UNIVERSITY OF PHOENIX
PHOENIX
ACADEMIC CATALOG
Volume 53
July 1, 2019 through June 30, 2020 catalog
With Updates Added:
January 1, 2020
(see addenda pages for a summary of updates added by month)

“As we move to meet the educational needs of working adults in a mobile society, our conception of the university must extend beyond place and embrace process. An adult university cannot be campus bound, rather its borders must be defined by the lives of its students.”

Dr. John G. Sperling
Founder
Information contained in this catalog is subject to change at the discretion of the University of Phoenix without prior notification. Unless specifically stated otherwise in a particular Catalog policy, in the event of any inconsistency or conflict between the information contained in this catalog and any other material, the information contained in the catalog shall take precedence. The University of Phoenix is not responsible for information or claims made by individuals not affiliated with the University that is contrary to University of Phoenix published material.

**Annual Security Report Notice**

The University of Phoenix annual security report includes statistics for the previous three years concerning reported Clery Act crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes information on the sex offender registry, institutional policies and programs concerning alcohol and other drugs, crime prevention measures, the reporting of crimes, sexual assault, domestic violence, dating violence, stalking and other related matters. The annual security report is available at https://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Annual-Security-Report.pdf. If you’d like a paper copy of the report, please contact a Campus Safety Coordinator to request one.
ADDENDUM - SUMMARY OF POLICY UPDATES ADDED TO THE CATALOG ON JANUARY 1, 2020

GENERAL POLICY UPDATES

- The Contact Information for Filing Complaints section was updated. (see CONSUMER INFORMATION)
- The Information Not Released - Non-Directory section was updated. (see CONSUMER INFORMATION)
- The Cost of Attendance section was updated. (see CONSUMER INFORMATION)
- The Academic Year Definition Policy section was updated. (see CONSUMER INFORMATION)
- The Allowable Charges Policy section was updated. (see CONSUMER INFORMATION)
- The Cost of Attendance Policy section was updated. (see CONSUMER INFORMATION)
- The Required Adjustments to Total Calendar Days Scheduled to Complete in the Payment Period section was updated. (see CONSUMER INFORMATION)
- The Student Right to Access section was updated. (see CONSUMER INFORMATION)
- The Facilities section was updated. (see FACILITIES)
- The Acceptable Transfer Activity Policy section was updated. (see UNIVERSITY POLICIES)
- The Program and Cumulative Grade Point Average section was updated. (see ACADEMIC POLICIES)
- The Letter Request section was updated. (see UNIVERSITY POLICIES)
- The Forms section was updated. (see UNIVERSITY POLICIES)
- The Participation in Commencement Ceremony section was updated. (see ACADEMIC POLICIES)
- The Grading Procedures section was updated. (see ACADEMIC POLICIES)
- The Program Academic Standing section was updated. (see ACADEMIC POLICIES)
- The Program and Modality Changes section was updated. (see ACADEMIC POLICIES)
- The Course Attendance Policy section was updated. (see UNIVERSITY POLICIES)
- The Academic Program Re-entry section was updated. (see UNIVERSITY POLICIES)
- The Enrollment Status section was updated. (see ACADEMIC POLICIES)
- The Concurrent Enrollment section was updated. (see UNIVERSITY POLICIES)
- The General International Admissions Information section was updated. (see UNDERGRADUATE PROGRAMS and GRADUATE PROGRAMS)
- The Competency-Based Education (CBE) Program and Courses section was added. (see THE UNIVERSITY'S TEACHING AND LEARNING MODEL)
- The University of Phoenix Professional Standards for Candidates in College of Health Professions Public Health Programs section was added. (see STUDENTS' RIGHTS AND RESPONSIBILITIES)
- The Academically-Related Appeals - Student Appeals Center (SAC) section was updated. (see ACADEMIC POLICIES)
- The Admissions Appeal Process for Expelled Students section was updated. (see UNDERGRADUATE PROGRAMS and GRADUATE PROGRAMS)
- The Phoenix Success Series (Pathway A and Pathway B Programs) section was updated. (see UNDERGRADUATE PROGRAMS)

PROGRAM POLICY UPDATES

- The Academic Progression, Program Category Requirements and Course Selections, Re-entry, Field Experience, and Institutional Recommendation sections were updated for the BSLS (California). (see UNDERGRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The General Education Requirements and Academic Progression Requirements sections were updated for the BSED/E and BSED/ECH. (see UNDERGRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The Additional Admission Requirements and Academic Progression Requirements sections were updated for the BSED/E and BSED/ECH. (see UNDERGRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The Arizona Teaching Intern Certificate Route section was updated for the MAED/TED-E (Arizona), MAED/TED-S (Arizona), and MAED/SPE. (see GRADUATE EDUCATION - COLLEGE OF EDUCATION)
- The Academic Progression section was updated for the MAED/TED-E (California) and MAED/TED-S (California). (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The Academic Progression and Re-Entry section was updated for the BSED/E and BSED/ECH. (see UNDERGRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The Re-Entry section was updated for the MAED/TED-E (Arizona), MAED/TED-S (Arizona), MAED-TED-E (California), MAED/TED-S (California), and MAED/SPE. (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
- The Residency Requirements and Course Waivers and Re-Entry sections were updated for the MAED/ADM and MAED/ADM2 (Non-Licensure) (California). (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
• The Additional Admission Requirements and Degree Requirements sections were updated for the MAED/ADM. (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
• The Additional Admission Requirements and Academic Progression sections were updated for the MAED/SPE. (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
• The Additional Admission Requirements and the Academic Progression sections were updated for the MAED/TED-E (Arizona), MAED/TED-S (Arizona), MAED/TED-E (California) and MAED/TED-S (California). (see GRADUATE PROGRAMS - COLLEGE OF EDUCATION)
• The Additional Admission Requirements were updated for the MSN/FNP and MSN/FNP (Bridge). (see GRADUATE PROGRAMS - COLLEGE OF NURSING)
• The Required Course of Study was updated for the MSN/NED. (see GRADUATE PROGRAMS - COLLEGE OF NURSING)
• The MBA Pathway for the BSB section was updated. (see UNDERGRADUATE PROGRAMS - COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY)
• The MBA Pathway for the BSM section was updated. (see UNDERGRADUATE PROGRAMS - COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY)
• The MBA Pathway for the BSACC section was updated. (see UNDERGRADUATE PROGRAMS - COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY)
• The MBA Pathway for the BS/COM section was updated. (see UNDERGRADUATE PROGRAMS - COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY)
• The Residency Requirements and Course Waivers section was updated for the ASCYB. (see UNDERGRADUATE PROGRAMS - COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY)
• The BSHA Foundation Courses and Academic Progression Requirements sections were updated for the BSHA. (see UNDERGRADUATE PROGRAMS - COLLEGE OF HEALTH PROFESSIONS)
• The Program Category Requirements and Course Selections, Additional Admission Requirements, Academic Progression Requirements, Certificate Completion Requirements, and Arizona Teaching Intern Certificate Route sections were updated for the CERT/AP-E, CERT/AP-S, and CERT/AP-SE. (see PROFESSIONAL PROGRAMS)
• The Institutional Recommendation sections were updated for the CERT/AP-E and CERT/AP-S. (see PROFESSIONAL PROGRAMS)

Beginnings -- A Brief History

In 1976, the leading edge of the Baby Boom generation was just turning 30. That same year saw the introduction of the first personal computer, the Apple I – an event that signaled the birth of a new economic system in which intellectual capital would eventually supplant industrial might as the dominant economic force. These milestones marked the beginning of a sea of change in higher education, though many (perhaps even most) within that system did not recognize it at the time.

Considered together, these phenomena suggested that the jobs that would make up the workforce of the future were only just beginning to be created or imagined. In order to fill those jobs, the bulk of the new workforce would require higher-level knowledge and skills than those needed in a manufacturing economy. At the same time, the largest-ever age cohort of the population, adult learners, would be going through the stages of life during which they would be most affected by the coming economic dislocation and would need advanced education to adapt to these changes.

It was in this historical context in 1976 that Dr. John Sperling, a Cambridge-educated economist and professor-turned-entrepreneur, founded University of Phoenix. Sperling anticipated the confluence of technological, economic, and demographic forces that would in a very short time herald the return of ever larger numbers of adult learners to formal higher education.

In the early 1970s, at San Jose State University in San Jose, California, Sperling and several associates conducted field-based research in adult education. The focus of the research was to explore teaching/learning systems for the delivery of educational programs and services to adult learners who wished to complete or further their education in ways that complemented both their experience and current professional responsibilities. At that time colleges and universities were organized primarily around serving the needs of the 18-22 year-old undergraduate student. That is not all that is surprising, given that the large majority of those enrolled were residential students of traditional college age, just out of high school. According to Sperling adult learners were invisible on the traditional campus and were treated as second-class citizens.

Other than holding classes at night (and many universities did not even do this), no efforts were made to accommodate their needs. No university offices or bookstores were open at night. Students had to leave work during the day to enroll, register for classes, buy books or consult with their instructors and advisors. Classes were held two or three nights per week and parking was at the periphery of a large campus. The consequence, according to Dr. Sperling was that most adult learners were unable to finish a four-year program in less than eight years, or a two-year program in less than four years (Tucker, 1996, p. 5).

Sperling’s research convinced him not only that these underserved learners were interested in furthering their educational goals, but also that this group differed from their more traditional counterparts in significant ways. He saw a growing need for institutions that were sensitive to and designed around the learning characteristics and life situations of a different kind of learner population. He suggested ways for institutions to pioneer new approaches to curricular and program design, teaching methods, and student services. These beliefs eventually resulted in the creation of University of Phoenix, and they continue to this day to inspire the University’s mission, purpose, and strategies. As an institution, University of Phoenix Official School Colors are University of Phoenix Red and University of Phoenix Platinum.

Ownership Information

University of Phoenix, Inc. is a wholly-owned subsidiary of Apollo Education Group, Inc. (“the Parent”). The Parent’s stock is wholly-owned by AP VIII Queso Holdings, L.P., which is owned by Apollo Global Management, LLC and The Vistria Group, LLC. The University’s central administration is located in Phoenix, Arizona.

Our Mission Statement

University of Phoenix provides access to higher education opportunities that enable students to develop knowledge and skills necessary to achieve their professional goals, improve the performance of their organizations, and provide leadership and service to their communities.

Our Purpose

- To facilitate cognitive and affective student learning-knowledge, skills, and values and to promote use of that knowledge in the student’s workplace.
- To develop competence in communication, critical thinking, collaboration, and information utilization, together with a commitment to lifelong learning for enhancement of students’ opportunities for career success.
- To provide instruction that bridges the gap between theory and practice through faculty members who bring to their classroom not only advanced academic preparation, but also the skills that come from the current practice of their professions.
- To provide General Education and foundational instruction and services that prepare students to engage in a variety of university curricula.
• To use technology to create effective modes and means of instruction that expand access to learning resources and that enhance collaboration and communication for improved student learning.
• To assess student learning and use assessment data to improve the teaching/learning system, curriculum, instruction, learning resources, counseling, and student services.
• To be organized as a private institution in order to foster a spirit of innovation that focuses on providing academic quality, service, excellence, and convenience to the working student.
• To generate the financial resources necessary to support the University’s mission.

Accreditation and Affiliations

Regional Accreditation
University of Phoenix is accredited by The Higher Learning Commission (http://hlcommission.org).

The Higher Learning Commission
230 South LaSalle Street, Suite 7-500,
Chicago, Illinois 60604-1411
Phone: 800.621.7440 | 312.263.0456 | Fax: 312.263.7462

Program Accreditation

College of Business and Information Technology and Business Programs
The Accreditation Council for Business Schools and Programs (ACBSP) has accredited the following programs in the College of Business and Information Technology:
• Associate of Arts with a concentration in Accounting Fundamentals
• Associate of Arts with a concentration in Business Fundamentals
• Bachelor of Science in Accounting
• Bachelor of Science in Business
• Master of Business Administration
• Master of Management
• Master of Science in Accountancy
• Doctor of Business Administration
• Doctor of Management
For additional information, visit acbsp.org.

Accreditation Council for Business Schools and Programs
11520 West 119th Street
Overland Park, KS 66213

College of Nursing Programs
The baccalaureate degree program in nursing and Master’s degree program in nursing at the University of Phoenix are accredited by The Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791

College of Education and Education Programs
The educator preparation programs offered at the Hawaii and Utah Campuses are accredited by the National Council for Accreditation of Teacher Education (NCATE), a specialized accrediting body administered by the Council for the Accreditation of Educator Preparation (CAEP).

The following initial teacher preparation programs are accredited at the Hawaii Campus:
• Bachelor of Science in Education/Elementary Education
• Master of Arts in Education/Elementary Education
• Master of Arts in Education/Secondary Education

The following initial teacher preparation and advanced preparation programs are accredited at the Utah Campus:
• Bachelor of Science in Education/Elementary Education
• Master of Arts in Education/Elementary Education
• Master of Arts in Education/Secondary Education
• Master of Arts in Education/Special Education
• Master of Arts in Education/Administration and Supervision
• Master of Science in Counseling/School Counseling

For additional information, visit caepnet.org.

In addition, educator preparation programs have been reviewed and approved by the state education agency in Arizona, California, Hawaii, and Utah. The College of Education offers state-specific initial and/or advanced educator preparation programs in these states. Individual programs vary by state, and not all programs are available at all locations or in both online and on-campus modalities.

College of Social and Behavioral Sciences and Counseling Programs
The Master of Science in Counseling program in Clinical Mental Health Counseling at the Arizona and Utah Campuses are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). For additional information, visit cacrep.org.

Council for Accreditation of Counseling and Related Educational Programs
1001 North Fairfax Street,Suite 510
Alexandria, VA 22314

The University also maintains voluntary memberships with numerous educational organizations, including the American Council on Education, the Association of American Colleges, the American Association for Adult and Continuing Education, the American Association for Higher Education, National Association of Schools of Public Affairs and Administration, the Council for Adult and Experiential Learning, the College and University Personnel Association, the Pacific Association of Collegiate Registrars and Admissions Officers, the American Association of Collegiate Registrars and Admissions Officers, the Independent Colleges and Universities of Arizona, the American Association of Colleges of Nursing, National League for Nursing, the National Board for Certified Counselors, the National Association for Foreign Student Admissions, Association of International Educators, the National Association of Veterans Program Administrators, the Service Members Opportunity College, and Defense Activity for Non–Traditional Support. Additionally, the University maintains memberships in various professional, program specific organizations.
Academic Programs, Facilities and Instructional Personnel Information

Academic program offerings and instructional facilities vary according to geographic area and delivery mode at the local campus or online modality. Not all programs are available at all locations.

Academic Programs
University of Phoenix offers undergraduate and graduate programs in business and management, information systems and technology, security, criminal justice, nursing and health services administration, social sciences, humanities and sciences, and education. Detailed information regarding academic programs offered at each location; institutional facilities is located at http://www.phoenix.edu/programs/degree-programs.html and the appropriate Academic Catalog at http://www.phoenix.edu/programs/degree-programs.academic-catalog.html. Admissions and program requirements vary by state. Please refer to the Academic Catalog for state and/or program-specific information.

Academic Program Improvement
University of Phoenix pursues a strategy of continuous improvement in relation to its academic programs. This strategy is implemented through assessment processes designed to measure student learning at various levels within the University. Multiple direct and indirect outcomes-based assessment and evaluation measures are utilized to create as comprehensive a picture as possible of the strengths and potential challenges to student learning. Resulting data is used to evaluate and improve academic programs and enhance the overall academic experience.

For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the students, faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program and institutional levels. Assessment answers the question: How well are University of Phoenix students meeting the general education, programmatic and institutional learning outcomes underscored by the University’s mission? Its findings inform opportunities for curricular and pedagogical improvement, decision-making processes for policy consideration and resource allocation, and accountability.

The process for outcomes-based assessment of student learning uses the following conceptual framework:

- Assessment Planning
- Collecting Evidence and Analyzing Data
- Implementing Improvement
- Monitoring Effectiveness of Improvements

By utilizing this assessment process, the colleges and schools establish clear, measurable outcomes and ensure that students have sufficient opportunities to achieve outcomes; systematically gather, analyze and interpret evidence to determine how well student learning matches stated expectations; use assessment findings to improve student learning; and monitor improvements by measuring changes in student learning over time.

Academic Programs
Undergraduate and graduate programs at University of Phoenix are offered in business and management, nursing and health sciences, education, criminal justice, social sciences, natural sciences, humanities, and information technology. Undergraduate students are required to complete general education requirements that are distributed across traditional liberal arts categories and interdisciplinary components. General Education requirements are described in greater detail in the Undergraduate Programs section of the catalog. Not all programs are offered at all campuses. Specific programs offered are listed later in this catalog.

University Library

The University of Phoenix Approach to Library Services
The University of Phoenix Library uses current information technology to provide relevant and timely information in support of the learning process. The library users are "knowledge workers" and busy working adults who need to develop the ability to access and utilize information from the desktop. The online distribution of scholarly resources provides functional access to the kinds of information our library users will expected to use throughout their academic programs and careers.

The core of our library is an array of electronic resources available to all students and faculty at any time and from virtually any location where an Internet connection is available. In addition to our numerous resource subscriptions, the library facilitates user education, offers document retrieval and interlibrary loan services, and provides research guidance.

The online distribution of information is not only optimally matched to the needs of working professionals, but also allows for equitable sharing of library resources among students and faculty members. University Library users enjoy access to the same broad spectrum of resources regardless of where and how they attend class.

For more information, please see your Library Handbook or contact the University Library at library@phoenix.edu.

What is in the University Library?

Access to eBooks, reference materials, scholarly journals, and periodicals all selected for their relevance to each University of Phoenix degree program are contained in the University Library’s resources. Financial reports on public companies and a variety of directories and other reference publications are also available. In addition, the University Library has a collection of multimedia available, including videos, images, and audio files, on a variety of topics. Many of the resources found in the University Library are academic materials are made available through license agreements with content providers and are not accessible to the general public like web pages found through an Internet search engine.

Getting Started with the University Library

To get started using the University Library, students and faculty members should follow these steps:

- Visit the student and faculty website https://ecampus.phoenix.edu/
- This is the same website used to obtain course modules, grades, and other University of Phoenix resources and services.
- After logging into the student and faculty website, select the Library tab and then the University Library link to enter the University Library.
- Select an appropriate resource and begin research.

Electronic Reserve Readings

In addition to the University Library resources for research by topic, University Library staff members also maintain Electronic Reserve Readings for individual courses. These pages provide links to materials relevant to the course curriculum. Access to Electronic Reserve Readings, when available, are listed on course pages within eCampus.

Additional Resources for Help

- Reference services allow users to receive direct and in-depth reference assistance from accredited librarians.
- Interlibrary loan and documents retrieval services allow users to request a document or book not available in the University Library. Specific timelines and rules apply to this service.
- Resource recommendations by subject can be found by utilizing our Subject Guides on the library homepage.
- The FAQs on the homepage of the University Library contain in-depth answers to "Frequently Asked Questions" received by the library.
- The Library Handbook includes detailed information on the library collection.

Student Technical Support 1-877-832-4867
Email library@phoenix.edu

International students and faculty can reach Tech Support at 1-602-387-2222. Callers should identify themselves as international students or faculty and give a call back number. Tech Support will call back to minimize phone charges.

Current Resources of the University Library

For a current list of resources in the University Library, please refer to the our Research Database link on the library’s main page.
The mission of University of Phoenix is to provide access to higher education opportunities that enable students to develop the knowledge and skills necessary to achieve their professional goals. As a result, the University’s teaching and learning model is grounded in the theoretical and empirical literature of learning and cognitive psychology. The University employs best practice from recent education literature, as well as best service practices that enhance the academic experience for students who are new to higher education. This combination increases student retention and successful degree completion.

**Active Learning**

The model is based first on the assumption that the learner’s active involvement in the learning process is essential to good practice. Thus, in all modalities University of Phoenix classrooms are intended to be dynamic learning spaces. Instructors are expected to serve as facilitators of learning who manage the learning process by engaging learners in a variety of activities (lectures being but one) that lead students to an understanding of course content and the development of academic and professional competence. By involving students in a variety of learning activities, respect is demonstrated for diverse ways of learning and knowing. Interaction and participation in classes and Learning Teams is expected of those students in the bachelor and master degree programs. Students pursuing an associate degree online (excluding AACR & AAPF) are involved in collaborative learning activities, and a small number of courses may require participation in formal Learning Teams.

**Collaboration**

The effectiveness of cooperation and collaboration in enhancing learning is well and widely documented. Structures that encourage and facilitate collaboration are central to the University’s teaching and learning model. Working students frequently come to formal learning activities with greater life and work experience. This means that learners themselves can be invaluable resources in enhancing their own and others’ learning. Traditional pedagogy emphasizes a top-down, vertical transfer of information. Students with rich and varied experience find benefit in instructional practices that encourage collaboration. This adds a robust horizontal dimension to the learning exchange as students teach and learn from one another. Good practice in education capitalizes on this dimension to the students’ advantage.

**Emphasis on Application and Relevance**

There is wide agreement in the literature that students learn best when bridges are built between new knowledge and the learners’ experience. Practices that encourage reflection and application are based on the recognition that a learner’s experience provides a context through which he or she is more able to construct meaning from new information. It also makes learning relevant to the learners. In University of Phoenix courses, students’ experiences and current circumstances are interwoven with subject matter in class discussions as well as in individual, team and other collaborative assignments. Real-world relevance is critical to basic comprehension as well as to maintaining student interest. Students very often say they are able to apply at work the next day what they learned in class the night before.

**University-Wide Learning Goals**

The University’s faculty leadership has established five broad learning goals that guide curriculum development, instruction, learning assessment, and program evaluation and improvement. The University Learning Goals are:

1. **Professional Competence and Values**
2. **Critical Thinking and Problem Solving**
3. **Communication**
4. **Information Utilization**
5. **Collaboration**

The intent is to help all University graduates attain levels of theoretical and practical disciplinary knowledge appropriate to the levels of degrees or credentials they are earning, while developing competence in essential intellectual and social processes that will enable graduates to practice their professions successfully.

**Curriculum**

The University’s curriculum is faculty-developed and centrally managed by a team of college staff and instructional designers with objectives and outcomes that are carefully defined. Individual instructors have the responsibility to expand and enhance the basic curriculum by augmenting it with current resources and practices. The curriculum is under continual content and quality review.

**Awarding Credit Hours**

Credit hours are awarded in accordance with common practice among institutions of higher education. Course content and outcomes are determined by faculty and are delivered in a format informed by adult learning principles and aligned to Carnegie unit guidelines. One Carnegie hour is defined as 50 minutes of faculty directed or student directed activities. Achievement of outcomes related to the awarding of credit hours is measured using standard national benchmarks.

The curriculum at University of Phoenix is faculty-developed and centrally managed. Instructional strategies include the use of synchronous and asynchronous activities inside and outside the online and/or physical classroom and are designed to be outcome focused and engaging. To ensure the appropriate level of curriculum coverage and rigor, students are required to participate in weekly classroom-based learning activities including direct faculty instruction and collaborative activities, and/or additional hours of faculty-directed student engagement using a variety of instructional strategies and online learning activities, which are designed to support the course topics and objectives.

The table below summarizes the minimum required number of hours of faculty-directed (instruction) and student directed (homework) learning activity engagement for each credit award value at all credential levels. Additionally, the table includes the minimum course duration (in weeks) for each credit value necessary for faculty to effectively cover course content, and for students to reasonably assimilate the information, based upon federal guidelines and commonly accepted practices in higher education. All courses which award college credit shall conform to these minimum required hours.
University of Phoenix College Credit Bearing Course Recommendations

*Average hours per week, assumes student is generally taking one class at a time

Doctoral residencies, laboratory work, internships, practica, studio work, student teaching, clinical hour, and other course formats as established by the University may deviate from the minimum required duration of a course in total weeks. However, alternatives of these course types leading to the award of credit hours must still reflect at least an equivalent amount of work (i.e., time on task) as outlined in policy.

Program length is determined by faculty in accordance with common practice among institutions of higher education. The following list reflects the minimum number of credits generally required at each credential level.

**Degree Level & Minimum Total Semester Credits:**
- Associate Degree: 60 credits
- Bachelor Degree: 120 credits
- Master’s Degrees: minimum 30 credits beyond the Bachelor Degree
- Ph.D. or Applied Doctorate: minimum 30 credits beyond the Master’s Degree

**Access and Convenience of Time and Place**

The University’s goal is to make access to programs and services available to all those who wish to avail themselves of them and to work to completion of a degree program.

University of Phoenix campus-based programs are offered at times and in places that are convenient to adult learners. Classes are held primarily in the evening and on weekends when learners are most likely to need access. Wherever possible, campuses and learning centers are located at strategic locations near major freeways and thoroughfares that permit convenient access.

Access in the 21st Century means many different things. To the student in rural America or the working parent with children at home, access may be possible only through an Internet connection. Those students usually work toward their degrees through courses offered online or via FlexNet®, a combination of classroom and online learning.

**Program Format**

University of Phoenix is a non-term institution and does not operate according to a traditional academic calendar. New student cohorts can begin at any time. Typically, graduate courses at University of Phoenix meet for six consecutive weeks and undergraduate courses meet for five weeks. Classes delivered via the online modality meet asynchronously throughout each course week. Campus-based classes meet once per week for four (4) hours. When a course ends, the next course usually begins the following week. This intensive calendar allows students to achieve their educational goals in a more time-efficient manner. The University’s low student/faculty ratio and class size that average 17-23 students at the Online campus and 7-11 students at local ground campuses facilitate active learning and collaboration and encourage time-on-task. As a rule, bachelor and graduate degree seeking students take only one course at a time. This allows them to focus attention and resources on one subject, a structure that enhances learning and helps students balance ongoing professional and personal responsibilities.

**Class Size**

Minimum and maximum class size may vary by college, course, and location. Some colleges may determine a specific minimum and maximum class size given the curriculum and learning model.

**Learning Teams**

In addition to regular course instructional sessions, bachelor’s and master’s level students work in Learning Teams. Learning Teams are small groups of three to six students drawn from within the larger cohort. Learning Teams are an essential design element in the University’s teaching and learning model through which students develop the ability to collaborate -- an ability expected of employees in information-age organizations and one of the University’s primary learning goals. Due to the unique teaching and learning model and objectives, students enrolled in an associate degree program at online (excluding AACR & AAPF) usually do not participate in Learning Teams, but are encouraged to collaborate and participate in classroom assignments.
All students enrolled in degree programs and/or designated certificate programs using the learning team model must meet learning team attendance policies. Teams may meet in person or via teleconference, real-time electronic conferencing, or asynchronous meeting in the classroom team forums. Students must indicate their participation in the learning team meetings and/or assignment deliverables. Students are expected to actively participate in the team’s activities. Students attending a local campus must acknowledge participation in their learning team each week in the Assignments section of eCampus. At the end of each course, students are given the opportunity to evaluate the contributions of each team member to the accomplishment of team goals.

**Technology Enhanced Courses**

Some University courses are ‘technology enhanced’ courses. These courses (designated with a ‘T’ at the end of the course ID) differ from courses in the standard University of Phoenix format in that they employ the use of adaptive learning diagnostics at the beginning of each week of class to identify existing knowledge and knowledge gaps regarding the week’s course content. Students then spend the week engaging in specific learning activities designed to fill in those knowledge gaps in a courseware platform outside of the online classroom. These frequently include auto-graded activities that provide students with instant feedback. The class size in a technology enhanced course is larger than for standard University of Phoenix courses. In order to effectively manage the discussion in these larger groups, students are placed into learning teams. Learning teams in a technology enhanced course differ from learning teams in a standard University of Phoenix course in that they serve as discussion communities only and do not require students submit learning team assignments for points.

**Faculty**

University of Phoenix faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, healthcare and human services professionals and leaders in other professional arenas. A listing of faculty may be obtained at each local campus and/or in the appendix pages at the end of this catalog. Faculty Lists are also published for each college and school on www.phoenix.edu.

**Employee Screening**

Subject to the requirements of federal, state, and local law, all external candidates who receive an offer of employment with the University must have a background check completed with the University prior to their start date.

**Student Technology Recommendations and Competencies**

In an effort to assist students with adequate preparation for their course work at the University of Phoenix, technology recommendations and competencies have been established. These recommendations and competencies are in effect for the School of Advanced Studies, School of Business, College of Education, College of Information Systems and Technology, College of Health Professions, College of Humanities and Sciences, and the School of Continuing Education. To that end, students will need to access and use the hardware and software as described below. Additional recommendations and competencies may be required for particular courses/programs. Students using software and hardware other than that recommended must still meet the technology competencies. Please note that due to the rapid rate of change in information technology, hardware and software competencies will be updated on a regular basis. Some courses in the College of Information Systems and Technology may require additional software.

**Technology Recommendations**

**Hardware and Peripherals**

You must have reliable access to a personal computer or utilize technology at one of our campuses or student resource centers that meets the following specifications.

- A processor of 1.2 GHz or faster
- 4 GB RAM or greater
- A high speed internet connection with a connection speed of 1.5 MB/s or better.
  - The use of satellite and cellular connections may result in slowness or errors (timeouts, access problems) when accessing the classroom and course materials.
  - The use of public access computers and internet (for example, at restaurants and public institutions such as libraries) may result in slowness or errors (timeouts or access problems) when accessing the classroom and course materials. Public access computers may not permit any access to certain course materials or systems due to security limitations.
  - Monitor and video card with 1024x768 or greater resolution
  - Keyboard and Mouse is recommended
  - Speakers/Headphones and Microphone
    - A noise-cancelling headset is recommended.
    - Public access computers may not permit usage of speakers, headphones or microphones.
  - A web camera capable of video web conferencing
    - Public access computers may not permit usage of web cameras.

A DVD/CD-ROM drive may be needed to install software in select courses.

**Software and Applications**

You will need a computer with Microsoft® Windows or Apple® Mac OS and familiarity with the following items:

<table>
<thead>
<tr>
<th>Operating System</th>
<th>Minimum</th>
<th>Recommended</th>
</tr>
</thead>
<tbody>
<tr>
<td>Microsoft® Windows</td>
<td>Windows 7</td>
<td>Windows 10 or higher</td>
</tr>
<tr>
<td>Apple® Mac OS X</td>
<td>Mac OS X 10.10</td>
<td>Latest Version</td>
</tr>
<tr>
<td>Apple iOS</td>
<td>11</td>
<td>Latest Version</td>
</tr>
<tr>
<td>Android</td>
<td>5</td>
<td>Latest Version</td>
</tr>
<tr>
<td>Chrome OS</td>
<td></td>
<td>Not Supported</td>
</tr>
</tbody>
</table>

*Microsoft® Windows may be required for some technology courses.*
The University of Phoenix only supports the browsers listed above.

Please note that newer browser versions incorporate security fixes and newer technologies, which may often lead to a better user experience. Current browser versions are highly recommended when the option is available.

**Additional Software**
- Microsoft® Office 2013 or later for a personal computer (PC), Microsoft® Office 2011 or later for a Mac.
- An up to date installation of Adobe® Reader
- An up to date installation of Adobe® Flash plug-in
- Local administrative privileges to operating system may be required to allow for installation of software and/or configure computer settings
- A current security suite application (updated regularly)
- Some courses may require the purchase of additional software including Microsoft® Visio
- Microsoft® Project

Please note that much of the software required above can be found in the University Marketplace or the online Microsoft® Office offer for enrolled students.

**Mobile Devices**
Students are required to have reliable access to a PC or Mac but may use a mobile device such as a phone or tablet as a secondary means of access or Blackboard™ mobile app. Access, support, and functionality of University websites, classroom environment, or required course materials may be limited on mobile devices.

**Computer Accessibility**
All students need access to a computer for success in their coursework. The operating systems on most computers already have some features that include these accessibility technologies:
- Changing font size
- Changing size of desktop icons
- Magnification of portions of your screen
- Converting text to speech
- Altering background color
- Captioning for audio
- Speech recognition

**Accessibility for Operating Systems**
Both Microsoft and Apple provide additional accessibility guides, tutorials, and tips for use on your computer. Visit the Microsoft or Apple website for information beyond the documents provided here. Students may contact the Disability Services Office for questions about accommodations or visit the University’s page on accessibility.

**College Specific Requirements**

**College of Business and Information Technology**
The College of Business and Information Technology may require access to additional software. Software currently provided by the University on the student website is subject to change and may require students to purchase or obtain access to the software. Please look for updated software requirements in your course. Students must have access to a Mac computer to complete iOS mobile coursework or the latest Windows operating system to complete Windows mobile coursework.

**College of Education**
The College of Education may require access to additional software and hardware for the purpose of meeting individual state mandates. You may be required to submit video clips during your program to meet assignment requirements, during the student teaching or practicum experience (if applicable) to meet assessment requirements, and near the end of your program to meet licensure requirements. You may be required to purchase or obtain access to relevant software and hardware. Please look for updated software/hardware requirements in your courses. A minimum Internet upload speed of 2Mbps is recommended to help facilitate the video uploads.

**College of Doctoral Studies**
The College of Doctoral Studies requires that students bring a laptop computer that meets the above technology requirements to any/all physical residencies or classes.

**eCampus: Student and Faculty Portal**

eCampus is a secure multifunctional electronic gateway to student services, the University Library, class schedules, course materials, the electronic class environment, assignment feedback and grade reports, as well as transcripts. eCampus is accessible 24/7 and requires no special software. Students can login to eCampus from any computer and Internet Service Provider. Student resources on eCampus include the University Library, eBooks, Media Library, Center for Writing Excellence, Center for Mathematics Excellence, student workshops, Life Resource Center, and Phoenix Link. When students are admitted to a program, they are provided with all the information needed to connect to eCampus. This electronic class environment is where assignments are turned in and exams are submitted.
are accessed. Each student’s eCampus login credentials are unique; students must not share their login credentials with anyone. University of Phoenix students attend class on-campus, online, or in a hybrid modality known as FlexNet®. Regardless of modality, all students use the same materials for a specific course, have access to all student resources available on eCampus, and turn in assignments by accessing assignment links on eCampus. Discussions and participation during online class weeks are asynchronous, so there is no need to be online at a specific time during each online class week. Class discussions are private, limited to members of the class.

University of Phoenix authorizes Deans and administrative staff and faculty in the Colleges, Directors of Academic Affairs, Campus Academic Directors and certain university administrators to review submissions to the electronic class environment and to assignment links to assist in the resolution of grade disputes, grievances, and charges of academic dishonesty, as well as to confirm and/or investigate other academic-related issues as necessary.

**Classroom Recording Policy**

Students may only make audio and/or video recordings of University of Phoenix class presentations, activities, and discussions if they meet one or more of the following criteria:

- The recording occurs with the prior written consent of the faculty teaching the class and of all students in the class at the time of the recording.
- There is a documented University of Phoenix Disabilities Service Office authorized accommodation requiring recording of specific parts of a class session.

Faculty wishing to make audio or video recordings of class presentations, activities, and/or discussions must obtain prior written permission of the campus Director of Academic Affairs and of all students in the class at the time of the recording.

If a class recording is made with appropriate authorization, unless there is clear and unambiguous prior written approval to the contrary, the recording must not be copied or shared with others, posted on a website to which others have access, or disseminated in any other manner, but shall be used for personal class-related study purposes only by the individual who made the recording.

**Competency-Based Education (CBE) Programs and Courses**

CBE Programs: University of Phoenix CBE program offerings are credit-hour programs designed to provide prepared students with an opportunity to pursue a degree at a more accelerated pace and with more flexibility than a traditional program offering. CBE program offerings allow students to demonstrate the appropriate level of mastery of relevant core competencies as a means of earning credit toward a degree. The University’s CBE program offerings include the designation “Competency-Based” in the official program name, and CBE courses include the designation “CB” in the course ID prefix.

CBE Courses: Students enrolled in a CBE program are enrolled in up to five courses concurrently. Each CBE course is 16 weeks in length. Each CBE course is made up of a cluster of competencies. Students must demonstrate an acceptable level of proficiency in each competency by completing a competency assessment. Students are allowed three attempts at a competency assessment, and must achieve a grade of ME (Met) or MA (Mastered) for each competency in a course in order to receive an overall passing grade of ME or MA for the course.

CBE Faculty: CBE programs follow the University’s established Faculty Model. The Faculty Model provides the University with an experienced team of faculty who are involved in faculty governance and teaching activities. In addition, the University’s teaching and learning model, Faculty Code of Conduct, curriculum management strategy, overarching educational philosophy, and faculty and student resources to support the teaching model are all integral components of the Faculty Model. Within the competency-based program, faculty motivate and guide students from orientation to graduation. Faculty will provide guidance and support in academic areas for their assigned students throughout the duration of students’ programs.

Faculty are subject matter experts in the content area of the program. Faculty members are content experts in specific competency areas, and they use that expertise to guide students through learning activities to support their academic development. Associate faculty facilitate student learning through synchronous and asynchronous learning activities, assist students by providing academic resources and support for achieving each learning objective and competency to be mastered and to provide feedback to students on their learning. Faculty are trained in the use of assessment rubrics to insure reliability in the assessment of students’ competencies.

CBE Academic Policies: Academic policies specific to CBE programs and courses (e.g., attendance, grades, academic standing) are found within the corresponding policies for traditional programs and courses.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
UNIVERSITY POLICIES

Academically Related Activities

Academically Related Activities (ARAs) are used to determine a student's official last date of attendance and corresponding enrollment status at the University. ARAs are also used to determine the effective date of active and withdrawn enrollment statuses. The following activities that occur on or after the course start date and on or before the course end date will be considered academically related activities by the University:

- Messages in a course
- Assignment submissions posted via the online classroom
- Quiz/Exam submissions recorded by the system via the online classroom
- Learning Team Acknowledgements via the online classroom
- Physical Attendance verified by a signed attendance roster (local campus courses only)

Courses offered in Blackboard:
- Discussion posts in a course (Blackboard “Messages” and “Course Room” interactions do not count towards course attendance)
- Assignment submissions posted via the online classroom
- Quiz/Exam submissions recorded by the system via the online classroom
- Physical Attendance verified by a signed attendance roster (local campus courses only)

ARAs will not generate for activities in Audited (AU) courses. Blackboard “Messages” do not count towards course attendance.

Institutionally Scheduled Break

For all students, the University’s winter institutionally scheduled break for the 2019/2020 award year is December 24, 2019 - January 4, 2020.

For students attending a local campus, one or more additional University institutionally scheduled break(s) may apply for University observed holidays for the 2019/2020 award year. For University observed holidays, a one week institutionally scheduled break will be placed on a student’s academic record in the event that he/she is enrolled in a course that has been extended at a local campus due to a University observed holiday; the actual dates of the institutionally schedule break will vary based upon the observed holiday. Currently the University observes the following additional holidays: Memorial Day, Fourth of July, Labor Day, Columbus Day, Thanksgiving Day and day following, Martin Luther King Jr. Day, President's Day, and Mardi Gras.

Course Attendance Policy

Attendance is mandatory in all University courses. Students satisfy course attendance requirements through the activities listed below:

- Competency-Based Education (CBE): Students in a CBE course are required to post at least one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom in each course, by the end of the second week of the course.
- Blackboard “Messages” and “Collaborate” interactions do not count towards course attendance.
- Academic Engagement Requirement: Students in a CBE program must remain academically engaged in addition to having positive attendance posted for the course after the first message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom. Academic engagement in a CBE program is achieved by having at least one academically related activity recorded for any course in the CBE program every 14 days, in alignment with the University’s criteria for Active Full Time Enrollment Status.
- Local Campus and In Person Residency: Students must physically attend the local campus workshop meeting during the scheduled class and sign the attendance roster.
- Most local campus courses meet four hours per week.
- Most in person residency courses meet eight hours per day and require daily sign-in on the attendance roster.
- Directed Study: Students must post one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom during the scheduled class during the online week.
- Blackboard “Messages” and “Collaborate” interactions do not count toward course attendance.
- FlexNet: Students are in attendance at the local campus workshops if they physically attend the local campus workshop meeting during the scheduled class hours and sign the attendance roster. They are in attendance during the online class weeks if they post one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom on at least one day during the online week.
- Blackboard “Messages” and “Collaborate” interactions do not count toward course attendance.
- Preceptorship Clinical Courses: Students enrolled in preceptorship courses are not required to meet classroom workshop attendance in person as they are required to complete supervised clinical hours offsite. Attendance for the course is recorded weekly by the faculty member as documented on the attendance roster to record preceptorship progression. Students are responsible for notifying the faculty member prior to the start of the course workshop week if they are no longer engaging in required supervised clinical activity, and plan to withdraw from the course, to ensure attendance is recorded accurately.
- Counseling Residency Courses:
  - Online week: Students must post at least one message, assignment submission, or quiz/exam submission that is recorded by the system in the online classroom on at least one day during the online week.
  - Blackboard “Messages” and “Collaborate” interactions do not count toward course attendance.
- Three day residency: Attendance for the course is determined by the online week requirements. Students who do not physically attend any day during the in person residency will receive a failing grade for the course.

Unexcused Absence Policy

Unexcused absences will result in an automatic “W” grade if students miss more than the maximum allowed absences. Refer to the
chart below:

<table>
<thead>
<tr>
<th>Number of workshops</th>
<th>Allowed Absences</th>
<th>Absences resulting in Withdrawal (W) grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-4</td>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>5-9</td>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td>9 (Online associate)</td>
<td>2</td>
<td>3</td>
</tr>
<tr>
<td>10-59 (excluding CBE courses)</td>
<td>2</td>
<td>3</td>
</tr>
<tr>
<td>60+</td>
<td>9</td>
<td>10</td>
</tr>
</tbody>
</table>

Students in CBE courses will be given an automatic W grade if they have posted at least one academically-related activity in the course, but have not exhausted all attempts at any competency assessments when either the course ends or when they have been withdrawn.

Students may submit a request for an excused absence prior to or after the missed week of attendance, for one of the following reasons with supporting documentation:

- Military deployment
  - Documentation can consist of military orders.

- Required military training
  - Documentation can consist of military training orders.

- Extreme serious illness or hospitalization of student or family member
  - Documentation can include a note from the doctor or release from the hospital. The documentation does not need to contain specifics of the medical condition and/or injury, etc.

- Title IX - Pregnancy and Childbirth
  - A student must be excused for medically necessary absences due to pregnancy, pregnancy-related conditions or childbirth for as long as the doctor deems the absence(s) medically necessary.
  - Documentation can include a note from the doctor, release from the hospital, and any other documentation that would typically be required for other medically necessary absences.

- Death of a family member
  - Documentation can consist of a copy of the deceased’s obituary.

- Jury Duty
  - Documentation can consist of a copy of the jury summons.

- Other extenuating circumstances
  - Students may request an “E” excused absence based on extenuating circumstances, as approved by the University.

- Natural disaster, inclement weather, or emergency situations that require campus(es) to cancel classes.

### Leave of Absence

- Students who need to take a formal break from their program may request a Leave of Absence (LOA). All students actively enrolled in certificate and degree programs at the University are eligible to request a LOA.

- Students may be approved by the University for multiple LOAs in a 12-month period; however, the total of all approved LOAs may not exceed 180 calendar days in the 12-month period.

- An LOA will not be approved if a student requests the LOA after 14 consecutive days of nonattendance, is in an unofficial withdrawal (UW) status, and the request is not due to unforeseen circumstances that occurred prior to the UW status.

- If a student requests an LOA start date in the future and is officially withdrawn, unofficially withdrawn, or administratively withdrawn from the University prior to the start date of the LOA, the LOA will be denied.

- The University will not allow a student to take two consecutive LOAs separated by an institutionally scheduled break.

- Student must return to the same program of study in which he/she took the LOA.

- Student must return on the date designated as the Return Date on his/her LOA Request Form, or the student will be withdrawn from the University.

### University Withdrawal

The University Withdrawal Policy addresses a student’s separation from the University and is applicable to all students enrolled in degree or certificate programs. Students may be officially, unofficially or administratively withdrawn. When a student is withdrawn, the University records both a withdrawal effective date and a date of determination (the date when the University determined that the criteria for withdrawal was met).

- Official Withdrawal: Students who provide official notification of the intent to withdraw from the University are considered official withdrawals (OW).
  - The withdrawal date for an official withdrawal is the last date of academic attendance or attendance of an academically related activity (ARA) determined from University attendance records. This date is always earlier than or equal to the date the student notifies the University of his/her official withdrawal.
  - The date of determination (DOD) for students who officially withdraw from the University is the latter of the student’s withdrawal effective date or the date the student indicated in their notification to the University of his/her official withdrawal.

- Unofficial Withdrawal: Students who do not provide official notification to the University of their intent to withdraw are considered unofficial withdrawals (UW) after 14 consecutive nonattendance in an ARA determined from University attendance records.
  - The withdrawal date for students who cease attendance at the University, including a student who does not return from an approved leave of absence, is the last date of attendance in an ARA determined from University attendance records.
  - For a student with an approved leave of absence, the University will review the student record on or after the original approved return date.
  - For a student who is unofficially withdrawn, the DOD is the 15th day after the last attendance at an academically related activity.

- For a student with an approved leave of absence, the DOD is the day after the student’s scheduled return date.
• If a student is granted an extension in the course he or she is currently attending and the intent is to complete the course, the days in the extension period will not count toward the 14 days of consecutive nonattendance in an ARA. During this time a student in an extension period will remain in active status. An extension of the course is indicated by the issuance of an IX (In Progress Extension) grade.

• Administrative Withdrawal: Students who are withdrawn from the University for failing to meet admission, academic, candidacy, financial or code of conduct policies are considered administrative withdrawals (AW).

• The withdrawal date for students who are AW is the last date of academically attendance or attendance in an ARA that occurred prior to the decision to administratively withdraw the student.

• The DOD for students who are AW from the University is the date the University decides to administratively withdraw the student.

University Withdrawal Procedure

Students wishing to officially withdrawal from the institution may complete the self-service Official Withdrawal automated process via the University student website. Students who wish to rescind their intent to withdraw from the University must participate in an ARA after the effective date provided on the student’s Official Withdrawal form. Students who rescind their intent to withdraw and subsequently withdraw without official notification to the University of their intent to withdraw, will be considered unofficial withdrawals. If the student officially or unofficially withdraws after rescinding the intent to withdraw, the withdrawal date is the last date of attendance for their program.

