws or regulations that impacts the University’s educational environment.

Alleged Student Code of Conduct violations are subject to a fair and impartial process and may result in a warning or charge.

**Procedure for Processing Alleged Violations of the Student Code of Conduct and Student Code of Academic Integrity (except misconduct falling under the Title IX and VAWA Policy):**

1. Investigation - alleged violations will be investigated in a prompt, thorough, and impartial manner. The investigation will gather relevant evidence, which may include, but is not limited to, pertinent documents and statements from witnesses.
   a. During an investigation a student may be removed from class, campus-sanctioned events, and other University functions after review and approval with an Office of Dispute Management Senior Manager, Director, or Vice President.
2. Notification - Following the investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.
   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.
   b. If this is a drug and/or alcohol related offense the campus must also notify the Office of Dispute Management.
3. Student Response - A student will be given ten (10) calendar days, from the date on the letter, to submit a written response to the University official designated on the charge letter.
   a. Designated University Official Definition:
      i. Academic Violations - representative from the student’s college
      ii. Behavioral Violations - Director of Grievances and Appeals
      iii. Record Violations - Registrar or designee from the Registrar’s Office
   b. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course (if the student is actively attending classes) and is not subject to immediate suspension.
4. Processing Student Response -
   a. A student response admitting guilt will be sent to the desig-
nated University official who will determine the appropriate sanction(s).

b. A student response denying the charge(s) will follow the Ethics Committee process outlined below.

i. An Ethics Committee will be convened to review the file and provide findings of fact and recommendations to the designated University official.

ii. The Ethics Committee will be facilitated by an impartial University administrator and composed of three impartial individuals who have no prior involvement with the student or the investigation. The Committee members include: a faculty member and two staff members: one from Student Services and one from the college.

iii. The preponderance of the evidence standard of proof (more likely than not) will be used to weigh the evidence and make a recommendation to the designated University official whether a violation occurred and what sanction, if any, is warranted.

iv. Students will be afforded the opportunity to address the Committee via teleconference to make a statement in their defense.

v. Students are not entitled to representation by an attorney or any other third party at any point in the process.

vi. Tape, digital, or other electronic recording of the committee meeting is not permitted.

vii. The Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the student.

viii. The Committee members sign a Confidentiality Statement for Committee Members and, after the Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to the designated University official who has the ultimate authority to accept, reject, or modify the recommendations of the Ethics Committee and render the decision.

a. The decision will be communicated in writing to the student by the designated University official.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will disclose to any other third party at any point in the process.

c. Presenting work as the student’s own that has been prepared in whole or part by someone other than that student.

d. Presenting work as the student’s own that has been prepared in whole or part by someone other than that student.

e. Presenting work as the student’s own that has been prepared in whole or part by someone other than that student.

vi. Tape, digital, or other electronic recording of the committee meeting is not permitted.

vii. The Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the student.

viii. The Committee members sign a Confidentiality Statement for Committee Members and, after the Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to the designated University official who has the ultimate authority to accept, reject, or modify the recommendations of the Ethics Committee and render the decision.

a. The decision will be communicated in writing to the student by the designated University official.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will disclose to the victim’s next of kin, if so requested.

Compliance of this disclosure does not constitute a violation of FERPA.

c. Any decision which affects a student’s admissions, enrollment, or academic status will be communicated to the Registrar’s Office for records update.

6. Sanctions - If a violation is found, disciplinary sanctions will be based on the seriousness of the situation and may include, but are not limited to, academic integrity and ethical behavior workshops, loss of academic credit, a failing grade on assignments or for the course, suspension, and/or expulsion.

a. A recommendation of expulsion by the designated University official will be automatically reviewed by the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM) and must be endorsed before that sanction is communicated to the student.

7. Appeals - In the event that the student is found to be in violation of the Student Code of Conduct, the student may request an appeal of the decision to the SDRC or Senior Management Review Committee (SMRC) (In cases of expulsion).

a. Appeals must be requested in writing to ODM within ten (10) calendar days from the date on the letter. Appeals will only be accepted if the student can demonstrate one or more of the following:

1) New information which was unavailable at the time of the hearing, or
2) University procedures were not followed.

b. The SDRC will be facilitated by a fair and impartial administrator from the Office of Dispute Management and is comprised of a manager, a director, and an academic college representative or their respective designee. The decision of the SDRC is final and shall be communicated in writing directly to the student, except in the case of a decision by the SDRC supporting a campus recommendation of expulsion.

c. If the student is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management. The SMRC is comprised of a representative from the Office of the Provost, a Vice President from Academic Affairs or Student Services, and an Academic or Program Dean (or their respective designees). The decision of the SMRC is final and will be communicated in writing directly to the student and the campus.

**Code of Academic Integrity**

The University of Phoenix requires that students adhere to the ethical standards necessary to maintain individual and institutional academic integrity. As members of the University’s academic community, students acknowledge and accept a responsibility to abide by this Student Code of Academic Integrity, which is a part of the Student Code of Conduct.

A violation of the Student Code of Conduct - Code of Academic Integrity will be subject to appropriate disciplinary action. Academic integrity violations include all forms of academic dishonesty, including but not limited to:

1. Plagiarism - Intentional or unintentional representation of another’s words or ideas as one’s own in an academic exercise.

Examples of plagiarism include but are not limited to:

a. The exact copy of information from a source without proper citation and without use of quotation marks or block quotation formatting. When a student copies information from a source, he or she must acknowledge the source with quotation marks or block quotes irrespective of whether or not the source has been formally published.

b. Paraphrasing statements, paragraphs, or other bodies of work without proper citation using someone else’s ideas, data, language, and/or arguments without acknowledgment.

c. Presenting work as the student’s own that has been prepared in whole or part by someone other than that particular student. This includes the purchase and/or
Title IX and Violence Against Women Act (VAWA)

Policy

The University recognizes its responsibility to adhere to Title IX of the Education Amendments of 1972. An alleged violation of the Student Code of Conduct - Title IX and VAWA sex discrimination/sexual harassment that has the effect of creating a hostile or offensive environment for any student, faculty, staff member, or visitor. This includes, but is not limited to, sex/gender discrimination (including pregnancy and childbirth, sexual orientation, gender identity, gender expression, gender transition, transgender status, or gender variance), sexual harassment, unwelcome conduct of a sexual nature, unwelcome sexual advances, requests for sexual favors, and other verbal and nonverbal, or physical conduct of a sexual nature including sexual violence, dating violence, domestic violence, sexual assault, or stalking is subject to a prompt, thorough and impartial review process.

Procedure for Processing Alleged Violations of the Student Code of Conduct - Title IX and VAWA Policy:

1. Investigation - An alleged violation of Title IX or an allegation of domestic violence, dating violence, sexual assault, or stalking will be forwarded to the University’s Interim Title IX Coordinator, Marie L. Batschelett, JD, Office of Dispute Management, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu. Refer to Title IX VAWA Policy - 4.0 Investigation Procedures and Protocols.

a. Interim and protective measures - refer to Title IX/VAWA Policy - 3.5 Interim and Protective Measures (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf)

2. Notification - Following an investigation, if there is sufficient evidence to warrant a charge, the complainant and respondent will be notified of the specific charge(s) in writing.

a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the Respondent will be provided. Note: A Warning Letter is not appealable.

3. Respondent Response - A Respondent will be given ten (10) calendar days, from the date on the letter to submit a written response to the Title IX Coordinator (or designee).

a. Failure of a respondent to respond to the Charging Letter will result in suspension from the University following completion of the current course if the respondent is actively attending classes and is not subject to immediate suspension.

4. Processing Respondent Response -

a. A respondent response admitting guilt to the charge(s) will be sent to the Title IX Coordinator (or designee), who will determine the appropriate sanction(s).

b. A respondent response denying the charge(s) will follow the Title IX process outlined below.

i. The complainant and the respondent will be given notice of the Title IX Committee meeting and afforded the opportunity to appear at the meeting telephonically and/or present written witness statements for inclusion in the Title IX Case Packet.

ii. The Title IX Committee will be convened to review the file and make findings and recommendations to the Title IX Coordinator who will have the ultimate decision making authority regarding the complaint.

NOTE: If it is determined that there is a conflict or bias or the appearance of a conflict or bias, The Title IX Coordinator will be removed from the process and a qualified proxy will assist. (i.e. Assistant Title IX Coordinator, or Deputy Coordinator).

iii. The Title IX Committee will be facilitated by a fair and impartial administrator from the Office of Dispute Management (ODM).

iv. The Title IX Committee composition will be three fair and impartial individuals who have no prior involvement with the parties or the investigation: a faculty member, and two staff members: one from Student Services and one representative of the college. The Committee will have received annual training on the issues related to sex/gender discrimination, sexual harassment, domestic violence, dating violence, sexual assault, and stalking and how to conduct a hearing process that protects the safety of victims and promotes accountability.

v. The Title IX Committee will use the preponderance of the
evidence standard of proof (more likely than not) to weigh the evidence and make a recommendation to the Title IX Coordinator or designee about whether a violation occurred and what sanction, if any, is warranted.

vi. complainants and respondents will be afforded the same opportunity to separately address the Title IX Committee. This is conducted telephonically. The parties will not have the opportunity to cross examine or question one another or the committee members. However, the complainant and respondent may, at the discretion and direction of the committee, suggest questions to be posed by the committee.

vii. Complainant and respondent are entitled to the same opportunity to have others present during the committee meeting, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice.

a. The University permits each party to have at least one support person present. Complainants and respondents are not entitled to representation by an attorney or any other third party at any point in the process.

b. Any third party in attendance is there for support and not representation.

viii. Tape, digital, or other electronic recording of the committee meeting is not permitted.

ix. The Title IX Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the complainant and/or respondent, all evidence discovered during the investigation, and any written witness statements the parties have submitted.

a. Parties are able to present evidence for the committee’s review; however, this evidence may not include sexual history of the complainant. Evidence of a prior consensual dating or sexual relationship does not imply consent or preclude a finding of sexual misconduct.

x. The Title IX Committee members sign a Confidentiality Statement for Committee Members and, after the Title IX Committee’s deliberations, the Case Packets are destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, containing findings of fact and recommendations, to the Title IX Coordinator or designee, who has the ultimate authority to accept, reject, or modify the recommendations of the Title IX Committee and render the decision. Any publicly available records will not include identifying information about the victim to the extent permissible by law.

a. The decision is communicated within seven (7) days in writing simultaneously to both the complainant and the respondent by the Title IX Coordinator or designee. The result must also include the rationale for the result and the sanction. Compliance of this disclosure does not constitute a violation of FERPA.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

c. Any decision which affects a Respondent’s enrollment or academic status will be communicated to the Registrar’s Office for records update.

6. Sanctions - If a violation is found, disciplinary sanctions will be based on the seriousness and/or frequency of the situation and may include, but are not limited to, documented coaching by a University staff member, counseling by a contracted third-party provider, composition of a self-reflective or academic paper, completion of the Title IX/VAWA workshop, suspension and/or expulsion.

a. A recommendation of expulsion by the Title IX Coordinator (or designee) is automatically reviewed by the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM) and must be endorsed before the Title IX Coordinator (or designee) communicates that sanction to the student.

7. Appeals - The University will notify the complainant and respondent of the procedures to appeal the results of the decision to the Student Discipline Review Committee (SDRC).

a. Appeals must be requested in writing to the Office of Dispute Management (ODM) within ten (10) calendar days, from the date on the letter. Appeals will only be accepted if one or more of the following is demonstrated:

   a. A procedural error occurred,

   b. New information exists that would substantially change the outcome of the finding, or

   c. The sanction is disproportionate with the violation.

b. The Student Discipline Review Committee (SDRC) will be facilitated by a fair and impartial administrator from the Office of Dispute Management (ODM) and is comprised of a manager, a director, and a Dean from the accused student’s college or their respective designee. The decision of the SDRC is final and will be communicated in writing within seven (7) days to the complainant and respondent, except in the case of a decision by the SDRC supporting a campus recommendation of expulsion.

c. If the respondent is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management (ODM). The SMRC is comprised of a representative from the Office of the Provost, a Vice President from Academic Affairs or Student Services, and a Dean (or their respective designees). The decision of the SMRC is final and will be communicated in writing within seven (7) days to the complainant and respondent.

University of Phoenix Professional Standards for Candidates in the School of Nursing

Candidates in the School of Nursing are subject to greater scrutiny because of their anticipated interactions with students, families, patients and clients in the community. These degree candidates participate in one or more clinical rotations, practicum, and/or preceptorships as part of their academic program. University of Phoenix faculty members have a legal, ethical, and academic responsibility to ensure degree candidates refrain from unsafe or unprofessional nursing practices. Candidates in the School of Nursing are expected to represent the University as professionals and adhere to the ethics and standards of their profession, irrespective of where the conduct may occur.

The following Professional Standards apply to Candidates in the
School of Nursing Programs before, during, and after clinical rotations, practicum, and/or preceptorships. The Professional Standards address a candidate's affective attributes and disposition to be nurses, nurse practitioners and/or healthcare providers. Monitored behaviors may extend outside the classroom to off-site activities and locations where the candidate's behavior infringes upon the reputation of University of Phoenix, School of Nursing. The School of Nursing adheres to the broader nursing community's ethical standards as well as additional professional standards put forth by the School of Nursing administration.

1. University of Phoenix Student Code of Conduct
   Guidelines for acceptable student behavior, including academic integrity, at University of Phoenix can be identified in the Student Code of Conduct, available in the academic catalog.

   The School of Nursing adheres to the ANA Code of Ethics for Nurses. Students are expected to read, understand, and perform in compliance with this Code. Candidates can locate the ANA code of Ethics here: http://www.nursingworld.org/ codeofethics

3. Nurse Practice Act (by state)
   Because nursing care poses a risk of harm to the public if practiced by professionals who are unprepared or incompetent, the state, through its police powers, is required to protect its citizens from harm. That protection is in the form of reasonable laws to regulate nursing. Students are required to read, understand, and perform in compliance with their state's nurse practice act. Candidates can locate this information here: https://www.ncsbn.org/nurse-practice-act.htm

4. ANA Principles for Social Networking and the Nurse
   ANA’s Principles for Social Networking and the Nurse: Guidance for the Registered Nurse provides guidance to registered nurses on using social networking media in a way that protects patients' privacy and confidentiality and maintains the standards of professional nursing practice. A copy of the ANA Principles for Social Networking and the Nurse can be found here: http://www.nursingworld.org/principles

5. The candidate is sensitive to community and cultural norms that pertain to the University classroom, clinical rotations, practicum, and/or preceptorships.

6. The candidate appreciates and values human diversity and shows respect for others' varied talents and perspectives.

7. The candidate refrains from engaging in nursing practice for which the student has not been authorized or for which the student has not been educated/validated at the time of the incident.

8. The candidate refrains from disrupting the programs of the School of Nursing or its affiliates.

9. The candidate will participate in or complete clinical work consistent with professional nursing practice, including satisfactory performance of all critical behaviors specified.

10. The candidate will adhere to College, School, Clinical, and Agency site policies and procedures.

11. Candidates will refrain from aiding, abetting or inducing another to commit a violation of the Student Code of Conduct or Professional Standards.

12. Candidates in the School of Nursing will assume responsibility for their own health as well as their own behavior.

   a. Transportation: Candidates in the School of Nursing are responsible for personal transportation to and from health agencies and/or clinical sites.

   b. Personal Electronic Devices: Candidates in the School of Nursing are responsible to be aware of and comply with agency policies regarding personal electronic devices.

A Candidate's ability to satisfactorily meet the Professional Standards is a matter of ongoing academic judgment made by faculty, campus staff and campus management. 

University of Phoenix Supplemental Standards for Candidates in College of Humanities and Sciences Counseling and Human Services Programs

Candidates in College of Humanities and Sciences programs leading to certification or licensure in Counseling and/or Human Services at University of Phoenix are subject to greater scrutiny because of their anticipated interactions with clients and others in the community. These degree candidates participate in one or more field placements, practicums, and/or internships as part of their academic program. As prospective human services workers or counselors, College of Humanities and Sciences candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The following Supplemental Standards for Candidates in College of Humanities and Sciences Programs (“Supplemental Standards”) apply to these degree candidates before, during, and after their field placements, practicums, and internships. The Supplemental Standards address a candidate's affective attributes and disposition to be a human services worker or counselor. A corresponding Professional Dispositions Rubric provides additional guidance.

A candidate's ability to satisfactorily meet the Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management.

1. The candidate contributes to a positive climate in the University classroom and all field placements, practicums, and internships.

2. The candidate demonstrates mastery of written and spoken language for self-expression, as well as for effective interaction in all settings.

3. The candidate is a thoughtful and responsive listener.

4. The candidate is committed to reflection, assessment, and learning as an ongoing process.

5. The candidate is willing to give and receive help.

6. The candidate is sensitive to community and cultural norms of the counseling and/or human services industry, the University classroom, and all field placements, practicums, and internships.

7. The candidate values human diversity and shows respect for others' varied talents and perspectives.

8. The candidate values the development of critical thinking, independent problem solving, and performance capabilities in himself/herself and those with whom he/she interacts.

9. The candidate demonstrates a commitment to keeping abreast of new ideas and understanding in the human services and/or
counseling field.

10. The candidate demonstrates a level of responsibility and ethical judgment consistent with professional guidelines developed for these fields and appropriate for a professional human services worker and/or counselor. These guidelines are outlined in the National Organization for Human Services (NOHSH) Code of Ethics, the American School Counselor Association (ASCA) Ethical Standards for School Counselors, and the American Counselors Association (ACA) Code of Ethics.

11. The candidate maintains the highest ethical standards in interactions with faculty, students, staff, and clients as well as in preparation and submission of required course work, and the completion of assignments.

12. The candidate maintains a pattern of consistently meeting academic and professional standards in courses, field placements, practicums and internships.

**University of Phoenix Supplemental Standards for Candidates in College of Education Programs**

Candidates in a College of Education program leading to certification or licensure at University of Phoenix are subject to greater scrutiny because of their anticipated interactions with students, parents, and the school community. These degree candidates participate in one or more clinical experience placements (field placements) and a culminating clinical practice (student teaching practicum) as part of their academic program. As prospective educators, College of Education candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The College of Education has instituted processes to ensure that candidates demonstrate the appropriate behavioral and programmatic skills required of the profession. As such, candidate interactions with staff, faculty, fellow students, and external placement constituents are observed throughout their attendance. Additionally, candidates are regularly evaluated by the faculty and have access to counseling on professional requirements. These processes are conducted through collaboration between faculty, campus staff, and campus management who understand the profession and who can offer constructive feedback. It is the intention of the Referral Process to identify a candidate’s deficiencies and promote dialogue on how the candidate can improve and move forward in their program. The Referral Process is not intended as punitive, but rather as a corrective measure to ensure candidates are prepared to enter their profession.

During the course of their program, including general education courses, candidates are expected to conduct themselves in accordance with the Student Code of Conduct, Professional Dispositions Rubric, and Supplemental Standards criteria. Faculty members will closely monitor a candidate’s academic progress through a review of grades and dispositions. Should a student be reported for academic or behavioral issues at any time during their period of attendance, a student may be issued a Referral under the Supplemental Standards. A referral may be issued with or without a corresponding Student Code of Conduct action.

**Supplemental Standards**

The following Supplemental Standards for Candidates in College of Education Programs (“Supplemental Standards”) apply to these degree candidates before, during, and after their field placements and practicum. The Supplemental Standards address a candidate’s affective attributes and disposition to be an educator. A corresponding Professional Dispositions Rubric provides additional guidance.

A candidate’s ability to satisfactorily meet the Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management. The following Supplemental Standards are adopted from the

1. The candidate contributes to a positive climate in the University classroom and all field placements.
2. The candidate demonstrates mastery of written and spoken language for self-expression, as well as for effective interaction in all settings.
3. The candidate is a thoughtful and responsive listener.
4. The candidate is committed to reflection, assessment, and learning as an ongoing process and believes that all students can learn.
5. The candidate is willing to give and receive help.
6. The candidate is sensitive to community and cultural norms for the degree program, the University classroom, and all field placements.
7. The candidate appreciates and values human diversity and shows respect and fairness for others’ varied talents and perspectives.
8. The candidate values the development of critical thinking, independent problem solving, and performance capabilities in himself/herself and those with whom he/she interacts.
9. The candidate demonstrates a commitment to keeping abreast of new ideas and understanding in the education field.
10. The candidate demonstrates a level of responsibility and ethical judgment appropriate for a professional educator/administrator.
11. The candidate maintains the highest ethical standards in interactions with faculty, students, and staff, as well as in preparation and submission of required course work, and the completion of tests.
12. The candidate maintains a pattern of exceeding minimal requirements in course and field placements.

**University of Phoenix Supplemental Standards for Candidates in Administration and Supervision Programs**

Candidates in a College of Education program leading to certification or licensure as school administrators at the University of Phoenix are subject to greater scrutiny because of their anticipated interactions with students, parents, and the school community. As prospective administrators, College of Education candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The following Supplemental Standards for Candidates in Administration and Supervision Programs (“Administration Supplemental Standards”) apply to these degree candidates throughout their academic program and internship. The Supplemental Standards address a candidate’s affective attributes and dispositions to be an administrator. A corresponding Administrator Dispositions Rubric provides additional guidance.

A candidate’s ability to satisfactorily meet the Administration Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management. These supplemental, dispositional standards are adopted from the
The following policy and procedures are to be used to mutually resolve disputes by and between students and the University. Students are encouraged to first bring the concerns outlined below to the attention of the appropriate individual/department, as set forth in Step One below.

In connection with the University policies identified in Steps One, Two and Three below, this policy is intended to address disputes between a student and the University and create a framework by which a student and the University can resolve disputes. The University strongly recommends using the resources identified in Steps One, Two and Three to resolve disputes. None of these steps, however, precludes any student from seeking other forms of resolution, including in a court of law.

We agree that neither we nor anyone else will use this provision to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. We also agree that neither we nor anyone else will use this provision to stop you from being part of a class action lawsuit in court. You may file a class action lawsuit in court or you may be a member of a class action lawsuit even if you do not file it. This provision only applies to class action claims concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the Federal Direct Loan was obtained.

**Step One: Internal Resolution**

Students should first attempt to resolve any dispute or issue by contacting the following individuals/departments, and using the process set forth in the corresponding section(s) of the academic catalog, as referenced below. Please note that the information provided below represents only the initial contact with whom such disputes should be reported. Students should carefully consult the academic catalog to gain a more complete understanding of the processes associated with reporting and resolving disputes related to these subject matters.

- Allegations of sex discrimination, sexual harassment, or other forms of discrimination: Marcie L. Batschelett, JD, Interim Title IX Coordinator, Office of Dispute Management (“ODM”). See Nondiscrimination Policy and Harassment Policy in the academic catalog.
- Student Code of Conduct Violations (other than sex discrimination and sexual harassment): Registrar. See Student Code of Conduct section in the academic catalog.
- General Student Grievances (other than sex discrimination and sexual harassment): Office of Dispute Management. See General Student Grievances section in the academic catalog.
- Student Grievances relating to financial aid, account balances, or collections: Campus Management. See General Student Grievances section in the academic catalog.
- Academic Issues: Student Appeals Center in ODM. See Student Appeals Center Section in the academic catalog.
- Grade Disputes: Director of Academic Affairs or designee. See Grade Disputes section in the academic catalog.

**Step Two: Mediation**

If a dispute is not resolved as a result of Step One, all parties are encouraged to participate in a formal mediation session facilitated by a professional, neutral mediator. Mediation is not mandatory but is strongly encouraged as an effective way to resolve disputes. The physical location for the mediation shall be mutually selected by the parties. If the parties elect mediation, the costs associated with the mediation shall be paid by the University. Both the student and the University shall submit in writing to the other the name(s) of one or more professional, neutral mediators as a potential mediator in the matter. The parties will exercise their best efforts to agree on the selection of a mediator. If the parties cannot agree on the selection of a mediator, then the parties can submit the matter to the American Arbitration Association (AAA) for the purpose of having a neutral mediator appointed in accordance with AAA’s mediation rules.

The mediator shall schedule the mediation as expeditiously as pos-
sible. All parties will have the opportunity to attend and participate in the mediation. Any party may be represented by counsel of his or her choosing, at his or her own expense. The mediator shall direct how the mediation will be conducted. As with all mediations, any resulting resolution must be mutually agreed to by the parties, which shall constitute a final and binding resolution of the matter.

**Step Three: Binding Arbitration**

If a dispute is not resolved as a result of Steps One and Two, all parties are encouraged to participate in binding arbitration as an alternative to resolving the dispute in a court of law. Arbitration is not mandatory but is strongly encouraged as an effective and efficient method to resolve disputes.

If the parties mutually agree to binding arbitration as the method to resolve their dispute, the following shall apply:

1. The parties shall select the neutral arbitrator and/or arbitration sponsoring organization by mutual agreement. If the parties cannot mutually agree to an arbitrator and/or arbitration sponsoring organization, the arbitration will be held and the arbitrator selected under the auspices of the American Arbitration Association ("AAA"). Except as provided in this Agreement, the arbitration shall be held in accordance with the then current Consumer Arbitration Rules of the AAA ("AAA Rules"). The AAA Rules are available by navigating to the "Rules and Procedures" section of www adr.org, or by requesting a hard copy from the University Legal Department, currently at 4025 S. Riverpoint Parkway, Mail Stop: CF-KX01, Phoenix, Arizona 85040.

2. In arbitration, the parties will have the right to conduct adequate civil discovery, bring dispositive motions, and present witnesses and evidence as needed to present their cases and defenses, and any disputes in this regard shall be resolved by the arbitrator. The arbitrator may award any party any remedy to which that party is entitled under applicable law, but such remedies shall be limited to those that would be available to a party in his or her individual capacity in a court of law for the claims presented to and decided by the arbitrator, and no remedies that otherwise would be available to an individual in a court of law will be forfeited by virtue of this Agreement. The arbitrator shall apply the substantive law of the state in which the claim arose, or federal law, or both, as applicable to the claims asserted. The arbitrator is without authority to apply any different substantive law.

3. Each party will pay the fees for his, her or its own attorneys, subject to any remedies to which that party may later be entitled under applicable law. The University shall initially bear the administrative costs associated with the conduct of the Arbitration, subject to: (1) a one-time payment by the student toward these costs equal to the filing fee then required by the court of general jurisdiction in the state where the student in question attended the University (if the student is financially unable to pay a filing fee, the student will be relieved of the obligation to pay the filing fee); and (2) any subsequent award by the arbitrator in accordance with applicable law. In the event the law (including the common law) of the jurisdiction in which the arbitration is held requires a different allocation of arbitral fees and costs, then such law will be followed.

4. The Federal Rules of Evidence shall apply. The arbitrator shall have jurisdiction to hear and rule on pre-hearing disputes and is authorized to hold pre-hearing conferences by telephone or in person, as the arbitrator deems necessary. The arbitrator shall have the authority to entertain a motion to dismiss and/or a motion for summary judgment by any party and shall apply the standards governing such motions under the Federal Rules of Civil Procedure and applicable federal common law.

5. The arbitrator will issue a decision or award in writing, stating the essential findings of fact and conclusions of law. Except as may be permitted or required by law, as determined by the arbitrator, neither a party nor an arbitrator may disclose the existence, content, or results of any arbitration hereunder without the prior written consent of all parties. A court of competent jurisdiction shall have the authority to enter a judgment upon the award made pursuant to the arbitration.

**Complaints to the Bureau for Private Postsecondary Education**

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's internet web site (www.bppe.ca.gov).

**Student Loans and Financial Aid**

If you obtain a loan to pay for an educational program, you will have the responsibility to repay the full amount of the loan, plus interest, less the amount of any refund. If you have received federal student financial aid funds, you are entitled to a refund of moneys not paid from federal student financial aid program funds. Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower's Rights and Responsibilities Statement, http://www.direct.ed.gov/pubs/dlrigh rights.pdf, attached to the Master Promissory Note (MPN).
THIS PAGE WAS LEFT BLANK INTENTIONALLY
ACADEMIC POLICIES

Academic Advisement
All students will have an Academic Counselor to support them in their educational journey from the start of their first class until after graduation. Academic Counselors work with students holistically on needs that exist both inside and outside of the classroom. Academic Counselors collaborate with students on the development of their individualized academic plans, assist with educational milestones, and maintain the commitment to earn a degree. Academic Counselors also educate students regarding the requirements of their academic program, ensure that students have the information they need to make informed decisions about their career goals, and provide coaching to support students in overcoming any obstacles that may arise on their path to graduation.

Additional services available on the student website include transfer credit summaries, official grades, program GPA, the ability to request transcripts, and access to a variety of career resources. All students are notified of their official transfer of credits at the time of matriculation and may view their official transfer credit evaluation and progress toward degree completion at any time on their student website.

Registration
Applicants to the University must enter into the most current program of study available in their state or jurisdiction and modality. Students must sign an Enrollment/Disclosure Agreement for the program of study which they intend to pursue. The student’s Enrollment/Disclosure Agreement defines the student’s curriculum and degree requirements. The executed Enrollment Agreement will be effective for one year from the date signed. A signed Enrollment Agreement must be on file before students are allowed to start class.

The Enrollment/Disclosure Agreement must be signed within 90 days of Admission Application or Program Change Addendum. A Social Security Number is required to be recorded on a student’s education record if the student has or will receive U.S. Federal Title IV funding, U.S. Federal Veterans Affairs funding, and/or U.S. educational tax credit/T-1098. Students who have not or will not be receiving these types of funding will need to complete the Social Security Number Override Verification Form if the student prefers to have the Social Security Number omitted from the student’s education record. Should the University be made aware that U.S. Federal Title IV funding, U.S. Federal Veterans Affairs funding, and/or U.S. educational tax credit/T-1098 has or will be disbursed to a student, the student’s SSN will be added to the student’s education record by the Registrar’s Office. If this occurs, the student will be notified by the Registrar’s Office that the SSN Override has been administratively rescinded.

Admission Statuses
There are thirteen types of admission statuses at the University of Phoenix representing a student’s standing: Applicant, Orientation Pending, Admitted with Condition, En-Route Credential, Denied, Deferred Admission, Graduate Provisional, Applicant International Credentials, Non-Degree, Denied for Cause, Denied Admission, Admission Deadline Exceeded, and Re-Entry. Applicants to certain degree programs are permitted to begin their course of study under Applicant, Applicant with International Credentials and Provisional admissions statuses, but are not considered unconditionally admitted until the Office of Admissions and Evaluation grants a status of Admitted and all transfer credits are reviewed for applicability to the degree program. Official decisions regarding admission and academic statuses may be delivered to students via the student website or US Mail.

Applicant (RR) Status
Students qualify for Applicant status upon completion of the application for admission and payment of the application fee (if applicable). Qualified degree-seeking students in the business, human services, management, education, counseling, computer information systems, psychology or nursing programs may attend a maximum of four courses under Applicant status. The University makes no guarantees of a favorable admission to students enrolled in course work under Applicant status.

Orientation Pending (OP) Status
Undergraduate degree applicants with less than 24 credits of previous college credit/experience as listed on their admissions application will be granted Orientation Pending (OP) admitted status after all admission documents have been received, the admission file has been reviewed, and all admission requirements for the chosen program have been met. As a condition of admission, students on Orientation Pending (OP) admitted status must satisfactorily complete the University Orientation prior to gaining unconditional admission status.

Admitted with Condition (AC) Status
Undergraduate degree applicants participating in a university sponsored trial period will be granted Admitted with Condition admission status after all admission documents have been received, the admission file has been reviewed, and the minimum admission requirements for the chosen program have been met. As a condition of admission, students on Admitted with Condition (AC) admission status must meet class attendance requirements in the fourth week of their first course (or after) and have all transfer credits evaluated prior to being unconditionally admitted.

En-route Credential (EC) Status
Students who are pursuing an en-route credential on the way to earning a higher level degree program will be placed on En-route Credential (EC) admission status for the lower level program being earned en-route. Student’s admisissibility as a regular student will be enforced and maintained under the degree program of pursuit associated with the student’s enrollment agreement.

Admitted (AM) Status
The Office of Admissions and Evaluation grants a student unconditional admitted status after all documents have been received, the applicant’s admission file has been officially reviewed, and all admission requirements and conditions for the chosen program have been met. Students in all programs must attain admitted status and be officially evaluated by the completion of their fourth University course. This provides the University the necessary information to develop individualized program schedules for each student and provides an opportunity for an admission decision to be made early in the program. Students who are unable to obtain an official admission status by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.
Deferred Admission (DF) Status
Students will be granted deferred admission (DF) if documents or information required for admission (AM) are missing from the file. Students will remain on DF status until the required documents or information is received. Students on DF status cannot attend class and will be administratively withdrawn from the university until the status is resolved.

Graduate Provisional (PV) Status
Students who meet all admission requirements in graduate programs except the minimum GPA requirement of 2.50 or 3.00 (see program specific admissions requirements) may be admitted on Provisional status if their entrance GPA is between 2.0 and 2.49 or 2.50 and 2.99 depending on the program of interest. Students admitted on provisional status must achieve a GPA of 3.0 in their University of Phoenix course work at the end of their fourth completed program applicable course to be unconditionally admitted and placed on Admitted status. Failure to meet the minimum grade point average (GPA) of 3.0 by the fourth completed program applicable course will result in a DA (Disqualified for Admission) student academic status.

Applicant International Credentials (RI) Status
Students using copies of international academic credentials qualify for Applicant International Credentials status upon completion of the application for admission and payment of the application fee (if applicable). Students will not be granted unconditional admission using copies of international credentials until verification of the credentials or an original international academic record is received. Qualified degree-seeking students in the business, human services, management, education, counseling, computer information systems, psychology or nursing programs may attend a maximum of four courses under Applicant status. The University makes no guarantees of a favorable admission to students enrolled in course work under Applicant International Credentials status.

Non-Degree (ND) Status
Individuals interested in taking coursework at the University, but not interested in pursuing a degree, may register as non-degree students. Non-degree students enrolling in single courses within a degree or certificate program must meet the admissions requirements for the respective college or school. An approved list of courses is available on www.phoenix.edu under Individual Courses.

Non-Degree students may also register for single courses for credit that are not currently part of a degree program or for non-credit bearing courses resulting in Continuing Education Units (CEU), Professional Development Units (PDU), or Contact Hours. Non-degree status may be granted upon completion of the application. Placement on this status for a student is determined by the campus in which the student seeks to complete non-degree coursework.

Denied for Cause (DC) Status
Applicants for admission who have violated a University policy or procedure or committed some other act which, if he or she were already a student, would pose a risk to the University or would subject him or her to sanctions for violating the Student Code of Conduct, will be placed on Denied for Cause status (DC) and will be administratively withdrawn from the university.

Denied Admission (DN) Status
Applicants who do not meet the minimum requirements for admission to a program will be placed on denied admission status and be administratively withdrawn from the university.

Admission Deadline Exceeded (DE) Status
Students who are unable to attain admitted status by the completion of their fourth university course will be placed on Admission Deadline Exceeded (DE) status and be administratively withdrawn from the University.

Re-entry Required (RE) Status
Students who were previously admitted (AM, PV, IV, OP) into a program but have not posted positive attendance in a course for the amount of time designate by the re-entry policy will be placed on Re-entry Required (RE) admission status. Students placed on Re-entry Required (RE) status will be required to re-enter the most current program/version in their state or jurisdiction and submit an admission application, enrollment agreement and any other documents as required by the new program.

Student Academic Standing

The University recognizes the following Student Academic statuses for degree and certificate seeking students:

Regular (RG)
Student is in compliance with applicable academic standing and progression program requirements.

Disqualified for Admission (DA)
DA status results when provisionally-admitted students fail to achieve the minimum-required grade point average (GPA) at the conclusion of the Provisional Admission (PV) period. The date of disqualification is determined by the course end date of the final course completed within the PV period.

Students placed on DA status:

- will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
- must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

Academic Disqualification (AD)
AD results when students on Academic Probation (AP) fail to achieve the minimum-required GPA at the conclusion of the probationary period. The date of disqualification is determined by the course end date of the final course completed within the AP sequence. The University will note the date a student is placed on and removed from AD on the permanent transcript.

Students placed on AD status:

- will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
- may not transfer to another program (including concentration, emphasis, specialization, or major) until they have fulfilled the six month disqualification period and have received approval through a student appeal.
- must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

University of Phoenix, 2018-2019
• Students in Nursing and Counseling Programs Only: must be granted approval by the Student Appeals Center to re-enroll at the University and must meet all conditions of the appeal decision.

Scholastic Disqualification (SD)
SD status results when a student does not meet the minimum grade requirement for a designated course in their program. If the minimum grade is not earned, the course will be treated as a non-passing grade (F) and will be awarded zero (0.00) credit. The course will be counted in the calculation of the GPA based on attempted credits. The University will note the date a student is placed on SD status. Students placed on SD status:
• will not be allowed to continue in their program until they have fulfilled the requirements for progression as determined by University policy.
• may not transfer to another program (including concentration, emphasis, specialization, or major) without an approved SAC appeal, or until they have fulfilled the requirements for progression.

Scholastic Suspension (SS)
SS status occurs when a student is suspended for a period of time or indefinitely from the University. The student will be administratively withdrawn and the University will note the dates of suspension on the permanent transcript. Students placed on SS status will not be allowed to continue in their program or transfer to another program (including concentration, emphasis, specialization, or major) until the allocated period of time for the suspension has ended and/or the student’s status has been updated.

Expulsion (EX)
EX status occurs when a student is administratively withdrawn from the University and not permitted to return under any circumstances. The date of expulsion is noted on the official transcript.

Program Academic Standing
The University recognizes the following Program Academic statuses for degree and certificate seeking students.

Regular (RG)
Student is in compliance with applicable academic standing and progression program requirements.

Academic Probation (AP)
Students will be placed on AP status when their program grade point average (GPA) falls below the minimum GPA required in their program. Students on AP status are restricted to a period of four consecutive (completed) program-applicable courses to bring their GPA to the minimum requirement for their program. Only courses that start and end after the course that placed the student on AP status will apply toward the AP course sequence. Concurrent enrollment is prohibited in this status.

Course Statuses

Administrative Withdrawal (AW)
Student is withdrawn from a course for failure to meet academic, admissions, candidacy, financial, or code of conduct policies.

Audit (AU)
Student has received appropriate approvals to observe the course and will not receive a letter grade.

Completed (CO)
Student has attended enough workshops to meet minimum attendance requirements and to receive a letter grade.

Dropped (DR)
Student was in a SC or EN course status and requested to be removed from the course. The student has not met the minimum attendance requirements in the course.

Enrolled (EN)
Student has satisfied at least one week of positive class attendance and continues to actively meet class attendance requirements.

Obsolete (OB)
Student has been scheduled for a course that has been retired and that will no longer be offered by the University.

Scheduled (SC)
Student is registered for a course and no class attendance has been posted.

Insufficient Attendance (TA)
Student has been automatically removed from the course due to not meeting minimum class attendance requirements.

Withdrawn for Admissions (WI)
Student not matriculated or student has been removed from admissions (AM) status after completing five courses.

Waived with Credit (WO)
Student has processed a waiver request through the Office of Admissions and Evaluation

Withdrawn for Prerequisite (WP)
Student has failed to meet the course and/or program prerequisite requirement.

Exemption (WV)
Course waived without credit.

Candidacy Statuses

Level 1 Candidate Status
Level 1 Candidate status is determined at the time of admission and is based on the admissions requirements for the desired program. Not all programs have a candidate status requirement.
• 1S: Level 1 Candidate Status Satisfied: Student has met the admissions requirements and has been admitted.
• 1N: Level 1 Candidate Status Not Satisfied: Student has not met the admissions requirements, has been denied admission, and therefore does not meet the requirements to achieve Level 1 Candidate Status. Students in a 1N Candidate Status should not attend class.

Level 2 Candidate Status
Level 2 Candidate status is a review of additional requirements needed for the student to progress in their program past a certain point, as designated in program policy.
• 2S: Level 2 Candidate Status Satisfied: Student has met the additional requirements by the specified deadline indicated in the program requirements.
• 2N: Level 2 Candidate Status Not Satisfied: Student has not met the additional requirements by the specified deadline indicated in the program requirements. A candidate status of 2N restricts the student from attending any future courses until the requirements are met and the student will be administratively withdrawn from the university.
Enrollment Status

The University recognizes the following enrollment statuses:

### Program Level Enrollment Status

<table>
<thead>
<tr>
<th>Enrollment Status</th>
<th>Code</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active Full-Time</td>
<td>F</td>
<td>The student’s required academic workload for his/her program is at least 6 credits for an academic year, the student is actively attending class and the student’s official last date of attendance based on Academically Related Activities (ARAs) does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extension (IX) grades are excluded from the 14 day out of attendance calculation.</td>
</tr>
<tr>
<td>Active Less Than Half Time</td>
<td>L</td>
<td>The student’s required academic workload for his/her program amounts to less than the 6 credits for an academic year, as determined by the institution. In addition, the student is actively attending class and student’s official last date of attendance based on Academically Related Activities (ARAs) does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extension (IX) grades are excluded from the 14 day out of attendance calculation.</td>
</tr>
<tr>
<td>Leave of Absence</td>
<td>A</td>
<td>The student is on an approved Leave of Absence (LOA).</td>
</tr>
<tr>
<td>Withdrawn</td>
<td>W</td>
<td>The student has been withdrawn from the University. Withdrawal can be unofficial, official or administrative.</td>
</tr>
<tr>
<td>Academic Complete</td>
<td>C</td>
<td>Academic program requirements have been satisfied, as identified by the academic complete date field in the academic system of record; however, the student’s program has not been officially audited nor has the University’s Registrar’s office officially conferred the degree.</td>
</tr>
<tr>
<td>Graduated</td>
<td>G</td>
<td>The student has completed all program requirements and degree is conferred.</td>
</tr>
</tbody>
</table>

### Student Level Enrollment Status (Overall Enrollment Status)

The program level enrollment status determines a student’s overall enrollment status with the University. If there are multiple programs on record, the overall enrollment status will reflect the enrollment status of the program with the highest priority.

### Student Falsification of Information

Submitting incomplete, false, or misleading information may be grounds for dismissal at any time.

### On-Camera Conduct Policy

Students, faculty and staff of University of Phoenix may have reason to utilize electronic camera communication. Any person engaging in a University of Phoenix related activity who activates a camera presence, whether intentionally or unintentionally, must comply with the following guidelines. Failure to comply with these guidelines may result in a disciplinary action.