Academic Program Re-Entry

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

• Any student in a competency-based education (CBE) program is considered to be a re-entry student if no academically related activity has been posted for more than 365 days from the official last date of attendance for their program.

• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.

• No appeals will be accepted for re-entry to an expired program.

• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Holiday Calendar

The University’s holiday calendar is listed below.

2019-2020 Holiday Calendar

Course Equivalencies

Equivalent courses are University approved courses that act as an acceptable alternative to a required course, as determined by the College and may apply to a program in place of a required course. Courses must have substantially similar content, course objectives, and/or learning outcomes. The equivalencies are subject to change based on program update or College need.

Equivalent courses must be an equal level or higher, and have the same number of credit hours or higher. Combination equivalencies are used when the content of two or more courses taken together are deemed to have substantially similar content, course objectives, and/or learning outcomes to the content of one course. Unless stated, when a combination of multiple courses is used to satisfy an equivalency with a course, the excess credits from the combination may apply towards the Additional Liberal Arts, Interdisciplinary, and/or Elective requirements for the program.

If all courses needed to satisfy a combination equivalency are not completed, the equivalency will not be satisfied. Students should complete the required course as outlined in the program policy. When two equivalent courses are completed, only the most recent course completed will be counted for credit and grade point average calculations.

The College may also provide course options which are not direct equivalencies to the required course, but which the College has determined to be acceptable alternatives to a required course for a specific program.

Course Cancellation

University of Phoenix may be required to cancel courses when necessary. In addition, courses may not begin on their scheduled start dates in the event of certain circumstances, such as faculty availability or insufficient enrollment. In such situations, the University will work with students in an effort to provide them with the opportunity to reschedule or to transfer to a comparable University course if available. Any payments made for cancelled courses will
be refunded or applied to another University course. All attempts will be made to address such cancellations with students as early as possible.

**Directed Study**

With approval of the Campus Director of Academic Affairs or designated appointee, students may complete Dean approved courses, as available, via Directed Study delivery as outlined below:
- Degree program enrollment: a maximum of twelve (12) completed credits in the program
- Credit bearing certificate program enrollment consisting of four or more courses: a maximum of three (3) completed credits in the program.
- Deployed active duty military students: a maximum of (15) completed credits per academic year upon providing official documentation of the deployment timeframe to their local campus.

**Concurrent Enrollment**

- Concurrent enrollment is defined as simultaneous enrollment in any two or more University courses. Students enrolled in courses outside the University are excluded from this definition. Courses will be considered concurrent when start and/or end dates overlap.
- Students enrolled in an undergraduate or graduate degree program may not enroll in more than two credit bearing courses concurrently.
- Students enrolled in a competency-based education (CBE) program may be enrolled in up to five CBE courses concurrently.
- Concurrent enrollment in the first four courses is prohibited for all new students, unless they are enrolled in a CBE program.

**Multiple University Credentials**

Students may earn multiple credentials from the University of Phoenix. The following policies apply:
- Only one degree in a specific discipline may be earned at each program level (i.e. bachelor and/or graduate); however, students can earn multiple degrees in different disciplines. For the purpose of this policy, the term discipline refers to the subject or content area for the program (e.g. Psychology, Accounting, Cybersecurity, etc.).
- Students may earn only one certificate in a specific discipline at each course level (lower division, upper division, graduate, doctoral).
- Students who have been conferred a degree or certificate program cannot return and enroll into a lower level degree or certificate in the same discipline as their previously completed program.
- Programmatic residency must be met for each credential through the completion of a prescribed minimum number of unique University of Phoenix credits.
- Graduate degree-seeking students must complete a minimum of 18 credits toward an additional graduate degree. Exceptions are outlined within programmatic policies.
- Bachelor degree-seeking students must complete a minimum of 30 unique credits of the additional bachelor degree’s required course of study in order to meet residency.
- Residency requirements that do not fall within the above guidelines are outlined in specific program policies.

Students may only earn one associate degree.
Students may not complete more than one degree from the College of Doctoral Studies with the exception of Educational Specialist (EdS). EdS graduates may return to the College of Doctoral Studies and earn a doctorate degree.

**Maximum Credit Limits**

The University has identified the maximum number of credits a student may complete during a 12-month period. This limit is determined based on the student’s actual start date in their program at the University. The number of credits completed within a 12 month period is limited by the program level of study the student is actively pursuing.
- All undergraduate students may complete a maximum of 45 UOPX credits in a 12 month period.
- Graduate students may complete a maximum of 39 UOPX graduate credits in a 12 month period.

Students who are enrolled in both graduate and undergraduate programs are limited by the undergraduate credit maximum.

**Course Credits**

All credits issued for successfully completed University of Phoenix course work are in semester credits. Courses numbered 100-299 carry undergraduate, lower division credit. Courses numbered 300-499 carry undergraduate, upper division credit. Courses numbered 500-599 carry graduate credit. Professional courses numbered 600-699 may be applied to either undergraduate or graduate credit requirements. Courses numbered 700-799 carry doctoral credit.

Most courses are three semester credits. In a typical three-credit course, and consistent with federal and accreditation requirements regarding the award of college credit, students can expect to engage in a minimum of 45 hours of faculty directed learning activities including classroom-based instruction/discussion, learning team projects, and/or additional learning activities (e.g., simulations, tutorials, videos, etc.). Additionally, students can expect to engage in a minimum of 90 hours of faculty recommended homework (i.e., reading, research, assignment development, and class preparation). These faculty-directed and student-directed expectations are intended to ensure a minimum level of content coverage and overall curriculum rigor is achieved in addressing the course objectives.

**Student Identification**

All students are assigned a unique student identifier called an Individual Record Number (IRN). This is the primary number students use to obtain campus, web and voice response services. A letter and ID card will be mailed upon request.

Current students have the option to visit their local campus or learning center and have a picture identification (ID) card created. In order for an ID card to be printed you must:
- Be in an active status with University of Phoenix (Full time, Less Than Half Time, and Leave of Absence)
- Before issuing the Photo Student ID, a government issued ID must be provided to staff to confirm student identity and eligibility

The Photo Student ID card will be issued by University staff at the local campus or learning center. Not all local campuses or learning
centers may offer this service.

**Name and Social Security Number Changes**

The University requires documentation of legal name and social security number changes. The following primary forms of identification will be accepted for a legal name change:

A copy of one of the following forms of identification will be accepted as proof of your legal name change. The document provided must be signed and must accurately reflect your full legal name:

- Court Ordered Name Change
- Social Security Card
- Passport/Passport Card
- Permanent Resident Card
- Certificate of Naturalization
- Driver’s License
- **International students may also submit:** National Identity Card

These forms must illustrate the name exactly how it is requested on the Name Change form. A signed social security card issued by the Social Security Administration is required for changes in social security numbers.

**Letter Request**

All student letter requests must be processed by the Registrar’s Office. Students may contact the Admissions and Records Service Center (ARSC) to request letters and will be required to verify their identity per FERPA guidelines.

Directory information requests do not require a FERPA Release form.

A FERPA release is required if a letter is to be faxed, mailed, or encrypted emailed to a third party for non-directory information. A FERPA release is required if a letter containing non-directory information is to be faxed, mailed, or encrypted emailed to the student, and the student does not have the fax number, mailing address, or email address listed on the official student record.

A FERPA release is not required for students who call the Admissions and Records Service Center directly, successfully complete the Student Verification Process (SVP), and request non-directory information to be sent to themselves as long as the fax number, mailing address, or email address is on the official student record.

A FERPA release is also not required for forms sent to the Letter Center on the student’s website because this requires an individual user ID and password.

Students may call the National Student Clearinghouse (NSC) at (703)742-4200 to verify their enrollment information has been sent to the student’s lender, or to request that the Clearinghouse resend the information to the student’s lender. The University of Phoenix OPE-ID code is 020988.

**Record Maintenance**

University of Phoenix requires students to complete and sign all student related documents in connection with their education record. Nobody other than the student may sign forms (wet signature or e-signature) on behalf of a student.

**Course Audit Policy**

With approval of a Director of Academic Affairs or designated appointee, students may register for and audit University courses. Auditing students are passive participants in the class and are not held accountable for Study Group Task/Team work nor for assignment submission unless otherwise negotiated with the faculty member.

Auditing students are governed by all University policies and procedures that apply to non-auditing students.

Auditing students who have met the minimum attendance requirements for the course will receive a grade of “AU” on their permanent record which will not carry any academic credit.

ARAs will not generate in Audited (AU) courses regardless of activity type.

Students who have selected to audit a course may not change their auditing status after the start of the course.

**Servicemember Readmission**

The Higher Education Opportunity Act (HEOA) provides that an institution may not deny admission or readmission to a person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform, service in the uniformed services on the basis of that membership, application for membership, performance of service, application for service, or obligation to perform service. This applies to service in the
uniformed services, whether voluntary or involuntary, on active duty in the Armed Forces, on active duty for training, and full-time National Guard duty under Federal authority for a period of more than 30 consecutive days under a call or order to active duty of more than 30 consecutive days. A call/order to active duty includes state-side deployment of active duty military personnel and deployment outside of the country. This does not include National Guard service under authority of State law.

The Military Deployment and Servicemember Readmission policies will also apply to servicemembers and reservists that are temporarily unable to attend class for between 15-30 days due to a military service obligation.

Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if all of the following criteria are met:

1. Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if all of the following criteria are met:
   - The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) should give advanced verbal or written notice to Student Services as far in advance as is reasonable under the circumstances of the student’s upcoming deployment. No advance notice by the student is required if the giving of such notice is precluded by military necessity (e.g., a mission, operation, exercise, or requirement that is classified, or a pending or ongoing mission, operation, exercise or requirement that may be compromised or otherwise adversely affected by public knowledge). In addition, any student (or appropriate officer of the Armed Forces or official of the Department of Defense) who did not give advance notice of service to the appropriate official at the University may meet the notice requirements by submitting, at the time the student seeks readmission, documentation (e.g., deployment paperwork or a letter from the student’s commanding officer) to confirm that military duty was the reason for the student’s absence.
   - The cumulative length of the absence and of all previous absences from the University by reason of service in the uniformed services does not exceed five years.
   - The student must give oral or written notice of her intent to return to the school within three years after the completion of the period of service.

2. A student who is hospitalized or convalescing due to an illness or injury incurred or aggravated during the performance of service must notify the school within two years after the end of the period needed for recovery from the illness or injury.

If the student does not submit a notification of intent to reenroll within the time limits or documentation sufficient to establish the student’s eligibility for readmission, the student is subject to the circumstances of the University.

If the student is not prepared to resume the program at the point he or she left off or to enable the student to complete the program in the same academic year, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program in the same academic year, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

If after reasonable efforts, the student is still not prepared to resume the program at the point he or she left off, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program in the same academic year, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

If the student is not prepared to resume the program at the point he or she left off, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program in the same academic year, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

If the student is not prepared to resume the program at the point he or she left off, the University will make reasonable efforts to help the student become prepared to enable the student to complete the program in the same academic year, but not limited to, providing refresher courses at no extra cost and allowing the student to retake a pretest at no extra cost.

are advised to notify Student Services either orally or in writing. It is recommended that documents sufficient to show the student will be deployed, such as, but not limited to, a copy of the military deployment paperwork or a signed official letter from the commanding officer, be submitted to the student’s campus. Although this formal documentation is not required at the time of deployment, students should be advised that it will be necessary in order to be readmitted. If documentation is provided, the campus must fax the documents to eXp for inclusion in the student’s file for future reference.

The University is unable to coordinate decisions regarding the student’s record or take action on the student’s record through a third party without appropriate authorization granted through a Power of Attorney.

Students enrolled in a course at the time of deployment are eligible to receive excused absences in accordance with the excused absences policy. Campuses should use discretion and take such action only if the excused absences would benefit the student by allowing the student the opportunity to complete the course instead of being automatically dropped from the course for not meeting the University course attendance requirement. If the student will be unable to complete the course due to military deployment, the student may drop from the course and receive a full refund of tuition and mandatory fees for the course and a withdrawal “W” grade may be issued.

If the student would like an opportunity to complete the course while deployed, an incomplete “I” grade can be issued instead of a “W” grade. The “I” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The campus practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “I” grade shall be waived for deployed students.

Students scheduled to be deployed for active military duty are advised to contact their campus Financial Representative regarding the status of their account and/or financial aid.

- If documentation is provided at the time of deployment, the student may drop from the course and receive a full refund of tuition and mandatory fees for the course and a withdrawal “W” grade may be issued.
- If the student would like an opportunity to complete the course while deployed, an incomplete “I” grade can be issued instead of a “W” grade. The “I” grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension. The campus practice of requiring final grades to be lowered by one full letter grade as a result of the incomplete “I” grade shall be waived for deployed students.
- Students scheduled to be deployed for active military duty are advised to contact their campus Financial Representative regarding the status of their account and/or financial aid.

**Transient Student Policy**

A transient student is an individual who is enrolled in a degree program at an outside institution but is approved to complete non-degree coursework at University of Phoenix (UOPX) to fulfill program requirements at their home institution. Prior to being scheduled for coursework at UOPX, transient students must have an approved Transient Student Request form on file.

Students attending the University as transient students:
- Will be held accountable for, and be governed by, all University classroom, conduct, and other associated policies regarding student behavior and academic progression as set forth in the University’s Academic Catalog.
- Will not be reviewed for the specific University admission requirements as a degree-seeking student.
- Are held to their home institution’s academic preparedness requirements and will not be individually reviewed for satisfying University pre-requisite requirements for the courses they are entering.

**Preferred Transfer Institution Policy Exceptions**

Applicants to University of Phoenix (UOPX) who are transferring from closed (or closing) institutions will be allowed exceptions to specific UOPX admission and academic policies if UOPX is designated as a preferred transfer institution. Policy exceptions will be established, where reasonable, to ensure a timely and efficient admission process and to minimize any loss of credits in transfer.

**Acceptable Transfer Activity**

The following completed transfer activity types will be reviewed for transfer into the university:

1. Coursework which was completed at an institution that offers associate degrees or higher, which was accredited, or a candidate for accreditation at the time the student attended, by a regional or approved national accrediting body, or a foreign institution recognized/authorized by the country’s Ministry of Education, will be reviewed for transfer into the University. In addition, graduate level coursework from institutions that hold accreditation through the ABA (American Bar Association) or that have been provisionally approved for accreditation may also be reviewed for transfer into the University. Coursework from ABA accredited institutions that is not from a Graduate level program will not be accepted. JD, LLB, LLM are considered graduate level programs.
2. American Council on Education credit recommendations
3. National College Credit Recommendation Service (NCCRS) credit recommendations
4. National testing program credit earned from:
   a. College Level Examination Program (CLEP®)
   b. Excelsior
   c. Berlitz
   d. National League of Nursing Exams (NLN)
   e. Advanced Placement Examinations (AP)
   f. Defense Language Proficiency Tests (DLPT)
   g. DSST Exams (previously DANTES and USAFI)
5. Prior learning that has been assessed for credit-worthiness by either the Prior Learning Assessment department or by one of the University’s Colleges, Schools, or Provost’s Office.

To evaluate previously completed transfer activity, the University must receive transcripts, mark sheets, and documents that are originals from the issuing institution. Documents from Canada or the United States and its territories must be submitted in a sealed envelope or via an approved alternative means such as fax, Escrip, or EDI directly to the University of Phoenix. All transcripts that state “issued to the student” are not considered official and will not be used for evaluation.

Applicants with academic records from colleges or universities in other countries: The University will accept copies of academic records issued from international institutions with no time of issue limitations. If official academic records are received directly from the institution in a sealed envelope, no verification will be required. Students with international credentials will be placed on an admission status of RI (Applicant International Credentials) until either the verification or official document is received from the issuing institution.

**CLEP® is a registered trademark of the College Entrance Examination**
Board, registered in the U.S. and/or other countries

Evaluation of Transfer Activity

Only transfer activity evaluations performed by the University’s Office of Admissions & Evaluation (OAE) or their approved designee are official. Any preliminary reviews by campus personnel or OAR are unofficial, not binding, and subject to change. The following criteria are applied to the evaluation of all transfer credit:
1. Credit-bearing coursework in which students earn a minimum grade of “C-” or grades of credit, pass or satisfactory may be accepted towards students’ degree requirements.
2. Acceptable transfer activities will be transferred as semester hour credit.
3. The University will accept courses that are numbered as non-remedial, college level, transferable, or degree applicable, as determined by the issuing institutions transcript key.
4. Credit is transferred by course level (i.e., lower division, upper division, graduate, doctoral) as awarded by the issuing institution.
5. Physical Education activity credits are limited to four credits.
6. Application of transferable credit and limitations on transferability are determined by program requirements and by state or jurisdiction.

Specific regulatory requirements regarding credit limit applications are listed in the grid below and apply to residents, and non-residents attending a UOPX ground campus located in a restricted state, regardless of modality of study (unless otherwise stated in the grid below). Use this grid for the given states only. Coursework earned in the following ways will not be accepted in direct transfer towards University degree requirements:
1. Credit is not awarded for transfer activity that duplicates or is regressive to previously completed transfer activities, either at the same or a different transferring institution. If a transcript is received by the University following initial evaluation that shows that a transfer activity duplicates an activity that has already been accepted in transfer, only the credit awarded to the initial transfer activity will be accepted and reviewed for applicability to the student’s program.
2. Professional development level or vocational courses as determined by the issuing institution’s transcript key or program description.

Associate degree transfer policy: Students transferring to University of Phoenix into an undergraduate bachelor’s degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BSLS, BSED, BS/BIO, BA/ENG, BS/EVS, BS/HST, and BSIT (all concentrations)) with a previously completed regionally accredited Associate degree will be considered as satisfying their lower division elective and general education requirements making the student required course of study ready at University of Phoenix. Students using this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

California block transfer policy: Students transferring to University of Phoenix into an undergraduate bachelor’s degree program (excluding BSN, LPN/BSN, LVN/BSN, P/VN/BSN, BSLS, BSED, BS/BIO, BA/ENG, BS/EVS, BS/HST, and BSIT (all concentrations) or students residing in Arkansas, Nevada, Oregon, Puerto Rico) with a previously completed CSU (California State University) or IGETC (Intersegmental General Education Transfer Curriculum) certification from a regionally accredited California college or university will be considered as satisfying their general education liberal arts component for their degree program. Students using this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

Students may appeal transfer activity evaluation decisions to the Student Appeals Center within 90 days from notification of the decision by the University. A signed Enrollment/Disclosure Agreement must be on file prior to the official evaluation being completed.

Nondiscrimination Policy

University of Phoenix is guided by the principle of equal opportunity and respect for others. The University is firmly committed to providing equal opportunity in its educational programs and activities, including admission, and employment practices.

The University will not tolerate any discrimination or harassment of any kind including, but not limited to, race, color, religion, sex (including pregnancy or childbirth), sexual orientation, gender
identity, gender expression, gender transition, transgender status, gender variance, age, ethnicity, national origin, disability, veteran status, or any other category protected by federal, state, or local law. More specifically, the University complies with Title IX of the Education Amendments of 1972, Titles VI and VII of the Civil Rights Act of 1964 and regulations, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1974, and any other applicable federal, state, or local law.

Conduct deemed to be in violation of this policy is prohibited and will not be tolerated by the University of Phoenix. Retaliation, in any form, against the person raising such a concern will also not be tolerated by the University of Phoenix.

Discrimination Grievance Procedures:
1. Students, faculty, or staff alleging discrimination should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases a grievance should be submitted within six weeks after the alleged incident(s).
2. Allegations of sex discrimination (including discrimination based on sex, sexual orientation, gender identity, gender expression, gender transition, transgender status and gender variance) must be presented to Marcie L. Batschelett, JD, Interim Title IX Coordinator, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.
   a. All University staff members are considered “responsible employees.” This means University staff (e.g., faculty members, enrollment representatives, academic or finance advisors, managers, etc.) cannot keep complaints confidential and are required to immediately report any instances of alleged sex discrimination (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator.
   b. The Title IX Coordinator or their designee will follow procedures outlined in the University’s Title IX/VAWA Policy (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf).
3. All other discrimination claims should be presented to the campus director or their respective designee or the Ethics Helpline.
   a. The University will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of discrimination and the alleged actions.
   b. If the appropriate director or designee finds that there is a factual connection between the allegation of discrimination and the alleged actions then one of the following procedures will be followed:
      i. If the accusation is against a faculty member then the Faculty Code of Conduct procedures apply.
      ii. If the accusation is against a student then the Student Code of Conduct procedures apply.
      iii. If the accusation is against an employee then the appropriate campus director or their designee will contact Human Resources and human resources policies for processing claims of discrimination will be followed.
   iv. In the event that the University finds that the discrimination was not caused by an individual’s actions, but rather by a discriminatory policy or practice, the University will take steps to remedy the discrimination and prevent its recurrence. These steps may include revising a policy or practice that has resulted in discrimination, eliminating the policy or practice, and/or addressing any effects of the discrimination on the individual filing the grievance.

Harassment Policy
The environment at each of the University’s locations must be free of all forms of improper or unlawful harassment, including sexual harassment or sexually offensive conduct. This policy applies in the online environment, as well as all campuses, learning centers and central administration locations. Harassing behavior can range from inappropriate to illegal. Conduct on the part of faculty, staff, students or third parties which would violate this policy includes, but is not limited to:

- Unwelcome or unwanted advances, sexual or otherwise,
- Requests for favors, sexual or otherwise,
- Any suggestion, whether overt or subtle, that a grade or other academic achievement is dependent upon the granting of favors or submission to requests, sexual or otherwise,
- Unwelcome physical contact, including patting, pinching, hugging, kissing, fondling, etc.,
- Offensive verbal conduct, including sexually or otherwise explicit jokes, comments, innuendo, or other tasteless action that would offend a reasonably sensitive person,
- The display of sexually or otherwise offensive pictures, posters, illustrations, or objects,
- Slurs, jokes, or ridicule based on race, ethnicity, national origin, religion, gender, gender identity, sexual orientation or disability.

Conduct deemed to be in violation of this policy is prohibited and will not be tolerated by the University of Phoenix. The University encourages those who experience or witness harassment to report the behavior for investigation. Retaliation, in any form, against the person raising such a concern will also not be tolerated by the University of Phoenix.

Harassment Grievance Procedures
Students, faculty, or staff alleging harassment should present their grievance as soon as possible after the incident(s) that gave rise to the allegation(s). In most cases, a grievance should be presented within six weeks after the alleged incident(s).

Allegations of sexual harassment must be presented to Marcie L. Batschelett, JD, Interim Title IX Coordinator, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu.

- All University staff members are considered “responsible employees.” This means University staff (e.g., faculty members, enrollment representatives, academic or finance advisors, managers, etc.) cannot keep complaints confidential and are required to immediately report any instances of alleged sexual harassment (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator.
- The Title IX Coordinator or their designee will follow procedures outlined in the University’s Title IX/VAWA Policy (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf).

All other harassment claims should be presented to the campus Director or their respective designee or the Ethics Helpline.

- The University will conduct a prompt, thorough and impartial investigation and make a determination on whether the student presented a factual connection between the allegation of harassment and the alleged actions.
- If the appropriate director or designee finds that there is a factual connection between the allegation of harassment and the alleged actions then one of the following procedures will be followed:
• If the accusation is against a faculty member then the Faculty Code of Conduct procedures apply.
• If the accusation is against a student then the Student Code of Conduct procedures apply.
• If the accusation is against an employee then the appropriate campus director or their designee will contact Human Resources and the policies of the Human Resources Department for processing claims of harassment will be followed.
• In the event that the University finds that the harassment was not caused by an individual’s actions, but rather by a discriminatory policy or practice, the University will take steps to remedy the harassment and prevent its reoccurrence. These steps may include revising a policy or practice that has resulted in harassment, eliminating the policy or practice, and/or addressing any effects of the harassment on the individual filing the grievance.
• In instances where it is determined that harassment did not occur, involved parties are issued a closure letter which reflects that the investigation did not find substantial evidence of harassment.

Accessibility and Disability Services
The University recognizes and accepts its obligations under the Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and the ADA Amendments Act of 2008, prohibiting discrimination on the basis of a disability and requiring the University to provide accommodations to otherwise qualified disabled students in all University programs and activities. Determination of accommodations and compliance with the ADA and the Rehabilitation Act for students are managed by the University Accessibility and Disability Services Office. No student shall be retaliated against for seeking accommodation under this policy or for participating in any complaint procedures brought against the University for its noncompliance with the policy.

Accessibility and Disability Services Office Contact Information
The Accessibility and Disability Services Office provides students with the opportunity to contact a Disability Services Advisor, via email, 24 hours a day. For more information, please visit: http://www.phoenix.edu/students/disability-services.html. The department’s mailing address and phone number is:

4025 S. Riverpoint Parkway
Phoenix, AZ 85040
Mail Stop CF-K304
Phone: 480.557.1157
Fax: 602.333.0737

Students needing assistance with accessibility questions or concerns can get more information at http://www.phoenix.edu/accessibility.html, or can contact accessibilitysupport@phoenix.edu.

The University’s Vice President of Accessibility Strategy and Section 504 Coordinator, is Kelly Hermann, Section.504Coordinator@phoenix.edu.

Student Organizations
It is the policy of University of Phoenix (UOPX) to provide our students with opportunities to form student organizations that are recognized under the University’s Conditions of Recognition for Student Organizations (RSO).

Conditions of Recognition for Student Organizations
The University has established the following minimum criteria that each student organization must meet to be recognized by, and to function within, the University of Phoenix community:

• Recognized Student Organizations are independently installed, organized, and managed by students enrolled and actively attending at the University.
• All student members of a University Recognized Student Organization must be enrolled in and must have posted positive attendance within the last 90 days.
• Recognized Student Organizations must operate under the appropriate bylaws and/or policies to ensure that their student members remain in good academic and financial standing with the University and are free from code of conduct violations and related disciplinary action.
• Recognized Student Organizations are recognized by, but not official units of University of Phoenix or Apollo Education Group, Inc.
• Recognized Student Organizations must have a published purpose/mission and goals/objectives, operate under a formal leadership/governance structure, participate in the annual assessment process, and maintain membership rosters, financial statements, meeting minutes, assessment plans and reports, etc. Said items shall be submitted upon initial application and upon annual review or more frequently, as required or requested.

Recognized Student Organization Application/Annual Report and Renewal Request submission must be accompanied by an Assessment Matrix attachment with assessment plan sections (Area Assessed, Criteria, University Learning Goals, Measure and Metric) columns completed. At the end of an application/renewal period the Assessment Matrix Template submitted the year prior must be updated including the completed Findings and Action Plan sections.

• Recognized Student Organizations must have a University-approved Campus Liaison. The role of the Campus Liaison is voluntary and intended to serve as a liaison between the campus-based student organization and the University and to provide general guidance related to installing, organizing, leading, managing, assessing, and sustaining a healthy and productive student organization. If it becomes necessary for a student organization to be dissolved, the Campus Liaison will provide guidance/support to ensure a seamless exit strategy for the participating students, student organization, and the University. (Information pertaining to the minimum UOPX Campus Liaison criteria is provided on pages 11-12).
• Recognized Student Organizations may not possess any financial ties or result in any financial impact to University of Phoenix. All expenses related to installing, organizing, leading, managing, and/or sustaining a student organization are the sole responsibility of the student organization.
• The tax status of the University does not extend to student organizations. Student organizations must follow all local, state, and federal guidelines. Student organizations have sole responsibility for securing, maintaining, or demonstrating that they operate under the appropriate nonprofit tax exemptions (i.e., 501(c)(7)) or tax employer identification numbers, as appropriate. Under no circumstances are student organizations allowed to utilize the federal tax numbers or designations of University of Phoenix.
• Consistent with the University of Phoenix Mission, Recognized Student Organizations must strive to enhance the student experience, the University culture, and their communities as demonstrated with the organization’s purpose/mission and charter.

• Recognized Student Organizations must meet all Conditions of Recognition and agree to abide by all University of Phoenix regulations, policies, and procedures. This includes, but is not limited to, all academic catalog policies, campus safety policies, consumer information policies, public relations policies, marketing/advertising guidelines, privacy policies, and the student, faculty, and staff codes of conduct.

• Recognized Student Organizations must be open to all students who meet the membership requirements. Recognized Student Organizations may not limit membership based on race, color, gender, age, religion, disability or perceived disability, veteran status, sexual orientation, gender identity, national origin, or any other category protected by federal, state, or local law.

• Student organizations must submit a Student Organization Recognition application to the University of Phoenix Office of Multicultural Affairs & Diversity and be approved by the University to receive formal recognition status and recognition-related benefits. Formal recognition and access to the recognition-related benefits will not be granted until an application is reviewed and approved.

• Recognition status will expire at the end of each fiscal year, August 31st. A request for recognition renewal must be submitted no later than August 31st each year to remain officially recognized as an organization. Exceptions will be made for new organizations with approval granted between July and December of that same year. Upon approval, recognition status and benefits will be renewed for one year. This ensures proper maintenance of each student organization recognition and continued compliance with regulatory, policy, and procedural changes.

• Student Organizations that are academically oriented or request to install an institutional-level charter/chapter must receive approval from the appropriate Institutional Sponsor (i.e., College/School Dean or Director-level representative in University of Phoenix Central Administration), as appropriate.

• The bylaws and/or policies for any student organization must meet the minimum standards outlined in the Recognized Student Organizations Handbook.

• Recognized Student Organizations must meet one of the University’s approved Student Organization Types and Recognition Statuses as defined below.

Approved Recognized Student Organization "Types"

• Academic excluding Honor Societies - Academic organizations are generally intended for students with common academic interests, pursuing a particular field of study, and/or students who are interested in academic engagement and support beyond the classroom.

• Honor Societies - Honor Societies are generally geared toward students who demonstrate a high level of academic achievement. Membership in honor societies (e.g., Delta Mu Delta) is typically by invitation and criteria-based.

• Professional - Established professional associations are generally intended for students with a specific program, interest area, and possibly occupational aspirations in a professional field (e.g., Project Management Institute [PMI], Society for Human Resource Management [SHRM]).

• Service - Service organizations are generally intended for students seeking opportunities to participate in community service and/or philanthropic activities.

Approved Recognized Student Organization Recognition "Statuses"

• University-Level Recognition - Student organizations, which have been approved by the University and the participating student organization’s corporate office to install an institutional-level charter/chapter under which all local campus sites would operate. For example, University of Phoenix installed the Delta Mu Delta Lambda Sigma institutional charter in 2009, under which all campus sites are eligible to apply to install a local area co-chapter.

• Local Campus-Level Recognition - Additional local campus sites that have been approved by the University to operate under the governance/oversight of the University-Level recognized charter/chapter. For example, the Phoenix Campus has been approved to install a "co-chapter" which operates under the University’s Delta Mu Delta Lambda Delta institutional-level charter.

• Single Site Recognition - Student organizations which have been approved by the University and the participating student organization’s corporate office to install a charter/chapter to operate separately and independently at one of the University’s local campus sites.

• Non-Standard Recognition - Student organizations, which do not fit any of the other recognized affiliation statuses, may apply for affiliation under this status. These requests are considered on a case-by-case basis.

Acceptable Computer Use for Faculty and Student

University computing and communication resources are for approved business and educational purposes consistent with University policies and procedures.

• Computing and communication resources comprise all components of the University’s computer information systems, including, but not limited to, facilities, hardware, software, network infrastructure, and related devices, including those used for voice and video communication.

• The University’s computing and communication resources are the property of the University. Use of University computing and communication resources is a privilege and is provided as a service to the University’s users. Among other purposes, these resources are provided for the delivery of curriculum and related materials; for conducting online classes; for conducting educational research; for communication between and among students, faculty, and staff; and for accessing and obtaining the University’s services.
• By using University computing and communication resources all users, including students and faculty, assume personal responsibility for appropriate use and agree to comply with this policy and all other applicable University policies, including but not limited to, the Student and Faculty Codes of Conduct, and further agree to comply with all applicable city, state and federal laws and regulations. Any user using the University’s computing and communication resources in violation of the foregoing, or using these resources without authorization, or in excess of their authorization, will be subject to appropriate review processes and sanctions in accordance with the Student and Faculty Codes of Conduct and other applicable policies and/or laws. In addition, all activity and information, including personal activity and information, on University systems may be monitored and recorded. Any individual accessing University computing and communication resources expressly consents to such monitoring and is advised that if such monitoring reveals unauthorized or criminal activity, members of the University of Phoenix Information Security (or other personnel designated by information security) will provide the evidence from monitoring to the appropriate University officials for investigation and possible release to law enforcement authorities.

General Requirements of Users
Users of University computing and communication resources must:
• Comply with this policy and all applicable local, state, and federal laws and regulations.
• Not intentionally compromise the confidentiality, integrity or availability of University computing and communication resources.
• Not attempt to circumvent the University’s physical, technical, or administrative security measures.
• Abide by the provisions of the Student Code of Conduct (for students) or the provisions of the Faculty Code of Conduct (for faculty members).
• Be truthful and accurate in personal identification.
• Respect the rights and privacy of others.
• Maintain the security of their user resource accounts.
• Comply with the terms of use of any University or third-party service provider website(s).

Intellectual Property
Users must adhere to applicable intellectual property law, and the terms and conditions of any and all software licensing agreements and/or copyright laws as specified by the vendor or licensor. Explicitly:
• Unauthorized use of University trademarks or logos and other protected trademarks and logos is prohibited.
• Infringing upon the copyright, trademark, patent, or other intellectual property rights of others in computer programs or electronic information (including plagiarism and unauthorized use or reproduction) is prohibited.
• The unauthorized storing, copying or use of audio files, images, graphics, computer software, data sets, bibliographic records and other protected property is prohibited except as permitted by law.

Privacy & Security
The University strives to maintain the confidentiality, integrity, and availability of its systems, networks, and data. The University implements policies to ensure that access to sensitive data is restricted to those individuals who have a need-to-know. The following sections describe how information security personnel may monitor computing and communication resources for violations of this acceptable use policy.

Monitoring
System and network activities of users are routinely logged and monitored. These activities include:
• Use of accessed accounts
• Time and duration of network activity
• Web pages accessed and duration of access
• Network software accessed
• Volume of data storage and transfers

In the case of a suspected violation of this policy, University officials may authorize information security personnel to conduct a more detailed investigation to gather evidence on the suspected violation.

Restriction of Access to Computing and Communication Resources
Access to University computing and communication resources is a privilege that may be wholly or partially restricted without prior notice and without consent of users:
• If required by applicable local, state, or federal law or policy.
• If a reasonable suspicion exists that there has been or may be a violation of law, regulation, or policy.
• If required to protect the confidentiality, integrity, or availability of computing and communication resources.

Conditions for Permitting Inspection, Monitoring, or Disclosure
The University may permit the inspection, monitoring, or disclosure of e-mail, computer files, and network transmissions when:
• Required or permitted by law, including public records law, or by subpoena or court order
• The University or its designated agent reasonably believes that a violation of law or policy has occurred
• Necessary to protect the confidentiality, integrity, or availability of computing and communication resources.

Confidentiality
Confidentiality of e-mail and other network transmissions cannot be completely assured. Therefore, all users should exercise caution when sending personal, financial, confidential, or sensitive information by e-mail or across the Internet.

Responsibility to Inform User of Unauthorized Access or Disclosure
If the University believes unauthorized access to or disclosure of private user information has occurred, the University will make reasonable efforts to inform the affected user, except when notification is impractical or when notification would be detrimental to an investigation of a violation of law or policy.

Violations and Enforcement
Reporting Violations
Any actual or suspected violation of this policy should immediately be brought to the attention of the system administrator of the equipment or facility most directly involved. Alternatively, a report may be made directly to the University Office of Dispute Management or University of Phoenix Information Security.

Office of Dispute Management
4025 S. Riverpoint Parkway, Mail Stop: CF-K301
Response to a Reported Violation

Upon receiving notice of a violation, the University may temporarily suspend any account, whether or not the account user is suspected of any violation, if it is believed to be necessary to preserve the integrity of University computing and communication resources. The University will provide appropriate notice to the account user. Servers and computers that threaten the security of University systems will be removed from the network and allowed to reconnect only with the approval of information security personnel.

In the event of any inconsistency or conflict between this policy and any other terms or conditions faculty/students may be subject to, the University reserves the right to resolve such conflicts in its sole discretion.

Violation Examples

- This list below contains examples of actions considered to be a violation of this policy. It is not intended to be all-inclusive, nor does it represent all possible violations in a particular circumstance or the applicability of any other law or policy to those facts.
- Unlawful communications, including threats of violence, obscenity, pornography, and harassing communications.
- Unauthorized, anonymous communication is prohibited. (All users are required to cooperate with appropriate University personnel or other authorized personnel when investigating the source of anonymous messages.)
- Misrepresenting or forging the identity of the sender or the source of electronic communication.
- Altering the content of a message originating from another person or computer with intent to deceive.
- Use of University computing and communication resources for private business or commercial activities.
- Fund-raising or advertising on behalf of non-University organizations.
- The unauthorized selling of University computing and communication resources.
- Unauthorized acquisition attempts to acquire and use the user id or passwords of others.
- Interference with or disruption of the computer or network accounts, services, or equipment of others.
- The intentional propagation of computer "worms" and "viruses," the sending of electronic chain mail, denial of service attacks, and inappropriate "broadcasting" of messages to large numbers of individuals or hosts.
- Failure to comply with requests from appropriate University officials to discontinue activities that threaten the operation or integrity of computers, systems or networks, or otherwise violate this policy.
- Revealing passwords or otherwise permitting the use by others (by intent or negligence) of personal accounts for computer and network access without authorization is prohibited.
- Altering or attempting to alter files or systems without authorization.
- Unauthorized scanning of networks for security vulnerabilities.
- Attempting to alter any University computing or networking components (including, but not limited to, bridges, routers, and hubs) without approval or beyond one’s level of authorization.
- Negligent or intentional conduct leading to disruption or damage of University data, systems or networks.

Do Not Call Policies

- Consumers (including students and potential students) who are listed on a state-specific or the federal National Do Not Call Registry may not be called for sales or solicitation purposes unless they have provided consent to the University, or an Established Business Relationship (EBR) exemption exists.
- Upon request, the University will provide consumers a copy of the DNC policy by emailing Office ComplianceUOPX@phoenix.edu.

Institutional Review Board

- The University of Phoenix Institutional Review Board (IRB) will review all studies, pilot studies, institutional reliance or affiliation agreements, policies and legal/regulatory requirements that involve human subjects research before any study or sponsored or non-sponsored research begins. Research conducted using human subjects will be reviewed on a regular basis depending on the IRB decision rendered to ensure compliance with all federal and state laws. No researcher can begin collecting data before receiving IRB approval for the study. (R1)
- The IRB is expected to review a research study design presented by the researcher to determine risk to the human research subjects (including physical, psychological/emotional, social, social desirability, and economic risk) as there may be ethical issues that affect the rights and welfare of research participants.
- The University of Phoenix (UOPX) holds a Federal Wide Assurance filed with the U.S. Department of Health and Human Services (FWA:00004202) and maintains an Institutional Review Board (IRB) to assure that all University research involving human subjects complies with federal human research regulations (45 CFR 46).
- The UOPX IRB follows the ethical principles set forth in The Belmont Report: Ethical Principles and Guidelines for the Protection of Human Subjects of Research, the federal human research regulations (45 CFR 46), and guidance from the federal Office of Human Research Protections (OHRP).
• UOPX has charged the Institutional Research Board (IRB) with ensuring that all legal/regulatory and ethical codes are upheld for studies conducted by UOPX researchers at all institutional and non-institutional sites of this institution both domestic and foreign.
• All students, staff, faculty, and external researchers who are conducting human subject research under the auspices of the University are required to complete an IRB application and have this application reviewed before they begin any research activities involving human subjects. Researchers must complete human subjects' ethics training through the Collaborative Institutional Training Initiative (CITI) Program and receive CITI certification prior to submitting an IRB application for review and beginning research activities. Researchers' CITI certification must be in place throughout all aspects of the research study. CITI certifications must be renewed every two years while conducting research reviewed by the UOPX IRB.

Required Procedures: IRB Review, Research and Reports
• IRB Review: The UOPX IRB conducts an initial review of the research protocol using the IRBNet application and all protocol forms based on the federal categories for human subject protections. The protocol forms address both federal and institutional requirements for the study. The initial review of research determines which research studies require full-committee review and which may be reviewed via expedited, exempt, or non-human subject research processes.
• IRB Research: The UOPX IRB provides annual oversight of studies that are determined Non-Exempt. Researchers are to file a Continuing Review of Research if the study has not been completed within the approval period set forth at initial review, which typically is one year from the initial decision. The IRB can decide that a shorter approval period is appropriate. Exempt studies are given an expiration date of three (3) years after the initial exempt determination. The Continuing Review of research form is found in the UOPX IRBNet system.
• IRB Reports: The UOPX IRB may reach out to researchers if the following situations occur: Serious or continuing noncompliance with 45 CFR 46 or institutional policies, and if study participants contact the University or the IRB Office with a complaint about a study. Researchers are to contact the UOPX IRB Office if unanticipated problems or adverse effects occur during a study being conducted. Unanticipated problems are unexpected incidents (in terms of the nature, severity, or frequency) where an IRB-approved research protocol and informed consent documents are not followed; such incidents relate or possibly relate to participation in the research (possibly relate means there is a reasonable possibility that the incident or experience or outcome may have been caused by the procedures involved in the research) and the research places participants or others at a greater risk of harm (physical, psychological, economic, or social harm) than was previously known or recognized. Based on an IRB review of the unanticipated problem based on the criteria listed, consideration of substantive changes in the research protocol or informed consent process or other corrective actions may need to occur up to and including suspension or termination of IRB approval. Researchers are to contact the UOPX IRB Office as soon as possible if an unanticipated problem or adverse effect occurs during the study.

Research, Scholarship, and Surveys

General Research Policies
• University of Phoenix (UOPX) encourages student, faculty, and staff research and scholarship efforts. To support faculty, student, and staff research efforts, the University provides an Office of Scholarship Support (OSS) and a series of Research Centers for researchers.
• Research for purposes of this policy is defined as scholarly and scientific inquiry projects focused upon the collection and analysis of empirical data and facts.
• Researchers are student, faculty, staff, or external constituents of University of Phoenix who plan to systematically sample, collect, and analyze data for public dissemination.
• All researchers associated with or conducting research at the University of Phoenix must gain appropriate approvals prior to conducting research.
All research conducted by any student, faculty, or staff of UOPX is subject to Internal Board Review (IRB) approval. The IRB is a federally required review of all research requests to determine:
• if the work is research,
• if the research is on human subjects, AND
• If human subjects are involved, the overall risks and if they are protected and treated fairly.
• Research in or on the University, where the subject of any proposed research is UOPX, must gain appropriate approvals prior to conducting research, regardless of the researcher(s)' affiliation.
The Committee on Research (COR) shall be responsible for the review and approval of any and all research and scholarship, for public dissemination, where UOPX is recognized as a subject. UOPX is considered a subject when the research study:
• samples students, faculty, and staff associated with the University
• requests that include University records, data, or materials
• Utilizes University-associated systems, websites, and/or tools.
All researchers using University of Phoenix as a subject for research require Committee on Research (COR) approval prior to UOPX Institutional Review Board (IRB) approval. IRB will not approve any UOPX focused studies without COR approval.
• IRB and COR are two separate and distinct groups operating within the structure of Academic Affairs. While the IRB is a federally mandated committee, with the mandate of protecting human subjects from unethical research practices, the development and use of COR is entirely internal to the University of Phoenix. If a person or group has received permission from COR to pursue research activities at the University and their activities will impact protected populations, as defined under federal law, they must submit their proposed research to UOPX’s IRB or they must show that they have received approval from another university’s IRB. Approval by COR shall not be misconstrued as approval by an Institutional Review Board. Further approval from another, non-UOPX IRB prior to COR submission shall not be misconstrued as approval by COR.
• Failure to Comply: Those found doing research related activities and not following these policies, including failure to provide the resulting data, analysis and research instrumentation to the OSS may be subject to appropriate disciplinary action, including, but not limited to, those documented in the Student Code of Conduct, Employee Handbook and/or Faculty Code of Conduct.

Required Procedures: Conducting Research on University of Phoenix Students, Faculty, Staff or Data

• Research studies where University of Phoenix is selected or identifiable as a subject or sample, must submit a formal request to the Committee on Research (COR) for exempt or approval prior to conducting research.
  COR is a university-wide committee run by the Office of Scholarship Support.
• The COR can be found at: https://research.phoenix.edu/content/committee-research Office of Scholarship Support
THIS PAGE WAS LEFT BLANK INTENTIONALLY
CONSUMER INFORMATION

All institutions participating in federal financial aid programs must provide required consumer information to enrolled and prospective students as well as current and prospective employees. Where applicable, each section lists specific locations where additional information is available. To request and receive this information in writing, contact the campus director or designee at a University of Phoenix location during regular business hours. A list of campus locations is available at http://www.phoenix.edu/campus_locations.html

ABOUT UNIVERSITY OF PHOENIX

Accreditation, Licensures, Reviews and Approvals

University of Phoenix is accredited, reviewed and/or approved by federal, state and international agencies, as well as private accreditation bodies.

Federal
U.S. Department of Education, Certificate of Eligibility
The University of Phoenix has been approved by the Department of Education to participate in each of the following listed Title IV HEA programs:
- Federal Pell Grant Program
- Federal Direct Student Loan Program
- Federal Supplemental Educational Opportunity Grant Program
- Federal Work Study

Regional Accreditation

Higher Learning Commission
230 South LaSalle Street, Suite 7-500
Chicago, IL 60604-1411
Phone: 312.263.0456

For more information about University of Phoenix accreditations and licensures, please visit http://www.phoenix.edu/about_us/accreditation.html

State and International Licensures

University of Phoenix is approved to operate in the following U.S. states and district, either through licensure, registration, general or specific approvals, consent, or exemption.
- Arizona State Board for Private Postsecondary Education
- California Bureau for Private Postsecondary Education
- Colorado Department of Higher Education, Commission on Higher Education
- Florida Commission for Independent Education
- Georgia Nonpublic Postsecondary Education Commission
- Hawaii Post-secondary Education Authorization Program
- Illinois Board of Higher Education
- Michigan Department of Licensing and Regulatory Affairs
- Nevada Commission on Postsecondary Education
- New Jersey Secretary of Higher Education
- New Mexico Higher Education Department
- Board of Governors for the University of North Carolina
- Pennsylvania Department of Education
- Tennessee Higher Education Commission & Student Assistance Corporation
- Texas Higher Education Coordinating Board
- Utah Division of Consumer Protection
- State Council of Higher Education for Virginia
- Washington Student Achievement Council

For additional information on state and international licensures visit http://www.phoenix.edu/about_us/accreditation.html
Programmatic Accreditation

Business Accreditation

The Accreditation Council for Business Schools and Programs (ACBSP) has accredited the following programs in the College of Business and Information Technology at University of Phoenix:
- Associate of Arts with a concentration in Accounting Fundamentals
- Bachelor of Science in Accounting
- Bachelor of Science in Business
- Master of Business Administration
- Master of Management
- Master of Science in Accountancy
- Doctor of Business Administration
- Doctor of Management

For additional information, please visit http://www.acbsp.org

Accreditation Council for Business Schools and Programs
11520 West 119th Street
Overland Park, KS 66213
(913) 339-9356

Nursing Accreditation

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education (CCNE).

Commission on Collegiate Nursing Education
655 K Street NW, Suite 750
Washington, DC 20001
(202) 887-6791

College of Social and Behavioral Sciences and Counseling Programs

The Master of Science in Counseling program in Clinical Mental Health Counseling at the Arizona and Utah Campuses are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP®). For additional information, please visit cacrep.org.

Council for Accreditation of Counseling and Related Educational Programs
1001 North Fairfax Street, Suite 510
Alexandria, VA 22314
(703) 535-5990

Education Accreditation

The educator preparation programs offered at the Hawaii and Utah Campuses are accredited by the National Council for Accreditation of Teacher Education (NCATE), a specialized accrediting body. Following a merger of accreditors, NCATE accreditation is administered by the Council for the Accreditation of Educator Preparation (CAEP).

The following initial teacher preparation programs are accredited at the Hawaii Campus:
- Bachelor of Science in Education/Elementary Education
- Master of Arts in Education/Elementary Education
- Master of Arts in Education/Secondary Education
- Master of Arts in Education/Special Education

For additional information, please visit caepnet.org.

Council for the Accreditation of Educator Preparation
1140 19th St NW, Suite 400
Washington, DC 20036
(202) 223-0077

In addition, educator preparation programs have been reviewed and approved by the state education agency in Arizona, California, Hawaii and Utah. Educator preparation programs are offered in Florida based on home-state approval (Arizona). The College of Education offers state-specific initial and/or advanced educator preparation programs in these states. Individual programs vary by state, and not all programs are available at all locations or in both online and local campus modalities.

Additional Information

A student can view additional information at http://www.phoenix.edu/about_us/accreditation.html.

To obtain a copy of University accreditation and licensure documents, or information on how to contact any of the agencies that regulate the University, contact the University Legal Services at (602) 557-1554.

Faculty
University of Phoenix faculty members are accomplished managers, technology leaders, professional educators, corporate executives, financial officers, healthcare human services professionals and leaders in other professional areas who possess advanced degrees. A complete list of faculty for each school and college can be found under the Faculty Credentials section at www.phoenix.edu/faculty. A list of faculty at a particular location may be obtained from each local campus.

To find a local campus, go to http://www.phoenix.edu/campus-locations.html

Faculty profiles can be found at http://www.phoenix.edu/faculty/our_faculty.html

Student Borrowing

During the period of time spanning July 1, 2017, through June 30, 2018 52.5% of students enrolled received federal student loans.

Loan Default Rate
The University’s loan default rate for Fiscal Year 2015 was 12.3 and the national average was 10.8. The University's loan default rate for Fiscal Year 2014 was 12.8 and the national average was 11.5

Median Borrowing
The median federal debt of undergraduate borrowers who completed is $31,977. The Federal loan payment over ten years for this amount is approximately $340 per month. Your borrowing may be different.

Graduation Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must publish information regarding graduation rates as defined by the National Center for Education Statistics (NCES). This graduation measure includes the cohort of full-time, first-time (FTFT) degree/certi-

cate-seeking undergraduate students and tracks their completion status at 150% of the normal time to complete all requirements of their program of study. A first-time student is defined as a student who has no prior postsecondary experience attending any institution for the first time at the undergraduate level.

Data are collected on the number of students entering the institution as FTFT degree- and/or certificate-seeking undergraduate students in a particular cohort year. Graduation rates are disaggregated by race and ethnicity, gender and federal financial aid grant or loan funds. The graduation rates shown below represent students from the 2012-2013 cohort and the percentages of those students who graduated within 150% by Aug. 31, 2018.

The table below shows FTFT undergraduate students and is derived from the IPEDS graduation rate survey, although shown in aggregate rather than by degree/award type. The University is a nontraditional institution that caters to a wide variety of students, including many who have previously attended another institution of higher education, and would not be classified as first-time students. Data includes recipients of Pell Grants or subsidized loans, or neither type of aid during the 2012-2013 cohort year (September 1 - August 31).

| FTFT Degree- or Certificate-seeking Undergraduate Students in the 2012-2013 Cohort |
|----------------------------------|-----------------|-----------------|-----------------|
| Enrolled FTFT Undergraduates     | Enrolled FTFT Undergraduates Graduated Within 150% Timeframe Allowed | Graduation Percent Enrolled FTFT Undergraduates |
| Totals                           | 22,552          | 3,732           | 17%             |

Retention Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding retention rates of degree- and/or certificate-seeking first-time, full-time (FTFT) undergraduate students entering the institution. Retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. The table shown below is the percentage of FTFT undergraduate degree and/or certificate-seeking students from the previous fall who were still enrolled in the next fall.

<table>

| Count of FTFT undergraduate students enrolled Fall 2017 (8/1/2017 to 10/31/2017) still enrolled as of 8/1/2018 | 1,155 |

*Excludes students who became deceased and those who were enrolled in and completed a certificate program shorter than 1 year in length who would not be expected to be retained in the following year.

Student Diversity

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding student diversity as defined by the IPEDS. Data reported are for enrolled full-time students. Table 1 represents all enrolled students from July 1, 2017, through June 30, 2018. Of the total enrolled students, those who received Pell Grant funds during the July 1, 2017, through June 30, 2018, timeframe are shown in Table 2.

</tbody>
</table>

*Excludes students who became deceased and those who were enrolled in and completed a certificate program shorter than 1 year in length who would not be expected to be retained in the following year.
Note: Information reported on student diversity for all enrolled students is from the IPEDS 12 Month Enrollment Survey (July 1, 2017 to June 30, 2018). Pell recipients were those students from the 12 Month Enrollment Survey who were disbursed Pell funds during the July 1, 2017, to June 30, 2018 timeframe.

Types of Education in Which Graduates Enroll
In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding the types of graduate and professional education in which graduates of the institution’s four-year degree programs enrolled.
Approximately 12% of students who completed a bachelor’s degree from University of Phoenix between July 1, 2017, to June 30, 2018, went on to enroll in a graduate or professional program at University of Phoenix. The most common programs students enrolled in are as follows:
- Master of Business Administration
- Master of Science in Psychology
- Master of Management
- Master of Health Administration
- Master of Science in Counseling Clinical Mental Health Counseling
The data is derived from the IPEDS Completions Survey (July 1, 2017 to June 30, 2018 data) and the IPEDS Fall Enrollment Survey (Aug. 1, 2018 to Oct. 31, 2018 data).

Alumni Attending Graduate School
Fifty-five percent of University of Phoenix alumni indicated they are attending, or plan to attend, graduate school. Of this 55%, 19% are currently pursuing a graduate degree at University of Phoenix.
Forty-three percent of University of Phoenix master program graduates indicated they are attending or planned to attend a doctoral-level program. Of this 43%, 10% are currently pursuing a doctoral degree at University of Phoenix.
Sixty-five percent of University of Phoenix bachelor program graduates indicated they are attending or planned to attend a master-level program. Of this 65%, 24% are currently pursuing a master’s degree at University of Phoenix.
This data is derived from the 2014 Academic Alumni Questionnaire distributed to alumni who graduated from September 1, 2011 to August 31, 2013. Bachelors graduate responses: 6,704, a response rate of 7.96% Masters graduate responses: 5,729, a response rate of 13.29%.

Working Alumni

Title II of Higher Education Act-Academic Year 2015-2016

In compliance with Title II of the Higher Education Act (HEA), University of Phoenix has submitted institutional questionnaires that detail the University’s program offerings, student demographics and student performance in those states where the University has teacher education programs that have produced program completers, also known as graduates. University of Phoenix provides professional preparation for teachers in multiple states. This is an overview of the information contained in the Institutional Report for University of Phoenix.

To view these reports by state, please visit https://title2.ed.gov/Public/Home.aspx

Title II HEA Pass-Rate Information

Program completers achieved the following scores for academic year 2015–2016:

**Arizona**
- Professional knowledge — Elementary: 99%
- Professional knowledge — Secondary: 94%
- Professional knowledge — Early Childhood: Less than 10 candidates, score not provided
- Aggregate professional knowledge: 96.5%
- Aggregate content areas: 97.8%
- Special populations: 98%

**California**
- California basic educational skills test (CBEST): 100%
- Reading instruction competence assessment (RICA) — Elementary only: 88%
- Aggregate content areas: 98%

**Hawaii**
- Aggregate basic skills: 100%
- Aggregate professional knowledge: Less than 10 candidates, score not provided
- Aggregate academic content areas: Less than 10 candidates, score not provided

**Indiana**
- Aggregate basic skills: Less than 10 candidates, score not provided
- Aggregate academic content areas: Less than 10 candidates, score not provided

**Missouri**
- Aggregate professional knowledge: Less than 10 candidates, score not provided
- Aggregate academic content areas: Less than 10 candidates, score not provided

**New Mexico**
- Aggregate academic content areas: Less than 10 candidates, score not provided
- Aggregate teaching special education: Less than 10 candidates, score not provided

**Texas**
- Aggregate professional knowledge: Less than 10 candidates, score not provided

**Utah**
- Aggregate academic content areas: 100%
- Aggregate teaching special populations: Less than 10 candidates, score not provided
Federal Financial Aid Application Process

To begin the federal financial aid process, students must complete the Free Application for Federal Student Aid (FAFSA), available at https://fafsa.gov. This is the first step in determining a student’s eligibility for federal financial aid.

Federal financial aid will be processed after submitting an application for admission and registering for courses in an eligible degree program. Admissions and program requirements vary by state. Please refer to the Academic Catalog for state- and/or program-specific information at http://www.phoenix.edu/programs/degree-programs/academic-catalog.html

In addition to the FAFSA, the following may be required to be completed during the federal financial aid process:

- Federal Direct Loan Master Promissory Note (MPN)
- Entrance counseling

A student should reapply for financial aid prior to the start of each new academic year.

* Federal aid funding is available only for those credits required to complete the student’s primary program of study. Federal aid funding will cease once the maximum number of credits for the primary program have been completed. Federal financial aid may not be available for additional coursework in the pursuit of a concentration or otherwise, if not included within the requirements of the primary program of study.

Federal, State and Institutional Financial Aid Programs

Degree-seeking students who are U.S. citizens or eligible noncitizens enrolled in an eligible academic program at the University can apply for federal financial aid as a means of assisting with financing their education. Certificate programs may also be eligible for federal financial aid. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions.

Students may also be eligible to receive funding through state grant or scholarship programs in their states where available. Students should contact Student Financial Services at 866.766.0766 for additional information on the financial aid programs available at each campus. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

General Eligibility Requirements

General eligibility requirements for federal financial aid are as follows:

- Be a U.S. citizen or an eligible noncitizen.
- Have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau).
- Be registered with Selective Service, if you’re a male (you must register between the ages of 18 and 25).
- Be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program.
- Be enrolled at least half-time to be eligible for Direct Loan Program funds.
- Maintain satisfactory academic progress in college or career school.
- Not be in default on a federal student loan and do not owe a federal grant overpayment.
Federal Pell Grant

A Federal Pell Grant, unlike a loan, does not have to be repaid. Pell Grants may be awarded to undergraduate students who have not earned a bachelor's or a professional degree. The amount of aid students can receive varies depending on their financial need, cost of attendance and other eligibility criteria. Students can receive the Federal Pell Grant for no more than 12 semesters or the equivalent: http://studentaid.ed.gov/types/grants-scholarships/pell/calculate-eligibility

For more detailed information on eligibility and how to apply for the Federal Pell Grant, visit http://studentaid.ed.gov/types/grants-scholarships/pell

For additional information on how the University calculates and awards Pell Grants please review the Federal Pell/Iraq and Afghanistan Grant Policy in the Financial Aid Policies appendix.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG program is for undergraduate students with exceptional financial need. Pell Grant recipients with the lowest expected family contributions (EFCs) will be considered first for an FSEOG. The FSEOG does not have to be repaid.

For more detailed information on eligibility and how to apply for the FSEOG, visit http://studentaid.ed.gov/types/grants-scholarships/fseog/

For additional information on how the University defines its selection criteria and packaging philosophy for awarding FSEOG consistently to all eligible students, please review the Campus-Based Programs Policy in the Financial Aid Policies appendix.

Iraq and Afghanistan Service Grant (IASG)

A student whose parent or guardian was a member of the U.S. Armed Forces and died as a result of service performed in Iraq or Afghanistan after Sept. 11, 2001, may be eligible to receive the Iraq and Afghanistan Service Grant.

For more detailed information on eligibility and how to apply for the IASG, visit http://studentaid.ed.gov/types/grants-scholarships/iraq-afghanistan-service

For additional information on how the University calculates and awards IASG grants please review the Federal Pell/Iraq and Afghanistan Grant Policy in the Financial Aid Policies appendix.

State Grant/Aid Programs

Students may also be eligible to receive funding through state grant or scholarship programs where available. Depending on the program, student eligibility may be need-based, non-need-based, credit-based or dependent on other specific conditions. Contact Student Financial Services at 866.766.0766 for additional information on state grant and/or scholarship programs. A list of campuses is available at http://www.phoenix.edu/campus-locations.html

The actual amount of state grants awarded to any student is contingent on the availability of funds. The University cannot guarantee any funding from the state grant sources listed, as the list is subject to change without notice based upon changes in state budgetary constraints, state law or regulation, and/or University participation. Where work or other requirements are included in order to preclude the conversion of a scholarship or grant to a loan, the University makes no representation or warranty as to whether a graduate will be able to obtain such employment or fulfill such other requirements.

For information regarding the grants offered by states - how to apply, eligibility, deadlines, etc. - see the list of programs and their respective websites and phone numbers below. For additional specific eligibility information, the institution may contact you directly when determining grant eligibility. Please note that states sometimes change eligibility requirements for existing grant programs or even eliminate programs for a period of time.

Scholarships

Institutional Scholarships

University of Phoenix offers a number of institutional scholarships to current or potential students. The University website, http://www.phoenix.edu/tuition_and_financial_options/scholarships/institutional-scholarships.html, is updated regularly for institutional scholarships, qualifications and selection criteria as opportunities become available.

External Scholarships

Private outside entities develop and fund external scholarships, some of which are listed at http://www.phoenix.edu/tuition_and_financial_options/scholarships/external-scholarships.html. External scholarships are available to the general public, which may include University of Phoenix students.

A student’s eligibility for an external scholarship depends on qualifying requirements that vary from scholarship to scholarship as determined by the provider. The CSE evaluates external scholarship programs, determines applicability to the University student populations, and communicates these opportunities to students and campuses. The website is updated regularly as opportunities become available.

Loans

Federal Direct Loan (DL) Program

Direct Loans, from the William D. Ford Federal Direct Loan Program, are low-interest loans for eligible students to help cover the cost of higher education. Eligible students borrow directly from the U.S. Department of Education at participating schools.

Direct Subsidized Loans - Direct Subsidized Loans are for students with financial need. The University will review the results of the FAFSA and determine the amount a student can borrow. The student is not charged interest while enrolled in school at least half-time.

Direct Subsidized Loan Time Limitation Note: Federal regulations limit a first-time borrower’s eligibility for Direct Subsidized Loans to a period not to exceed 150% of the length of the borrower’s educational program. Under certain conditions, first-time borrowers who have exceeded the 150% limit may lose the interest subsidy on outstanding Direct Subsidized Loans. For more detailed information on Direct Subsidized Loan Time Limitation, visit https://studentloans.gov/myDirectLoan/directSubsidizedLoanTimeLimitation.action.

*Generally, a first-time borrower is one who did not have an outstanding balance of principal or interest on a Direct Loan or on an FFEL Program Loan on July 1, 2013.

Direct Unsubsidized Loans - Direct Unsubsidized Loans are available to students with and without financial need. Like subsidized loans, the University will review the results of the FAFSA to determine the amount a student can borrow. Interest accrues (accumulates) on an unsubsidized loan, even while the student is in school, beginning on the date the loan is initially disbursed. The student can pay the interest, or can allow it to accrue and be capitalized (that is, added to the principal amount of the loan). If a student chooses not to pay the interest as it accrues, this will increase the total amount to be repaid because the student will be charged interest on a higher principal amount.

Terms and Conditions - Students who receive a Direct Loan are subject to the terms and conditions disclosed on the Federal Direct Loan Master Promissory Note (MPN), https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=subUnsubMpn, and the Direct Loan Disclosure Statement.

Borrower's Rights and Responsibilities - Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower’s Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/dirights.pdf, attached to the Master Promissory Note (MPN).

For more detailed information on eligibility and how to apply for the Federal Direct Loan Program, visit https://www.studentaid.ed.gov/types/loans/subsidized-unsubsidized

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.

Federal Direct PLUS Loan for Parent(s)

Parents of dependent students may apply for a Direct PLUS Loan to help pay their child’s education expenses as long as certain eligibility requirements are met. Direct PLUS Loan eligibility is dependent upon the applicant’s credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or pursue an endorser. If a parent is unable to secure a Direct PLUS Loan, the dependent student may be eligible for additional unsubsidized loans.

Terms and Conditions - Students whose parent(s) receive a PLUS Loan are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=parentPlusMpn

Borrower's Rights and Responsibilities - Parents receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower’s Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/plusrights.pdf, attached to the Master Promissory Note (MPN).

For more detailed information on eligibility and how to apply for Direct Parent PLUS Loans, visit http://www.studentaid.ed.gov/types/loans/plus

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.
Federal Direct PLUS Loan for Graduate and Professional Degree Students

Graduate and professional degree students can borrow a Direct PLUS Loan to help cover education expenses at a fixed interest rate. Direct PLUS Loan eligibility is dependent upon the applicant's credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or to obtain an endorser.

**Award Amount** - Students are eligible to receive a Graduate PLUS Loan award up to their academic year cost of attendance (COA) minus any other financial assistance received.

**Terms and Conditions** - Students who receive a PLUS Loan for Graduate and Professional programs are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at https://studentloans.gov/myDirectLoan/launchMpn.action?mpnType=gradPlusMpn

**Borrower's Rights and Responsibilities** - Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower's Rights and Responsibilities Statement, http://www2.ed.gov/offices/OSFAP/DirectLoan/plusrights.pdf, attached to the Master Promissory Note (MPN) for Direct PLUS Loans.

For more detailed information on eligibility and how to apply for the Direct PLUS Loan for Graduate and Professional students, visit http://studentaid.ed.gov/types/loans/plus

For information regarding Federal Student Loan Interest Rates, including Direct PLUS Loans, please visit http://studentaid.ed.gov/types/loans/interest-rates

For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive, please review the Direct Loan Policy in the Financial Aid Policies appendix.

---

Federal Direct Subsidized and Unsubsidized Annual Loan Limits

Federal Direct Subsidized and Unsubsidized Annual and Aggregate Loan Limits are as follows:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Freshman</td>
<td>$5,500 - No more than $3,500 of this amount can be subsidized loan</td>
<td>$9,500 - No more than $3,500 of this amount can be subsidized loan</td>
<td>$20,500 - Unsubsidized Loan only.* The aggregate amounts for graduate students include loans for undergraduate study.</td>
</tr>
<tr>
<td>2 Sophomore</td>
<td>$6,500 - No more than $4,500 of this amount can be subsidized loan</td>
<td>$10,500 - No more than $4,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
<tr>
<td>3 &amp; 4 Junior and Senior</td>
<td>$7,500 - No more than $5,500 of this amount can be subsidized loan</td>
<td>$12,500 - No more than $5,500 of this amount can be subsidized loan</td>
<td></td>
</tr>
</tbody>
</table>

**Maximum total loan debt (aggregate loan limits)***

- Undergraduate certificate programs — Loan limits are based on the length of the program. For certificates that are less than an academic year, the $9,500 loan limits would be prorated by the lesser fraction of the weeks or credits in the program, divided by the University academic year definition of weeks or credits. Students in undergraduate certificate programs that are greater than an academic year cannot borrow more than the Grade Level 1 loan limits for each academic year. Final academic years less than 2 years (graduating students in undergraduate degree or certificate programs that are greater than an academic year): Loan limits will be prorated based on the number of credits in the final academic year divided by 2. Please note students may also receive less funding if they receive other financial aid used to cover a portion of cost of attendance.

**Graduate and professional students are not eligible to receive Direct Subsidized Loans for loan periods beginning on or after July 1, 2012.**

A student whose parent cannot obtain a PLUS Loan is allowed to borrow additional unsubsidized federal Direct amounts. Student dependency status will be determined based on answers to questions on the FAFSA.
Federal Education Loan Interest Rates and Origination Fees
For information regarding Federal Student Loan Interest Rates and Origination Fees, please visit http://studentaid.ed.gov/types/loans/interest-rates

Interest Rate Cap for Military Members
During military service, students who qualify under the Service-members Civil Relief Act may be eligible for 6% interest rate cap on the loans obtained before entering military service. Qualifying students must contact their loan servicer to request this benefit. In addition, no interest is charged (for a period of no more than 60 months) on Direct Loans first disbursed on or after Oct. 1, 2008, while a borrower is serving on active duty or performing qualifying National Guard duty during a war, other military operation or national emergency, and serving in an area of hostilities qualifying for special pay. Qualifying students should contact their loan servicer for eligibility details and to request this benefit.

Prior Federal Loans and Financial Aid History
Federal financial aid borrowers can check the interest rate, servicer information and other financial aid history via the National Student Loan Data System (NSLDS) at https://nslds.ed.gov/nsls/nslds_SA/

Private Student Loans
Understand your rights and responsibilities when considering private loan options. Clear and accurate information can help you make informed choices, so you borrow only what you need and can reasonably repay.

The University encourages that all federal and state financial aid options are exhausted before private loans be considered. Private loans are made through third-party lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. Private loans are not subsidized or guaranteed by the federal government. For more information on the difference between federal and private loans, please visit http://www.consumerfinance.gov/paying-for-college/choose-a-student-loan/

Private student loans may be available to both students and parents who are not eligible for federal financial aid or who need assistance beyond their financial aid eligibility. The lender determines eligibility, and amounts are limited to the cost of attendance minus other aid, including discounts and any other resources received.

Students may choose to use any eligible lender that offers private loans. The University does not maintain a list of lenders that offer private loans, nor will it endorse a particular lender.

For additional information, please review the Private Loans Policy in the Financial Aid Policies appendix.

Washington Student Loan Advocate Statement
For Washington State residents seeking information and resources about student loan repayment or seeking to submit a complaint relating to your student loans or student loan servicer, please visit www.wsac.wa.gov/loan-advocacy or contact the Student Loan Advocate at loanadvocate@wsac.wa.gov.

Financial Aid Awarding
For students who have completed all required financial aid materials, the University will evaluate student eligibility for federal, state and institutional aid programs. State grant program eligibility is determined by each state authority. The University is notified of student eligibility by the state authority. Institutional grant and scholarship eligibility determination will vary.

Academic Year Requirements for Financial Aid Recipients
The University defines its academic year as follows:
- Undergraduate Certificate programs are a minimum of 24 credits and 40 weeks of instructional time.
- Graduate Certificate programs are a minimum of 24 credits and 48 weeks of instructional time.
- Associate programs (9-week model) are a minimum of 24 credits and 36 weeks of instructional time.
- Associate programs (5-week model) are a minimum of 24 credits and 40 weeks of instructional time.
- Bachelor’s programs are a minimum of 24 credits and 40 weeks of instructional time.
- Master’s programs are a minimum of 24 credits and 48 weeks of instructional time.
- Doctoral programs are a minimum of 24 credits and 48 weeks of instructional time.

Note: The academic year definition may vary based on program level, version and course length.

The academic year begins with the first eligible course of a degree program and ends when a student successfully completes both the credits and weeks of instructional time requirements. An academic year has no calendar time constraints and continues through periods of nonattendance that are less than 180 days until both the credit and weeks requirements are met. A week of instructional time is a week (a consecutive seven-day period) in which one day of instruction occurs. Instructional time does not include periods of vacation, orientation or homework. An academic year that begins before a previous existing academic year has ended is considered an overlapping academic year.

Students who overlap courses or take courses concurrently may be required to complete additional credits to meet the number of weeks of instructional time required to complete the academic year.

The academic policy of the University prohibits a student from taking more than two courses concurrently without written approval from the Campus Director of Academic Affairs. Please refer to the University’s Academic Year Definition Policy found within the University’s academic catalog for further information.
Cost of Attendance

The cost of attendance (COA) is used in calculating a student’s amount of federal financial aid eligibility and awarding financial aid for a specific period of enrollment. The following chart lists the University’s current COA. To learn more about the University’s COA, refer to the Cost of Attendance Policy in the appendices.

*The tuition component is based on a per credit weighted average for each credential level across the entire University
**The living expense component for students receiving Military Basic Allowance for Housing (BAH) only includes an allowance for board
Living expenses include allowances for room and board, transportation and miscellaneous educational expenses
***The figures provided for undergraduate programs are illustrative and based on 24 credits.
****The figures provided for graduate certificate programs are illustrative and based on 18 credits

For detailed information regarding actual tuition fees for programs and locations, contact a Finance Advisor or visit the tuition and fees calculator web page at http://www.phoenix.edu/tuition_and_financial_options/tuition_and_fees.html
For a list of all tuition and fees at the University, visit https://www.phoenix.edu/degrees/academic-catalog.html

Other Resources

Students are required to disclose financial assistance (i.e. Other Resources) that will be paid by a third party on their behalf. Based on the type of other resource received, it may be considered estimated financial assistance (EFA). If it is considered EFA, it will be included in determining if the student’s assistance exceeds the cost of attendance. For examples of other resources, please refer to the Packaging Philosophy Policy.

A student must have financial need to receive all federal financial aid funds except for Direct Unsubsidized and PLUS Loans under the Direct Loans program. As such, a student’s expected family contribution and other resources will be subtracted from the cost of attendance when determining eligibility for federal financial aid (Title IV). All awards, including need and non-need-based aid, cannot exceed a student’s annual cost of attendance.

If the University receives other additional resources that cause the student to exceed the cost of attendance, it will adjust the awards appropriately to eliminate the overaward. This may include reducing future disbursements for a second or subsequent payment period or returning awards to the funding source. Funds will be returned in the order most beneficial to the student. Please refer to the Overawards and Overpayments Policy for further information.

Grade-Level Determination

Determination of grade level is an important part of calculating eligibility for federal and state financial aid. The University determines the student’s grade level by calculating the total number of credits that were completed at the beginning of an academic year. For example, a student with 12 transfer credits at the start of his or her program at the University will be considered a grade level 1 student. After the completion of one academic year of 24 credits, the student will have a total of 36 credits completed, making the student eligible for grade level 2 loans in his or her second academic year.

The following chart illustrates the number of credits required to complete each grade level.

<table>
<thead>
<tr>
<th>Grade Level</th>

<tr>
<td>GL 3 (junior)</td>
<td>49-72</td>
</tr>
<tr>
<td>GL 4 (senior)</td>
<td>73+</td>
</tr>
</tbody>
</table>

Note: A student in a two-year program cannot receive more than a grade level 2 (GL 2) annual loan limit in any given year, no matter how long it takes to complete the program. A student in an undergraduate certificate program cannot receive more than a grade level 1 (GL 1) annual loan limit in any given year, no matter how long it takes to complete the undergraduate certificate. For information on academic year definitions, please see the Academic Year Definition Policy in the Financial Aid Policies appendix.
Verification

A federal financial aid student may be selected for verification by the U.S. Department of Education Central Processing System (CPS). The CPS prints an asterisk next to the expected family contribution (EFC) on the Student Aid Report (SAR) or SAR Acknowledgement to identify the student has been selected for verification. The purpose of verification is to maintain the integrity of federal financial aid programs by verifying the information provided by students and parents on financial aid applications. For further information on the verification process and actions required, refer to the Verification Policy.

Professional Judgment

The University may exercise discretion to accommodate special circumstances, with respect to some aspects of eligibility, using professional judgment. Professional judgment allows the University to treat a student individually when the student has special circumstances not sufficiently addressed by standard procedures. The University uses professional judgment on a case-by-case basis. Special circumstances will include conditions that differentiate an individual student from a whole class of students. The University will not accept professional judgments made for a student by another school, but will independently review the circumstances and, if appropriate, document the professional judgment decision. The decision of the University regarding professional judgment is final and cannot be appealed to the U.S. Department of Education. A student should contact Student Financial Services if interested in submitting a professional judgment request. Note: The University will complete verification before exercising professional judgment for students who have been selected for verification.

For additional information, please refer to the Professional Judgment Policy in the Financial Aid Policies appendix.

Conflicting Information

If the University has conflicting information concerning a student’s eligibility or has any reason to believe a student’s application information is incorrect, the University will resolve such discrepancies before disbursing student financial aid funds. If discrepancies are discovered after disbursing student financial aid funds, the University will reconcile the conflicting information and require the student to repay any funds for which he or she was ineligible. Examples of conflicting information may include, but are not limited to, the following:

- Social Security numbers
- Date of birth
- Legal name
- Discrepant tax data (including whether or not the student/parent was required to file a tax return)
- Household size or marital status
- Citizenship status
- High School Completion status

Satisfactory Academic Progress

Information regarding satisfactory academic progress for financial aid recipients can be found in the Federal Financial Aid Satisfactory Academic Progress (SAP) Policy.

Satisfactory Academic Progress for DVA Education Benefits

To receive Department of Veterans Affairs (DVA) education benefits, a student must maintain satisfactory academic progress (SAP) and conduct accordingly, benefits will be terminated for individuals who are disqualified, suspended or expelled from the University.

Academic Probation

Academic probation (AP) shall occur when a grade point average (GPA) falls below acceptable levels for the program. Probation lasts for a period of four consecutive program-applicable courses. Concurrent enrollment is prohibited during the four-course AP sequence.

Associate degree students enrolled online should continue traditional block scheduling format with concurrent enrollment in two courses (excluding AACR and AAPF). In graduate programs, the four-course sequence excludes any undergraduate prerequisite courses.

Financial aid students will continue to receive funds during the probationary period. Veteran students will continue to receive DVA education benefits during the probation period. The veteran will be informed of the probation, and a notation to the student DVA file will be recorded when the probationary period commenced.

Academic Disqualification

Academic disqualification (AD) will result if a student fails to clear an academic probation status within four courses from the onset of probation. Veteran students will not be eligible for DVA educational benefits after disqualification. The DVA and student will be notified of the disqualification. To reapply, a formal application for admission must be submitted in accordance with University admission procedures. In addition, applicants should explain the reasons for the scholastic deficiencies; the manner in which the intervening time has been spent; and why they should be given favorable consideration for readmission.

The readmission file will be reviewed by the Student Appeals Center and a decision reached regarding readmission. If approved, the student would be required to complete all program requirements in effect at the time of readmission. An application for DVA educational benefits will also be necessary to re-establish benefits with University of Phoenix. If readmission to the University is approved, please contact your Academic Advisor to determine if your chosen program remains eligible for DVA education benefits.

Student Financial Responsibilities, Policies and Options

Student Financial Responsibilities

The University will invoice students for all courses and fees anticipated for a payment period, which represents half of the student’s academic year. A payment period typically includes four courses. Students are responsible for ensuring all tuition and electronic course materials fees are paid, whether in attendance or not. Students can access account balances and student account information under the Account tab on the student website. When a student is considered administratively or officially or unofficially withdrawn from his or her program, the University may cancel any federal financial aid in process. The student may receive a refund or may
owe payment to the University, depending upon the student's account balance.

**Meeting Financial Plan Obligations**

Students who primarily attend a physical University of Phoenix campus are subject to finance approval by their primary campus prior to enrolling in a course. Tuition and all applicable fees for each course must be paid according to the terms of the primary financial option indicated in the student’s Financial Plan located on the student website. Students will not be allowed to attend courses if a payment is due, or if paperwork is required. All necessary paperwork or payment arrangements must be resolved prior to the course deadline. Students are also required to be in compliance with University financial policies before grades and transcripts will be issued or the degree awarded.

A student may be administratively withdrawn for failure to make payment in a timely manner, preventing the student from attending future class sessions until the amount owed is paid in full or satisfactory payment arrangements are made. All costs of collection, court costs and reasonable attorneys’ fees will be added to delinquent accounts collected through third parties. University of Phoenix may obtain a current credit report as needed to support decisions to defer tuition payment or to assist in the collection of amounts owed.

**Electronic Course Materials and Books Fees**

Electronic course materials and books for each course must be paid at the time they are ordered or in accordance with a student’s stated payment option. Electronic course materials fees are nonrefundable, unless prohibited by law. A student who withdraws from a course will be granted access to the electronic course materials for that course without additional charge if the course is retaken within 180 days of the course's original start date.

**State Tax**

Various states require universities to collect a tax on tuition, fees, digital goods or access to digital information. The University will collect the appropriate tax on tuition, fees and electronic course materials fees charged to the student in these states. Contact Student Financial Services for the current list of states requiring tax to be collected.

**Financial Policies**

**Multiple-Tuition Discount Policy**

For instances in which a student may qualify for multiple tuition discounts, the discount that provides the greatest benefit to the student will be applied to the tuition amount.

**General Refund Policy**

A tuition refund may be granted to those who qualify, based on the state refund policy. A complete list of state refund policies is located in the Academic Catalog. All other fees are nonrefundable, unless prohibited by law.

**Payment Policies**

Payments are accepted on the student website (https://ecampus.phoenix.edu/portal/portal/public/login.aspx) by check, credit card or debit card. Student Financial Services can also process credit card or debit card payments. The student can mail a check, certified check or money order payment to the following address:

**University of Phoenix**

Dept 880175
P.O. Box 29650
Phoenix, AZ 85038-9650

If a credit card or a debit card is provided with a completed Authorization to Charge form, tuition and electronic course materials fees will be charged to that card. Automatic payments are set prior to each course upon request. The University is not responsible for fees or penalties incurred as a result of payment with a debit card or other restrictive payment cards. The student should contact his or her financial institution for account balances, daily transaction limits and other restrictions.

**Returned Check Fees**

Returned checks will result in an additional processing fee of $25, unless prohibited by law.

**Late Payment Fees**

Payments must be made in accordance with the selected finance plan. If tuition payment is not received within the terms and conditions of the selected finance plan, fees up to $25 will be assessed to the student account, unless otherwise restricted by law. Late fees are due immediately upon invoice.

**Notice**

The University may report information about student accounts to credit bureaus. Late payments, missed payments or other defaults on student accounts may be reflected in a credit report.

If payment for tuition and electronic course materials fees is not received in accordance with the Student Responsibility to Pay Agreement, the student may be withdrawn from the program and official transcripts withheld.

**Financial Options**

Understanding and choosing the right finance plan is critical to the successful completion of the student's selected program. University of Phoenix offers a number of finance plan options to assist the student in managing financial obligations. The University will invoice students for all courses and fees anticipated for a payment period, which represents half of the student's academic year. A payment period typically includes four courses. The student can utilize one or more of the plans listed below, depending on personal circumstances. For more detailed information regarding actual tuition fees for programs and locations, visit the tuition and fees calculator web page at http://www.phoenix.edu/tuition_and_fees.html, or contact a finance advisor with any questions regarding financial options and scholarships.

**Cash Plan**

The Cash Plan is available to students who will be using e-checks or credit cards to pay for tuition and electronic course materials fees. Under the Cash Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period, which is payable in full at the time of invoice or incrementally prior to the start of each applicable course. To learn more, please visit https://www.phoenix.edu/student-orientation/paying-for-school.html.

**Federal Financial Aid Plan**

The Federal Financial Aid Plan is available to students receiving federal grants, federal loans or both to pay for tuition and electronic materials fees. Under the Federal Financial Aid Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period. The University will defer payment of applicable tuition and electronic course materials fees based on anticipated federal grant and/or loan disbursements. The Federal Financial Aid Plan requires all federal aid disbursed to be applied to tuition and elec-
tronic course materials fees invoiced. Tuition and electronic materials fees invoiced but not paid by anticipated or actual federal grant and/or loan disbursements are payable in full at the time of invoice or incrementally prior to the start of each applicable course. To learn more, please visit https://www.phoenix.edu/student-orientation/paying-for-school.html

**Tuition Deferral Plan**

The Tuition Deferral Plan is available for students who will receive military education benefits or whose employers offer to repay some or all of their employees' tuition. Under the Tuition Deferral plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period.

**Military Education Benefits**

The University will directly bill the U.S. Department of Veterans Affairs or U.S. Department of Defense for the student's tuition and will defer payment of applicable tuition invoiced based on these agencies' reimbursement policies and timeline. Electronic materials fees are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

**Employer Tuition Reimbursement**

The University will defer payment of applicable tuition invoiced based on when the student will receive reimbursement from his or her employer. Electronic materials fees are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

To learn more, please visit https://www.phoenix.edu/tuition_and_financial_options/financial_options/tuition-deferral-plan.html

**Third-Party Billing Plan**

The Third-Party Billing Plan is available to students who receive tribal education benefits or whose employer is approved by the University for direct billing of the student's tuition. Under the Third-Party Billing Plan, tuition and electronic materials fees will be assessed and invoiced in a single invoice at the beginning of the payment period.

**Approved Employer**

Under the Third-Party Billing Plan, the University will directly bill the employer for the student's tuition and will defer payment of applicable tuition invoiced based on the approved employer's tuition payment policies and timeline. Electronic materials fees are payable in full at the time of invoice or incrementally prior to the start of each applicable course.

**American Indian Tribal Nation Education Benefits**

Several American Indian tribal nations provide funding for the tuition and electronic materials fees of a student who is a recognized member under the Third-Party Billing Plan. The University will directly bill the American Indian tribal nation and defer payment of applicable tuition and electronic materials fees invoiced based on the American Indian tribal nation's education benefit reimbursement policy and timeline. For more information, please contact tribalrelations2@phoenix.edu.

To learn more, please visit https://www.phoenix.edu/tuition_and_financial_options/financial_options/third_party_billing.html

**Military Benefits**

**Veterans Education Benefits**

Students who are entitled to federal VA education benefits must make initial contact with a campus Veterans Affairs certifying official. A formal application for admission to the University should be completed before applying for federal VA education benefits. Applications for veteran education benefits should be sent to a local campus point of contact, school certifying official at University of Phoenix central administration or Student Financial Services for submission to the U.S Department of Veterans Affairs (VA). Each University of Phoenix program segregated by instructional modality (classroom-based or distance education) requires separate State Approving Agency (SAA) approval for the training of veterans or eligible persons. A student should contact a local campus for information on current approvals. Students who intend to use federal VA educational benefits for a specific program at an institution should confirm the program is eligible for federal VA funding on the WEAMS Institution Search website.

Federal VA education benefit eligibility and payment rates vary depending on each individual's military history and the educational program being pursued. Only the VA can determine eligibility. For information, a student should contact a VA representative at 888 GI BILL 1 (888 442 4551) or review http://www.gibill.va.gov

If the VA determines that the student is not eligible for federal VA education benefits or determines that the student's Certificate of Eligibility is for less than 100%, the student is responsible for paying any difference between the eligibility determination and the tuition and fees charged by the University.

Students needing to withdraw from the University should provide official notification of their intent to withdraw. Withdrawing may impact federal VA education benefits for the current course, as well as the availability of federal VA education benefits in future courses. Please contact your academic counselor to discuss the impact of withdrawing from a course.

Directed study courses have Defense Activity for Non-Traditional Education Support (DSST-DANTES) approval for tuition reimbursement. For more information on this program, a student should contact the educational service officer on the military base. University of Phoenix does not participate in the VA education advanced payment program. More information about veterans benefits can be reviewed at http://www.phoenix.edu/colleges_divisions/military.html

Visit the Department of Veterans Affairs website, http://www.gibill.va.gov, for additional information on educational entitlements.
Credit for Prior Education and Training
Credit for prior education or training must be evaluated and reported to the U.S. Department of Veterans Affairs (VA) prior to the start of week 25 of enrollment. The VA may not always pay federal education benefits after week 24 if the VA records indicate the student has a large amount of transfer credits. Please ensure all prior education transcripts and Joint Services Transcripts (JST) (Army, Navy, Marine), Coast Guard Institute transcripts, or DD-295 and DD-214 forms are submitted for evaluation in a timely manner. The student is responsible for ensuring all transcripts are submitted to the University. Academic credits earned for courses appearing on an official transcript from a regionally accredited or candidate-for-accreditation college or university will be evaluated according to University policies, and accepted subject to the approval of the University Office of Admissions and Evaluation.

Transfer credits based on a different unit of credit than the one prescribed by the University of Phoenix are subject to conversion before being transferred. Only the official transcript and course evaluations performed by the University Office of Admissions and Evaluation or Prior Learning Assessment Center are final. Any preliminary reviews by campus personnel are unofficial, not binding and subject to change.

Students receiving Chapter 30, 32, 33, 35, 1606 and 1607 benefits while attending University of Phoenix North Carolina campuses are required to submit a copy of high school transcripts if they are transferring fewer than 24 credits to University of Phoenix from a previously attended postsecondary institution.

Students receiving Chapter 30, 32, 33, 35, 1606 and 1607 benefits while attending University of Phoenix Florida campuses are required to request and provide all prior transcripts for evaluation. In order to be certified for federal VA education benefits past two terms, all transcripts must be received.

Military Tuition Assistance
To obtain federal Military Tuition Assistance, visit your local institution education office or virtual education center to receive counseling and develop an education plan. From that point, a student can submit a Military Tuition Assistance request; for more information, visit http://www.phoenix.edu/colleges_divisions/military/military-financial-options/tuition-assistance.html. A student can currently receive 100% of federal tuition assistance from military service, with a $250 cap per semester hour and a $4,500 annual limit. If a student wants to apply for Military Tuition Assistance, that student will need to submit a completed authorization form to a military advisor at least two weeks before a course start date.

VA Tuition Assistance Top-Up Benefit
Top-Up allows VA to pay the difference between what Tuition Assistance (TA) pays and the cost of the course. The law prohibits active-duty students from receiving regular Chapter 30 benefits and TA for the same course; however, VA students, to include active-duty students from receiving regular Chapter 30 benefits while on active duty, in receipt of TA may receive the Chapter 30 Top-up benefit. Detailed information about Tuition Assistance Top-up and about applying for Top-up is available on the GI Bill® website, http://www.benefits.va.gov/gibill/tuition_assistance.asp. GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at https://www.benefits.va.gov/gibill.

Readmission of Servicemembers
Any student whose absence from the University is necessitated by reason of service in the uniformed services is entitled to readmission if the following criteria are met:

- The student (or an appropriate officer of the Armed Forces or official of the Department of Defense) gives verbal or written notice to the University’s Military Division verifying that the student’s absence from the University was necessitated by service in the uniformed services.
- The cumulative length of the absence and of all previous absences from the University by reason of service in the uniformed services does not exceed five years.

Note: A student who submits an application for readmission to the University must provide documentation to establish that the student has not exceeded the specified service limitations and that the student’s eligibility for readmission has not been terminated. Examples of documentation to verify that the student is still within the acceptable service limitations include the student’s deployment paperwork or a letter from the commanding officer that includes the student’s dates of service.

Exception: The University may not delay or attempt to avoid readmission of a student under this section by demanding documentation that does not exist, or is not readily available, at the time of readmission.

Note: If the student’s last date of attendance with the University is more than 365 days in the past, the student must complete an updated admissions application and enrollment agreement in accordance with the University Re-entry Policy. The Military Division should then submit these completed documents along with the servicemember’s readmission form. The student may remain in the original program/version without appeal, provided the cumulative length of absence does not exceed five years and that the program has not been expired.

A student’s eligibility for readmission under this section by reason of such student’s service in the Armed Services terminates upon the occurrence of any of the following events:

- A separation of such person from the Armed Forces (including the National Guard and Reserves) with a dishonorable or bad conduct discharge, or
- A dismissal of such person permitted under section 1161(a) of Title 10, USC, or
- A dropping of such person from the roles pursuant to section 1161(b) of Title 10, USC.

Note: If the student does not submit a notification of intent to re-enroll within the time limits, the student is subject to the University-established leave of absence policy and general practices.