- All persons appearing on camera must be dressed appropriately, as if present in a physical classroom or office setting. Examples of prohibited conduct include but are not limited to appearing on camera without appropriate covering, having exposed undergarments, and wearing clothing which is sexual, discriminatory, or otherwise unprofessional in nature.
- The area visible by the other party must be free from all items which may detract from or be disruptive to the educational environment. Examples of prohibited items include but are not limited to firearms, drugs (legal or illegal), drug paraphernalia (legal or illegal), tobacco products, and material which is sexual, political, discriminatory, or otherwise unprofessional in nature.
- The area in use by all parties must be free from general distractions. Examples include, but are not limited to, children, animals, electronics, appliances, and other adults.
- Parties appearing on camera are to conduct themselves at all times in a professional manner. Either party to on-camera communication may end their video presence at will.

### General Grievances

The University has established specific processes for students who wish to submit a grievance or appeal. These processes are outlined within the respective policies.

Grievances relating to financial aid and account balances must be reviewed by campus management before being submitted to the Office of Dispute Management (ODM). When such a grievance is received in the ODM, the student will be provided with guidance on filing a formal grievance via this office.

Student grievances and appeals not addressed in policy can be submitted in writing to the ODM, which will determine the appropriate course of action.
Academically-Related Appeals - Student Appeals Center (SAC)

Requests for exceptions to academic policy must be submitted via appeal to the Student Appeals Center (SAC). SAC decision-makers have the authority to make exceptions to University policy based upon a student’s individual circumstances. Decisions are based upon maintaining the academic integrity of the institution. It is incumbent upon the student to provide his/her campus representative with an appeal letter and all relevant documents and statements of support for the request. Students and campus representatives are required to refer to the specific policy being appealed in order to determine the eligibility of the request. SAC Decisions are ineligible for appeal through any other entity within the University.

Grading Procedures

Course grades can be viewed on the student website (https://ecampus.phoenix.edu) on the Schedule and Grades link or Program tab. In addition, students may view their grades on the official and unofficial transcript available on the home page by selecting Order Transcripts under the Quick Links listing. Faculty members are required to post final grades within seven days of completion of the course. The University has established the following grading guidelines to be complied with by all faculty.

Grade Definitions

</tbody>
</table>

The following grades are not issued quality points and do not calculate into the GPA:

- I = Incomplete
- IP = In Progress
- IX = In Progress extension
- W = Withdrawal
- W/F = Withdrawal failing
- P = Passing
- AU = Audit
- QC = No grade awarded
- NC = No credit
- WC = Waived with credit

The minimum passing grade for a University course is D-; however, some University programs and courses require higher minimum grades. Minimum grade requirements are documented within policy for those specific programs. Students who receive a grade below the minimum passing grade established for a course will not earn quality points, as the grade is considered a failing grade.

- A = Outstanding achievement. Student demonstrates intellectual initiative in accomplishing course goals and objectives through high levels of originality and creativity.
- B = Very good work. Student performance meets designated course goals and objectives by demonstrating understanding of the course materials at an acceptable level.
- C = Average work. Student performance demonstrates minimum acceptable performance in accomplishing course goals and objectives.
- D = Unacceptable work. Student performance demonstrates minimum acceptable performance in accomplishing course goals and objectives.
- F = Failing. Student performance demonstrates unsatisfactory or below minimally acceptable achievement in accomplishing course goals and objectives.

I = INCOMPLETE Student granted extension to complete assignments. A student who receives an incomplete is given up to five (5) weeks, at the discretion of the faculty, from the scheduled course completion date to complete the course requirements and receive a grade.

- The student’s final grade will be reduced by one full letter grade by the faculty member, regardless of the circumstances under which the Incomplete was granted. Students who do not complete any additional course requirements prior to the new deadline will be awarded the grade earned for the entire course, as though an incomplete grade had not been requested. Faculty members are required to produce completed Incomplete Grade Contracts as needed to enforce the new course completion deadline date.

- Incomplete grades shall be granted for active duty military personnel, regardless of component and including reserve and National Guard personnel who are deployed in operational war zones or in adjacent geographic areas in support of operational war zones. An “operational war zone” is, for purposes of this policy, defined as an area of operations where military personnel are engaged in active conflict or in post-conflict activities. If the student would like an opportunity to complete the course while deployed, an incomplete “T” grade can be issued instead of a “W” grade. The “T” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “T” grade shall be waived for deployed students.

IP = IN PROGRESS An IP grade may be awarded in the following instances:

- IP grade can only be awarded in qualified courses by the instructor. The IP grade allows the student additional time to complete requirements. IP grades will default to a QC or an F, depending on the course, if a letter grade is not posted by the instructor by the end of the IP timeframe. Faculty are not required to subtract one letter grade for IP grade awards.

IX = IN PROGRESS EXTENSION An IX grade may be awarded in the following instances:

- This grade is only awarded to eligible students who are approved for reasonable accommodations under American Disabilities Act (ADA) or Title IX.
For ADA: A new IX course completion date for ADA accommodations must be determined by the Disability Services Advisor. The Registrar’s Office will work with the Disability Services Advisor to determine the IX course completion date for ADA accommodations.

For Title IX: A new IX course completion date for Title IX accommodations must be determined by Title IX. The Registrar’s Office will work with the Title IX Coordinator to determine the IX course completion date for Title IX accommodations.

Students who are approved for reasonable accommodations will not be penalized one letter grade after completing the course to comply with an academic adjustment granted by the University in accordance with ADA and Title IX.

IX grade will default to an F when the course exceeds its expiration date and no grade has been submitted.

QC = No grade awarded. A QC is awarded in the following instances:

- This grade may be used for zero credit courses once the attendance requirement has been satisfied.
- A QC grade may automatically post for certain Doctoral and Counseling courses when the IP period expires and no formal grade has been submitted.
- This grade allows students to repeat a course without penalizing their GPA in eligible courses.

AU = AUDIT Students will receive a designation of “AU” on their permanent record which will not carry any academic credit because there is no measurement of the student’s performance.

W = WITHDRAWAL/FAILING Student withdrew due to exceeding the maximum allowable absences from the course or has been administratively withdrawn by the University. A “W” grade will be issued in the following scenarios:

- The student recorded positive class attendance in at least one scheduled week and did not meet the class attendance requirements due to exceeding the maximum allowable absences.
- The student recorded positive class attendance in at least one week and has been administratively withdrawn from the University and/or program during the course.

WF = WITHDRAWAL/FAILING Student withdrew from the course and the faculty member determined that the student was failing the course at the time of the withdrawal. The student attended at least one week of a course and reached the maximum allowable number of absences. Quality points are 0.00; the grade is not calculated in the GPA.

P = PASSING
Student satisfactorily completed the course.

NC = NO CREDIT
Student withdrew from the course; no grade was issued.

WC = WAIVED WITH CREDIT
University of Phoenix required course, waived with credit.

**Program and Cumulative Grade Point Average**

Program GPA is calculated using all University of Phoenix (UOPX) courses applicable to the student’s degree program.

UOPX cumulative GPA is a calculation of all completed UOPX courses.

The following quality points are associated with the respective grades below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
<td>C–</td>

</tbody>
</table>

Program applicable coursework that may not apply towards the program in terms of credit, but is needed to fulfill a proficiency, prerequisite, or other degree requirement will be included in the Program GPA.

Students wanting to improve their Grade Point Average (GPA) may repeat a previously completed course, or complete an equivalent. The initial course will be removed from the GPA calculations and the most recent course will be applied and calculated regardless of the grade earned. Additionally, the credits earned for the initial course will no longer apply to the student’s record. Academic Standing and Scholastic Disqualification policies will need to be referenced within each program for additional guidelines or limitations.

**Grade Reports and Transcripts**

At the end of each course, the faculty member submits and posts grades for each student. Students can view their course information including grades, GPA, program information and scheduled courses online at https://ecampus.phoenix.edu. The student’s official transcript is prepared by the Registrar’s Office. The official transcript will show the current enrollment status, all program(s) and GPAs as well as courses, grades, credits, and dates of instruction for all graded for-credit courses taken at University of Phoenix. Credits awarded from the Prior Learning Assessment will be recorded on the transcripts as the credits are awarded and assessment fees are paid.

Only a summary of credits transferred by institutions will be included on the transcript. If itemized information for these credits are needed, the student must contact the school where the credits were completed.

**NOTE:** Students may repeat courses. Only the grade and credit for the most recent repetition is used in calculating total hours earned and total cumulative grade-point averages. However, the original and repeated grades remain on the transcript bearing a symbol to show that a particular course has been repeated.

Transcripts will be released only to students who are in good financial standing with the University.

Students may request official transcripts from the student website (https://ecampus.phoenix.edu) on the home page by selecting Order Transcripts under the Quick Links listing and by following the directions for requesting a transcript. Students may also request transcripts by phone, fax or mail by contacting the Admissions and Records Service Center at 800-866-3919. Transcript
Request Forms are also available at any University of Phoenix campus. Completed forms should be mailed to the Office of the Registrar, University of Phoenix, 4025 S Riverpoint Parkway CFL-308, Phoenix, AZ 85040. The Family Education Rights and Privacy Act of 1974 requires that all mail-in transcript requests be submitted in writing and be signed by the student.

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. All student record information is maintained on the University computer system, paper and/or microfiche, microfilm, disc or electronic imaging system.

**Record Retention**

The University maintains students’ transcripts, transcript keys and transfer credit information permanently pursuant to its records retention policies. For information on retention periods for other types of student records, please contact the Registrar’s Office.

**Grade Disputes and Grade Corrections**

- The University has established a dispute process for students who believe a grade has been awarded incorrectly.
- Student grades may not be changed by the faculty member after the grades have been submitted unless the student initiates the formal grade dispute process or if the faculty member determines the original grade was improperly calculated.
- Requests or disputes related to grades must be resolved by the faculty member in accordance to academic policies, whose decision is final, unless the dispute alleges discrimination or harassment.
- Disputes challenging the accuracy of a grade must be submitted by the student to the faculty member within six weeks from the grade posting date. Grade disputes based on work submitted, class participation, or claiming a calculation error are to be resolved solely by the faculty member, whose decision is final.
- Disputes challenging a grade which also allege discrimination or harassment by the faculty member are addressed according to the Non-Discrimination and Harassment policies.
- Disputes challenging a grade that also allege violation of an established University policy (other than discrimination or harassment) are addressed by the Director of Academic Affairs, or designee, who may mediate a resolution between the student and faculty member. However, the decision regarding whether to change the grade rests solely with the faculty member when adhering to academic policies.
- Formal grade disputes will only be reviewed if the student initiated the grade dispute process with their faculty member within six weeks from the grade posting date.
- Decisions for grade disputes must be rendered prior to the student being degree conferred.

**Program and Modality Changes**

Students wishing to change their program/version must enter into the most current program or version offered in their state or jurisdiction. Students must do this through consultation with appropriate campus personnel as some other institutional requirements or restrictions may apply. Students changing into a new program must have documentation on file that meets all admission requirements for the new program being entered. Students who are changing programs to a new program that has employment/work experience/access to work environment requirements must submit a Program Change Addendum. Previously transferred or completed University of Phoenix coursework may not apply to the new program requirements due to differences in degree and content requirements for the new program being entered.

Students making a permanent change from one modality to another (e.g., online to local campus, or local campus to online) are required to sign a new Enrollment/Disclosure Agreement specific to the new modality.

**Graduation Application and Credential Conferral**

University diplomas and certificates are issued to students who have completed all program requirements, are in good academic and financial standing, and whose credential has been officially conferred.

Upon completion of all program requirements, students must submit a graduation application in order to be considered for official credential conferral.

Following credential conferral, the University will issue one diploma or certificate.

The date documented on the diploma will reflect the last day of the month in which all program requirements were completed and applied. The date documented on the certificate will reflect the date on which all program requirements were completed and applied.

Degree and certificate conferral dates cannot precede the date the program was approved and became available in the student’s state or jurisdiction.

**Braille Embossed Diplomas**

Students may submit a request for a braille embossed diploma to the Disability Services Department. Requests for braille embossed diplomas should be submitted to DisabilityManagerQuestions@phoenix.edu. Approved requests will be routed to the Registrar’s Office for fulfillment. Students must provide appropriate documentation and be officially degree conferred.

**Posthumous Degrees**

The University may present posthumous degrees for deceased students who were enrolled and posted positive attendance, and were in good academic standing in a University program at the time of their death.

Posthumous degrees may be presented to immediate family members who submit a notarized Affidavit of Family Member of Deceased Student or to the executor of the estate with official written authorization.

**Degree Posting**

Degrees are conferred and posted to students’ academic record with the last day of the month in which all degree requirements are completed. Degree requirements are considered to be met when all credit bearing and non-credit bearing requirements have been met, and all credit has been posted to the academic record. The student’s individual program completion date is recorded on the academic record and transcript, indicating that the final academic requirements for the degree were completed on that date.

Diplomas are printed bearing the last day of the month in which all degree requirements were completed for all students who have completed the degree requirements and who have met all financial obligations to the university.
Students who are not eligible for degree conferral are notified by their Academic Representative of their degree deficiencies.

**Graduation with Honors**

Bachelor degree students who complete their degree program with a program grade point average of 3.85 or higher will graduate with "Honors". The "Graduated with Honors" designation will appear on the University diploma and permanent transcript.

**Participation in Commencement Ceremony**

Commencement ceremonies are held by the majority of campuses. Students who have met all of the requirements and completed a degree program with University of Phoenix (UOPX) are eligible to participate in commencement.

Students who have not yet completed degree requirements are eligible to participate in commencement ceremonies when they meet the requirements as outlined below:

- **Regular (RG) student academic status by the ceremony registration deadline date**
- **Regular (RG) program academic status by the ceremony registration deadline date**
- **Satisfaction of all financial obligations to the University**
- **Completion of degree requirements within the specific credit limits outlined below by the final registration deadline:**
  - Associate students- successful completion of all but 6 credits
  - Bachelor’s and Master’s students- successful completion of all but 9 credits
  - Doctoral students - successful completion of all credit and non-credit bearing degree requirements, including a completed dissertation approved by the Dean, prior to commencement eligibility.

Students who do not meet the eligibility requirements will not be allowed to participate in commencement ceremonies. Campuses are not permitted to grant exceptions to these policies and no appeals will be accepted.

Students who attend commencement ceremonies prior to completing their degree requirements are not guaranteed a University Degree. Academic standards must be met in order for a degree to be awarded. Students may fail to meet these standards after attending commencement ceremonies.

Degree seeking students who meet the eligibility requirements may participate in a commencement ceremony at any UOPX campus location. Registration information and a complete listing of scheduled commencement ceremonies may be accessed via the student website.

All Bachelors level students who have met the University Honors requirements, by the commencement ceremony date, and have met all other eligibility criteria, will be recognized at commencement ceremonies with the University honor cord.

Students who attend commencement ceremonies and wear the University honor cord prior to degree conferral are not guaranteed the "Graduated with Honors" designation. Academic standards must be met in order for a "Graduated with Honors" degree to be awarded. Students may fail to meet the University Honors standards after attending commencement ceremonies.

Certificate students are not eligible to participate in commencement ceremonies.

**Program Completion Deadlines**

The following program completion deadlines outline the time-frames allotted to students to complete all requirements for their selected program version.

<table>
<thead>
<tr>
<th>Program</th>
<th>Years for Completion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts (Credit Recognition)</td>
<td>within 2 years</td>
</tr>
<tr>
<td>Bachelors</td>
<td>within 8 years</td>
</tr>
<tr>
<td>Masters</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Doctoral except for PHD/IO &amp; EdS</td>
<td>within 8 years</td>
</tr>
<tr>
<td>PHD/IO</td>
<td>within 9 years</td>
</tr>
<tr>
<td>EdS</td>
<td>within 3 years</td>
</tr>
</tbody>
</table>

Program completion deadlines are calculated based on first date of positive recorded class attendance in the student's program version.

Changes to a selected major, concentration, emphasis, or en-route credential in which a student remains in the same program version will not result in a change to the student's program completion deadline.

A student who changes their program and/or version will have a new program completion deadline calculated based on the first date of positive recorded attendance in the course beginning after the student signature date on the most recent enrollment agreement on file.

- A student who posts positive class attendance in a program version, changes their program and then reverts back to their prior program version will be held to their original program completion deadline for that program version.

Re-entry students who return to the same program version will have a new program completion deadline calculated if that program version is still active and available for new enrollments and is the most current version in the student's state or jurisdiction. Re-entry students who return to a program that is not accepting new enrollments and/or is not the most current version available in their state or jurisdiction will be held to their original program completion deadline.

**Disclaimer on Job Placement**

The purpose of the degree programs offered by the University of Phoenix is to extend the nature and range of careers available to its students by providing a quality education that integrates theory with practical application. However, the University cannot offer guarantees of job placement, advancement, or continued employment.

**Non-Degree Students**

Students who wish to complete one or more courses with the University without enrolling in a degree or certificate program are considered Non-degree students and will be enrolled under the Non-degree (ND) admission status. Non-degree students are subject to all institutional policies, except those that indicate that they are specific to degree-seeking students. Non-degree students can only enroll in courses associated with a degree or certificate program.
that has been approved in their state or jurisdiction of residency. Non-Degree courses are divided into the following categories:

- General education or elective for-credit courses that are not currently part of a required course of study for a degree or certificate program.
- Courses that are part of a required course of study for a degree or certificate program.
- For-credit courses that are part of an Extension program code for a College or non-credit bearing courses that are part of a program code from the School of Continuing Education.

Enrollment of international students into non-degree courses in any of the three categories will only be made as permitted by U.S. law. University of Phoenix will not enroll into non-degree courses a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control ("OFAC") nor any individual that has been designated a: Specially Designated National ("SDN"), Foreign Sanctions Evader ("FSE"), Blocked Person, Denied Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Registrants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant's consent to allow the University to process the registrant's personal information.

University of Phoenix does not market to potential students in European Union (EU) member countries. Individuals who reside in an EU member country will not be enrolled or admitted unless they are a U.S. citizen or are affiliated with the U.S. Military.

To enroll in for-credit courses that are classified as general education, elective, or part of a required course of study for a degree or certificate program, Non-Degree students must meet the following academic preparedness requirements: (E1, E3)

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score. (E4)
- Nevada: Applicants attending a local campus in Nevada must submit a copy of their high school diploma, high school transcript with graduation posted, GED certificate, GED transcript with successful completion posted, CHSPE examination results or a letter on letterhead from the high school records office confirming the date of graduation. Students may submit a college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency to satisfy this requirement.
- Students who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement. (E5)
- Students who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
- Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the enrollment paperwork.
- Have been granted asylum or refugee status
- Have a valid F1 Visa
- Students who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
- Must meet state immunization and Health Insurance Requirements
- Provide an unofficial or official transcript demonstrating that any applicable prerequisites have been satisfied for their selected course(s). To satisfy a prerequisite the course must meet the following criteria:
  - have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university,
  - have been completed with a grade of "C" or better or comparable passing benchmark
  - be comparable in content and must be an equivalent level or higher level course
- Must not have been expelled from University of Phoenix or other institutions.

Non-Degree students who wish to complete graduate level courses that are part of the required course of study for a degree or certificate program must provide proof of completion of an undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

Non-degree students may complete an unlimited number courses; however, non-degree students will not be awarded a degree or certificate unless they are officially admitted into a degree or certificate program. Non-degree student who are admitted into a degree program will need to meet the following credit residency requirements:

- 18 credits toward a graduate degree required course of study completed after admission into the degree program.
- 30 credits toward an undergraduate degree required course of study completed after admission into the degree program.

Some for-credit courses have additional academic preparedness requirements for non-degree students.

College of Humanities and Sciences Individual Counseling Non-Degree Courses

Non-degree students with a graduate degree in counseling or related field (e.g. Psychology, school counseling, school psychology, gerontology counseling, rehabilitative counseling) may complete a maximum of four (4) graduate level courses from the available counseling course selection. The academic leadership responsible for the administration of counseling courses programs may waive prerequisite coursework with the appropriate graduate
degree and/or clinical experience.

**College of Health Professions, School of Nursing Individual Nursing Non-Degree Courses**

Students enrolled in an approved RN-BSN transfer partner institution Concurrent Enrollment Program (CEP) may be scheduled for non-degree courses as outlined on the RN-BSN Partnership Transfer Pathway Guides.

RN-BSN Transfer Partner Institution CEP's RN-BSN Pathway Partnership CEP students are required to achieve a minimum grade of "C" (2.0) in their non-degree nursing courses. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" in any of the non-degree nursing CEP courses will be scholastically disqualified from the University. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn.

**School of Advanced Studies Individual Doctoral Non-Degree Courses**

Non-Degree students enrolling in doctoral courses must provide proof of completion of a graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

**California Early Completion Option**

- California residents may qualify, per state Commission requirements, for the Early Completion Option (ECO). This allows candidates to earn a preliminary credential in Multiple Subject or Single Subject by completing an Internship and the supervised student teaching component and teaching performance assessments.
- The California Early Completion Option (ECO) consists of credit-bearing, non-degree coursework. Candidates are not completing a University of Phoenix certificate or degree.
- The California Early Completion Option requires:
  - Completion of the following coursework (120 pre-service hours):

    **MAED/TED 07CA**
    Multiple Subject: MTE 506CA; MTE 518CA; ELL 500; SPE 514CA; RDG 537CA; MTE 522CA
    Single Subject: MTE 506CA; SEC 508CA; ELL 500; SPE 514CA; RDG 542CA; MTE 523CA

    **MAED/TED 08 CA**
    Multiple Subject: MTE 511; ELM 533; ELL 500; MTE 512; RDG 556; ELM 532
    Single Subject: MTE 511; SEC 533; ELL 500; MTE 512; RDG 558; SEC 532
- Upon successful completion of required Early Completion Option (ECO) coursework and completion of additional requirements as outlined in the ECO checklist, students are eligible to apply for the Intern Credential.
- Early Completion Option (ECO) students enrolled in this option must validate a full-time student teaching experience (minimum 15 weeks) as the teacher of record.
- Students must successfully complete 15 weeks supervised student teaching experience. Candidates will be assigned a faculty supervisor by the University throughout the program and their student teaching experience.
- Students will be assigned a mentor at the school site for the duration of their district contract.
- Students must earn a B or better in each of the Student Teaching Seminars. Grades of "B-" are not accepted.
- Students who fail to receive a minimum grade of "B" in each of the Student Teaching Seminars will not earn quality points, as the grade is considered a failing grade.
- Students have only one opportunity to successfully complete the student teaching experience.
- Early Completion Option (ECO) students who have completed coursework, but have not met their IR requirements within the contracted school year, may not be eligible to maintain their internship credential.
- Early Completion Option (ECO) students must pass the Teaching Performance Assessment on their first attempt prior to beginning their first ECO course. Students who do not pass the Teaching Performance Assessments on their first attempt must transition to the CA internship option in the MAED/TED CA programs.
ACADEMIC QUALITY AND OUTCOMES ASSESSMENT

Academic Quality and Outcomes Assessment—Ensuring Consistent Quality

Ensuring Consistent Quality
Over the last three decades, University of Phoenix has made significant investments in developing and maintaining systems to ensure academic quality. These systems enable the institution to measure and evaluate the University’s effectiveness in meeting its mission and purposes and to use the evidence to continuously improve students’ educational experiences and institutional processes. The comprehensive nature of the academic quality systems and the data produced provide the University with significant and meaningful input that is used to review and improve every aspect of the institution. Data gathered from course evaluations and student learning assessment are used in the curriculum development process and in the creation of faculty professional development tools. Data gathered from the continuous evaluation of institutional processes and systems are used to streamline processes and to make administrative support systems more user-friendly, continuously building on the analysis of information gathered.

Academic Quality Improvement and Outcomes-based Assessment

Academic quality is an integral part of the culture of continuous improvement at University of Phoenix. The University’s focus on academic quality improvement ensures that the institution is meeting its mission through continuous assessment and evaluation of faculty, curriculum, and processes.

Curriculum Development

University of Phoenix curriculum is designed to integrate adult learning theory, constructivist learning theory, brain-based learning research, and professional practice. Programs of study are defined and guided by professional standards, competencies, and/or proficiencies for student achievement of learning outcomes. Curriculum is designed to facilitate the acquisition of theoretical content and useful knowledge and skills identified as essential to the academic and professional success of working adults. The curriculum is designed to integrate academic theory, skills, dispositions, lifelong learning, and professional practice in a manner applicable to students’ work and life experiences.

Assessment of Student Learning

For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program, and institutional levels. Assessment answers the question: How well are University of Phoenix students meeting the general education, programmatic, and institutional learning outcomes underscored by the University’s mission? Its findings inform opportunities for curricular and pedagogical improvement, decision-making processes for policy consideration and resource allocation, and accountability. The process for outcomes-based assessment of student learning uses the following conceptual framework:

- Monitoring Effectiveness of Improvements
  By utilizing this assessment process, the colleges and schools establish clear, measurable outcomes and ensure that students have sufficient opportunities to achieve outcomes; systematically gather, analyze, and interpret evidence to determine how well student learning matches stated expectations; use assessment findings to improve student learning; and monitor improvements by measuring changes in student learning over time.

Academic assessment provides the means for monitoring the educational experience of our students and gathering evidence of student learning. The University’s academic assessment processes include an ongoing combination of direct measures, such as course-embedded assignments, portfolios, and exams, and indirect measures that gather information from students, alumni, and employers. The instruments and measures are designed to provide valid and reliable evidence to support continuous improvement of academic programs.

Assessment of Students’ Educational Experiences and Administrative and Educational Support Units

Another major component of ensuring academic quality improvement is the assessment of students’ educational experiences and the processes of administrative and educational support units. A cadre of instruments and measures are used to monitor the day-to-day educational systems involving student, faculty, curriculum, and administrative services. By performing interim program review, evaluating faculty adherence to program standards and practices, and making small-scale resource decisions, information from academic quality improvement resources is used for assessing overall quality and compliance.

Multiple Measures of Effectiveness Academic Program Review

Academic Program Review (APR) at University of Phoenix is designed to foster academic excellence at all levels of the University. The APR affords UOPX faculty and college/school leadership the information to support the improvement of student learning; the structure to assess program quality, relevancy, and currency; the opportunity to reflect on the alignment of program goals with institutional mission and strategic initiatives; and the provision of data and evidence to support college/school and institutional planning, budgeting, and decision-making. The APR is a key component of the University’s assessment system and reflected within the University Program Life Cycle (UPL).

Beginning of Program Survey (Registration)

During the registration process, students are asked to provide basic background information about themselves. Much of the information from this Registration Survey is used for analyzing outreach trends and for regulatory reporting. However, the Registration Survey also contributes to assessment in two important ways. First, it is used to obtain basic demographic information about students: age, gender, race/ethnicity, work experience, occupation, and income. Second, students are asked to provide information about their goals in attending the University: to identify major academic and professional objectives, to rate the importance of factors influencing their decision to choose the University of Phoenix over alternative institutions, and to indicate what instructional methods are most effective in helping them assimilate and retain knowledge. The Registration Survey is also used to discover how students learned about the University, how they are financing their
education, where they live and work in relation to University facilities, and whether they are satisfied with the recruitment and registration processes.

**Student End-of-Course Survey (SEOCS)**
Students in all courses complete an End-of-Course Survey, which focuses on students’ evaluation of the curriculum, educational effectiveness, learning teams, time allocation, University Library, administrative and support services, facilities and equipment, and faculty skills and abilities. These measures are of significant value in diagnosing how well each component of the University’s teaching/learning model is functioning in meeting student needs.

**Faculty End-of-Course Survey (FEOCS)**
Faculty complete an End-of-Course Survey, which focuses on curriculum evaluation, educational effectiveness, time allocation, administrative and support services, facilities, and access to technology. Because faculty are required to be highly qualified practitioners of the subjects they teach, they serve as an invaluable resource for evaluating programmatic curriculum. Faculty are also the University’s best resource for determining whether students are professionally and academically prepared to benefit from their educational experiences.

**Faculty Grading Practices**
Accurate and fair evaluation of student academic performance is an important attribute of an effective educational program. Accordingly, measures of grade variance are reported by program. Grade variance for campus and individual faculty members are reported as elements of feedback for self-improvement and compliance with University standards of good practice.

**End-of-Program Survey**
Students finishing their degree programs complete an End-of-Program Survey. This survey asks graduating students to evaluate their overall University of Phoenix experience in areas such as quality of the education they received, skills and knowledge, and workplace application, as well as career advancement and progression. University officials use the information from this survey to continually enhance curriculum, instruction, student services, and overall university operations.

**Academic Alumni Questionnaire**
Graduates are asked to evaluate the effectiveness of their University of Phoenix education after they have had sufficient time to integrate their learning with the demands of their career and personal responsibilities. Using measures driven by the University’s mission, the alumni identify factors that influenced their decision to attend the University of Phoenix, the major personal and professional goals they achieved as a result, the quality of their educational experience according to the stated program student learning outcomes, how effective the University’s teaching/learning model was in helping them achieve their educational goals, and their employers’ opinions of the programs’ benefits. Data gleaned from the Questionnaire is used in program evaluation.

**Persistence, Retention, and Graduation Studies**
Numerous special studies are undertaken to explore trends and issues of potential significance to academic decision-makers in program evaluation. These studies may include enrollment by campus by academic program, persistence and graduation rates by admission status (first-time; lower-and upper-division transfers), gender and race/ethnicity, class size by rating of faculty and educational effectiveness, etc. Emphasis is placed on examining the nature and extent to which students’ educational needs and expectations are being met during the enrollment process, throughout their course work, when they graduate, and in their continuing professional development as alumni.

**Classroom Performance Review**
The University is committed to providing excellent instructors, which necessarily calls for an ongoing system of faculty evaluation. Faculty members receive periodic Classroom Performance Reviews and feedback from Student End-of-Course Surveys. Faculty members also have an opportunity to provide the University with input about course curriculum, University services, and other related topics at the end of each course. Campus staff review and follow up on all input and feedback from students and faculty. A periodic Classroom Performance Review is completed for each active faculty member at least once every two years. The review represents one method of faculty evaluation based on a class observation.

Each review is conducted with a standardized form by a trained reviewer. Based on the observation, campus academic leadership and the faculty member discuss strengths and areas for improvement related to the faculty member’s facilitation skills, assessment and feedback practices, coverage of course objectives, and overall class management.
UNIVERSITY OF PHOENIX ALUMNI ASSOCIATION

Whether you are a recent graduate or a long-time University of Phoenix alumnus, the Alumni Association is an exclusive benefit of University of Phoenix. You are automatically a lifetime member, and no fee or registration is required.

To get the most out of your membership, visit the alumni website at phoenix.edu/alumni and update your profile. You may also print your Alumni Membership Card from your profile page to use as proof of graduation for discounts and more. Begin connecting with the association and your fellow graduates, and start exploring the benefits available to you:

Career Resources

- PhoenixLink™ Continue accessing the entire suite of career tools you enjoyed as a student. PhoenixLink™s where you’ll find support for your career goals, powerful networking tools, opportunities to give back and so much more.
- Search and apply for exclusive jobs.
- Find even more job postings on the Extended Job Network.
- Schedule career counseling sessions.
- Access the University's alumni mentor database.
- View career planning and development resources.

Alumni Services

- Alumni Locator Tool - Find and connect with other graduates of University of Phoenix who have public profiles, and build a foundation that promotes communication and networking. Visit phoenix.edu/alumni/directory-search.
- Alumni Mentor Program - Join forces: knowledge + experience = power. The program connects University of Phoenix students and alumni to UOPX alumni volunteers for one-on-one online mentorships. Alumni mentors share success stories, industry insights and provide motivation and support. You can apply to be a mentor today or request a mentor for yourself. Find out more on the Alumni Association website at phoenix.edu/alumni/mentor.
- Alumni Chapters - There are Alumni Chapters in cities across the country. Share experiences, advice and contacts informally by joining a chapter near you. To learn more about specific locations and chapter events, visit phoenix.edu/alumni/chapters.
- Benefits & Savings - Save money on brand-name items through University Marketplace, featuring discounts and cash-back offers from hundreds of retailers. Visit uopxalumnimarketplace.com. University of Phoenix also has partnerships with several businesses to bring discounts to UOPX alumni. You can find these special offers on the Benefits and Discounts page of the Alumni Association website.
- Social Media - When our network grows, so does yours. Connect and stay in touch with fellow graduates near and far through Facebook®, Instagram®, LinkedIn®, Pinterest® and Twitter® online communities.

Homecoming - The Alumni Association hosts Homecoming festivities across the country every year. Visit with old friends and make new connections. Other local networking and career events are held throughout the year. Visit phoenix.edu/alumni/events.

Admission Procedures

Application Process
Potential students applying for admission to the University’s undergraduate degree programs begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance.

The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Applicant status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins course work under Applicant status will be admitted to the degree program.

Undergraduate students who have served in the United States military must submit their Joint Services Transcript (JST) or a transcript from a regionally accredited military university or college (Community College of the Air Force and US service academies). If these documents are unavailable, American Council on Education Registry Transcripts (AARTS and SMARTS) or discharge papers (DD-214) will be accepted. This is a requirement if students will be applying for VA educational assistance.

Applications of individuals who have not gained admission to, or enrolled in the University, will be kept on file for one year. After that time, the applicant is required to submit a new application and materials for admission review.

Transcript Requests of Other Institutions
Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application. University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student’s responsibility to ensure that all transcripts are submitted to the University. Students must sign a “Transcript Request Form” for each transcript being requested from educational institutions and national testing programs.

Official Transcript Time Limits
All official transcripts must show an issuance date not more than one year prior to receipt by the University. This is to ensure that all prior course work is reflected on the transcript.

Official foreign records do not have the same time limit issuance requirements, as these documents may be difficult to obtain. This exception does not apply to Canada or U.S. territories.

General International Admissions Information
Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses prior to the student being officially admitted only if they meet all the following requirements:

- If residing in the United States, have an appropriate immigrant or nonimmigrant status which does not prohibit educational studies
- Graduate applicants, with academic records from a country evaluated in-house by the Office of Admissions and Evaluation, must have a pre-evaluation completed by the Office of Admissions and Evaluation indicating that the student has the appropriate academic background to meet the admission requirements, and
- All other program specific admission requirements must be met.

An applicant who has earned an undergraduate degree, or other transfer credit, from an institution outside of the United States, but has earned a Master’s degree from a regionally accredited or approved nationally accredited institution is eligible to enroll in the University at the graduate level provided all program specific policies have been met by the previous credential earned without requiring an evaluation of the previous international credentials.

Undergraduate applicants relying on educational credentials from an institution outside of the United States may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.

For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes previous academic credentials earned outside of the United States must meet the University’s verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by the following methods.

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the student’s previous institution, or
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student’s specific country, or
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student’s previous institution indicating copies of academic credentials and/or level study is valid, or
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Records.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials will be subject to the same policies as credentials issued from a domestic institution.

Secondary completion credentials earned outside of the United
States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student's state or jurisdiction.

Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies will be listed in the admission requirements section for each program. If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix. Translations must be completed/verified by an official translation service, a foreign language department of an accredited college or university, the country's embassy/consulate or by the Office of Admission and Records at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll nonimmigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with DHS.

Admission of international students will only be made as permitted by U.S. law. University of Phoenix will not admit a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control ("OFAC") nor any individual that has been designated a: Specially Designated National ("SDN"), Foreign Sanctions Evader ("FSE"), Blocked Person, Denied Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Applicants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant's consent to allow the University to process the applicant's personal information.

Admission Deadlines
The University cannot guarantee that a student who begins coursework will be admitted to his/her degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth University course. Students who are unable to be admitted by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.

Admissions Appeal Process for Expelled Students
Expelled students are not eligible for admission to University of Phoenix. No appeals will be accepted for students expelled from University of Phoenix. Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained. Students who fail to disclose all prior colleges and universities attended on their Application for Admission may result in a charge under the Student Code of Conduct if it is discovered after their admission to UOPX that they were expelled from an undisclosed institution.

Undergraduate Admission Requirements
Most undergraduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.

- Nevada: Applicants attending a local campus in Nevada must submit a copy of their high school diploma, high school transcript with graduation posted, GED certificate, GED transcript with successful completion posted, CHSPE examination results or a letter on letterhead from the high school records office confirming the date of graduation. Students may submit a college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency to satisfy this requirement. This Nevada requirement does not apply to College of Education programs.

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
• The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.

• The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.

• The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.

• The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.

• The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.

• The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

• Applicants who reside in the United States must meet one of the following requirements:
  • Be a legal resident of the United States
  • Have been granted permanent residency
  • Have a valid visa that does not prohibit educational studies
  • Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  • Have been granted asylum or refugee status.

• Applicants who reside in Canada must meet one of the following requirements:
  • Be a legal resident of Canada
  • Be a landed immigrant
  • Have a valid visa that does not prohibit educational studies
  • A completed and signed undergraduate application
  • A signed Enrollment/Disclosure Agreement.
  • Completion of any state-specific required documents or forms.
  • Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
  • Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
  • Students enrolled in programs that are not administered under the risk free period policy*, who list less than 24 previous college credits as recognized by the University on the admissions application, are required to successfully complete a University Orientation Workshop (UNIV 100 or UNIV 101) to be officially admitted (AM).

* Programs administered under the risk free period policy are indicated as such in the "General Information" section of the program’s policy in the catalog.

Residency Requirements and Course Waivers for Bachelor Programs

Please see the program for any additional program specific residency requirements and course waivers. The following does not apply to nursing and education programs.

• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits (as a part of the final 60 credits of the program) come from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  • The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  • The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of 'C' (2.0) or better or comparable passing benchmark for nontraditional credits.
  • The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  • Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
  • Providing that University residency policy is met, through an approved articulation agreement or Educational Partnership Pathway (EPP) students may be able to waive courses outside of standard course waiver policy requirements to facilitate seamless transfer for Associate degree completers.
  • Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

University Orientation Workshops

Applicants to designated undergraduate programs requiring the Workshop for admission who list less than 24 previous college credits as recognized by the University on the admissions application are required to successfully complete a three week University Orientation Workshop (UNIV 100 for Online or UNIV 101 for local campus) prior to attending a credit bearing degree applicable course.

The following define the University Orientation Workshop statuses:

• Orientation Complete (OC): Applicant has attended all three weeks and successfully submitted all assignments.
University of Phoenix, 2018-2019

- **Orientation Not Complete (ON):** Applicant has not successfully completed all Orientation requirements and will remain on Orientation Pending (OP) admission status. Applicants will be allowed two attempts to successfully complete the Orientation. After a second unsuccessful attempt, participants are required to sit out for a period of six months after the last posted attendance in the second attempt.

- **Orientation Extended (OX):** An extension has been awarded to eligible applicants who require reasonable accommodations under Americans with Disabilities Act (ADA). If an applicant does not fulfill the Orientation Workshop requirements at the end of the extension period, the OX status will default to Orientation Not Complete (ON) status. Orientation Complete (OC) and Orientation Not Complete (ON) completion statuses are not considered grades and will not be calculated in the grade point average (GPA). Students who were previously admitted to the University are not required to complete the University Orientation Workshop.

**Risk Free Period Policy**

Students enrolled in programs that are eligible for the risk free period policy* are not required to complete a University Orientation Workshop.

The first three weeks of the first course constitute the trial period for programs that are eligible for the risk free period policy. First time attendees who indicate less than 24 previous college credits (as recognized by the University) on the admission application, who have not previously been admitted as a regular student to the University, and who are intending to pursue such programs will participate in the trial period and will be conditionally admitted. This trial period will apply to all repeated attempts to complete the first course in the program while students are in Admitted with Condition status. Students will be eligible for unconditional admission to the University after meeting class attendance requirements in the fourth week of their first course (or after the fourth week) and after having transfer credits evaluated.

Students will not be eligible for Title IV, HEA funds until they are admitted as a regular student after the trial period has completed. Once admitted as a regular student, students become eligible for Title IV, HEA program funds back to the beginning of the payment or loan period, as applicable, including the trial period. Students who decide not to continue in the trial period may opt out with no financial obligation prior to meeting class attendance requirements for their fourth week in their first course with the University. Students who withdraw after the trial period and do not continue enrollment will not be eligible for Title IV, HEA program funds for the trial period. Students will indicate their intent to continue with their program by meeting class attendance requirements in the fourth week of their first course (or after the fourth week) at which point the trial period will end. Students completing the trial period that meet class attendance requirements for their fourth week or after will be financially responsible for all associated course charges. Students that record positive class attendance in at least one class that do not meet the class attendance requirements for the course due to exceeding maximum allowable absences will receive a “W” grade for the course which will be documented on the University of Phoenix transcript.

*Programs that are eligible for the risk free period policy are indicated as such in the "General Information" section of the program’s policy in the catalog.

**Academic Progression Requirements**

**Phoenix Success Series (Pathway A and Pathway B Programs)**

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- In addition to GEN 201, Pathway A students are required to complete 3 credits of College Composition which will contribute to fulfillment of General Education requirements.
- Following GEN 201, Pathway B students are required to complete coursework in the remaining Phoenix Success Series categories which will contribute to fulfillment of General Education requirements.

**Phoenix Success Series Preferred Sequence and Prerequisites**

- GEN 201 ...................................................................................3 credits
- PSY 110 ..................................................................................3 credits
- ENG 100 ..................................................................................3 credits
- HUM 115 ..............................................................................3 credits
- Critical Thinking in Everyday Life
- Research and Rhetoric

**First-Year Sequence (A Track and B Track Programs)**

- Applicants disclosing 24 or more previous college credits on the admissions application, enrolling in designated undergraduate programs must successfully complete the entry course as outlined in the individual program policy as the first course with University of Phoenix, and are not required to enroll in the First-Year Sequence.
- Applicants disclosing fewer than 24 previous college credits on the admissions application, enrolling in designated undergraduate programs, are required to complete the First-Year Sequence.

• Prior Learning Assessment and credits earned through National Testing Programs are not included as previous college credits when determining placement in the First-Year Sequence.
• First-Year Sequence students must satisfy all seven (7) required courses from the First-Year Sequence prior to enrolling in any other program applicable course.

Preferred Sequence

GEN 195 ................................................................. 3 credits
Foundations of University Studies
COM 170 ............................................................... 3 credits
Elements of University Composition and Communication I
COM 172 ............................................................... 3 credits
Elements of University Composition and Communication II
HUM 114 .............................................................. 3 credits
Critical Thinking and Creative Problem Solving
PSY 211 ............................................................. 3 credits
Essentials of Psychology
SCI 163 ............................................................... 3 credits
Elements of Health and Wellness
FP 120 ............................................................... 3 credits
Essentials of Personal Finance
SOC 110 is an optional course that may be taken prior to the completion of the First-Year Sequence. Students choosing to take SOC 110 may take the course any time after GEN 195.
• With the exception of GEN 195, FP 120, and HUM 114, First-Year Sequence course requirements may be satisfied by any of the following means:
  • University of Phoenix coursework,
  • Regionally or nationally accredited transfer coursework (C- or higher grade),
  • National Testing Programs
  • ACE evaluated Military credits.
• Transfer activity used to satisfy a First-Year Sequence course must be comparable in content to the University of Phoenix course it is replacing, must be at least 2.67 credits, and must be equivalent level or higher.
• Concurrent enrollment is prohibited during any of the courses in the First-Year Sequence.