In addition to the above definition of affected servicemember, the Military Deployment Policies and Procedures will also apply to residents of the state of Iowa who meet the following criteria:

- A student who is an Iowa resident and is a member of the Iowa National Guard or Reserve Force of the United States who has been ordered to National Guard duty under state authority without such unit being federalized or ordered to federal active duty;
• A student who is an Iowa resident and is the spouse of a member of an Iowa National Guard or Reserve Force of the United States who has been ordered to National Guard duty under state authority without such unit being federalized or ordered to federal active duty, provided the member of the Iowa National Guard or Reserve Force of the United States has a dependent child

Federal Financial Aid Counseling

Federal Direct Loan Entrance Counseling
The University ensures loan entrance counseling is conducted using an online counseling module for students borrowing Federal Subsidized/Unsubsidized Loans or PLUS Loans for the first time. A link to the iGrad entrance counseling module is displayed within the University financial aid website. Entrance counseling generally includes the following:
• An explanation of the use of a Master Promissory Note (MPN)
• Importance of repayment obligation
• Description of consequences of default
• Sample repayment schedules
• Information in reference to a borrower's rights and responsibilities
• Information on the National Student Loan Data System (NSLDS), https://nsls.ed.gov/nsls_SA/
• Information on possible loss of eligibility for additional Direct Subsidized Loans
• Information on how a borrower's maximum eligibility period, remaining eligibility period and subsidized usage period are determined
• The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods and periods of authorized determent
• Impact of borrower responsibility for accruing interest on the borrower's total debt
• Other terms and conditions
The goal of entrance counseling is to help the borrower understand what it means to borrow federal student loans

Federal Direct Loan Exit Counseling
The University notifies students to complete loan exit counseling online at the U.S. Department of Education website (https://studentaid.ed.gov/sa/repay-loans/deferment-forbearance) within 30 days of completion of a program, withdrawal from the University or when a student ceases to be enrolled at least half-time Exit counseling generally includes the following:
• An explanation of the use of a Master Promissory Note (MPN)
• Importance of repayment obligation
• Description of consequences of default
• Sample repayment schedules
• Information in reference to a borrower's rights and responsibilities
• Information on the National Student Loan Data System (NSLDS), https://nsls.ed.gov/nsls_SA/
• Information on possible loss of eligibility for additional Direct Subsidized Loans
• Information on how a borrower's maximum eligibility period, remaining eligibility period and subsidized usage period are determined

Loan Payment Calculator
Loan payment calculators may be used by students or potential students to calculate monthly payments under the different student loan repayment plans available. The Repayment Estimator at https://studentaid.ed.gov/sa/repay-loans/repaymentEstimator.action allows students to estimate their payment under all available repayment plans.

<tbody>
<tr>
<td>Total Interest Payment</td>
<td>$4,572</td>
</tr>
<tr>
<td>Total Loan Payment</td>
<td>$16,572</td>
</tr>
</tbody>
</table>

With the standard plan, a fixed payment amount is due each month until loans are paid in full. Monthly repayments will be at least $50, and have up to 10 years to repay.

Graduated Repayment Detail - 120 months starting at a payment of $80 and a final monthly payment amount of $239 Total interest paid would be $5,832, for a total of $17,832.

Extended Repayment (Fixed or Graduated Plans) - Only available for loan amounts greater than $30,000. Payment amounts under the Pay As You Earn, Revised Pay As You Earn, Income-Based and Income-Contingent repayment plans will be available in the Repayment Estimator after you enter tax filing status, adjusted gross income, family size and state of residence.

Federal Student Loan Consolidation

A Direct Loan consolidation allows a borrower to combine multiple federal student loans into one, which results in one bill, and one lender. It can also lower monthly payments by giving borrowers up to 30 years to repay their loans; however, by increasing the length of the repayment period, you will also make more payments, and pay more in interest. Most federal student loans, including the following, are eligible for consolidation:

- Direct Subsidized Loans
- Direct Unsubsidized Loans
- Subsidized Federal Stafford Loans
- Unsubsidized Federal Stafford Loans
- Direct PLUS Loans
- PLUS Loans from the Federal Family Education Loan (FFEL) Program
- Supplemental Loans for Students (SLS)
- Federal Perkins Loans
- Federal Nursing Loans
- Health Education Assistance Loans
- Some existing consolidation loans

When considering consolidation, it is important to consider the pros and cons. Consolidation could give borrowers access to alternative repayment plans, which they did not have before, and enable them to switch from a variable interest rate loan to a fixed interest rate. Consolidation may also cause borrowers to lose benefits offered with the original loans, such as interest rate discounts, principal rebates or some loan cancellation benefits, which can significantly reduce the cost of repaying loans.

Federal Student Loan Forgiveness, Cancellation and Discharge

In certain situations, borrowers can have their federal student loans forgiven, canceled or discharged. Below is a list of the type of forgiveness, cancellation and discharges available:

- Total and Permanent Disability Discharge
- Death Discharge
- Discharge in Bankruptcy (in rare cases)
- Federal Grant Discharge
- Federal Direct Loan Discharge
- Federal Perkins Loan Discharge
- Federal Stafford Loan Discharge
- Federal Consolidation Loan Discharge

Federal Funds

A student is eligible to receive the first disbursement of federal financial aid when the University confirms the student is enrolled in courses for the payment period and is eligible to receive the funds. The student becomes eligible to receive a disbursement of federal financial aid for the second payment period when the student successfully completes one-half the weeks of instructional time and earns one-half the credit hours in the defined academic year (AY). Typically, the University disburses funds once the student successfully completes half the credits and weeks of instruction in the current AY, which may consist of more credit hours and weeks of instruction than the defined AY.

First-time, first-year undergraduate borrowers will not have the first installment of the Direct Loan disbursed until 30 calendar days after the program of study academic year begins.

Federal Grants
The student (or parent in the case of a Parent PLUS Loan) must mail the cancellation request(s) after the balance occurred on the student’s account. For more information, please review the Federal Financial Aid Credit Balance section of the Financial Aid Policies appendix.

**Federal Financial Aid Credit Balance**

Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges, a federal financial aid credit balance occurs. The University will pay the excess federal financial aid funds directly to the student or parent as soon as possible, but no later than 14 days after the balance occurred on the student’s account. For more information, please review the Federal Financial Aid Credit Balance Policy in the Financial Aid Policies appendix.

On an exception basis, the University may, at its discretion, provide a student access to his or her anticipated federal financial aid credit balance. Students who may need to request this exception should speak with the finance department.

Note: If an exception is granted, the student will be responsible for any balance due to the University resulting from providing the student access to his or her anticipated federal financial aid credit balance.

**Cancellation of Federal Financial Aid**

The student (or parent in the case of a Parent PLUS Loan) must inform the University if all or a portion of their loan must currently unapplied. The University notifies the student/parent in writing of the outcome of his or her request regardless of when the cancellation request is received.

**State Funds**

A payment period is defined according to individual state requirements. The payment period determines when funds are disbursed and the exact amount to be disbursed.

**Withdrawing from the University**

Circumstances may necessitate withdrawal from the University. For further information on officially, unofficially, or administratively withdrawing from the University, please see the University’s Withdrawal Policy.

**Leave of Absence**

Any student wishing to request a leave of absence (LOA) should contact his/her academic counselor to discuss options available. The Leave of Absence request form can be completed by accessing the student website. Refer to the University’s Academic Leave of Absence Policy found within the University’s Academic Catalog for further information. You may also refer to the Leave of Absence Policy found in the appendix of this consumer information guide. This policy addresses the impact to Title IV recipients when there is an approved temporary interruption in a student's program of study, which is referred to as an LOA.

**Return of Title IV Policy**

The Return of Title IV Policy addresses federal financial aid recipients who withdraw from the University and are subject to a Return of Title IV (R2T4) calculation. For the purpose of R2T4 calculation requirements, a recipient is a student who has actually received federal financial aid funds or has met the conditions that entitled the student to a late disbursement of federal financial aid funds. The University is required to review the amount of federal loan and grant aid a student received for the payment period, to determine what percentage of federal financial aid the student earned prior to withdrawal. The percentage of federal financial aid determined to be unearned for the payment period must be returned to the appropriate federal financial aid program(s). For more information on the Return of Title IV, refer to the Return of Title IV policy in the Financial Aid Policies appendix.
Tuition Refund Policy

Institutional

The following provisions pertain to all refund policies applied by the University unless specifically stated otherwise. When a student begins a program under Applicant (RR) status, pending the completion of the student admission file, and is subsequently denied admission, the student is eligible for a full tuition refund. The University does not refund tuition for any completed course. A tuition refund can be requested in writing from a local campus.

Students who withdraw from a course prior to the start date will receive a 100% refund for that course. Students who have completed 60% or less of the course are eligible for a pro-rata refund. The pro-rata refund percentage will be calculated by dividing the number of weeks remaining by the total number of weeks in the course.*

Here is an illustrative example of a refund for a 5-week course at the University:

<table>
<thead>
<tr>
<th>Weeks Attended</th>
<th>Refund for 5-Week Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Week</td>
<td>80% Refund</td>
</tr>
<tr>
<td>2 Weeks</td>
<td>60% Refund</td>
</tr>
<tr>
<td>3 Weeks</td>
<td>40% Refund</td>
</tr>
<tr>
<td>4 Weeks</td>
<td>No Refund</td>
</tr>
<tr>
<td>5 Weeks</td>
<td></td>
</tr>
</tbody>
</table>

*Attendance for doctoral residency is submitted after the student has attended and completed all days in the residency.
Unearned Tuition Assistance

In alignment with the Department of Defense Memorandum of Understanding (DOD MOU), the University has a policy that returns any unearned tuition assistance (TA) funds on a proportional basis through at least the 60% portion of the period for which the funds were provided.

This policy applies to military service members who receive military Tuition Assistance.

The University will return unearned tuition to the applicable military service as follows:

a. If a student does not begin attendance at the University, start a particular course, or the course is cancelled by the University, the University will return 100% of any TA funds received.

b. If a student withdraws from a course TA funds received by the University will be returned on a pro-rata basis based upon the student's last date of attendance, also known as LDA. The last date of attendance will be used to determine the number of weeks the student attended the course. Once the last date of attendance has been determined, the University will calculate the pro-rata percentage by dividing the number of weeks remaining by the total number of weeks in the course.

Here is an illustrative example of a refund for a 5-week course at the University:

<table>
<thead>
<tr>
<th>Weeks Attended</th>
<th>Refund for a 5-Week Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Week</td>
<td>80% Returned</td>
</tr>
<tr>
<td>2 Weeks</td>
<td>60% Returned</td>
</tr>
<tr>
<td>3 Weeks</td>
<td>40% Returned</td>
</tr>
<tr>
<td>4 Weeks</td>
<td>No Return</td>
</tr>
<tr>
<td>5 Weeks</td>
<td></td>
</tr>
<tr>
<td>6 Weeks</td>
<td></td>
</tr>
</tbody>
</table>

In instances when a Service member stops attending due to a military service obligation, the University will work with the affected Service member to identify solutions that will not result in student debt for the returned portion.

c. Unearned tuition assistance funds will be returned to the service unless otherwise directed in writing by the Department of Defense or Service.

State

If a student attends a class in one of these states, the specific state refund policy will be applied in addition to the University Institutional Refund Policy. In the event that there is a conflict in the policies, the state policy will supersede the general University policy, unless the University policy is better for the student's situation. These policies are outlined below.

Arizona

Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement. Otherwise, students in Arizona will have tuition refunded using the University Institutional Refund Policy.

California

Students in the state of California will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to cancel the Enrollment Agreement and obtain a refund of charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later.
- To cancel enrollment, the student must submit a written request postmarked on or before the applicable time period to the campus services operations manager at the appropriate address listed below:
  - Refund administrative address for students attending any of the five California campuses (Southern California, San Diego, Bay Area, Central Valley and Sacramento Valley):
    University of Phoenix
    3110 E. Guasti Road
    Ontario, CA 91761
  - Refund administrative address for California residents attending Online:
    University of Phoenix
    4035 S. Riverpoint Pkwy.
    Phoenix, AZ 85040

Florida

Students in the state of Florida will have tuition refunded using the University Institutional Refund Policy with the following exceptions:

- Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- The University will retain $45 of the application fee for students who withdraw from the University prior to the start of their program and after the three-day cancellation period.
- Refunds will be paid within 30 days of a student's official withdrawal.
Georgia
Students in Georgia will have tuition refunded using the University Institutional Refund Policy with the following exceptions:
- Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement.
- Students providing written notification of withdrawal prior to the first class session or who have been out of attendance for more than 14 days will receive a full refund of tuition paid for the unattended course.
- Refunds are paid within 30 days of a student's official withdrawal.
- A student who is out of attendance for more than 14 days is considered withdrawn from the course.

Nevada
Students in the state of Nevada will have tuition refunded using the University Institutional Refund Policy with the following exceptions:
- Students who cancel enrollment any time before the start of the first class session will receive a full refund of all monies paid.
- The University may retain 10% of the tuition agreed upon in the Enrollment Agreement or $150, whichever is less, for students who fail to attend in the enrollment period for which advanced payment was made.
- Refunds will be paid to the person that paid the tuition within 15 calendar days after one of the following, whichever is applicable:
  - The date of cancellation by a student of his or her enrollment
  - Termination by the University of the enrollment of the student
  - The last day of attendance of a student
- For purposes of this refund calculation, the period of attendance must be measured from the first day of instruction, as set forth in the Enrollment Agreement, through the last day of actual attendance, regardless of absences. In addition, tuition must be calculated using the tuition and fees set forth in the Enrollment Agreement and does not include books, educational supplies or equipment listed separately from tuition and fees. Books, educational supplies or equipment for individual use are not included in the policy for refund, and a separate refund will be paid by the University to the student if those items were not used by the student.
- If the University cancels or discontinues a course or educational program stated in the Enrollment Agreement, the University will refund all monies paid for that course or program.

Virginia
Students in the state of Virginia have three business days, excluding weekends and holidays, during which enrollment may be cancelled without financial obligation other than a nonrefundable fee not to exceed $100 for expenses related to processing the student's enrollment.

Online
Online students will be subject to the Arizona refund policy. Students have the right to a full refund of all monies paid, including application and materials fees, if they withdraw within three business days after signing the Enrollment Agreement. Otherwise, students will have tuition refunded using the University Institutional Refund Policy.

Consumer Policies and Codes of Conduct

University of Phoenix Family Educational Rights and Privacy Act
University student records are confidential for all schools receiving funding under programs administered by the U.S. Department of Education in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974. Generally, information pertaining to a student record is not to be released to a third party without written or authorized electronic consent via a FERPA release form, judicial order or lawfully issued subpoena. The University is required to provide students a copy of its FERPA policy annually and upon written request from students. Current students can obtain a copy of the FERPA policy in the appropriate online Academic Catalog at https://www.phoenix.edu/programs/degree-programs/academic-catalog.html

Under FERPA, a student is defined as an individual who is or has attended an educational institution. Students with at least one academically related activity (or one positive attendance “Y” posted, whichever happens sooner) in a university course are considered students at University of Phoenix.

Note: University Orientation Workshops are not considered university courses.

Access to Education Records
University student records are confidential for all schools receiving funding under programs administered by the U.S. Department of Education in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974. Generally, information pertaining to students' records shall not be released to a third party without written or authorized electronic consent, via a FERPA Release form, judicial order or a lawfully issued subpoena.

Education records are defined as all records, files, documents and materials that contain information directly related to a student, and maintained by an educational institution.

The following are not interpreted as education records:
- Personal records maintained by an individual; must be kept in the sole possession of the individual and are not accessible to others
- Records of the law enforcement unit of an educational institution
- Personnel records; records related to a person as an employee not used for any other purpose
- Medical records
  *Exception:* The Student Health Insurance Plan Enrollment/Acknowledgment form completed by local campus students in New Jersey is defined as an education record.
- Records created after the student is no longer a student; alumni records

Releasable Information - Directory
In compliance with FERPA, a University-designated representative without prior written or authorized electronic consent of the student can release the following educational record information, provided the student does not have a FERPA Hold Request form on record.
- Student name
- Home address
- Email address
• Home telephone number
• Year of birth
• Dates of attendance at the University
• Dates of admission to the University
• University programs of study
• University degree completion dates and type of degrees earned
• Most recent previous institutions attended and degree(s) earned
• Grade level (freshman, sophomore, junior or senior)
• Photographs
• Honors and awards received
• Participation in officially recognized activities

Exception: If a student submits written or authorized electronic requests via a FERPA Hold Request form that directory information not be released to a third party, no information can be released, absent a judicial order or a lawfully issued subpoena. A FERPA Hold Request is valid throughout the student's enrollment.

For a student to remove a FERPA Hold from their record, the student will need to fill out a FERPA Hold Request form listing any/all parties to which that information should no longer be released.

Information Not Released - Non-Directory

Information that must not be released:

In compliance with FERPA, the following student information shall not be released by the University without prior written or authorized electronic consent of the student, a judicial order or a lawfully issued subpoena. The student's signature on the written requests shall be verified before acting upon the request.

• Place of birth*
• Month and day of birth*
• Social Security number (SSN), individual record number (IRN) or personal identification number (PIN)**
• Grades or grade point averages
• Course schedules
• Employment information including: employer, position held, work address or work telephone number
• Academic performance information, such as academic suspension, probation, disqualification or academic dishonesty charges
• Admission information, including test scores or entry grade point averages
• Financial and accounting information
• Gender*
• Race*
• Ethnicity*
• Citizenship*
• Country of origin*

Note: Non-directory information can only be released to third parties via telephone or in person if the student has provided written or authorized electronic consent including a security word. If the student does not complete the release information, including security word, information is not released via telephone or in person.

Note: All third parties, including parents, with inquiries require a FERPA Release form on file unless the third party meets one of the definitions under FERPA allowing access without prior written or authorized electronic consent from the student.

* Although this information may be disclosed without prior written consent according to FERPA, the University policy is to maintain the confidentiality of this student information.

** Student IRN, SSN or PIN numbers generally should not be released to a third party, unless necessary to perform a required task (e.g., Student Financial Agreement, FBI request, etc.).

Exceptions: The University may release personally identifiable information (PII), directory and non-directory information without the student's consent under the following conditions:

• School officials with legitimate educational interests, which include any University employee acting within the scope of her or his University employment, and any duly appointed agent or representative of the University acting within the scope of her or her appointment

• Person or company with whom the University has contracted as its agent acting as a school official to provide a service instead of using University employees or officials such as Apollo Education Group, Nelnet Scholarship Management, Aptomus, Protiviti, ACS, National Student Clearinghouse, iParadigms, LLC, Taylor Corporation, Education Sales Management, Double Positive, Hills Consulting Group, SCRIP-SAFE, Student Outreach Solutions, i3, InsideTrack, Salesforce, Iron Mountain, Cenveo, IntraEdge, ITC Info Tech, Western International University, Vocado, iGrad, Google, HCL Technologies, Regent Education, TK20, College Board, Loan Science, Civitas, Pendo.io, Inc., and other services.

• Collection agencies (States Recovery Systems, FMS, CBE Group and Resolution Assets Services).

• Other schools to which a student seeks or intends to enroll

• Specified officials for audit and evaluation purposes

• Appropriate parties in connection with financial aid to a student (The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following: eligibility for aid, amount of aid, conditions for aid and/or enforcement of terms and conditions of the aid.)

• Organizations conducting studies for, or on behalf of, the school

• Accrediting organizations

• Authorized representatives of the Comptroller General of the United States, Secretary of Education, or state and local educational authorities

• To comply with a judicial order or lawfully issued subpoena

• Appropriate officials in cases of health and safety emergencies

• State and local authorities, pursuant to state law

• To appropriate officials to comply with federal law (e.g., the USA Patriot Act, Solomon Amendment, SEVIS program)

• Under the Campus Sex Crime Prevention Act, institutions are permitted to disclose information concerning registered sex offenders who are required to register under the Violent Crime Control & Law Enforcement Act.

• The institution may disclose the results of a disciplinary proceeding if the student is an alleged perpetrator of a crime of violence or nonforcible sex offense and he or she has been found to have violated the institution's policies and procedures with respect to the allegation. Disclosures may only be made if the institution determines the student did violate its policies and such disclosures must only include the name of the student, violation committed and any sanction imposed by the institution against the student.
• The institution must, upon written request, disclose to the alleged victim of a crime of violence, or a nonforcible sex offense, the results of any disciplinary hearing conducted by the institution against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the institution must provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.
• The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions.
• If a student initiates legal action against an educational institution, the institution may disclose to the court, without a court order or subpoena, the student’s education records that are relevant for the institution to defend itself.
• The disclosure is to parents of a dependent student as defined in Section 152 of the Internal Revenue Code or to parents of students under the age of 21 when laws or university policies regarding alcohol or drugs are violated.
• A person or company that University of Phoenix is contracted with as its agent to perform a service and/or benefit such as healthcare insurance and coverage.
• A school official is defined as:
  • A person employed by the University in an administrative, supervisory, academic, research or support staff position.
  • A person employed by or under contract to the University to perform a task.
  • A person serving on an institutional governing body or committee.
• A school official has a legitimate educational interest if:
  • Performing a task specified in his or her job description or contract.
  • Performing a task related to a student's education.
  • Providing a service or benefit related to a student or a student's family.
  • Representing a school in which a student seeks to enroll.
  • Disclosing information to federal and state authorities auditing compliance of federal or state support programs.
  • Disclosing information in connection with financial aid, to determine financial aid eligibility, amount of aid, conditions for the aid, or to enforce the terms of conditions of the aid.
  • Disclosing information to state and local officials to whom this information is specifically allowed to be disclosed pursuant to state laws if the allowed disclosure concerns the juvenile justice system and the system's ability to effectively serve the student whose records are released.
  • Performing studies on behalf of educational institutions.
  • Disclosing information to accrediting organizations carrying out their function.
  • Complying with a judicial order or lawfully issued subpoena provided notification to the student is made before complying with the subpoena.

The University can disclose personally identifiable information (PII), directory and non-directory, without student consent if the disclosure meets one of the following conditions:
• This disclosure is to other school officials, whom the University determines have legitimate educational interests.
• The disclosure is to officials of other schools where the student seeks or intends to enroll.
• The disclosure is, subject to requirements of 34 CFR 99.35, to authorized representatives of the Comptroller General of the United States, Secretary, or state and local educational authorities.
• The disclosure is in connection with financial aid for which the student has applied or received, if the information is necessary for such purposes as to determine the following:
  • Eligibility for aid
  • Amount of aid
  • Conditions for aid
  • Enforce terms and conditions of the aid
• Financial aid means a payment of funds (or a payment in kind of tangible or intangible property to the individual) that is conditioned on the individual’s attendance at an educational agency or institution [authority: 20 U.S.C.1232g (6)(1)(0)].
• Students requesting demographic or PII on other University of Phoenix students for survey or research purposes must contact the appropriate director of operations and Academic Affairs after it has been approved through the University’s Human Subjects Committee and/or Committee on Research as appropriate.
• The University shall retain a record of disclosure of student information disclosed to a third party. This information will be stored on the University computer system and will contain dates, names and reasons for release. Students shall have reasonable access to their educational records, may request to review their educational records and may challenge the contents of their educational records if they feel the contents to be inaccurate, misleading or otherwise in violation of their privacy or other rights.

Student Right to Access

Students wishing to review their educational records shall submit a written request to the Registrar specifying the records to be reviewed. Only records covered by FERPA will be made available. If necessary, the Registrar’s Office will work with a campus designee so that the student can review the record.

FERPA regulations require the University to comply with the students’ right to inspect and review their academic records by responding within 45 days from the time the University receives a written request to access their records. However, the Registrar’s Office will respond to students’ requests to review their records within 14 days from receipt of the request. Students should submit their request to the University Registrar and specify the record or records they wish to have a copy of or to inspect.

Students who wish to review their records at a campus location must present photo identification before access to educational records is allowed. For copies of records from a student’s file, the student must fill out and submit the Student Request for Information from Files form. Distance education students must submit a written request specifically outlining which record they would like to review.

A designated University official must be present when a student wishes to review his or her records at a campus location. This includes documents on file or student history notes that do not reference other student information. Printed files requested by the student and mailed from the Registrar's Office will not include history notes from any record systems.

Procedure

Students alleging that their University records are inaccurate or misleading, or who allege violations of FERPA, may present their
challenges to the University Registrar. Students have the right to correct record-keeping errors, but not to seek to overturn administration decisions and assessments. The Registrar shall review students' challenges and, when appropriate, amend students' records accordingly. Students will be notified within 14 days of the Registrar's actions and, based on the action, may request a formal hearing. A student must submit a request for amendment in writing to the Registrar identifying the specific portion of his or her record he or she wants changed and why he or she believes it's inaccurate or in violation of his or her privacy. The Registrar will respond to the request within 14 days. If the University denies the request to change the record, the Registrar will notify the student within 14 days of the decision and advise the student of his or her right to challenge the information. A student's request for a formal hearing must be made in writing and submitted to the Registrar's Office. The Registrar will arrange for a hearing, and notify the student within 14 days from the receipt of the request of the date, place and time of the hearing. Students may present relevant evidence and may be assisted or represented at the hearings by one or more persons of their choice, including an attorney, at the student's expense. The University shall be represented by a hearing panel appointed by the Registrar. The panel will be comprised of individuals that do not have a direct interest in the outcome of the hearing. The panel shall consider all relevant evidence supporting students' allegations of inaccurate or misleading information in students' records. Decisions of the panel will be final. The University will provide a written decision within 14 days of the hearing based on evidence presented at the hearing, and will include a summary of evidence presented and the rationale for the decision. If the University decides that the challenged information is not misleading, inaccurate or in violation of the student's privacy rights, it will notify the student within 14 days of his or her right to place in the record a statement commenting on the challenged information or a statement of reasons for disagreeing with the decision. The statement will be maintained as a part of the student's record as long as the contested portion is maintained. If the University discloses the contested portion of the record, it must also disclose the statement. If the University decides the information is inaccurate or in violation of the student's right of privacy, it will amend the record and notify the student within 14 days, in writing, that the record has been amended. Exception: Students may not inspect and review the following absent a judicial order or legally issued subpoena:

- Confidential letters and recommendations for which they have waived their rights of inspection
- Educational records containing information about more than one student (Access is permitted only to that part of the record concerning the inquiring student.)
- Records of instructional, supervisory, administrative and certain educational personnel, which are in the possession of the originator
- Records connected with an application to attend the University if the application was denied (For example, a student is enrolled in an undergraduate program and applies for admission to a graduate program but is denied.)

- University of Phoenix cannot deny students access to their records. Copies do not need to be provided, unless by not providing copies, the students' rights are denied. Exception: The University may release foreign transcripts to students.
- Rationale: Original transcripts from institutions in other countries may be difficult or impossible for students to replace. The University reserves the right to deny transcripts or copies of records not required to be made available by FERPA in any of the following situations absent a judicial order or legally issued subpoena:
  - The student is not in compliance with his or her UOPX financial plan.
  - There is an unresolved disciplinary action against the student.
  - Transcripts will be issued as an exception to the above if one of the two following exception criteria is met:
    - A student has filed for bankruptcy and has provided UOPX with a copy of the bankruptcy petition filed with the courts.
    - A student has graduated from a previous UOPX program on record as that student had previously satisfied his or her financial obligation for that program.
  - Current or previous students whose most recent Enrollment Agreement for their primary program reflects a California local campus, will be provided an official transcript despite a balance on account.
  - If a student believes he or she qualifies for one of the aforementioned policies or exceptions but is unable to order a transcript on the University student website, the student should contact the Admissions and Records Service Center at 800.866.3919 for assistance.

Students have the right to file a complaint with the FERPA. Inquiries should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave., SW
Washington, DC 20202-5920

For a period of 25 years following the death of a student, education records of deceased students may only be released to the executor of the estate (written authorization required) or immediate family members (notarized affidavit required) defined as: spouse or legally recognized domestic partner, parents, children (over the age of 18) and siblings. Beyond this time, requests for these records may be released to anyone after review and approval from the Registrar's Office. The University is required to provide students a copy of its FERPA policy annually and upon written request from the student.

Solomon Act

University of Phoenix complies with the Solomon Act, which provides certain information to military recruiters. Information that may be released includes the following:
- Student name
- Home address
- Telephone listing
- Age (date of birth)
- Level of education
- Academic major

If available, the following information will also be provided:
- Email address
**Consumer Privacy Policy**

The University of Phoenix follows federal regulations that govern student loan requirements. The Student Loan Code of Conduct at http://www.phoenix.edu/tuition_and_financial_options/student_loan_code_of_conduct.html creates and maintains uniform student loan practices that focus on the best interest of student borrowers. It also manages relationships between school employees, learning institutions, lender advisory board members and student loan organizations.

University of Phoenix encourages students to review the Student Loan Code of Conduct at http://www.phoenix.edu/tuition_and_financial_options/student_loan_code_of_conduct.html to learn about loan regulations.

**Scope of Privacy Policy**

This policy applies to website visitors, current and potential students, alumni and any other user of services offered through our Sites including any websites or mobile applications operated by or on their behalf. This policy applies to both online and offline collection, storage, processing and transfer of personal information. However, certain Sites or services may be subject to additional privacy policies or privacy disclosures relating to the services provided on the Site(s) (collectively “Additional Policies”).

**Information Collected**

We collect various types of information through our Sites and other websites where you can express interest in our services, through our mobile applications, over the phone and in person where print materials and digital technology may be used to collect information from you. Some information is collected automatically through various web and Internet technologies, including Social Networking tools used by your University to foster communication and collaboration among members of our community. Other information is collected when you provide it in response to an advertisement, a survey or a request for information; apply for admission or financial aid; register for classes; order educational or other products and services; set up a social network or other site profile; or use one of our career resources, learning assessments, or other interactive tools. We may also obtain information from other sources and combine that with information we collect about you.

**Information Uses**

We will not sell, rent or lease your personal information to others except as provided in this policy. We may collect, use and disclose personal information for the following purposes:

- To determine your admissibility and to register you for your selected educational programs
- To contact you regarding your status with the University
- To provide requested products and services
- To respond to your inquiries and provide customer support
- To administer promotions in which you have indicated an interest
- For our internal marketing purposes, which includes, but is not limited to, sending you material about products, services, updates, etc. that we think may be of interest to you
- For fostering communication and collaboration among members of your University community through social networks
- For sharing with our Educational Partners who may contact you with respect to their educational or other services
- For sharing with our Educational Partners or Business Associates who are performing services on our behalf
- To analyze how Sites and services are being accessed and used
- For investigation of information security and information asset protection-related incidents
- To test, correct and improve our content, applications and services
- To develop new applications, products and services
- For Online Behavioral Advertising purposes
- To improve student retention, site and service performance, user experience and delivery
- To prevent potentially illegal activities (including illegal downloading of copyrighted materials in accordance with our Copyright Infringement Policy)
- To investigate suspicious information that denotes illegal activity such as financial aid fraud
- To analyze academic and learning outcomes and preferences
- For external academic research and scholarship
- To analyze risk and business results
- To obtain payment for services that we provide to you
- To provide you with information concerning arrangements and other options for the repayment of funds loaned to you for your education
- To maintain business records for reasonable periods
- To enforce our Terms of Use, http://www.phoenix.edu/copyright-legal/terms_and_conditions.html
- To provide to Educational Partners, Business Associates or Unrelated Entities in connection with the contemplated or actual reorganization, merger, acquisition, financing, securitization, insuring, sale or other disposal of all or part of our business or assets, including for the purposes of determining whether to proceed with such transaction or fulfilling any records or other reporting requirements to such parties. In the event of any actual reorganization, merger or acquisition, such information may be transferred as part of the transaction to the acquirer.
- And/or as may be required or permitted by legal, regulatory, industry self-regulatory, insurance, audit or security requirements applicable to University of Phoenix, our Educational Partners or our Business Associates.

**Your Rights and Choices**

**Marketing Communications**

If you do not wish to receive marketing email communications or direct mail communications from us, you may express your choice where indicated on the applicable email or other communication, or cut and paste this link into a browser: http://www.phoenix.edu/about_us/contact_us/unsubscribe.html

If you do not wish to receive marketing telephone calls or mailings, you may express your choice to opt out by emailing Office.ComplianceUOPX@phoenix.edu

If you do not wish to receive text messages, reply STOP to cancel future text messages. By sending STOP, you agree to one additional
confirmation message stating that you’ve opted out and will no longer receive text messages from University of Phoenix. To get help, text HELP. You may also get additional support or help by sending an email to TextMsgSupport@phoenix.edu or by calling 866.766.0766.

Do Not Track and Online Behavioral Advertising
University of Phoenix does not itself respond to web browser-based DNT signals. We or our Business Associates may use data collected on this site for Online Behavioral Advertising purposes, e.g., to customize ads to you on other websites as you browse the web. If you do not want your browsing behavior on the sites to be collected for Online Behavioral Advertising purposes, visit http://info.evidon.com/

Other Collection, Use and Disclosure
You may be able to opt out of our collection, use and disclosure of your personal information in other situations subject to applicable contractual, academic, legal or technical restrictions and reasonable notice. If you opt out of certain uses of your personal information, we may no longer be able to provide certain products or services. For more information on your ability to opt out, email Office.ComplianceUOPX@phoenix.edu

Other Important Information
We will take commercially reasonable measures to secure and store your information to protect against the loss, misuse and alteration of the information under our control. We utilize industry-standard security measures when accepting your credit card information during your registration or other transaction you have initiated with us, as well as whenever we ask you to log in to any of our sites.

If you become a student, your educational records are subject to the U.S. federal Family Education Rights and Privacy Act (FERPA), state laws and your University policies. To obtain a copy of the “Students’ Rights to Privacy and Access to Educational Records” policy, visit http://www.phoenix.edu/about_us/regulatory/consumer-information.html

You may also contact us via one of the below methods:

Mail: University of Phoenix
Attn: Registrar’s Office
4025 S Riverpoint Parkway
Mail Stop: CF-L201
Phoenix, AZ 85040

Admissions and Records Service Center: 800.866.3919
University of Phoenix may update this policy or revise it from time to time. If you are concerned about how your personal information is used or disclosed, you should contact the University as described above or review the web page at http://www.phoenix.edu/copyright-legal/privacy_policy.html

How to Contact Us or Access Your Information
If you want access to or wish to update any of your personal information or have any questions about our privacy practices, contact the University Office of Compliance at Office.ComplianceUOPX@phoenix.edu or

University of Phoenix
Attn: Ethics and Compliance
4025 S. Riverpoint Pkway
Phoenix, AZ 85040

Contact Information for Filing Complaints
Students wishing to file a complaint may contact the University’s Office of Dispute Management. Local students also have the option to file a complaint directly with the designated state regulatory agency in the state in which they reside. Please note many states require students to exhaust the institution’s internal complaint policy before filing one with their agency.

State Authorization Reciprocity Agreement (SARA)
University of Phoenix is approved by the National Council for State Authorization Reciprocity Agreements (NC-SARA) as a SARA member institution. (http://nc-sara.org). The University has reciprocity with other SARA states for its distance education programs. Please visit the NC-SARA website for the most current list of states that participate in SARA.

Distance education students residing in a SARA state may appeal a complaint to the Arizona SARA Council (AZ SARA) for review after exhausting the institution’s internal complaint process and the complaint process of the Arizona State Board for Private Postsecondary Education. SARA complaints must first be submitted internally for resolution through the University’s Office of Dispute Management. The Arizona SARA Council will not review complaints regarding student grades or student code of conduct violations. For more information visit the AZ SARA Council website (http://azsara.ari zona.edu).

Arizona students and distance education students from non-SARA states may file a complaint with the Arizona State Board for Private Postsecondary Education or their applicable state regulatory agency. Distance education students who reside in Georgia may file a complaint with their own state regulatory agency.

Contact Information:
Arizona: If the complaint cannot be resolved after exhausting the institution’s grievance procedure, the student may file a complaint with the Arizona State Board for Private Postsecondary Education. The student must contact the State Board for further details. The State Board address is 1740 W. Adams, Ste. 3008, Phoenix, AZ 85007, telephone 602.542.5709, website address: www.ppse.az.gov.

California: The student may contact the California Bureau for Private Postsecondary Education, C/O Department of Consumer Affairs, PO Box 980818, W. Sacramento, CA 95798-0818; telephone 916.431.6959, 888.370.7589.

Colorado: The student may contact the Colorado Department of Higher Education, Office of Private Postsecondary Education, 1560 Broadway Road, Suite 1600, Denver, CO 80202; telephone 303.862.3001.

Commonwealth of the Northern Mariana Islands: The student may contact the Commonwealth of the Northern Mariana Islands Office of the Attorney General, Office of the Consumer Counsel, 2nd Floor, Juan A. Sablan Memorial Buildings, Capitol Hill, Saipan, MP 96950; telephone 670.237.7500, website: https://www.cmioag.org/divisions/consumer-protection/online-student-complaint/

Florida: The student may contact the Commission for Independent Education, 325 West Gaines Street, Suite 1414, Tallahassee, FL 32399-0400; telephone 850.245.3200.

Georgia: The student may contact the Nonpublic Postsecondary Education Commission, 2082 East Exchange Place, Suite 220, Tucker, Georgia 30084-5305; telephone 770 414 3300, website: http://gnpec.georgia.gov/student-complaints

Hawaii: The student may contact the Hawaii Post-Secondary Education Authorization Program, P.O. Box 541, Honolulu, HI 96809;
Copyright Law and Infringement

Copyright Law provides the owner of a copyright the exclusive right to do the following:
- Reproduce the work in copies
- Prepare derivative works based upon the work
- Distribute copies of the work to the public by sale or other transfer of ownership, or by rental, lease, or lending
- Perform the work publicly
- Display the copyrighted work publicly
- Perform the work publicly by means of a digital audio transmission in the case of sound recordings

Copyrighted works protect original works of authorship and include:
- Books, articles and other writings
- Songs and other musical works
- Movies and television productions
- Pictures, graphics and drawings
- Computer software
- Pantomimes and choreographic works
- Sculptural and architectural works
17 U.S.C. § 501(a) states, “Anyone who violates any of the exclusive rights of the copyright owner is an infringer of the copyright or right of the author.” Generally, under the law, one who engages in any of these activities without obtaining the copyright owner’s permission may be liable for infringement. Specific information on copyright law and fair use may be found at the following sites: The U.S. Copyright Office: http://www.copyright.gov The Electronic Frontier Foundation fair use frequently asked questions Peer-to-Peer File Sharing Peer-to-Peer (P2P) file sharing is a general term that describes software programs that allow computer users, utilizing compatible P2P software, to connect with each other and directly access digital files from one another’s hard drives. Many copyrighted works may be stored in digital form, such as software, movies, videos, photographs, etc. Through P2P file sharing it has become increasingly easy to store and transfer these copyrighted works to others, thus increasing the risk that users of P2P software and file-sharing technology will infringe the copyright protections of content owners. If P2P file-sharing applications are installed on your computer, you may be sharing someone else’s copyrighted materials without realizing you are doing so. As a user of the University network, recognizing the legal requirements of the files that you may be sharing with others is important. You should be careful not to download and share copyrighted works with others. The transfer and distribution of these works without authorization of the copyright holder is illegal and prohibited. Violations and Penalties under Federal Law In addition to University sanctions under its policies as more fully described below, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or statutory damages affixed at not less than $750 and not more than $30,000 per work infringed. For willful infringement, a court may award up to $150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys’ fees. For details, see Title 17, United States Code, Sections 504, 505. Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to $250,000 per offense. University Methods to Effectively Combat Unauthorized Distribution of Copyrighted Material and Student Sanctions A student’s conduct in the University classrooms and websites is subject to and must fully conform to the University Student Code of Conduct policy, its Acceptable Computer Use for Faculty and Students policy and any other applicable University policies. The University may monitor traffic or bandwidth on the networks utilizing information technology programs designed to detect and identify indicators of illegal P2P file-sharing activity. In addition to, or as an alternative, the University may employ other technical means to reduce or block illegal file sharing and other impermissible activities. The University will also provide for vigorous enforcement and remediation activities for those students identified through the University Digital Millennium Copyright Act policy as potential violators or infringers of copyright. Disciplinary sanctions will be based on the seriousness of the situation and may include remediation based on a comprehensive system of graduated responses designed to curb illegal file sharing and copyright offenses through limiting and denying of network access or other appropriate means. These sanctions may be in conjunction with additional sanctions through the University Student Code of Conduct, its Acceptable Computer Use for Faculty and Students policy and any other University policy applicable to the particular situation. Students who are subject to professional codes of conduct that apply to their enrollment at the University shall be sanctioned according to the requirements of the respective code. Education and Awareness The University uses a variety of means to inform students, faculty and other network users about copyright laws and the response to copyright infringement claims by the University. The University informs its campus community through the Consumer Information Guide and other periodic communications that unauthorized distribution of copyrighted material, including unauthorized P2P file sharing, may subject students and faculty to civil and criminal liabilities and their possible extent. The Consumer Information Guide, http://www.phoenix.edu/about_us/regulatory/consumer-information.html, is available on the University website, is provided to potential students and employees, and is sent by email on a yearly basis to current students, faculty and employees.
**Legal Sources for Online Music and Videos**

The legal sources for online music and videos are reviewed annually by University Legal Services. The following links are online sources that provide information on legal access to copyrighted music and videos:

- EDUCAUSE is an association of colleges and universities, which maintains a list of legal media sources: [http://www.educause.edu/legalcontent](http://www.educause.edu/legalcontent)
- The Recording Industry Association of America (RIAA), together with the Music Business Association (Music Biz), provides a current list of legal music sources: [http://whymusicmatters.com/whymusicmatters.com/index.html](http://whymusicmatters.com/whymusicmatters.com/index.html)

**Digital Millennium Copyright Act Policy (DMCA)**

The University of Phoenix respects the rights of the copyright owners and expects its faculty, staff, students and other network users to comply with U.S. copyright laws. Federal law prohibits the reproduction, distribution, public display or performance of copyrighted materials over the Internet without permission of the copyright owner, except in compliance with fair use or other copyright applicable statutory exceptions. Please refer to the University’s Copyright Infringement and Peer-to-Peer File Sharing Policy for more information.

The University of Phoenix may terminate the network accounts or access to users who have repeatedly infringed on the copyrights of others. In addition to sanctions that may be applicable under the University Student Code of Conduct, the Acceptable Computer Use for Federal and Student, or other policies. The University of Phoenix, in compliance with the federal Digital Millennium Copyright Act (DMCA), has established a mandated process for receiving and tracking alleged incidents of copyright infringement. The University has designated an agent who will investigate notices of alleged copyright infringement and take appropriate actions. Such actions may include terminating repeat infringers' accounts under the DMCA.

Copyright infringement notices must be given in writing, preferably by email, or by U.S. mail to the agent listed below:

- **University of Phoenix**
  - Attn: Copyright Agent
  - Subject: Copyright Compliance
  - 4025 S. Riverpoint Pkwy.
  - Mail Stop: CF-K612
  - Phoenix, AZ 85040
  - Email: CopyrightAgent@apollo.edu

If a valid DMCA notification is received, the University will respond under the 'Process for Filing Notice of Alleged Infringement' by taking down the infringing content found on our networks. On taking down content under the DMCA, the University will take reasonable steps to contact the owner of the removed content so that a counter notification may be filed. Upon receiving a valid counter notification, the University will generally restore the content in question, unless the University receives notice from the notification provider that a legal action has been filed seeking a court order to restrain the alleged infringer from engaging in the infringing activity.

The DMCA provides that you may be liable for damages including costs and attorneys’ fees if you falsely claim that someone is infringing on your copyright. Alternatively, an individual can also be liable for damages including attorneys’ fees if you materially misrepresent that an activity is infringing on the copyright of another. Therefore, the University recommends contacting an attorney if you are unsure whether a work is protected by copyright laws.

Pursuant to the DMCA, unless the University receives notification that legal action to seek a court order restraining the alleged infringer from further engaging in the infringing activity has been filed, upon receiving a valid counter notification, the University will:

- Provide the person who filed the original notification with a copy of the counter notice.
- Inform him or her that the material will be reinstated or access to it restored between 10 and 14 business days following receipt of the counter notice.

**Process for Filing Notice of Alleged Infringement**

Below is the process for filing a notification under the DMCA when an individual believes their work has been infringed upon. Notice must be given in writing to the designated agent as specified above and contain the following information:

- Identify in sufficient detail the copyrighted work that you believe has been infringed upon; for example, describe the work that you own.
- Identify the material that you claim is infringing on your copyright as set forth in number one and provide detailed information that is reasonably sufficient to locate the infringing item; for example, provide the link to the infringing material.
- Provide sufficient contact information: phone number, address and email address.
- If possible, provide information that allows the University to notify the alleged infringing party of notice of the alleged infringement.
- The following statement must be included in your notice: “I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.”
- The notice must be signed.

**Process for Filing Counter Notification of Alleged Infringement**

The person or provider of the alleged infringing material may present a counter notification pursuant to the DMCA. Upon proper counter notification, the University may reinstate the removed content. Notice must be given in writing to the designated copyright agent as specified above and contain the following information:

- Identify the material that has been removed. This may include providing the location or the URL when possible.
- Provide your name, address, telephone number and email address if available.
- Provide a statement that you consent to the jurisdiction of Federal District Court for the judicial district in which you reside, or for any address outside the United States or any judicial district, in which the service provider may be found, and that you will accept service of process from the person who provided notification to the University of the alleged infringement or an agent of such person.
• Provide the following statement: "I swear, under penalty of perjury, that I have a good faith belief that the material identified above was removed or disabled as a result of a mistake or misidentification of the material to be removed or disabled."
• The notice must be signed.

Register to Vote

The University of Phoenix makes the effort to educate students regarding the importance of exercising their right to vote and makes Voter Registration information available at the campuses. The National Mail Voter Registration Form can also be used to register U.S. citizens to vote, to update registration information due to a change of name, make a change of address or to register with a political party. You must follow the state-specific instructions listed for your state. After completing the form, you must sign your name where indicated and send it to your state or local election office for processing.

The national form also contains voter registration rules and regulations for each state and territory. For more information about registering to vote, contact your state election office at http://www.eac.gov/voter_resources/contact_your_state.aspx Register to vote by following your state-specific instructions and using the National Mail Voter Registration form at http://www.eac.gov/voter_resources/register_to_vote.aspx

Campus Safety and Security

Annual Security Report

The University of Phoenix Annual Security Report is published annually by the University and is comprised of two parts, (1) the current Campus Safety Policies and (2) the Campus Crime Statistics for the last three calendar years. Visit http://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Annual-Security-Report.pdf to access a PDF file of the University of Phoenix Annual Security Report.

Campus Safety Policies

The University Campus Safety Policies at http://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf have been prepared to increase the University of Phoenix community’s awareness of current programs that exist to protect its members’ safety and well-being and to satisfy the requirements of the Drug-Free Schools and Communities Act and the Clery Act. The information included relates to the following:

• Alcohol and other drugs prevention, health risks and counseling services
• Crime statistics
• Available counseling and assistance resources
• Crime prevention measures
• Reporting criminal activities
• Emergency mass notification
• Information related to campus safety programs
• Penalties and sanctions regarding the unlawful use, sale, possession or distribution of illegal drugs and alcohol
• Effects of alcohol and other drug use
• Prohibited use or distribution of alcohol and other drugs
• Safety and awareness
• Sex offender registry
• Sexual violence policy and prevention

The information is intended to provide a useful description of University of Phoenix campus safety policies; however, it is not intended to serve as a contractual agreement between the University and the recipient. Additionally, the University will disseminate and publicize, for each of its campus locations, crime statistics from the most recent calendar year and two preceding calendar years.

Campus Crime Statistics

The Clery Act delineates the violations which need to be reported. The University of Phoenix Annual Security Report includes all Clery Act crimes reported to campus security authorities (CSAs), regardless of who reported, whether an investigation is initiated, or whether there is any decision by a court, prosecutor, or any other non-campus official unless it has been 'un-founded' by law enforcement personnel. In addition, the University’s Annual Security Report includes any Clery crimes reported to local law enforcement collected by the Campus Safety Coordinator through an information request. The statistics cover crimes reported to the University over the previous three years that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. If a crime has occurred but has not been reported, it cannot be reflected in the following statistics. For this reason, University of Phoenix encourages everyone to report all crimes to a CSA reporting contact and local law enforcement agency.

The following Clery Act crimes meet definitions in the FBI’s Uniform Crime Reporting (UCR) Program. For the categories of Domestic Violence, Dating Violence and Stalking, definitions are provided by the Violence Against Women Act of 1994 and repeated in the U.S. Department of Education’s Clery Act regulations:

• Criminal Offenses - Murder and Non-Negligent Manslaughter, Manslaughter by Negligence, Rape, Fondling, Incest, Statutory Rape, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft and Arson
• Hate Crimes - Any of the above-mentioned offenses (excluding Manslaughter by Negligence), and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias
• VAWA Offenses - Any incidents of Domestic Violence, Dating Violence and Stalking
• Arrests and Referrals for Disciplinary Action for Weapons - Carrying, Possessing, etc. Law Violations, Drug Abuse Violations and Liquor Law Violations

Specific campus location crime statistics are available electronically in the Annual Security Report at http://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Annual-Security-Report.pdf or by requesting a paper copy of the report from a Campus Safety Coordinator (Contact information can be viewed at http://www.phoenix.edu/about_us/campus-safety/campus-safety-contact-list.html) or any University representative.

University of Phoenix expressly reserves the right to modify or to adopt additional campus policies and procedures relating to campus safety, at any time without notice.

Statement of Policy on Sex Offender Registration

The federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also mandates that sex offenders who are already required to register in a state provide notice of each institution of higher education in that state.
at which the offender is employed or is a student. This notice should be directed to the Campus Safety Coordinator at their local campus.

To learn the identity of registered sex offenders on or near a campus, or anywhere in the United States, visit the Sex Offender databases at http://www.sexoffender.com and http://nsopw.gov/. You can search by city, county or ZIP code. This information is collected by other agencies, and this institution cannot guarantee this information is correct or complete. The database link is provided to comply with the Clery Act and for campus safety purposes only. It should not be used to intimidate, threaten or harass. Misuse of this information may result in prosecution.

Florida Sexual Predator and Sexual Offender Registry

The University of Phoenix Campus Safety website at http://www.phoenix.edu/about_us/campus-safety.html provides a link to the Florida Department of Law Enforcement (FDLE) sexual predator and sexual offender registry website at http://offender.fdle.state.fl.us/offender/homepage.do and toll-free telephone number, 1-888-357-7332 (TTY/TTD users dial 711 to connect with the telecommunications relay service). These give access to Florida sexual predator and sexual offender public information, including a database to search for offenders employed or enrolled at Florida universities.

Emergency Mass Notification Policy

University of Phoenix (UOPX) maintains emergency management policies, procedures and systems to protect lives and property, and to continue necessary critical functions and essential services. An emergency is defined as a situation that poses an immediate threat to the health or safety of someone in the UOPX community at a UOPX site or that significantly disrupts UOPX’s normal course of business. The Emergency Mass Notification process includes emergency escalation procedures, mass notifications, and supporting systems. In an emergency, dangerous or otherwise high-risk situation at a UOPX site, these processes enable UOPX to initiate emergency escalations. The policies of the community determine the content of the notification and initiate the notification system to students, faculty and staff, including those who are enrolled at UOPX unless they are under the notification and initiate the notification system to students, faculty and staff, including those who are enrolled at UOPX unless they are under the notification system. The policy can be viewed in its entirety in the Campus Safety Policies at https://www.phoenix.edu/about_us/campus-safety/Campus-Safety-Policies.pdf

Campus Safety Contact List

To help ensure the safety of the University community, the University has campus security authority (CSA) reporting contacts, including a designated Campus Safety Coordinator on every local campus. Below are the persons to whom students, faculty and staff should report crimes. Visitors and others not associated with the University can also contact these CSA reporting contacts to report crimes.

Find your Campus Safety Coordinator’s name and contact information at: https://www.phoenix.edu/about_us/campus-safety-campus-safety-contact-list.html

Alcohol and Other Drug Abuse Prevention

The U.S. Department of Education requires institutions of higher education to implement an alcohol and other drug prevention and awareness program for their students and employees. The University of Phoenix abides by the federal regulations for the Drug Free Workplace Act and the Drug Free Schools and Communities Act regardless of individual state legalization.

Students, faculty, and staff are expected to conduct themselves ethically, honestly and with integrity as responsible members of the University’s academic community. Any member of the University community found consuming or selling alcohol and other drugs on University property is subject to disciplinary action up to and including dismissal from the University, depending on the seriousness of the situation. Policies and programs concerning alcohol and other drugs, including health risks, penalties, and counseling and assistance resources can be viewed in the Campus Safety Policies at https://www.phoenix.edu/content/dam/altcloud/doc/about_uopx/Campus-Safety-Policies.pdf

Prohibition of Illicit Drug Use, Underage Drinking, and other Violations of Alcohol and other Drug-Related Policies

The University’s Code of Conduct clearly states that the unlawful manufacture, sale, delivery, unauthorized possession, or use of any illicit drug is prohibited on property owned or otherwise controlled by the University. The University enforces a “zero tolerance” policy regarding underage drinking and will enforce state underage drinking laws on its campus premises (Note: the minimum legal drinking age in the United States is 21 with the exception that in Puerto Rico the minimum legal drinking age is 18). If any individual is found violating any alcohol or other drug-related law while at a University location or activity, the University will fully cooperate with federal and state law enforcement agencies.

Institutional Sanctions for Alcohol and Drug Violations

The University abides by local, state and federal sanctions regarding unlawful possession of drugs and the unlawful consumption of alcohol. Any member of the University community found consuming or selling alcohol and other drugs on University property is subject to disciplinary action up to and including dismissal from the University, depending on the seriousness of the situation. Consistent with local, state and federal sanctions, the University may impose a disciplinary sanction to students, faculty or employees requiring the completion of an appropriate rehabilitation program. Failure to comply with disciplinary standards could result in sanctions up to and including expulsion or termination of employment and referral for prosecution, for violation of the standards of conduct.

Federal Financial Aid Penalties for Drug Violations

According to the Higher Education Act (HEA), students convicted for a drug offense that occurred during a period of enrollment while they were receiving federal financial aid may lose eligibility for federal aid. Federal aid includes Federal Pell and FSEOG Grants, Federal Work Study, Federal Perkins Loans, Federal Stafford Loans, Federal PLUS Loans, Graduate PLUS Loans and other financial assistance.

The Free Application for Federal Student Aid (FAFSA) asks students if they have been convicted of a drug-related offense. If the
student answers "yes" to the question, then he or she will be sent a worksheet by the federal processing center in order to determine whether the conviction affects eligibility for aid. Should the financial aid office be notified that a student has been convicted of sale or possession of illegal drugs, financial assistance will be suspended immediately. If a conviction was reversed, set aside or otherwise rendered invalid, it does not count. Convictions occurring during periods of non-enrollment also do not count. In addition, any conviction received as a juvenile does not count, unless the student was tried as an adult.

Failure to answer the question automatically disqualifies students from receiving federal financial aid. Answering this question falsely could result in fines, imprisonment or both.

Penalties for Drug Convictions

A federal or state drug conviction can disqualify a student for Federal Student Aid (FSA) funds. Convictions only count against student eligibility if they were for an offense that occurred during a period of enrollment for which the student was receiving FSA and they do not count if the offense was not during such a period, unless the student was denied federal benefits for drug trafficking by a federal or state judge. Also, a conviction that was reversed, set aside or removed from the student's record does not count nor does any conviction received as a juvenile count unless the student was tried as an adult.

POSSESSION OF ILLEGAL DRUGS

- First offense: Loss of eligibility for federal financial aid for one year from the date of conviction.
- Second offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Third offense and subsequent offenses: Indefinite ineligibility for federal financial aid from the date of conviction.

SALE OF ILLEGAL DRUGS

- First offense: Loss of eligibility for federal financial aid for two years from the date of conviction.
- Second offense and subsequent offenses: Indefinite ineligibility from the date of conviction.

The student may regain eligibility the day after the period of ineligibility ends.

If the student was convicted of both selling and possessing illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

How to Reduce the Period of Eligibility or Regain Eligibility

The student may shorten the period of ineligibility by:

- Successfully completing an approved drug rehabilitation program that includes passing two unannounced drug tests;
- Having the conviction reversed, set aside or otherwise rendered invalid.

Students who regain eligibility during the award year should notify the financial aid office immediately so that they might receive any eligible financial aid which they are entitled to receive. It is the student's responsibility to certify that a rehabilitation program was successfully completed, as with the conviction question on the FAFSA, the University is not required to confirm the reported information unless conflicting information is determined.

Qualified Drug Rehabilitation Program

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds from a federal, state or local government agency or program, or from a state-licensed insurance company, or
- Be administered or recognized by a federal, state or local government agency or court, or by a state-licensed hospital, health clinic, or medical doctor.

Convictions for Offense That Occurred During Enrollment

Federal regulations require an enrolled student convicted of a drug offense after receiving federal financial aid to notify Student Financial Services immediately. The student may be ineligible for further aid in that academic year and required to pay back all federal aid received after the date of the conviction. Student Financial Services will work with the student regarding all of the available options.
Academic Year Definition Policy

Overview
The Academic Year Definition Policy provides the defined academic year for each program (by credential level) offered by the University.

Policy
A student’s academic year begins with the first eligible course of a degree program and ends when the student successfully completes the credits and weeks of instructional time requirements. A week of instructional time is a week (a consecutive seven day period) in which one day of instruction occurs. Instructional time does not include periods of vacation, orientation, or homework.

The University defines its academic years as follows:

- Undergraduate Certificate Programs are a minimum of 24 credits and 40 weeks of instructional time
- Graduate Certificate Programs are a minimum of 24 credits and 48 weeks of instructional time
- Associate Programs (9-week model) are a minimum of 24 credits and 36 weeks of instructional time
- Associate Programs (5-week model) are a minimum of 24 credits and 40 weeks of instructional time
- Bachelor’s Programs are a minimum of 24 credits and 40 weeks of instructional time
- Master’s Programs are a minimum of 24 credits and 48 weeks of instructional time
- Master’s Competency Based Education (CBE) Programs are a minimum of 24 credits and 32 weeks of instructional time
- Doctoral Programs are a minimum of 24 credits and 48 weeks of instructional time

Students who take more than one course at a time or have courses with overlapping instructional weeks may complete the minimum number of credits (24) prior to completing the required weeks of instructional time. In order for a student to complete the academic year, both credits and weeks of instruction must be met. Therefore, students may need to complete additional weeks to successfully complete the academic year definition.

Example:
A student is enrolled in a Bachelor program and has two courses that overlap by one instructional week. The student would be completing 24 credits in 39 weeks; however, the academic year definition is a minimum of 24 credits and 40 weeks. Therefore, the academic year would not be over until the student completes at least one more week of instructional time. In order to do this, the student must complete at least one additional week in the subsequent course.

Overlapping Academic Years

An academic year that begins before a prior academic year has ended is considered an overlapping academic year. This most commonly occurs when a student starts with the University after recently attending a different institution, when a student completes a prior program at the University and begins another program, or when a student changes programs at the University. Students in these scenarios should contact Student Financial Services at StudentFinancialServices@phoenix.edu or at 1-888-346-8679 to determine if they have overlapping academic years and if their financial aid eligibility will be impacted. For further information on these specific types of scenarios, please refer to the Transfer Policy.

Allowable Charges Policy

Overview
Federal regulations stipulate that when an institution disburses federal financial aid funds to a student by crediting the student’s account, it may do so only for allowable charges. Student or parent authorization is required to apply disbursed federal financial aid funds to an allowable charge. The Allowable Charges Policy defines what those allowable charges are at the University.

Policy

Allowable Charges

The University defines allowable charges as follows:

- Tuition (including state sales tax) and mandatory institutional fees
- Resource Fees (electronic course materials fees and books)
  - By using the ED MAP Book Voucher, the student has authorized the use of federal financial aid funds for the book charge. If the student chooses not to use the book voucher, the authorization is no longer valid
- California Student Tuition Recovery Fund (CA STRF), if applicable

Prior-Year Charges

If a student owes allowable charges from a prior loan period, the University will use current loan period Direct Loan funds, not to exceed $200, to pay those charges. The University does not apply federal financial aid funds to an allowable charge. The University will use current loan period Direct Loan funds, not to exceed $200, to pay those charges. The University does not apply federal financial aid funds to an allowable charge.

Campus-Based Programs Policy

Overview
The Campus Based Policy defines the University’s selection criteria and packaging philosophy for awarding campus-based funds consistently to all eligible students.

Policy

The University participates in one of the three campus-based programs, the Federal Supplemental Educational Opportunity Grant (FSEOG) Program. The University will make FSEOG funds reasonably accessible to all eligible students, to the extent of available funds. Furthermore, it will not exclude from consideration any one particular type or category of student.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The following represents selection criteria and procedures for determining which students may be awarded FSEOG funds. These selection procedures are uniformly applied.

First Selection Group

- Undergraduate students who have not earned a bachelor’s or first professional degree
- Students eligible to receive federal Pell Grant funding (based on EFC and credential level) during the same award year in which the campus-based funding will be disbursed
- Students with an EFC** of zero and exceptional need are reviewed for funding under the following formula:
The University keeps documentation of the eligible EFC calculated for the student and confirms Pell Grant eligibility prior to disbursement of the FSEOG. If the FSEOG recipient does not receive Pell Grant funds during the award year, but the documentation shows that the FSEOG award and disbursement were made in good faith, the University is not required to recover the FSEOG funds already disbursed to the student. If the student loses Pell Grant eligibility prior to disbursement of the FSEOG, the University will cancel the FSEOG award.

**Cost of Attendance**

- **EFC**
- **Estimated Financial Assistance (EFA)**

\[ \text{EFC} = \text{Cost of Attendance} \]
\[ \text{EFA} = \text{Exceptional financial need of at least } \$500 \]

*Refer to the Packaging Policy for additional information.

The University's written selection procedures ensure that FSEOG recipients are selected based on the lowest EFC and Pell Grant priority requirements over the entire award year. As students are awarded for the federal award year daily, FSEOG funds are reserved for use throughout the award year (on the basis of the University's experience from previous periods), and selection practices are applied in a manner that assures a reasonable consistency over the entire award year. Each year the University reviews prior award year data to determine the appropriate award amounts and allocations to ensure reasonable availability of funds throughout the award year.

**Annual Award Amounts**

The annual award for each student may be up to $500, depending on availability and student eligibility. The minimum FSEOG amount is $100. The award amount is disbursed equally in two payment periods within the academic year. However, if the student is an advancing student finishing out a prior academic year (refer to the Transfer Policy for further information) or a student who is in a remaining period of study that is not a full academic year where the remainder of the program or academic year is equal to or less than half of an academic year, the FSEOG payment may be made in one disbursement.

FSEOG is not prorated for graduating students with less than a full academic year remaining or for programs that are less than a full academic year.

**Crossover Periods**

Crossover periods are payment, award, or loan periods that overlap two award years. If a student is receiving a Pell Grant during a payment period that occurs in two award years and the student is among those with the lowest EFC, the student satisfies the FSEOG first selection group requirements for the same crossover period regardless of which award year the Pell Grant funds are attributed. A student can also receive FSEOG funds under the first selection group requirements during a crossover payment period from either award year allocation, as long as the student also receives a Pell Grant in the award year to which the crossover payment period is attributed.

If the second payment period of an academic year starts before July 1 and the University awarded FSEOG using the first award year's allocation, the University will disburse those funds up until the September Federal Register dead-line as long as the student is eligible for those funds.

If the second payment period of an academic year starts after July 1, the University awards the second FSEOG disbursement using the subsequent award year's funds if the student meets the eligibility criteria in the subsequent award year. This includes being eligible to receive federal Pell Grant funding during the same award year in which the campus-based funding is disbursed. However, the University uses the original award year's Cost of Attendance (COA) and EFC in calculating the student's financial need and eligibility for aid from the campus based programs.

**Nonfederal Share Requirement for FSEOG**

The University meets its nonfederal match of 25% using the aggregate matching method. The University's resources used to reach the nonfederal match may include institutional scholarships and grants; waivers of tuition or fees; the nonfederal portion of state scholarships and grants; and funds from foundations or other charitable organizations.

The University's own resources used to fund FSEOG must be dis-
bursed before or at the time the federal dollars are disbursed. However, outside resources can be used to match federal dollars even if the funds are received at a later date, as long as the University has written information about the funds being awarded to a student. This written information will be kept on file at the University.

FSEOG Carry-Forward and Carry-Back

The University may spend up to 10% of its current award year FSEOG allocation in the following award year. Carry-forward funds are spent before the current year allocation. The University may also spend up to 10% of its current year FSEOG allocation of expenses incurred in the prior award year. Carry-forward and carry-back funds are matched in the award year they are spent. Information for both carry-forward and carry-back transactions are reported on the Fiscal Operations Report and Application to Participate (FISAP).

Recalculating Campus-Based Funds

Any time a student at the University begins attendance in at least one course but does not begin attendance in all courses scheduled, the University checks to see if it is necessary to recalculate the student’s eligibility for campus-based funds. This recalculation is based on the revised enrollment status and cost of attendance. The University does not include any costs associated with classes the student failed to begin in the COA.

If the student withdraws from the University, this recalculation is performed prior to the completion of the Return of Title IV Funds calculation. The recalculated amounts of campus-based funds are used in the Return calculation.

Administrative Cost Allowance (ACA)

The amount of ACA the University may claim is determined by its expenditures for the FSEOG program.
- FSEOG disbursements to students - both the 75% federal share and the 25% nonfederal share
- If the University chooses to provide more than a 25% institutional share to FSEOG recipients, it does not include an FSEOG institutional share in excess of 25% in the calculation of the ACA.

ACA is calculated as follows:

5% of the first $2,750,000 of the University’s expenditures to students under FSEOG Program

4% of expenditures to students greater than $2,750,000 but less than $5,500,000 under the FSEOG Program

3% of expenditures to students greater than $5,500,000 under the FSEOG Program

The University may use the ACA to assist in the costs of administering the campus-based and federal Pell Grant programs such as salaries, furniture, supplies, travel and equipment. The ACA may also be used to pay service fees charged by banks for maintaining campus-based programs accounts, and expenses related to student consumer information requirements. If the University were to claim the ACA, it would come from the FSEOG allocation received. However, the University currently does not claim any ACA from the FSEOG program.

Cost of Attendance Policy

Overview

The Cost of Attendance Policy addresses the cost of attendance (COA) established for use in calculating a student’s amount of federal financial aid eligibility and awarding financial aid for a specific period of enrollment. The University uses the same COA when awarding Pell Grant, FSEOG, and Direct Loans. If the student is only eligible for Pell Grant or IASG, the Pell COA is used for awarding purposes. The COA consists of various components for anticipated educational expenses for a period of enrollment. The University reviews and, if necessary, updates each COA component annually.

Policy

The University’s COA is made up of the following components:
- Tuition and mandatory institutional fees
- Books and Supplies (rEsource Fees)
  - rEsource fees encompass course textbooks and electronic materials, the University library, eBook collection, math labs, programming software, the Centers for Math and Writing Excellence, and PhoenixLink
- Living Expense
  - Room and Board (housing and food)
  - Transportation
  - Miscellaneous (personal care expenses)
- Loan Fees

If a student is attending less than half time, the COA is limited to the following components:
- Tuition and mandatory institutional fees
- Books and Supplies (rEsource Fees)

To determine the total of each component for a student’s COA, the University references its academic year definition for each credential level to establish the number of credits and months to be used. (Refer to Academic Year Definition Policy for further information.) If a student’s period of enrollment (also referred to as loan period) is less than a full academic year in either credits or months, each component will be adjusted accordingly. Exceptions include professional judgment decisions (i.e. child care costs) and elimination of an overaward using a student’s actual tuition costs for the period of enrollment. (Refer to the Professional Judgment and Overaward & Overpayments Policies for further information.)

Tuition

The tuition component for the COA is based on a per credit weighted average for each credential level across the entire University. The University documents how tuition averages are calculated and makes this information available upon request.

Books and Supplies (rEsource Fees)

The books and supplies component is calculated using a standard rEsource fee based on the credential level.

Living Expense

The living expense component is a per-month allowance. The University documents how living expense components are calculated and makes this information available upon request. Students receiving military housing assistance (Basic Allowance for Housing or BAH) will have a reduction in living expenses in the amount of the room allowance (housing). Students who are incarcerated are not eligible to receive living expenses.
To determine the total living component for each student's COA, the University references its academic year definition for each credential level to establish the number of months to be used. (Refer to the Academic Year Definition Policy for further information)

**Loan Fees**
The University calculates an average loan fee per month based on credential level. The number of months used to determine the living expense component (see above) is also the number of months used to determine the total loan fee component in the student's COA. The University documents how the loan fee component is calculated and makes this information available upon request.

**Consortium Agreements Policy**

**Overview**
Written arrangements consist of consortium and contractual agreements. The Consortium Agreements policy documents the University's position on participating in consortium agreements with other institutions for the purpose of receiving or processing federal financial aid funds.

**Policy**
The University may execute on an institutional basis and act as a host institution for students not enrolled at the University. However, the University will not execute on an individual basis nor execute as a home or host institution for students enrolled as degree seeking students at the University.

**Direct Loan Policy**

**Overview**
The Direct Loan Policy addresses the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive.

**Policy**

**Application Process**
To obtain a Direct Loan (DL), a student must complete and submit a current award year Free Application for Federal Student Aid (FAFSA) Additional forms, such as the Direct Loan Master Promissory Note (MPN) and/or Direct Loan Entrance Counseling (if first-time borrower) will need to be completed before funds can be disbursed (Refer to the Disbursements Policy for further information). If there are additional questions on what forms are needed, contact Student Financial Services at studentfinancialservices@phoenix.edu or 1-888-346-8679.

Once completed documents are received, the University determines the student's eligibility for the DL program and awards accordingly. The University will send out a notification of the proposed loan package via an award letter including the proposed loan type(s) and amount(s). Once the award is made, the University transmits the loan origination and disbursement record to the Department of Education (ED). ED will provide an origination acknowledgement confirming the student has completed MPN and is eligible for the DL program funds awarded. Prior to the anticipated disbursement date, the student's eligibility for the DL program funds is reconfirmed and loan funds are drawn-down from ED and disbursed to the student by application to the student account with the University.

**MPN Confirmation**
The University uses the multi-year MPN and practices an active confirmation process for all borrowers borrowing under the Direct Loan Program. The University requires a student to submit a new MPN if no Direct Loan disbursements are made within one year of the original MPN sign date. The University originates the loan(s) based on the student and/or parent's confirmed loan amount(s) received during the processing of his/her financial aid for each FAFSA award year. Request may be made for an increase or decrease to the loan amount. However, if the amount(s) of Direct and/or Federal Direct PLUS (PLUS) loans requested exceeds the student's cost of attendance (COA), the University only originates up to the COA.

Once the loan is disbursed, the University sends the student/parent a Right to Cancel letter, which includes the time given to respond should the student and/or parent borrower wish to cancel all or a portion of his or her loan request(s). (Refer to the Disbursements Policy for further information on the Right to Cancel)

**Loan Period**
The minimum period of enrollment the University may originate a Direct Loan is the lesser of the following:

- The length of the student's program
- The student's academic year (Refer to the Academic Year Definition Policy for specific requirements)
- The remaining portion of the student's program (if the program is shorter than an academic year)

The maximum period the University may originate a DL is

- generally, the student's academic year (Refer to the Academic Year Definition Policy for specific requirements); or
- for a defaulted borrower who has regained eligibility, the academic year the borrower re-gained eligibility.

**Note:** For information on loan periods for students who transfer from another school, complete a program and advance to another program at the University, or change programs at the University, refer to the Transfer Policy and Program Changes Policies.
When reviewing NSLDS, the University uses the possible annual loan limit overaward by reducing or cancelling period of enrollment. If this occurs, the University resolves any university and receive Direct/PLUS loans at both schools for the same students may attend another school(s) while attending the University. Additional Unsubsidized Eligibility
Independent undergraduate, graduate or professional students may borrow additional unsubsidized annual loan amounts. Dependent undergraduate students, whose parents are unable to borrow PLUS loans due to adverse credit or other documented exceptional circumstances, may borrow additional unsubsidized annual loan amounts. Exceptional circumstances include, but are not limited to, circumstances in which the student’s parent receives only public assistance or disability benefits, is incarcerated, has an adverse credit history, or the parent’s whereabouts are unknown. A parent’s refusal to borrow a Federal PLUS Loan or Direct PLUS Loan does not constitute exceptional circumstances.

The following represents the maximum outstanding total subsidized and unsubsidized loan debt:

<table>
<thead>
<tr>
<th>Grade Level</th>
<th>Dependent Undergraduate Student</th>
<th>Independent Undergraduate Student</th>
<th>Graduate/ Professional Student</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) Freshman</td>
<td>$5,500 (base) (no more than $3,500 of this amount can be a subsidized loan)</td>
<td>$9,500 (base) (no more than $3,500 of this amount can be a subsidized loan)</td>
<td>$20,500</td>
</tr>
<tr>
<td>(2) Sophomore</td>
<td>$6,500 (base) (no more than $5,500 of this amount can be a subsidized loan)</td>
<td>$10,500 (base) (no more than $5,500 of this amount can be a subsidized loan)</td>
<td></td>
</tr>
<tr>
<td>(3 &amp; 4) Junior and Senior</td>
<td>$7,500 (base) (no more than $6,500 of this amount can be a subsidized loan)</td>
<td>$12,500 (base) (no more than $6,500 of this amount can be a subsidized loan)</td>
<td></td>
</tr>
</tbody>
</table>

A student whose parent cannot obtain a PLUS Loan is allowed to borrow additional Direct Unsubsidized Loan amounts. Student dependency status will be determined based on answers to questions on the Free Application for Federal Student Aid (FAFSA).

If a student at the University has received federal loans at other schools, the University reviews the student’s financial aid history on the Institutional Student Information Record (ISIR) to ensure the student has remaining eligibility under the aggregate loan limits. If a student exceeds the aggregate loan limits, the student may not receive additional direct loans until the student (1) repays in full the excess loan amount; or (2) makes arrangements, satisfactory to the holder of the loan, to repay the excess loan amount.

150% Direct Subsidized Loan Limit
Borrowers who have no outstanding balance on a Direct Loan or a Federal Family Education Loan (FFEL) on July 1, 2013, or on the date the borrower obtains a Direct Loan after July 1, 2013 will have Direct Subsidized Loan eligibility limited to a period not to exceed 150 percent of the length of the borrower’s educational program. In addition, under certain conditions, these first-time borrowers who have exceeded the 150 percent limit may lose the interest subsidy on their Direct Subsidized Loans. ED will monitor this subsidized usage and notify borrowers through disclosure statements provided to the borrowers.

Annual Loan Limit Progression
The student’s academic year is used as the basis for the annual loan limits. To advance to the next grade level and for annual loan limit purposes, the student must successfully complete and earn the weeks and credit hours in the academic year. Students in nonterm programs can never progress to the next grade level in the middle of an academic year. (Refer to the Academic Year Definition Policy.)
for specific requirements.

If the University accepts transfer credits for a student transferring from another school into a program at the University that is greater than one academic year in length, the University uses the loan limits associated with the grade level based on the credits accepted.

**Prorating Annual Loan Limits**

The University is required to prorate Federal DL eligibility in the following scenarios:

- The program is less than one academic year in length (see Academic Year Policy for more information).
- The undergraduate program is more than one academic year in length but a student’s remaining period of enrollment in this undergraduate program is less than an academic year in length based on required credits.

**Program is less than an academic year in length**

Students enrolled in programs less than an academic year in length will have their DL eligibility amounts prorated. The annual loan limit for these programs is based on the lesser of:

\[
\text{Credit hours enrolled in the program} \times \text{Annual loan limit}\
\]

or

\[
\text{Credit hours in the academic year} \times \text{Annual loan limit}\
\]

**Program is more than an academic year in length but remaining period of enrollment is less than an academic year in length in required credits**

Students enrolled in undergraduate programs with a remaining period of enrollment less than an academic year, as measured in credit hours, will have their DL eligibility amounts prorated based on:

\[
\text{Credit hours remaining in the program} \times \text{Annual loan limit}\
\]

or

\[
\text{Credit hours in the academic year} \times \text{Annual loan limit}\
\]

**Example:** An independent, second year student is enrolled in the AAB program. He has a remaining period of enrollment consisting of 12 credit hours. A full academic year at the University is defined as 24 credit hours.

**Direct Loan Calculations to Determine Eligibility for Remaining Period of Enrollment**

- **Maximum Subsidized eligibility for remaining period of enrollment**
  
  \[
  (12/24) \times 4,500 = 2,250
  \]

- **Maximum Unsubsidized eligibility for remaining period of enrollment**
  
  \[
  (12/24) \times 6,000 = 3,000
  \]

In the proration scenario described above, standard rounding rules apply.

**Note:** The proration formulas determine the maximum loan amount a student may borrow for a remaining period of enrollment, not the loan amount the student may actually receive. In some cases, the actual loan amount the student is eligible to receive may be less than the prorated loan limit (based on costs, EFC, other aid, aggregate borrower, etc.).

**Disbursements Policy**

**Overview**

The Disbursements Policy addresses a student’s eligibility for standard, late and post-withdrawal disbursements of federal financial aid funds from the University. The University may only disburse federal financial aid funds to eligible students.

**Policy**

**Standard Disbursement**

Before the University disburses federal financial aid funds, the University will notify the student of the amount of funds that the student (or parents in the case of PLUS loans) can expect to receive under each federal financial aid program for each payment period in the academic year (AY) and how and when those funds will be disbursed. The University will schedule disbursements according to procedures; typically, federal financial aid fund disbursements are scheduled to disburse by the 3rd day of a payment period.*

The University disburses federal financial aid funds by crediting the student’s account no later than three business days after receiving the funds from the Department of Education (ED). Federal financial aid funds in excess of allowable charges are paid directly to the student, or parent as applicable. (Refer to the Federal Financial Aid Credit Balance Policy for additional information.)

At the time of disbursement, the University will confirm the student continues to meet student eligibility requirements in addition to disbursement requirements and is eligible to receive the federal financial aid funds awarded. Typically, a student is eligible to receive a first disbursement of federal financial aid funds for the first payment period of the AY when the University confirms the student has posted attendance in an eligible course(s) in the payment period and satisfactory academic progress standards were met, if applicable. The student becomes eligible to receive a disbursement of federal financial aid funds for the second payment period when the student meets the above criteria in addition to successfully completing one-half the weeks of instructional time AND earning one-half the credit hours in the defined academic year (AY). Typically, the University disburses funds once the student successfully completes half the credits and weeks of instruction in the current AY, which may consist of more credit hours and weeks of instruction than the defined AY.

At the time the AY and federal financial aid funding is initially established, if the payment periods are not equal in credit hours and weeks of instructional time, the first payment period will consist of more credit hours and/or weeks of instructional time to ensure the required credit hours and weeks of instructional time are earned/completed before the second payment period disbursement is made, as required. However, based on the student’s actual progression through their AY, the student’s federal financial aid funding may be reevaluated resulting in the second payment period consisting of more hours and weeks of instructional time than the first payment period.

If a program is longer than one AY and consists of a remaining...
period that is more than one-half an AY, the remaining period will have two payment periods. Timing and eligibility of the disbursements are the same as outlined above.

If the remaining period is equal to or less than one-half an AY, the remaining period will have one payment period. The second disbursement cannot be disbursed until the student successfully completes one-half the weeks of instructional time AND earns one-half the credit hours in this single payment period.

*The University may not disburse Direct Loan funds for first-time, first-year undergraduate borrowers until the 31st calendar day of the first payment period.

**Right to Cancel**

Once the loan is disbursed, the University will send the student/parent a disbursement notification that contains information regarding a borrower's Right to Cancel, which includes the time given to respond should the student and/or parent borrower wish to cancel all or a portion of their loan disbursement(s). This notice will be sent to the student/parent no later than seven days after crediting the student's account at the University. Borrowers who wish to cancel all or a portion of their loan must inform the University by contacting Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 within 30 days from the date the University sends the disbursement notification. Any requests received after 30 days but prior to 110 days from the disbursement date will be honored based on Title IV funds that have not been applied to invoices for allowable tuition and fees. The University will notify the student/parent in writing the outcome of his/her request regardless of when the cancellation request is received.

**Late Disbursement**

Students or parents become ineligible to receive federal financial aid funds on the date the student:

- For Direct Loans, is no longer enrolled at least half time; or
- For Federal Grants, the student is no longer enrolled at the University for the award year

If a student completes a payment period or period of enrollment, withdraws during a payment period or period of enrollment, or graduates, the University must make or offer the student (or parent in the case of a PLUS loan) a late disbursement of federal financial aid funds for which the student (or parent in the case of a PLUS loan) was eligible while in attendance at the University. The following conditions must be met prior to the date the student (or parent) became ineligible for a late disbursement.

**Paying a Late Disbursement of Federal Financial Aid Grant Funds**

Without the student's permission, the University may credit a student's account with a late disbursement of federal financial aid grant funds for current allowable charges. If federal financial aid grant funds remain to be disbursed from a late disbursement after all outstanding charges on the student's account have been satisfied, the University pays the grant funds directly to the student within 14 days.

The University will make a late disbursement to the student no later than 180 days after the date of the University's determination the student withdrew, or for a student who did not withdraw, 180 days after the date the student became ineligible.

**Paying a Late Disbursement of Federal Financial Aid Loan Funds**

Prior to the University making any late disbursement of federal financial aid loan funds, the borrower is notified with an explanation stating the student's obligation to repay the loan funds disbursed. The student is given an opportunity to accept or decline the loan. The student's authorization to receive the loan must be submitted via a verbal request, the late disbursement letter or a signed statement submitted to the University titled "Late Disbursement Notification." The student has 30 days from the date on the late disbursement letter to return the letter to the University; otherwise, the loan award is canceled. The U.S. Department of Education regulations do not permit the University to make any late disbursement of federal financial aid funds after 180 days of the date the University determined that the student withdrew or became ineligible. If the student had a federal financial aid credit balance before becoming ineligible, and the credit balance consists of Direct Loans, the University offers the funds to the student in writing and does not disburse the Direct Loan funds directly to the student until the student's authorization is received.

**Post Withdrawal Disbursement**

Withdrawn students lose federal financial aid eligibility and cannot be paid additional federal financial aid funds for the payment period and/or AY. However, as a result of the student's Return to Title IV Funds (R2T4) calculation, the student may be eligible to receive federal financial aid funds that had not disbursed but could have been disbursed prior to the student's withdrawal date. If the total amount of federal financial aid grant and/or loan funds earned by the student on the R2T4 calculation is greater than the total amount of federal financial aid disbursed to the student, or parent in the case of a PLUS loan, the student may be eligible to

<table>
<thead>
<tr>
<th>Program</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pell Grant/IASG</td>
<td>No additional requirements</td>
</tr>
<tr>
<td>FSEOG</td>
<td>Student is awarded a grant</td>
</tr>
<tr>
<td>Direct Loans</td>
<td>A loan record is originated</td>
</tr>
</tbody>
</table>

The following additional limitations must be satisfied before the University may make a late disbursement:

- Pell Grant/IASG: For all programs, the Department processed a SAR/ISIR with an official EFC.
- FSEOG: No additional limitations
- Direct Loans: 1. For a first-year, first-time borrower, the student completed 30 days of the program. 2. For a second disbursement, the student graduated or completed the period for which the loan was intended.
receive a post withdrawal disbursement (PWD). The University does not include as a PWD any funds from a disbursement the University was prohibited from making on or before the date of the University's determination that the student withdrew, which would apply to the following:

- A first disbursement of a Direct Loan to a first-year, first-time borrower who withdraws before completing 30 days of the program of study.
- Second or subsequent disbursements of Direct Loan funds unless the student successfully completed the loan period.
- Disbursements of Federal Pell, or IASG funds to a student for whom the University did not have a valid SAR/ISIR by the deadline established by ED.

A PWD is made from available grant funds before available Direct Loan funds.

Post withdrawal Disbursement of Federal Financial Aid Grant Funds
The University may credit a student's account with a PWD of federal financial aid grant funds (Pell, IASG, and FSEOG) without the student's permission, for outstanding current (educationally related) charges. The University will obtain a student's authorization to apply PWD grant funds toward anything other than current charges. The University disburses any amount of a PWD of federal financial aid grant funds as soon as possible, but no later than 45 days after the date of the University's determination that the student withdrew.

If the student does not respond to the University's notice for authorization, federal financial aid grant funds are used for appropriate outstanding current (educationally related) charges. (See the Federal Financial Aid Credit Balance Policy for the definition of outstanding charges).

Post withdrawal Disbursement of Federal Financial Aid Loan Funds
The University notifies a student, or parent, in the case of a PLUS Loan, in writing prior to making any PWD of Direct Loan funds, whether credited to the student's account or disbursed directly to the student or parent, in the case of a parent PLUS Loan.

Explanation that the student, or parent, in the case of a PLUS Loan, has the right to accept or decline all or a portion of the funds offered.

Information in reference to the borrower's obligation to repay Direct Loan funds, if disbursed.

A request for authorization to credit Direct Loan funds to the student's account, indicating if confirmation is not provided, the borrower may not receive any Direct Loan funds as a direct disbursement, unless the University concurs.

Information informing the borrower that no PWD will be made if he or she does not respond within 30 days of the date of the letter. The University may, on an exception basis, choose to accept a late request. The deadline for a borrower to accept a PWD is the same for both a confirmation of a Direct Loan disbursement to the student's account and direct disbursement of a PWD.

- If the University declines to honor a late request accepting loan funds to be credited to the student's account, or parent in the case of a PLUS Loan, the University informs the student, or parent in the case of a PLUS Loan, of this decision in writing.
- If the University chooses to honor a late request, all loan funds must be disbursed in accordance with the student's or parent's request. The result of the contact and final determination made concerning the disbursement is documented in the student's file.
- Instructions to submit the request electronically or in writing directly to Student Financial Services - Operations (SFS-O) by mail, fax, or via the student website.

If the student, or parent, in the case of a PLUS Loan, responds to the notice within 30 days of the date of the letter and instructs the University to make all or a portion of the PWD, the funds are disbursed in the manner specified by the student, or parent in the case of a PLUS Loan, within 180 days of the University's date of the determination that the student withdrew.

If the University chooses to honor a late request, all loan funds accepted by the student, or parent in the case of a PLUS Loan, are disbursed in accordance with the student's or parent's request. If the University declines to honor a late request accepting loan funds to be credited to student's account, or parent in the case of a PLUS Loan, the University informs the student, or parent in the case of a PLUS Loan, of this decision in writing.

The University does not request federal financial aid funds for a PWD unless and until it has determined the following:

- A PWD is due and accepted by the student, or parent in the case of a PLUS Loan;
- The amount of the PWD; and
- The PWD can be disbursed within three business days of receipt.

Enrollment Reporting Policy

Overview
The Enrollment Reporting policy details how the University confirms and reports the enrollment status of all Title IV students and previous Title IV students who transfer to the University.

Policy
The University reports enrollment both in the Campus-Level Record, representing the student's overall enrollment at the University and in the Program-Level Record, for each of the academic programs the student attended using the eight-digit Office of Post-secondary Education Identifier (OPEID) for the location of the course. To complete these reporting requirements, the University contracts with the National Student Clearinghouse (NSC). NSC then provides this information to the participating guaranty agencies, lenders, and servicers.

Even though the University uses NSC for enrollment reporting, the University remains responsible for submitting timely, accurate, and complete responses to Enrollment Reporting roster files and for maintaining appropriate documentation. NSLDS sends the roster to NSC; however, if the response is not received in a timely manner, NSLDS notifies the University rather than NSC.

Reporting Schedule
The University is required to confirm enrollment information for all students on its roster file scheduled at least every two months,
and must do so within 15 days of the date NSLDS sends the roster to NSC. In addition, any changes in enrollment status to less than half-time, graduated, or withdrawn must be reported within 30 days of becoming aware of the change. To meet this requirement, the University confirms and reports the enrollment status of all students to the NSC on a weekly basis. NSC uses the data provided by the University to complete the Enrollment Reporting file sent from ED on a weekly basis.

NSLDS returns an error report if it identifies errors in the Enrollment Reporting file. Any identified errors must be corrected and resubmitted to NSLDS within 10 days. The University accesses the NSLDS error report via the NSC site promptly after an error is identified to ensure the necessary corrections are made within the 10 day timeframe.

Federal Financial Aid Credit Balance Policy

Overview

The Federal Financial Aid Credit Balance Policy addresses federal financial aid credit balances and how the University handles those credit balances when they occur on a student’s account. Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges, a federal financial aid credit balance occurs. The University will pay the excess federal financial aid funds directly to the student or parent as soon as possible, but no later than 14 days after the balance occurred on the student’s account.

Policy

Whenever the University credits federal financial aid funds to a student’s account and those funds exceed the student’s allowable charges (Refer to the Allowable Charges Policy for definition of allowable charges), a federal financial aid credit balance occurs. The order in which funds are credited does not matter, and the University does not require a student or parent to take any actions to obtain the credit balance.

Attribution of Funds

The University will consider to have disbursed federal financial aid grants before direct loans to the student’s account in the following order regardless of when the funds are credited:

- Pell Grant
- Iraq and Afghanistan Service Grant (IASG)
- FSEOG
- Direct Subsidized Loan
- Direct Unsubsidized Loan
- Graduate/Professional PLUS Loan
- Parent PLUS Loan

Application of Funds

The University applies funds received from a federal financial aid disbursement in the following order:

- Invoiced and unpaid allowable charges (Refer to the Allowable Charges Policy for definition of allowable charges) for the current payment period or prior payment period of the loan period;
- Direct Loan funds to any unpaid allowable charges for a prior loan period, not to exceed $200

Timeline to Issue a Federal Financial Aid Credit Balance

If there is a federal financial aid credit balance, the University will issue those funds to the student, or parent as applicable, within 14 days of the date funds are disbursed (applied to the student’s account, or in the case of a check, the date the check is signed by the student or parent).

Timeline to Issue Federal Financial Aid Credit Balance for Book Voucher

All Title IV eligible students with a federal financial aid credit balance who meet the criteria for funds that could have been disbursed 10 days prior to the beginning of the payment period will be notified of the University’s book voucher request process. If the student requests a book voucher, the student will be provided the lesser of the amount of the credit balance or the amount needed by the student as determined by the University to purchase books and supplies. These funds will be issued to the student no later than the seventh day of the payment period. Students may opt out of this offer by not requesting the book voucher.
Return of Title IV

The University will hold a federal financial aid credit balance until completion of the Return of Title IV (R2T4) process. (Refer to the Return of Title IV Policy for additional information.) Once the R2T4 calculation is completed, if there is any federal financial aid credit balance remaining, the University allocates the credit balance as follows:

- First, to repay any grant overpayment owed by the student as a result of his/her withdrawal
- Within 14 days of the date the R2T4 calculation is performed, the University pays any remaining federal financial aid credit balance in one or more of the following ways:
  - Pay authorized charges at the University; or
  - Pay the student directly (or parent for a Direct PLUS loan)
- The student was enrolled at an institution of higher education at the time of the parent or guardian's death.

Refer to the Return of Title IV Policy for additional information.

Returning Unclaimed Federal Financial Aid Credit Balances

Federal financial aid funds may not escheat to a state or any other third party. The University will attempt to disburse credit balances to the student or parent. However, if the credit balance funds are returned to the University or not cashed by the borrower, the University will cease all attempts to disburse the funds and return them to the appropriate lender no later than 240 days after the date the first check is issued. If the funds were issued via electronic funds transfer (EFT) and subsequently returned or rejected, the University returns the funds to the applicable federal financial aid programs no later than 45 days after the funds were returned or rejected.

All unclaimed credit balances will be returned in the following order:

- Unsubsidized Direct Loans (other than Direct PLUS)
- Subsidized Direct Loans
- Direct PLUS Loans
- Federal Pell Grants
- FSEOG Grants
- TEACH Grants
- Iraq and Afghanistan Service Grants

Federal Pell Grant/IASG Policy

Overview

The Federal Pell Grant/Iraq and Afghanistan Service Grant (IASG) Policy illustrates how the University calculates and awards Pell Grants (including those funds awarded under the Children of Fallen Heroes or Children of Fallen Soldiers) and IASG to eligible students.

Policy

The University calculates the annual award for Pell eligible students in nonterm credit-hour pro-grams using Federal Pell Grant Formula 4 in conjunction with the Federal Pell Grant full-time payment schedule. The maximum duration of Pell and IASG eligibility is limited to six full-time scheduled awards, as measured by the percentage of lifetime eligibility used (LEU). A student is ineligible to receive further Pell and or IASG funds if they have 600% or greater.

Pell Grant Eligibility

Students who meet general eligibility requirements (Refer to the Student Financial Aid Eligibility Policy for further information) and have a calculated expected family contribution (EFC) number that meets Pell eligibility criteria will be awarded Pell grant funding.

In addition, students who meet one of the following criteria will be awarded Pell or IASG funding:

Children of Fallen Heroes:

A student whose parent or guardian died in the line of duty while performing as a public safety officer may receive increased amount of federal financial aid under the Children of Fallen Heroes Scholarship if the student is Pell grant eligible and

- The student was less than 24 years of age when the parent or guardian died; or
- The student was enrolled at an institution of higher education at the time of the parent or guardian’s death.