Waivers

The University defines a waiver as the substitution of a required course at the University with a course of the same level listed on an official transcript from another institution. Students may find specific course waiver information for their program after the applicable required course of study. Students requesting course waivers must have formal written requests submitted to the central Office of Admissions & Evaluation, utilizing the Request for Course Waiver Form citing the courses requested to be waived, the courses to be transferred into the required course of study, and the university where the transfer courses were completed.
An official catalog course description must accompany the request. The official transcript from the institution where the course was completed must also be submitted, unless it has previously been submitted to the University as part of the application process.

General Education

In its commitment to help working adults achieve their professional and personal goals, the University of Phoenix endorses the role of general education in ensuring student success in the classroom, the workplace, and the community. The general education curriculum, which is developed through the College of Humanities and Sciences, provides instruction that focuses on skills in communication, critical thinking, and computation, and fosters a philosophical orientation that enables students to function as productive members of society.
Undergraduate general education requirements emphasize the mastery of competencies within the respective frameworks of mathematics and physical sciences, life sciences, technology, communication arts, social sciences, and humanities. Students are required to demonstrate proficiency in written and oral communication, in the handling and use of quantitative information, and the application of analytic and synthetic-creative thinking skills. This background provides students with the perspectives needed for meaningful self-examination of personal and social values, as well as enhanced ability to understand and cope with social, technological, and cultural change.

If elective curriculum is taken to satisfy graduation requirements, the courses taken cannot duplicate credits earned in the required course of study, credits earned at other institutions, credits earned through national testing programs, or credits awarded through Prior Learning Assessment.

General Education Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, graduating students are intended to attain certain knowledge, skills and abilities within the various general education categories. Therefore, students should be able to demonstrate the following learning outcomes by the time they complete their general education requirements:
• Students will apply scientific reasoning and knowledge, and use basic research methods in science to explain key concepts in the physical and life sciences.
• Students will develop the necessary writing skills to share knowledge, present analysis and engage effectively in daily workplace communication.
• Students will employ appropriate technology to collect, analyze, synthesize and disseminate information.
• Students will use mathematical principles to interpret and represent information in various mathematical forms, and perform computation and quantitative analyses to solve problems and draw appropriate conclusions.
• Students will incorporate essential knowledge, theories and research methods in social sciences, history and behavioral sciences to analyze and propose solutions for social, political and economic problems.
• Students will use information literacy principles to locate and evaluate information for relevancy, reliability and currency.
• Students will evaluate the role of diversity, including culture, class, ethnicity and gender identity, in human affairs.
• Students will analyze works of art and literature as aesthetic and cultural expressions of specific historical and social contexts to demonstrate artistic involvement in society.

Liberal Arts Components

The curriculum within the General Education Program is comprised of traditional liberal arts categories. The required number of credits in each category varies by program and may be found within the program specific requirements. The General Education categories and curriculum ensure that students are exposed to a breadth of content essential to a baccalaureate experience, and
the categories within General Education curriculum are as follows:

**Communication Arts**, credit requirements vary by program
Course work in Communication Arts primarily focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

**English/Language Arts**, credit requirements vary by program
Course work in English/Language Arts primarily focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

**Mathematics**, credit requirements vary by program
Course work in the mathematics area develops quantitative and analytical skills in the fields of mathematics and advanced logic. The area does not include courses in which mathematics is merely an applied component (such as finance and accounting), nor does it include mathematics foundation courses below the level of college algebra.

**Social Sciences**, credit requirements vary by program
Course work in social sciences promotes understanding of human behavior as well as the structure and dynamics of social systems. Emphasis is on the discovery of patterns in social processes and institutions, both past and present. Courses in anthropology, sociology, economics, ethnic and gender studies, geography, political science, psychology, history, and certain communications courses focusing on mass media and society typically satisfy these requirements.

**Social Studies**, credit requirements vary by program
Course work in social studies promotes understanding of human behavior as well as the structure and dynamics of social systems. Emphasis is on the discovery of patterns in social processes and institutions, both past and present. Courses in anthropology, sociology, economics, ethnic and gender studies, geography, political science, psychology, history, and certain communications courses focusing on mass media and society typically satisfy these requirements.

**Humanities**, credit requirements vary by program
Course work in humanities focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

**Fine Arts**, credits requirements vary by program
Course work in fine arts focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

**Science/Technology**, credit requirements vary by program
Course work in science/technology provides students with an understanding of nature and the physical world, along with knowledge of the methods scientists use to study the world around them. Courses in astronomy, biology, chemistry, physics, anatomy and physiology, geology, and environmental science typically satisfy requirements in this area. All students must complete a minimum of three credits in the physical/biological sciences as part of the six credit Science/Technology requirement. Certain courses in geography or aerospace studies which emphasize the earth's physical characteristics, weather, and climate are included in the science category, along with highly specialized course work in the social sciences such as physical anthropology, archaeological field methods, and psychology courses which focus on human physiological processes.

Technology refers to the application of scientific knowledge in making and using tools to enhance materials culture. Course work in the area of technology which satisfies general education requirements includes engineering, materials science, electronics courses that emphasize theory and design, and computer science courses that focus on programming languages and hardware/software engineering. Courses which focus primarily on the social and environmental conflicts which arise over the uses of technology usually satisfy requirements in the social sciences and humanities.

**Liberal Arts**, credit requirements vary by program
Students will pursue more depth in the liberal arts by selecting two different courses in any of the liberal arts categories listed above.

**Interdisciplinary**, credit requirements vary by program
To fulfill this requirement, students may select additional general education courses, or any University courses other than those in their major field. The intent of this requirement is to further increase students' exposure to the liberal arts and to facilitate their exposure to a field of study beyond the necessarily narrow scope of their professional interest. Students are encouraged to explore diverse content areas to add depth to their academic and professional knowledge base.

**Prior Learning Assessment**

**Prior Learning Assessment Eligibility Guidelines**
University of Phoenix offers Prior Learning Assessment (PLA) as an option by which officially evaluated students can earn assessed credits toward degree completion requirements.

All prior learning must have academic equivalence to college-level learning to be awarded credit.

- All coursework, professional training, and Experiential Learning must be of sufficient academic merit, and must be determined to have learning, rigor and breadth of knowledge at the post-secondary level as defined by the University's acceptable transfer activity policy.

- Credit is granted for demonstrated knowledge, not for experience alone. Learning must be clearly differentiated from experience through the appropriate demonstration of knowledge application and supporting documentation.

Students are required to submit official and verifiable supporting documentation for all courses, professional training, and experiential learning essays upon applying to PLA. This documentation includes, but is not limited to, proof of completion, proof of course length, proof of course modality, course descriptions, and verification letters. Documentation of professional training submitted for evaluation must match the timeframe in which the license was completed.

The student must demonstrate college-level writing skills in Experiential Learning Essays conforming to the writing standards required of all students enrolled at University of Phoenix.

Credits will be awarded for coursework, professional training, and experiential learning only when it does not duplicate credits previously applied as transfer activity, the UOPX required course of study, or topics from other submissions for credit.
The University of Phoenix recognizes credit recommendations of the American Council on Education ACE/CREDIT Guide, the American Council Guide to Educational Credit by Examination, and the National College Credit Recommendation Service (NCCRS). Credit is awarded using the recommendations as a guide and is not required to be assessed internally by the University’s PLA department.

Courses which have been transcripted for academic college-level credit by a regionally accredited institution are not eligible for evaluation through the assessment process, whether or not credit has been awarded, unless they are Continuing Education Units (CEU), professional training courses, extension courses, or courses that are generally considered less than degree applicable college-level credit.

PLA may apply towards both the lower division and upper division credit requirements of the University’s undergraduate degree programs unless otherwise specified in policy or limited by the state or jurisdiction of a student’s residence. PLA may also apply towards graduate level requirements upon the assessment and review of the activity by the appropriate college or school in which the associated graduate level program or courses reside.

Students may not rewrite an Experiential Learning Essay more than once.

Students may submit a completed Experiential Learning Essay up to 90 days after an essay topic has been removed or modified from the Approved Essay Topic List.

University of Phoenix Code of Academic Integrity Policy is applicable to all PLA submissions.

**Prior Learning Assessment Credit Assessment**

Credit is awarded based on clock hours or academic content equivalence as determined by PLA evaluators or one of the University’s Colleges, Schools, or the Provost’s Office.

If an item submitted for professional training review is determined by the evaluator to be so extensive that it is worth more than three credits, the evaluator may recommend division of the content into multiple course titles.

Experiential Learning Essays shall be awarded one, two, or three lower division or upper division undergraduate semester credits as indicated on the Approved Essay Topics List.

With an approved essay, the student will be awarded the credit as indicated in the essay submission documentation. Incomplete or unsatisfactory essays will not be awarded credit. No partial credit will be awarded for essays.

Experiential Learning Essays will be awarded credit limited in application to elective and/or general education options at the undergraduate level only.

Assessed credits will appear on the student’s University of Phoenix transcript after they are awarded.

Students have the right to challenge credit awards. Challenges must be submitted to PLA in writing by the student within six weeks of the date of the credit award letter. Challenges received after this date will not be considered.

A student enrolled in an associate degree program may earn a maximum of 15 credits for Experiential Learning Essays and a student enrolled in a baccalaureate program may earn a maximum of 30 credits for Experiential Learning Essays.

**Corporate Partnerships - Credit Recommendation Guide**

The University will endeavor to create Corporate Partnerships with other corporations as appropriate in order to enhance transfer credit options for students coming to University of Phoenix. Transfer credit recommendations will be created in the format of a Credit Recommendation Guide (CRG).

CRGs will define transferability, applicability, and individual credit recommendations of partner corporations’ professional training/ seminars, deemed by assessment as comparable to college level learning, to University undergraduate degree program credit requirements. Credits indicated on a CRG are only a recommendation and not a guarantee of credits to be awarded as professional training programs and content may change over time.

Evaluation and determination of credit award for activities listed on the CRG will follow the Credit Assessment Guidelines as indicated in Prior Learning Assessment Credit Assessment. A list of corporations with which University of Phoenix has established corporate partnerships can be viewed at http://www.phoenix.edu/admissions/prior_learning_assessment/corporate-credit-recommendation-guide.html.

**Prior Learning Assessment Submission and Posting & Fees**

Charges arising out of services and the posting of credit awarded for prior learning are separate and apart from tuition and curriculum fees.

When materials are complete, they are sent to Prior Learning Assessment in Phoenix and a non-refundable application fee is required and collected. The evaluation and posting fees apply to credit awarded through Prior Learning Assessment:

Student portfolios are subject to fees related to evaluation and assessment of all portfolio inclusions. The fees may vary depending upon number of items reviewed. Fee structure and information may be viewed at: http://www.phoenix.edu/admissions/prior_learning_assessment.html.

**Standardized Credit Recommendations**

Credits awarded through the assessment process are applicable to University of Phoenix degrees, and may be transferable subject to the receiving institution’s discretion.

Credit awards are applied to Associate or Bachelor elective or general education areas within degree programs. Student degree program admission is required (all other transfer credit applied in the program) prior to portfolio submission.

**Program Length**

**Associate Programs**

The established “normal time” to complete a program is specified on the Gainful Employment Program Disclosure for that program. Generally, the “normal time” is as follows: Education - 90 to 104 weeks, Health Services Administration - 90 to 108 weeks, Humanities & Sciences - 93 to 109 weeks, Information Systems & Technology - 90 to 114 weeks, Business - 90 to 106 weeks. The ranges provided above account for possible concentrations and/or bridge versions available within the chosen degree program. The term “normal time” means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated “normal time” for a variety of reasons that are individual to the student.

**Bachelor Programs**

The established “normal time” to complete a program is specified on the Gainful Employment Program Disclosure for that program. Generally, the “normal time” is as follows: Education - 206 to 220 weeks, Health Services Administration - 200 to 204 weeks, Nursing
- 202 to 215 weeks, Humanities & Sciences - 200 to 225 weeks, Information Systems & Technology - 200 to 207 weeks, Business - 200 to 204 weeks. The ranges provided above account for possible concentrations and/or bridge versions available within the chosen degree program. The term "normal time" means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated "normal time" for a variety of reasons that are individual to the student.
We prepare future leaders for business excellence. Consistent with the values, mission, and purpose of the University of Phoenix, the mission of the School of Business is to provide effective and accessible higher education that prepares its students to be ethical practitioners and leaders. Our goal is to make a difference in the lives of our students and their organizations. We achieve this by always acting with a sense of social responsibility and in a manner consistent with our core values.

In particular we:

- Define quality as standards-based, industry-aligned, career-relevant educational curriculum, linked to current and future business needs
- Commit to excellence in teaching and to leveraging innovative teaching methodologies
- Be relentless in driving institutional self-assessment and continuous quality improvement

Through its integrated network of faculty, staff and business collaborators, the University of Phoenix, School of Business strives to become a preferred source for finding and developing emerging leaders for organizations.

The Bachelor of Science in Business

The following Bachelor of Science in Business (BSB) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and en-route credentials depend on student demand and other factors. Not all programs and en-route credentials may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Business (BSB) undergraduate degree program is designed to prepare graduates with the requisite knowledge, skills, and values to effectively apply various business principles and tools in an organizational setting. The BSB foundation is designed to bridge the gap between theory and practical application, while examining the areas of accounting, critical thinking and decision-making, economics, finance, law and ethics, management, marketing, organizational behavior, business statistical techniques, and information systems. Students are required to demonstrate a comprehensive understanding of the undergraduate business curricula through an integrated topics course.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsb.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply decision-making skills and consider ethical implications when solving business situations.
- Students will integrate business concepts and principles to advance organizational goals.
- Students will analyze interrelationships among distinct functional areas of an organization.
- Students will analyze the implications of operating in a changing global business environment.
- Students will apply knowledge attained from the following domains of the BSB program as practitioners in business:
  - Finance
  - Marketing
  - Information Systems
  - Research Methodologies
  - Economics
  - Business Law
  - Management
  - Accounting

Students will examine the degree of alignment between their individual values and the organization's values as reflected in the organization's plans and actions.

Students may apply for conferral of an en-route credential upon students may elect to update or remove the selected credentials.

En-Route Credentials for the BSB

The University reserves the right to modify the required course of study.

**General Information for the BSB**

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate's degree or higher from a nationally or regionally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate's degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway B may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

**En-Route Credentials for the BSB**

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:
  - Financial Planning Certificate
  - Marketing Certificate
  - Human Resource Management Certificate
  - General Management Certificate
  - Associate of Arts with a Concentration in Business Fundamentals

- Students may apply for conferral of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement

- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

**Additional Admission Requirements for the BSB**

- All applicants are expected to meet the following admissions requirements: Applicants must be currently employed or have access to a work environment.

**Degree Requirements for the BSB**

- Completion of a minimum of 120 credits.
  - General Education - 45 credits
  - Required Course of Study (BSB) - 39 credits

**Business Capstone, 3 total credits**

BUS 475 ~ ..........................................................3 credits

**BSB Upper Division Business/Management Electives, 18 total credits**

The University reserves the right to modify the required course of study.

**General Education Requirements for the BSB**

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

**Liberal Arts Component, 36 credits**

- Communication Arts, 6 credits

**Pathway A must include**: 3 credits of College Composition

**Pathway B must include**: 6 credits in college-level research and writing

**Mathematics, 6 credits**

- Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher

**Science and Technology, 6 credits**

- Must include at least three (3) credits in the physical or biological sciences

**Humanities, 6 credits**

- Pathway B must include: 3 credits in critical thinking

**Must include**: GEN 201

**Social Science, 6 credits**

- Pathway B must include: 3 credits in economics

**Pathway B must include**: 3 credits in psychology

**Additional Liberal Arts, 6 credits**

**Interdisciplinary Component, 9 credits**

**Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.**

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education requirements for their program.

**General Education Requirements for the BSB for students obtaining an Associates En-Route Credential**

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

**Liberal Arts Component, 36 credits**

- Communication Arts, 6 credits

**Pathway A must include**: 3 credits of College Composition

**Pathway B must include**: 6 credits in college-level research and writing

**Mathematics, 6 credits**

- Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher

**Science and Technology, 6 credits**

- Must include: 3 credits in the physical or biological sciences

**Humanities, 6 credits**

- Pathway B must include: 3 credits in critical thinking

**Must include**: GEN 201
Social Science, 6 credits

Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology

Additional Liberal Arts, 6 credits

Interdisciplinary Requirement, 9 credits

Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University of Phoenix
- Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BSB

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy. Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
- Students transferring to University of Phoenix into an undergraduate Bachelor of Science in Business degree program with a previously completed Associate degree in Business under Direct Transfer Agreement (DTA) provisions from a Community or Technical College in the state of Washington will be considered as satisfying their lower division elective and general education requirements making the student Required Course of Study ready at University of Phoenix. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their Bachelor of Science in Business degree program.

Additional Residency Requirements and Course Waivers for the BSB

- Students in this program may waive a maximum of 30 credits from their required course of study.
- The 18 credit Upper Division University of Phoenix Business/Management coursework.
- Previously completed Graduate UOPX Business/Management coursework.
- Upper Division Certificate approved in the student's state or jurisdiction.
- Upper Division or Graduate Business/Management transfer activity that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date.
- The following course(s) may not be waived: BUS 475

MBA Pathway for the BSB

Bachelor of Science in Business students who want to transition into the University’s Master of Business Administration (MBA) degree programs may complete the following three (3) courses as part of their Upper Division Business/Management electives or general electives which are required for degree completion. The MBA pathway courses may be taken only after completion of the required course of study.

MGT 521 .......................................................... 3 credits Management
HRM 531 ~ ......................................................... 3 credits Human Capital Management
LAW 531 ~........................................................... 3 credits Business Law

Re-entry for the BSB

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Bachelor of Science in Management

The following Bachelor of Science in Management (BSM) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Management (BSM) degree program is designed to develop the professional knowledge and skills of cross-functional managers in an organization. The BSM degree enhances skills necessary for improved organizational effectiveness in a dynamic and evolving workplace. The program focuses on the development of management roles and emphasizes skills necessary to align resources, and to improve communication, productivity, and effectiveness. Upon completion of the program, students will possess the skills and competencies needed to determine and implement key management decisions and develop skills in leadership, human resource management, change management, and core business functional areas.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsm.
Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will identify management principles necessary for organizational effectiveness.
- Students will evaluate the effectiveness of processes used to achieve organizational goals.

• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Bachelor of Science in Accounting
The following Bachelor of Science in Accounting (BSACC) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Accounting (BSACC) promotes identification with, and orientation to, the accounting profession and is designed to provide knowledge and skills necessary to an accounting career. In addition to the key accounting course work at the introductory and intermediate levels, critical areas of study including auditing and taxation are required in the program. The importance of ethics and international issues are emphasized throughout the curriculum, along with core competencies in technology and communication. The program utilizes specific accounting problem-solving software to provide students with practical knowledge of the accounting field. The program also addresses the goals of professional values, communications and leadership skills, strategic and critical thinking skills, and technology skills of the professional accounting environment and provides additional coverage on the International Financial Reporting Standards (IFRS). Students are also exposed to varied business disciplines including economics, statistics, law, corporate finance, and marketing to provide the general business overview and context necessary for accounting studies. This program is consistent with generally accepted accounting principles, including the accounting processes and knowledge areas that lead to professional certification.
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsacc. Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine requirements. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

California Students:
**The Bachelor of Science in Accounting (BSACC) program meets all of the educational requirements set forth by the California State Board of Accountancy to apply for a Certified Public Accounting License in the state of California and sit for the CPA Exam Specific coursework in ethics study must be completed as part of the student’s General Education requirements to apply for Certified Public Accounting License in the state of California.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will examine the degree of alignment between their individual values and the organization’s values as reflected in the organization’s plans and actions.
- Students will apply financial accounting principles to record and communicate measurable business activities to stakeholders.
- Students will analyze accounting financial statements to support effective financial decision making.
- Students will evaluate various accounting activities in relation to ethical, legal, and professional standards.
- Students will apply business issues in the application of generally accepted accounting principles, government and not-for-profit accounting, international transactions, taxation, and auditing.

- Humanities, 6 credits
  - Must include: GEN 201
- Social Science, 6 credits
  - Pathway B must include: 3 credits in economics
- Arts, 6 credits
  - Pathway B must include: 3 credits in psychology
- Interdisciplinary Component, 9 credits
  - Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
  - Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
- University of Phoenix coursework
- Activity that is acceptable in transfer to the University

Academic Progression Requirements for the BSACC

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
Additional Residency Requirements and Course Waivers for the BSACC

- Students in this program may waive a maximum of 30 credits from their required course of study.
- The following courses in the Required Course of Study may not be waived: ACC 497, BUS 475, ACC 498

Re-entry for the BSACC

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Bachelor of Science in Communication

The following Bachelor of Science in Communication (BS/COM) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Communication (BS/COM) degree program is designed to develop knowledge and skills for effective communication in a variety of public and private work environments. The program was created specifically to build upon personal and professional communication experiences. The BS/COM degree enhances the communication skills necessary for the development of professional competence and values; critical thinking and problem solving; information utilization; and collaboration. The curriculum focuses on the development of core communication competencies. It emphasizes theory and application in the domains of interpersonal, small group, organizational, mass communication, culture, and communication technology. Specific areas of focus include business communication, diversity, intercultural communication, conflict resolution, legal and ethical issues, media, and future trends in communication technology.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bs-com.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply the theoretical concepts and techniques of communication in their professional and personal environments.
- Students will apply interaction strategies in interpersonal, intercultural, and organizational settings using multiple media.
- Students will value effective communication effectiveness in the workplace.
- Students will assess the historical foundations of communication in order to forecast trends in contemporary society.
- Students will apply ethical principles to all communication channels and strategies.
- Students will recognize the legal implications of the use of all types of communication.
- Students will apply research methods in the field of communication.

Program Category Requirements and Course Selections for the BS/COM

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Foundations of Human Communication, 3 total credits
BSCOM 100 ~ .................................................................3 credits
Introduction to Communication

Interpersonal, 3 total credits
BSCOM 234 ~ .................................................................3 credits
Foundations of Interpersonal Communication

Mass Communication, 6 total credits
BSCOM 268 ~ .................................................................3 credits
Foundations of Mass Communication
BSCOM 410 ~ .................................................................3 credits
Media and Society

Communication Research, 3 total credits
BSCOM 324 ~ .................................................................3 credits
Communication Research

Communication Theory, 3 total credits
BSCOM 336 ~ .................................................................3 credits
Communication Theories and Practice

Group Communication, 3 total credits
BSCOM 348 ~ .................................................................3 credits
Small Group and Team Communication

Organizational, 3 total credits
BSCOM 360 ~ .................................................................3 credits
Organizational Communication

Intercultural, 3 total credits
BSCOM 390 ~ .................................................................3 credits
Intercultural Communication

Communication Law, 3 total credits
BSCOM 415 ~ .................................................................3 credits
Communication Law

Communication Ethics, 3 total credits
BSCOM 460 ~ .................................................................3 credits
Ethics and Communication

Mediation/Conflict Resolution, 3 total credits
BSCOM 465 ~ .................................................................3 credits
Communication in Mediation and Conflict Resolution

Communication Capstone, 3 total credits
BSCOM 485 ~ .................................................................3 credits
Capstone in Communication
Upper Division Communication Electives, 18 total credits

General Information for the BS/COM
- First time attendees with the University indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate's degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate's degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BS/COM
- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned.
- "Students may apply for conferment of an en-route credential upon meeting the following program requirements:"
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Degree Requirements for the BS/COM
- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
  - Required Course of Study - 39 credits
  - Upper Division Communication Electives - 18 credits
  - Electives - 18 credits
- A minimum of 48 upper division credits.
- A minimum grade point average (GPA) of 2.0.
- The diploma awarded for this program will read as: Bachelor of Science in Communication

General Education Requirements for the BS/COM
A minimum of 45 of the 120 credits must be in the general education areas approved by the University.
- Communication Arts, 6 credits
  - Pathway A must include: 3 credits of College Composition
  - Pathway B must include: 6 credits in college-level research and writing
- Mathematics, 6 credits
  - Must include 6 credits of quantitative reasoning or higher
- Science and Technology, 6 credits
  - Must include at least 3 credits in the physical or biological sciences
- Humanities, 6 credits
  - Pathway B must include: 3 credits in critical thinking
  - Must include: GEN 201
- Social Science, 6 credits
  - Pathway B must include: 3 credits in economics
  - Pathway B must include: 3 credits in psychology
- Additional Liberal Arts, 6 credits
- Interdisciplinary Component, 9 credits
  - Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
- Physical Education activity credits are limited to four (4) credits.
  - With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
    - University of Phoenix coursework
    - Activity that is acceptable in transfer to the University
  - Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BS/COM
- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
Additional Residency Requirements and Course Waivers for the BS/COM

- Students in this program may waive a maximum of 12 credits from their required course of study.
- The 18 credit Upper Division Communication Electives requirement may be satisfied by any of the following means:
  - Upper Division UOPX Communication coursework.
  - Previously completed Graduate UOPX Communication coursework.
  - Upper Division Certificate approved in the student's state or jurisdiction.
  - Upper Division or Graduate Communication transfer activity that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date.
- The following courses in the Required Course of Study may not be waived: BSCOM 485

Re-entry for the BS/COM

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
The College of Information Systems and Technology prepares students for professional and management-related career opportunities in multiple different IT pathways and provides the knowledge and skills that address real world business opportunities and challenges that meet the needs of today's information economy. Students will be prepared to work in core technologies such as systems integration, systems design, information security, programming and other IT principles. Our mission is to provide industry-relevant education through innovative learning pathways, which will prepare learners for career success. The College of Information Systems and Technology delivers real-time, IT education solutions that are experiential, relevant and applicable to solving IT challenges anywhere, any place, and at any time. The curriculum in the College of Information Systems and Technology is delivered by experts who relate both theory and practice in this evolving, fast paced industry. Each degree and certificate program is aligned to one or more of just under 50 industry certifications so students are provided the relevant, hands-on learning they need to be successful in this industry. The College of Information Systems and Technology is continuously updating curriculum, staying relevant in the industry and evolving with the always changing world of technology, all of which is accomplished through dedication, creativity and teamwork of the college faculty and staff. The College of Information Systems and Technology is an innovative, education leader in the IT industry and proud to partner with Fortune 1000 companies and other entities and creators of emerging IT standards nationwide.

Bachelor of Science in Information Technology

The following Bachelor of Science in Information Technology (BSIT) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and en-route credentials depend on student demand and other factors. Not all programs and en-route credentials may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Information Technology (BSIT) program provides the knowledge to successfully apply information technology theory and principles to address real world business opportunities and challenges. The program covers fundamental and advanced knowledge in core technologies such as systems integration, network and cloud infrastructure, database design and integration, cybersecurity, programming and other supporting IT principles. The program provides the opportunity to specialize through the selection of coursework and/or University of Phoenix certificates, aligned to industry certifications, to support IT career goals. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsit

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Business Information Systems: Students will be able to apply key principles of systems analysis and design to selected business processes within the organization in order to implement effective information systems.
- Network and Cloud Infrastructure: Students will be able to design selected network and cloud infrastructures that will comply with key requirements of accepted industry best practices to improve organizational network operation.
- Database Design and Integration: Students will be able to design and develop key database models aligning with business requirements for storage, retrieval and use of data.
- Cybersecurity: Students will be able to implement cybersecurity solutions that comply with global governance best practices.
- Programming: Students will be able to demonstrate an ability to evaluate, design, and implement application programs to meet business processes.

Program Category Requirements for the BSIT

Some courses require prerequisites. Prerequisites and course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Core Topics, 6 total credits
CIS 207 ................................................................. 3 credits
Information Systems Fundamentals
CMGT 410 ~ ......................................................... 3 credits
Project Planning & Implementation

Business Systems, 9 total credits
BSA 375 ~ ............................................................. 3 credits
Fundamentals of Business Systems Development
DAT 380 ~ ............................................................ 3 credits
Advanced Database Architecture
DAT 390 ~ ............................................................ 3 credits
Database Integration with Other Systems

Networking, 6 total credits
CYB 205 ~ ............................................................. 3 credits
Network Infrastructure Administration
NTC 362 ~ ............................................................ 3 credits
Fundamentals of Networking

Data Management, 6 total credits
DAT 210 ~ ............................................................. 3 credits
Data Programming Languages
DAT 305 ~ ............................................................ 3 credits
Data Structures for Problem Solving

Cybersecurity, 9 total credits
CYB 100 ~ ............................................................ 3 credits
Cyber Domain
CYB 110 ~ ............................................................ 3 credits
Foundations of Security
CMGT 400 ~.................................................................3 credits
Intro to Information Assurance & Security

Programming, 6 total credits
CYB 130 ~.................................................................3 credits
Object-Oriented Scripting Language
PRG 211 ~.................................................................3 credits
Algorithms and Logic for Computer Programming

Capstone, 3 total credits
BSA 425 ~.................................................................3 credits
BSIT Capstone

Upper Division Information Systems and Technology Electives, 18 total credits

The University reserves the right to modify the required course of study.

General Information for the BSIT
- First time attendees with the University indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk-free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSIT
Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:
- Associate of Arts Concentration in Information Technology
- Advanced Networking Certificate (Undergraduate)
- Advanced Cyber Security Certificate (Undergraduate)
- Advanced Software Developer Certificate (Undergraduate)
- Advanced Virtualization Administration Certificate (Undergraduate)

Students may apply for conferral of an en-route credential upon meeting the following program requirements:
- Successful completion of all the courses outlined in the enrollment agreement for the credential
- Achievement of the minimum program GPA
- Fulfillment of the minimum University residency requirement

Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSIT
All applicants are expected to meet the following admissions requirements:
- Applicants must be currently employed or have access to a work environment.
- Signed Hardware/Software Agreement
- Students who have previously completed a regionally accredited Associate of Arts or Associate of Science degree will be eligible to apply all of the credits earned for the associate degree towards the lower division general education and elective requirements at University of Phoenix. The transfer coursework will be applied as a block at the time of admission to the program.

Students utilizing this policy will need to meet the following conditions:
- Satisfy Pathway A entry course sequence (GEN/201), unless otherwise stated in policy.
- Satisfy the MTH/220 General Education requirement.
- Complete a minimum of 18 credits of upper division Information Technology elective coursework or enroll in an en-route upper division Information Technology certificate approved in the student’s state or jurisdiction.
- Meet all prerequisite or state specific content requirements as outlined in the Academic Progression, Preferred Course Sequence, and General Education Requirements policy sections for their BSIT 909 program.

Degree Requirements for the BSIT
- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 42 credits
  - Required Course of Study - 45 credits
  - Upper Division Information Systems and Technology Electives - 18 credits
  - Electives - 15 credits
- A minimum of 42 upper division credits.
- A minimum grade point average (GPA) of 2.00.
- The diploma awarded for this program will read as: Bachelor of Science in Information Technology

General Education Requirements for the BSIT
A minimum of 42 of the 120 credits must be in the general education areas approved by the University.
- Communication Arts, 6 credits
- Pathway A must include: 3 credits of College Composition
- Pathway B must include: 6 credits in college-level research and writing
- Mathematics, 6 credits
- Must include 6 credits of college algebra or higher
- Science & Technology, 3 credits
- Must include at least three (3) credits in the physical or biological sciences
- Humanities, 6 credits
- Pathway B must include: 3 credits in critical thinking
- Must include: GEN 201
- Social Science, 6 credits
- Pathway B must include: 3 credits in economics
- Pathway B must include: 3 credits in psychology
- Additional Liberal Arts, 6 credits
Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.
With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
• University of Phoenix coursework
• Activity that is acceptable in transfer to the University
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.
Graduate coursework from the College of Information Systems and Technology may be completed as an option to satisfy credits within the Upper Division Information Systems and Technology Electives requirement.

Academic Progression Requirements for the BSIT
• Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
• Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
• Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.

Residency Requirements and Course Waivers for the BSIT
• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits (as a part of the final 60 credits of the program) come from a combination of the Required Course of Study, General Education, and Electives must be completed at UOPX.
• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  • The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  • The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  • The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  • Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

• Providing that University residency policy is met, through an approved articulation agreement or Educational Partnership Pathway (EPP) students may be able to waive courses outside of standard course waiver policy requirements to facilitate seamless transfer for Associate degree completers.
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• Students in this program may waive a maximum of 21 credits from their required course of study.
The 18 credit Upper Division Information Systems and Technology Electives requirement may be satisfied by any of the following means:
• Upper Division or Graduate IS&T UOPX coursework.
• Previously completed Graduate coursework from the College of IS&T.
• Upper Division Certificate approved in the student's state or jurisdiction.
• Upper Division or Graduate Information Technology transfer coursework that is acceptable for transfer and was completed within the past five (5) years from current program enrollment agreement sign date with a grade of C- or better.
• Upper Division Information Technology National Testing Program exams that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Upper Division Information Technology American Council on Education recommended (Military) credits that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Upper Division Information Technology Prior Learning Assessment (PLA) credits awarded to activities completed within the past five (5) years from current program enrollment agreement sign date.

Re-entry for the BSIT
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
COLLEGE OF HEALTH PROFESSIONS

University of Phoenix College of Health Professions offers leading-edge graduate, undergraduate, certificate, and non-degree programs aimed at preparing students to improve the quality of healthcare in their communities and the industry. The College of Health Professions is helping to ensure that today's graduates can effectively tackle tomorrow's healthcare challenges. For more information, visit http://www.phoenix.edu/chp.

School of Health Services Administration

As the health care industry expands and evolves at a rapid rate, jobs in health care administration business functions are expected to increase by 23 percent between 2012 and 2022. Whether you are already working in the field and looking to deepen your knowledge and advance in your profession, or if you are new to health care and want to gain the skills needed to launch a new career, The University of Phoenix® School of Health Services Administration will equip you with the leading-edge training you need to succeed in today's dynamic health care environment and to effectively tackle all of tomorrow's challenges.

The Bachelor of Science in Health Administration

The following Bachelor of Science in Health Administration (BSHA) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Health Administration (BSHA) program is designed to integrate a framework of general education courses with a health care curriculum that prepares the graduate with the foundational knowledge needed to enter today's challenging health industry. The BSHA curriculum addresses the basic body of knowledge, understanding, and skills identified as relevant to an ever-expanding and diverse health care arena. Coursework includes content in some of the following areas—management, finance, legal and ethical parameters, risk and quality management, human resources, and information systems. Upon completion of the core curriculum health care students have the opportunity to select an area of focus that is designed to expand their professional opportunities.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsha.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Health Services Administration graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Learners will be able to analyze a health care organization from a market-based perspective.
- Learners will be able to analyze financial issues in the health care industry.
- Learners will be able to explain the application of risk and quality management concepts in the health care industry.
- Learners will be able to analyze the utilization and application of technology within a health care organization.
- Learners will be able to apply management and adaptable leadership skills in the health care industry.

BSHA Health Administration Electives

The electives below are intended for students earning their Associates en-route to the BSHA or students pursuing the BSHA with no en-route credential.

Students may satisfy the 15 credit Upper Division Health Administration Electives using the courses below and their respective equivalencies. Students earning a certificate en-route will fulfill the 15 credit Upper Division Health Administration Electives using the certificate coursework.

The School of Health Service Administration recommends students select and complete all courses within one elective track.

General Health Administration Elective Track:

HCS 430 – Legal Issues in Health Care: Regulation and Compliance ........................................... 3 credits
HCS 446 – Facility Planning ......................................................................................................... 3 credits
HCS 455 – Health Care Policy: The Past and the Future ............................................................... 3 credits
HCS 456 – Risk Management .................................................................................................... 3 credits
HCS 475 – Leadership and Performance Development ............................................................... 3 credits

Health Information Systems Track:

HCIS 410 – Project Planning and Implementation in Health Care ............................................. 3 credits
BSA 370 – Systems Analysis and Design ................................................................................. 3 credits
NTC 361 – Network and Telecommunications Concepts ......................................................... 3 credits
DBM 381 – Database Concepts ................................................................................................. 3 credits
HCS 420 – Information Systems Risk Management in Health Care ........................................... 3 credits

Retail Health Management Track:

RHM 410 – The Landscape of Health Care in Retail Health Clinics ........................................ 3 credits
RHM 420 – The Management of Retail Health Clinics ................................................................. 3 credits
RHM 430 – Technology and Digital Health Care in Retail Health Clinics ................................ 3 credits
RHM 440 – Regulatory and Compliance in the Retail Health Environment ............................ 3 credits
RHM 450 – Retail Health Financial Strategies ......................................................................... 3 credits

Lifspan Management Track

LSM 404 – Introduction to Lifespan Management ................................................................... 3 credits
LSM 412 – Management within the Lifespan Industry ............................................................... 3 credits
LSM 417 – Regulations in Lifespan Management .................................................................... 3 credits
LSM 423 – Financial Strategies for Lifespan Management ...................................................... 3 credits
LSM 429 – Lifespan Management Capstone ......................................................................... 3 credits

Lifespan Management Capstone

All applicants are expected to meet the following admission requirements:

Applications must be currently employed or have access to a work environment.
Degree Requirements for the BSHA

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
  - Required Course of Study (BSHA) - 51 credits
  - Upper Division Health Administration Electives - 15 credits
  - Electives - 9 credits
- A minimum of 42 upper division credits.
- A minimum grade point average (GPA) of 2.0.
- The diploma awarded for this program will read as: Bachelor of Science in Health Administration

General Education Requirements for the BSHA

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing
Mathematics, 6 credits
Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
Science and Technology, 6 credits
Must include: HCS 245
Humanities, 6 credits
Pathway A must include: 3 credits in critical thinking
Pathway B must include: 3 credits in critical thinking
Social Science, 6 credits
Pathway A must include: 3 credits in economics
Pathway B must include: 3 credits in psychology
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

MHA Pathway Policy for the BSHA

Bachelor of Science in Health Administration (BSHA) students who want to transition into the Masters of Health Administration (MHA) degree program may complete a maximum of six (6) graduate-level credits as part of their Elective requirement. These courses may only be taken after the completion of the required course of study.

MHA 505 ................................................................. 3 credits
Systems Thinking in health care environments
MHA 507 ................................................................. 3 credits
Leveraging informatics in the health sector
MHA 508 ................................................................. 3 credits
Navigating the regulatory environment in health care
MHA 542 ................................................................. 3 credits
Leading with authenticity in the health sector
MHA 560 ................................................................. 3 credits
Creating a sustainable legacy: healthy communities

Academic Progression Requirements for the BSHA

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
- Students must successfully complete a minimum of 24 general education credits prior to entry into the first required course of study course. The 24 credits may be satisfied using UOPX coursework or applied transfer credit.

The 24 general education credits must consist of:

- 6 credits in Communication Arts
- 3 credits in Humanities
- 6 credits in Social Science
- 3 credits in Science/Technology
- 3 credits in Physical/Biological Science
- 3 credits in Liberal Arts
Minimum Grade Requirements for the BSHA

Students in this program are required to achieve a minimum grade of "C" (2.0) in course listed below. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" will be scholastically disqualified from the University.

- HCS 499 Health Care Strategy Capstone

Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the BSHA program.

Additional Residency Requirements and Course Waivers for the BSHA

Students in this program may waive a maximum of 15 upper division credits from their required course of study. Students may also waive 12 lower division credits from the required course of study.

The Upper Division Health Administration Elective requirement may be satisfied by any of the following means:

- Approved UOPX Health Administration Elective coursework.
- Upper division Certificate approved in the student’s state or jurisdiction.

The following course(s) may not be waived: HCS 305, HCS 499

Re-entry for the BSHA

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
Programs in the School of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to an increasingly complex licensing and credentialing environment—today's nurses must work hard to navigate the changes and remain on the leading-edge of their professions.

Whether you are a registered nurse looking to bolster your credentials to meet today’s higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, The University of Phoenix® School of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation - School of Nursing Programs

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

International Nursing Honor Society

The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, School of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that supports members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit their website at www.nursingsociety.org. To learn more about the Omicron Delta chapter visit their website at http://www.omicron-delta.net.

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

License Requirement

PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master’s certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice. All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

Scholastic Disqualification

Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later: Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

Drug Testing

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a "for-cause" 15-panel drug screen plus an alcohol drug test.
Bachelor of Science in Nursing

The following Bachelor of Science in Nursing (BSN) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment advisor for more information.

The Bachelor of Science in Nursing (BSN), accredited by the Commission of Collegiate Nursing Education (CCNE)*, is a program designed to develop the professional knowledge and skills of registered nurses. The curriculum builds on a foundation of biological, physical, and social sciences, which contribute to the science of nursing. The liberal arts components enhance the development of the intellectual, social, and cultural aspects of the professional nurse. This baccalaureate program includes behavioral objectives that concentrate on the development of the nurse's role as researcher, practitioner, and leader. Using human caring as a framework, registered nurses are prepared as generalists who are able to apply critical thinking, professional skills, and knowledge to patient outcomes and health care systems.

*The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

View state licensure requirements for this program: http://www.phoenix.edu/colleges/school-of-nursing/state-requirements.html

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/bsn.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will demonstrate evidence-based, holistic, patient-centered care that reflects knowledge of the health-illness continuum.
• Students will implement appropriate health promotion and disease prevention strategies for diverse individuals, families, and populations across the life span.
• Students will demonstrate professional standards of moral, ethical, and legal conduct in health care industry.
• Students will apply leadership and organizational principles that promote safe health care delivery and nursing practice.
• Students will incorporate strategies that influence health policy at state, national, and international levels for the provision of safe, quality patient care.
• Students will integrate patient care communication and information technology systems in health care delivery to improve patient outcomes.
• Students will utilize interprofessional care coordination strategies to promote quality patient care.

Program Purpose

The Registered Nurse to Bachelor of Science in Nursing is a post-licensure education program designed for nurses with active RN licensure who wish to obtain a bachelor’s degree in the professional field of nursing. The program is designed to develop the professional knowledge and skills of registered nurses and prepare them as generalists who are able to apply critical thinking, professional skills and knowledge to patient outcomes and healthcare systems.