In these scenarios, all federal financial aid will be based on a zero EFC. The zero EFC is only used for awarding purposes. The U.S. Department of Education does not provide any notification of eligibility to the University. Consequently, students who believe they qualify for this scholarship must notify the University’s Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 and provide any required documentation requested. The University will determine based on the documentation submitted whether or not the student meets the eligibility criteria.

Children of Soldiers:

A student whose parent or guardian died as a result of U.S. military service in Iraq or Afghanistan after September 11, 2001, may receive increased federal financial aid funds if at the time of the parent or guardian’s death the student was either less than 24 years old or was enrolled in college. Eligibility is based upon the following:

- If the student is Pell grant eligible, the student may receive a Pell grant; OR
- If the student is not Pell grant eligible because his/her EFC is too high, the student may receive an Iraq and Afghanistan Service Grant.

In these scenarios, all federal financial aid will be based on a zero EFC. The zero EFC is only used for awarding purposes. The U.S. Department of Education (ED) notifies the University when a student appears to meet the criteria for Zero EFC treatment because a parent or guardian died as a result of U.S. military service in Iraq or Afghanistan. This is based on a match with the U.S. Department of Defense file of eligible dependents.

Calculating Payment Amounts

The award for each payment period will be based upon ED’s full-time Pell payment schedule and may be subject to proration. The scheduled Pell/IASG award is prorated based on the percentage of the following:

- Credit hours scheduled to be completed in the payment period over 24 credit hours in the academic year; or
- Weeks of instructional time scheduled to be completed in the payment period over the defined instructional weeks in the academic year (Refer to the Academic Year Definition Policy)

The Pell/IASG award is calculated using the lesser percentage multiplied by the full-time Pell scheduled award.

Year Round Pell/IASG

Students may be eligible to receive up to one and one-half Pell/IASG Grant awards during a single award year, not to exceed 150% of the student’s scheduled award for the award year (Referred to as Year Round Pell) Students must meet the following criteria to be considered for a second scheduled award:

- Must be enrolled at least half-time;
• Must have received 100% of the first scheduled award in a single award year in a certificate, associate degree, or baccalaureate degree program;
• Must be enrolled in an eligible program for one or more additional payment periods during the same award year that are not otherwise fully covered by the student’s Pell Grant; and
• Must have successfully completed the credit hours of previous payment period

Crossover Payment Periods
When a payment period falls into two federal award years (payment period includes both June 30 and July 1), it is referred to as a “crossover payment period”. If a student’s academic year/loan period includes a crossover payment period, the entire payment period must be considered to occur within one federal award year. The University determines for each Pell/IASG grant recipient the federal award year to be used to determine the recipient’s Pell/IASG grant award.

The University will award the largest Pell/IASG grant possible based on all federal award year ISIRs received by the University and eligible for payment at the time the student’s initial financial aid award is determined. If an additional FAFSA award year ISIR is subsequently received, which provides a higher total federal grant award (Pell/IASG/FSEOG combined) for the student during the crossover payment period, the University will evaluate and re-award the Pell/IASG grant as long as both federal award years have not been closed by ED.

Official deadlines are published by ED annually in the Federal Register and are provided to schools on https://ifap.ed.gov

Pell Payment Calculations and LEU Limitations

If a student has less than 100% remaining of the maximum 600% Pell LEU, the University will disburse 50% of the Pell award in the first Pell payment period. The remaining percentage of the Pell award is disbursed in the second Pell payment period. Rounding rules do not apply to these disbursements.

Pell Payment Calculations and LEU Limitations for End of Program (EOP)

For any remaining portion of a program that is more than half of an academic year (AY) but less than a full AY, the remaining portion is divided into two payment periods. The first payment period is the period in which the student successfully completes half of the credits AND half of the weeks of instructional time in the remaining portion. A student may receive less than a Scheduled Award in an award year, if the program crosses award years and the student’s Pell Grant award in one of the award years is for a portion of the program that is less than a full AY.

• The annual award for a student in a nonterm credit-hour program is taken from the full-time payment schedule even if the student is attending less than full-time.
• Comparable prorations will be performed based on the number of credits in the payment period as they compare to the credits in the defined AY OR the number of weeks in the payment period as they compare to the weeks of instructional time in the AY.
• The scheduled Pell award will be multiplied by the lesser of the 2 calculations to determine the Pell payment.
• If a student has more than 50% Pell LEU, the Pell payment will be the lesser amount between the proration calculation and the remaining eligibility award using the Pell LEU calculator.

Disputing the Accuracy of Pell Grant LEU Information

If a student attending the University chooses to dispute the accuracy of the Pell LEU information found in the Common Origination and Disbursement (COD) System, the University will assist the student in resolving this dispute. The University will not escalate the matter should it discover the amount of the Pell Grant LEU percentage being disputed would not, if corrected, make the student eligible for additional Pell Grant funding.

However, if there is a valid dispute, acceptable documentation to resolve the dispute must be collected. This documentation could include, for example, a written statement from the previous institution confirming the student never attended, or at least never received Pell Grant funds from that institution for the award year in question. The University will submit the documentation through the COD web site. The Department of Education (ED), after its review of the student’s assertion and any supporting information submitted, will provide the University with a response and instructions on how to proceed. For further information, contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

Voucher for Books - Effective for Pell Eligible Students after July 1, 2011

Pell eligible students may use Pell funds to purchase books if those funds could have been disbursed 10 days prior to the beginning of the payment period and disbursed funds would create a federal financial aid credit balance. Student Financial Services will notify these students of the University’s book voucher request process. If the student requests a book voucher, the student will be provided with the lesser of the amount of the credit balance or the amount needed for the books and supplies, as determined by the University. These funds will be issued to the student no later than the seventh day of the payment period.

Students may opt out of this offer by not requesting the book voucher. (Refer to the Federal Financial Aid Credit Balance Policy for further information)

Rounding

The University uses standard rounding rules, applied consistently to all students, and will round Pell and IASG Grant disbursements to the nearest dollar (not to exceed the scheduled Pell/IASG award). See exception under “Pell Payment Calculations and LEU Limitations” section below.

Recalculation

If an expected family contribution (EFC) changes due to corrections, updates, or an adjustment and the EFC change would change the Pell/IASG grant award, the University will recalculate the Pell/IASG award for the entire award year. If, as a result of the re-calculation, the student received more Pell/IASG award that the student was eligible for, an overpayment exists. Refer to the Over-awards and Overpayments Policy for further information on how to resolve the overpayment.

Retroactive Payments

For all prior payment periods for which a student was an eligible student within the FAFSA award year, the University may pay the total lump sum of retroactive payments in two separate installments one day apart from each other.

Regaining Eligibility

If a student resolves ineligibility criteria while attending the University (e.g., resolves a default or over borrowing), the effective date of regaining eligibility for the Federal Pell Grant and IASG programs begins with the payment period in which the issue is
Financial Aid Counseling Policy

Overview
The Financial Aid Counseling Policy addresses the requirements of the University ensuring initial entrance counseling is completed and students are notified of the requirement to complete exit counseling for each Direct, Graduate/Professional PLUS and Perkins loan borrower.

Policy
Entrance Loan Counseling
Entrance loan counseling, for Direct and Graduate/Professional PLUS loan borrowers, provides comprehensive information on the terms and conditions of the loan and the responsibilities of the borrower with respect to the loan.

The University ensures entrance loan counseling is completed for each first-time borrower. Students can submit proof of prior completion or complete it on iGrad or StudentLoans.gov. The disbursement process prevents a student from receiving funding without completing entrance counseling. The counseling session includes completion of an interactive program that tests the borrower’s understanding of the terms and conditions of the loans.

The University ensures an individual with expertise in federal financial aid is reasonably available to answer the borrower’s questions regarding those programs.

Online counseling for Direct and Graduate/Professional PLUS borrowers generally provides the following:
- An explanation of the use of a Master Promissory Note (MPN)
- Importance of repayment obligation
- Description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower’s rights and responsibilities
- Information on the National Student Loan Data System (NSLDS)
- Other terms and conditions
- Information on possible loss of eligibility for additional Direct Subsidized Loans
- Information on how a borrower’s maximum eligibility period, remaining eligibility period, and subsidized usage period are determined
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods (if first disbursement was between 7/1/2012 and 6/30/2014), and periods of authorized deferment
- Impact of borrower responsibility for accruing interest on the borrower’s total debt

Entrance loan counseling for Grad PLUS borrowers also includes information about options to pay interest on a PLUS Loan while the borrower is in school.

The University maintains documentation substantiating the completion of entrance loan counseling for each student borrower.

PLUS Loan counseling must be completed by the applicant (parent or graduate/professional student) with an adverse credit history who qualifies for a Direct PLUS Loan by obtaining an endorser who does not have an adverse credit history, or who documents to the satisfaction of the Department of Education that there are extenuating circumstances related to the adverse credit information.

Exit Loan Counseling
Federal financial aid recipient students within 2 to 7 credits of completing their program at the University will receive an electronic notification about the requirement to complete exit loan counseling. In addition, within 30 days of a student’s last date of attendance, the University sends a letter with a link to complete NSLDS counseling and the required exit counseling materials. An eLetter is also sent to direct students to NSLDS.

If the student is a Direct Loan borrower at the University and withdraws prior to completing his/her program of study, the University mails exit loan counseling material to the borrower at the last known address and send an email directing the student to the NSLDS website where exit counseling may be completed. The material is sent within 30 days of the University learning the borrower has withdrawn. The University documents the student’s file with the date the materials were sent.

TEACH Grant Exit Counseling
Note: Effective September 22, 2016, the University no longer participates in the TEACH Grant Program.

Exit counseling is required by each TEACH Grant recipient before withdrawing from the University, by interactive electronic means. The University ensures that an individual with expertise in federal financial aid/HEA programs is reasonably available shortly after the counseling to answer the grant recipient’s questions.

Within 30 days of learning that a TEACH Grant recipient has withdrawn from the University without the institution’s knowledge, or from a TEACH eligible program, or failed to complete exit counseling as required, exit counseling information is mailed to the student and provided through interactive electronic means. The exit counseling informs TEACH Grant recipients of the four-year service obligation that must be completed within the first eight calendar years after completing a TEACH eligible program.

The TEACH Grant recipient is provided with information about the following:
- The opportunity to request a suspension of the eight-year period for completion of the service obligation and the conditions under which a suspension may be granted
- How to identify low-income schools and documented high-need fields
- For the teaching to count towards the recipient’s service obligation, the high-need field in which the student has prepared to teach must be one of the following:
  - Bilingual education and English language acquisition.
  - Foreign language.
  - Mathematics.
  - Reading specialist.
  - Science.
  - Special education or
  - Another field documented as high-need by the Federal Government, a State government or a local educational agency, and approved by the Secretary and listed in the Department’s annual Teacher Shortage Area Nationwide Listing (Nationwide List)
- Requirement to submit to the Secretary, each year, written documentation of the student status as a highly-qualified teacher in a high-need field at a low-income school or of the student’s intent to complete the four-year service obligation until the date that the service obligation has been met or the date the grant becomes a Federal Direct Unsubsidized Loan, whichever occurs first.
• The circumstances under which a TEACH grant will be converted to a Federal Direct Unsubsidized Loan.
• When a TEACH Grant is converted to a Federal Direct Unsubsidized Loan it cannot be converted to a grant.
• The average anticipated monthly repayment amount based on a range of student loan indebtedness if the TEACH Grant converts to a Federal Direct Unsubsidized Loan.
• Debt-management strategies that would facilitate repayment if the TEACH Grant converts to a Federal Direct Unsubsidized Loan.
• How to contact the Secretary.
• Likely consequences of loan default, including adverse credit reports, garnishment of wages, federal offset, and litigation.
• The conditions under which the student may defer or forbear repayment, obtain a full or partial discharge, or receive teacher loan forgiveness if the TEACH Grant converts to a Federal Direct Unsubsidized Loan.
• The availability of the U.S. Department of Education Student Loan Ombudsman's office.
• The availability of federal financial aid loan information in the National Student Loan Data System (NSLDS).

The University takes reasonable steps to ensure that each grant recipient receives the counseling materials and completes the exit counseling and maintain documentation substantiating the institution's compliance with this section for each TEACH recipient.

HEROES Policy

Overview
The HEROES Act Policy ensures service members who are receiving federal financial aid at the University are not adversely affected because of their military status and minimizes the administrative burden placed on such individuals.

Policy
If an affected individual in one of the categories within this policy notifies the University of his/her affected status, the University will ensure he/she is not disadvantaged because of that status. Contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

Category 1 Individuals
Individuals affected by the waivers and modifications under this category include persons who:
• are serving on active duty during a war or other military operation, or national emergency;
• are performing qualifying National Guard duty during a war or other military operation, or national emergency;
• reside or are employed in an area that is declared a disaster area by any federal, state, or local official in connection with a national emergency; or
• suffered direct economic hardship as a direct result of a war or other military operation, or national emergency.

The following waivers and modifications affect Category 1 individuals:

Need Analysis
The University substitutes adjusted gross income plus untaxed income and benefits received in the first calendar year of the award year, or another annual income that more accurately reflects the family's current financial circumstances for which such determination is made for any affected individual, spouse and dependents, if applicable, to reflect more accurately the financial condition of an affected individual and family. The University has the option of using the applicant's original EFC or the EFC based on the data from the first calendar year of the award year, or the EFC based on another annual income that more accurately reflects the family's current financial circumstances. If the University chooses to use the alternate EFC, it uses the administrative professional judgment procedures established by the Secretary as discussed in the following section.

The HEROES waivers and modifications is separate from those impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Refer to the Student Financial Aid Eligibility Policy for information on natural disasters).

Professional Judgment
To more accurately reflect financial need, the University uses professional judgment on a case-by-case basis for affected individuals. The University determines the need for an affected individual by determining the most beneficial of the following:
• The individual's need as determined using the adjusted gross income plus untaxed income and benefits received in the first or second calendar year of the award year;
• The individual's need as determined using another annual income that more accurately reflects the family's current financial circumstances; or
• The individual's need as determined making no modifications (e.g., an individual's income increased as a result of serving on active duty).

The University clearly documents the reasons for any adjustment and the facts supporting the decision. In almost all cases, the University will have documentation from a third party with knowledge of the student's unusual circumstances. As usual, any professional judgment decisions made that affect a student's eligibility for a subsidized student financial assistance program will be reported to the Central Processing System.

Title IV Grant Overpayments
A student who withdraws from the University because of an affected individual status is not required to return or repay any overpayment of grant funds based on the Return of Title IV (R2T4) calculations.

The University does not deny federal financial aid eligibility to an affected individual who owes an overpayment. In addition, the University does not contact the student, notify NSLDS, or refer the overpayment to Debt Collection Services. However, the affected individual's file will be documented to include the amount of the overpayment.

The University does not apply any federal financial aid credit balance toward an overpayment before using the credit balance to pay authorized charges; pay the credit balance to the student (or parent, in the case of a PLUS loan); or use the credit balance to reduce the student's federal financial aid loan debt (with the student's authorization).

Verification of AGI and U.S. Income Tax Paid
For an affected individual who is required to file a U.S. income tax return and has been granted a filing extension by the IRS, the University accepts the following:
• A copy of IRS Form 4868 “Application for Automatic Extension of Time to File U.S. Individual Income Tax Return” or a copy of the IRS’s approval of an extension beyond the automatic six-month extension (if additional extension was requested); AND
A copy of each W-2 received for the specified year or, for a self-employed individual, a statement signed by the individual certifying the amount of the AGI and U.S. income tax paid for the specified year.

If an affected individual has not filed an income tax return by the filing deadline, in lieu of an income tax return, the University will accept the following to verify AGI and U.S. income tax paid:

- A statement from the individual certifying that he/she has not filed an income tax return or a request for a filing extension because he/she was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency; AND
- A copy of each W-2 received for the specified year, or for a self-employed individual, a statement signed by the individual certifying the amount of AGI and U.S. income tax paid for the specified year.

The University may request that an individual granted a filing extension submit tax information using the IRS Data Retrieval Tool, or by obtaining a tax return transcript from the IRS that lists tax account information for the specified year after the income tax return is filed if the University receives the tax information, it will verify the income information of the tax filer(s).

### Category 2 Individuals

Individuals affected by the waivers and modifications under this category include persons who:

- are serving on active duty;
- are performing qualifying National Guard duty during a war or other military operation, or national emergency; or
- reside or are employed in an area that is declared a disaster area by any federal, state, or local official in connection with a national emergency.

The following waivers and modifications affect Category 2 individuals:

#### Post-withdrawal Disbursement (PWD)

A student who withdraws because of status as an affected individual and who is eligible for a post-withdrawal disbursement has up to 45 days to respond to a PWD offer. However, at the University’s discretion, it may honor the PWD if the student (or parent in case of a parent PLUS loan) responds to the offer after 45 days.

#### Leaves of Absence (LOA)

The University documents the decision for granting an approved LOA to an affected individual if that individual has difficulty providing a written LOA request because of affected status. The documentation includes both the reason for the LOA and the reason for waiving the requirement that the LOA be requested in writing.

#### Treatment of Federal Financial Aid Credit Balance When a Student Withdraws

The University pays any federal financial aid credit balance to the student, or parent in the case of a parent PLUS loan, within 14 days after the balance occurred.

### Loan Cancellation

The University allows an affected individual to request a cancellation up to 60 days after the date the University notifies the borrower of the right to cancel. The cancellation may be for all or a portion of a loan for which proceeds have been credited to the account at the University. If the University receives a loan cancellation after the 60-day period, the University may, but is not required to, comply with the request.

### Satisfactory Academic Progress

If a student fails to meet the University’s satisfactory academic progress (SAP) standards (Refer to the SAP Policy for further information) as a direct result of being an affected individual in this category, the student may request a SAP appeal. The University will approve the appeal based on documentation of military orders.

### Category 3 Individuals

Individuals affected by the waivers and modifications under this category include persons who:

- are serving on active duty, or
- are performing qualifying National Guard duty during a war or other military operation or national emergency.

The following waivers and modifications affect Category 3 individuals.

### Institutional Charges and Refunds

If a student is called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency, the student is eligible for a deferral of any balance owed the University. Additionally, the student is eligible for a drop credit request (DCR) for a course if the student begins the course within 60 days of return from deployment. The amount of the credit is dependent upon the number of weeks attended prior to the student withdrawing for military reasons. (Refer to the Finance Policy - Military Deployment/Military Leave)

### Category 4 Individuals

Individuals affected by the waivers and modifications under this category include dependents of persons who are

- serving on active duty; or
- performing National Guard duty during a war, other military operation, or national emergency.

The following waivers and modifications affect Category 4 individuals.

### Verification Signature Requirements

A dependent student is not required to submit a statement signed by one of the applicant’s parents when no responsible parent can provide the required signature because of the parent’s status as an affected individual in this category.

### Signatures on the Free Application for Federal Student Aid (FAFSA), Student Aid Report (SAR), and Institutional Student Information Record (ISIR)

A dependent student is not required to provide a parent’s signature on the Federal Student Aid (FAFSA), Student Aid Report (SAR) or submitting corrections electronically when there is no relevant parent to provide a signature because of the parent’s status as an affected individual in this category. The high school counselor or financial aid administrator may sign on behalf of the parent as long as the applicant provides adequate documentation concerning the parent’s inability to provide a signature due to the parent’s status as an affected individual in this category.

### Leave of Absence Policy

#### Overview

The Leave of Absence (LOA) Policy addresses the impact to Title IV recipients when there is an approved temporary interruption in a student’s program of study, referred to as an LOA. Any student wishing to request an LOA should contact his/her academic counselor to discuss options available. The Leave of Absence request...
Overview

The Overawards and Overpayments Policy addresses how and when the University is required to resolve overawards and overpayments that occur in a student's financial aid package.

Policy

An overaward occurs when a student's financial aid package exceeds financial need or when the total of all awards exceeds the cost of attendance (COA). Over-awards are usually the result of the student receiving financial assistance the University was not aware of when the student was packaged and/or awarded. The over-award becomes an overpayment if the University cannot correct the issue before funds are disbursed to the student.

Pell Grants

The Federal Pell Grant is never adjusted to account for other forms of financial assistance. Therefore, if a student's financial aid package exceeds need, the University will first attempt to eliminate the overaward by reducing other financial aid awarded. If the University awards a Pell Grant to an ineligible student, that award becomes an overaward and must be resolved.

If the University makes a Pell Grant overpayment for which it is not liable and the student is still enrolled, the University will return the funds on behalf of the student. The student's financial aid is repackaged according to eligibility, and the student owes the University, rather than the Department of Education, any Pell grant funds he or she was ineligible to receive.

If the student withdraws from the University, and the Return to Title IV (R2T4) calculation results in a Pell Grant overpayment, the University immediately sends a written notice to the student requesting repayment of the overpayment amount. The notice, sent within 30 days of the date of determination to any student who owes a grant overpayment as a result of the student's withdrawal from the University, includes a statement that failure to make the repayment or make satisfactory repayment arrangements with the holder of the overpayment will make the student ineligible for further federal financial aid until the overpayment is resolved. Students are not liable for, and the University is not required to attempt recovery of or refer to the Secretary, a Pell Grant overpayment that is less than $50 and is not a remaining balance.

If the student fails to repay the Pell Grant overpayment or make satisfactory repayment arrangements, after the University contacted the student, the University must refer the overpayment to the U.S. Secretary of Education for collection purposes.

Iraq and Afghanistan Service Grants (IASG)

The IASG, like the Federal Pell Grant, is never adjusted to account for other forms of financial assistance. If a student's financial aid package includes an IASG and the package exceeds need or COA, but the IASG by itself does not exceed the student's need, the University must reduce other financial aid to eliminate the over-award. However, if the IASG payment by itself exceeds the student's COA for a period of enrollment, the total amount of the IASG must be reduced to the federal financial aid (Title IV) COA for the period of enrollment.

If a student receiving an IASG becomes Pell eligible during the award year, the University must treat the Pell Grant as Estimated Financial Assistance (EFA) and may need to adjust the student's financial aid package.

Campus-Based Funds

The University only disburses the Federal Supplemental Education Opportunity Grant (FSEOG) to students who's FSEOG, combined with other estimated financial assistance (EFA) does not exceed the student's financial need.

Estimated Financial Aid Assistance Exceeds Need

Campus-based funding allows for a $300 overaward tolerance if a student has received additional EFA not included in the calculation of the FSEOG. The $300 threshold is allowed only if an overaward occurs after Campus-Based aid has been awarded and/or disbursed and the University was unaware the student would receive additional financial assistance.

NOTE: Direct loans do not provide for any type of tolerance in need.

Therefore, if a student received additional amounts of EFA not included in the calculation of the FSEOG and Pell Grant and the
amount results in the total EFA exceeding financial need by more than $300, the University may take, at its discretion, the following steps:

- If the student demonstrates increased financial need and the total amount of EFA does not exceed this increased need by more than $300, no further action will be necessary.
- If the total amount of EFA still exceeds need by more than $300, cancel any undisbursed loan or grant funds except for Pell Grant funds.
- If the total amount of EFA still exceeds need by more than $300, treat it as an overpayment that must be eliminated.

**Direct Loans**
If the University discovers, before disbursing Direct Subsidized Loan, Direct Unsubsidized Loan, or Direct PLUS Loan funds, that a student will receive (or has received) estimated financial assistance (EFA) for the period the loan was intended and the combined amount of EFA and loans will exceed the amount of financial aid the student is eligible for, the University will reduce or eliminate the overaward by either -

- Using the student's Direct Unsubsidized Loan, Direct PLUS Loan, state-sponsored or another non-federal loan to cover the EFC, if not al-ready done; or
- Reducing or returning one or more disbursements to eliminate the over-award.

**State Grants and Pell Grant funds only**
In the event there is an overaward, if a student is awarded state grant funds and Pell Grant funds only, state grant funds will be reduced to eliminate this over-award.

**Financial Aid Assistance Exceeds Cost of Attendance**
The University first attempts to eliminate an overaward by replacing the EFC with non-need-based loans, provided the student has not been awarded up to the COA. If the overaward is not resolved by replacing the EFC, the University reduces or cancels any future federal financial aid loans or private loans first. The University may also attempt to eliminate an overaward by using actual COA charges for the academic year. If a return of funds is necessary to eliminate the overaward, funds are returned in the following order:

- Private Loan
- Direct Graduate/Professional PLUS Loan
- Direct Parent PLUS Loan
- Direct Unsubsidized Loan
- Direct Subsidized Loan

If the student becomes ineligible for only part of a Direct Loan or PLUS loan, the University will reduce the loan to eliminate the amount the student is ineligible for. If the student has no loans or if the student's financial assistance still exceeds the student's financial need or COA, the University will proceed to reduce institutional grant and/or scholarship aid.

**Remainder** - The University will adjust the financial aid package to prevent an overaward of campus-based funds.

**Conflicting Information and Other Assistance**
The University is responsible for resolving conflicting information in a student's file. At times, the University may receive financial assistance it was unaware of for a student. If the financial assistance was received after the end of the period of enrollment for a student who is still enrolled or who is intending to re-enroll, the University treats the financial assistance as EFA for the period of enrollment just completed.

---

**Packaging Policy**

**Overview**
The Packaging Policy addresses the University’s calculation of student awards based on costs, academic years/loan periods and statutory award maximums.

**Policy**
Prior to determining a student’s eligibility for federal financial aid, the University confirms a valid output document - Institution Student Information Record (ISIR) - is on file. The University uses the “Ladder” packaging methodology allowing all applicants to be treated in the same manner when awarding funds. The University packages up to the cost of attendance (COA) by replacing the expected family contribution (EFC) with non-need based aid, unless otherwise specified by the student (or parent in case of a PLUS loan).

**Determining Need**
The University subtracts the EFC, the Federal Pell Grant and other non-federal financial aid resources from the COA to determine remaining need.

**Example:**

| $12,500 | COA |
| - 2,500 | EFC |
| - 1,600 | Pell Grant |
| - 1,400 | Scholarship |

**Remaining Need**

$7,000

The order in which financial aid is considered and awarded is as follows:

**Federal Pell Grant/Iraq and Afghanistan Service Grant**
The Federal Pell Grant (including those funds awarded under Children of Fallen Heroes or Children of Fallen Soldiers) or, alternatively, Iraq and Afghanistan Service Grant (IASG) is considered to be the first source of financial assistance to the student.

**Other Resources**
Other resources include, but are not limited to, the following:

- External grants and scholarships
- University grants and scholarships
- Tuition assistance
- Military tuition benefits
- University tuition discounts and waivers
- University administration tuition and/or student account adjustments
- Income from insurance programs that pay for the student's education
- Private loans
- Private and State grants
- Tribal aid
- Other financial assistance paid directly to the University

**Grants and Scholarships**
Grants and scholarships awarded:
• Federal Supplemental Educational Opportunity Grant (FSEOG)
• Scholarships
• State Grants
• Need-Based Institutional Grants

Determining Remaining Need
Self-help aid is awarded to meet remaining need as follows:
• Federal Direct Subsidized Loan
• Federal Direct Unsubsidized Loan
• Parent PLUS Loan
• Federal Direct Graduate/Professional PLUS Loan

Students eligible for a Graduate/Professional PLUS loan who do not request the maximum Direct unsubsidized loan amounts they are eligible for, are notified of their maximum unsubsidized loan eligibility, the loan interest rate for Direct Unsubsidized Loans and PLUS Loans, providing the opportunity to request the maximum Direct Unsubsidized Loan they are eligible for.

Estimated Financial Assistance
The University considers need-based aid as well as non-need-based aid as estimated financial assistance (EFA) when packaging financial aid for a student. EFA includes, but is not limited to, the following:
- Federal Pell Grant
- Campus-Based Aid
- State Grants
- Scholarships
- AmeriCorps *
- Fellowships or Assistantships
- Tuition Assistance
- Waivers/Discounts
- Direct Subsidized and Unsubsidized Loans
- Direct Parent and Graduate/Professional PLUS Loans
- Private Loans

Iraq and Afghanistan Service Grants are not considered EFA. Therefore, they are never included in determining if a student’s financial assistance exceeds need or COA. Likewise, if a student’s other financial assistance exceeds a student’s need or cost of attendance, as applicable, the student’s Iraq Afghanistan Service Grant should not be reduced in eliminating the excess. However, and Iraq and Afghanistan Service Grant may be reduced if it alone exceeds a student’s COA.

If an ISIR recipient becomes eligible for the Federal Pell Grant during the award year, the University will treat the Federal Pell Grant as EFA, and may need to adjust the student’s financial aid package.

The University does not count AmeriCorps benefits as EFA when determining eligibility for a subsidized direct loan; however, the University does include AmeriCorps benefits when determining eligibility for a direct unsubsidized loan.

If an affected individual (student and/or parent, if applicable) impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)) notifies the University that he/she has been impacted, any federal or state aid, whether in the form of grants or low-interest loans, received by the affected individual for the purpose of providing financial relief is not counted as EFA for packaging purposes. Students should contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

Overlapping Academic Years
If a student begins a program at the University prior to the expiration of his/her previous program’s academic year (AY), the University will award all federal financial aid based on the student’s remaining eligibility. The federal funds received for the prior AY do not count as EFA when awarding funds for the new program. However, the overlapping AY’s funding is based on the remaining loan and grant eligibility, accounting for what the student received in the program. (Refer to the Transfer Policy and Program Changes Policy for additional information)

Awarding State Grants
If a student is awarded state grant funds and an ISIR has a C-code(s) or is selected for verification, the University does not award the funds until the C-code(s) are resolved and/or verification requirements are met.

Conflcting Information and Other Resources
The University is responsible for resolving conflicting information in a student’s file. At times, the University may receive aid it was unaware of for a student if the aid was received after the academic year/loan period ended for a student who is still enrolled or is intending to re-enroll, the University will treat the aid as EFA for the academic year/loan period just completed.

Private Loans Policy

Overview
The Private Loans Policy addresses the University’s participation in the private loan program. Private loans are available to help students supplement, not supplant, federal financial aid eligibility.

Policy
Private loans may be available for both students and parents who are not eligible for need-based financial aid or who want to supplement their federal and state financial aid. These loans are made privately through lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. For debt management purposes, we encourage applicants to first complete the federal financial aid application to determine eligibility for grants and direct loans and to borrow wisely, utilizing funding solely for direct educational expenses related to attendance at the University.

Eligibility
Private lenders determine student and/or parent eligibility for private loans.

Application and Awarding Process
Most private loans are certified by the University to avoid exceeding the student’s cost of attendance. Students who apply and receive a private loan on their own must report it to the University as estimated financial aid assistance. The total amount of assistance received from all sources of funding, including scholarships, federal financial aid, tuition discounts and private loan programs, cannot exceed the student’s COA. Certain private loan products have limitations. Therefore, it is recommended that students with any questions contact Student Financial Services at StudentFinancialServices@phoenix.edu or 888-346-8679.

Self-Certification Form
Students applying for a private loan are required to complete a self-certification form before the lender can disburse funds to the University. Students complete the form directly with the lender. However, the University may assist in completion of applicable sections of the form. If an enrolled or admitted student requests a self-certification form, the University will provide the written or
electronic format of the self-certification form developed by the Secretary. The University will continue processing federal financial aid funds and certifying loans in accordance with federal regulations.

**Fund Management**

Private loans disbursed from the lender are applied directly to the student’s account. A student can request any excess funds be returned to him/her as long as the student is not in a withdrawn status.

**Overawards**

If the total amount of assistance received from all sources of funding, as indicated above, exceeds the total COA, the University will return funds to the lender based on funds available on the student’s tuition account. This is determined by the Overawards Policy as follows: 1) Private Loan, 2) Parent and Graduate/Professional PLUS Loan 3) Direct Unsubsidized Loan 4) Direct Subsidized Loan.

**Refunds**

If the student is out of attendance greater than 14 consecutive days and no LOA is approved, any excess funds remaining after the Return of Title IV (R2T4) Calculation and/or institutional refund policies are calculated will be returned to the private loan lender.

**Professional Judgment Policy**

**Overview**

The Professional Judgment Policy addresses the University’s treatment of a student, on a case-by-case basis, when the student has special circumstances that are not sufficiently addressed by a standard approach. Special circumstances include conditions that differentiate an individual student from a whole population of students and those impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)).

**Policy**

If a student wishes to request a professional judgment, the student should email Student Financial Services at StudentFinancialServices@phoenix.edu or speak over the phone at 1-888-346-8679. The University uses professional judgment on a case-by-case basis and will use fairness during the decision making process. Its decision regarding professional judgment adjustments is final and cannot be appealed to the U.S. Department of Education. For additional information, refer to the Student Financial Aid Eligibility Policy. Refer to the HEROES Policy for information on individuals affected by war, military operations or national emergencies.

The reason for the professional judgment is documented in the student's file as it relates to the student's special circumstances. The University does not accept adjustments made for a student by another school, but reviews the student’s circumstances and, if appropriate, documents the professional judgment decision made on the student’s behalf. If the student is selected for verification, the University will complete verification before exercising professional judgment.

**Special Circumstances**

The purpose of professional judgment adjustments is to allow schools the ability to accommodate special circumstances; the U.S. Department of Education does not provide detailed information on when the University may make adjustments. Examples include the following:

- Elementary or secondary school tuition
- Medical or dental expenses not covered by insurance
- Nursing home expenses not covered by insurance
- Dependent care
- Child care costs
- A student who is a displaced worker
- The loss of employment of an independent student
- Cases where a family member is a displaced worker,
- Cases where a change in the student’s housing status results in homelessness
- Recent unemployment of a family member whose income is included,
- Other changes in the family’s income, assets or a student’s status,
- Number of parents enrolled at least half-time in a degree, certificate or other program leading to a recognized educational credential at an institution with a program participation agreement

The University may use professional judgment to increase or decrease one or more of the data elements used to calculate the expected family contribution (EFC). The University may also use professional judgment to adjust the student’s cost of attendance (COA). Inconsistent or conflicting information shown on the Institutional Student Information Record (ISIR) will be resolved before making any adjustments. Use of professional judgment is neither limited to nor required in the situations mentioned above.

The University will not

- Modify either the formula or the tables used in the EFC calculation, but may only change values of specific data elements used in the EFC calculation.
- Use professional judgment to waive general student eligibility requirements or to bypass the intent of the law or regulations.
- The University will not use professional judgment to change Federal Supplemental Education Opportunity Grant (FSEOG) selection criteria
- Include post-enrollment activity expenses in the student’s cost of attendance. For example, fees for a professional licensing exam that is paid for and taken after the student has ceased/completed enrollment at the University are not allowable costs.

**Program Changes Policy**

**Overview**

The Program Changes policy details the University’s treatment and determination of federal financial aid eligibility for students who change programs during an open payment period at the University.

**Program Changes**

If a student wishes to change programs at the University, the student should contact his/her academic counselor for further information. Federal regulations require the University to re-evaluate the academic year, loan period and payment periods for a student who has changed programs while attending the University. A student who changes programs will be required to begin a new academic year (AY), loan period (LP) and payment periods. Academic years for students who change programs at the University will be established based on the credit hours remaining in the student’s new program. Federal aid funds awarded will be based on the student’s remaining eligibility.

When a student has changed his/her program, the University will perform a Return of Title IV (R2T4) calculation for the applicable payment period of the program the student is transferring out of.
and update the program’s AY/LP/payment periods accordingly. (Please refer to the Return to Title IV Policy for additional information.)

Once the Return to Title IV (R2T4) calculation has been completed and all required federal aid funds returned as required, the University will award the student for the new program based on a new AY/LP/payment periods as follows:

**Federal Pell Grant Award**

If the student is eligible for the Federal Pell Grant, the University must identify the amounts of Federal Pell Grant already received for the federal award year in the program the student transferred out of and determine the percentage of the student’s annual scheduled Federal Pell Grant already used.

To calculate the student’s remaining eligibility, the University uses the following formula:

\[
\text{Pell disbursed in prior program} \div \text{Scheduled award in prior program} = \% \text{ of Scheduled Award used}
\]

The University then determines the maximum percentage of the scheduled Federal Pell Grant Award the student may receive in the new program by using the following formula:

\[
\frac{100 \% \text{ of Scheduled Award}}{\% \text{ of Scheduled Award used}} = \text{Maximum Percentage of Scheduled Pell Award student may receive}
\]

When calculating the student’s Federal Pell Grant award, the University will also ensure the student does not exceed the Pell Lifetime Eligibility Used (Pell LEU).

The remaining Federal Pell Grant award amount is not divided equally across the payment periods in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student’s remaining eligibility for each payment period, except that no payment period disbursement can exceed 50% of the scheduled annual award.

**Federal Pell Grant Example:** A student transfers from the AAB program to the BSBA program at the University.

<table>
<thead>
<tr>
<th>Pell Data from the prior program at the University</th>
</tr>
</thead>
<tbody>
<tr>
<td>Scheduled Pell award</td>
</tr>
<tr>
<td>Pell award kept as a result of the R2T4 calculation</td>
</tr>
</tbody>
</table>

The University must now determine the student’s remaining Pell eligibility for the federal award year to determine the amount it may actually award to the student.

**Pell Calculations by the University**

<table>
<thead>
<tr>
<th>Scheduled Pell award</th>
<th>$4,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of Pell award already used in the prior program</td>
<td>$1,500/$4,000 = 37.5%</td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility</td>
<td>(100% - Percentage used)</td>
</tr>
<tr>
<td>Student’s remaining Federal Pell Award</td>
<td>$4,000 x 62.5% = $2,500</td>
</tr>
</tbody>
</table>

The student’s remaining Federal Pell Grant eligibility is $2,500. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. The student may receive half of the scheduled Federal Pell Grant award in the first payment period, and the remainder of the amount in the second payment period as long as the second payment period falls in the same award year.

**Federal Direct Loan Award**

If the student is eligible for the Federal Subsidized and/or Unsubsidized Direct Loan program, the new AY/LP will be a full AY/LP and will be limited to the student’s remaining annual loan eligibility if the new program is at least an academic year in length or the remaining coursework represents at least one academic year or more than an academic year in length. If the new program is less than an academic year in length or the remaining coursework represents less than an academic year in length, the student’s annual loan limit eligibility is the lesser of the remaining annual loan eligibility or the prorated loan eligibility based on credit hours to be completed in the new program.

**Federal Direct Loan Example:** A student transfers from the AAB program to the BSBA program at the University. In the BSBA program, the student is a third-year independent undergraduate student with a maximum annual Subsidized Loan eligibility of $5,500 and Unsubsidized Loan eligibility of $7,000.
Overview

The University must now determine the student’s remaining Subsidized and Unsubsidized Loan eligibility for the overlapping academic year in the BSBA program.

Direct Loan Calculations to Determine Remaining Eligibility for New Loan Period in New Program

Remaining Subsidized Loan Eligibility for New Programs LP
(Annual Subsidized Loan Limit - Subsidized Loan funds already disbursed)

Remaining Unsubsidized Loan Eligibility for New Programs LP
(Annual Unsubsidized Loan limit - Unsubsidized Loan funds already disbursed)

These remaining loan fund amounts will be disbursed based on the payment periods in the new program’s loan period at the University. (Refer to the Disbursements Policy for additional information)

Definitions

The following are two of the dates commonly referenced in relation to program changes at the University:

- Program Begin Date: The program begin date is the start date of the first course the student attends in that program. In the case of a student who changes programs, the program begin date is the start date of the first course the student attends after the program change effective date. Only a course scheduled under the new program is used to determine the program begin date.
- Program Change Effective Date: the program change effective date is the start date of the new program. Specifically, it is the date the Office of Admissions and Evaluation processes the student's enrollment agreement for the new program.

Program Version Changes

A student enrolled at the University who changes versions of a program is not a student who is changing programs for federal financial aid purposes. Therefore, the University will not reevaluate payment periods for students changing versions of the same program at the University.

Re-Entry Policy

Overview

The Re-entry Policy addresses how the University will treat students when they withdraw from the University and re-enter the same program within 180 days, or withdraw from the University and re-enter after 180 days or re-enter into a different program of study. The 180 day break is determined by counting the days between the student's official last date of attendance (OLDA) and the course start date when the student returns. This federal financial aid Re-entry policy is separate from the institution's Academic Program Re-entry policy.

Re-entry within 180 days, in the same federal award year, to the same program

When a student withdraws from the University and re-enters within 180 days to the same program at the University, the student remains in the same payment period the student was in when originally withdrawn. Upon the student’s re-entry, the University will evaluate and update, as needed, the student’s academic year, loan period, payment periods, and disbursement dates according to academic year definitions (Refer to the Academic Year Definition Policy and Disbursements Policy for further information).

The cost of attendance (COA) for a student who re-enters within 180 days will reflect the original educational costs associated with the payment period from which the student withdrew.

The student is immediately eligible to receive all federal financial aid funds returned when the student withdrew. The University will take the following actions, if applicable, for a student who re-enters the same program within 180 days:

- Re-disburse federal financial aid that was disbursed and returned under the Return of Title IV (R2T4) provisions
- Disburse federal financial aid the student was otherwise eligible for that had not yet been disbursed at the time the student withdrew
- Cancel any overpayments assessed to the student as a result of the prior withdrawal that were disbursed on re-entry
- If a student withdrew, had a previous overpayment referred to Debt Resolution Services, and re-enters within 180 days, the University will send Debt Resolution Services a fax identifying the student overpayment. The fax will state the overpayment should be made void as the student has returned to the University.

When determining the award year from which federal financial aid funds will be re-disbursed or disbursed, the University first determines whether the original federal award year is open.

- Pell:
  - Federal Award Year Open
    - If the original federal award year is open, the University will re-disburse Pell Grant funds through the Common Origination and Disbursement (COD) website.
  - Federal Award Year Closed
    - If the original federal award year is closed and the student is due additional Pell funds from the closed federal award year, the University will request the Pell Grant funds through the COD website
- Campus Based:
  - Funds Available from Original Federal Award Year
    - If the student was awarded campus based funds and the funds are still available from the original federal award year, the University will re-award the funds from the original federal award year.
  - Funds Not Available from Original Federal Award Year
    - If the student was originally awarded campus based funds and the funds are no longer available from the original federal award year, the University may award funds from
the current federal award year if funds are available. However, this does not increase the annual maximum campus-based funds award a student may receive.

- **Direct Loans:**
  - **Federal Award Year Open**
    If the student was awarded Direct Loan (DL) funds and the federal award year used to award these DL funds is still open, the University will recover the DL funds from that federal award year.
    The cost of attendance (COA) will reflect the original educational costs and award year EFC associated with the payment period from which the student withdrew.
  - **Federal Award Year Closed**
    If the student was awarded DL funds and the federal award year used to award these DL funds is closed, the University will return all DL funds disbursed and retained for this closed award year, cancel any remaining disbursements, and re-award DL funds using the current open award year.
    The COA will reflect the current award year educational costs and the award year EFC based on this open award year.

The student becomes eligible for subsequent federal financial aid payments when the payment period for which he/she was paid is completed.

If a student wishes to re-enter the University, the student should contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

The University’s Withdrawal Policy states for official, unofficial and administrative withdrawals, the University will use the student’s last academically related activity (ARA) to establish the student’s withdrawal date.

**Exceptions**

However, if this date occurs during an institutionally scheduled break or during a course extension period, it will not be used to establish a student’s withdrawal date at the University for the R2T4 calculation purposes. In these instances, the student’s withdrawal date and date of determination for the R2T4 calculation purposes will be established as follows:

**Withdrawal Date**

If a student posts an ARA during an institutionally scheduled break or during a course extension period, the University will look for the most recent ARA that occurred prior to the start of the institutionally scheduled break or course extension period. This ARA will be used as the last date of attendance or withdrawal date for Title IV purposes.

**Date of Determination**

The Date of Determination (DOD) for students who post academic-related activities during an institutionally scheduled break will be no greater than 15 days after the end date of the institutionally scheduled break. The DOD for students who post academic-related activities during a course extension period will be the day after a grade of anything other than IX posts.

For example: The University has a scheduled holiday break from Dec 20th through Jan 4th. The student posts an ARA on Dec 19th and 27th. The student withdraws. The student’s last ARA was on Dec 27th, which was during the scheduled break. The student requires an R2T4 calculation; the student’s withdrawal date for the R2T4 calculation would be Dec 19th (the most recent ARA prior to the scheduled break). In addition, the DOD is Jan 19th (the 15th day after the end date of the institutionally scheduled break).
Return Calculation
The amount of federal financial aid earned is calculated by determining the percentage of the payment period completed and applying this percentage to the total amount of aid disbursed and that could have been disbursed for the payment period. The payment period is defined as the period of time it takes the student to complete at least one-half of the weeks and credits in the student’s academic year. As long as conditions for a late disbursement (described below) are met prior to the date the student became ineligible (the student’s last date of attendance), any undisbursed federal financial aid will be counted as aid that could have been disbursed.

Conditions for a Late Disbursement (Including Post Withdrawal Disbursements)
- The Department of Education (ED) processed a Student Aid Report (SAR) or Institutional Student Information Record (ISIR) with an official Expected Family Contribution (EFC) for the student (except in the case of a parent PLUS loan).
- The University originated a Direct Loan (DL).
- The University made the award to the student for a Federal Perkins loan or Federal Supplemental Educational Opportunity Grant (FSEOG).
- The University originated the award to the student for the TEACH Grant program.

The University does not include as a post withdrawal disbursement any funds the University was prohibited from disbursing on or before the date the student withdrew, which would apply to the following: (Additional information is available in the Disbursements Policy)
- Second or subsequent disbursements of DL funds unless the student has graduated or successfully completed the loan period.
- Second disbursements of DL for the period that the University is prohibited from making until the student successfully completes one-half of the weeks of instructional time and one-half the credit hours in the academic year.
- Disbursements of DL or Perkins loan funds for which the borrower has not signed a promissory note.
- Disbursements of Federal Pell Grant, Iraq Afghanistan Service Grant, and TEACH Grant funds to a student for whom the University did not receive a valid SAR or a valid ISIR by the deadline date established by the Secretary in the Federal Register.
- Federal Pell Grant, Iraq Afghanistan Service Grant, and TEACH Grant funds for a subsequent payment period when the student has not successfully completed the earlier payment period for which the student has already been paid.
- Disbursements of DL funds to a first-year, first-time borrower who withdraws before the 30th day of the student’s program of study.