Required Course of Study for the BSN

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

NSG 302........................................................................................................3 credits

Professional Contemporary Nursing Role and Practice

NSG 416 ~ ........................................................................................3 credits

Theoretical Development and Conceptual Frameworks

NSG 376 ~ ........................................................................................3 credits

Health Information Technology for Nursing

NSG 451 ~ ........................................................................................3 credits

Professional Nursing Leadership Perspectives

NSG 456 ~ ........................................................................................3 credits

Research Outcomes Management for the Practicing Nurse

NSG 426 ~ ........................................................................................3 credits

Integrity in Practice: Ethic and Legal Considerations

NSG 498 ~ ........................................................................................3 credits

Healthcare Policy and Financial Management

NSG 446 ~ ........................................................................................3 credits

Public Health: Health Promotion and Disease Prevention

NSG 451 ~ ........................................................................................3 credits

Promoting Healthy Communities

NSG 468 ~ ........................................................................................3 credits

Influencing Quality within Healthcare

NSG 456 ~ ........................................................................................3 credits

Senior Leadership Practicum

NSG 454 ~ ........................................................................................3 credits

*Students residing in California who have a California nursing license are required to take NSG 486CA and NSG 482CA:

NSG 486CA ~ ........................................................................................3 credits

Public Health: Health Promotion and Disease Prevention

NSG 482CA ~ ........................................................................................3 credits

Promoting Healthy Communities

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the BSN

All applicants are expected to meet the following admissions requirements:

• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the US NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  • Guam
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands
The Lower Division Nursing requirement will be satisfied using RN-BSN Pathway Partnership Concurrent Enrollment Students. Students transferring to University of Phoenix into an Signed Clinical Assurance Statement form. Signed FERPA Release/Drug Test or Failure to Test Results. Signed Acknowledgement of Criminal Conviction Prohibition. Signed Criminal Background Check Disclosure. Students transferring to University of Phoenix by means of the BN program with a previously completed, regionally or nationally accredited Associate of Arts degree (any emphasis), Associate of Applied Arts Degree with an emphasis in Nursing, an Associate of Applied Science Degree with an emphasis in Nursing will be considered as satisfying their lower division elective, general education, and math and English proficiency requirements without any course content or timeframe restrictions. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program. RN-BSN Pathway Partnership Concurrent Enrollment Students Only: Applicants transferring to University of Phoenix with a completed Associate degree in nursing from an approved Partnership Institution will be eligible to satisfy lower division general education program requirements within their BSN as outlined on the RN-BSN Pathway Partnership Transfer Guide. Prior to enrolling into the BSN program applicants must:
- Have a signed Concurrent Enrollment Memorandum of Understanding on file.
- Complete NSG 302, NSG 416, NSG 426, and NSG 451 at the University of Phoenix under the ND-NURSE 001 Non-degree program code.
- Meet all other BSN admission requirements.

**Degree Requirements for the BSN**
- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 47 credits
  - Required Course of Study - 33 credits
  - Lower Division Nursing - 40 credits
- A minimum of 33 upper division credits.
- A maximum of 87 lower division credits.
- A minimum grade point average (GPA) of 2.0.
- University of Phoenix offers assessment of prior learning as an option by which students can earn assessed credits toward degree completion requirements. Registered nurses, enrolled in the BSN program, whose nursing education was completed at a non-US institution, or a non-accredited institution, may be evaluated for transferable non-nursing credits for degree completion.

The diploma awarded for this program will read as: Bachelor of Science in Nursing

**Academic Progression Requirements for the BSN**
- All students enrolling in the BSN program will take NSG 302 as their first course.
- Students may take courses required for the Bachelor of Science in Nursing degree in any sequence as long as the prerequisite(s) for each course has been satisfactorily completed.
- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Satisfy University Proficiency Requirements.
- A clinical course may not be taken concurrently with any other course. The clinical courses in this program include: NSG 476, NSG 302, NSG 416, NSG 426, NSG 451, NSG 456, NSG 458, NSG 482, NSG 486, NSG 498.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.

**Minimum Grade Requirements for the BSN**
- Students in the Bachelor of Science in Nursing are required to achieve a minimum grade of "C" (2.0) in all nursing and clinical courses. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" in any of the following courses will be scholastically disqualified from the University: HSN 376, HSN 476, NSG 302, NSG 416, NSG 426, NSG 451, NSG 456, NSG 468, NSG 482, NSG 486, NSG 498.
- Students cannot repeat more than one nursing or clinical course from the lists above. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.
Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:

- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Students may repeat the specific nursing courses listed above only one time. If the student does not receive the minimum grade requirement on the second attempt, the student will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.

Residency Requirements and Course Waivers for the BSN

- Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.
- Students in this program cannot waive any courses in their required course of study.

General Education Requirements for the BSN

A minimum of 47 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
- ENG/220, equivalent or higher

Mathematics, 6 credits
- Must include 6 credits of statistics or higher.

Natural/Physical Sciences, 12 credits

Humanities, 6 credits

Social Science, 6 credits

Interdisciplinary Requirements, 11 credits

Any earned credit may be applied to the Interdisciplinary Component, with the exception of the following: credits applied to course(s) in the Required Course of Study as a waiver, equivalent course(s) to the BSN Required Course of Study, LD nursing credits from a nursing diploma or ADN program, and credits that apply to other areas of general education or the nursing Required Course of Study.

Physical Education activity credits are limited to four (4) credits.

Note: Six (6) upper division Nursing Pathway course credits may be applied to the interdisciplinary category.

Students who lack 67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Pathway Courses to MSN/ADM, MSN/NED, MSN/INF
- NSG 511
- NSG 512

Re-entry for the BSN

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

An appeal will be required for re-entry students to re-enroll in their program if:
- The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
- The student wishes to return to a prior program version.

Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Nursing Pathway for BSN

Bachelor of Science in Nursing students who want to transition into the University’s Master of Science in Nursing (MSN) degree programs may complete two (2) of the following courses as part of their upper division elective credits which are required for degree completion. The nursing pathway courses may be taken only after completion of the required course of study.
GRADUATE PROGRAMS

Admission Procedures

Application Process
Students seeking admission to the University’s graduate programs in business, management, information systems, nursing, counseling, or education begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance.

The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Applicant status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins coursework under Applicant status will be admitted to the degree program.

Applications of individuals who have not gained admission or enrolled in the University will be kept on file for one year. After that time, the applicant is required to submit a new application and material. A second application fee (if applicable) is not required.

Transcript Requests of Other Institutions
Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application and application fee (if applicable). University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student’s responsibility to ensure that all transcripts are submitted to the University. The student must sign a “Transcript Request Form” for each transcript being requested from educational institutions. The University’s application fee (if applicable) covers the student’s expense for requesting official transcripts.

General International Admissions Information
Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses prior to the student being officially admitted only if they meet all the following requirements:

- If residing in the United States, have an appropriate immigrant or nonimmigrant status which does not prohibit educational studies
- Graduate applicants, with academic records from a country evaluated in-house by the Office of Admissions and Evaluation, must have a pre-evaluation completed by the Office of Admissions and Evaluation indicating that the student has the appropriate academic background to meet the admission requirements, and
- All other program specific admission requirements must be met. An applicant who has earned an undergraduate degree, or other transfer credit, from an institution outside of the United States, but has earned a Master’s degree from a regionally accredited or approved nationally accredited institution is eligible to enroll in the University at the graduate level provided all program specific policies have been met by the previous credential earned without requiring an evaluation of the previous international credentials. Undergraduate applicants relying on educational credentials from an institution outside of the United States may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.

For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes previous academic credentials earned outside of the United States must meet the University’s verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by the following methods:

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the student’s previous institution, or
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student’s specific country, or
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student’s previous institution indicating copies of academic credentials and/or level study is valid, or
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Records.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials will be subject to the same policies as credentials issued from a domestic institution.

Secondary completion credentials earned outside of the United States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student’s state or jurisdiction.
Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies will be listed in the admission requirements section for each program. If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix. Translations must be completed/verified by an official translation service, a foreign language department of an accredited college or university, the country’s embassy/consulate or by the Office of Admission and Records at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll non-immigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with DHS.

Admission of international students will only be made as permitted by U.S. law. University of Phoenix will not admit a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control (“OFAC”) nor any individual that has been designated a: Specially Designated National ("SDN"), Foreign Sanctions Evader ("FSE"), Blocked Person, Dented Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Applicants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant’s consent to allow the University to process the applicant's personal information.

University of Phoenix does not market to potential students in European Union (EU) member countries. Individuals who reside in an EU member country will not be enrolled or admitted unless they are a U.S. citizen or are affiliated with the U.S. Military.

Admission Deadlines
The University cannot guarantee that a student who begins coursework will be admitted to his/her degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth University course. Students who are unable to be admitted by the completion of their fourth University course will be administratively withdrawn from the University and placed on Admission Deadline Exceeded (DE) admission status.

Admissions Appeal Process for Expelled Students
Expelled students are not eligible for admission to University of Phoenix. No appeals will be accepted for students expelled from University of Phoenix. Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained.

**Graduate Admission Requirements**

For graduate education and doctoral admission requirements please refer to the education and doctoral section(s) of the catalog. Most graduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:

- The applicant has successfully completed thirty (30) transferable, academic semester credits at a nationally accredited college or university in the United States.
- The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
- The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
- The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
• The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
• The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.
• Applicants who reside in the United States must meet one of the following requirements:
  • Be a legal resident of the United States
  • Have been granted permanent residency
  • Have a valid visa that does not prohibit educational studies
  • Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  • Have been granted asylum or refugee status.
• Applicants who reside in Canada must meet one of the following requirements:
  • Be a legal resident of Canada
  • Be a landed immigrant
  • Have a valid visa that does not prohibit educational studies
• Students may not receive a graduate degree and a graduate-level certificate in the same area of focus.
• A signed Enrollment/Disclosure Agreement.
• Completion of any state-specific required documents or forms.
• Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
• Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

Program Length

The anticipated "normal time" to complete a master level program is specified on the Gainful Employment Program Disclosure for that program. Generally, the "normal time" is as follows: Education - 71 to 92 weeks, Health Services Administration (single degree) - 87 to 102 weeks, Health Services Administration (dual degree) - 117 to 147 weeks, Nursing (single degree) - 92 to 100 weeks, Nursing (MSN/FNP) - 165 weeks, Nursing (dual degree) - 140 to 164 weeks, Humanities & Sciences (Criminal Justice, Psychology, Public Administration) - 72 to 114 weeks, Humanities & Sciences (Counseling) - 132 to 179 weeks, Information Systems & Technology - 84 weeks, Business - 84 to 102 weeks. The term "normal time" means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated "normal time" for a variety of reasons that are individual to the student.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
The study of Humanities and Sciences illuminates the world in which we live. Through study of the Humanities, students gain a greater understanding of the human experience on its highest cognitive, spiritual, and social levels. Students in the Humanities learn to think critically, express themselves effectively, understand the complexities of diverse cultural identities, appreciate the power of words, images and ideas, and interpret the human experience. Studying the sciences gives students insight into the fundamental processes of nature and provides the basic knowledge needed to understand modern scientific accomplishments. Students also develop independent and critical thinking for problem solving that forms the basis of lifelong learning. The College of Humanities and Sciences offers a variety of courses in Biology, Communication, English, Environmental and Natural Sciences, History, Languages, Literature, Mathematics, Philosophy, Politics, Religion, and the Arts.

**Master of Science in Counseling/Marriage, Family and Child Therapy (California)**

The following Master of Science in Counseling/Marriage, Family and Child Therapy (MSC/MFCT) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Counseling degree program with a specialization in Marriage, Family, and Child Therapy provides the required knowledge and skills for students to become competent and ethical practitioners. The MSC/MFCT specialization provides client-centered advocacy to the community through collaboration with agencies and institutions and their personnel and through the provision of continuing counselor education and programming. Students are involved in a variety of educational and clinical activities that prepare them to help their clients achieve their goals. The program encompasses foundations of counseling and guidance including theories and their application with individuals, groups, and families, lifespan development, resilience, assessment and evaluation, counseling and consultative relationships, career planning for students, and program development, implementation, and evaluation. In addition, the specialization covers cultural competency and sensitivity, including a familiarity with the racial, cultural, linguistic, and ethnic backgrounds of persons living in California. The program meets the 2012 California MFT requirements.

View state licensure requirements for this program: [http://www.phoenix.edu/colleges/college-of-humanities-and-sciences/state-requirements.html](http://www.phoenix.edu/colleges/college-of-humanities-and-sciences/state-requirements.html)

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/msc-mfct](http://www.phoenix.edu/programs/msc-mfct).

**Program Purpose**

This program meets the California Marriage Family and Child Therapy educational requirements for registration with the Board of Behavioral Sciences (BBS) as an MFT intern. Upon successful completion of all educational requirements and required postgraduate supervised clinical hours, graduates are eligible to sit for the MFT licensure exams in California.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Humanities and Sciences graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

**Core Counseling Program Student Learning Outcomes**

- Students will demonstrate knowledge, skills and dispositions key to success in professional counseling, advocacy, and ethical practice.
- Students will demonstrate knowledge, skills and dispositions in social and cultural diversity that provide an understanding of societal changes and trends; human roles; societal subgroups; social mores and interaction patterns; and differing lifestyles.
- Students will demonstrate an understanding of human growth and development to include wellness, the importance of mindbody interactions and their effect on physical and psychological well-being; the nature and needs of individuals at all developmental levels; normal and abnormal human behavior; personality theory; and learning theory within cultural contexts.
- Students will demonstrate an understanding of career development theories; occupational and educational information sources and systems; career and leisure counseling, guidance, and education; lifestyle and career decision-making; and career development program planning, resources, and evaluation.
- Students will demonstrate an understanding of counseling and helping relationships to include philosophic bases of helping processes; counseling theories and their applications; helping skills; consultation theories and their applications; helper selfunderstanding and self-development; facilitation of client or consultee change; and techniques for prevention and intervention.
- Students will demonstrate an understanding of group counseling and group work to include group development, dynamics, and counseling theories; group leadership styles; group counseling methods and skills, and other group approaches.
- Students will demonstrate an understanding of assessment and testing to include group and individual education and psychometric theories and approaches to appraisal; data and information gathering methods; validity and reliability; psychometric statistics; factors influencing appraisals, and use of appraisal results in helping processes.
• Students will demonstrate an understanding of counseling research and program evaluation to include types of research; basic statistics; research-report development; research implementation; program evaluation; needs assessment; and ethical and legal considerations.

• Students will demonstrate effective communication in the classroom and workplace.

**MFCT-Specific Program Student Learning Outcomes**

- The student will be able to apply historical, philosophical, and theoretical foundations of marriage, family, and child counseling in all aspects of professional practice.
- The student will be able to apply culturally responsive marriage, family, and child counseling, prevention, and intervention in all aspects of professional practice.

**MSC/MFCT Course of Study**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- CNSL 502 ..............................................................................0 credits
- Graduate Portfolio I
- CCMH 510 ~ ........................................................................3 credits
- Multi-Cultural Issues in Mental Health Counseling
- CCMH 504 ~ ........................................................................3 credits
- Individual and Family Development Across the Life Span
- CCMH 506 ~ ........................................................................3 credits
- Personality Theories and Counseling Models
- MFCC 551CA ~ ....................................................................3 credits
- Legal and Ethical Issues in Marriage and Family Therapy
- CCMH 551 ~ ........................................................................5 credits
- Individual Counseling
- CCMH 525 ~ ........................................................................3 credits
- Research Methods for Mental Health Counselors
- CCMH 535 ~ ........................................................................3 credits
- Psychometrics
- CCMH 544 ~ ........................................................................3 credits
- Introduction to Clinical Assessment
- CCMH 548 ~ ........................................................................3 credits
- Psychopathology: Advanced Clinical Assessment
- CNSL 556 ~ ........................................................................0 credits
- Portfolio II
- MFCC 556 ~ ........................................................................3 credits
- Family Systems Theory
- MFCC 561 ~ ........................................................................3 credits
- Family Interventions
- CCMH 568 ~ ........................................................................3 credits
- Group Counseling

- MFCC 567 ~ ........................................................................3 credits
- Seminar in Marriage and Family Counseling
- MFCC 591 ~ ........................................................................3 credits
- Pre-Practicum in Marriage and Family Counseling
- MFCC 599A ~ .......................................................................3 credits
- Practicum in Marriage and Family Counseling A
- MFCC 599B ~ .......................................................................3 credits
- Practicum in Marriage and Family Counseling B
- The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MSC/MFCT**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- Official transcripts listing at least six (6) credits in the helping professions (psychology, counseling, or related) with a grade of “C” or better in each course. The six credits must have been completed prior to the student starting CNSL 502 - Portfolio I.

- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

- A minimum equivalent of two (2) years post-high school paid and/or volunteer work experience.

- A signed Criminal Conviction Disclosure Form.

- Successful completion of CNSL 502, Graduate Portfolio I. If the student is denied admission because of the unacceptable Portfolio grade, the student may reapply for the Counseling program in 3 months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait 6 months before reapplying. Passing Portfolio I is limited to a total of three attempts.

- A signed Professional Counseling Non-Academic Requirement Addendum Form.

**Degree Requirements for the MSC/MFCT**

- Completion of a minimum of 60 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Science in Counseling Marriage, Family and Child Therapy.
Academic Progression Requirements for the MSC/MFCT

- The following Clinical Practice courses contain multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework. Clinical Practice courses are: MFCC 591, MFCC 599A, MFCC 599B.
- The following Clinical courses contain multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework. Clinical courses are: CCMH 544, CCMH 548, CCMH 551, CCMH 568, CNSL 502, CNSL 556, MFCC 551CA, MFCC 567.
- Completion of all courses with a grade of “B-” or better.
- Students must maintain an overall GPA of at least 3.0.
- MSC students who wish to transfer to another campus or modality (even within the same state), or update versions must appeal to SAC.

Academic Standing and Minimum Grade Requirements for the MSC/MFCT

- Students in this program may not attend any further courses after being assigned a grade of incomplete in a course.
- MSC students will be placed on Scholastic Disqualification if a minimum grade of “B -” is not attained in any course. If a student repeats a course due to receiving a grade that is less than a “B-” and does not receive a grade of “B -” or better the second time, the student will be scholastically suspended, permanently withdrawn, from this program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have fulfilled the requirements for reentry as determined by the Campus College Chair.
- Students in the Master of Science in Counseling program must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an In Progress (IP) grade is not acceptable. Students who receive an In Progress (IP) grade may not enroll in any other coursework until a passing grade is awarded. Students who fail CNSL 556 may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.
- Students in the College of Humanities and Sciences graduate programs may not transfer credit to the University from courses taken from other schools while academically or scholastically disqualified.

Residency Requirements and Course Waivers for the MSC/MFCT

Students in this program may waive a maximum of 9 credits from their required course of study. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: CCMH 544, CCMH 548, CCMH 551, CNSL 502, CNSL 556, MFCC 551CA, MFCC 567, MFCC 591, MFCC 599A, MFCC 599B

Re-entry for the MSC/MFCT

All students who have been out of attendance for one (1) year or more in a counseling program must retake and pass the most recently graded Portfolio class.

If a student is required to retake CNSL 502 Portfolio I upon re-entry and does not pass the course, the student may reapply for the Counseling program in three (3) months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait six (6) months before reapplying. Passing Portfolio I is limited to a total of three attempts.

Students in the Master of Science in Counseling program who are required to retake CNSL 556 Portfolio II upon re-entry must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an incomplete grade (I) is not acceptable. Students who receive an incomplete grade (I) may not enroll in any other coursework until a passing grade is awarded. Students who fail CNSL 556 may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.

We prepare future leaders for business excellence. Consistent with the values, mission, and purpose of the University of Phoenix, the mission of the School of Business is to provide effective and accessible higher education that prepares its students to be ethical practitioners and leaders. Our goal is to make a difference in the lives of our students and their organizations. We achieve this by always acting with a sense of social responsibility and in a manner consistent with our core values. In particular we:

- Define quality as standards-based, industry-aligned, career-relevant educational curriculum, linked to current and future business needs
- Commit to excellence in teaching and to leveraging innovative teaching methodologies
- Be relentless in driving institutional self-assessment and continuous quality improvement

Through its integrated network of faculty, staff and business collaborators, the University of Phoenix, School of Business strives to become a preferred source for finding and developing emerging leaders for organizations.

**Master of Business Administration**

The following Master of Business Administration (MBA) program may be offered at these University of Phoenix campus locations: Bay Area, depending on state of residence. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Business Administration (MBA) program prepares students in the functional areas of business allowing them to develop managerial skills necessary to be effective in a rapidly changing business environment. The program is designed for students with an interest in entering or advancing their careers in business. The program reflects current research of managerial competencies as well as graduate business standards as reflected by existing national standardized graduate business tests. In addition to the University learning goals, the MBA program prepares students to do the following:

- Recognize and solve problems systematically to make better business decisions.
- Manage, develop, and motivate personnel to meet changing organizational needs. Discover how diversity and values strengthen working relationships and contribute to effective problem solving.
- Leverage technology in a global environment to create sustainable competitive advantage.
- Evaluate risks and develop plans to lessen or eliminate their impact.
- Develop awareness of one’s own personal values and how they affect business decision making.
- Assess whether an organization’s plans and actions are aligned to meet its values.
- Integrate knowledge and reach decisions with incomplete or limited information.

- Understand a broad range of theoretical and practical applications in business. The MBA consists of 36-54 credit hours. Thirty-six credit hours constitute the core curriculum which covers the following areas of business: management, human capital management, business law, organizational leadership, economics, accounting, applied business research & statistics, operations management, corporate finance, marketing, and strategic planning & implementation.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/mba](http://www.phoenix.edu/programs/mba).

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Business graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will apply key systematic and analytical decision-making skills to solve complex organizational problems.
- Students will create strategies for business growth based on the alignment of their personal values against the organization’s values.
- Students will apply key managerial skills to foster innovation and lead change in a dynamic business environment.
- Students will evaluate the implications of changing environmental factors on organizational choices within a global business environment.
- Students will apply key disciplinary skills as practitioners in business to critical business issues in the following domains of the MBA program:
  - Management
  - Human Capital Management
  - Business Law
  - Organizational Leadership
  - Economics
  - Accounting
  - Research & Statistics
  - Operations Management
  - Corporate Finance
  - Marketing
  - Strategic Planning & Implementation

Additional Admission Requirements for the MBA
All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- No work experience is required for this program.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.

Degree Requirements for the MBA
The degree requirements for this program are the following:

- Completion of a minimum of 36 credits
- A minimum grade point average (GPA) of 3.0.
- Students must take courses within a sequence specified by course prerequisite requirements.
- The diploma awarded for this program will read as: Master of Business Administration

Academic Progression Requirements for the MBA

- The Seminar in Business Topics (BUS 515) requirement must be satisfied within the first 12 semester credits of the MBA program.
- Strategic Planning & Implementation (STR 581 or an alternative strategy course) must be taken as the last core course in the program.

Residency Requirements and Course Waivers for the MBA

- The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 24 graduate level credits at the University.
- Students who are pursuing multiple UOPX degrees must complete 30 unique credits within the MBA program to satisfy residency for MBA degree conferral.
- Eligible students may satisfy Seminar in Business Topics (BUS 515) requirement using the below methods:
  - Successful completion of BUS/515, Seminar in Business Topics.
  - Undergraduate degree or higher in Business, Management, Accounting completed within 10 years from current program enrollment agreement sign date.
- In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
- The following courses may not be waived: MGT 521, STR 581
- The School of Advanced Studies offers a pathway opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.
Re-entry for the MBA

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Business Administration (Certificate Track)

The following Master of Business Administration (MBA) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. ### Accounting Concentration
Students in the Master of Business Administration Concentration in Accounting (Certificate Track) will develop an understanding of accounting concepts and applications. Students will also become competent in the use of appropriate analytical tools and technologies. They will be sensitive to legal, ethical, and social values in the conduct and communication of accounting practice and decisions. In addition, students will have an understanding of a portion of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The program is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for the CPA exam. While completing this program, students who may be planning to take the CPA exam will utilize CPA Test Preparation software in conjunction with their course work.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba-acc.

MBA students may earn a concentration in Accounting (ACC) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning an ACC concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the ACC concentration coursework (3 of which must include ACC/541-Accounting Theory & Research).

#### Foundational Coursework:
- ACC 541 ~ ........................................................... 3 credits
- Accounting Theory & Research

#### Graduate Accounting Electives (Select 3):
- ACC 542 ~ ........................................................... 3 credits
- Accounting Information Systems
- ACC 543 ~ ........................................................... 3 credits
- Managerial Accounting & Legal Aspects of Business
- ACC 544 ~ ........................................................... 3 credits
- Internal Control Systems
- ACC 545 ~ ........................................................... 3 credits
- Financial Reporting
- ACC 546 ~ ........................................................... 3 credits
- Auditing
- ACC 547 ~ ........................................................... 3 credits
- Taxation
- ACC 548 ~ ........................................................... 3 credits
- Not-for-Profit & Government Accounting
- ACC 556 ~ ........................................................... 3 credits
- Forensic Accounting
- ETH 557 ~ ........................................................... 3 credits
- Accounting Ethics

Students who select an Accounting Concentration may not educationally qualify to sit for the CPA exam in some states. To the extent that a student intends to sit for the CPA examination, the student should consult with the applicable board of examiners in the state or states in which the individual intends to sit for the examination to determine the precise educational and other requirements, including the acceptability of the University’s Accounting Concentration.

#### California Students:
The Master of Business Administration with a concentration in Accounting (MBA/ACCC) program does not meet all of the educational requirements set forth by the CA State Board of Accountancy to apply for a Certified Public Accounting License in the state of California or to sit for the CPA exam.

### Human Resource Management Concentration
The Master of Business Administration Concentration in Human Resource Management (Certificate Track) program addresses issues which the human resource professional faces daily, from legal matters to staff recruitment and development. This program is designed for those who have functional responsibility to carry out the duties of an organization’s human resource department; seasoned human resource staff members wishing to keep current; newcomers to the field requiring new knowledge and skills; and specialists wanting to broaden their knowledge. Major topic areas covered include the role of human resources, employment practices, employee and labor relations, compensation, benefits, safety and health, and employee development. Participants acquire knowledge and skills that are essential in addressing the challenges of the human resource profession.
Graduate Human Resource Management Electives (Select 3):

HRM 546 ................................................................. 3 credits
Human Resource Law
HRM 558 ................................................................. 3 credits
Research in Human Resource Management
HRM 548 ................................................................. 3 credits
Recruitment and Retention Practices
HRM 552 ................................................................. 3 credits
Organizational Training and Development

Project Management Concentration

Students in the Master of Business Administration Concentration in Project Management (Certificate Track) program will develop an understanding of project management concepts, applications, and the five processes that define project management. Students will collaboratively create an organizational project plan using Microsoft Project® software. The concentration is based on standards as tested by the Project Management Professional (PMP) certification examination. The program is designed for students who want to enhance their project management skills, become project managers, or complete additional coursework in preparation for Project Management Professional (PMP) certification.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mba-pmc.

MBA students may earn a concentration in Project Management (PM) by completing at least 15 credit hours of coursework in Project Management.

Students earning a PM concentration will complete a minimum of 51 credits, which includes 36 credits from the MBA required areas and 15 credits from the PM concentration coursework.

PM 571 ................................................................. 3 credits
Project Management
PM 582 ................................................................. 3 credits
Project Leadership
PM 584 ................................................................. 3 credits
Project Risk Management
PM 586 ................................................................. 3 credits
Project Quality Management
PM 598 ................................................................. 3 credits
Project Management Capstone

The University reserves the right to modify the required course of study.

General Information for the MBA

- The Certificate Track graduate program is designed to be an option for students to earn a certificate en-route to earning the graduate degree.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the graduate program.

Additional Admission Requirements for the MBA

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- No prior work experience is required for this program.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
Degree Requirements for the MBA

The degree requirements for this program are the following:

- Completion of a minimum of 48-51 credits.
- A minimum grade point average (GPA) of 3.0.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Students may earn a certificate in the same area of focus as the concentration en-route to completing the graduate degree. Students may apply for certificate conferral meeting the following program requirements:
  - Successful completion of all courses outlined in the enrollment agreement for the certificate.
  - Achievement of the minimum program GPA.
  - Fulfillment of the minimum University residency requirement.

- Undergraduate degree or higher in Business, Management, Accounting completed within 10 years from current program enrollment agreement sign date.
- In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
- The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

- Students can only earn one certificate en-route to completing the graduate program.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Business Administration

Academic Progression Requirements for the MBA

- The Seminar in Business Topics (BUS/515) requirement must be satisfied within the first 12 semester credits of the MBA program.
- Strategic Planning & Implementation (STR/581 or an alternative strategy course) must be taken as the last core course in the program.

Residency Requirements and Course Waivers for the MBA

- The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 24 graduate level credits at the University.
- Students who are pursuing multiple UOPX degrees must complete 30 unique credits within the MBA 023 program to satisfy residency for MBA degree conferral.
- Eligible students may satisfy Seminar in Business Topics (BUS 515) requirement using the below methods:
  - Successful completion of BUS/515, Seminar in Business Topics.
- Undergraduate degree or higher in Business, Management, Accounting completed within 10 years from current program enrollment agreement sign date.
- In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the MBA

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.
The College of Information Systems and Technology prepares students for professional and management-related career opportunities in multiple different IT pathways and provides the knowledge students need to successfully apply information systems theory and principles that address real world business opportunities and challenges that meet the needs of today’s information economy. Students will be prepared to work in core technologies such as systems integration, web systems, network architecture, database design, information security, programming and other IT principles. Our mission is to provide industry-relevant education through innovative learning pathways, which will prepare learners for career success. The College of Information Systems and Technology delivers real-time, IT education solutions that are experiential, relevant and applicable to solving IT challenges anywhere, any place, and at any time. The curriculum in the College of Information Systems and Technology is delivered by experts who relate both theory and practice in this evolving, fast paced industry. Each degree and certificate program is aligned to one or more of just under 50 industry certifications so students are provided the relevant, hands-on learning they need to be successful in this industry. The College of Information Systems and Technology is continuously updating curriculum, staying relevant in the industry and evolving with the always changing world of technology, all of which is accomplished through dedication, creativity and teamwork of the college faculty and staff. The College of Information Systems and Technology is an innovative, education leader in the IT industry and proud to partner with Fortune 1000 companies and other entities and creators of emerging IT standards nationwide.

Master of Information Systems

The following Master of Information Systems (MIS) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Information Systems (MIS) program provides the knowledge to successfully apply information systems theory and principles to address real world business opportunities and challenges to meet the needs of today’s information economy. Under the guidance of practitioner faculty, the graduate student is exposed to key information systems technologies and real world use cases to understand the development and management of business systems within and across organizations. For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/mis.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and plan for the development of an information system to address the needs of an organization.
- Students will be able to create the plans required for key roles, resources, operational metrics and risk responses needed to implement and maintain information systems within an organization.
- Students will be able to develop methods and tools for communication to facilitate the satisfactory completion of processes required to manage IT resources.
- Students will be able to generate the vision, direction and strategic purpose for the creation of an information systems project.
- Students will be able to construct a plan to verify that the regulations, compliance and security issues within an organization are addressed.
- Students will be able to explain and develop an effective IT project plan meeting professional standards.

MIS Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Information Systems Technology, 12 total credits

- CMGT 554................................................................. 3 credits
- CMGT 555 .............................................................. 3 credits
- CMGT 556 .............................................................. 3 credits
- CMGT 557 .............................................................. 3 credits
- CMGT 558 .............................................................. 3 credits

- CMGT 582 .............................................................. 3 credits
- CMGT 583 .............................................................. 3 credits
- CMGT 584 .............................................................. 3 credits

IS Integration

Graduate Electives, 18 total credits

The University reserves the right to modify the required course of study.
En-Route Credentials for the MIS

Students may declare and earn an additional credential that is approved in their state or jurisdiction en-route to completing the graduate degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include a graduate certificate. Listed below are all of the possible en-route credentials:

- Graduate Business Analytics Certificate
- Graduate Cyber Security Certificate

Students may apply for conferral of an en-route credential upon meeting the following program requirements:

- Successful completion of all the courses outlined in the enrollment agreement for the credential
- Achievement of the minimum program GPA
- Fulfillment of the minimum University residency requirement

Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Admission Requirements for the MIS

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Signed Hardware/Software Agreement

Degree Requirements for the MIS

- Completion of a minimum of 42 credits that include the following distribution:
  - Required Course of Study - 24 credits
  - Graduate Electives - 18 credits
- A minimum grade point average (GPA) of 2.5.
- The diploma awarded for this program will read as: Master of Information Systems

Residency Requirements and Course Waivers for the MIS

Students must meet established University residency requirement for degree conferment. The University requires that the majority of coursework, 24 credits in the program, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study.

In order to waive a course in the major course of study, the student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The 18 credit Graduate Electives requirement may be satisfied by any of the following means:

- Any pre-determined 3-credit Graduate UOPX courses.
- Any previously completed Graduate coursework from UOPX.
- Graduate transfer coursework that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better.
- Graduate Certificate approved in the student's state or jurisdiction.

Students earning a certificate en-route to completing the graduate degree may waive a maximum of 6 credits within the certificate program in addition to the 9 credits that can be waived in the MIS required course of study by meeting the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
Re-entry for the MIS

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

COLLEGE OF HEALTH PROFESSIONS

University of Phoenix College of Health Professions offers leading-edge graduate, undergraduate, certificate, and non-degree programs aimed at preparing students to improve the quality of healthcare in their communities and the industry. The College of Health Professions is helping to ensure that today’s graduates can effectively tackle tomorrow’s healthcare challenges. For more information, visit http://www.phoenix.edu/chp.

School of Nursing

Programs in the School of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to the emergence of new models like telemedicine and credentialing today’s nurses must work hard to navigate the changes and remain on the leading-edge of their professions. Whether you are a registered nurse looking to bolster your credentials to meet today’s higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, the University of Phoenix® School of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation-School of Nursing Programs

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

International Nursing Honor Society

The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, School of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that support members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit their website at www.nursingsociety.org. To learn more about the Omicron Delta chapter visit their website at http://www.omicron-delta.net.

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

License Requirement

PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master’s certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice. All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

Scholastic Disqualification

Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later:

Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

Drug Testing

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a “for-cause” 15-panel drug screen plus an alcohol drug test.
**Master of Science in Nursing Concentration in Nurse Administration**

The following Master of Science in Nursing Concentration in Nurse Administration (MSN/ADM) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing with a concentration in Nursing Administration (MSN/ADM) program prepares registered nurses to become leaders in the field of Nursing Administration. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty Administration courses allow students to focus on contemporary industry-required competencies such as: leadership and management within and between diverse healthcare organizations; communication, collaboration, and relationship management within interprofessional teams; systems thinking and design as a means to improve quality, safety, patient outcomes, and reduce risk.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

View state licensure requirements for this program: [http://www.phoenix.edu/colleges/school-of-nursing/state-requirements.html](http://www.phoenix.edu/colleges/school-of-nursing/state-requirements.html)

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/msn-adm](http://www.phoenix.edu/programs/msn-adm).

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal, and physical healthcare resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes, systems, and utilize current technology to support continuous quality improvement and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to evaluate healthcare policy, regulatory, legal, economic and sociocultural environments to advocate for patients and effect change in the healthcare system based on their role.
- Students will be able to design and deliver evidenced-based clinical prevention and population care within an interdisciplinary team to serve diverse populations in a variety of local, national, and international settings.
- Students will be able to formulate a strategic plan and distinguish the key components required for success.
- Students will be able to analyze a budget and assure needed resources are planned for.
- Students will be able to predict the needed resources (human and financial) to meet desired outcomes.
- Students will be able to implement change to meet desired quality measures.
- Students will be able to modify policies to meet external regulatory and accreditation standards.

**Program Purpose**

This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s degree in nursing with a focus on nursing administration. The program prepares the graduate to function in leadership and administrative roles within the profession of nursing. Upon completing the program, graduates with the required practice experience will be prepared to sit for the American Nurses Credentialing Center (ANCC) Nurse Executive – Board Certified (NE-BC) exam.

**Additional Admission Requirements for the MSN/ADM**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Students with regionally or approved nationally accredited undergraduate degrees in a field other than nursing are required to enroll in the MSN Bridge program.
• A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
• Current employment is not a requirement for admission.
• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  • Guam
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands
  • Puerto Rico
• International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  • Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  • All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  • All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  • Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  • A signed Foreign Nursing Memorandum of Understanding
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results
• Signed Clinical Assurance Statement form

Degree Requirements for the MSN/ADM
• Completion of a minimum of 36 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.
The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
• Clinical experiences/hours cannot be completed during work time at the student's place of employment.
• A clinical course may not be taken concurrently with any other course.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.
• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/ADM
• All graduate level MSN courses must be completed with a grade of C or better. Grades "C-" are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
Residency Requirements and Course Waivers for the MSN/ADM

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516AD, NSG 517AD, NSG 547, NSG 557, NSG 567, NSG 577

The 6 credit Graduate Elective Requirement for the MSN/ADM may be satisfied by the following means:

- An approved UOPX Graduate Elective course.
- Previously completed UOPX graduate level coursework that is comparable in credits to the University course it is replacing.
- Graduate transfer coursework that is acceptable for transfer and meets the following requirements:
  - Comparable in credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework).
  - Completed within the past ten (10) years from current program enrollment agreement sign date
  - A minimum grade of "C-" or better.

Re-entry for the MSN/ADM

- The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
- The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Master of Science in Nursing Concentration in Nurse Administration Bridge

The following Master of Science in Nursing Concentration in Nurse Administration Bridge (MSN/ADM) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing with a concentration in Nursing Administration (MSN/ADM) program prepares registered nurses to become leaders in the field of Nursing Administration. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty Administration courses allow students to focus on contemporary industry-required competencies such as: leadership and management within and between diverse healthcare organizations; communication, collaboration, and relationship management within interprofessional teams; systems thinking and design as a means to improve quality, safety, patient outcomes, and reduce risk.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/msn-adm.

Program Purpose

This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s of science degree in nursing with a focus on nursing administration. The program prepares the graduate to function in leadership and administrative roles within the profession of nursing. Upon completing the program, graduates with the required practice experience will be prepared to sit for the American Nurses Credentialing Center (ANCC) Nurse Executive – Board Certified (NE-BC) exam.
MSN/ADM Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

To ensure course scheduling availability, the College of Health Professions, School of Nursing recommends the following course selections to satisfy the bridge requirements:

**Nursing Bridge 1**
NSG 416 is the preferred option to satisfy the Nursing Bridge 1 requirement.

- NSG 416 ............................. 3 credits
- Theoretical Development and Conceptual Frameworks
- NSG 415 ..................................... 3 credits
- Theory-Based Nursing Practice
- NUR 403 ..................................... 3 credits
- Theories and Models of Nursing Practice

**Nursing Bridge 2**
NSG 451 is the preferred option to satisfy Nursing Bridge 2.

- NSG 451 ..................................... 3 credits
- Professional Nursing Leadership Perspectives
- NSG 397 ..................................... 3 credits
- Professional Nursing Role
- NUR 391 ..................................... 3 credits
- Professional Nursing Practice
- NUR 440 ..................................... 3 credits
- Health Assessment and Promotion for Vulnerable Population

**Nursing Bridge 3**
NSG 456 is the preferred course option to satisfy the Nursing Bridge 3 requirement.

- NSG 456 ..................................... 3 credits
- Research Outcomes Management for the Practicing Nurse
- NSG 455 ..................................... 3 credits
- Evidence-Based Practice and Statistics
- NUR 443 ..................................... 3 credits
- Evidence-Based Nursing Research and Practice

**Required Course Sequence**

- NSG 416 ..................................... 3 credits
- Theoretical Development and Conceptual Frameworks
- NSG 451 ..................................... 3 credits
- Professional Nursing Leadership Perspectives
- NSG 456 ..................................... 3 credits
- Research Outcomes Management for the Practicing Nurse
- NSG 511 ~ ..................................... 3 credits
- Contemporary Nursing Practice
- NSG 512 ~ ..................................... 3 credits
- Nursing Research
- NSG 513 ~ ..................................... 3 credits
- Inter-professional Leadership and Management
- NSG 514 ~ ..................................... 3 credits
- Health Law, Policy, Ethics, and Global Trends
- NSG 557 ~ ..................................... 3 credits
- Organizational Dynamics and Systems Thinking
- NSG 577 ~ ..................................... 3 credits
- Continuous Quality Monitoring and Outcomes Improvement
- NSG 547 ~ ..................................... 3 credits
- Human Resources Management

NSG 567 ..................................... 3 credits
- Financial Resources Management in Health Care
NSG 516AD ~ ..................................... 3 credits
- Practicum I
NSG 517AD ~ ..................................... 3 credits
- Practicum II
Graduate Elective Requirement ..................... 6 credits

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MSN/ADM**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Students with regionally or approved nationally accredited undergraduate degrees in a field other than nursing are required to enroll in the MSN Bridge program.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
- Current employment is not a requirement for admission.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico
- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
• All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
• Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
• A signed Foreign Nursing Memorandum of Understanding
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results
• Signed Clinical Assurance Statement form

Degree Requirements for the MSN/ADM
• Completion of a minimum of 45 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.
• The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
• Students enrolling in the MSN bridge program must complete the three MSN bridge courses with a C or better in each course prior to enrolling in NSG 511 - Contemporary Nursing Practice.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
• A clinical course may not be taken concurrently with any other course.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.
• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/ADM
• All MSN bridge and graduate level MSN courses must be completed with a grade of C or better. Grades “C-” are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/ADM
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.
Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
The following courses in the Required Course of Study may not be waived: NSG 516AD, NSG 517AD, NSG 547, NSG 557, NSG 567, NSG 577.
The 6 credit Graduate Elective Requirement for the MSN/ADM may be satisfied by the following means:
• An approved UOPX Graduate Elective course.
• Previously completed UOPX graduate level coursework that is comparable in credits to the University course it is replacing, meets the following requirements:

Graduate transfer coursework that is acceptable for transfer and
An appeal will be required for re-entry students to re-enroll in their program if:
- Comparable in credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework).
- Completed within the past ten (10) years from current program enrollment agreement sign date.
- A minimum grade of "C" or better.

**Re-Entry for the MSN/ADM**
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

**Master of Science in Nursing Concentration in Nurse Education**

The following Master of Science in Nursing Concentration in Nurse Education (MSN/NED) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Masters of Science in Nursing with a concentration in Nursing Education (MSN/NED) program prepares registered nurses to become leaders in the field of Nursing Education. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty education courses allow students to focus on contemporary industry-required competencies such as: design, implementation, and evaluation of nursing curriculum, facilitation of learner development and socialization; interpretation, analysis, and translation of evidence to guide student learning and assessment strategies.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, School of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal, and physical healthcare resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes, systems, and utilize current technology to support continuous quality improvement and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to design, develop, implement, and utilize evidence-based practice, and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to justify teaching methodologies which support adult learning.
- Students will be able to design engaging learning activities.
- Students will be able to lead curriculum to meet the current regulatory requirements, accreditation standards, and industry standards.
- Students will be able to design tools that evaluate formative and summative student learning.