Inadvertent Overpayments
An inadvertent overpayment occurs when the University disburses funds to a student no longer in attendance but prior to the date the University determines the student withdrew from the program. This would include any federal financial aid fund disbursements made after the student’s last date of attendance but prior to the University’s determination that the student was withdrawn. These inadvertent overpayments are included in the R2T4 calculation as aid that could have been disbursed. Only students who meet late disbursement criteria are entitled to keep federal financial aid funds disbursed as an inadvertent overpayment. If an inadvertent overpayment cannot be made as a late disbursement, the University returns the entire amount of the federal financial aid funds disbursed. If the inadvertent overpayment can be made as a late disbursement, the University returns only the unearned portion of the inadvertent overpayment within 45 days of the University’s date of determination that the student withdrew. (Refer to the Disbursements Policy for further information. Unearned inadvertent overpayments are returned according to the requirements for the return of unearned funds.

Verification and the Return Calculation
If a student provides required verification documents after withdrawing from the University, but within 30 days of the date of the notification informing the student of the requirements, and in time for the University to meet the 30-day Return deadline, the University performs the R2T4 calculation based on all federal financial aid the student had established eligibility for prior to the withdrawal. For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline but before the earlier of 120 days after the student’s last date of attendance or the deadline established by ED each award year, the University reviews and addresses eligibility as required.

If a student does not provide all verification documents in time for the University to complete verification and meet the R2T4 deadlines, the University includes in the R2T4 calculation only the federal financial aid that was not subject to verification (unsubsidized and PLUS loan funds) and for which the conditions of a late disbursement were met prior to the withdrawal. (Refer to the Verification Policy for additional information.)

Institutionally Scheduled Breaks
Institutionally scheduled breaks of five or more consecutive days are excluded from the R2T4 calculation. This includes all holiday and administrative breaks of five or more consecutive days.

Percentage of Federal Financial Aid Earned
The calculation of Percentage of Federal Financial Aid Earned includes all financial aid disbursed or that could have been disbursed to a student. This percentage is equal to the percentage of the payment period completed by the student as of the student’s last date of attendance in the payment period. This percentage is determined using the University’s rate of progression calculation.

If the student withdraws after successfully completing the payment period, 100% of the federal financial aid funds are earned and no calculation is required. If the withdraw date occurs after the student completes more than 60% of the payment period, the student earns 100% of the federal financial aid funds.

Rate of Progression Calculation
The percentage of the period completed is calculated as follows:

\[
\text{Percentage of Federal Financial Aid Earned} = \frac{\text{Number of calendar days completed in the payment period}}{\text{Total number of calendar days scheduled to complete in the payment period}} \times 100
\]

Total Calendar Days Completed in the Payment Period
The total number of calendar days completed in the payment period (numerator) is the count of calendar days from the payment period start date to the student’s last date of attendance.

Required Adjustments to Calendar Days Completed in the
Payment Period
Calendar days are removed from calendar days completed in the payment period if any of the following occurred between the payment period start date and the student’s last date of attendance:
- Institutionally scheduled breaks of five (5) consecutive calendar days or more
- Holidays
- Administrative
- Student scheduled or selected breaks of five (5) consecutive calendar days or more between course end date and subsequent course start date
- All approved Leave of Absence calendar days
- Unapproved breaks of less than 180 days (Refer to the Re Entry Policy for additional information)

Total Calendar Days scheduled to complete in the Payment Period
The total number of calendar days in a payment period (denominator) is determined based upon the number and type (credential level and modality) of credits awarded in the payment period.

Required Adjustments to Total Calendar Days Scheduled to Complete in the Payment Period
Additional calendar days will be added to the payment period for unsuccessful course(s) completions with grades of I, IX, IP, QC, F, or W that occurred in a course prior to the course the student’s last date of attendance occurs within.
If the payment period needs to be extended, it is extended by a defined number of days based upon the following credential levels and modalities:
- Associates Program (9 week courses) - 63 days if one or two courses are needed, 126 days if three or four courses are needed
- Associates Program (5 week courses online) - 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
- Associates Program (5 week courses ground) - 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
- Bachelor Program Online - 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
- Bachelor Program Ground - 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
- Master’s/Doctoral Program Online - 42 days if one course is needed, 84 days if two courses are needed, 126 days if three courses are needed, etc.
- Master’s/Doctoral program ground: 36 days if one course is needed, 72 days if two courses are needed, etc
- Master’s Competency Based Education (CBE) Program: 112 days if one to four courses are needed

Please note: Additional calendar days are NOT added for the course(s) in which the student’s official last date of attendance falls within. This includes any course(s) the student was enrolled in, but did not complete at the time of withdrawal.
Calendar days are removed from the calendar days in the payment period if any of the following occurred or is scheduled to occur from the payment period start date to the payment period end date:
- Institutionally scheduled holiday breaks of five (5) consecutive calendar days or more
- Student scheduled of selected breaks of five (5) consecutive calendar days or more between courses
- All approved Leave of Absence calendar days
- Periods of non-enrollment of five (5) consecutive calendar days or more due to administrative closures
- Unapproved breaks of less than 180 days (Refer to the Re Entry Policy for additional information)

Rate of Progression Examples
The following examples illustrate the rate of progression calculation outlined above. The figures provided are examples only; actual amounts may vary for each student.
- Bachelor Program Online
  - Last date of attendance is 07/15/20XX
  - Payment Period is 06/07/20xx to 10/24/20xx
Title IV Credit Balance and the return calculation

A Title IV credit balance created during the period is not released to the student nor returned to federal financial aid programs prior to performing the R2T4 calculation. The University holds these funds even if, under the 14-day credit balance payment requirements, funds are otherwise required to be released.

In the R2T4 calculation, the University includes any federal financial aid credit balance as disbursed aid. Although not included in the R2T4 calculation, any federal financial aid credit balance from a prior payment period in the academic year that remains on a student’s account when the student withdraws is included as federal financial aid funds for purposes of determining the amount of any final federal financial aid credit balance when a student withdraws. Upon application of any applicable refund policies, a federal financial aid credit balance is allocated first to repay grant overpayments owed by the student as result of the current withdrawal.

Within 14 days of the date that the University performs the R2T4 calculation, the University pays any remaining federal financial aid credit balance in one or more of the following ways:

- Pay authorized charges at the University.
- To the student (or parent for a PLUS loan).

The University applies its own refund policy before allocating a federal financial aid credit balance. However, the University does not actually complete the refund process before completing the steps for allocating the federal financial aid credit balance. If the University is unable to locate the student (or parent) when attempting to pay a credit balance, it returns the funds to federal financial aid programs. (Refer to the Federal Financial Aid Credit Balance Policy for further information)

Return of Unearned Aid

In the R2T4 calculation, the total Amount Disbursed plus Amount That Could Have Been Disbursed to the student or on the student’s behalf, minus the Amount of Federal Financial Aid Earned by the Student determines the amount of federal financial aid funds unearned and required to be returned to the funding source.

When a return of federal financial aid is required, the University and the student may both need to return funds. The University returns the lesser of the following amount to the appropriate federal financial aid program(s):

- The total amount of unearned aid; or
- The amount equal to the total University charges incurred by the student for the payment period multiplied by the percentage of unearned aid.

University (institutional) charges incurred by the student include tuition, fees, books and directed study (including state sales tax) initially assessed the student for the entire payment period. Initial charges are only adjusted for changes the University makes prior to the beginning of the course from which the student withdrew.

The amounts of institutional charges included in the R2T4 calculation are those charged or anticipated to be charged to the student’s account. Although institutional charges may not have actually been charged due to the student’s withdrawal, the University uses the actual charges to date, to include full tuition, fees, books and directed study (including sales tax) for each course in the payment period, and estimate remaining charges based on the students’ primary campus, or as applicable.

Institutional charges include all invoiced and scheduled charges, as well as any adjustments made to correct these charges, that occur prior to the beginning of the course from which the student withdrew.

Tuition waivers for military students and Campus Footprint initiative are not counted as Estimated Financial Aid (EFA) and will be subtracted from institutional charges in the R2T4 calculation.

If after the student withdraws, the University changes the amount initially assessed the student for the entire payment period. Initial charges are only adjusted for changes the University makes prior to the beginning of the course from which the student withdrew.

The University applies its own refund policy before allocating a federal financial aid credit balance. However, the University does not actually complete the refund process before completing the steps for allocating the federal financial aid credit balance. If the University is unable to locate the student (or parent) when attempting to pay a credit balance, it returns the funds to federal financial aid programs. (Refer to the Federal Financial Aid Credit Balance Policy for further information)

</tr>
</tbody>
</table>

The total number of days the student is scheduled to complete (prior to the withdraw-al) is 140. However, because the student received a “W” in course #1, 35 calendar days will be added to the payment period for this unsuccessful course completion which occurred in a course prior to the course the student's last date of attendance occurs within. Therefore, the new total number of days in the payment period is 175.

The percentage of the payment period completed = 22.28%

*Estimate for illustrative purposes only.
The University returns federal financial aid funds to programs in the following order, up to the net amount disbursed from each:

- Unsubsidized FFEL/Direct Stafford Loan
- Subsidized FFEL/Direct Stafford Loan
- Federal Perkins loans
- Federal Direct PLUS (Graduate Student)
- Federal Direct PLUS (Parent of Dependent Student)
- Federal Pell Grants
- FSEOG
- TEACH Grants
- Iraq & Afghanistan Service Grant (IASG)

After the University allocates its portion of unearned funds, the student must return federal financial aid owed in the same order specified above for the University. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by the University from the total amount of unearned federal financial aid funds to be returned.

The student (or parent in the case of funds due to a parent PLUS Loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan; and any federal financial aid grant program as an overpayment of the grant. The amount of a grant overpayment due from a student is limited to the amount by which the original grant exceeds one-half of the total federal financial aid grant funds received by the student. (Additional information is available in the Overawards and Overpayments Policy)

The University may round final repayment amounts, for which the University and student are responsible, to the nearest dollar.

**Timelines for Return of Funds**

The University completes a student’s R2T4 calculation within 30 days of the University’s date of determination. The University returns the amount of federal financial aid funds for which it is responsible as soon as possible but no later than 45 days after the date the University determines the student has withdrawn. If a student is eligible for a post-withdrawal disbursement, refer to the Disbursements Policy for information on specific timelines.

**Deceased Student**

If the University receives reliable information indicating an individual borrower or student for whom a parent received a PLUS loan dies, the University suspends further awarding and disbursements. An original or certified copy of the death certificate or accurate and complete photocopy of the original or certified copy of the death certificate is requested and forwarded to the Secretary of Education (Secretary). Under exceptional circumstances and on a case-by-case basis, the Secretary may approve a dis-charge based upon other reliable documentation supporting the discharge request.

**Determination of Withdrawal of a Deceased Student**

The withdrawal date for a deceased student is the last date of academic attendance or attendance at an academically related activity determined from University attendance records. The date of determination is the date the University becomes aware of the student’s death.

**Return of Title IV Funds for a Deceased Student**

The amount of federal financial aid funds earned by the student is calculated according to the Return of Title IV Funds (R2T4) calculation. If the calculation indicates the amount of funds earned is less than the amount disbursed to the student, or on behalf of the student in the case of a PLUS loan, the difference between these amounts is returned to the appropriate federal financial aid program. The University does not report grant overpayments for deceased students to NSLDS or refer a grant overpayment to Debt Resolution Services, as the student’s estate is not required to return any federal financial aid funds.

The following represents procedures the University follows if a credit balance of federal financial aid funds, created from funds disbursed before the death of the student, exists after the completion of the R2T4 and the University’s refund calculations:

- Pay authorized charges owed to the University.
- Return any federal financial aid grant overpayments owed by the student for previous withdrawals from the University.
- Return any remaining credit balance to the federal financial aid program.

If the University previously referred a grant overpayment to Debt Resolution Services, documentation will be forwarded by the University indicating the student is deceased. Based on this information and documentation, Debt Resolution Services will remove the overpayment from the student’s records.

Although the student may be eligible to receive a post-withdrawal or late disbursement, the University is prohibited by federal financial aid Title IV regulations from further disbursements and will, therefore, not request additional funds from federal financial aid programs nor send out a post withdrawal letter.

**Federal Financial Aid Satisfactory Academic Progress (SAP) Policy**

**Overview**

The University’s Federal Financial Aid Satisfactory Academic Progress (FASAP) policy determines whether an otherwise eligible student is meeting FASAP in an educational program and may receive financial aid under the Title IV, HEA programs. This FASAP policy does not supersede the institution’s academic SAP policy.

**Policy**

The University will calculate a student’s SAP based on the student’s primary program. Students must maintain FASAP throughout the duration of their primary program to remain eligible for federal financial aid. FASAP is assessed by qualitative and quantitative measures and is evaluated at the end of each completed payment period in the student’s primary program. For any questions regarding FASAP, contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

**Qualitative Measure**

**Grade Point Average (GPA)**

Undergraduate students must have a cumulative program grade point average (GPA) of 2.0 at the end of each completed payment period, unless otherwise defined by academic policy. Graduate students must have a program GPA of 3.0 at the end of each completed payment period.

A student’s cumulative program GPA is calculated using only those grades earned at the University for the primary program. The program GPA is computed by adding the program applicable cumulative grade quality points earned (calculated by multiplying the credit hours and the weight of the grade earned in the course) and dividing it by the program applicable cumulative total number of credit hours completed.

Courses from which the student withdraws are not included in the program GPA calculation for the qualitative measurement.

*Note: If a student applies for and is granted an academic reprieve for a*
course, the GPA being used to evaluate FA SAP will be different than the GPA recorded for Admissions. This is to ensure all attempted courses are being taken into consideration, as required, when calculating a student’s FA SAP.

Qualitative Exclusions
The following are excluded from the qualitative computation:

- Waivers
- National Testing Programs
- Courses with the following grades:
  - IN PROGRESS EXTENSION (IX)(provided there is no formal grade)
  - AUDIT (AU)
  - Incomplete (I)
  - In Progress (IP)
  - No grade awarded (QC)
  - Passing (P)
  - Withdrawal (W)
  - Withdrawal/Failing (WF)
  - Waived with Credit (WC)
  - No Credit (NC)
- Orientations with the following completion statuses:
  - Orientation Complete (OC)
  - Orientation Not Complete (ON)
  - Orientation Extension (OX)
- Assessed Credits

Quantitative Measure
Each academic program has a published standard credit load for completion. Pace of completion is automatically evaluated for all periods of attendance at the University, including periods the student did not receive federal financial aid.

Maximum Timeframe
The maximum timeframe to complete the program cannot exceed 150% of the published length of the program measured in credit hours attempted for undergraduate and graduate students. Progress is evaluated cumulatively at the completion of each payment period for a student’s primary program to ensure completion of the program within the 150% maximum timeframe.

If a student cannot complete the program of study within the maximum timeframe (as determined at the end of the payment period) the student will be placed on financial aid disqualification (FD) status.

Pace of Completion
The quantitative measure for the pace of completion is calculated using the following formula:

\[
\frac{\text{Cumulative number of credit hours the student successfully completed}}{\text{Cumulative number of credit hours the student attempted}}
\]

At the end of each payment period, the student’s pace of completion is evaluated. Students must earn at least 67% of the credit hours attempted toward completion of the primary program. Credit hours taken at other institutions and accepted toward a student’s primary program at the University are included in both attempted and completed credit hours when measuring pace of completion.

Courses from which the student posts an academic related activity and subsequently withdraws from are counted as attempted credit hours when calculating the quantitative measurement or program pace.

Included in Pace of Completion
The following are included as attempted in the pace of completion calculation:

- Courses that are waived with credit (WC)
- Assessed Credits
- Pass (P)
- Withdrawal (W)
- Withdrawal/Failing (WF)
- Courses completed with the following grades:
  - A, B, C, D, and F (+/-)
  - In Progress (IP)
  - Incomplete (I, IX and IF)
  - No grade awarded (QC)

Evaluation
The University evaluates FASAP for the student’s primary program, based on a completed payment period (generally, at least 12 credit hours). As a result of the evaluation, a student is assigned an FASAP status.

Financial Aid Warning
Undergraduate students with less than a cumulative 2.0 GPA, or the minimum as stated in policy, and graduate students with less than a 3.0 OR who do not earn 67% of their attempted credits (cumulatively) at the end of a completed payment period, are automatically placed on financial aid warning (FW) status. The University can disburse federal financial aid funds to students on FW status for one probationary period.

Financial Aid Disqualification
If a student on FW status does not meet FASAP at the end of the subsequent completed payment period, the student is not eligible for additional federal financial aid and will be placed on an FD status. Students who are placed on an FD status are ineligible for federal financial aid.

Financial Aid Probation
Students who are granted an appeal will be placed on financial aid probation (FP) status and will have their financial aid eligibility reinstated based on the appeal. The University can disburse federal financial aid funds to students on FP status for one probationary payment period, provided all other eligibility requirements are met. The student must meet the University’s SAP standards to maintain federal financial aid eligibility.

Student Notification
The University will notify students at any point during their enrollment if they are placed on or taken off the FW, FP, FD or Regular Student (RG) statuses, as these affect student eligibility to receive federal financial aid.

Student Financial Aid Appeals
Students placed on FD status due to a violation of the qualitative and/or quantitative standards during the financial aid warning period may appeal the disqualification to regain eligibility for federal financial aid. Students may do so by submitting an FA SAP Professional Judgment (PJ) Form to Student Financial Services. The FA SAP PJ form is located on the student website. If there are significant extenuating circumstances, federal financial aid reinstatement may be possible during a financial aid probation period.
Approval and/or reinstatement of federal financial aid eligibility are not guaranteed. The FA SAP PJ team reviews all appeals on a case-by-case basis. Approval is only granted when there are significant extenuating circumstances. All decisions made by the FA SAP PJ team are final. The University allows a student to have a maximum of two approved appeals during their time at the University. These appeals cannot be consecutive and are only considered if significant extenuating circumstances exist. Examples of significant extenuating circumstances may include, but are not limited to, the following:

- Death of a relative
- An injury or illness of the student
- Other unusual or special circumstances

Students must explain on the FA SAP PJ Form why the nature and timing of their significant extenuating circumstance(s) directly prohibited them from meeting and maintaining FA SAP, and what has changed in their circumstances that would allow them to demonstrate FA SAP at the next evaluation. If students have more than 12 credits remaining in their primary program, they must demonstrate the ability to graduate within the maximum time frame allowed and meet the GPA requirements. If students have 12 or less credits remaining, they must demonstrate the ability to complete the remaining credits successfully.

**Regaining Eligibility after Payment Period of Ineligibility**

A student who is not making FA SAP regains eligibility only when the student is in compliance with the University's FA SAP requirements. Therefore, if a student loses eligibility for federal financial aid as a result of not meeting FA SAP requirements, the student must pay for the ineligible payment period using nonfederal financial aid funds. If the student meets all FA SAP criteria after the ineligible payment period, the student's borrower-based academic year (BBAY) will start at the beginning of the eligible payment period following the period of ineligibility. The BBAY is packaged for a full 24 credits and 40 weeks of instructional time.

If the ineligible payment period is the second payment period of an academic year/loan period already established, any federal financial aid awarded for the second payment period will be canceled and, if necessary, returned to the funding source.

**Transfer Credits - Qualitative**

A student's program GPA is calculated using only grades earned at the University in courses that are applicable to the program. Therefore, transfer credits do not apply when calculating the student's GPA at the University. Transfer credits include credits for all courses not completed at the University that are applied toward the completion of the student's primary program.

**Transfer Credits - Quantitative**

Credits taken at other institutions and applied toward the student's primary program/version at the University are included in both attempted and completed hours when measuring the student's pace of completion.

**Program Changes**

Students who change primary programs at the University are re-evaluated to determine which credits apply to the new primary program. The student's FA SAP status will be evaluated at the end of each completed payment period in the new academic year. If the student changes back to a program he or she was previously in, the student's FA SAP status will reflect the last status of the original program. Refer to the Program Changes Policy for further information.

The University will calculate the qualitative and quantitative FA SAP measures based on all successfully completed courses applicable to the new primary program. This includes those courses taken in a previous primary program that the student successfully completed and that apply to the new primary program.

**Re Enters**

If a student withdraws from the University and subsequently re-enters into the same primary program, whether within 180 days or after 180 days, the FA SAP status at the time of re-entry and for the first payment period upon re-entry will be the FA SAP status the student had prior to his or her withdrawal.

If the student re-enters, at any point, into a different primary program, the FA SAP status will reset to Regular Student (RG) status.

**Repeat Courses**

Grades for prior attempts, whether successfully completed or not, are excluded when calculating the qualitative (GPA) component. However, credits from all attempts are included when assessing if the student meets the quantitative (pace and maximum time frame) component.

**Note:** Repeat courses taken in a primary program are counted in the FA SAP status for that primary program.
Student Financial Aid Eligibility Policy

Overview
The Student Financial Aid Eligibility Policy addresses student eligibility requirements that must be met prior to the student receiving federal financial aid.

Policy
The University ensures all students meet the following basic criteria to be eligible for most federal, state, and institutional funding:

• Must file a FAFSA for the current award year,
• Must be admitted as a degree-seeking student to a qualified undergraduate, post-baccalaureate, graduate, or eligible certificate program,
• Must be a U.S. citizen or eligible non-citizen,
• Must have a high school diploma or GED certificate, or pass a test approved by the U.S. Department of Education, or have completed a high school education in a home school setting approved under state law,
• Must be registered with the Selective Service Administration, if required by law,
• Must have a valid Social Security number,
• Must not be in default on any prior federal student loan,
• Must not owe an overpayment on any federal financial aid grant or federal Direct Loan program funds,
• Must be meeting the University’s Financial Aid Satisfactory Academic Progress standards,
• Must submit all requested documents and those documents must not be found to limit the student’s eligibility,
• Must be enrolled at least half-time to be eligible for federal Direct Loan program funds

Subsequent ISIRs Policy

Overview
The Subsequent ISIRs Policy addresses the University’s role in reviewing any Institutional Student Information Record (ISIR) the University receives after awarding a student federal financial aid funds

Policy
The University is required to resolve any discrepancies in federal financial aid related information. Therefore, the University reviews all subsequent Institutional Student Information Record (ISIR) transactions received for a student for the federal processing aid year to identify changes requiring supporting documentation from students. These ISIRs will be reviewed as long as the student is enrolled at the University.

Subsequent ISIRs
A subsequent ISIR is an ISIR received when a student or other institution changes information after the University has awarded the student federal financial aid funds. The University is required to review any data element change made by the student or other institution which may affect eligibility for federal financial aid or the amount and type of federal financial aid awarded. The University will not make further disbursements of federal financial aid funds until the changes made to a subsequent ISIR are confirmed and/or corrected.

If a subsequent ISIR is received after verification is completed, the University will collect documentation to support the change or correct the ISIR back to the verified information. The University does not accept changes based on marital status updates.

The University will not disburse federal financial aid until all conflicting information has been resolved, even if the conflict concerns a previous award year. The findings are documented in the student’s file.

If a subsequent ISIR is received with changes to C Flags and comment codes or the EFC, the University will review and collect the required documents. If a subsequent ISIR is received because the National Student Loan Data System (NSLDS) has provided new or updated information to the University, the NSLDS history is reviewed to determine if changes are needed to existing awards. This information may include indications a student has gone into default or owes an overpayment. It may also indicate a student has resolved a default and is now eligible for federal financial aid funds.

Once the subsequent ISIR is reviewed and eligibility to receive federal financial aid is determined, if necessary, the student will be sent a revised award letter reflecting any changes.

If, after reviewing the subsequent ISIR, it is determined the student is ineligible for federal financial aid, the student is notified via a letter of ineligibility.

Transfer Policy

Overview
The Transfer policy documents the University’s treatment and determination of federal financial aid eligibility for students who transfer to the University from another school or advance programs (a.k.a. finish one program and begin another program) at the University.

Policy
External transfers
Students who transfer to the University with or without accepted credits and who have overlapping academic years (AY’s) with a prior school are referred to as external transfers. An overlapping AY exists if the student begins a program at the University prior to the expiration of the prior school’s AY. If the prior school’s AY length is less than 30 weeks, the University contacts the prior school to confirm the dates are correct or requests the school correct the dates in common origination and disbursement (COD).

Advancing Programs
Students who graduate from one program at the University and begin another program at the University are students who are advancing programs.

If a student wishes to advance programs at the University, the student should contact Enrollment Services at (800) 366-9699

Awarding Federal Aid
In both scenarios listed above, the University will award all federal financial aid (Federal Pell Grant, FSEOG, and Direct Loans) based on a full academic year in the new program at the University (Refer to the Federal Pell Grant/IASG Policy, Direct Loan Policy, and Campus Based Policy for further information on awarding and the Academic Year Definition Policy for further information on defined academic years).

Federal Pell Grant Award
Students who transfer to the University or advance programs after receiving a Federal Pell Grant at a previous school or in the previous program during the same award year may receive a Federal Pell Grant only if:
1. The student submits a valid SAR to the University; or
2. The University obtains a valid ISIR
A student cannot receive more than his or her scheduled Pell award for a federal award year. (Refer to the Federal Pell Grant/IASG Policy for additional information). When a student has already received a Federal Pell Grant during the same federal award year, the University determines the percentage of the scheduled Federal Pell Grant award that the student has already received in order to calculate the student's remaining eligibility (if any) for a Federal Pell Grant award.

To calculate the student’s remaining eligibility, the University uses the following formula:

\[
Pell \text{ disbursed at prior school/program} = \% \text{ of Scheduled Award used}
\]

The University then subtracts the percentage of scheduled award used from 100 to calculate the maximum percentage of the scheduled award the student may receive at the University. The University determines the Federal Pell Grant Award the student is eligible for by using the following formula:

\[
\text{Maximum % of Scheduled Award Remaining} \times \text{Scheduled Award at University} = \text{Maximum Pell Award}
\]

The remaining Federal Pell Grant award amount is not divided equally across the PPs in the new program. Instead, the Federal Pell Grant funds may be disbursed in an amount up to the student's remaining eligibility for each PP, except that no PP disbursement can exceed 50% of the scheduled annual award.

Pell Example: A student received a portion of a Federal Pell Grant at a community college, then transferred to the University during the same federal award year. The community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student's Federal Pell Grant award.

The University's cost of attendance is higher than the community college, which increases the student's scheduled Federal Pell Grant to $4,000 for the federal award year. The University must now determine the student's remaining Federal Pell Grant eligibility for the federal award year to determine the amount it may actually award to the student.

Pell Data from the Community College

<table>
<thead>
<tr>
<th>Scheduled Pell award</th>
<th>$3,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pell award disbursed</td>
<td>$1,500</td>
</tr>
<tr>
<td>Amount of Pell funds</td>
<td>$300</td>
</tr>
<tr>
<td>returned due to R2T4 calc-</td>
<td></td>
</tr>
<tr>
<td>ulation</td>
<td></td>
</tr>
<tr>
<td>Net amount of Pell funds</td>
<td>$1,200</td>
</tr>
<tr>
<td>disbursed to student</td>
<td></td>
</tr>
</tbody>
</table>

The University determines the student's remaining Federal Pell Grant eligibility for the federal award year to determine the amount it may actually award to the student.

Pell Calculations to Determine Remaining Pell Eligibility

<table>
<thead>
<tr>
<th>Scheduled Pell Award at the University</th>
<th>$4,000</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of Pell award already used</td>
<td>$1,200 divided by $3,000 = 40%</td>
</tr>
<tr>
<td>(Net Pell disbursed divided by Scheduled Pell award at prior school)</td>
<td></td>
</tr>
<tr>
<td>Percentage of remaining Pell eligibility</td>
<td>100% - 40% = 60%</td>
</tr>
<tr>
<td>(100% - Percentage used)</td>
<td></td>
</tr>
<tr>
<td>Student's remaining Federal Pell Grant Award</td>
<td>$4,000 X 60% = $2,400</td>
</tr>
<tr>
<td>(Scheduled award at University X Percentage remaining eligibility)</td>
<td></td>
</tr>
</tbody>
</table>

The student's remaining Federal Pell Grant eligibility is $2,400. Since this amount is more than half of the scheduled Federal Pell Grant award, the award must be disbursed in two payment periods. As long as the student's first PP in the new program is at least half of an AY (in both credits and weeks), the student may receive half of the scheduled award in the first PP. If the second PP in the new program falls in the same federal award year, the student will receive the remainder of the Federal Pell Grant amount in the second PP.

Pell Disbursements at the University

| First payment period | $2,000 |
| Second payment period | $400   |

Federal Direct Loan Award

If the student is eligible for the Federal Subsidized and/or Unsubsidized Direct Loan program, the new AY/LP will be a full AY/LP. The loan at the University may not exceed the remaining balance of the student's annual loan limits after the disbursements at the previous school or in the previous program are considered. If the balance of the program is less than an AY, those Direct Loans originated for a single PP are disbursed in two disbursements (Refer to the Disbursements Policy for additional information).

Direct Loan Example: A student received a portion of a Direct Loan at a community college, then transferred to the University during the same AY, creating an overlapping AY at the University. When the student transferred, the community college performed a Return to Title IV (R2T4) calculation and returned a portion of the student's Direct Loan funds. The student is enrolled at the University as a first year, independent undergraduate student with maximum annual Subsidized Loan eligibility of $3,500 and Unsubsidized Loan eligibility of $6,000.
The University must now determine the student's remaining Subsidized and Unsubsidized Loan eligibility for the new AY/LP. These remaining loan fund amounts will be disbursed based on the PPs in the AY/LP at the University. (Refer to the Disbursements Policy for additional information)

**Direct Loan Data from the Community College**

<table>
<thead>
<tr>
<th>Loan Type</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Subsidized Loan originally disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Subsidized Loan funds returned due to R2T4 calculation</td>
<td>$0</td>
</tr>
<tr>
<td>Net Subsidized Loan funds disbursed</td>
<td>$1,750</td>
</tr>
<tr>
<td>Unsubsidized Loan originally disbursed</td>
<td>$3,000</td>
</tr>
<tr>
<td>Unsubsidized Loan funds returned due to R2T4 calculation</td>
<td>$1,000</td>
</tr>
<tr>
<td>Net Unsubsidized Loan funds disbursed</td>
<td>$2,000</td>
</tr>
</tbody>
</table>

The University must now determine the student's remaining Subsidized and Unsubsidized Loan eligibility for the new AY/LP.

**Direct Loan Calculations to Determine Remaining Eligibility for Overlapping AY**

<table>
<thead>
<tr>
<th>Loan Type</th>
<th>Calculation</th>
<th>Eligibility</th>
</tr>
</thead>
<tbody>
<tr>
<td>Remaining Subsidized Loan Eligibility</td>
<td>$3,500 - $1,750 = $1,750</td>
<td>$1,750</td>
</tr>
<tr>
<td>Remaining Unsubsidized Loan Eligibility</td>
<td>$6,000 - $2,000 = $4,000</td>
<td>$4,000</td>
</tr>
</tbody>
</table>

These remaining loan fund amounts will be disbursed based on the PPs in the AY/LP at the University. (Refer to the Disbursements Policy for additional information)

**Federal Supplemental Opportunity Grant Awards**

The Federal Supplemental Opportunity Grant (FSEOG) will follow the same awarding process as the Federal Pell Grant program and Direct Loan Program, starting a new academic year and payment periods based on the program the student is transferring/advancing into at the University.

**2019/2020 Verification and Conflicting Information Policy**

**Overview**

Institutions are required to verify information provided by students selected for verification. The Verification Policy addresses the different verification groups and types of documents acceptable to complete the verification process.

**Policy**

The University is required to verify students whose FAFSA information is selected for verification by the Central Processing System (CPS). The ISIR or SAR document received from the CPS will indicate whether the student's application is selected for verification. Once the CPS has selected a student, the University verifies all required student information.

**Standard Verification Group (V1)**

The University is required to verify the following information for students selected for standard verification:

- Tax Filers
  - Adjusted Gross Income
  - U.S. Income Tax Paid
  - Untaxed Portions of IRA Distributions
  - Untaxed Portions of Pensions
  - IRA Deductions and Payments
  - Tax Exempt Interest Income
  - Education Credits
  - Number of Household Members
  - Number in College
- Non-Tax Filers
  - Income Earned from Work
  - Number of Household Members
  - Number in College

**Custom Verification Group (V4)**

The University verifies the following information for students selected for custom verification:

- High School Completion Status
- Identity/Statement of Educational Purpose

**Aggregate Verification Group (V5)**

The University verifies the following information for students selected for aggregate verification:

- High School Completion Status
- Identity/Statement of Educational Purpose
- Tax Filers:
  - Adjusted Gross Income
  - U.S. Income Tax Paid
  - Untaxed Portions of IRA Distributions
  - Untaxed Portions of Pensions
  - IRA Deductions and Payments
  - Tax Exempt Interest Income
  - Education Credits
  - Number of Household Members
  - Number in College
- Non-Tax Filers:
  - Income Earned from Work
  - Number of Household Members
  - Number in College

Students not selected by the CPS or who are exempt from verification, but choose to provide taxes or other supplemental forms are not considered selected for verification. However, documents provided to the University are used in reviewing the student's application and as the basis in correcting reported application items. This documentation may result in conflicting information, which the University must resolve prior to processing federal financial aid.
Acceptable Documentation V1 and V5

The University is considered to have verified the following verifiable items if selected students retrieved and transferred their income tax return information using the IRS Data Retrieval Process:

- Adjusted gross income
- Federal income taxes paid
- Untaxed IRA distributions
- Untaxed pensions
- Education credits
- IRA deductions
- Tax exempt interest income

Under certain conditions, students, spouses and/or parents will need to submit their IRS Tax Return Transcript for the specified tax year. These conditions are as follows:

- If a student, spouse, or parent has not successfully transferred information from the IRS
- Information included on the FAFSA using the IRS Data Retrieval was subsequently changed
- When a married independent student and spouse filed separate tax returns
- When the parents of a dependent student filed separate tax returns
- When a student or parent had a change in marital status after the end of the specified tax year on December 31
- When the student, parent, or spouse filed an amended tax return

Situations Where Acceptable Documentation May Not Be Available

Situations may occur where a student, spouse, and/or parent may not be able to provide acceptable documentation to resolve verification. The University will accept the following as resolution.

Individual Unable to Obtain IRS Transcript

If an individual is selected for verification but is unable to obtain a transcript from the IRS, the University will accept a signed copy of the relevant tax year IRS tax return that was filed with the IRS.

Victims of Identity Theft

Tax filers who have been victims of identity theft are unable to obtain tax information using the IRS data retrieval tool and are unable to receive an IRS tax transcript until the matter is resolved by the IRS. In these instances, the University may accept an alternate transcript known as The Tax Return DataBase View (TRDBV) requested by the tax filer from the IRS as well as a signed and dated statement from the victim stating he/she was a victim of tax-related identity theft and the IRS is aware of this. If a victim is unable to obtain a TRDBV transcript, he/she may submit other official IRS documentation as long as it contains all the information needed to complete verification.

Amended Tax Return

When the University becomes aware that a tax filer has filed, or will file, an amended tax return, it will obtain a signed copy of the IRS Form 1040X that was filed with the IRS, in addition to one of the following:

- An IRS Tax Return Transcript (that will only include information from the original tax return and does not have to be signed), or any other IRS tax transcript(s) that include all of the income and tax information required to be verified OR

- IRS DRT information on an ISIR record with all tax information from the original tax return.

In rare cases, when an applicant and/or spouse, or parent(s) did not file an IRS Form 1040X with the IRS, but whose tax and income information was amended by the IRS, the University may accept documentation that include the change(s) made by the IRS, in addition to one of the items mentioned above.

Note: The University will submit to the Secretary any changes to a nondollar item or a single dollar item of $25 or more.

Other Tax Returns

If the tax filer filed a tax return with Puerto Rico, the U.S. Virgin Islands, American Samoa, the Commonwealth of the Northern Mariana Islands, or Guam, the University will obtain a copy of a transcript of the tax filer containing their tax information, as long as the transcript is available at no charge from that jurisdiction’s taxing authority. A signed copy of a filed tax return that was filed with the taxing authority is only acceptable if the tax filer is unable to obtain a free copy of a transcript.

If the student, spouse, and/or parent is a resident of the Republic of the Marshall Islands, the Republic of Palau, or the Federated States of Micronesia, the University will accept a copy of the individual’s Wage and Tax Statement from each employer that provided such a statement and a signed statement identifying all of the individual’s income and taxes for the tax year.

If the filer filed a tax return with a foreign country, the University accepts signed copies of that tax return or other documentation. The income and tax information is converted to U.S. dollars and the University uses the information on the forms that most closely correspond to the income information reported on an IRS tax return. If an individual from a foreign country is not required under the country’s government agency rules to file an income tax return, the University will accept a signed statement from the individual certifying all income and taxes paid for the tax year.

Filing Extensions

If the individual has been granted an automatic six-month extension by the IRS, the applicant must still verify income and tax information either by using the IRS Data Retrieval Tool or by submitting to the University an IRS Tax Return Transcript. If the required documentation is not submitted to the University by the established deadline, the student must return all Title IV aid disbursed before the student was selected, except for Direct Subsidized Loans, Direct Unsubsidized Loans, and Direct PLUS Loans. However, this is not applicable to individuals granted a filing extension beyond the University’s established deadline because the individual was called up for active duty or for qualifying National Guard duty during a war or other military operation or national emergency (Refer to the HEROES Policy for further information).

If the individual(s) has been granted an automatic filing extension by the IRS beyond the automatic six-month extension for the tax year, the University must accept the following as documentation:

- A copy of the IRS Form 4868 “Application for Automatic Extension of Time to File U S Individual Income Tax Return”,
- A copy of the IRS Form W-2 for each source of employment income received for the applicable tax year by an individual that has been granted a filing extension,
- If self-employed, a signed statement certifying the amount of the AGI and U S income tax paid for the specified tax year,
• A copy of the IRS's approval of an extension beyond the automatic six-month extension if the individual requested an additional extension of the filing time for the tax year, AND
• Confirmation of non-filing from the IRS or other relevant taxing authority dated on or after Oct 1, 2018, OR
• A signed statement certifying that the individual
• Attempted to obtain the verification of non-filing (VNF) from the IRS or other tax authorities and was unable to obtain the required documentation; and
• Has not filed an applicable year income tax return and list the sources of any applicable tax year income, and the amount of income from each source. If self-employed, the signed statement must include the amount of AGI and U.S. income tax paid for the applicable tax year.

Note: If the University receives the transcript, it must reverify the AGI and taxes paid. However, the University may not delay verifying a student's FAFSA information until the tax return is received if the student provides the above documentation.

If the individual has requested a transcript that lists tax account information for the specified tax year and the IRS, a government of a U.S. territory or commonwealth or a foreign central government cannot provide or locate a transcript, the University must accept the following:
• A copy of IRS Form W-2 for each source of employment income received for the specified tax year
• A signed statement by a self-employed individual or an individual that has filed an income tax return with a government of a U.S. territory or commonwealth or a foreign central government certifying the amount of AGI and taxes paid

Non Tax Filers
Students, spouses, and/or parents who have not filed a tax return, and are not required to file, will not have an AGI. They must report income earned from work on the FAFSA, including any income reported on the individual's W-2 forms, and other earnings from work not reported on these forms. If selected for verification and income was earned, the student, spouse, and/or parent are required to provide copies of W-2 forms from each employer. If a W-2 is not available, the University may accept a signed statement explaining the reason the W-2 form is not available as well as the amount earned and the source of income. In addition, the statement must certify confirmation of non-filing from the IRS or other relevant taxing authority dated on or after October 1, 2018.

The U.S. Department of Education does not require the University to have special knowledge or expertise regarding the U.S. tax code. However, if a student, spouse, and/or parent submits a signed statement claiming non-tax filer status, the University has reason to believe student was required to file a U.S. tax return, this constitutes conflicting information and must be resolved. The University will require the applicant to submit a Verification of Non-filing Letter (VNF) from the IRS or other tax authorities indicating the tax filer did not file an IRS income tax return for the tax year being verified.

If an individual is unable to obtain VNF from the IRS and the University has reason to question the good-faith effort to obtain the required documentation, the University will accept the following:
• A signed statement certifying that the individual
• Attempted to obtain the VNF from the IRS or other tax authorities and was unable to obtain the required documentation, and
• Has not filed and is not required to file an applicable income tax year return, and a listing of the sources of any applicable year income earned by the individual from work and the amount of income from each source, and
• A copy of IRS form W-2, or an equivalent document, from each source of applicable tax year employment income received by the individual

Number in Household
The University will accept a signed statement by the student, and if the student is a dependent, by one of the student's parents, listing the name and age of each household member and the relationship of that household member to the student.

Number in College
The University will accept a signed statement from the student, and if the student is a dependent, by one of the student's parents, listing the name and age of each household member who is or will be attending an eligible postsecondary educational institution. The household member must be at least a half-time student in the 2019/2020 award year and the name of the educational institution must be listed.

If the University has reason to believe the signed statement is inaccurate, the University will obtain a statement from each institution listed stating the household member in question is, or will be, attending on at least a half-time basis. If the institution the applicant is attending determines such a statement is not available because the household member in question has not registered at the institution he or she plans to attend; or the institution has information indicating the household member in question will be attending the same institution as the student, a statement is not required.

Acceptable Documentation V4 and V5
The University will accept the following as resolution of V4 and V5 verification.

High School Completion
To verify high school completion, the University will accept the following types of documentation:

High school diploma-
• A copy of the student's high school diploma;
• A copy of the student's final high school transcript that shows the date a high school diploma was awarded; or

Recognized equivalent of a high school diploma-
• General Educational Development (GED) Certificate
• California High School Proficiency Examination (CHSPE) Certificate
• HiSET Completion Certificate
• Documentation provided by the State or appropriate Department of Education in the student's state or jurisdiction indicating that the student has earned a secondary completion credential that has the same rights, privileges, and rigor of a normal High School Diploma
• A copy of the 'secondary school leaving certificate' or similar document, obtained from the appropriate government agency, for students who completed secondary school in a foreign country
• An academic transcript indicating the student successfully completed at least a two year program that is acceptable for full credit toward a bachelor's degree
• Homeschool
• If the state requires by law that students obtain a secondary school completion credential for homeschool, a copy of that credential is needed.
• If the state does not require the above credential, a transcript or the equivalent signed by the student's parent or guardian that lists the secondary school courses the student completed and documents the successful completion of a secondary school education in a homeschool setting.

Identity/Statement of Educational Purpose
The following is acceptable documentation to verify a student's statement of educational purpose/identity:
• An unexpired, valid government-issued photo identification, such as a driver's license or passport.
• A copy of a government-issued photo identification, such as a driver's license or passport.

If the documentation is presented in person, the University will maintain an annotated copy of the ID provided by the student and will include the date the identifying document was received and the name of the University official who obtained the documentation.
If the student is unable to provide the information in person, the following must be provided to the University:
• A copy of a government-issued photo identification, such as a driver's license or passport.
• The copy of the government issued ID does not need to be notarized or signed by the notary; and
• An original notarized statement of educational purpose signed by the student for the specified award year.
• An original document must contain wet signatures for the student and the notary as well as the required stamp or seal.

Selection after Disbursement
The student or University may submit corrections to the SAR/ISIR and the student's application may then be selected for verification. If the student's enrollment status is Withdrawn (W), the student returns to the University in the same award year. If the student's enrollment status is anything other than withdrawn (W), the University will make subsequent disbursements until the student's updated application is verified. If the student does not submit verification documents, any Pell funds disbursed for the award year prior to selection will be returned by the University on the student's behalf. The student does not have to repay any loan disbursements made prior to selection; however, the University will cancel any further funds if verification is not completed.

Completing Verification
When the University has obtained all necessary verification documents from the student, the documentation is compared to the ISIR/SAR record. If the verification process shows the student's information is correct, and there are no outstanding issues or conflicting information, the student will be awarded. If the verification process shows the student information requires corrections, the awarding process will not continue until the University receives a final and valid federal output document (ISIR) with an official EFC. If a student was selected for Verification Group V1 and does not complete verification, and the University disbursed unsubsidized or PLUS loans to the student/parent, the unsubsidized and PLUS loan aid that was disbursed may be kept.
Verification is complete once the University has received all the requested documentation and a valid SAR/ISIR (one that has all the accurate and complete information). This includes any necessary corrections, which must be made by the applicable federal deadlines. If the University has reason to believe a student is trying to avoid completing verification requirements and/or suspects potential fraud, the University will initiate an investigation of the student. During the period of investigation, the University will cease award and disbursement of all federal financial aid funds to the student. If satisfactory resolution in the investigation cannot be reached, the student will lose eligibility for federal financial aid funds for at least the federal award year. In addition, based on the outcome of the University's investigation, any credit information indicating that the student may have engaged in fraud or other criminal misconduct in connection with his or her application for federal student aid will be referred to the U.S. Department of Education's Office of Inspector General (OIG).

Interim Disbursements
The University will not make any interim disbursements during the verification process.

Change in Marital Status
The University will not update a student's dependency status based on a change in marital status. However, if the student can provide documentation showing support of the spouse or others of more than 50%, those persons may be included in the student's household size.

Using a Joint Tax Transcript to Determine Individual AGI and Taxes Paid
If the filer of a joint return has become widowed, divorced, or separated since filing the return, for verification purposes, it may be necessary to determine the individuals' income and taxes paid using the joint tax transcript and the relevant IRS W-2 forms. The following documents are required from the student/spouse/parent in order to perform a separation of income (SOI):
• A signed and dated SOI Authorization Form,
• Applicable Federal tax year transcripts,
• W-2 Forms, and
• In some scenarios, all schedules, forms, and/or worksheets for the tax filing
The university will confirm or update the AGI and income based on the documentation submitted and use the proportional distribution method to determine taxes paid.