**Program Purpose**

This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s degree in nursing with a focus on nursing education. The program prepares graduates for leadership roles in nursing education, and to function as a nurse educator in a variety of practice and educational settings. Upon completion of the program, graduates will be eligible to sit for the National League of Nursing (NLN) Certified Nurse Educator (CNE) exam.

- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.
- Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

**Minimum Grade Requirements for the MSN/NED**

- All MSN bridge and graduate level MSN courses must be completed with a grade of C or better. Grades "C-" are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
- Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

**Residency Requirements and Course Waivers for the MSN/NED**

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516ED, NSG 517ED, NSG 531, NSG 532, NSG 533, NSG 534

Re-entry for the MSN/NED

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
The applicant has successfully completed thirty (30) transferable, academic semester credits at a nationally accredited college or university in the United States.

The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.

The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.

The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.

The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.

The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

Applicants who reside in the United States must meet one of the following requirements:

- Be a legal resident of the United States
- Have been granted permanent residency
- Have a valid visa that does not prohibit educational studies
- Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
- Have been granted asylum or refugee status.
- Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.
- A signed New Student Checklist may be required
- A signed Enrollment/Disclosure Agreement.
- Completion of any state-specific required documents or forms.
- Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
- Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

Students who begin their studies at campuses located in the states listed below are required to submit immunization information to the University. The state appropriate forms must be completed and sent to Office of Admissions and Evaluation.
Students attending a local campus in Oklahoma must provide written documentation of vaccinations or immunity against Hepatitis B, measles, mumps, and rubella (MMR). Students must demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

Students attending a physical campus in the state of Tennessee are required to submit a Hepatitis B Waiver form to the University.

All residents of Hawaii are required to submit immunization information to the University.

The Hawaii State Department of Health requires that all students attending school at a campus in this state who were born after December 31, 1956, be immunized for measles-mumps-rubella (MMR). Additionally, in order for Hawaii residents to be admitted, the University requires that all applicants to this program provide a verification of immunization of MMR. Students shall demonstrate compliance with the immunization requirement prior to the first attendance in a university course and documentation concerning this requirement must be on file at the time of admission to the university.

Exemptions from the MMR immunization requirement may be granted for the following reasons:

- A medical exemption may be granted to specific vaccines.
  - A U.S. licensed physician (M.D. or D.O.) must state in writing that giving a specific vaccine would endanger the student’s life or health, and specify the reason based on valid medical contraindications.
  - The physician must state the length of time during which the vaccine would endanger the student’s health or life.
  - The exemption certification must be signed by the physician on the physician’s printed stationery.
- A religious exemption may be granted if the student signs a statement certifying that the student’s religious beliefs prohibit the practice of immunization.
- If the State of Hawaii Director of Health determines that there is a danger of an outbreak from any of the diseases for which immunization is required, no exemption shall be recognized contrary to his/her religious beliefs.
- The student has laboratory confirmation of immunity to the disease(s) as indicated on the immunization form.
- The student has submitted a statement that immunization is not required because of medical contraindications.
- The student has documentation from a physician stating that it is medically inadvisable to receive the vaccines for the one or more of the diseases as indicated on the immunization form.
- The student has documentation from a physician or director of health that he/she has had a confirmed case of one or more of the diseases as indicated on the immunization form.
- The student has submitted a statement that immunization is contrary to his/her religious beliefs.
- The student is enrolled exclusively online and does not congregate with other students on campus or at campus-sponsored events. If the student later decides to attend a class at a University of Phoenix local campus location in Connecticut, the student must meet the immunization requirements before he/she may begin attending classes at a local campus location.
- The student graduated from a public or nonpublic high school in the state of Connecticut in 1999 or later and was not exempt from the measles, rubella and on or after August 1, 2010, the mumps vaccination requirement pursuant to subdivision (2) or (3) of subsection (a) of section 10-204a.

Master of Arts in Education/Adult Education and Training

The following Master of Arts in Education/Adult Education and Training (MAED/AET) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts/Adult Education and Training (MAED/AET) program is designed for individuals interested in working with adult learners in areas such as corporate training, non-profit and community-based organizations, government, postsecondary education, and human services agencies. Learners develop competencies and expertise necessary to align education and training with strategic objectives and human services foundations across an enterprise with culturally diverse populations. Learners expand their knowledge in andragogical theory, instructional design and strategies, assessment of learning, delivering online learning, management and marketing, and technology integration. In addition, learners engage in practice through collaborative learning, social media, and community-based learning. Graduates will be able to serve adult students, colleagues, industries, and communities as expert educators and trainers.
Program Requirements for the MAED/AET

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-aet.

Program Purpose

The Master of Arts in Education/Adult Education and Training is a graduate degree program intended for students interested in working with adult learners in an educational or training environment. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to create innovative strategies and incorporate technology in adult education and training programs.
- Students will be able to evaluate the educational and training needs of an organization.
- Students will be able to create innovative strategies and incorporate technology in adult education and training programs.
- Students will be able to incorporate technology in adult education and training programs.

Program Requirements for the MAED/AET

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

- COM 520 .............................................................. 3 credits
- Organizational Communication for Adult Education and Training
- AET 500 ............................................................. 3 credits

- AET 570 ~ ......................................................... 3 credits
- Program Development in Adult Education

The University reserves the right to modify the Program Requirements.

Additional Admission Requirements for the MAED/AET

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- A minimum grade point average (GPA) of 3.0.
- The completion of a minimum of 34 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read: Master of Arts in Education Adult Education and Training

Residency Requirements and Course Waivers for the MAED/AET

Students in this program may waive a maximum of 6 credits from their required course of study on the basis of prior graduate level coursework.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Any student in MAED/TED-Elementary, MAED/TED-Secondary, or MAED-Special Education who have completed a minimum of 12 credits, and for whom Candidacy Level II status equals 2N, is eligible to enter the MAED/AET program using the following course waivers:
The following course in the Required Course of Study may not be waived: COM 520

Academic Progression for the MAED/AET
Students must successfully complete COM 520 as the first course in the program

Re-entry for the MAED/AET
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Elementary Teacher Education (California)

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-e.

Program Purpose
The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.
Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.

- TPA 002 ~ ............................................................. 1 credit
- Designing Instruction
The University reserves the right to modify the required course of Study.

Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree or higher degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending the online should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- For students with an Enrollment Agreement signed prior to 1/1/2018: All California residents (online and local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.
- Current negative TB test results, or other approved TB clearance documentation.
- Verification of Certificate of Clearance or other approved Certificate of Clearance documents.

Candidacy Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling. Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record. Credits applied through waiver are included for Candidacy Status Level 2 Review. Students who waive 9 or more credits in their...
required course of study will be eligible for a 3 credit extension to complete the requirements for Candidacy Status Level 2
• Demonstration of basic skills proficiency
  • Students who reside in states that require a basic skills test exam for teacher certification will be required to successfully pass the state exam (i.e. CBEST, CSET, Praxis I, etc.) using their state's cut score.
  • Online students who reside in California and are enrolled in a California approved program (MAED/TED-E or MAED/TED-S) must successfully pass the CBEST exam, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
• Students enrolled in this program (Elementary or Secondary) must provide one of the following verifications prior to the completion of 12 semester credits in the program:
  • The candidate provides evidence of having passed the appropriate subject matter examination(s).
  • The candidate provides evidence of having attempted the appropriate subject matter examination(s).
  • The candidate provides evidence of registration for the next scheduled examination.
  • The candidate provides evidence of having completed a Commission approved subject matter preparation program.
  • The candidate provides evidence of continuous progress toward meeting the subject matter requirement.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-E
• Completion of a minimum of 43 credits.
• A minimum grade point average (GPA) of 3.0.
• Completion of Teacher Performance Assessment.
• Satisfactory completion of any required internship, student teaching, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
• The diploma awarded for this program will read as:
  Master of Arts in Education
  Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E
• Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  • Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
  • Verification of the completion of 100 hours of field experience
• Candidates who have successfully completed TPA 001 prior to 1/1/2018 - Candidates enrolled in MAED/TED-E and 5 07CA must receive passing scores on the following assessments:
  • TPA 1 Subject-specific Pedagogy
  • TPA 2 Designing Instruction prior to beginning their student teaching experience.
  • Verification of scores is maintained by the Credential Analyst.
• Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Transfer Requirements for the MAED/TED-E
Transfer of non-California specific coursework
California MAED/TED programs will accept a maximum of 10 credits of non-California (CA) coursework as identified in the list below. COM 516 is not included in the 10 credits and does not need to be repeated.
The following non-California (CA) courses can be transferred into the California specific program:
• MTE 501 (2 credits)
• MTE 505 (3 credits) or MTE 506 (2 credits)
• MTE 508 (3 credits) or MTE 509 (2 credits)

Minimum Grade Requirements for the MAED/TED-E
• A candidate must earn a grade of “B” or better in all student teaching courses in order to complete this program. Grades of “B-” are not accepted. Students who fail to receive a minimum grade of “B” in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course and/or student teaching: ELM 590, ELM 595
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
• If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended and permanently withdrawn from the program.

Residency Requirements and Course Waivers for the MAED/TED-E
Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
Nationally recognized and/or industry accepted certifications or
training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, ELM 590, ELM 595, MTE 507CA, MTE 518CA, MTE 522CA, MTE 533CA, RDG 537CA, SPE 514CA.

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-E

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. A Certificate of Clearance and negative TB test is required prior to Field Experience placement. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Student Teaching for the MAED/TED-E

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teaching can only be repeated one time.
- Removal from a placement at the request of an appointed administrator from the student teaching location or UOPX:
  - Student teachers who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their first student teaching course or while transitioning between their student teaching courses, will result in the candidate being placed on Scholastic Suspension and administratively withdrawn from the course. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Unapproved self-terminations of student teaching:
  - Student teachers that execute an unapproved self-termination of student teaching, prior to starting and posting attendance in their first student teaching course or while transitioning between their student teaching courses, will result in the candidate being placed on Scholastic Suspension and administratively withdrawn from the course. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers that execute an unapproved self-termination of student teaching, after having met any amount of attendance in their student teaching courses, will be withdrawn from the student teaching course, will be issued a grade of "F", and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Candidates who do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must student teach in the subject area in which a passing score was achieved on the content knowledge assessment exam. This is either an elementary (general), middle level (subject specific), or secondary (content specific) setting based on their program specialization.
- Candidates in the MAED/TED program may not student teach in special education.
MAED/TED candidates, who are currently employed as the teacher of record in a public school classroom appropriate grade level/content for the certificate they are pursuing (e.g. 4th grade for elementary candidate or 9th grade English for secondary candidate), can ‘student teach’ or ‘validate’ in their current classroom. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students must complete the Student Teaching courses and pass a California State-Approved Teacher Performance Assessment.

Candidates who have successfully completed TPA/001 prior to 1/1/2018: California students must pass the Teacher Performance Assessment 3 and 4 during student teaching. Students may attempt the Teacher Performance Assessment 3 and 4 a maximum of two (2) times.

Candidates enrolled in this program must complete placements in two elementary grade levels. Placements must occur in two of the following grade levels: K-2, 3-5, or 6. One placement is for seven (7) weeks and the other placement is for eight (8) weeks. These must be self-contained classroom settings in which the candidates teach 6 of the 7 multiple subject areas to the same group of students.

Candidates enrolled in this program must complete a full-time student teaching experience (minimum 15 weeks) in which they teach two content areas and/or two grade-levels within their discipline. Candidates must student teach in the disciplines covered by their subject matter competency exams.

Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).

Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Performance Assessment.

Institutional Recommendation for the MAED/TED-E

Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state).

Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Candidates must apply for their initial IR within one year of completing all academic requirements in their program. The time limit between completion of coursework and institutional recommendation (IR) for license or endorsement is 12 months. Failure to complete the IR process within this time period will result in a program review and may require additional coursework or assessments for currency.

Candidates in this program must pass the RICA exam.

Candidates completing the California approved MAED/TED-E or S program must provide verification of current CPR certification prior to being recommended for their credential.

California Teaching Performance Assessment Policy

Candidates must receive passing scores on TPA 001: Subject-Specific Pedagogy (course and assessment) and TPA 002: Designing Instruction (course and assessment) prior to beginning their student teaching experience. Verification of scores is maintained by the campus Credential Analyst.

Candidates may attempt the Teaching Performance Assessment 1: Subject-Specific Pedagogy and Teaching Performance Assessment 2: Designing Instruction a total of three times each. Candidates are required to complete a remediation process if they have failed the corresponding assessment two times. This remediation process must be completed prior to the third attempt.

Teaching Performance Assessment 3: Assessing Learning and Teaching Performance Assessment 4: Culminating Teaching Experience are completed during the student teaching experience. These assessments can only be attempted two times each.

Candidates must earn a score of 3 or 4 on each Teaching Performance Assessment to be considered passing. Scores of 1 or 2 are not considered passing scores.

Candidates who are unable to pass any assessment after the allotted number of attempts are permanently removed from the program.

TPA 1 and TPA2 = 3 attempts
TPA 3 and TPA4 = 2 attempts

Students who transfer into MAED/TEDCA E or S and have documentation of passing TPA 1: Subject-specific Pedagogy and/or TPA 2: Designing Instruction while attending another university are not required to complete the corresponding preparation courses TPA 001 - Subject-specific Pedagogy and/or TPA 002 - Designing Instruction. Students should submit a course waiver request to apply the TPA 1 and/or TPA 2 assessments to the TPA 001 and/or TPA 002 courses at University of Phoenix.

California Intern Credential

Candidates in California may qualify for an intern credential in California while enrolled in the MAED/TED program. The California Commission has identified specific requirements for intern qualification.

Candidates who qualify as an elementary or secondary intern must meet the requirements noted below and sign an intern checklist.

Candidates who are seeking an Internship must also be advised of the Early Completion Option.

Candidates must provide verification of each of the following requirements:

- Passing score on CBEST, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
- Passing score on appropriate CSET for intern placement
- Completion of a Bachelors degree from a regionally accredited institution
- Letter of Intent to Hire
- Completion of 30 hours Field Experience with diverse students
- Certificate of Clearance
- Continuous enrollment in the University of Phoenix MAED/TED-E or S (Elementary or Secondary Education teacher preparation degree program)
• US Constitution (units or exam)
• Negative TB results or negative chest x-ray
• Completion of the following coursework: Multiple Subject: MTE 506CA; MTE 518CA; ELL 500; SPE 514CA; RDG 537CA; MTE 522CA Single Subject: MTE 506CA; SEC 508CA; ELL 500; SPE 514CA; RDG 542CA; MTE 523CA
• If an intern candidate is removed from the university intern program, the university must notify the California Commission on Teacher Credentialing so the intern certificate can be deactivated by the Commission. If the candidate re-enters the program, the Commission must be notified in order to reactivate the intern credential.
• Candidates who had been issued an Internship from another university must provide a letter of academic good standing from their previous university prior to being accepted in the Internship Program.
• Candidates must be continuously enrolled to maintain their Internship Credential. Candidates who fail to be continuously enrolled or are dismissed or removed from their Internship will have their Internship Credential revoked and returned to the state with notification to their hiring district.

Re-entry for the MAED/TED-E
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in the state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Secondary Teacher Education (California)
The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the skills and knowledge that will allow them to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

View state licensure requirements for this program: https://www.phoenix.edu/programs/degree-programs/education/masters/maed-ted-s.html
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ted-s.
Program Purpose
The Master of Arts in Education/Secondary Teacher Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become secondary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
- Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
- Students will be able evaluate effective professional practice in secondary education.
- Students will be able apply professional ethics to their instructional practices in secondary education.
- Students will be able evaluate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
- Students will be able create innovative strategies and incorporate technology in a secondary classroom setting.

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a – symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Additional Admission Requirements for the MAED/TED-S
All applicants are expected to meet the following admissions requirements:
- Students enrolled in this program must have an undergraduate degree (in a major other than education) or higher degree from a regionally accredited college or university or equivalent undergraduate degree earned at a recognized foreign institution.
Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending online should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.

For students with an Enrollment Agreement signed prior to 1/1/2018: All California residents (online and local) must enroll in this version. Candidates in the MAED/TED-E and MAED/TED-S programs must sign the California Teaching Performance Assessment (TPA) Code of Honor Guidelines.

Current negative TB test results, or other approved TB clearance documentation.

Verification of Certificate of Clearance or other approved Certificate of Clearance documents.

**Candidacy Status for the MAED/TED-S**

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet qualifications for both levels of candidacy status to continue in their program with no interruption of scheduling.

Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record. Credits applied through waiver are included for Candidacy Status Level 2.

- Demonstration of basic skills proficiency
  - Students who reside in states that require a basic skills test exam for teacher certification will be required to successfully pass the state exam (i.e. CBEST, CSET, Praxis I, etc.) using their state’s cut score.
  - Online students who reside in California and are enrolled in a California approved program (MAED/TED-E or MAED/TED-S) must successfully pass the CBEST exam, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.

- Students enrolled in this program (Elementary or Secondary) must provide one of the following verifications prior to the completion of 12 semester credits in the program:
  - The candidate provides evidence of having passed the appropriate subject matter examination(s).
  - The candidate provides evidence of having attempted the appropriate subject matter examination(s).
  - The candidate provides evidence of registration for the next scheduled examination.
  - The candidate provides evidence of having completed a Commission approved subject matter preparation program.
  - The candidate provides evidence of continuous progress toward meeting the subject matter requirement.

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

**Degree Completion Requirements for the MAED/TED-S**

- Completion of a minimum of 37 credits.
- A minimum grade point average (GPA) of 3.0.
- Completion of Teacher Performance Assessment.
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Report (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.

The diploma awarded for this program will read as: Master of Arts in Education Secondary Teacher Education

**Academic Progression Requirements for the MAED/TED-S**

- Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:
  - Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific)
  - Verification of the completion of 100 hours of field experience
- Candidates who have successfully completed TPA 001 prior to 1/1/2018 - Candidates enrolled in MAED/TED-E and S 07CA must receive passing scores on the following assessments: TPA 1 Subject-specific Pedagogy TPA 2 Designing Instruction prior to beginning their student teaching experience. Verification of scores is maintained by the Credential Analyst.
- Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

**Transfer Requirements for the MAED/TED-S**

Transfer of non-California specific coursework

California MAED/TED programs will accept a maximum of 10 credits of non-California (CA) coursework as identified in the list below. COM 516 is not included in the 10 credits and does not need to be repeated. The following non-California (CA) courses can be transferred into the California specific program:

- MTE 501 (2 credits)
- MTE 505 (3 credits) or MTE 506 (2 credits)
- MTE 508 (3 credits) or MTE 509 (2 credits)
Minimum Grade Requirements for the MAED/TED-S

- A candidate must earn a grade of "B" or better in all student teaching courses in order to complete this program. Grades of "B-" are not accepted. Students who fail to receive a minimum grade of "B" in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course and/or student teaching: SEC 590, SEC 595
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
- If the candidate does not receive a grade of "B" or better on the second attempt, the candidate will be Scholastically Suspended and permanently withdrawn from the program.

Residency Requirements and Course Waivers for the MAED/TED-S

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be transferable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: COM 516, MTE 507CA, SEC 508CA, MTE 523CA, RDG 542CA, SPE 514CA, MTE 528CA, MTE 566CA, MTE 567CA, MTE 569CA, MTE 551CA, MTE 541CA, MTE 564CA, SEC 590, SEC 595. Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Field Experience for the MAED/TED-S

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. A Certificate of Clearance and negative TB test is required prior to Field Experience placement. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Program Teaching for the MAED/TED-S

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Candidates must take Student Teaching Part A & B concurrently with the student teaching experience. If a candidate chooses to postpone student teaching, he/she must postpone their enrollment in the student teaching courses.
- Student teaching can only be repeated one time.
- Removal from a placement at the request of an appointed administrator from the student teaching location or UOPX:
  - Student teachers who are removed from a placement at the request of an appointed administrator, prior to starting and postponing attendance in their first student teaching course or while transitioning between their student teaching courses, will result in the candidate being placed on Scholastic Suspension and administratively withdrawn from the course. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their student teaching courses, will be withdrawn from the student teaching course, will be issued a grade of "F", and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

Candidates enrolled in the MAED/TED program must complete a full-time student teaching experience (minimum 15 weeks) in which they teach two content areas and/or two grade-levels within their discipline. Candidates must student teach in the disciplines covered by their subject matter competency exams.

Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).

Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Performance Assessment.

Institutional Recommendation for the MAED/TED-S

Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state).

Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Candidates in this program must pass the RICA exam.

Candidates completing the California approved MAED/TED-E or S program must provide verification of current CPR certification prior to being recommended for their credential.

California Teaching Performance Assessment Policy

Candidates must receive passing scores on TPA 001: Subject-Specific Pedagogy (course and assessment) and TPA 002: Designing Instruction (course and assessment) prior to beginning their student teaching experience. Verification of scores is maintained by the campus Credential Analyst.

Candidates may attempt the Teaching Performance Assessment 1: Subject-Specific Pedagogy and Teaching Performance Assessment 2: Designing Instruction a total of three times each. Candidates are required to complete a remediation process if they have failed the corresponding assessment two times. This remediation process must be completed prior to the third attempt.

Teaching Performance Assessment 3: Assessing Learning and Teaching Performance Assessment 4: Culminating Teaching Experience are completed during the student teaching experience. These assessments can only be attempted two times each.

Candidates must earn a score of 3 or 4 on each Teaching Performance Assessment to be considered passing. Scores of 1 or 2 are not considered passing scores.

Candidates who are unable to pass any assessment after the allotted number of attempts are permanently removed from the program.

TPA 1 and TPA2 = 3 attempts
TPA 3 and TPA4 = 2 attempts
University of Phoenix, 2018-2019

- Students who transfer into MAED/TEDCA E or S and have documentation of passing TPA 1: Subject-specific Pedagogy and/or TPA 2: Designing Instruction while attending another university are not required to complete the corresponding preparation courses TPA 001 - Subject-specific Pedagogy and/or TPA 002 - Designing Instruction. Students should submit a course waiver request to apply the TPA 1 and/or TPA 2 assessments to the TPA 001 and/or TPA 002 courses at University of Phoenix.

California Intern Credential
Candidates in California may qualify for an intern credential in California while enrolled in the MAED/TED program. The California Commission has identified specific requirements for intern qualification.
- Candidates who qualify as an elementary or secondary intern must meet the requirements noted below and sign an intern checklist.
- Candidates who are seeking an Internship must also be advised of the Early Completion Option.
- Candidates must provide verification of each of the following requirements:
  - Passing score on CBEST, CSET Multiple subject Plus Writing Skills, Examination, or another state approved basic skills exam.
  - Passing score on appropriate CSET for intern placement.
  - Completion of a Bachelors degree from a regionally accredited institution.
  - Letter of Intent to Hire.
  - Completion of 30 hours Field Experience with diverse students.
  - Certificate of Clearance.
  - Continuous enrollment in the University of Phoenix MAED/TED-E or S (Elementary or Secondary Education teacher preparation degree program).
  - US Constitution (units or exam).
  - Negative TB results or negative chest x-ray.
  - Completion of the following coursework: Multiple Subject: MTE 506CA; MTE 518CA; ELL 500; SPE 514CA; RDG 537CA; MTE 522CA Single Subject: MTE 506CA; SEC 508CA; ELL 500; SPE 514CA; RDG 542CA; MTE 523CA.
- If an intern candidate is removed from the university intern program, the university must notify the California Commission on Teacher Credentialing so the intern certificate can be deactivated by the Commission. If the candidate re-enters the program, the Commission must be notified in order to reactivate the intern credential.
- Candidates who had been issued an Internship from another program, the Commission must be notified in order to reactivate the candidate.
- Candidates who failed to be continuously enrolled or are dismissed or removed from their Internship will have their Internship Credential revoked and returned to the state with notification to their hiring district.

Re-entry for the MAED/TED-S
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Master of Arts in Education/Educational Studies
The following Master of Arts in Education/Educational Studies (MAED/ES) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Educational Studies (MAED/ES) program is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education.

**Note: This program is not eligible for Federal Student Financial Aid.

Program Purpose
The Master of Arts in Education/Educational Studies is a graduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as a degree completion option.

Program Category Requirements for the MAED/ES
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Students must select one course from each Elective category selection below to complete the 6 credit requirement:

Elective One, 3 total credits
- AET 500 .................................................................................................................. 3 credits
- Foundations of Adult Learning Theory
- AET 552 .................................................................................................................. 3 credits
- Marketing Adult Education
- AET 560 .................................................................................................................. 3 credits
- Social Media for Professional Learning
- ONL 502 .................................................................................................................. 3 credits
- K-12 Cybertraps: Strategies for Teaching Digital Citizenship

Elective Two, 3 total credits
- CUR 520 .................................................................................................................. 3 credits
- Advocating for Learning
The University of Phoenix previous pre-licensure programs

Applicants are expected to meet all admissions requirements:

Additional Admission Requirements for the MAED/ES

- A minimum grade point average (GPA) of 3.0.
- Residency Requirement for the MAED/ES
  - The diploma awarded for this program will read as:
  
  Completion of a minimum of 32 credits to earn a university degree.

Degree Completion Requirements for the MAED/ES

- Completion of two (2) MAED/ES Elective courses in addition to all completed coursework from the previous pre-licensure program, with the exception of student teaching.
- A minimum grade point average (GPA) of 3.0.
- MAED/ES graduates will not be permitted to return to complete student teaching and receive a degree in any previous pre-licensure program at the University.
- The diploma awarded for this program will read as: Master of Arts in Education Educational Studies

Residency Requirement for the MAED/ES

Students must meet the established University residency requirement for degree conferral. The University requires that all six (6) Elective credits must be completed at University of Phoenix in order to meet residency.

Re-entry for the MAED/ES

Re-entry students completing a program change from one of the following UOPX pre-licensure programs to the MAED/ES program will be required to complete all paperwork required by the University Re-entry policy.

Master of Arts in Education/Curriculum and Instruction

The following Master of Arts in Education/Curriculum and Instruction (MAED/CI) program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your campus representative for more information.

The Master of Arts in Education program with a specialization in Curriculum and Instruction is intended to afford P-12 educators the opportunity to enhance their curriculum, instruction, and leadership repertoire by expanding their knowledge of assessment, instructional strategies, integration of technology, professional development, data-driven decision making, and mentoring and coaching. Educators will develop teacher leadership skills by exploring the latest research, trends, and strategies. Graduates will be able to effectively collaborate with all stakeholders and serve their students, colleagues, and communities as ethical leaders committed to excellence.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/maed-ci.

Program Purpose

The Master of Arts in Education/Curriculum and Instruction is a graduate degree program intended to provide educators with advanced knowledge and skills in curriculum and instruction. The program does not prepare students for any type of professional certification or state...
licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to synthesize multiple theories of curriculum and instruction to design effective professional development opportunities.
- Students will be able to analyze assessment data to make informed decisions for continuous improvement of instructional programs.
- Students will be able to create innovative strategies and incorporate technology to enhance student learning in the classroom setting.

Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/CI who waive courses using an approved certification may exceed the maximum waiver limit for their program.

Additional Admission Requirements for the MAED/CI
All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Completion Requirements for the MAED/CI
- The completion of a minimum of 35 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as: Master of Arts in Education Curriculum and Instruction

Residency Requirements and Course Waivers for the MAED/CI
The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 23 graduate level credits at the University.

Students in this program may waive a maximum of 12 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or a foreign institution recognized/authorized by the country’s Ministry of Education.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/CI who waive courses using an approved certification may exceed the maximum waiver limit for their program.

The following courses in the Required Course of Study may not be waived: COM 516

Candidates who successfully complete either the MAED/TED-Elementary or MAED/TED-Secondary program may waive the following courses in the MAED/CI program upon enrolling in the Master of Arts in Education/Curriculum and Instruction program.

Effective 4/1/2018, candidates with an additional, current academic teaching endorsement may waive the following 9 credits upon admission to the MAED/CI program:

- CUR 506
- CUR 505
- CUR 550

Any resident in the state of California who can show verification of the completion of a California Commission on Teacher Credentialing (CTC) state-approved induction program may exceed the 12 credit waiver maximum and waive up to 13 credits upon admission to the MAED/CI program:

- CUR 506
- CUR 530
- CUR 535
- CUR 520

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver Policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Students who have completed the below listed courses with a grade of C- or higher are eligible to waive up to 6 credits toward the MAED/CI Program.

- For students to be eligible to waive CUR 520 the following courses must be completed: NTI 501, NTI 502
- For students to be eligible to waive CUR 530 the following courses must be completed: NTI 503, NTI 504

Students who have completed approved Continuing Education courses or their equivalents with a grade of B or higher, and within the last 5 years from Enrollment Agreement sign date are eligible to waive up to 12 credits toward the MAED/CI Program. An ARSC Heat Ticket must be submitted to have approved CET courses applied to the MAED/CI program.

**Re-entry for the MAED/CI**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program without appeal if the program version is still the most current in their state or jurisdiction.

PROFESSIONAL PROGRAMS

CREDIT-BEARING CERTIFICATE PROGRAMS

The University of Phoenix offers Professional Certificate programs to organizations and individuals with professional development or specialized training needs. The programs effectively blend theory and practice, enabling the individual to rapidly become a more effective manager or specialist. Certificate programs are currently available in several fields: technology, education, call center professional, human resource management, health care, and project management.

A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each College.

Admission Requirements

All applicants are expected to meet the following admission requirements:

- A completed and signed certificate application and application fee
- Applicants whose native language is not English must have either:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
- or-
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
- or-
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
- or-
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
- or-
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
- or-
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.
- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  - The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  - The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  - The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  - The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.
  - Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.
  - Applicants who reside in the United States must meet one of the following requirements:
    - Be a legal resident of the United States
    - Have been granted permanent residency
    - Have a valid visa that does not prohibit educational studies
    - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
    - Have been granted asylum or refugee status.
  - Applicants who reside in Canada must meet one of the following requirements:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
    - A signed Enrollment/Disclosure Agreement.
    - Completion of any state-specific required documents or forms.
    - Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
    - Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
    - Students are subject to all other University policies and procedures and additional requirements may be applied to specific programs at the discretion of the Dean.
Program Length

The established “normal time” to complete a certificate program is specified on the Gainful Employment Program Disclosure for that program. Generally, the “normal time” is as follows: Education - 25 to 64 weeks, Health Services Administration - 21 to 40 weeks, Nursing (FNP certificate) - 138 weeks, Nursing (general) - 46 weeks, Humanities & Sciences - 24 to 40 weeks, Information Systems & Technology - 30 to 40 weeks, Business - 27 to 36 weeks. The term “normal time” means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated “normal time” for a variety of reasons that are individual to the student.

CERTIFICATE PROGRAMS FOR SCHOOL OF BUSINESS - UNDERGRADUATE

Marketing Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

The Marketing certificate addresses how to identify customer needs, how to communicate information about products and services to customers and potential customers, where to market, the pricing of products and services, and how to respond to growing demands in different countries and cultures. The program builds upon the foundational marketing course and allows further study in the areas of consumer behavior, marketing research, public relations, product and brand management, and small business marketing. Marketing managers need creative, analytical, and leadership abilities to manage the marketing function of the business enterprise.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-mkt.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/MKT

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/MKT

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Marketing (Undergraduate)
Residency Requirements and Course Waivers for the CERT/MKT

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- The following course may not be waived: MKT 498

Re-entry for the CERT/MKT

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Human Resource Management Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Human Resource Management certificate prepares students to develop an understanding of the fundamentals of human resource management and its strategic relevance in business. The program addresses the legal and ethical components of the decision making process involved in the human resources environment. Students will also develop an understanding of the critical business implications for human resource professionals today and in the future. HR practitioners and managers must be equipped with a solid understanding of the fundamentals of human resource management, along with strong skills in the areas of systems thinking, problem solving, influencing, negotiating, communications, and leadership. This program is consistent with generally accepted human resource management principles, including the professional certification knowledge areas.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-frm.

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/MGT

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/MGT

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: General Management (Undergraduate)

Residency Requirements and Course Waivers for the CERT/MGT

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of C (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- The following course may not be waived: MGT 498
Re-entry for the CERT/MGT

With the exception of AAE, BSED/E, BSL, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Financial Planning Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Business and must be completed via the Online modality.

The Finance Planning certificate emphasizes fundamental and advanced financial planning concepts, theories, and practices to promote well-informed personal financial decision making. Upon completion of this program, students will be able to examine the areas of personal finance planning, investment analysis and portfolio management, retirement and benefit planning, and insurance planning. Students will integrate advanced topics in financial planning through practical application.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-finp.

Required Course of Study for the CERT/FINP

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

FIN 370 ~ ..................................................................................3 credits
Finance for Business
FIN 420 ~ ..................................................................................3 credits
Personal Financial Planning
FIN 486 ~ ..................................................................................3 credits
Strategic Financial Management

Students must choose 3 of the following:

FIN 366 ~ ..................................................................................3 credits
Financial Institutions
FIN 402 ~ ..................................................................................3 credits
Investment Fundamentals and Portfolio Management
FIN 467 ~ ..................................................................................3 credits
Real Estate Investment
FIN 422 ~ ..................................................................................3 credits
Retirement and Benefit Planning
FIN 428 ~ ..................................................................................3 credits
Insurance for Financial Planning

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/FINP

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate, CHSPE (California High School Proficiency Examination) certificate, or completion of the HSET examination with a passing score.

- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/FINP

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Financial Planning (Undergraduate)
Residency Requirements and Course Waivers for the CERT/FINP

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
  - The following course may not be waived: FIN 486

Re-entry for the CERT/FINP

With the exception of AABEE, BSED/E, BSLN, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.
CERTIFICATE PROGRAMS FOR THE SCHOOL OF HEALTH SERVICES ADMINISTRATION

**Post Master’s Certificate in Nurse Administration**

*The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.*

The Nursing Certificate programs enhance the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete courses in advanced nursing content, process, and leadership. Concentrations in nursing psychiatric-mental health, family nurse practitioner, nursing informatics, nursing administration and nursing education allow students to concentrate on developing increased knowledge and skills in a specific area of content.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at [http://www.phoenix.edu/programs/cert-nad](http://www.phoenix.edu/programs/cert-nad).

**Program Purpose**

This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in nursing administration. The course of study prepares nurses to function in leadership roles in nursing administration. Upon completion of the certificate program, nurses with a graduate degree in nursing and the required practice experience may be eligible to sit for the American Nurses Credentialing Center (ANCC) Nurse Executive – Board Certified (NE-BC) exam. For complete eligibility requirements, reference the complete NE-BC criteria ([www.nursecredentialing.org](http://www.nursecredentialing.org)).

**CERT/NAD Required Course of Study**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Required Course of Study courses must be completed in the order recommended by the University.

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the CERT/NAD**

All applicants are expected to meet the following admissions requirements:

- A master’s degree in nursing (MSN or MN) or doctoral degree in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- A cumulative grade point average (GPA) of 3.0 for all graduate or doctoral coursework on the graduate or doctoral degree posted transcript is required for admission.

- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico

- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their international nursing license equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  - Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  - A signed Foreign Nursing Memorandum of Understanding
  - Signed Criminal Background Check Disclosure
  - Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
  - Signed FERPA Release/Drug Test or Failure to Test Results
  - Signed Clinical Assurance Statement form
Certificate Completion Requirements for the CERT/NAD

- Completion of a minimum of 18 credits.
- A minimum program grade point average (GPA) of 3.0.
- The certificate awarded for this program will read as: Post Master’s Nurse Administration

Academic Progression Requirements for the CERT/NAD

- A minimum grade of C or better in all courses.
- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Clinical experiences/hours cannot be completed during work time at the student's place of employment.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.

Minimum Grade Requirements for the CERT/NAD

- Students in this program are required to achieve a minimum grade of "C" (2.0) in all courses. A "C-" grade is not acceptable. The courses will be scholastically disqualified from the University.
- Students cannot repeat more than one nursing or clinical course.
- Students who fail to achieve the minimum grade requirement on a second course will be scholastically disqualified, permanently withdrawn, from the certificate program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
  - Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the CERT/NAD

- Students must meet established University residency requirement for degree conferment. The University requires that 18 credits in the Required Course of Study must be completed at University of Phoenix.
- The courses in this program cannot be waived.

Re-entry for the CERT/NAD

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
  - The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Post Master’s Certificate in Nurse Education

The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Nursing Certificate programs enhance the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. CERTIFICATE PROGRAMS FOR THE COLLEGE OF INFORMATION SYSTEMS AND TECHNOLOGY

Graduate Business Analytics Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Bay Area. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Master of Information Systems and must be completed via the Online modality.

The Graduate Business Analytics Certificate is designed to provide specific theories, competencies, and skills necessary for success in the field of Business Analytics. This certificate will examine a number of methodologies and tools important to the discipline such as Information Systems Concepts, Database Management, Statistics, IT Architecture, Data Relationship Management, Customer Relationship Management, Analytic Programming and Statistical Business Analytics. Courses in this certificate can be used to help prepare for Oracle and SAS industry certifications.

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at http://www.phoenix.edu/programs/cert-g-ba

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Information Systems and Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will be able to develop and plan for the maintenance of databases for storage of business data and use in business analytics.
- Students will be able to retrieve and analyze data using appropriate statistical operations for use in decision making within an organization.

Required Course of Study for the CERT/G-BA

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Students must select 18 credits from the following course selections:

- BSA 530: 3 credits
- IT Architecture
- MTH 540: 3 credits
- Data Relationship Management
- Statistics
- BSA 550: 3 credits
- Customer Relationship Management
- Analytic Programming
- BSA 570: 3 credits
- Analytic Programming
- BSA 580: 3 credits
- Database Management
- CIS 568: 3 credits
- Information Systems Concepts
- DBM 502: 3 credits

General Information for the CERT/G-BA

This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

Additional Admission Requirements for the CERT/G-BA

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative grade point average (GPA) of 2.5 for all undergraduate coursework on the undergraduate degree posted transcript is required for admission.
- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/G-BA

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

Additional Admission Requirements for the CERT/G-BA

- The certificate awarded for this program will read as: Graduate Business Analytics

Residency Requirements and Course Waivers for the CERT/G-BA

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/G-BA
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult their Academic Advisor for guidance.

Certificate Awards

Upon completion of all courses in a certificate program and submission of the Request for Certificate form, a certificate of completion and a certificate posted transcript will be processed.

Accreditation and Affiliations

The following agencies have supported the development of the certificate program that relates to their specific field:
• The Society for Human Resource Management (SHRM)
• Project Management Institute (PMI), Globally Registered Education Provider (R.E.P)
• Call Center Industry Advisory Council (CIAC)

Tuition and fees are listed in the price tables in the ensuing pages. Tuition charged can vary based on whether a student is considered "new" or "continuing" for purposes of tuition and fees.

NEW STUDENTS

New Students enrolled on or after 1/17/2018, who meet one of the following criteria as of 1/17/2018, will be charged the rates listed in the "Standard Tuition Cost Per Credit" column of the table below, and students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions: 1) individuals enrolling at University of Phoenix who do not have any positive attendance in any degree or credit-bearing certificate program course at the University, 2) University of Phoenix students who have graduated (degree/certificate conferred) from a University of Phoenix degree or credit-bearing certificate (not an en-route certificate) and are enrolling in a new program, and have not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students returning to a University of Phoenix program after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), 4) University of Phoenix students who are changing from a bachelor or master degree program (from which they have not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral), or 5) University of Phoenix students who met any of the preceding New Student criteria on or after 1/17/2018, who subsequently change from a program (from which they have not graduated) to another program at any level, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).

CONTINUING STUDENTS

All Continuing Students as of 2/16/2018, (who meet one of the criteria 1-4 listed below) will be charged the same tuition rates listed in the table ABOVE and will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions, EXCEPT those continuing students who fall into any of the following exception categories:

a) Continuing Students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates

b) Continuing Students who are actively receiving and part of any of the following tuition reduction agreements, that were entered into prior to 1/17/2018, and who have chosen to remain with their tuition agreement rate: the Phoenix Scholarship Rewards Program (PSRP), the Phoenix Academic Achievers Scholarship (PAAS), the PAAS for MBA, the Advancing Nurse Leadership Scholarship, the Non Degree Alumni Discount, and/or employer tuition reductions

c) Continuing Students who are participating in the Near Graduation Tuition Reduction program

d) Continuing Students in any MSC program

All Continuing Students must meet one of the following criteria:

1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 1/17/2018, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 266 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 1/17/2018 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

MILITARY‡

Students who are affiliated with the U.S. Armed Forces, as active-duty service members and family members of active duty and selected reserve will be charged the tuition rates listed in the 'Military Cost Per Credit' column of the table above.

ALUMNI‡

All alumni students who are applying to a new University of Phoenix bachelor program, undergraduate certificate program, or undergraduate non-degree single course; who have previously completed a degree program with University of Phoenix; whose account with the University is in good standing; and who didn't earn the previous degree as an en-route credential; will be charged the tuition rates listed in the 'Alumni Cost Per Credit' column of the table above. Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable alumni rate for this category and the standard tuition rate applies.

ASSOCIATE TRANSFER‡

Students who are applying to a University of Phoenix bachelor’s degree program for the first time and who have earned an associate’s degree from another regionally accredited institution (or nationally accredited nursing program), or who are concurrent enrollment program (CEP) cohort students completing their Associate Degree in Nursing (ADN) and Bachelor of Science in Nursing (BSN) simultaneously, will be charged the tuition rates listed in the ‘Associate Transfer Cost Per Credit’ column of the table above, effective as of the date the associate’s degree is verified on an official transcript by the Office of Admissions and Evaluation (except for CEP cohort students, who are eligible while still completing their ADN). Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable associate transfer rate for this category and the standard tuition rate applies.
Students who receive a reduced tuition rate in one of the categories described above will not be eligible for any other tuition and/or fee reduction, waiver, benefit or offer. If a student wishes to use any other tuition and/or fee reduction, waiver, benefit or offer, it will only be applied to the University’s standard tuition rate.

The three tuition pricing categories defined below are for tuition rates that were in effect prior to 2/16/2018, and which are now only applicable to Continuing Students who have chosen to remain on their tuition reduction program (listed in subsection ‘b’ in the Continuing Students section above), continuing students who are participating in the Near Graduation Tuition Reduction program (see subsection ‘c’ in the Continuing Students section above), or continuing students who have chosen to opt out of the “Continuing Students Effective 2/16/2018” tuition rates. The tuition rates for these categories are listed by program in the pricing table that follows these pricing category descriptions.

Continuing Students Enrolled Between 11/1/2016 and 1/16/2018: The rates and fees shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 11/1/2016 and 1/16/2018 who did not previously have any positive attendance (i.e. "Y" posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 11/1/2016 and 1/16/2018, and had not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 11/1/2016 and 1/16/2018 after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 11/1/2016 and 1/16/2018.

Continuing Students Enrolled Between 3/17/2015 and 10/31/2016: The rates shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 3/17/2015 and 10/31/2016, who did not previously have any positive attendance (i.e. "Y" posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 3/17/2015 and 10/31/2016, and had not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 3/17/2015 and 10/31/2016 after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 3/17/2015 and 10/31/2016.

Continuing Students Enrolled Prior to 3/17/2015: The rates shown below are those charged for students signing an enrollment agreement prior to 3/17/2015, who meet one of the following criteria: 1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 3/17/2015, who have not been out of attendance (no positive attendance “Y” posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 3/17/2015 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

TUITION AND FEES - ONLINE RATES

Tuition and fees are listed in the price tables in the ensuing pages. Tuition charged can vary based on whether a student is considered "new" or "continuing" for purposes of tuition and fees.

NEW STUDENTS

New Students enrolled on or after 1/17/2018, who meet one of the following criteria as of 1/17/2018, will be charged the rates listed in the "Standard Tuition Cost Per Credit" column of the table below, and students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions: 1) individuals enrolling at University of Phoenix who do not have any positive attendance in any degree or credit-bearing certificate program course at the University, 2) University of Phoenix students who have graduated (degree/certificate conferred) from a University of Phoenix degree or credit-bearing certificate (not an en-route certificate) and are enrolling in a new program, and have not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students returning to a University of Phoenix program after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), 4) University of Phoenix students who are changing from a bachelor or master degree program (from which they have not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral), or 5) University of Phoenix students who met any of the preceding New Student criteria on or after 1/17/2018, who subsequently change from a program (from which they have not graduated) to another program at any level, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).

CONTINUING STUDENTS

All Continuing Students as of 2/16/2018, (who meet one of the criteria 1-4 listed below) will be charged the same tuition rates listed in the table **ABOVE** and will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions, EXCEPT those continuing students who fall into any of the following exception categories:

a) Continuing Students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates

b) Continuing Students who are actively receiving and part of any of the following tuition reduction agreements, that were entered into prior to 1/17/2018, and who have chosen to remain with their tuition agreement rate: the Phoenix Scholarship Rewards Program (PSRP), the Phoenix Academic Achievers Scholarship (PAAS), the PAAS for MBA, the Advancing Nurse Leadership Scholarship, the Non Degree Alumni Discount, and/or employer tuition reductions

c) Continuing Students who are participating in the Near Graduation Tuition Reduction program

All Continuing Students must meet one of the following criteria:

1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 1/17/2018, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 1/17/2018 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

MILITARY‡

Students who are affiliated with the U.S. Armed Forces, as active-duty service members and family members of active duty and selected reserve will be charged the tuition rates listed in the 'Military Cost Per Credit' column of the table above.

ALUMNI‡

All alumni students who are applying to a new University of Phoenix bachelor program, undergraduate certificate program, or undergraduate non-degree single course; who have previously completed a degree program with University of Phoenix; whose account with the University is in good standing; and who didn’t earn the previous degree as an en-route credential; will be charged the tuition rates listed in the 'Alumni Cost Per Credit' column of the table above. Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable alumni rate for this category and the standard tuition rate applies.

ASSOCIATE TRANSFER‡

Students who are applying to a University of Phoenix bachelor's degree program for the first time and who have earned an associate's degree from another regionally accredited institution (or nationally accredited nursing program), or who are concurrent enrollment program (CEP) cohort students completing their Associate Degree in Nursing (ADN) and Bachelor of Science in Nursing (BSN) simultaneously, will be charged the tuition rates listed in the 'Associate Transfer Cost Per Credit' column of the table above, effective as of the date the associate's degree is verified on an official transcript by the Office of Admissions and Evaluation (except for CEP cohort students, who are eligible while still completing their ADN). Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable associate transfer rate for this category and the standard tuition rate applies.

‡Students who receive a reduced tuition rate in one of the categories described above will not be eligible for any other tuition and /
or fee reduction, waiver, benefit or offer. If a student wishes to use any other tuition and/or fee reduction, waiver, benefit or offer, it will only be applied to the University’s standard tuition rate.

The two tuition pricing categories defined below are for tuition rates that were in effect prior to 2/16/2018, and which are now only applicable to Continuing Students who have chosen to remain on their tuition reduction program (listed in subsection 'b' in the Continuing Students section above), continuing students who are participating in the Near Graduation Tuition Reduction program (see subsection 'c' in the Continuing Students section above), or continuing students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates. The tuition rates for these categories are listed by program in the pricing table that follows these pricing category descriptions.

Continuing Students Enrolled Between 11/1/2016 and 1/16/2018: The rates and fees shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 11/1/2016 and 1/16/2018 who did not previously have any positive attendance (i.e. “Y” posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 11/1/2016 and 1/16/2018, and had not attempted any other program, with positive attendance (i.e. “Y” posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 11/1/2016 and 1/16/2018 after having no positive attendance ("Y" posted) in any degree or credit-bearing- certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 11/1/2016 and 1/16/2018.

Continuing Students Enrolled Prior to 11/1/2016: The rates and fees shown below are applicable to continuing students who meet one of the following criteria: 1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 11/1/2016, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 11/1/2016, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 11/1/2016, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an enroute credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 11/1/2016 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

CALIFORNIA STUDENT TUITION RECOVERY FUND (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepaid all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Course Descriptions

Course Availability & Updates to Course Information

The courses listed in this section of the University of Phoenix Academic catalog constitute all active, degree-applicable University of Phoenix courses. Not all courses listed in this section are available at every University of Phoenix campus location, and not all courses listed in this section are available via the online instructional modality. This listing of courses is updated on the 1st of every month to reflect any changes to course information that occur up through the 15th of the previous month. Please contact a University representative for additional details about course availability and course information for a specific location or modality of instruction.

Course Descriptions

The course guide lists course descriptions and general course information. The information is presented in alphabetical order by course ID.
<table>
<thead>

</tr>
</thead>
<tbody>
<tr>
<td>ACC 210</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces accounting students to the use of technology and real-world applications. Areas of study include fundamental concepts and technologies (what computers can do for business), the Internet, intranets, electronic commerce, information systems development, basic project management principles, decision support systems, and the benefits of computer and human synergy.</td>
</tr>
<tr>
<td>ACC 230</td>
<td>FINANCIAL REPORTING: PEEKING UNDER THE FINANCIAL HOOD</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students will study how to analyze financial statements and methods used to value companies. Financial reports help managers choose between business paths. They also help investors and analysts evaluate the financial health of companies. This course is a practical means of discovering how financial data are generated and their limitations; techniques for analyzing the flow of business funds; and methods for selecting and interpreting financial ratios. It also presents analytical tools for predicting and testing assumptions about a firm's performance.</td>
</tr>
<tr>
<td>ACC 290</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course is an introduction to financial accounting with an emphasis on using financial data for decision making. The focus will be on the application of basic accounting concepts and principles in enterprise and small business transactions. Students will learn how to identify, measure and report economic events of an enterprise.</td>
</tr>
<tr>
<td>ACC 290T</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course is an introduction to financial accounting with an emphasis on using financial data for decision making. The focus will be on the application of basic accounting concepts and principles in enterprise and small business transactions. Students will learn how to identify, measure and report economic events of an enterprise.</td>
</tr>

<td>--------------------</td>
<td>-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>ACC 291</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces accounting concepts in a business environment. Students learn to create and apply accounting documents in making better business decisions. Other topics include plant assets, liabilities, accounting for corporations, investments, statements of cash flows, financial statement analysis, time value of money, payroll accounting, and other significant liabilities.</td>
</tr>
<tr>
<td>ACC 291T</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course takes an in-depth look at the key areas of the balance sheet mostly reviewed by management for decision making. Students will apply analytical methods used by management to assess the financial statements, and discuss management challenges and possible solutions for improvements. Areas of focus include receivables, plant assets, bonds, stocks, dividends and the statement of cash flows.</td>
</tr>
<tr>
<td>ACC 340</td>
<td>ACCOUNTING INFORMATION SYSTEMS I</td>
<td>3</td>
<td>School of Business</td>
<td>This course is designed to provide accounting students with the proper mix of technical information and real-world applications. Areas of study include fundamental concepts and technologies (what computers do for a business), internets, intranets, electronic commerce, information systems development, basic project management principles, Decision Support Systems, and the benefits of computer/human synergy.</td>
</tr>
<tr>
<td>ACC 349</td>
<td>COST ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course introduces cost terminology and flows, standard cost systems, relevant costing, budgeting, inventory control, capital asset selection, responsibility accounting, and performance measurement.</td>
</tr>

<td>---------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>ACC 400</td>
<td>ACCOUNTING FOR DECISION MAKING</td>
<td>3</td>
<td>School of Business</td>
<td>This course concentrates on effective decision making as it relates to financial activities in a business enterprise. Course topics will include financial assets, liabilities, equity, business operations, financial management, and financial statement analysis. Students will have the necessary analytical tools to enhance business operations.</td>
</tr>
<tr>
<td>ACC 421</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines the conceptual framework of accounting, cash vs. accrual accounting, the income statement and balance sheet, time value of money, cash, receivables, and inventory.</td>
</tr>
<tr>
<td>ACC 422</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines accounting for property, plant and equipment, intangible assets, current liabilities and contingencies, long-term liabilities, contributed capital and retained earnings.</td>
</tr>
<tr>
<td>ACC 423</td>
<td>INTERMEDIATE FINANCIAL ACCOUNTING III</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines dilutive securities and earnings per share, investments, revenue recognition, accounting for income taxes, leases, changes &amp; errors, and the statement of cash flows.</td>
</tr>
<tr>

</tr>
<tr>
<td>ACC 455</td>
<td>CORPORATE TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>This course is a basic introduction to federal corporate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>
<tr>
<td>ACC 456</td>
<td>INDIVIDUAL/ESTATE TAXATION</td>
<td>3</td>
<td>School of Business</td>
<td>This course is a basic introduction to federal individual and estate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>
<tr>
<td>ACC 460</td>
<td>GOVERNMENT AND NON-PROFIT ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>This course covers fund accounting, budget and control issues, revenue and expense recognition and issues of reporting for both government and non-profit entities.</td>
</tr>
<tr>
<td>ACC 466</td>
<td>Advanced Accounting</td>
<td>3</td>
<td>School of Business</td>
<td>This course is a study of advanced accounting theory, applied to specialized topics and contemporary problems. Topics include the preparation of consolidated financial statements; international accounting; foreign currency translations and transactions; and SEC regulations on financial reporting are examined. Particular emphasis is placed on problem solving.</td>
</tr>

<td>--------------------------------------------------</td>
<td>---------</td>
<td>--------------------</td>
<td>-------------</td>
</tr>
<tr>
<td>ACC 491</td>
<td>CONTEMPORARY AUDITING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines auditing standards, professional ethics, evidence, legal liability, audit planning and documentation, materiality and risk, internal control and the overall audit plan and program.</td>
</tr>
<tr>
<td>ACC 492</td>
<td>CONTEMPORARY AUDITING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines auditing from a balance sheet perspective, completion of the audit, internal, operational and compliance auditing, auditors’ reports and other attestation services.</td>
</tr>
<tr>
<td>ACC 497</td>
<td>ADVANCED TOPICS IN ACCOUNTING RESEARCH</td>
<td>3</td>
<td>School of Business</td>
<td>This course in accounting research provides students with an in-depth examination of the Generally Accepted Accounting Principles (GAAP) and acceptable alternative reporting practices. Through comprehensive case studies, students will develop the research application skills necessary to analyze and make decisions regarding accounting reporting dilemmas in for-profit and not-for-profit companies.</td>
</tr>
<tr>
<td>ACC 537</td>
<td>FINANCIAL ACCOUNTING</td>
<td>3</td>
<td>School of Business</td>
<td>In this course, students are introduced to the basic concepts and methods used in corporate financial statements for information of investors and other interested external parties. Topics include University of Phoenix tools, basic accounting concepts, financial statements, inventory and fixed assets, present value of bonds and stockholders’ equity, statement of cash flows, and error correction and accounting changes.</td>

ADM 513 School Law for Educators

This course is designed to provide opportunities for participants to explore the practical application of public school law, including the origin and initial intent of the writers, while recognizing their administrative limitations. Participants examine the constitutional framework and amendments, court systems, and current legal issues, as well as the effect each has on the educational environment. Landmark cases are reviewed and analyzed to develop a cognitive base for legal principles and to improve the administrative management of a school.

ADM 514 School Finance for Educators

This course examines public educational funding and provides an overview for school leaders in the basic concepts of school finance. Topics include economic and social considerations for financing education adequately, equitable, and equally, as well as state and federal roles in education financing, school finance and litigation, finance procedures and practices, and the role of human resources in educational finance. Participants have the opportunity to experience the practical application of these concepts through various tasks, discussions, and scenarios addressing budget and finance issues, culminating in a project to develop their own school district financial plan and budget.

ADM 516 Ethical and Legal Issues for Administrators

This course examines the legal and ethical principles for an educational administrator. Participants will develop and refine the skills necessary to analyze and integrate constructive legal and ethical principles into their practice. Emphasis is placed on the understanding and history of law and ethics needed in the educational setting for a school administrator. Current issues for school administrators featured in this course include curriculum and instruction, assessment and accountability, attendance and truancy, laws and liability, hiring and evaluating, Internet usage, and school safety and security.

ADM 517 Special Education Program Administration

This course is designed to provide educational leaders with information and strategies for administering the legal requirements related to providing an inclusive education to students with special needs to determine effective programs and services. Participants receive a practical guide to the history, laws, and policies of special education, as well as the steps involved in the referral and evaluation processes from Response to Intervention (RTI) through the development of Individualized Education Programs (IEPs) and transition plans. Another focus addresses the roles, responsibilities, and relationships that parents/guardians and advocates have within processes to ensure appropriate services are provided to a diverse population. Budget management for special education programs is also examined.

<td>ELEMENTARY CONTENT METHODS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the methodology and assessment strategies that enhance learning at the elementary level. Integrated content, interdisciplinary teaching, and curriculum and assessment issues are emphasized. Multiple perspectives of students as learners of elementary content, along with current research on pedagogy, are explored. This course provides teacher candidates with an opportunity to develop the ability to use and evaluate instructional and curricular materials and appropriate assessment strategies.</td>
</tr>
<tr>
<td>APE 518</td>
<td>ELEMENTARY MODELS, THEORIES, AND INSTRUCTIONAL STRATEGIES</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the theoretical models that underlie teaching and learning. Teacher candidates analyze the most effective teaching strategies to encourage students to develop a deeper understanding of content and to promote critical thinking. Teacher candidates also examine teaching methods and learn to effectively use students’ prior knowledge to develop lesson plans.</td>
</tr>
<tr>
<td>APE 522</td>
<td>ELEMENTARY - EFFECTIVE LEARNING CLIMATES</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the strategies used in managing a positive and respectful classroom environment within the framework of today’s diverse student population. Topics include models of discipline, establishing expectations and procedures, motivating and engaging students, and effective communication strategies. The course focuses on supporting teacher candidates in developing an individual classroom management plan appropriate for their targeted grade levels and needs.</td>

</tr>
<tr>
<td>BIO 100</td>
<td>INTRODUCTION TO LIFE SCIENCE WITH LAB</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course applies a broad, conceptual understanding of biology. Students are introduced to scientific ideologies and concepts that not only shape the biological world, but also shape humans. Students examine the scientific method, evolution and biodiversity, the biology of cells, physiology, the dynamics of inheritance, and the effect humans have on the environment. The text emphasizes methods and the theoretical foundations of ideas, while minimizing isolated facts. It stresses the integration of ideas, making connections that form an understanding of the living world. The weekly online labs add a practical component to the class. The labs build upon the concepts in the text and offer a chance to interact with the material and further their understanding.</td>

<td>BMCEU 5020</td>
<td>OPERATIONS AND SUPPLY CHAIN MANAGEMENT</td>
<td>0.6</td>
<td>School of Continuing Education</td>
<td>It is the function of supply chain management to enable an organization to get things done, ensure materials and supplies are on hand at the right time, and create processes by which a business functions. Supply chain professionals who understand how to procure resources, produce goods, and sequence activities on time are critical to the success of a business and to the cost-efficient delivery of goods and services. This course covers the basics of operations and supply chain management. Students will learn why supply chain is an essential business function and how it drives the cost-efficient, on-time delivery of goods and services. This course provides 0.6 continuing education units in one, 6-hour workshop.</td>
</tr>
<tr>
<td>BPA 200</td>
<td>PUBLIC SECTOR COMMUNICATIONS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces students to the foundations of communication in a business setting. Students are exposed to various topics related to interpersonal and group communication within the context of applications in an office or virtual office setting. Students will develop skills in various mediums of written communication to include: memos, emails, business letters, and reports. Communication ethics and cross-cultural communications are also explored. Upon completing the course, students will have an awareness of their personal communication style and be able to identify areas for further exploration of communication as a business skill.</td>
</tr>
<tr>
<td>BPA 201</td>
<td>FOUNDATIONS OF PUBLIC ADMINISTRATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course serves as an introduction to the study of public administration. During this course, students will review the political and social theories of public administration. Students will review leadership, human resources, finance, and ethics within a public policy-making environment. This course guides students to become familiar with the contemporary, complex issues facing local, state, and federal public administrators.</td>

The business of retail has embraced big data in nearly all phases of planning. Some retail businesses exist only online, forgoing the traditional "brick and mortar" locations that dominate the industry. With the emergence of online shopping, businesses are recognizing the need to enhance their future growth by connecting with their consumers through digital channels. The retail analytics certificate emphasizes an understanding of Internet marketing, consumer behavior, web analytics, data analysis, inventory management, increased sales and anticipated trends. Upon completing this certificate, students will possess the knowledge and skills necessary to effectively manage a retail business using data analytics.

This course explores the various theories of communication that create the foundation for study of communications in the bachelor's degree program at the University of Phoenix. Major communication areas examined in this course include intrapersonal, interpersonal, group and teamwork, organizational, intercultural, and mass media. Each area, along with others, will be studied in greater depth in subsequent courses in the degree program.

This course explores the dynamics of group communication and effective teamwork. Both social and workplace scenarios will be examined. Analytical techniques will be included to provide effective strategies for communication in these contexts.

This course examines various theoretical frameworks necessary for effective organizational communication. It analyzes the application of communication strategies within organizations in terms of their effectiveness. It provides the infrastructure necessary for the creation and maintenance of successful communication strategies in organizations.

<td>3</td>
<td>College of Social Sciences</td>
<td>Students will demonstrate a basic understanding of human development across the lifespan and of systems for meeting fundamental human needs. The course provides perspectives on individual roles in families, groups, and interpersonal relationships in communities, society, and organizations. Essential coursework components of human systems and development include theories of group dynamics and diversity, culture, aspects of human sexuality, social systems theory, and general processes effecting both developmental and social change. Students will complete Module 8 of the MHF training. (3 credits).</td>
</tr>
<tr>
<td>BSHS 335</td>
<td>ETHICS AND VALUES FOR HUMAN SERVICE PROFESSIONALS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will become familiar with ethical standards for human service workers as outlined by the National Organization for Human Services (NOHS). An emphasis is placed on understanding concepts of least intrusive intervention, least restrictive environment, facilitating client self-determination, appropriate professional boundary maintenance, and employing interdisciplinary team approaches to problem-solving. Students will demonstrate understanding of requirements for client confidentiality, electronic record keeping, and portability of client information.</td>
</tr>
<tr>
<td>BSHS 345</td>
<td>DIVERSITY AND SPECIAL POPULATIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>The emphasis of this course is on the context of diverse social systems including roles of ethnicity, gender, sexual orientation, cultural dynamics, socio-economic status, variations of learning styles, and individual ability in evaluation and client needs assessment. To complete this course, a student must demonstrate knowledge and understanding of human limitations and capacity, and of the resilient nature of humans. The course involves an exploration of special populations to include individuals with disabilities, economically disadvantaged families and foster children, single parents including single pregnant women, displaced homemakers, individuals with barriers to educational achievement (including those with limited English proficiency), the aging and elderly, individuals preparing for nontraditional employment, tribal communities, refugees and immigrants, and underserved or hard- to-serve populations in general. Students will complete Module 9 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 355</td>
<td>DELIVERY OF HUMAN SERVICES: THEORY AND PRACTICE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course facilitates identification of specific human needs and conditions, which are the core of the human services profession, and the range of human service delivery systems that address them. The conditions most often encountered with addictions and chemical dependency, aging populations, crime, mental and physical illnesses, poverty, delinquency and developmental disabilities will be explored in depth. On completion of this course students will demonstrate knowledge of theory and skills necessary for employing the major models of human service delivery at individual, group and community levels with attention to global influences effecting social policy and the political and ideological perspectives on human services delivery internationally. Students will complete Module 2 of the MHF training.</td>

<td>INFORMATION SYSTEMS AND TECHNOLOGY IN HUMAN SERVICES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides the foundation for appropriate integration and use of information management systems crucial to the delivery of human services. Skills developed include methods of obtaining, organizing, analyzing, evaluating, maintaining and disseminating information. Domains addressed in the course involve the application of confidentiality guidelines and the appropriate use of client data, utilizing technology to assist in conducting needs assessments and basic program evaluation, and accessing research literature for advocacy and education initiatives. Basic computer skills such as word processing and the use of spreadsheets for maintaining a database are addressed along with a survey of assistive technology available for a range of special needs populations.</td>
</tr>
<tr>
<td>BSHS 385</td>
<td>INTERPERSONAL COMMUNICATION AND INTERVIEWING SKILLS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Human Services delivery requires expertise in communicating well with a wide range of people and groups. A key component of effective communication is the development of genuine positive regard for others, skill in establishing empathic relationships, and obtaining information needed for effective intervention with successful outcomes. This course provides knowledge of theory and practice in interpersonal communication. Students will learn skills for resolving conflict, establishing positive rapport, assisting clients in becoming clear about goals and focusing on outcomes, and practicing professional and ethical behaviors in all client interactions. Students will complete Modules 3, 4, 5 and 6 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 395</td>
<td>CLIENT ASSESSMENT AND PLANNING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course enables students to understand the process of conducting needs assessments, developing an action plan for services, implementing the action plan, and subsequent evaluation of outcomes. Students will learn the process of developing goals and measurable objectives, designing an individualized program for clients, implementing the program, and using ongoing assessment and evaluation of results to revise or modify individualized programs. Students will demonstrate competency in identifying needs, and mobilizing resources and necessary supports for assisting clients in meeting goals. Students will complete Module 10, 11 and 12 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 405</td>
<td>INTERVENTION, DIRECT SERVICE DELIVERY &amp; CASE MANAGEMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an overview of the role of the human service worker as a change agent with a focus on the application of theory and skills necessary for providing interventions and direct service delivery to individuals and groups. Specifically, students will develop competence in professional skills such as case management, client intake and interviewing, and basic group and individual counseling techniques. Additionally, students will learn how to access resources, use consultation, and make referrals. Students will complete Module 16 of the MHF training. (3 credits) Prerequisite: BSHS 395.</td>

<td>FAMILY AND SOCIAL SYSTEMS: CONTEMPORARY TRENDS AND ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Theories of public and private families, as differentiated by societal interaction, are explored with a focus on family systems as they exist within social systems. Micro and macro family environments are investigated. Students will examine theories involving the interconnected and interdependent features of contemporary families in a range of social systems. Topics include the family, the state, and social policy with historical perspectives from federal and state legislation. Students will debate current trends in social policy, the efficacy of social welfare systems on a global scale, and demonstrate an understanding of the concept of practical compromise. Roles of the human service worker as advocate and service provider in the family systems context will be addressed.</td>
</tr>
<tr>
<td>BSHS 407</td>
<td>FAMILY VIOLENCE ACROSS THE LIFESPAN: A MULTI-STRATA PROBLEM</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course explores the phenomenon and social problem of family violence with both macro- and micro-theory explanations and an in-depth literature review. Students will demonstrate an understanding of assessment strategies, consequences and contributing factors of family violence across socio-economic strata and the full range of diverse populations experiencing family violence. Attention is focused on professional and social responses that include clinical interventions, educational initiatives within schools, and responses to the disclosure of family violence in agency and private settings. Skills to develop a human services approach to preventing family violence are enhanced in this course; students are required to outline their own personal and professional roles in the movement to end family violence.</td>
</tr>
<tr>
<td>BSHS 408</td>
<td>CHILDHOOD ABUSE AND NEGLECT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course focuses on the segment of family violence involving physical child abuse, child sexual abuse and exploitation, child neglect and psychological maltreatment of children. Students will examine the scope of these problems and the characteristics of both victims and perpetrators while conducting a search for patterns and dynamics of each distinction. Students will demonstrate knowledge and understanding of reporting requirements, treatment interventions, repressed memory controversy, working within the criminal justice system and the tenets of the Children's Justice Act addressing investigation, prosecution and judicial handling of abuse and neglect cases. Areas of focus involve various forms of each category including indicators for the range of abuses on an international scale with child labor, slavery, and child prostitution issues.</td>
</tr>
<tr>
<td>BSHS 411</td>
<td>FIELD EXPERIENCE/PART II</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Curriculum Guide Description 04/01/2004; This course will provide relevant information and support to assist students in their second field experience placement experience in a human service organization. Students will conduct interviews, create learning contracts, and develop a further understanding of their role in the human service delivery system. Weekly workshops are provided to offer support and supervision of student activities in the field. Students will complete a total of 100 hours of field experience during a 10-week period. Supervision will be provided on a weekly basis in 2-hour group sessions. Students will be exposed to the 12 Core Competencies of the BSHS program, with an emphasis on Assessment, Documentation, Facilitation of Services, and Community Living Skills and Supports.</td>

<td>FIELD EXPERIENCE I</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a field placement site. Students will work in a human services setting under the supervision of a qualified professional. In addition to providing direct service, students will attend a weekly 2-hour class for faculty supervision and evaluation of core competency development. Typical activities of a field placement involve employing skills acquired so far in the program progression: conducting interviews, working directly with clients and groups, developing action plans and documenting. Students will complete Modules 13 and 14 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 4150</td>
<td>ORIENTATION TO FIELD EXPERIENCE</td>
<td>0</td>
<td>College of Social Sciences</td>
<td>This course will provide an overview of the expectations and requirements for a successful Field Experience. Students will be provided with information regarding field placement with approved sites, documentation of field experience, and requirements for supervision. Orientation is offered well in advance of the first Field Experience course, BSHS/415 to provide students ample time for field site selection. (0 credits) Prerequisite: BSHS 375. May not be taken as Directed Study.</td>
</tr>
<tr>
<td>BSHS 425</td>
<td>ADMINISTRATION &amp; MANAGEMENT OF HUMAN SERVICE PROGRAMS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Administration and management involve components of indirect services associated with systematic delivery of direct human services. Students will learn theories of strategic planning, human resource management, strategies for evaluation and planning the development of human service organizations, elements of agency operations, risk management, budgeting, and fiscal acquisition through grant writing and contract negotiation. The emphasis of this course is on leadership development, and managing professional and volunteer staff. Additional content areas addressed in the course involve advocacy efforts and grass roots movements focused on constituency building.</td>
</tr>
<tr>
<td>BSHS 426</td>
<td>HUMAN SERVICES MANAGEMENT: THEORY &amp; PRACTICE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course traces the historical context of human services management as it relates to current theory and practice. Students will examine strategies for managing an integrated, diverse workforce and prepare to be generalists, understanding the scope of leading an organization with commonly encountered agency pressures. Students will employ learned management practices to inspect, distinguish, and measure the important attributes of program management and supervision. By demonstrating a basic understanding of organizational behavior and the challenges of embracing workforce diversity, dynamic systems change, performance evaluation and effective communication with a range of Para-professional and professionals, students will explore their roles as managers in the growing human services field. (3 credits) Prerequisite: BSHS/425</td>

<td>HUMAN SERVICES PROGRAM DESIGN AND PROPOSAL WRITING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course introduces students to the purposes, challenges and benefits of program design and grant writing. Students will review components of each and conduct a needs assessment and develop a business case for implementation on program design. Special attention will be given to research for finding available funding sources and how to form important partnerships. Students explore the methods of research using quantitative, qualitative and mixed-method program design concepts. Students will examine concepts of logic models and their impact on people, processes, and conditions related to program design. Using a specific framework, learners will uncover funding possibilities and use tools to prepare for the rigor related with grant writing. Resources and tools to secure funding for state, federal and private human services programs and agencies are examined. Students will be introduced to the processes, obstacles and costs associated to grant writing and program design.</td>

<td>RESEARCH AND STATISTICS IN HUMAN SERVICES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course provides an overview of research methods and appropriate use of statistics in the social sciences. A component of program development and evaluation involves knowledge of theory related to understanding research and statistics in the human services arena. The scientific method, research tools, data collection, and analysis will be reviewed. Understanding research and developing the ability to critically evaluate published research reports will be emphasized. Statistical concepts will be reviewed, and students will gain a conceptual understanding of underlying principles of research and statistical analysis. Statistical software will be introduced, and students will compute descriptive and inferential statistical data. Students will practice developing research designs and conducting statistical analyses.</td>
<td></td>

<td>BSHS 437</td>
<td>SOCIAL SYSTEMS AND AGING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course traces the origins of social systems for the aging around the world, followed by an examination of program types, the effects on retirement, demographic changes, political sustainability of social programs for the aging, institutional settings and labor supply. Students will define and measure population aging by comparing and contrasting U.S. data with other countries by exploring elderly dependency and age-dependency ratios. Additional topics for discussion and demonstrated understanding by students include: the biology of aging and the pathology of memory, disengagement theory, mental health issues such as depression, suicide, and the psychology of aging, the aging family and changes in family structure, intra- and inter-generational relationships across various societies, and healthful aging ideology.</td>

<td>CARE FOR AGING POPULATIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>The course is an exploration of various living environments for aging and elderly including retirement communities, living with relatives and/or children, independency, assisted living, the goodness-of-fit between lifestyle and housing, and managing long-term care. Students will demonstrate knowledge of segregated versus age-integrated residential settings and the impact on residents. An in-depth investigation of care-related issues across the growing aging population will include topics such as chronic illness, subsidized and un-subsidized healthcare related expenses, and needs assessment protocol. The basic model and principles of integrative, interdisciplinary healthcare is presented as the foundation for a team approach to the development of intervention plans, strategies of care, and implementation.</td>
</tr>
<tr>
<td>BSHS 439</td>
<td>GRIEF, LOSS AND END OF LIFE ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will learn strategies for facilitating the transition from curative measures to palliative care for the relief of emotional/psychological distress, pain, and a range of physical symptoms. Core competencies involve demonstrated learning of methods for anticipating the demands of end-of-life caregiving including advanced directives, 24/7 services, hospice case management, care and placement options, and easing the common challenges as individuals and families move from care and grief modalities to acceptance and healing. Students will demonstrate understanding of patient and caregiver needs and roles in late life care with topics that include: practical care assistance and early preparation, referral for financial and legal assistance, comfort and dignity issues, respite care, grief support, focusing on client values and concerns, and addressing family conflict.</td>
</tr>
<tr>
<td>BSHS 445</td>
<td>SURVEY OF CRISIS AND MENTAL HEALTH ISSUES AND INTERVENTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students explore the relationship between mental health and human service delivery systems in the United States as well as global initiatives for improving the international service-base. Students will learn to define and describe the nature and process of crisis and the impact of trauma-causing events on the mental health of diverse clients. Students will compare and contrast the range of service delivery modalities and networks, including the operation of emergency management systems, and will demonstrate understanding of roles and skills needed when services are provided in emergency and crisis situations. The course facilitates development of skills necessary for assessing and managing suicide risk. Students will complete Module 15 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 455</td>
<td>WORKING WITH ADDICTIONS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to the biology of addiction, including brain reward mechanisms, the role of environment and genetics, psychodynamics, and the impact of addiction on individuals, families, and communities. The roles of addiction in society in relationship to the judicial system, treatment systems, progressive era reforms, and complications of dual diagnosis are emphasized in the course. The course examines major models of conceptualizing and integrating prevention, intervention, rehabilitation and maintenance/relapse prevention. Students will learn strategies for accessing supportive measures and case management processes for developing wrap-around action plans for service delivery to individuals and groups with addiction and chemical dependence related issues.</td>

<td>ADDICTION INTERVENTIONS FOR HUMAN SERVICE WORKERS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course has a focus on familiarizing students with fundamental interventions used in drug and alcohol treatment settings. Students will conduct an investigation of 12-step, alternative support group, secular organization, therapeutic community, and structured in-patient/outpatient approaches to intervention and treatment. Students will be prepared to apply basic skills for assessing and evaluating client needs, making referrals, and working as a colleague in groups of professional service providers. An exploration of commonly used evaluation instruments for assessing level of care is underscored along with tenets of co-facilitation of treatment groups and assessing special population needs. Students will demonstrate foundational knowledge and understanding of guidelines for treatment as outlined by the Substance Abuse and Mental Health Services Administration and the American Society of Addiction Medicine’s Patient Placement Criteria.</td>
</tr>
<tr>
<td>BSHS 457</td>
<td>CODEPENDENCE AND WORKING WITH FAMILIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will demonstrate an understanding of the impact of controlling behaviors and supporting dysfunction in relation to addictions and families. Theories of codependency are explored as a disease of loss of selfhood and an addiction resulting from an imbalance of inner and outer self-awareness. Cardinal characteristics of codependence are examined with a focus on chronic, progressive, malignant and treatable features. Students will demonstrate understanding and skill in case management and referral for treatment in addition to assisting clients with recovery goals, self-awareness, self-acceptance, self-responsibility and self-reflection with a focus on prevalence, and consequences of codependency in families.</td>
</tr>
<tr>
<td>BSHS 458</td>
<td>ACTION PLANNING, RELAPSE PREVENTION AND AFTERCARE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides advanced skills development for the addiction and chemical dependency human service worker. Students will conduct an in-depth evaluation of various treatment approaches employed when preparing action plans with clients. An investigation of comprehensive treatment programs, community action programs, school-based programs, and public health approaches to relapse prevention and aftercare strategies will provide students an opportunity to develop and present an individualized program for a fictional client. Students will demonstrate an understanding of policy issues, managed care, private and public insurance, and advocacy for the consumer in relation to addiction and dependency issues.</td>
</tr>
<tr>
<td>BSHS 465</td>
<td>PROFESSIONAL DEVELOPMENT AND IDENTITY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students will explore processes for enhancement of self-awareness and the effect of personal style and personality on human service delivery. Students will examine personal values, cultural differences and biases, individual philosophies and belief systems then integrate this understanding of self into the development of an identity as a human service professional. Students will demonstrate strategies for cultivating self-awareness and modeling self-care. Students will investigate the value of membership in supportive professional organizations such as the National Organization for Human Services (NOHS). Students will complete Module 17 of the MHF training.</td>

<td>FIELD EXPERIENCE II</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a community human services placement site. Weekly seminars (2-hours per week) are provided to offer support and supervision of the student activities during their field experience. Students will learn to present issues for supervision. Each student will create a portfolio of his or her competencies and accomplishments for career purposes. This course requires accumulation of the total 350 service hours necessary for graduation from the program (the first 175 hours were compiled in BSHS/415, FE I) and demonstration of a professional attitude and disposition as evaluated in 8 domains: Professionalism, Personal Growth, Sensitivity, Flexibility, Emotional Maturity, Group Membership Skills, Accepting Feedback, and Relationship with Authority. Students will complete Modules 7 and 18 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 485</td>
<td>CAPSTONE: ADVOCACY AND CREATING SOCIAL CHANGE</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is the culmination of the BSHS program with a focus on the basic tenets of client advocacy efforts and the processes of creating social change. As human services professionals, students will demonstrate strategies for using their knowledge and skills for understanding and helping clients. The Capstone Project asks students to develop an advocacy action plan that addresses a local need they have determined utilizing a community needs assessment. Students will complete Module 19 of the MHF training.</td>
</tr>
<tr>
<td>BSHS 491</td>
<td>FIELD EXPERIENCE /PART III</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will provide relevant information and support to assist students in their third field experience in a human service organization. Students will conduct interviews, learn to create a learning contract, and develop a greater understanding of their role in the human service delivery system. Weekly workshops are provided to offer support and supervision of student activities in the field. Students will complete a total of 100 hours of field experience during a 10-week period. Supervision will be provided on a weekly basis in 2-hour workshop meetings. Students will be exposed to the 12 Core Competencies of the BSHS program, with an emphasis on Advocacy, Crisis Intervention, Organizational Participation, and Vocational, Educational and Career Support.</td>

<td>INDIVIDUAL AND FAMILY DEVELOPMENT ACROSS THE LIFE SPAN</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course presents students with theoretical frameworks to foster an understanding of the various dimensions of human development. Emphasis is placed on biological, cognitive, and psychosocial development within the context of gender, family systems, social roles, and culture.</td>
</tr>
<tr>
<td>CCMH 506</td>
<td>PERSONALITY THEORIES AND COUNSELING MODELS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course enables students to differentiate among the primary theoretical models of personality theory and counseling practice, including psychodynamic, affective, cognitive behavioral, humanistic, interpersonal, multicultural, and systems theory. A focus on evidence-based practices that incorporate cultural diversity issues with population-specific approaches is a significant feature of this course. Emphasis is on the importance of students recognizing belief systems that accurately reflect their own personal style and to recognize strategies and approaches likely to be most successful with a particular client population. Students have opportunities to establish a strong theoretical foundation as the basis of clinical practice and to evaluate and assess clinical situations for implementation of therapeutic interventions that are gender and culturally appropriate. Assessment and intervention for emergency/crisis is introduced.</td>
</tr>
<tr>

<td>CAREER AND VOCATIONAL COUNSELING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides the student with a comprehensive overview of vocational theory and career counseling. It includes the historical foundations of vocational theory and the relationship of these to skills and techniques utilized in career counseling and vocational development practices. Vocational and career counseling is examined as an integral component of the overall assessment and treatment of clients representing diverse populations found within the scope of community, mental health, and marriage and family counseling. Emphasis is placed on the examination of adults in transition and the nature of work in a changing world. Students develop competencies necessary to provide career and vocational counseling to clients across the lifespan.</td>
</tr>
<tr>
<td>CCMH 544</td>
<td>INTRODUCTION TO CLINICAL ASSESSMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to models and tools of assessment and diagnosis for the purpose of developing competency in evaluation and treatment planning for professional counseling practice. Students learn about and practice intake assessment techniques, mental status examinations, using the Diagnostic and Statistical Manual of Mental Disorders (DSM), outcome-based treatment planning, and behavioral analysis. Emphasis is placed on writing clear, accurate, and useful assessments and treatment plans. Multicultural and ethical issues in assessment are also explored.</td>
</tr>
<tr>
<td>CCMH 547</td>
<td>BASIC CLINICAL ASSESSMENT AND PSYCHOMETRICS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to models and tools of clinical assessment and diagnosis techniques, including tests and test reports used in counseling and behavioral analysis. Students use the current edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) to practice writing clear, accurate, and useful intake assessments, mental status examinations, and outcome-based treatment planning. Special focus is placed on psychometric properties of tests, test selection criteria, administration, interpretation, and reporting of test results. Multicultural and ethical issues in assessment and psychometrics are also explored.</td>
</tr>
<tr>
<td>CCMH 548</td>
<td>PSYCHOPATHOLOGY: ADVANCED CLINICAL ASSESSMENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Students build on the skills gained in CCMH/544 (Introduction to Clinical Assessment), focusing on the more complex or problematic disorders with particular focus on personality disorders. Students enhance their skills by using the DSM for report-writing and treatment plan development. Emphasis is on accepted treatment approaches and outcome-based assessments; the development of critical thinking skills; and on multicultural, legal, and ethical issues.</td>

<td>3</td>
<td></td>
<td>This course provides students with intensive knowledge, awareness, and skill-building in group counseling. Content emphasizes such areas as different types of groups, dynamics, norms and boundaries, leadership styles, leading and co-leading, and treatment plans. Confidentiality, selection procedures, ethics, and diversity are included as key components of effective group counseling practice.</td>
</tr>
<tr>
<td>CCMH 578</td>
<td>SEMINAR CLINICAL MENTAL HEALTH</td>
<td>3</td>
<td></td>
<td>This course integrates mental health foundations with historical, philosophical and contextual dimensions of clinical mental health counseling practice, and reviews the trends in both the knowledge and skills necessary to practice clinical mental health counseling. Additionally, this course explores current national and local issues relevant to the practice of mental health counseling. Community resources and professional networks are explored as a means of demonstrating the integration of the profession in a social context. Issues surrounding the need for ongoing professional identity development, including membership in professional organizations, are examined as a strategy for counselor involvement in advocacy processes. Students will investigate professional roles, functions, and relationships with other human services providers. Additionally, application of counseling models for diverse needs and settings, including crisis and trauma, are investigated in-depth.</td>
</tr>
<tr>
<td>CCMH 581</td>
<td>SUPERVISION/MANAGEMENT IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td></td>
<td>This course is an overview of supervision and management as they relate to the practice of counseling. Models of supervision and counselor development, supervision and management processes, assessment and evaluation issues, and ethical and legal aspects of supervision are emphasized. Students explore their skills in management, supervision, and consultation, particularly as they relate to recent changes in the mental health care delivery system.</td>
</tr>
<tr>
<td>CCMH 585</td>
<td>COMMUNITY COUNSELING</td>
<td>3</td>
<td></td>
<td>This course examines principles, theories, and practices of community counseling and interventions. Topics include needs assessment, design and utilization of programs and facilities for inpatient, outpatient, partial treatment, and aftercare, as well as the utilization of the public and private mental health counseling services networks in local communities. Other topics addressed include community-based strategies for crisis intervention, interdisciplinary community outreach, and trauma counseling. Related ethical practice is integrated.</td>

<td>CRIMINOLOGY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Criminology is an introductory course in the study of crime and criminal behavior, focusing on the various theories of crime causation. This course highlights the causes of crime, criminal behavior systems, societal reaction to crime, and criminological methods of inquiry.</td>
</tr>
<tr>
<td>CJA 315</td>
<td>CRIMINAL PROCEDURE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the basic core knowledge of constitutional criminal procedure. Emphasis is placed on the Fourth, Fifth and Sixth Amendments; searches and seizures; interrogations and confessions; identifications; and pre-trial and trial processes. In addition, the United States Constitution as interpreted by the U.S. Supreme Court is examined along with philosophical policy considerations. Application of core knowledge is developed through simulation exercises and examining homeland security issues.</td>
</tr>
<tr>
<td>CJA 324</td>
<td>ETHICS IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the standards and codes of professional responsibility in criminal justice professions (e.g., Law Enforcement Code of Ethics, ABA Standards of Professional Responsibility, American Jail Association Code of Ethics for Jail Officers, and the American Correctional Association Code of Ethics). It also explores analysis and evaluation of ethical dilemmas, roles of professional organizations and agencies, ethics and community relations, ethics in criminal justice laws and procedures and civil liability in law enforcement and correctional environments.</td>
</tr>
<tr>
<td>CJA 325</td>
<td>CRIMINAL ORGANIZATIONS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a survey of the origins and development of organized crime in the United States. It examines the structure and activities of organized criminal enterprises, considers different models that have been employed to describe organized crime groups, and explores theories that have been advanced to explain the phenomenon. Major investigations of organized crime and legal strategies that have been developed to combat it are also considered.</td>

<td>RESEARCH STATISTICS</td>
<td>3</td>
<td>College of Criminal Justice</td>
<td>Students learn to perform introductory statistical techniques common to the criminal justice system including descriptive and inferential statistics, correlation, and factor analysis and demonstrate knowledge of the application and limitations of specific statistical tests. Students also analyze and critique the use of statistics in research published by criminal justice researchers.</td>
</tr>
<tr>
<td>CJA 344</td>
<td>CULTURAL DIVERSITY ISSUES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice</td>
<td>This course offers a comprehensive, critical and balanced examination of the issues of crime and justice with respect to race and ethnicity. Procedures and policy in a pluralistic and multicultural society are examined relative to law enforcement, courts and corrections environments.</td>
</tr>
<tr>
<td>CJA 345</td>
<td>RESEARCH METHODS AND EVALUATION</td>
<td>3</td>
<td>College of Criminal Justice</td>
<td>Students learn and demonstrate knowledge of research methodology including problem formulation, design, data collection and analysis, interpreting and summarizing research findings while exploring the range and scope of research and evaluation tools available to the criminal justice professional. Students also analyze and critique criminal justice program and service evaluations published by criminal justice research professionals.</td>
</tr>
<tr>
<td>CJA 355</td>
<td>GRANT WRITING</td>
<td>3</td>
<td>College of Criminal Justice</td>
<td>This course explores the basics of grant and proposal writing for criminal justice programs and agencies, from needs assessment to finding federal, state, and private funding. Students will practice program design and evaluation, research various grant application components and requirements, and identify funding sources and suggestions to develop successful grant proposals.</td>

<td>BUDGET, FINANCE, AND PLANNING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores public sector revenue sources, allocation of funds, governance, public stewardship, responsible economic policies, debt, and the requirement for accurate and complete reporting. Various budgetary approaches used in federal, state, and local agencies are analyzed.</td>
</tr>
<tr>
<td>CJA 374</td>
<td>JUVENILE JUSTICE SYSTEMS AND PROCESSES</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a general orientation to the field of juvenile justice, including causation theories and the development of system responses to delinquent behavior. The problems facing juveniles today are addressed, and adult and juvenile justice systems are compared, including initial apprehension, referral, and preventative techniques. Specific issues examined include chemical dependency, mental illness, and compulsive and habitual offenders. Special attention is given to the problems inherent in the police handling of juveniles and the function of juvenile courts.</td>
</tr>
<tr>
<td>CJA 375</td>
<td>INTERAGENCY COMMUNICATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the relationships across all internal and external areas and levels of government regarding effective emergency management. Students examine the required planning, response, recovery, and mitigation components that government agencies must consider. Network management theories, inter-organizational communication, and potential collaboration models are explored.</td>
</tr>
<tr>
<td>CJA 385</td>
<td>CRIMINAL JUSTICE POLICY ANALYSIS &amp; PROGRAM EVALUATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Students learn and demonstrate knowledge of models and operational strategies used to develop and evaluate criminal justice policies and programs including issue identification, development of alternative solutions and strategies, and predicting the potential impact of justice system policy alternatives and programs. Students also analyze and critique criminal justice policy and program evaluations published by criminal justice research professionals.</td>
</tr>
<tr>
<td>CJA 395</td>
<td>CURRENT ISSUES/FUTURES IN CRIMINAL JUSTICE MANAGEMENT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines both the principle issues in contemporary criminal justice management as well as the extrapolation of such issues toward possible futures within the criminal justice management field. Students will focus on relevant research in policing, courts, and corrections that reflect key elements of current conditions and what may be expected in the years to come that will be important to criminal justice administrators. Students will apply critical review and engage in in-depth discussion of these concepts as a basis for comprehensive understanding at local, state, national, and global levels of criminal justice administration.</td>

<td>ORGANIZATIONAL BEHAVIOR AND MANAGEMENT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course in organizational behavior encompasses the study of individual and group behavior as they apply to criminal justice organizations - court systems, law enforcement, and corrections. Managing organizational behavior challenges individuals to understand organizational structure and systems, leadership, motivation, effective communication, change management, and performance systems. A comprehensive review of these processes, as well as others, will allow students to examine their role in criminal justice systems in our rapidly changing society.</td>
</tr>
<tr>
<td>CJA 454</td>
<td>CRIMINAL JUSTICE MANAGEMENT THEORY AND PRACTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course applies management and financial principles to criminal justice organizations. Emphasis is placed on budgets, financial accounting principles and assessing the effectiveness of the activities of criminal justice organizations. Constitutional requirements, court decisions, and legislation (such as EEOC requirements) as they impact management in criminal justice organizations are discussed. Basic accounting and financial terminology, and purposes and formats of financial statements are introduced: depreciation of assets, capital budgeting, cash management, lease versus purchase, and inventory management.</td>
</tr>
<tr>
<td>CJA 474</td>
<td>MANAGING CRIMINAL JUSTICE PERSONNEL</td>

<td>FORECASTING AND STRATEGIC PLANNING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course provides pre- or in-service administrators/managers the knowledge, skills and tools necessary to consider the long-term mission and direction of various criminal justice agencies and to build strategy and operations from both internal and external stakeholders to achieve identified mission goals. Students consider strategic planning as a process and method for implementing effective strategic management. Students receive a high-level overview of data collection and analysis methods for strategic planning that provide the ability to develop long-term solutions to continually evolving organizational challenges. Students explore long-term strategic management options, and how to use that information in planning, decision making, and developing strategies for more efficient organizational management of operations and programs.</td>
</tr>
<tr>
<td>CJA 484</td>
<td>CRIMINAL JUSTICE ADMINISTRATION CAPSTONE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This capstone course for the criminal justice administration undergraduate degree program provides students with an integration of acquired knowledge of theory to practical applications. Particular attention is given to integrating core content of criminal justice administration with specialized content from students’ selected concentration area. Students will assess the impact of their educational experiences on their professional competence and values, critical thinking and problem solving, communication, information utilization, and collaboration skills.</td>
</tr>
<tr>
<td>CJHS 395</td>
<td>ISSUES AND FUTURES IN HUMAN SERVICES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines both the principle issues in contemporary human services in the criminal justice system as well as the extrapolation of such issues toward possible futures within human services in the criminal justice field. Students will focus on relevant research that reflects key elements of current conditions and what may be expected in the years to come. Such research will reflect case management, mental health care, crisis and trauma situations, and legal requirements affecting children and families as they relate to policing, courts, and corrections; the main components of the criminal justice system. Students will apply critical review and engage in in-depth discussion of these concepts as a basis for comprehensive understanding at local, state, national, and global levels of human services in the criminal justice system as addressed by criminal justice administration.</td>
</tr>
<tr>
<td>CJHS 400</td>
<td>THEORY AND PRACTICE: HUMAN SERVICES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Students explore major theoretical areas in human services, including psychotherapeutic, behavioral, cognitive, multicultural, and systems theories. Students learn the foundational concepts associated with the major theories, approaches to change, and techniques and interventions used by practitioners. This course emphasizes the development of a personal theory and approach to human services within criminal justice. In addition, students analyze the practical applications of theory-based techniques that criminal justice and human services professionals use while working in the criminal justice system.</td>

<td>MENTAL HEALTH AND CRISIS INTERVENTIONS IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>Students learn about human services delivery, crisis intervention, and mental health services within the criminal justice system. Students explore the skills associated with crisis intervention and mental health services and how they are applied in the field. Strategies for providing services to various populations in the criminal justice system also are examined.</td>
</tr>
<tr>
<td>CJHS 420</td>
<td>CASE MANAGEMENT AND SERVICES PROVIDED IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course covers principles, practices, and issues in case management. Students learn about the nature of diagnoses, basic interviewing skills, and how to identify treatment resources in the criminal justice system. Ethics and professional boundaries in case management are also examined.</td>
</tr>
<tr>
<td>CJHS 430</td>
<td>COLLABORATIVE SERVICES IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course examines the collaboration between human service professionals and those working in the criminal justice system. Students analyze the roles of mediator, advocate, and agency representatives to include forensic evaluation. Overcoming barriers to effective service delivery through the use of collaboration is also considered.</td>
</tr>
<tr>
<td>CJS 200</td>
<td>FOUNDATIONS OF THE CRIMINAL JUSTICE SYSTEM</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introduction to the foundational elements of the criminal justice system. Students will begin to examine this system from its influential past to its multi-faceted present to its theorized future. This course gives the student an interactive pathway through the laws that protect the system, through the people that enforce the system, and through the courts that govern this system. It also provides an overview of the correctional systems, their impact, and their roles in our society. Other topics include crime causation, terrorism.</td>
</tr>
<tr>
<td>CJS 201</td>
<td>INTRODUCTION TO CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introductory overview of the organization and jurisdictions of local, state, and federal law enforcement, judicial and corrections agencies, and processes involved in the criminal justice systems. It examines the historical and philosophical aspects of the police, the courts, and the correctional system, as well as the philosophy. Additionally, career opportunities and qualifying requirements, terminology and constitutional limitations of the system will also be covered.</td>
</tr>
<tr>
<td>CJS 205</td>
<td>COMPOSITION FOR COMMUNICATION IN THE CRIMINAL JUSTICE SYSTEM</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to communicate effectively in both verbal and nonverbal forms. Students explore best practices of investigative reporting and composing written communications, such as administrative reports and memos, interpreting and using body language, and interpersonal interactions within criminal justice settings. This includes interactions with victims, suspects, incarcerated persons, as well as government officials, staff, and civilians.</td>
</tr>
<tr>
<td>CJS 210</td>
<td>FUNDAMENTALS OF POLICING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course provides students with the opportunity to gain a basic understanding of policing in the United States. It examines the history of the police, the emerging role of private security, and the organizational structure of police departments. This course will also discuss the relationships between the police department and their respective communities. Other topics include recruitment processes, diversity, culture, and laws that govern policing. Students will have the opportunity to research their local police department for a closer look at policing in their community.</td>
</tr>
<tr>
<td>CJS 211</td>
<td>ETHICS IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores the standards and codes of professional responsibility in criminal justice professions. It also explores ethical dilemmas, professional organizations and agencies, ethics and community relations, ethics in criminal justice laws and procedures, and civil responsibility in law enforcement and correctional environments.</td>

<td>INTRODUCTION TO FORENSICS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course provides an introduction to forensic science. This survey course is developed specifically for non-science majors to familiarize them with the different forensic science disciplines, the types of examinations crime laboratories conduct, and how forensic science is applied in current American criminal justice systems. Students gain a basic understanding of the principles of science, specifically the scientific method and its application.</td>
</tr>
<tr>
<td>CJS 220</td>
<td>INTRODUCTION TO CRIMINAL COURT SYSTEM</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introduction to the fundamental elements of the courts in our criminal justice system. Students will examine the many complexities affecting the court system, from the theory behind the creation of laws to the implementation of such laws. This course provides an in-depth look into the roles and functions of the professionals interacting within the court while outlining the courtroom process. Other topics include punishments, appeals, and plea bargains.</td>
</tr>
<tr>
<td>CJS 221</td>
<td>CULTURAL DIVERSITY IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course offers a comprehensive, critical, and balanced examination of the issues of crime and justice with respect to race and ethnicity. Procedures and policy in a pluralistic and multicultural society are examined relative to law enforcement, courts, and corrections environments.</td>
</tr>
<tr>
<td>CJS 225</td>
<td>CRITICAL THINKING IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces the topics of critical and creative thinking. This overview course defines and differentiates the two topics, and helps students explore how personal beliefs are formed and evaluated. Special attention is placed on how critical and creative thinking are used to create solutions to problems encountered by criminal justice and security personnel.</td>

<td>INTRODUCTION TO CORRECTIONS</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is an introduction to the fundamental elements of the corrections system within the criminal justice field. Students will examine the early implementations of punishment as well as evolving philosophies of sentencing. Students will gain insight into the purpose and functions of jails and prisons, while establishing a connection between prison life and prisoner's rights. Students will also take an in-depth look into how parole and probation affect our communities. Other topics include correctional management, rehabilitation, and correctional systems in other countries.</td>
</tr>
<tr>
<td>CJS 231</td>
<td>CRIMINOLOGY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course highlights the causes of criminal behavior and the theoretical interpretations of such behavior. Students are introduced to criminological methods of inquiry and review several different classifications of crime. Students also consider the public policy implications of various approaches to criminology.</td>
</tr>
<tr>
<td>CJS 235</td>
<td>VICTIMOLOGY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course introduces students to the topic of victimology, the scientific study of victims, and an overview of current theory, research, and trends within the context of specific victimization types. Specific crime types, the impact of crime on victims and society, the role of victims within the criminal justice system, specific remedies, and victim rights and services are also examined.</td>
</tr>
<tr>
<td>CJS 240</td>
<td>INTRODUCTION TO JUVENILE JUSTICE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is a general orientation to the concept of delinquency and the field of juvenile justice. Students will examine the nature of delinquency, as well as a variety of theories and explanations for delinquent behavior. Students will study factors related to delinquency and/or prevention including gender, family, peers, school, and drug use. This course will also familiarize students with the evolution of juvenile justice and the roles of the police with juvenile offenders. Additionally, students will develop an understanding of the juvenile court process, as well as juvenile detention, restitution, and treatment.</td>

</tbody>
</table>

**CMGT 430 ENTERPRISE SECURITY**
This course covers the managerial and technical considerations related to access controls, authentication, external attacks and other risk areas facing the enterprise. This course will also survey the techniques to prevent unauthorized computer and facility access as well as the concepts for protecting the hardware and software assets of the enterprise.

**CMGT 431 INFORMATION SYSTEMS SECURITY**
This course introduces students to the concepts of information systems security within the framework of the major security certification, the Certified Information Systems Security Professional (CISSP). It provides an overview of each of the CISSP's ten domains and prepares students for more detailed work in the subsequent program courses. Those domains include Access Controls; Application Security; Business Continuity and Disaster Recovery; Cryptography; Information Security and Risk Management; Legal, Regulations, Compliance, and Investigation; Security Architecture and Design; Telecommunications and Network Security.

**CMGT 433 CYBER SECURITY**
This course explores the evolution from information security to cyber security, policy and cyber security development and the relationships between business and public/private sector organizations in meeting the challenges of cyber security threats. Students will be introduced to the legal and regulatory requirements for internal network and internet security both as they apply to business and personal use. Vulnerabilities of both the organization and the individual will be reviewed as well as the processes and controls for mitigating cyber security threats. The need for an IT audit will also be explored as part of the vulnerability/mitigation process as well as the need for development of an organization-wide cyber security policy.

**CMGT 442 INFORMATION SYSTEMS RISK MANAGEMENT**
This course identifies and defines the types of risks that information systems professionals need to consider during the development and implementation of computer based information systems. This course will survey remedies and prevention techniques available to address the risk areas present. Organizational policies and current regulatory considerations will also be examined relative to development, implementation and use of computer based information systems.

<td>SOCIAL AND GLOBAL PERSPECTIVES OF TEACHER LEADERSHIP</td>
<td>3</td>
<td>College of Education</td>
</tr>
<tr>
<td></td>
<td>Learners in this course have the opportunity to analyze the field of education from a social and global perspective. Learners investigate the implications of the globalization of knowledge on micro and macro educational systems. Multicultural implications, diversity, and the use of technology as a vehicle of pedagogy are explored. Emphasis is on building collaborative organizational communities and empowering teacher leaders to think strategically about school change.</td>

<td>THEORIES AND BEST PRACTICES OF CURRICULUM AND INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
</tr>
<tr>
<td></td>
<td>This course focuses on applying curricular theory to best practices in the 21st century classroom. Candidates explore the social and political foundations of curriculum and instruction and current research in this area. They analyze curriculum philosophy and planning as well as practical applications and innovations in curriculum design. Special attention is given to the use of technology in the development of effective learning environments and instruction in the 21st century classroom.</td>

<td>GLOBALIZATION OF HEALTH CARE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course focuses on global health care systems with the objective of improving the US health care systems. Topics include global health issues, advocacy organizations, comparative political processes, and the economics of health financing. Students will understand the role of various international governing structures on health policy development. 3 credits.</td>
</tr>
<tr>
<td>DHA 731</td>
<td>POPULATION HEALTH AND EPIDEMIOLOGY</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The science of epidemiology is essential for projecting the population health needs, and appropriate allocation of public and private resources. This course focuses on the utilization of epidemiologic studies and techniques as a basis for health care policy and administrative decision-making. Students will apply this science in the analysis of emerging health epidemics and diseases. 3 credits.</td>
</tr>
<tr>
<td>DHA 732</td>
<td>EVALUATION OF HEALTH CARE PROGRAMS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course prepares the contemporary health administrator to utilize research methodologies in making decisions regarding the cost effectiveness of specific health programs. Case studies will be used that incorporate disease-specific programs, community wide health interventions, and population specific care management programs across a variety of health settings. 3 credits.</td>
</tr>
<tr>
<td>DHA 733</td>
<td>CONTEMPORARY LEADERSHIP ISSUES</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This seminar focuses on the application of new knowledge in creating new policies and models in the administration of health programs. Learners will explore contemporary issues and their impact on emerging leadership and management theory. Learners will demonstrate integration of knowledge. 3 credits.</td>

<td>ASSESSMENT IN EARLY CHILDHOOD EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of assessment techniques used in early childhood education, including assessment of children with special needs. Participants focus on structured observations, use of behavioral rating scales, psycho-educational screening tests, and assessment of parent-child interactions. Formal and informal parent contacts, interviewing techniques, the use of technology in the assessment process, and referrals to school and community resources are also explored. Participants examine developmental and differentiated assessment strategies for children, birth through age eight.</td>
</tr>
<tr>
<td>ECE 510</td>
<td>Effective Instruction for Early Childhood Education</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the attributes and pedagogy specific to young children, in addition to theoretical models of curriculum development, instruction, and assessment that optimize teaching and learning in the early childhood setting. Participants examine methods for designing lessons and explore effective teaching strategies to promote learning.</td>
</tr>
<tr>
<td>ECE 511</td>
<td>Language and Literacy Methods in Early Childhood Education</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on theoretical and developmentally appropriate teaching methods in language and literacy for children from birth to age eight. Theories in language development, including second language acquisition, as well as the needs of English Language Learners are examined. Participants will explore research-based early literacy teaching strategies for engaging children in integrated listening, speaking, reading, and writing experiences. There is an emphasis on incorporating content area standards and developing hands-on learning experiences for young children. Additionally, developmentally effective assessments are discussed as a means of guiding instruction.</td>
</tr>
<tr>
<td>ECE 512</td>
<td>Early Childhood Assessment</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the role, purpose, and applications of assessment in early childhood education. Participants explore developmentally appropriate assessment techniques and strategies in early childhood education to meet the needs of diverse learners as well as approaches to effectively select, design, and record assessments. Participants examine how to interpret and evaluate assessment outcomes to evaluate student development and to enhance curriculum planning. Additionally, this course provides an overview of collaborative partnerships such as school districts, parents, and community resources in the assessment process.</td>

<td>CLASSROOM MANAGEMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the strategies used in managing a positive elementary classroom. Topics include management models, motivation, disruptive students, classroom expectations and procedures, communication, and record keeping. Managing materials and technology will also be addressed. Students will develop an individual classroom management plan.</td>
</tr>
<tr>
<td>EDU 390</td>
<td>ELEMENTARY EDUCATION SEMINAR</td>
<td>1</td>
<td>College of Education</td>
<td>This course focuses on the professional aspects of teaching. Students are introduced to the Teacher Work Sample that will be created during student teaching. Students will engage in self-evaluation to develop their own professional growth plans for inclusion in their portfolios. The character qualifications for becoming a teacher will be assessed through a personal interview, using letters of character reference, and a written reflective paper on the desire and reasons for joining the profession.</td>

<td>FOUNDATIONS OF EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the historical, philosophical, sociological, legal, and curricular foundations of education. The evolution of education, the role of cultural diversity in education, curriculum and assessment, education standards, and issues and trends in education are explored. Participants analyze educational philosophies and develop a personal educational philosophy.</td>
</tr>
<tr>
<td>EDUC 521</td>
<td>CLASSROOM MANAGEMENT FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants examine strategies for managing their classrooms more effectively. Student behavior and misbehavior, techniques for classroom preparation, setup and management, and discipline models are explored. Participants learn how to establish and communicate expectations in their classroom and create a positive learning environment.</td>
</tr>
<tr>
<td>EDUC 522</td>
<td>CURRICULUM DEVELOPMENT AND INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on curriculum development and instructional strategies for K-12 educators. Participants examine the history of curriculum development, the role of curriculum in education, and the alignment of curriculum to state and national standards. School reform, curriculum implementation, assessment methods, textbook and material selection, and the adaptation of technology into curriculum are also explored. Particular emphasis will be placed on developing curriculum and instruction to meet the needs of diverse learners.</td>
</tr>
<tr>
<td>EDUC 523</td>
<td>MIDDLE SCHOOL CURRICULUM DEVELOPMENT AND INSTRUCTION</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to evaluate the unique characteristics of adolescents and the diversity among middle school students and their families. Instructional strategies, standards, technology integration, and assessment are examined. Participants develop curriculum and instruction to engage students and promote learning and achievement.</td>

<td>Assessment and Evaluation for Educators</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide P-12 teachers and administrators with a deeper appreciation of the role of assessment in education. Participants research influences on current trends in assessment and fundamentals of the assessment process and develop skills to evaluate the alignment of curriculum, instruction, and assessment for school improvement. Standards-based assessments, data-driven instruction, and accountability to increase achievement are also addressed.</td>
</tr>
<tr>
<td>EDUC 525</td>
<td>Theories of Growing and Learning</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines theories of growing and learning from birth through adolescence. The stages of life and the developmental domains including physical, language, cognitive, and emotional, social, and moral are emphasized. In addition, participants explore investigative methods and research processes in human development.</td>
</tr>
<tr>
<td>EDUC 526</td>
<td>Overview of Adolescent Psychology</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of theory and research on adolescent development aligned to the following domains: physical, cognitive, emotional, social, moral, and identity. Participants review how adolescents react to and cope with the influence of sociocultural context in society. In addition, participants analyze adolescent interactions with peers and family, gender and multicultural issues, and school and community settings.</td>
</tr>
<tr>
<td>EDUC 527</td>
<td>TEACHING CRITICAL THINKING SKILLS</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to incorporate critical thinking strategies in the classroom. Opportunities are provided to implement critical thinking skills into the curriculum and learning environment. Participants determine instructional and assessment strategies for thinking critically across disciplines.</td>

<td>GLOBAL BUSINESS</td>
<td>3</td>
<td>School of Business</td>
<td>This course addresses major forces in the global environment and the impact upon business strategies, operations, and decision making. Special emphasis is placed on developing a global mindset and the intricacies of the global business environment.</td>
</tr>
<tr>
<td>GBM 381</td>
<td>INTERNATIONAL TRADE</td>
<td>3</td>
<td>School of Business</td>
<td>This course examines the concepts and components of international trade. Emphasis is placed on applying current theories, concepts, and practices in conducting global business transactions.</td>
</tr>
<tr>
<td>GEN 201</td>
<td>FOUNDATIONS FOR UNIVERSITY SUCCESS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course transitions students through the foundations of study at University of Phoenix. Students develop personal strategies for achieving educational goals; and develop skills in critical thinking, collaboration, and communication.</td>
</tr>
<tr>
<td>GEN 480</td>
<td>INTERDISCIPLINARY CAPSTONE COURSE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This is the capstone course for business, health and human services, and information technology undergraduate students. The course provides students with the opportunity to integrate and apply learning from their professional programs of study in a comprehensive manner. Students will also assess the impact of their educational experiences on their ethical perspectives and critical thinking skills. Students will reflect on and evaluate their personal and professional growth, the benefits of lifelong learning, and the impact of these elements on their future.</td>

<td>GEO 180</td>
<td>PHYSICAL GEOGRAPHY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the principles of physical geography. Students examine the processes of Earth's physical environment as well as the human-environment interaction. Topics include plate tectonics, the rock cycle, landscape building, water resources, the relationship between the Earth and Sun, the elements of weather and climate, vegetation and soils, types and uses of maps, and human interaction with the environment.</td>
</tr>
<tr>
<td>GFT 500</td>
<td>Teaching Gifted and Talented Learners</td>
<td>3</td>
<td>College of Education</td>
<td>In this course, participants explore the characteristics of and methods to identify gifted and talented learners, including underrepresented students. Programs, strategies, and supports for the diverse needs of gifted and talented learners are examined. Participants develop lessons and assessments to accommodate and foster the academic, social, and emotional development of gifted and talented learners.</td>
</tr>
<tr>
<td>GFT 501</td>
<td>Curriculum and Instruction for Gifted and Talented Learners</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the theory, research, standards, and practices necessary to adapt, develop, and sustain high quality curriculum and instruction for diverse gifted and talented learners. Participants examine strategies to enhance acceleration, depth, and complexity of learning. Participants explore creative student products, the use of technology, assessment, differentiation, collaboration, enrichment, and higher order processing skills in curriculum and instruction for highly able students.</td>
</tr>
<tr>
<td>GFT 503</td>
<td>Assessment for Gifted and Talented Learners</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides an overview of evaluation methods and assessment of gifted and talented learners. Participants interpret different evaluation and assessment tools, identifying the pros, cons, and limitations of multiple assessments. Participants explore solutions and alternative assessments in the identification of gifted and talented learners. Strategies in the ongoing assessment process of gifted and talented learners are also examined.</td>

<td>3</td>
<td>College of Education</td>
<td>This course prepares participants to enhance critical thinking skills in gifted and talented learners. Participants explore theories, teaching and assessment methods, instructional strategies, and technology related to the development of critical thinking skills in gifted and talented learners. Characteristics of gifted and talented learners, differentiated instruction, creative thinking, twice exceptional learners, and student engagement are also addressed.</td>
</tr>
<tr>
<td>GHA 548</td>
<td>FOUNDATIONS OF GERONTOLOGY FOR HEALTH ADMINISTRATORS</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course introduces current and aspiring health administrators to the field of gerontology, and the systems and facilities that support these populations. Topics include an examination of the experiences of aging populations across the care continuum, myths and stereotypes of aging, and a survey of the demographic changes occurring in the U.S. that are resulting in larger elder populations.</td>
</tr>
<tr>
<td>GHA 551</td>
<td>BIOLOGICAL AND PSYCHOLOGICAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines the process of aging and explores health care programming and support systems that promote the health of the aging population. These topics are applied in a health administration context to disease prevention, health maintenance, and selected disorders that affect health and independent living.</td>
</tr>
<tr>
<td>GHA 557</td>
<td>SOCIAL AND CULTURAL ASPECTS OF AGING</td>
<td>3</td>
<td>College of Health Sciences and Nursing</td>
<td>This course examines social and cultural perspectives on aging and their implications for health administrators serving aging populations. Public and personal aspects of aging will be addressed. Topics will include work and retirement, social policy, older people as social and political forces, care needs, diversity, economics, social support, and disability.</td>

<td>LEADERSHIP AND PUBLIC POLICY IN GLOBAL/HOMELAND SECURITY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course is designed to provide students with an understanding of how public organizations deal with the threat of various forms of terrorism. Leadership and management responsibilities are considered. Students will understand the importance of interdisciplinary security in developing comprehensive protection plans and policies designed to reduce the vulnerability associated with deliberate violent acts.</td>
</tr>
<tr>
<td>GHS 573</td>
<td>INTELLIGENCE INTEGRATION IN GLOBAL/HOMELAND SECURITY</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course allows students to explore the collaboration of intelligence and law enforcement communities (intelligence-led policing) for human welfare and safety in global and homeland environments. Students will review the development and implementation of counterterrorism initiatives based on terrorism intelligence and emerging threats to homeland security. Students will also examine recommendations of the Global Intelligence Working Group (GIWG) and evaluate operational expectations of law enforcement and federal intelligence analysts, law enforcement administrators, and first responding officers responsible for global and homeland security. Students will also explore the importance of keeping local law enforcement intelligence and national security intelligence separate, but recognize methods for federal, state, and local law enforcement agencies to share and dispense intelligence.</td>
</tr>
<tr>
<td>GHS 583</td>
<td>MULTI-DISCIPLINARY GLOBAL AND HOMELAND SECURITY ISSUES</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course explores current and future issues in global and homeland security. Students will evaluate domestic border security and global immigration control. Students will understand the importance of planning for the prevention of domestic and international terrorism acts and other critical incidents and develop an understanding of gathering, using, and sharing appropriate intelligence. They will explore the collaboration and development of partnerships with private security organizations. Students will develop methods for coordinating emergency management efforts and discuss the psychological and sociological effects of terrorism and other critical incidents. The new skills and knowledge gained will add to the protection, safety, and security of our society.</td>
</tr>
<tr>
<td>GHS 593</td>
<td>CRITICAL INFRASTRUCTURE ANALYSIS AND PROTECTION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course focuses on systems analysis in the context of critical infrastructure protection. The course provides a strategic perspective of the Critical Infrastructure Protection (CIP) efforts in the United States. This includes preparation and response to critical events. Practical approaches to CIP are considered including threat assessment and vulnerability identification. Risk assessment methodologies, physical protection system design, cybersecurity, and emergency response protocols are also discussed.</td>

</table>

**HEA 712** - In this course, students will evaluate how higher education institutions operate within a regulatory framework created by local, state and federal statutory law, case law, policies created by governmental agencies as well as various accrediting bodies. Major topics include systems of higher education governance, faculty, administrator and staff employment issues, student rights and conduct, technology, intellectual property and risk management. The impact of social and political constructs and stakeholder perspectives will be evaluated as it relates to the creation of a comprehensive ethical and legal approach to problem solving and policy development.

**HEA 713** - This course introduces and examines the major features of the financial operations and functions, and decision making within various types of higher education institutions. Strategic financial planning and global market influences, in the context of higher education institutions will be addressed.

**HEA 721** - In this course, students will analyze the factors that have resulted in contemporary innovative changes in higher education. The course will focus on leadership influences in the evaluation and application of change management models, strategies, and tactics that promote effective institutional innovation.

**HEA 722** - In this course, major functions housed in the academic division of colleges and universities will be analyzed. Major functions of student affairs administration will also be analyzed. Emerging issues in the academic and student affairs profession will be evaluated as they relate to the achievement of the institutional mission.

<td>HOSPITALITY MANAGEMENT</td>
<td>3</td>
<td>School of Business</td>
<td>This course provides an overview of the fundamental concepts that make up the hospitality industry. Students will gain a current perspective and understanding of the impact of travel and tourism while examining hospitality issues, trends, e-business implications, and operational structures.</td>
</tr>
<tr>
<td>HM 475</td>
<td>HOSPITALITY DECISION ANALYSIS</td>
<td>3</td>
<td>School of Business</td>
<td>This capstone course integrates the principles and concepts of hospitality operations management. Upon completion of this course, students will be able to prepare a service delivery model, conduct financial analyses, and develop sales and marketing strategies within a hospitality organization.</td>
</tr>
<tr>
<td>HM 482</td>
<td>HOSPITALITY ANALYTICS FOR DECISION MAKING</td>
<td>3</td>
<td>School of Business</td>
<td>This course enables a student to extract meaningful information from hospitality data, to better position the hospitality enterprise for success in the marketplace. Topics to be covered include an introduction to data analysis skills for the hospitality industry, market segmentation, understanding measures of business performance, hospitality analytics (events, travel, tourism), and property analytics (hotel, CHIA).</td>
</tr>
<tr>
<td>HPE 270</td>
<td>PHYSICAL EDUCATION AND HEALTH FOR EDUCATORS</td>
<td>3</td>
<td>College of Education</td>
<td>This course will help students identify the importance of a healthy lifestyle with the knowledge of human movement and motor skills. Students will explore the principles of exercise science and its impact on health, while developing self-confidence and self-worth. This course also defines and provides a context for the classroom teacher to teach and assess K-8 students in the area of physical education and health based on state and national standards. This course includes framework-based teaching strategies effective in helping K-8 students develop a variety of motor skills and abilities, recognize the importance of a healthy lifestyle and the goals of lifelong health, gain knowledge of human movement, understand growth and development, and learn the rules and strategies of games and sports. Instructional approaches for the integration of physical education and health with other content areas are explored.</td>

<td>JRN 310</td>
<td>INTRODUCTION TO JOURNALISM</td>
<td>3</td>
<td>School of Business</td>
<td>This course is the introduction to the journalism concentration. The role of the journalist will be described from its origin to the emergence of the modern-era journalist. Key journalistic theories and principles will be discussed. Special attention will be given to influences in journalism and qualities that exemplify journalistic writing. The concepts of journalistic writing, research, technology, ethics, and personal responsibility will be introduced. Controversial issues faced by journalists will be highlighted throughout the course.</td>
</tr>
<tr>
<td>JRN 320</td>
<td>RESEARCH FOR JOURNALISM</td>
<td>3</td>
<td>School of Business</td>
<td>This course focuses on the research methods employed in journalistic writing and reporting. The goal of this course is to enhance the understanding of the characteristics of credible sources and accurate information. Information will be assembled and evaluated to support journalistic goals by interpreting information needs, choosing accurate and unbiased sources, and selecting relevant and reliable information. The importance of employing ethical practices to research techniques is emphasized throughout the course.</td>
</tr>
<tr>
<td>JRN 330</td>
<td>JOURNALISTIC WRITING I</td>
<td>3</td>
<td>School of Business</td>
<td>This course focuses on understanding journalistic writing styles. The course begins by categorizing historical media and associating past writing styles with current 21st century styles. Differences will be identified in writing for various audiences and for print, digital, and broadcast media. The rationale for using certain writing styles will be illustrated and expressed. Throughout the course, the roles of research, editing, and ethics in journalistic writing will be emphasized.</td>
</tr>
<tr>
<td>JRN 340</td>
<td>JOURNALISTIC WRITING II</td>
<td>3</td>
<td>School of Business</td>
<td>This course focuses on the application of the diverse journalistic writing techniques used by today's changing media landscape. The goal is to enhance storytelling skills by informing and engaging audiences using various delivery methods. Written media messages will be designed and assessed by determining which writing styles should be utilized given the target audience. Within the new convergent media landscape, credible resources will be identified, materials evaluated, and details of written work summarized. The association between research and responsible writing will be explored, as writing strategies to craft effective messages are developed. The role of ethics in journalism is emphasized throughout the course.</td>

<td>3</td>
<td>School of Business</td>
<td>This course focuses on the role of technology and its impact on news delivery. The use of technologically advanced multimedia formats will be explored. Stories will be adapted to various media outlets to realize the full range appeal to targeted audiences. The goal of this course is to provide students with experiences in storytelling that are delivered through the use of advanced convergent technologies.</td>
</tr>
<tr>
<td>LAW 441</td>
<td>BUSINESS LAW FOR SMALL BUSINESS AND ENTREPRENEURS</td>
<td>3</td>
<td>School of Business</td>
<td>This course provides students with overview of the legal issues faced by small businesses and entrepreneurs. Students will examine the legal aspects of incorporation, human resource considerations, the regulatory environment, and legal business structures.</td>
</tr>
<tr>
<td>LAW 531</td>
<td>BUSINESS LAW</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to evaluate the legal risks associated with business activity. Students will create proposals to manage an organization’s legal exposure. Other topics include the legal system, alternative dispute resolution, enterprise liability, product liability, international law, business risks, intellectual property, legal forms of business, and governance.</td>

<td>LAW AND PUBLIC ADMINISTRATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to apply legal concepts in public administration. Students will analyze legislative and judicial processes in the administration of state and local government jurisdictions. Other topics, at the state and local level, include enabling laws, regulatory review, open-meeting/sunshine provisions, adjudication, and the Administrative Procedures Act.</td>
</tr>
<tr>
<td>LCO 336</td>
<td>ORGANIZATIONAL COMMUNICATION THEORY</td>
<td>3</td>
<td>School of Business</td>
<td>This course identifies the nature of organizational communication and provides seminal organizational communication theories within the context of the traditional, interpretive, and critical perspectives. Students will gain knowledge of core theories along with the organizational dynamics of culture, diversity, and ethics. They will understand the effects of technology and innovation, along with power, conflict, organizational structure, and the need for organizations to develop informed organizational communication strategies.</td>
</tr>
<tr>
<td>LCO 348</td>
<td>ADVANCED GROUP COMMUNICATION AND LEADERSHIP</td>
<td>3</td>
<td>School of Business</td>
<td>This course focuses on the issues of group dynamics and leadership encountered when dealing with complex, strategic, and critical public or corporate entities. It will build on the fundamentals of group dynamics and leadership, which were covered in previous courses, and provide advanced work in theory of groups and theory of leadership. Students will explore and analyze effective group interaction in task- oriented situations, and consider small-group structures and communication styles that influence the problem-solving process.</td>
</tr>
<tr>
<td>LCO 372</td>
<td>LEADERSHIP COMMUNICATION ETHICS</td>
<td>3</td>
<td>School of Business</td>
<td>This course will focus on the ethical challenges and responsibilities of being a competent leader and communicator in a diverse and changing world. Students will learn to apply ethical and moral leadership theory and reasoning to a variety of organizational communication processes and contexts.</td>
</tr>

<td>School of Business</td>
<td>This course examines the national and global issues that fundamentally change the nature of business functions. Students will investigate strategies and solutions that improve opportunities for economic mobility. Other topics include international business and trade, global marketing, and the role of government policies on organizations.</td>
</tr>
<tr>
<td>MGT 557</td>
<td>NEGOTIATION, POWER, AND POLITICS</td>
<td>3</td>
<td>School of Business</td>
<td>This course prepares students to achieve organizational objectives through formal and informal channels. Students will create a plan to achieve a goal by applying negotiation skills within the formal and informal structures of an organization. Other topics include coalitions, types of power, liaison roles, and persuasion.</td>
</tr>
</tbody>
</table>
**MGT 567  ETHICS AND SOCIAL RESPONSIBILITY**

This course prepares students to align an organization's social responsibility initiatives with its values. Students will create a proposal for an organization that aligns corporate social initiatives with its values. Other topics include ethics, values awareness, and evaluating the results of social initiatives.

**MGT 598  CONSULTING PROJECT**

This course applies student understanding of organizations and project management to the development of a consulting project. The course requires students to synthesize and integrate theory and practice from all prior courses in the program.

**MGT 711  STRATEGIC OPPORTUNITIES IN AN INTERNET-BASED GLOBAL ECONOMY**

This course evaluates models for creating economically viable global businesses using the technology of the Internet. Topics include assessing successful e-business and management models, evaluating and summarizing the macroeconomic and societal factors that contribute to the success of business strategy in a global environment. Outcomes include developing a strategic e-business plan and creating solutions and recommendations for global e-businesses.

**MGT 716  MANAGEMENT PHILOSOPHIES**

Completion of this research-based course will empower learners to explore, analyze, and critically evaluate historical and current management philosophies and theories. The course focus is on understanding, designing, and executing sustainable management strategies that meet the demands of domestic and global competition.

<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course applies the tools available to UOPX graduate students and the competencies of successful managers to understand the functions of public administration. Students will understand the relationship between the political system and public administration in the creation and implementation of public policy. Other topics, at the state and local level, include executive &amp; legislative branches of government, the evolution of public administration, intergovernmental relationships, and fiscal sources &amp; uses.</td>
</tr>
<tr>
<td>MPA 533</td>
<td>LEADING ORGANIZATIONAL CHANGE IN THE PUBLIC SECTOR</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to lead change in the public sector. Students will apply leadership theories in the public sector considering the unique role of shared decision making between appointed and elected officials in a political environment. Other topics include culture in the public sector, power, group behavior, financial and nonfinancial motivation, and workplace conflict.</td>

<td>DATA ANALYSIS FOR PUBLIC POLICY AND MANAGEMENT</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to analyze information and present it appropriately to diverse stakeholder groups. Students will collect and analyze primary and secondary data to measure effectiveness and efficiency in the delivery of public sector goods and services. Other topics, at the state and local level, include pretesting, post testing, correlation, and forecasting.</td>
</tr>
<tr>
<td>MPA 553</td>
<td>PUBLIC FINANCE</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to apply the principles of economics to the public sector. Students will create a plan for a public-private partnership to deliver a public good or service. Other topics include, at the state and local level, revenue sources, income redistribution, multilevel government financing, bond issuance, role of nonprofits, and basic micro- and macroeconomic variables.</td>
</tr>
<tr>
<td>MPA 563</td>
<td>PUBLIC BUDGETING</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>In this course students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. Other topics include budgetary decision making, basics of government and not-for-profit accounting, reporting, capital and operating expenditures, and inter-period equity.</td>
</tr>
<tr>
<td>MPA 573</td>
<td>PROGRAM EVALUATION</td>
<td>3</td>
<td>College of Criminal Justice and Security</td>
<td>This course prepares students to apply techniques to evaluate public sector programs. Students will be evaluating public sector programs using analytical tools. Other topics, at the state, county and local level, include measures of effectiveness, benchmarks, baselines, performance standards, and customized stakeholder communication and collaboration.</td>

<td>CURRICULUM CONSTRUCTS AND ASSESSMENT: VISUAL ARTS</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the theory, application, and strategies of teaching visual art in middle and secondary school. Participants identify the educational needs of students by exploring current instructional theory, national and state standards, assessment practices, aesthetic valuing, artistic perception, and historical and cultural origins that impact art. The course also helps prospective educators develop skills in adapting delivery methods and behavior management plans for individual students and diverse populations. The course will also emphasize classroom management skills and use of technology as they relate to visual art instruction.</td>
</tr>
<tr>
<td>MTE 529</td>
<td>READING AND PHONOLOGICAL THEORY</td>
<td>2</td>
<td>College of Education</td>
<td>This course expounds upon the basic premise that systematically integrated phonics instruction is a fundamental component of effective reading programs. Students will study the relevant research and applications that support principles of sequential phonics instruction and phonological awareness and review traditional and contemporary phonics approaches.</td>
</tr>
<tr>
<td>MTE 531</td>
<td>CURRICULUM CONST &amp; ASSMT: HISTORY/SOCIAL SCIENCE</td>
<td>2</td>
<td>College of Education</td>
<td>This course defines and provides a context for teaching and assessing K-8 students in the areas of history and social science based on scope, sequence, and national and state standards. Instructional approaches for the content area within the framework of an integrated curriculum are explored, including the use of critical thinking skills and study skills. Students develop alternative assessments and traditional testing tools based on clear criteria, which are designed to yield accurate information on student progress.</td>
</tr>
<tr>
<td>MTE 533</td>
<td>CURRICULUM CONSTRUCTS AND ASSESSMENT: SCIENCE AND MATHEMATICS</td>
<td>4</td>
<td>College of Education</td>
<td>This course focuses on the pedagogy and assessment strategies that enhance learning in science and mathematics. Integrated content, interdisciplinary teaching, and curriculum and assessment issues are emphasized. Multiple perspectives of students as learners of math and science are explored. This course provides students with an opportunity to develop the ability to evaluate and use instructional methods, curricular materials and resources, and appropriate assessment strategies.</td>

<td>DISCRETE MATH FOR INFORMATION TECHNOLOGY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Discrete mathematics is of direct importance to the fields of Computer Science and Information Technology. This branch of mathematics includes studying areas such as sophisticated forms of counting (combinatorics, etc), set theory, logic, relations, graph theory, and analysis of algorithms. This course is intended to provide students with an understanding of these areas and their use in the field of Information Technology.</td>
</tr>
<tr>
<td>MTH 225</td>
<td>PRE-CALCULUS</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course prepares students for success in calculus. A brief review of college algebra topics is presented including linear, polynomial, radical, rational and absolute value, functions and equations. Students also examine systems of equations, exponential, logarithmic, and trigonometric functions as well as analytic geometry. In addition, students are introduced to sequences and series.</td>
</tr>
<tr>
<td>MTH 280</td>
<td>CALCULUS I</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course is an introduction to differential calculus. Students explore limits and continuity. They examine the basic concept of differentiation and practice differentiation techniques. Students develop competence applying differentiation to solve problems. Students also examine simple antiderivatives.</td>
</tr>
<tr>
<td>MTH 290</td>
<td>CALCULUS II</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course examines integral calculus topics. Students are presented with integration techniques for functions of one variable and more applications of definite integrals. Students explore numerical techniques of integration. Students also examine the area function, Riemann sums and indefinite integrals, and apply these to real-life problems. The course concludes with the fundamental theorem of calculus.</td>

<td>LINEAR ALGEBRA</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course provides a survey of the concepts related to linear algebra. Students examine the geometry of vectors, matrices, and linear equations, including Gauss-Jordan elimination. Students explore the concepts of linear independence, rank, and linear transformations. Vector spaces, bases, and change of bases are discussed, including orthogonality and the Gram-Schmidt process. In addition, students investigate determinants, eigenvalues, and eigenvectors.</td>
</tr>
<tr>
<td>MTH 380</td>
<td>CALCULUS III</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course builds on the concepts presented in MTH/310 Calculus I and MTH/320 Calculus II. Students examine functions of more than one variable, curves in space, and Newtonian mechanics in three-dimensions. Students explore partial derivatives and differentials as well as local and global extrema. In addition, students use differentiation techniques for functions of many variables.</td>
</tr>
<tr>
<td>MTH 463</td>
<td>APPLIED STATISTICS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course surveys descriptive and inferential statistics with emphasis on practical applications of statistical analysis. The principles of collecting, analyzing, and interpreting data are covered. In addition, this course examines the role of statistical analysis, statistical terminology, the appropriate use of statistical techniques, and interpretation of statistical findings through the applications and functions of statistical methods.</td>
</tr>
<tr>
<td>MTH 530</td>
<td>LINEAR ALGEBRA</td>
<td>3</td>
<td>College of Education</td>
<td>The purpose of this course is to provide an introduction to linear algebra, a branch of mathematics dealing with matrices and vector spaces. This course describes the use of linear algebra as a compilation of diverse, but interrelated ideas that provide a way of analyzing and solving problems in many applied fields. Linear algebra has three sides: computational techniques, concepts, and applications. One of the goals of this course is to help you master all of these facets of the subject and see the interplay among them. The material presented in this course involves theorems, proofs, formulas, and computations of various kinds.</td>

<td></td>
<td>This course introduces practices in cloud infrastructure and services. Covered are a cloud computing model, layers of cloud computing, and functions of cloud computing. Included are fundamental layers of cloud infrastructure: physical, virtual, control, orchestration, and service. Also included are cross-layer functions of cloud infrastructure: business continuity, security, and service management.</td>
</tr>
<tr>
<td>NTC 275</td>
<td>STORAGE MANAGEMENT CAPSTONE</td>
<td>3</td>
<td></td>
<td>This is the capstone course for information storage management. The course provides students with the opportunity to integrate and apply learning from their program of study in a comprehensive manner. Students will demonstrate competency and skills in the monitoring and management of information storage infrastructure, explain and use relevant network security concepts, and apply cloud interface standards and protocols for building cloud infrastructure.</td>
</tr>
<tr>
<td>NTC 300</td>
<td>CLOUD TECHNOLOGIES</td>
<td>3</td>
<td></td>
<td>This course provides an introduction to how data is architected and organized. It discusses the different data models used to store data, it outlines several schemas that drive how data is structured, and provides other database concepts relating to the design and architecture of data.</td>
</tr>
<tr>
<td>NTC 302</td>
<td>NETWORK WEB SERVICES</td>
<td>3</td>
<td></td>
<td>This course focuses on Network Web Services with a specific focus on Amazon Web services. The courses will help an IT professional identify and gather requirements in order to define a Web Services solution to be built using architecture best practices and to be capable of providing guidance on architectural best practices to developers and system administrators throughout the lifecycle of the web services project.</td>

<td>NTC 361</td>
<td>NETWORK AND TELECOMMUNICATIONS CONCEPTS</td>
<td>Provides an overview of telecommunication systems in a business health care environment. Topics include voice communications, and standards, transmission, networks, and internetworking.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NTC 362</td>
<td>FUNDAMENTALS OF NETWORKING</td>
<td>Provides a foundation in the basic telecommunications and networking technologies fundamental to the industry and to the broad field of telecommunications. Analog, digital, and radio frequency technologies are covered. Also covered in this course is an introduction to the OSI protocol model, network-switching systems, basics of wireless communications, and network security.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NTC 405</td>
<td>TELECOMMUNICATIONS AND NETWORKING I</td>
<td>Provides the fundamentals of basic telecommunications including an introduction to standards, organizations, and governing bodies, and concepts such as TCP/IP, modulation or demodulation, and terminology for telecommunications and computer networks. The basics of analog and digital circuits are analyzed. Complex digital equipment, such as multiplexers, is introduced. The course is completed with an overview and analysis of various network topologies and network operating systems explaining how the electronic concepts assist in network troubleshooting.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>NTC 406</td>
<td>TELECOMMUNICATIONS AND NETWORKING II</td>
<td>Provides analysis of the seven levels of the OSI model as the basis for analysis and discussion of network protocols. Each level of the OSI model is analyzed in detail the related theory being applied to specific applications in the industry.</td>
<td></td>

<td>Passing the Project Manager Professional (PMP) exam can be a challenging task. Having resources and a structured approach for exam preparation can help build confidence. This course is designed for students ready to sit for the PMP exam. In this test preparation course, students will assess their readiness to sit for the PMP exam then build a study plan to use when preparing for test day. Using the study plan as a guide, students will utilize a variety of study resources, including weekly readings, Practice quizzes, flashcards, mock exams, as well as other supplemental materials to address identified content gaps in the study plan. This course provides 35 professional development hours in five, 7-hour workshops.</td>
</tr>
<tr>
<td>POL 115</td>
<td>AMERICAN NATIONAL GOVERNMENT</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the constitutional foundations and governing institutions of the federal government. Throughout the course, students address common political themes, such as the nature and scope of governance, democracy, and patterns of political behavior.</td>
</tr>
<tr>
<td>POL 215</td>
<td>STATE AND LOCAL POLITICAL PROCESSES</td>

<td>College of Social Sciences</td>
<td>This course presents fundamental statistical concepts and tools for understanding and analyzing data from studies in the social and behavioral sciences. Topics include measures of central tendency and dispersion, probability theory, data distributions, significance testing and statistical inference. Students will learn how to analyze and interpret data from psychological studies using descriptive statistics, correlational methods, t-tests and analysis of variance procedures.</td>
</tr>
<tr>
<td>PSYCH 626</td>
<td>ELEMENTS OF HEALTH PSYCHOLOGY AND BEHAVIORAL HEALTH</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course is an overview of the field of health psychology and the origins of the biopsychosocial model from a historical perspective, including the biological, psychological and social contexts of the science. It provides students with information about the biological foundations of health and illness, as well as current research in health psychology. The dangers of &quot;unscientific&quot; applications and the importance of using critical thinking and evidence-based research when formulating strategies are described.</td>
</tr>
<tr>
<td>PSYCH 627</td>
<td>ILLNESS PREVENTION AND HEALTH PROMOTION</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course examines research on the basic relationships between behavior and health, including stress, eating and obesity, substance abuse, and chronic illness such as cardiovascular disease, cancer and HIV-AIDS. Students will learn the major concepts of illness prevention and health promotion, with a focus on both personal behavioral factors and sociocultural determinants. Special attention will be given to the disparities in health status and prevention efforts with regard to race, gender, ethnicity, and socioeconomic status.</td>
</tr>
<tr>
<td>PSYCH 628</td>
<td>EVIDENCE-BASED INTERVENTIONS IN BEHAVIORAL HEALTH</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides a description of those therapeutic interventions which are based on outcome studies. Students will learn practical assessment and intervention strategies for the major disorders where health psychology plays a role, including chronic stress and pain, obesity and eating disorders, substance abuse, HIV and AIDS, diabetes and hypertension, insomnia and cancer. Methods will include self-monitoring, relaxation and meditation techniques, stimulus control, self-management, and cognitive-behavioral therapies. Complementary and alternative therapies which have shown clinical efficacy will also be described.</td>

<tr>
<td>PSYCH 629</td>
<td>INTRODUCTION TO INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course, students will be introduced to the domains of the Industrial Organizational (I-O) Psychology concentration. Topics include an overview of the four primary domains of I-O psychology, human resource management, factors influencing employee performance, organization development, and research relevance within the I-O field of study. Students will gain an understanding of the evolution of the I-O field of study from the foundations of the field to the present day, the various ways that I-O psychologists contribute to organizations, the unique contributions of I-O psychology to the broader scientific community, and the main ethical issues likely to be encountered in the field. This course covers a wide variety of topics with the goal of exposing students to the main issues influenced by I-O psychologists.</td>
</tr>
<tr>
<td>PSYCH 630</td>
<td>PHYSIOLOGICAL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course emphasizes the biological and biochemical correlates of behavior, focusing on the structure and function of the central nervous system, the autonomic nervous system, and the endocrine system as they relate to the psychological processes of sensation, drive, emotion, learning, and memory.</td>
</tr>
<tr>
<td>PSYCH 635</td>
<td>PSYCHOLOGY OF LEARNING</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course examines major theories of learning, covering topics such as classical conditioning, operant conditioning, shaping and chaining, reinforcement schedules, punishment, one-trial learning, and cognitive and social processes in learning. Students will examine research from animal and human studies, emphasizing basic and complex models of acquired behavior, motivation and memory.</td>
</tr>
<tr>
<td>PSYCH 640</td>
<td>COGNITIVE PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course surveys contemporary research and theory in the field of cognitive psychology, including problem solving and reasoning, attention, memory, knowledge representation, language, and imagery. Strategies and methods for investigating cognition are presented along with future trends involving interdisciplinary research in this growing field.</td>
</tr>
<tr>
<td>PSYCH 642</td>
<td>PERSONNEL PSYCHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Students in this course will gain an appreciation for the processes I/O psychologists use to recruit, select, place, and develop employees, managers, and executives. This includes discussions about tests, assessment centers, interviews, succession planning, and departure. Students will examine the role of the I/O psychologist in awareness, preparedness, and response to behavioral problems or issues in the workplace.</td>
</tr>
<tr>
<td>PSYCH 645</td>
<td>PERSONALITY THEORIES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course enables students to differentiate among the primary theoretical approaches to the study of personality, including psychodynamic, affective, cognitive-behavioral, and systems theories. Students examine the underlying assumptions inherent in various personality models and learn how the tenets of these models are investigated through empirical research.</td>
</tr>
<tr>
<td>PSYCH 647</td>
<td>HUMAN PERFORMANCE, ASSESSMENT, AND FEEDBACK</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>In this course students are familiarized with behaviors associated with the accomplishment of expected, specified, or formal role requirements on the part of individual organizational members as well as means for appraising and providing feedback to employees.</td>
</tr>
<tr>
<td>PSYCH 650</td>
<td>PSYCHOPATHOLOGY</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will introduce students to the major categories of psychopathology as presented in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). Mental disorders and their etiologies will be conceptualized from different perspectives, including cultural, biological, psychodynamic, cognitive-behavioral, existential and systemic. Ethical issues related to research and practice in the field will be addressed. Students will be challenged to consider various definitions of normality/abnormality, the process of rendering a diagnosis, and the symptoms, causes and interventions for commonly occurring mental disorders.</td>

<tr>
<td>PSYCH 655</td>
<td>PSYCHOMETRICS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will introduce students to the science and practice of psychological testing and assessment. Students will learn to evaluate the quality of various psychological tests and develop an understanding of the complex process of test development. Social, cultural and ethical issues will be addressed as students examine the psychometric properties and appropriate applications of commonly used educational, intelligence and personality assessment instruments.</td>
</tr>
<tr>
<td>PSYCH 658</td>
<td>WORK MOTIVATION AND JOB ATTITUDES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>Students will evaluate various theories of motivation and develop a familiarity and understanding of pertinent research in the field. Students will be able to adapt motivational constructs to the enhancement of employee attitudes, effectiveness, and well-being across a range of organizational contexts.</td>
</tr>
<tr>
<td>PSYCH 660</td>
<td>ETHICS AND PROFESSIONAL ISSUES</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course surveys various professional activities in psychology with emphasis on the legal and ethical responsibilities of psychological researchers and practitioners. Students will study the APA Code of Ethics and analyze case studies involving assessment, research and practice in psychology. Topics include ethics in research, the purpose and function of internal review boards (IRBs), participant and client rights, informed consent, confidentiality, duty to warn and protect, dual relationships, supervision, consultation, ethical considerations when working with diverse populations, and the application of ethical decision-making models.</td>
</tr>
<tr>
<td>PSYCH 665</td>
<td>INTEGRATIVE CAPSTONE: PSYCHOLOGY PAST AND PRESENT</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course will trace the historical progression of ideas and concepts in Psychology with emphasis on pivotal experiments that influenced our understanding of human behavior. Students will select a specific area of study and explore the historical roots of their selected topic. Students will conduct a comprehensive literature review of a contemporary issue or problems related to their selected topic and develop either an applied project or research proposal.</td>
</tr>
</tbody>
</table>
Only those students who have developed a detailed and manageable research proposal in PSYCH/665 may enroll in this course. During the course, the student will implement a small-scale or quantitative study, analyze the data and document the research in an APA style manuscript.

Learners gain an appreciation for the processes I/O psychologists use to recruit, select, place, and develop employees/managers/executives, including discussions about tests, assessment centers, and interviews. Furthermore, the course examines the role of the I/O psychologist in awareness, preparedness, and response to behavioral problems or issues in the workplace.

In this course learners are familiarized with basic models of learning, as well as the different approaches to training, design, delivery, and measurement, that are necessary for organizational development programs. A key emphasis of the class concerns designing essential and effective training objectives that are aligned with an organization's mission.

Learners examine major theoretical leadership and management models, distinguish between leadership and management, and assess the impact of each on the work setting. Application of the various perspectives on leadership and management and how these perspectives play a vital role in the achievement of organizational, group, and team goals is discussed.

<tbody>
<tr>
<td>PSYCH 708</td>
<td>WORK MOTIVATION AND JOB ATTITUDES</td>
<td>3</td>
<td></td>
<td>This course will allow learners to evaluate various theories of motivation and develop a familiarity and understanding of pertinent research in the field. Learners will be able to relate motivational theories to enhance employee attitudes, effectiveness, and well being in the midst of organizational stressors, health and safety issues, and outsourcing/downsizing.</td>
</tr>
<tr>
<td>PSYCH 709</td>
<td>ETHICAL, LEGAL, AND PROFESSIONAL CONTEXTS OF I/O PSYCHOLOGY</td>
<td>3</td>
<td></td>
<td>Learners will review pertinent legal and ethical issues for I/O psychologists that are related to the different roles that these professionals take in the workplace. Learners will gain the tools necessary to develop an initial ethical framework for making decisions within an organizational structure, and this framework will be expounded upon in future classes.</td>
</tr>
<tr>
<td>PSYCH 710</td>
<td>MASTER’S PROJECT</td>
<td>1</td>
<td></td>
<td>The Master’s Project will require learners to integrate their program of study with an in-depth exploration of an interest area that spans all four I/O program domains: human resource management, factors influencing employee performance, organization development, and research relevance. The project will be based on library research and/or fieldwork and must demonstrate a significant contribution to the I/O psychology field.</td>
</tr>
<tr>
<td>PSYCH 720R</td>
<td>DISSERTATION PROCESS</td>
<td>3</td>
<td></td>
<td>Learners will develop a foundational understanding about the composition of the dissertation, including research, analysis, and writing. To facilitate individual interests, learners will develop interest papers about three topics, each of which can be examined as a dissertation, including the general problem to be researched and supporting literature.</td>

<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative case study research approaches as applied to social science research. The course will emphasize individual and group interviewing as techniques for qualitative case study data collection. This course is particularly useful for advanced doctoral students who plan to conduct a qualitative dissertation. Focus is placed on analysis approaches appropriate for and relevant to case study research.</td>
</tr>
<tr>
<td>RES 729</td>
<td>ETHNOMETHODOLOGY AND THE STUDY OF CULTURE</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will build knowledge of and competence with data analysis techniques developed in the anthropological tradition of ethnography. Integrating data from multiple collection methods (e.g., observational field notes, interviews, analyses of cultural artifacts), students will develop coding/thematic grouping protocols as well as strategies to develop findings into comprehensive interpretation of a particular culture. The course will conclude with a comprehensive overview of the process and practice of writing up ethnographic texts, centering largely on “thick description” as a critical mode of representation.</td>
</tr>
<tr>
<td>RES 741</td>
<td>TESTING AND MEASUREMENT</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>A comprehensive overview of the psychological tests and measurements used by I-O psychology practitioners. Basic psychometric principles, such as reliability, validity, and standardization, will be explored. Students will also learn about the steps involved in test development and considerations surrounding the interpretation of test scores. Professional and ethical standards and guidelines for testing are reviewed.</td>

<td>RES 745</td>
<td>GROUNDED THEORY METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative approaches as applied to social science research, where the research objective is the development of theory. Building upon an existing understanding of qualitative inquiry, students explore the concept of data within grounded theory as well as the techniques and processes traditionally found within grounded theory, such as the constant comparative method. Focus is placed on the steps and procedures for analyzing data within a grounded theory context.</td>
</tr>
<tr>
<td>RES 746</td>
<td>MIXED METHODS</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>The Mixed-Methods course focuses on both conceptual issues surrounding the use of mixed methods in business, education, nursing and social science research and the analysis of data using mixed methods. The course will involve scrutiny of published mixed-method research throughout, and uses published research for reference purposes throughout the course. Students are expected to develop skills in mixed-method research by engaging in actual analysis of data using mixed methods. Thus, the course will blend conceptualization, design, and analysis. Content of the course represents a clear recognition of the importance of mixed methods in research and the growing importance of a solid knowledge of both quantitative and qualitative approaches -- and their blending -- to actually design and conduct meaningful doctoral level research.</td>
</tr>
<tr>
<td>RES 750</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE/QUALITATIVE I</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will learn about foundational quantitative and qualitative research designs and their appropriateness for achieving a study's objectives. Topics include research methods and design, the development of problem statements, purpose statements, research questions, and hypotheses. Learners will create the foundational components of a concept paper for the two topics identified by the student during PSYCH/720.</td>
</tr>
<tr>
<td>RES 751</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE/QUALITATIVE II</td>
<td>3</td>
<td>School of Advanced Studies</td>
<td>In this course, students will critically evaluate the two research topics developed into draft concept papers during RES/750 to determine which topic is most viable for their dissertation study. After selecting a topic, students will more deeply examine quantitative and qualitative research designs, including key methodological approaches. They will continue to develop key components of their dissertation concept paper and focus on a brief review of the literature, a summary of the theoretical or conceptual framework, and a justification of their research methods and design choices.</td>

<tr>
<td>RES 752</td>
<td>Research Constructs and Design</td>
<td>3</td>
<td>In this course, students will synthesize the cumulative knowledge gained in RES/750 and RES/751 to prepare their dissertation concept paper for final review and evaluation. The concept paper will be expanded to ensure a brief discussion of the study population, the sampling strategy, and the methodological approach of data collection and analysis. The contents of the concept paper will be critically reviewed by the student for alignment with the School of Advanced Studies Dissertation Criteria and Rating Scale.</td>
<td></td>
</tr>
<tr>
<td>RES 760</td>
<td>Measurement of Constructs</td>
<td>3</td>
<td>The purpose of this course is to guide learners in the integration of information learned in previous courses (i.e., residency, research courses, testing and measurement) that relates to measurement and dissertation issues and apply the information to the initial working draft of the dissertation (developed in Research Constructs and Design). The final outcome of this course will be used as an initial draft of the introduction and literature review of the dissertation.</td>
<td></td>
</tr>
<tr>
<td>RES 765</td>
<td>Multivariate Statistics</td>
<td>3</td>
<td>This course focuses on statistical approaches that simultaneously examine multiple variables. Students will explore the assumptions, limitations, advantages, and applications of each approach. The approaches will include correlation and regression, discriminant function and analysis, multidimensional scaling, MANOVA, factor analysis, and path analysis and structural equation modeling.</td>
<td></td>
</tr>
<tr>
<td>RES 770</td>
<td>Psychometrics</td>
<td>3</td>
<td>Learners will be exposed to theoretical and applied research issues for three areas of psychometrics: classical test theory, generalizability theory, and item response theory. These three theories will be examined based on I/O topics of interest to the students, such as leadership, individual differences, selection, and teamwork.</td>

<td>INTRODUCTION TO LIFE SCIENCE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces the student to scientific ideologies and concepts that not only shape our biological world, but also shape us as humans. Through a variety of comprehensive assessments and relevant discussions, students examine the scientific method, the dynamics of inheritance, and the affect humans have on the environment. Topics include the biology of cells, energy systems, and evolution.</td>
</tr>
<tr>
<td>SCI 241</td>
<td>NUTRITION</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>SCI 241 introduces students to the world of human nutrition. Students examine the components included in a healthy, balanced diet, and develop strategies to meet their changing nutritional needs throughout the various stages of life. Specific topics for the course include: the digestion process, functions and health benefits of specific nutrients, weight management and fitness, and the effects of nutritional deficiencies.</td>
</tr>
<tr>
<td>SCI 250</td>
<td>MICROBIOLOGY</td>
<td>4</td>
<td>College of Humanities and Sciences</td>
<td>This course will instruct students on the fundamentals of microbiology. Topics will include introduction to the biology of microorganisms, including structure, function, metabolism, growth, genetics, diversity and host-parasite relationships. Also, examples of how microorganism are relevant to the needs, activities, and role of the health of individuals is discussed. Students will explore principles of applied microbiology and apply these scientific principles to case studies and lab experiences.</td>
</tr>
<tr>
<td>SCI 256</td>
<td>PEOPLE, SCIENCE AND THE ENVIRONMENT</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This in-depth environmental science course examines how people use science to understand how they relate to the environment. The course explores relationships between people and ecosystems, and the science behind how ecosystems work. It reviews the historical development of the environmental movement, interactions between humans and natural ecosystems, and more specifically, the role of a growing population and associated pressures on natural resources. This course further examines how economics, natural systems, and conservation are interrelated. The many forms of pollution as well as types of energy resources are addressed. This course challenges students to consider the impact of lifestyle choices on environmental sustainability.</td>

<td>MODELS, THEORIES AND STRATEGIES FOR SECONDARY EDUCATION</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the theoretical models that underlie teaching and learning. Students examine methods for teaching all students, explore lesson plan designs, analyze the most effective teaching strategies to promote student learning, and develop a lesson plan.</td>
</tr>
<tr>
<td>SEC 532</td>
<td>SECONDARY - CREATING AN EFFECTIVE LEARNING ENVIRONMENT</td>
<td>3</td>
<td>College of Education</td>
<td>This course examines the strategies used in managing a positive and respectful classroom environment within the framework of today's diverse student population. Topics include models of discipline, establishing expectations and procedures, motivating and engaging students, parent and community engagement, and effective communication strategies. This course provides direction to teacher candidates on how and where to seek support and guides them in developing an individual classroom management plan appropriate for their targeted grade levels and needs.</td>
</tr>
<tr>
<td>SEC 533</td>
<td>INSTRUCTION AND ASSESSMENT FOR DIVERSE LEARNERS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the theoretical models that underlie teaching and learning in middle and high school settings. Teacher candidates examine methods for teaching all students, explore lesson plan designs, analyze the most effective instructional and questioning strategies to promote student learning, and develop a lesson plan. Candidates also explore assessment and its relationship to lesson planning, apply the backward design process to unit and lesson planning, and analyze methods of collaborating with colleagues and communicating with parents and families.</td>
</tr>
<tr>
<td>SEC 534</td>
<td>READING IN THE CONTENT AREA</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the most current research on the design, delivery, and assessment of content-based literacy strategies in single-subject classrooms at the middle and high school levels. Foundations and trends in content area literacy, academic language strategies, disciplinary reading and writing strategies, and inquiry-based strategies are addressed in this course. The integration of new literacies and technology into content area instruction, strategies for effectively studying texts, approaches to lesson and unit planning, and benefits of collaborative learning are explored. Candidates use this knowledge to prepare a comprehensive content area literacy unit at the end of the course.</td>
</tr>
<tr>
<td>SEC 535</td>
<td>ENGLISH/LANGUAGE ARTS CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the application of basic instructional methods to the content area of English and language arts in middle and high school settings. Teacher candidates identify the educational needs of students by exploring current instructional theory, models, and strategies; and state, local, and national standards as they relate to instruction, assessment, and accountability. Skills for teaching reading and comprehending complex literary and informational texts, as well as writing, listening, and speaking in the classroom are also examined. This course also helps participants develop skills in selecting and adapting delivery methods for diverse individual students and student populations.</td>
</tr>
<tr>
<td>SEC 536</td>
<td>SOCIAL STUDIES CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the application of instructional methods and strategies for teaching history and social sciences in diverse middle and high school settings. Teacher candidates review national and state standards, current issues, and approaches to instruction and assessment in the social sciences. This course assists prospective educators in developing skills to select and adapt social science resources to support curriculum that meets the needs of all learners and integrates literacy and technology, and to plan for professional development and enrichment activities. Throughout the course, candidates will complete a content-specific unit ready for use in a classroom or inclusion in a professional portfolio.</td>
</tr>
<tr>
<td>SEC 537</td>
<td>SECONDARY CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the methodology and assessment strategies that enhance learning at the secondary level across content areas. The teacher candidate will use assessment data to enhance instruction that meets students' varied learning needs. Teacher candidates will apply essential strategies to promote critical thinking and incorporate meaningful context to promote a deeper understanding of content. This course also explores multiple perspectives of students as learners of secondary content as well as current research on pedagogy.</td>
</tr>
<tr>
<td>SEC 538</td>
<td>MATHEMATICS CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on the pedagogy and assessment strategies of teaching mathematics in middle and high school settings. Teacher candidates identify the educational needs of secondary students by exploring national, state, and professional standards from the National Council of Teachers of Mathematics, as well as current theories, models, and strategies of instruction to meet the needs of diverse learners. Teacher candidates will focus on enhancing the meaning of mathematical concepts, developing critical thinking skills to include the use of math concepts in other disciplinary areas, and creating real-life experiences for all learners.</td>
</tr>
<tr>
<td>SEC 539</td>
<td>PHYSICAL EDUCATION CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the secondary physical education classroom teaching and assessment strategies, and national and state standards. Candidates examine topics including developing motor skills through activities, developing levels of physical fitness, understanding principles of human movement, developing and practicing social skills, and the value of fair play in games and sports. Candidates develop skills in selecting, designing, and adapting instruction for diverse student populations. The course also emphasizes classroom and sport/field management skills and safety as they relate to physical education instruction.</td>
</tr>
<tr>
<td>SEC 540</td>
<td>SCIENCE CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to prepare teacher candidates to teach science at the secondary school level. To meet this objective, candidates explore the instructional methods in science content areas in middle level and high school settings. Candidates identify the educational needs of secondary students by exploring current instructional theory; national, state, and local standards; and social issues that affect the science classroom. The course also helps candidates develop skills in selecting and adapting instruction and management plans for diverse student populations.</td>
</tr>
<tr>
<td>SEC 541</td>
<td>VISUAL ARTS CONTENT AND CURRICULAR KNOWLEDGE</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the theory, application, and strategies of teaching the visual arts for single-subject teacher candidates. Candidates identify the educational needs of students by exploring current instructional theory, national and state standards, assessment practices, aesthetic valuing, artistic perception, and historical and cultural origins that influence the arts. Candidates develop skills in adapting delivery methods and behavior management plans for individual students and diverse populations. The course also emphasizes classroom management skills, including safety, and the use of technology as they relate to visual arts instruction.</td>

<td>ENVIRONMENTAL SUSTAINABILITY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>Students will be presented with a broad treatment of the preservation and efficient use of resources as well as methods of reversing current resource consumption. Topics will include sustainable practices, population growth, hydrologic cycle, water treatment processes, waste management, alternative energies, and sustainable design.</td>
</tr>
<tr>
<td>SUS 310</td>
<td>INDUSTRIAL ECOLOGY</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the field of industrial ecology. Students examine the interaction of industrial activities and the management of resources to minimize the negative impact on the environment due to these activities through the promotion of sustainability. Emphasis is placed on the flow of materials and energy through industrial and technological systems. Topics include technology and society, sustainability, biological and industrial ecology, cost analysis, and life-cycle assessment.</td>
</tr>
<tr>
<td>SUS 330</td>
<td>INTRODUCTION TO SUSTAINABLE AGRICULTURE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces principles in sustainable agriculture as it relates to environmental and socioeconomic issues. Students evaluate the environmental impact of conventional agriculture, and the solutions that sustainable agriculture provides. Students examine the principles and effectiveness of sustainable agriculture and its ability to meet the global demand for food. Upon completion of the course, students are able to analyze issues regarding sustainable agriculture and its effects on society and the environment.</td>
</tr>
<tr>
<td>SUS 350</td>
<td>GREEN BUILDING AND URBAN PLANNING</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>This course introduces students to the practices of green building design and urban planning. Students examine the principles of green building with a focus on land use and urban design and development. Upon completion of the course, students are able to evaluate sustainable design considerations, including economic analysis, environmental policies and strategies, land and energy usage, resource and waste reduction, transportation, and urbanization.</td>

<td>SUSTAINABLE ECOSYSTEMS</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate the principles of sustainable practices in aquatic and terrestrial environments. Students analyze the factors that govern ecosystems sustainability which include density-dependent regulations, mechanisms of biodiversity, invasive species, and equilibrium dynamics. The impact of human activities and management practices on the environment is examined. Emphasis is placed on applying ecological theory to restore and manage habitats and populations.</td>
</tr>
<tr>
<td>SUS 380</td>
<td>SUSTAINABLE PLANNING AND LAND USE</td>
<td>3</td>
<td>College of Humanities and Sciences</td>
<td>In this course, students evaluate strategies that lead to the promotion of sustainable development, planning, and land use. Students develop a sustainable land use plan for natural and human-dominated landscapes and its impact on socioeconomic issues. Upon completion of the course, students are able to apply management strategies and relevant land use practices to achieve sustainability.</td>
</tr>
<tr>
<td>SWRK 200</td>
<td>INTRODUCTION TO SOCIAL WORK</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course introduces students to the foundations of social work and social justice. Students examine the history, philosophical foundation, and theoretical perspectives of the profession of social work and come to understand the nature and causes of major social welfare issues.</td>
</tr>
<tr>
<td>SWRK 210</td>
<td>SOCIAL PROBLEMS AND PROGRAMS</td>
<td>3</td>
<td>College of Social Sciences</td>
<td>This course provides an in-depth perspective of social problems and programs. Students develop an understanding of social welfare and the effects of sociopolitical policies on marginalized populations. Students examine the link between special populations in terms of neglect and abuse, as well as the relationship between the social welfare system and the legal system in relation to the enforcement of victims of abuse laws.</td>
</tr>
</tbody>
</table>
Social workers are held to an advanced level of professionalism through a code of ethics and practice standards. Students learn how to adhere to these ethical and legal aspects in their work, maintain proper self-care, and be supportive of their discipline's role and responsibilities, which relies on respecting client self-determination, human rights, multiculturalism, and ethnic diversity.

This course provides students with advanced-level knowledge of interviewing, intervention, assessment, and documentation skills needed to perform social work practice. Students develop skills in verbal and written communication and examine the importance of effective documentation from a social and legal perspective.

This course prepares students for the challenge of intimate working relationships. Students gain an understanding of human growth and development across the lifespan, applying developmental psychological theory and ecological perspectives to the family and individual lifecycles within a multigenerational cultural context. Students also learn about the lifespan development approach, with a multidisciplinary perspective of human development. Trauma, loss, grief, violence, homelessness, changes in lifestyle, and gender issues are specifically examined. The philosophical, cultural, medical, psychological, and spiritual aspects of life are explored, as well as the differences in working with children, adolescents, and adults and the assessment of complicated grief reactions.

This course focuses on the relationship between political and economic forces and social work policy, as well as how existing laws affect social work practice and social justice initiatives within social work.

<td>This course emphasizes content and process standards and pedagogical instruction that enhance learning in P-8 mathematics. Participants explore teaching mathematics through research-based practices, problem-solving, and developmentally effective instructional strategies. Participants also examine assessment techniques, technology tools, instructional leadership, diverse learning needs, and materials management.</td>
</tr>
<tr>
<td>TCH 504</td>
<td>Teaching Methods: Elementary Science</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares K-8 teachers to develop a balanced and articulated elementary school science program that promotes inquiry. Participants discuss the evaluation of texts and reference materials, the development of hands-on activities and assessments, and the use of teacher-made materials and technology. Participants also evaluate resources for effective instructional strategies, including safety best practices.</td>
</tr>
<tr>
<td>TCH 505</td>
<td>Teaching Methods: Elementary Social Studies</td>
<td>3</td>
<td>College of Education</td>
<td>This teaching methods course is designed for K-8 elementary educators who teach social studies. Participants learn to facilitate student-centered, differentiated learning. Participants explore hands-on strategies for designing and implementing cross-curricular work, integrating literacy, creating assessments, and incorporating 21st-century technology to engage learners.</td>
</tr>
<tr>
<td>TCH 510</td>
<td>Secondary Teaching Methods</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on enhancing learning at the secondary level. Current trends and issues affecting the secondary classroom are examined, including communication, collaboration, creativity, and critical thinking. Participants develop and evaluate standards-based instruction, curricular materials, and assessment strategies aligned to 21st-century skills.</td>

<td>Teaching Methods: Secondary Art</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to explore secondary art instruction. Participants learn to create relevant art lesson plans that incorporate all art disciplines for a diverse student body. Advocacy for the arts, assessing student art, incorporating art from diverse perspectives, creativity, art classroom management, and using technology in the art classroom are also explored.</td>
</tr>
<tr>
<td>TCH 513</td>
<td>Teaching Methods: Secondary Mathematics</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides participants with the knowledge of research and standards-based pedagogical instructional practice that facilitate learning in the secondary mathematics classroom. Participants explore diversity and equity, mathematics standards and curriculum, and technology integration, as critical components of planning for and implementing mathematics instruction and assessment. In addition, participants examine the importance of teacher reflection, instructional leadership, and professional development to continuously improve one’s teaching of mathematics.</td>
</tr>
<tr>
<td>TCH 514</td>
<td>Teaching Methods: Secondary Science</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to prepare participants to teach science at the secondary school level. To meet this objective, participants explore the instructional methods in science content areas in middle level and high school settings. Participants identify the educational needs of secondary students by exploring current instructional theory; national, state, and local standards; and social issues that affect the science classroom. The course also helps prospective educators develop skills in selecting and adapting instruction and management plans for diverse student populations.</td>
</tr>
<tr>
<td>TCH 515</td>
<td>Teaching Methods: Secondary History/Social Studies</td>
<td>3</td>
<td>College of Education</td>
<td>This course explores the application of basic instructional methods and strategies of teaching social studies in middle school and high school settings. Participants identify the educational needs of secondary students by exploring current instructional and assessment theory; national, state, and local standards; and social issues that are found in various social studies courses. The course also helps prospective educators develop skills in selecting and adapting delivery methods and behavior management plans for diverse individual students and student populations.</td>

<td>TEACHING METHODS</td>
<td>3</td>
<td>College of Education</td>
<td>This course focuses on general methodology to enhance student learning in today’s diverse K-12 classrooms. Participants explore instructional planning, instructional strategies, and assessment. This course provides participants with the opportunity to develop and evaluate instructional materials and assessment strategies.</td>
</tr>
<tr>
<td>TCH 533</td>
<td>Teaching Methods: Mathematics Assessment</td>
<td>3</td>
<td>College of Education</td>
<td>This course promotes the understanding of theories guiding math instruction within the framework of the Common Core State Standards (CCSS) and National Council of Teachers of Mathematics (NCTM) principles and standards. Participants select, develop, and evaluate assessment tools aligned to Common Core State Standards in the K-8 mathematics classroom. Particular emphasis is given to implementing timely, relevant, and thoughtful assessment and analyzing student errors and misunderstandings. By using this approach, ongoing, constructive, and supportive feedback serves as a meaningful instructional tool for students.</td>
</tr>
<tr>
<td>TCH 543</td>
<td>Teaching Methods: Remedial Mathematics</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to provide participants with knowledge of standards-based pedagogical instructional practices to facilitate and enhance learning for students who struggle with mathematics. Participants examine diagnostic information on mathematics difficulties and strategies for systematic intervention and remediation. The assessment and evaluation of progress and meeting diverse learning needs is also explored.</td>
</tr>
<tr>
<td>TECH 510</td>
<td>USING APPS IN THE CLASSROOM</td>
<td>1</td>
<td>College of Education</td>
<td>This course introduces K-12 teachers to the use of apps in the classroom. A variety of apps to supplement classroom instruction are examined. Tools to support students and teachers in creating original apps are also explored. Participants design an original app to supplement instruction.</td>

<td>College of Education</td>
<td>This course introduces K-12 teachers to the use of Google tools in the classroom. A variety of Google tools to support classroom communication and collaboration are examined. Tools for learning, creating, and solving problems are also explored. Participants create original instructional products and lesson plans using Google tools.</td>
</tr>
<tr>
<td>TECH 519</td>
<td>Using Social Media in the Classroom</td>
<td>2</td>
<td>College of Education</td>
<td>This course introduces classroom teachers and building administrators to effective and responsible social media implementation in K-12 classrooms. The emergence of social media as a viable tool for learning will be explored and implementation considerations will be determined. Legal and ethical issues regarding social media use in schools will be examined. Participants will devise a social media application plan for school-wide integration.</td>
</tr>
<tr>
<td>TECH 520</td>
<td>Multimedia for Educators</td>
<td>2</td>
<td>College of Education</td>
<td>In this course, participants select, use, and design multimedia resources that enhance teaching and student learning. Multimedia categories such as still images, text, audio, video, and interactive components are explored. Participants also evaluate differentiated instructional delivery methods to promote a student-centered learning environment that meets the needs of a diverse student population. In addition, participants learn strategies for teaching students to create their own presentations. Legal and ethical considerations, such as copyright and fair use, are also addressed in the course.</td>
</tr>
<tr>
<td>TECH 522</td>
<td>Technology Integration for Educators</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to prepare educators to integrate technology for engaging and effective P-12 student learning across the content areas. Participants incorporate technology-based instructional design strategies into a student-centered learning environment, using the National Educational Technology Standards, and inquiry-based, problem-based, and project based learning. Digital tools and resources, software applications, fair use guidelines, and assessment are also examined.</td>

<td>Technology Survival for Educators</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides educators with survival strategies when incorporating technology into the P-12 classroom. Managing and integrating common classroom technology and portable devices as well as integrating web-based and cloud computing applications are introduced. Participants examine basic maintenance and troubleshooting, personal and professional productivity, and issues regarding the safe and ethical use of technology.</td>
</tr>
<tr>
<td>TECH 525</td>
<td>Becoming a Connected Educator</td>
<td>3</td>
<td>College of Education</td>
<td>This course provides participants with strategies for using digital tools to make course information readily available and to connect with other educators, parents, and communities. Participants also examine applications of online platforms, such as blogs and social media, for participating in a professional learning network (PLN). Digital citizenship and school branding are also explored in this course.</td>
</tr>
<tr>
<td>TESOL 570</td>
<td>Foundations of Instruction</td>
<td>3</td>
<td>College of Education</td>
<td>This course is designed to introduce participants to the history, law, and theory of education for English language learners. Participants identify effective instructional models and teaching practices that define aspects of multicultural education. Participants also develop programs, instruction, and materials for English language learners. Issues associated with the interdependent relationship between teaching and assessments are also addressed.</td>
</tr>
<tr>
<td>TESOL 571</td>
<td>Instructional Techniques and Methods</td>
<td>3</td>
<td>College of Education</td>
<td>This course prepares K-12 educators to use effective instructional techniques, methodology, and assessments for English language learners. Participants apply researched theory focusing on sheltered instruction, particularly the Sheltered Instruction Observation Protocol (SIOP) model. Differentiated instruction, lesson comprehension, special education, and parental involvement as related to English language learners are also explored.</td>