Resolving Conflicting Information
If the University has conflicting information concerning a student's eligibility or has any reason to believe a student's application information is incorrect, the University will resolve such discrepancies before disbursing federal financial aid funds. If discrepancies are discovered after disbursing federal financial aid funds, the University will reconcile the conflicting information and require the student to repay any funds for which he or she was ineligible, unless the student is no longer enrolled for the award year.
Examples of conflicting information may include, but are not limited to the following:
• Social security numbers
• Date of birth
• Legal name
• Discrepant tax data (including whether or not the student/spouse/parent was required to file a tax return)
• Household size or marital status
• High school completion
Consequences of a change in FAFSA information
For the subsidized student financial assistance programs, if the FAFSA information changes as a result of verification, the University will submit to the Secretary all changes to a nondollar item or an individual data element that is $25 or more. The University may choose whether or not it will submit changes to the Secretary when all changes to individual data elements are less than $25 (not exceeding tolerance).
For the Federal Pell Grant Program, if there is a change as a result of verification, the University will recalculate the student's Pell Grant on the basis of the EFC on the correct valid SAR/ISIR. The University will disburse any additional funds under that award only if the University receives a correct valid SAR/ISIR for the student, and only to the extent additional funds are payable based on the recalculation.
For all other subsidized student financial assistance programs, if information changes as a result of verification, the University will adjust the student's financial aid package on the basis of the corrected EFC on the valid SAR/ISIR.
Verification and Professional Judgment
The University completes the verification process before exercising any type of professional judgment.
Reporting the Student's Verification Status to the CPS
When the University disburses a Pell award, it reports the student's verification status at the time of disbursement when it reports the payment. Note: This reporting requirement applies even if the student's application was not selected for verification. However, the University leaves the verification status code field blank if the student was not selected for verification or if a selected transaction has a CPS transaction pro-cess date that is after the date the student was withdrawn from the University.
Verification Timelines
The University will require Pell, campus-based, and Direct loan students selected for verification to submit all requested verification documents to the University within 30 days of the notification date informing the student of the requirements. If the documents are not submitted or are incomplete by this deadline, appropriate actions are taken as required based upon the student's enrollment status as of the deadline date.
For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline, but before the earlier of 120 days after the student's last date of attendance or the deadline established by the U.S. Department of Education each award year, the University will review and address eligibility as required. For the Direct Loan program, if a student fails to provide the required documentation by the 30-day deadline, the University will not originate a subsidized loan application for the student. If based on corrections, there is an increase in the Federal Pell Grant amount and the student's valid ISR is received after he/she is no longer enrolled but before the annual Federal Register deadline, the University will pay the student the higher award amount.
Student Notification
The University will notify the student in writing of verification requirements and time-lines for submission of necessary documents. Selected students receive the following:
- Documentation requirements
- Timeline of 30 days to return the required documentation
- Correction procedures (provided during the initial application process)
- Consequences of not returning the documents within the prescribed time-lines, which may include cancellation of tuition deferral and request of immediate payment of outstanding tuition charges
- Information in reference to written notification of award changes resulting from verification, which are forwarded within 20 days of required adjustments
Verification and Crossover Payment Periods
The University administers crossover payment periods in a way that best benefits the students. If a student is selected for verification in one award year and the payment period crosses over into another award year in which the student is not selected for verification, the University will request verification documents from the oldest award year. If the student does not complete verification within the required verification deadlines, and the subsequent award year in the crossover period is not selected for verification, the University will use the subsequent award year to award federal financial aid funds. Additionally, if the student is selected for verification for both award years and only documents for the subsequent award year are submitted, the University will proceed with verifying and awarding based on the subsequent award year.
If the University has reason to believe a student is trying to avoid completing the verification requirements and suspects potential fraud, the University will not award federal financial aid funds using the unselected ISIR. Instead, the University will require the student to complete the verification requirements or lose eligibility for the crossover payment period.
Verification Exclusions
The exclusion described here are applicable only to the affected individual. All other requirements for the verification process still apply to the non-affected parties (i.e. if one parent meets an exclusion, the student and the other parent are still required to complete verification requirements).
A selected student is exempt from the verification requirements based on the following unusual circumstances:
- The student dies,
- The student will not receive federal financial aid for reasons other than failure to complete the verification, or
- The student was selected for verification after ceasing to be enrolled at the University, does not intent to re-enroll for the award year, and no further disbursements (including late) will be made.
Parents of a dependent student are exempt from verification requirements if any of the following apply:
- Both parents are mentally incapacitated,
- Both parents or the custodial parent has died
- They reside in a country other than the United States and cannot be contacted by normal means, or
- They cannot be located because the student does not have and cannot obtain their contact information
A spouse of an independent student is exempt from verification requirements if any of the following apply:
- The spouse has died,
- The spouse is mentally incapacitated,
- The spouse resides in a country other than the United States and can't be contacted by normal means, or
- the spouse cannot be located because the student does not have and cannot obtain contact information
If a student selected for verification dies before the deadline for completing verification and does not complete the verification process, the University will not 1) make any further disbursements on the student’s behalf, 2) originate or disburse the student’s Direct subsidized Loan, and 3) consider any funds disbursed on an interim basis as an overpayment.

The University will document in the student’s file the basis for any exclusion, other than the death of a student, using a signed statement from the student.

**Verification Following Natural Disasters**

If an affected individual, impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)), notifies the University that he/she has been impacted:

- For students whose records are lost or destroyed because of a natural disaster, the University is not required to complete verification. The student’s file is documented accordingly, and the Pell Grant disbursements for students affected will reflect a verification status code “S”, which reflects selected but not verified.

- The University will waive the requirement of a signed parent statement verifying number of family members in household and number of family household members enrolled in an eligible postsecondary institution when no responsible parent can provide the required signatures because the parent is affected by a disaster. In these scenarios, the University will note and retain an explanation of why neither of the student’s parents was available to provide the statement.

The University will extend the verification document submission deadline to 90 days for students affected by a natural disaster and whose records were not lost or destroyed. If the required verification documents are not submitted within this deadline and the University can document the reason is due to a natural disaster, the University will not perform verification and will document the student’s file accordingly.
STUDENTS’ RIGHTS AND RESPONSIBILITIES

Policy on Nursing Ethics and Professional Competence
The University of Phoenix Policy on Nursing Ethics and Professional Competence is defined as compliance with the following nursing guidelines:

University of Phoenix Professional Nursing Responsibilities. American Nurses Association Code for Nurses. The policy sets forth expectations and regulations for professional and ethical conduct by students enrolled in College of Nursing programs. The policy states that all forms of unethical behavior or professional incompetence are to be reported and reviewed. Reported violations will be addressed through a formal process to the Campus Ethics Committee. Expectations for conduct and the standards are discussed in the beginning classes for College of Nursing programs. Content supporting this information is provided to students in their program handbooks.

Policy on Counseling Ethics Standards
The University of Phoenix Policy on Counseling Ethics Standards is defined as compliance with the American Counseling Association Code of Ethics, Standards of Practice, and the American Association for Marriage and Family Therapy Code of Ethics. The policy sets forth expectations and regulations for conduct by Master of Science in Counseling students who enroll in the University. The policy states that all forms of unethical behavior are to be reported and reviewed. Reported violations will be addressed by a Counseling Ethics Committee. Expectations for ethical conduct are discussed in the Student Program Handbook.

Students’ Right to Privacy
The University of Phoenix maintains compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. FERPA defines requirements which are designed to protect the privacy of student records maintained by the University. The law requires that:
1. Students should be provided access to official records directly related to them. Students who wish to see their records must make an appointment or submit a written request through the University Registrar’s Office or local campus office.
2. Students may not remove any materials, but are entitled, at their expense, to one copy of any materials contained in their file, unless a disclaimer appears on the document indicating that the student is not to be given a copy, or if the student waived the rights to the document.
3. Students be given the opportunity for a hearing to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade as determined by the faculty member.
4. Students’ written or authorized electronic consent must be received prior to releasing personally identifiable student data from their records to other than a specified list of exceptions. The University is authorized to release public directory information concerning students. Directory information includes the student’s name, address, phone number, year of birth, program of study, dates of attendance, dates of admission, degree completion dates and types of degrees earned, enrollment status, grade level, photographs, honors, and awards received, participation in officially recognized activities and the most recent previous educational agency or institution attended by the student. Directory information is subject to release by the University at any time unless the Registrar has received a prior written request from the student specifying that the information not be released. The University is authorized to provide access to student records to University officials and employees who have legitimate educational interests for such access; these are persons who have responsibilities in the University’s academic, administrative, service, or research functions. A copy of the University’s FERPA policy is available to students through the Registrar’s Office or the student ecampus website at: http://ecampus.phoenix.edu.

Education records also will be released pursuant to a judicial order or a lawfully issued subpoena, but only after the student is given reasonable and necessary notification of the University’s intent to comply with the subpoena before release of the records.

Students have the right to restrict disclosure of directory information by submitting a FERPA Hold Request Form to the Registrar’s Office. Requests are valid throughout student’s enrollment unless otherwise notified. Please send or fax your request to: Registrar, University of Phoenix, 4025 South Riverpoint Parkway, Mail Stop CF-A206, Phoenix, AZ 85040, Fax (480) 643-1600.

Pregnant and Parenting Students
Any member of the University community may report a violation of this policy to any supervisor, manager, or to the Title IX Coordinator. The Title IX Coordinator is responsible for overseeing complaints of discrimination involving pregnant and parenting students.

The Title IX Coordinator for University of Phoenix is:

Bridget Beville, JD
TitleIX@phoenix.edu
602.557.3391

Overview:
Under the U.S. Department of Education’s (ED) Title IX regulations, an institution that receives federal funding “shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student’s pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.” According to the ED, appropriate treatment of a pregnant student includes granting the student leave “for so long a period of time as is deemed medically necessary by the student’s physician,” and then effectively reinstating the student to the same status as was held when the leave began.

This generally means that pregnant students will be given an opportunity to make up missed work wherever possible. Extended deadlines, make-up assignments (e.g., papers, quizzes, tests, participation, team assignments, and presentations), and incomplete grades that can be completed at a later date should all be employed.
Definitions:
Title IX Accommodation: Changes in the academic environment or typical operations that enable pregnant students or students with pregnancy-related conditions to continue to pursue their studies and enjoy the equal benefits of the University.

Pregnancy and Pregnancy-Related Conditions: Include (but are not limited to) pregnancy, childbirth, false pregnancy, termination of pregnancy, conditions arising in connection with pregnancy, and recovery from these conditions.

Pregnant Student/Birth Parent: refers to the student who is or was pregnant. This policy and its pregnancy-related protections apply to all pregnant persons, regardless of gender identity or expression.

Supporting Documentation: Documentation from the student’s physician or other qualified medical professional that includes the student’s name, evidence of the pregnancy or pregnancy-related condition and the dates on which they occurred. Examples include, but are not limited to, hospital discharge paperwork, a signed letter from the doctor, medical appointment paperwork, ultrasound picture, temporary birth certificate.

Reasonable Title IX Accommodations for Students Affected by Pregnancy, Childbirth, or Related Conditions
- Faculty and staff will not require students to limit their studies as the result of pregnancy or pregnancy-related conditions.
- Students with pregnancy-related conditions are entitled to reasonable Title IX accommodations so that they will not be disadvantaged in their course of study and may seek assistance from the Title IX Office.
- Reasonable Title IX accommodations include, but are not limited to:
  - Extending deadlines and/or allowing the student to make up tests or assignments (including participation and team assignments) missed for pregnancy-related absences;
  - Excusing medically necessary absences (which must be granted irrespective of classroom attendance requirements.) Medically necessary absences require supporting documentation.

Title IX and ADA Accommodations
Occasionally students are entitled to both Title IX accommodations and reasonable accommodations on the basis of disability due to pregnancy complications and/or a co-existing permanent diagnosis. In these instances, the student will receive the benefit of both policies as appropriate. The Title IX and Disability Services Offices will work together to ensure students are accommodated and faculty receive necessary guidance and support.

Faculty Responsibilities Upon Disclosure of a Pregnancy or Pregnancy-Related Conditions
Upon disclosure of a pregnancy or pregnancy-related condition, faculty must refer the student to the Title IX office and:
- Inform the student they are entitled to reasonable Title IX accommodations.
- It is not necessary to collect any supporting documentation from the student or wait for approval while the course is in progress. Reasonable Title IX accommodations apply upon disclosure and for the entire course.
- Title IX accommodations are retroactive. If the student discloses the last week of class, they can make up late work for the entire class. If late penalties have already been deducted for any assignment, those points must be returned.
- Students may not re-submit work already completed for a better grade. They may only receive extensions on due dates for assignments that have not been submitted.
- Allow the student to submit late work without penalty for all assignments.
- Allow the student the opportunity to make up participation points and learning team assignments. Alternate assignments with equal point values are acceptable.
- Work with the student directly to develop a modified schedule for submitting work.

Students are allowed to submit outstanding course work up to four (4) days after the course end date. If all outstanding work is received by the four-day deadline, faculty must grade the work and post a final grade for the course.

In-Progress Extension (IX)
If a student needs additional time beyond the four-day extension to submit work, they may request an in-progress extension (IX) under Title IX. In-progress extensions are a specific type of incomplete grade and students and faculty are required to follow this policy in order to process an IX grade under Title IX.

Students may receive an additional five weeks to complete coursework if an IX grade is approved. If the IX is not approved, the student’s current grade stands.

The Title IX Office determines whether supporting documentation is sufficient to approve an IX. Once supporting documentation is reviewed and deemed satisfactory, the Title IX Office will work with classroom operations to process the IX and notify the faculty to post the IX grade with the 5-week extension deadline date. Students are required to complete all work by that date and notify faculty when coursework has been submitted.

Modified Academic Responsibilities for Parenting Students
- Students with child caretaking/parenting responsibilities because of the birth of a child may request a Title IX accommodation period during the first six weeks from the time the child entered the home. Extensions may be granted when additional time is required by medical necessity or extraordinary caretaking/parenting responsibilities.
- During the modification period, the student’s academic requirements will be adjusted, and deadlines postponed as appropriate, in collaboration among the Title IX Office, the student’s academic counselor and course faculty.
- Students should work directly with course faculty to complete work and must communicate to faculty when that work has been completed and ready to be graded.
- If for any reason students are not able to work with their course faculty to obtain appropriate modifications, students should alert the Title IX Office as soon as possible so they can help facilitate needed modifications.
- While receiving Title IX accommodations, student will remain enrolled.

Retaliation and Harassment
- University faculty and staff are prohibited from interfering with students’ rights to take leave, seek Title IX accommodation, or otherwise exercise their rights under this policy.
• University faculty and staff are prohibited from retaliating against students for exercising their rights articulated by this policy, including imposing or threatening to impose negative educational outcomes because students request leave or modification, file a complaint, or otherwise exercise their rights under this policy.

• Faculty who do not follow this policy and provide reasonable Title IX accommodation once a student discloses pregnancy or a pregnancy-related condition may be in violation of the Faculty Code of Conduct and disciplined accordingly.

**Financial Aid Implications**
Students receiving an accommodation pursuant to this policy must still maintain Satisfactory Academic Progress (SAP) and are responsible for repayment of financial aid funds received. Students should contact their Finance Advisor with any questions related to financial aid funds.
STUDENT CODE OF CONDUCT

The University of Phoenix has established a Student Code of Conduct. Students are expected to conduct themselves ethically, honestly, and with integrity as responsible members of the University's academic community. This requires the demonstration of mutual respect and civility in all University-related academic and professional discourse.

As part of the Student Code of Conduct, in addition to the information listed here, the University maintains conduct-related policies and procedures for violations that are specific to the following:

1. Code of Academic Integrity
2. Title IX and Violence Against Women Act Policy

Students are accountable for their actions and are required to work independently and collaboratively with teams in achieving learning goals and objectives. As a member of the University's academic community, students acknowledge and accept an obligation to abide by the Student Code of Conduct. Conduct on or off campus which is determined to impair, interfere with, or obstruct the opportunities of others to learn, or which disrupts the mission, processes, or orderly functions of the University, will be deemed misconduct. A violation of the Student Code of Conduct will be subject to appropriate disciplinary action.

Misconduct for which students are subject to disciplinary action includes, but is not limited to, the following:

1. Actions, oral statements, and written statements which threaten or violate the personal safety of any member of the faculty, staff, or other students.

2. Harassment/discrimination that has the effect of creating a hostile or offensive educational environment for any student, faculty, or staff member.

3. Sex discrimination/sexual harassment that has the effect of creating a hostile or offensive environment for any student, faculty, staff member, or visitor. This includes, but is not limited to, sex/gender discrimination (including pregnancy and childbirth, sexual orientation, gender identity, gender expression, gender transition, transgender status, or gender variance), sexual harassment, unwelcome conduct of a sexual nature, unwelcome sexual advances, requests for sexual favors, and other verbal and nonverbal, or physical conduct of a sexual nature including sexual violence, dating violence, domestic violence, sexual assault, or stalking.

4. Stalking (not otherwise specified in number 3 above) or persistently pursuing another person that has the effect of imposing unwelcomed contact and/or communication.

5. Disruptive behavior that hinders or interferes with the educational process.

6. Failure to promptly comply with any reasonable directive from faculty or University officials.

7. Failure to cooperate in a University investigation.

8. Carrying of weapons on campus, at campus-sanctioned events, or when meeting with campus personnel. (This policy is not applicable to students who are law enforcement officers required by law to carry firearms at all times).

9. Using, dealing in, or being under the influence of alcohol, other substances, or illegal drugs or use of tobacco or electronic cigarettes while in class, at campus-sanctioned events, or when meeting with campus personnel.

10. Failure to maintain confidentiality and respect for the privacy of personal or professional information communicated about clients, one's employer, other students, or their employers.

11. Falsification, alteration, or invention of information, including, but not limited to, any third party document used to apply for financial aid or lying during a University investigation.

12. Violation of the policy on Acceptable Computer Use for Faculty and Student.

13. Hazing (any action which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any University-sanctioned organization).

14. Violation of federal, state, or local laws or regulations that impacts the University's educational environment.

Alleged Student Code of Conduct violations are subject to a fair and impartial process and may result in a warning or charge.

Procedure for Processing Alleged Violations of the Student Code of Conduct and Student Code of Academic Integrity (except misconduct falling under the Title IX and VAWA Policy):

1. Investigation - alleged violations will be investigated in a prompt, thorough, and impartial manner. The investigation will gather relevant evidence, which may include, but is not limited to, pertinent documents and statements from witnesses.

   a. During an investigation a student may be removed from class, campus-sanctioned events, and other University functions after review and approval with an Office of Dispute Management Senior Manager, Director, or Vice President.

2. Notification - Following the investigation, if there is sufficient evidence to indicate that a violation has occurred, the student will be notified of the specific charge(s) in writing.

   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the student will be provided. Note: A Warning Letter is not appealable.

   b. If this is a drug and/or alcohol related offense the campus must also notify the Office of Dispute Management.

3. Student Response - A student will be given ten (10) calendar days, from the date on the letter, to submit a written response to the University official designated on the charge letter.

   a. Designated University Official Definition:

      i. Academic Violations - representative from the student's college

      ii. Behavioral Violations - Director of Grievances and Appeals

      iii. Record Violations - Registrar or designee from the Registrar's Office

   b. Failure of a student to respond to the Charging Letter will result in suspension from the University following completion of the current course (if the student is actively attending classes) and is not subject to immediate suspension.

4. Processing Student Response -

   a. A student response admitting guilt will be sent to the desig-
nated University official who will determine the appropriate sanction(s).
b. A student response denying the charge(s) will follow the Ethics Committee process outlined below.
i. An Ethics Committee will be convened to review the file and provide findings of fact and recommendations to the designated University official.
ii. The Ethics Committee will be facilitated by an impartial University administrator and composed of three impartial individuals who have no prior involvement with the student or the investigation. The Committee members include: a faculty member and two staff members: one from Student Services and one from the college.
iii. The preponderance of the evidence standard of proof (more likely than not) will be used to weigh the evidence and make a recommendation to the designated University official whether a violation occurred and what sanction, if any, is warranted.
iv. Students will be afforded the opportunity to address the Committee via teleconference to make a statement in their defense.
v. Students are not entitled to representation by an attorney or any other third party at any point in the process.
vi. Tape, digital, or other electronic recording of the committee meeting is not permitted.
vii. The Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the student.
viii. The Committee members sign a Confidentiality Statement for Committee Members and, after the Committee’s deliberations, the Case Packets are required to be destroyed in order to maintain confidentiality.
5. Decision - the administrator delivers a summary report, generally containing findings of fact and recommendations, to the designated University official who has the ultimate authority to accept, reject, or modify the recommendations of the Ethics Committee and render the decision.
a. The decision will be communicated in writing to the student by the designated University official.
b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested. Compliance of this disclosure does not constitute a violation of FERPA.
c. Any decision which affects a student’s admissions, enrollment, or academic status will be communicated to the Registrar’s Office for records update.
6. Sanctions - If a violation is found, disciplinary sanctions will be based on the seriousness of the situation and may include, but are not limited to, academic integrity and ethical behavior workshops, loss of academic credit, a failing grade on assignments or for the course, suspension, and/or expulsion.
a. A recommendation of expulsion by the designated University official will be automatically reviewed by the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM) and must be endorsed before that sanction is communicated to the student.
7. Appeals - In the event that the student is found to be in violation of the Student Code of Conduct, the student may request an appeal of the decision to the SDRC or Senior Management Review Committee (SMRC) (In cases of expulsion).
   a. Appeals must be requested in writing to ODM within ten (10) calendar days from the date on the letter. Appeals will only be accepted if the student can demonstrate one or more of the following:
   1) New information which was unavailable at the time of the hearing, or
   2) University procedures were not followed.
   b. The SDRC will be facilitated by a fair and impartial administrator from the Office of Dispute Management and is comprised of a manager, a director, and an academic college representative or their respective designees. The decision of the SDRC is final and shall be communicated in writing directly to the student, except in the case of a decision by the SDRC supporting a campus recommendation of expulsion.
   c. If the student is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management. The SMRC is comprised of a representative from the Office of the Provost, a Vice President from Academic Affairs or Student Services, and an Academic or Program Dean (or their respective designees). The decision of the SMRC is final and will be communicated in writing directly to the student and the campus.

**Code of Academic Integrity**

The University of Phoenix requires that students adhere to the ethical standards necessary to maintain individual and institutional academic integrity. As members of the University's academic community, students acknowledge and accept a responsibility to abide by this Student Code of Academic Integrity, which is a part of the Student Code of Conduct.

A violation of the Student Code of Conduct - Code of Academic Integrity will be subject to appropriate disciplinary action. Academic integrity violations include all forms of academic dishonesty, including but not limited to:

1. Plagiarism - Intentional or unintentional representation of another’s words or ideas as one’s own in an academic exercise.

Examples of plagiarism include but are not limited to:
   a. The exact copy of information from a source without proper citation and without use of quotation marks or block quotation formatting. When a student copies information from a source, he or she must acknowledge the source with quotation marks or block quotes irrespective of whether or not the source has been formally published.
   b. Paraphrasing statements, paragraphs, or other bodies of work without proper citation using someone else’s ideas, data, language, and/or arguments without acknowledgment.
   c. Presenting work as the student’s own that has been prepared in whole or part by someone other than that particular student. This includes the purchase and/or
sharing of work.

d. Failure to properly cite and reference statistics, data, or other sources of information that are used in one's work.

2. Self-plagiarism, double dipping, or dovetailing - Submission of work that has been previously prepared and submitted for credit without fair citation of the original work. The use of one's previous work in an assignment requires prior approval from the current faculty member and citation of the previous work.

3. Fabrication - Falsification or invention of any information, citation, data, or document. This includes the invention or alteration of data or results or relying on another source's results in any assignment without proper acknowledgment of that source. Fabrication includes citing sources that the student has not actually used or consulted.

4. Unauthorized assistance - Use of materials or information not authorized by the faculty member to complete an academic exercise or the completion of an academic exercise by someone other than the student. This includes, but is not limited to, providing or receiving answers to an exam, use of faculty materials or answer keys, or a student having someone take his or her exam.

5. Misrepresentation - Falsely representing the student's situation to faculty; for example when justifying an absence or the need for an incomplete grade or requesting a makeup exam, a special due date, or extension of a syllabus or class deadline for submitting a course requirement.

6. Collusion - Helping or allowing another student to commit an act of academic dishonesty.

7. Copyright infringement - Acquisition or use of copyrighted works without appropriate legal license or permission. Any unauthorized distribution of copyrighted material, including peer-to-peer file sharing and/or illegal downloading or unauthorized distribution of copyrighted materials using the University information technology system may subject a student to civil and criminal liabilities.

   a. For more information, refer to: http://www.copyright.gov/title17/92chap5.pdf for information on federal copyright infringement and remedies. Students may also access the University's Copyright Infringement and Peer-to-Peer File Sharing policies.

**Title IX and Violence Against Women Act (VAWA) Policy**

The University recognizes its responsibility to adhere to Title IX of the Education Amendments of 1972.

An alleged violation of the Student Code of Conduct - Title IX and VAWA sex discrimination/sexual harassment that has the effect of creating a hostile or offensive environment for any student, faculty, staff member, or visitor. This includes, but is not limited to, sex/gender discrimination (including pregnancy and childbirth, sexual orientation, gender identity, gender expression, gender transition, transgender status, or gender variance), sexual harassment, unwelcome conduct of a sexual nature, unwelcome sexual advances, requests for sexual favors, and other verbal and nonverbal, or physical conduct of a sexual nature including sexual violence, dating violence, domestic violence, sexual assault, or stalking is subject to a prompt, thorough and impartial review process.

**Procedure for Processing Alleged Violations of the Student Code of Conduct - Title IX and VAWA Policy:**

1. Investigation - An alleged violation of Title IX or an allegation of domestic violence, dating violence, sexual assault, or stalking will be forwarded to the University's Interim Title IX Coordinator, Marcie L. Baetschelett, JD, Office of Dispute Management, 4025 S. Riverpoint Parkway, Mailstop CF-K304, Phoenix, AZ 85040, 602.557.3391, TitleIX@phoenix.edu. Refer to Title IX VAWA Policy - 4.0 Investigation Procedures and Protocols.

   a. Interim and protective measures - refer to Title IX/VAWA Policy - 3.5 Interim and Protective Measures (http://www.phoenix.edu/content/dam/altcloud/doc/UOPX-Title-IX-and-VAWA-Policy-accessible-final.pdf)

2. Notification - Following an investigation, if there is sufficient evidence to warrant a charge, the complainant and respondent will be notified of the specific charge(s) in writing.

   a. In those instances where it is determined the conduct does not warrant a Charging Letter, a Warning Letter and/or counseling to the Respondent will be provided. Note: A Warning Letter is not appealable.

3. Respondent Response - A Respondent will be given ten (10) calendar days, from the date on the letter to submit a written response to the Title IX Coordinator (or designee).

   a. Failure of a respondent to respond to the Charging Letter will result in suspension from the University following completion of the current course if the respondent is actively attending classes and is not subject to immediate suspension.

4. Processing Respondent Response -

   a. A respondent response admitting guilt to the charge(s) will be sent to the Title IX Coordinator (or designee), who will determine the appropriate sanction(s).

   b. A respondent response denying the charge(s) will follow the Title IX Committee process outlined below.

   i. The complainant and the respondent will be given notice of the Title IX Committee meeting and afforded the opportunity to appear at the meeting telephonically and/or present written witness statements for inclusion in the Title IX Case Packet.

   ii. The Title IX Committee will be convened to review the file and make findings and recommendations to the Title IX Coordinator who will have the ultimate decision making authority regarding the complaint.

   NOTE: If it is determined that there is a conflict or bias or the appearance of a conflict or bias, The Title IX Coordinator will be removed from the process and a qualified proxy will assist. (i.e. Assistant Title IX Coordinator, or Deputy Coordinator).

   iii. The Title IX Committee will be facilitated by a fair and impartial administrator from the Office of Dispute Management (ODM).

   iv. The Title IX Committee composition will be three fair and impartial individuals who have no prior involvement with the parties or the investigation: a faculty member, and two staff members: one from Student Services and one representative of the college. The Committee will have received annual training on the issues related to sex/genre discrimination, sexual harassment, domestic violence, dating violence, sexual assault, and stalking and...
how to conduct a hearing process that protects the safety of victims and promotes accountability.

v. The Title IX Committee will use the preponderance of the evidence standard of proof (more likely than not) to weigh the evidence and make a recommendation to the Title IX Coordinator or designee about whether a violation occurred and what sanction, if any, is warranted.

vi. complainants and respondents will be afforded the same opportunity to separately address the Title IX Committee. This is conducted telephonically. The parties will not have the opportunity to cross examine or question one another or the committee members. However, the complainant and respondent may, at the discretion and direction of the committee, suggest questions to be posed by the committee.

vii. Complainant and respondent are entitled to the same opportunity to have others present during the committee meeting, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice.

a. The University permits each party to have at least one support person present. Complainants and respondents are not entitled to representation by an attorney or any other third party at any point in the process.

b. Any third party in attendance is there for support and not representation

viii. Tape, digital, or other electronic recording of the committee meeting is not permitted.

ix. The Title IX Committee members are given a Case Packet with all relevant information for the committee meeting, including any written response received from the complainant and/or respondent, all evidence discovered during the investigation, and any written witness statements the parties have submitted.

a. Parties are able to present evidence for the committee’s review; however, this evidence may not include sexual history of the complainant. Evidence of a prior consensual dating or sexual relationship does not imply consent or preclude a finding of sexual misconduct.

x. The Title IX Committee members sign a Confidentiality Statement for Committee Members and, after the Title IX Committee’s deliberations, the Case Packets are destroyed in order to maintain confidentiality.

5. Decision - the administrator delivers a summary report, containing findings of fact and recommendations, to the Title IX Coordinator or designee, who has the ultimate authority to accept, reject, or modify the recommendations of the Title IX Committee and render the decision. Any publicly available records will not include identifying information about the victim to the extent permissible by law.

a. The decision is communicated within seven (7) days in writing simultaneously to both the complainant and the respondent by the Title IX Coordinator or designee. The result must also include the rationale for the result and the sanction. Compliance of this disclosure does not constitute a violation of FERPA.

b. In accordance with the requirements under the Higher Education Opportunity Act (HEOA), upon written request, the University of Phoenix will disclose to an alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the institution against the student(s) who is/are the alleged perpetrator(s) of the crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the University of Phoenix will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested.

c. Any decision which affects a Respondent’s enrollment or academic status will be communicated to the Registrar’s Office for records update.

6. Sanctions: - If a violation is found, disciplinary sanctions will be based on the seriousness and/or frequency of the situation and may include, but are not limited to, documented coaching by a University staff member, counseling by a contracted third-party provider, composition of a self-reflective or academic paper, completion of the Title IX/VAWA workshop, suspension and/or expulsion.

a. A recommendation of expulsion by the Title IX Coordinator (or designee) is automatically reviewed by the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM) and must be endorsed before the Title IX Coordinator (or designee) communicates that sanction to the student.

b. A recommendation of expulsion by the Title IX Coordinator (or designee) communicates the recommendation to the Student Discipline Review Committee (SDRC) in the Office of Dispute Management (ODM).

7. Appeals - The University will notify the complainant and respondent of the procedures to appeal the results of the decision to the Student Discipline Review Committee (SDRC).

a. Appeals must be requested in writing to the Office of Dispute Management (ODM) within ten (10) calendar days, from the date on the letter. Appeals will only be accepted if one or more of the following is demonstrated:

   a. A procedural error occurred,
   b. New information exists that would substantially change the outcome of the finding, or
   c. The sanction is disproportionate with the violation

b. The Student Discipline Review Committee (SDRC) will be facilitated by a fair and impartial administrator from the Office of Dispute Management (ODM) and is comprised of a manager, a director, and a Dean from the accused student’s college or their respective designee. The decision of the SDRC is final and will be communicated in writing within seven (7) days to the complainant and respondent, except in the case of a decision by the SDRC supporting a campus recommendation of expulsion.

c. If the respondent is sanctioned with expulsion, the review of the appeal will be conducted by the Senior Management Review Committee (SMRC) in the Office of Dispute Management (ODM). The SMRC is comprised of a representative from the Office of the Provost, a Vice President from Academic Affairs or Student Services, and a Dean (or their respective designee). The decision of the SMRC is final and will be communicated in writing within seven (7) days to the complainant and respondent.

University of Phoenix Professional Standards for Candidates in the College of Nursing

Candidates in the College of Nursing are subject to greater scrutiny because of their anticipated interactions with students, families, patients and clients in the community. These degree candidates participate in one or more clinical rotations, practicums, and/or preceptorships as part of their academic program. University of Phoenix faculty members have a legal, ethical, and academic responsibility to ensure degree candidates refrain from unsafe or unprofessional nursing practices. Candidates in the College of
Nursing are expected to represent the University as professionals and adhere to the ethics and standards of their profession, irrespective of where the conduct may occur. The following Professional Standards apply to Candidates in the College of Nursing Programs before, during, and after clinical rotations, practicum, and/or preceptorships. The Professional Standards address a candidate’s affective attributes and disposition to be nurses, nurse practitioners and/or healthcare providers. Monitored behaviors may extend outside the classroom to off-site activities and locations when the candidate’s behavior infringes upon the reputation of University of Phoenix, College of Nursing. The College of Nursing adheres to the broader nursing community’s ethical standards as well as additional professional standards put forth by the College of Nursing administration.

1. University of Phoenix Student Code of Conduct
   Guidelines for acceptable student behavior, including academic integrity, at University of Phoenix can be identified in the Student Code of Conduct, available in the academic catalog.

   The College of Nursing adheres to the ANA Code of Ethics for Nurses. Students are expected to read, understand, and perform in compliance with this Code. Candidates can locate the ANA code of Ethics here: http://www.nursingworld.org/ceoofethics

3. Nurse Practice Act (by state)
   Because nursing care poses a risk of harm to the public if practiced by professionals who are unprepared or incompetent, the state, through its police powers, is required to protect its citizens from harm. That protection is in the form of reasonable laws to regulate nursing. Students are required to read, understand, and perform in compliance with their state’s nurse practice act. Candidates can locate this information here: https://www.ncsbn.org/nurse-practice-act.htm

4. ANA Principles for Social Networking and the Nurse
   ANA’s Principles for Social Networking and the Nurse: Guidance for the Registered Nurse provides guidance to registered nurses on using social networking media in a way that protects patients’ privacy and confidentiality and maintains the standards of professional nursing practice. A copy of the ANA Principles for Social Networking and the Nurse can be found here: http://www.nursingworld.org/principles

5. The candidate is sensitive to community and cultural norms that pertain to the University classroom, clinical rotations, practicum, and/or preceptorships.

6. The candidate appreciates and values human diversity and shows respect for others’ varied talents and perspectives.

7. The candidate refrains from engaging in nursing practice for which the student has not been authorized or for which the student has not been educated/validated at the time of the incident.

8. The candidate refrains from disrupting the programs of the College of Nursing or its affiliates.

9. The candidate will participate in or complete clinical work consistent with professional nursing practice, including satisfactory performance of all critical behaviors specified.

10. The candidate will adhere to College, School, Clinical, and Agency site policies and procedures.

11. Candidates will refrain from aiding, abetting or inducing another to commit a violation of the Student Code of Conduct or Professional Standards.

12. Candidates in the College of Nursing will assume responsibility for their own health as well as their own behavior.

   a. Transportation: Candidates in the College of Nursing are responsible for personal transportation to and from health agencies and/or clinical sites.

   b. Personal Electronic Devices: Candidates in the College of Nursing are responsible to be aware of and comply with agency policies regarding personal electronic devices.

A Candidate’s ability to satisfactorily meet the Professional Standards is a matter of ongoing academic judgment made by faculty, campus staff and campus management.

University of Phoenix Supplemental Standards for Candidates in College of Social and Behavioral Sciences Counseling and Human Services Programs

Candidates in College of Social and Behavioral Sciences programs leading to certification or licensure in Counseling and/or Human Services at University of Phoenix are subject to greater scrutiny because of their anticipated interactions with clients and others in the community. These degree candidates participate in one or more field placements, practicums, and/or internships as part of their academic program. As prospective human services workers or counselors, College of Social and Behavioral Sciences candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct. The following Supplemental Standards for Candidates in College of Social and Behavioral Sciences Programs (“Supplemental Standards”) apply to these degree candidates before, during, and after their field placements, practicums, and internships. The Supplemental Standards address a candidate’s affective attributes and disposition to be a human services worker or counselor. A corresponding Professional Dispositions Rubric provides additional guidance.

A candidate’s ability to satisfactorily meet the Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management.

1. The candidate contributes to a positive climate in the University classroom and all field placements, practicums, and internships.

2. The candidate demonstrates mastery of written and spoken language for self-expression, as well as for effective interaction in all settings.

3. The candidate is a thoughtful and responsive listener.

4. The candidate is committed to reflection, assessment, and learning as an ongoing process.

5. The candidate is willing to give and receive help.

6. The candidate is sensitive to community and cultural norms of the counseling and/or human services industry, the University classroom, and all field placements, practicums, and internships.

7. The candidate values human diversity and shows respect for others’ varied talents and perspectives.

8. The candidate values the development of critical thinking, inde-
pendent problem solving, and performance capabilities in himself/herself and those with whom he/she interacts.

9. The candidate demonstrates a commitment to keeping abreast of new ideas and understanding in the human services field.

10. The candidate demonstrates a level of responsibility and ethical judgment consistent with professional guidelines developed for these fields and appropriate for a professional human services worker and/or counselor. These guidelines are outlined in the National Organization for Human Services (NOHS) Code of Ethics, the American School Counselor Association (ASCA) Ethical Standards for School Counselors, and the American Counselors Association (ACA) Code of Ethics.

11. The candidate maintains the highest ethical standards in interactions with faculty, students, staff, and clients as well as in preparation and submission of required course work, and the completion of assignments.

12. The candidate maintains a pattern of consistently meeting academic and professional standards in courses, field placements, practicums, and internships.

University of Phoenix Supplemental Standards for Candidates in College of Education Programs

Candidates in a College of Education program leading to certification or licensure at University of Phoenix are subject to greater scrutiny because of their anticipated interactions with students, parents, and the school community. These degree candidates participate in one or more clinical experience placements (field placements) and a culminating clinical practice (student teaching practicum) as part of their academic program. As prospective educators, College of Education candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The College of Education has instituted processes to ensure that candidates demonstrate the appropriate behavioral and programmatic skills required of the profession. As such, candidate interactions with staff, faculty, fellow students, and external placement constituents are observed throughout their attendance. Additionally, candidates are regularly evaluated by the faculty and have access to counseling on professional requirements. These processes are conducted through collaboration between faculty, campus staff, and campus management who understand the profession and who can offer constructive feedback. It is the intention of the Referral Process to identify a candidate’s deficiencies and promote dialogue on how the candidate can improve and move forward in their program. The Referral Process is not intended as punitive, but rather as a corrective measure to ensure candidates are prepared to enter their profession.

During the course of their program, including general education courses, candidates are expected to conduct themselves in accordance with the Student Code of Conduct, Professional Dispositions Rubric, and Supplemental Standards criteria. Faculty members will closely monitor a candidate’s academic progress through a review of grades and dispositions. Should a student be reported for academic or behavioral issues at any time during their period of attendance, a student may be issued a Referral under the Supplemental Standards. A referral may be issued with or without a corresponding Student Code of Conduct action.

Supplemental Standards

The following Supplemental Standards for Candidates in College of Education Programs (“Supplemental Standards”) apply to these degree candidates before, during, and after their field placements and practicum. The Supplemental Standards address a candidate’s affective attributes and disposition to be an educator. A corresponding Professional Dispositions Rubric provides additional guidance.

A candidate’s ability to satisfactorily meet the Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management.

1. The candidate contributes to a positive climate in the University classroom and all field placements.

2. The candidate demonstrates mastery of written and spoken language for self-expression, as well as for effective interaction in all settings.

3. The candidate is a thoughtful and responsive listener.

4. The candidate is committed to reflection, assessment, and learning as an ongoing process and believes that all students can learn.

5. The candidate is willing to give and receive help.

6. The candidate is sensitive to community and cultural norms for the degree program, the University classroom, and all field placements.

7. The candidate appreciates and values human diversity and shows respect and fairness for others’ varied talents and perspectives.

8. The candidate values the development of critical thinking, independent problem solving, and performance capabilities in himself/herself and those with whom he/she interacts.

9. The candidate demonstrates a commitment to keeping abreast of new ideas and understanding in the human services field.

10. The candidate demonstrates a level of responsibility and ethical judgment appropriate for a professional educator/administrator.

11. The candidate maintains the highest ethical standards in interactions with faculty, students, and staff, as well as in preparation and submission of required course work, and the completion of tests.

12. The candidate maintains a pattern of exceeding minimal requirements in course and field placements.

University of Phoenix Supplemental Standards for Candidates in Administration and Supervision Programs

Candidates in a College of Education program leading to certification or licensure as school administrators at the University of Phoenix are subject to greater scrutiny because of their anticipated interactions with students, parents, and the school community. As prospective administrators, College of Education candidates are expected to represent the University as professionals and adhere to the ethics and standards of their profession as well as the University’s Student Code of Conduct.

The following Supplemental Standards for Candidates in Administration and Supervision Programs (“Administration Supplemental Standards”) apply to these degree candidates throughout their academic program and internship. The Supplemental Standards address a candidate’s affective attributes and dispositions to be an
A candidate’s ability to satisfactorily meet the Administration Supplemental Standards is a matter of ongoing academic judgment made by faculty, campus staff, and campus management. These supplemental, dispositional standards are adopted from the Administrator Dispositions Index items based on the work of the Council for Chief State School Officers (2003) and the National Association of Secondary School Principals (2001).

1. The administrator candidate believes the purpose of school is student learning and is committed to educating all students.
2. The administrator candidate values and is committed to life-long learning for self and others.
3. The administrator candidate believes there are a variety of ways in which teachers can teach and students can learn.
4. The administrator candidate is committed to establishing a safe and supportive learning environment.
5. The administrator candidate is committed to high-quality standards, expectations, and performances from self, staff, students, and others.
6. The administrator candidate is committed to ethical principles in decision-making.
7. The administrator candidate believes the school is an integral part of the larger community and is committed to collaborating with families and community members.
8. The administrator candidate believes in involving stakeholders in order to work toward common goals.
9. The administrator candidate values and is committed to timely communication to inform the community and public.
10. The administrator candidate recognizes and addresses the feelings, needs, and concerns of others.
11. The administrator candidate believes that diversity benefits the school and is committed to working effectively with people from all backgrounds.
12. The administrator candidate welcomes responses from others and actively works to form partnerships with parents.
13. The administrator candidate believes that risks must be taken to improve schools.
14. The administrator candidate believes and is committed to continual school improvement.
15. The administrator candidate is committed to motivating others to enhance professional and organizational growth.
The following policy and procedures are to be used to mutually resolve disputes by and between students and the University. Students are encouraged to first bring the concerns outlined below to the attention of the appropriate individual/department, as set forth in Step One below.

In connection with the University policies identified in Steps One, Two and Three below, this policy is intended to address disputes between a student and the University and create a framework by which a student and the University can resolve disputes. The University strongly recommends using the resources identified in Steps One, Two and Three to resolve disputes. None of these steps, however, precludes any student from seeking other forms of resolution, including in a court of law.

We agree that neither we nor anyone else will use this provision to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. We also agree that neither we nor anyone else will use this provision to stop you from being part of a class action lawsuit in court. You may file a class action lawsuit in court or you may be a member of a class action lawsuit even if you do not file it. This provision only applies to class action claims concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the Federal Direct Loan was obtained.

**Step One: Internal Resolution**

Students should first attempt to resolve any dispute or issue by contacting the following individuals/departments, and using the process set forth in the corresponding section(s) of the academic catalog, as referenced below. Please note that the information provided below represents only the initial contact with whom such disputes should be reported. Students should carefully consult the academic catalog to gain a more complete understanding of the processes associated with reporting and resolving disputes related to these subject matters.

- Allegations of sex discrimination, sexual harassment, or other forms of discrimination: Bridget Beville, Title IX Coordinator, Office of Dispute Management (“ODM”). See Nondiscrimination Policy and Harassment Policy in the academic catalog.
- Student Code of Conduct Violations (other than sex discrimination and sexual harassment): Registrar. See Student Code of Conduct section in the academic catalog.
- General Student Grievances (other than sex discrimination and sexual harassment): Office of Dispute Management. See General Student Grievances section in the academic catalog.
- Student Grievances relating to financial aid, account balances, or collections: Campus Management. See General Student Grievances section in the academic catalog.
- Academic Issues: Student Appeals Center in ODM. See Student Appeals Center Section in the academic catalog.
- Grade Disputes: Director of Academic Affairs or designee. See Grade Disputes section in the academic catalog.

**Step Two: Mediation**

If a dispute is not resolved as a result of Step One, all parties are encouraged to participate in a formal mediation session facilitated by a professional, neutral mediator. Mediation is not mandatory but is strongly encouraged as an effective way to resolve disputes. The physical location for the mediation shall be mutually selected by the parties. If the parties elect mediation, the costs associated with the mediation shall be paid by the University. Both the student and the University shall submit in writing to the other the name(s) of one or more professional, neutral mediators as a potential mediator in the matter. The parties will exercise their best efforts to agree on the selection of a mediator. If the parties cannot agree on the selection of a mediator, then the parties can submit the matter to the American Arbitration Association (AAA) for the purpose of having a neutral mediator appointed in accordance with AAA’s mediation rules.

The mediator shall schedule the mediation as expeditiously as possible. All parties will have the opportunity to attend and participate in the mediation. Any party may be represented by counsel of his or her choosing, at his or her own expense. The mediator shall direct how the mediation will be conducted. As with all mediations, any resulting resolution must be mutually agreed to by the parties, which shall constitute a final and binding resolution of the matter.

**Step Three: Binding Arbitration**

If a dispute is not resolved as a result of Steps One and Two, all parties are encouraged to participate in binding arbitration as an alternative to resolving the dispute in a court of law. Arbitration is not mandatory but is strongly encouraged as an effective way to resolve disputes.

If the parties mutually agree to binding arbitration as the method to resolve their dispute, the following shall apply:

1. The parties shall select the neutral arbitrator and/or arbitration sponsoring organization by mutual agreement. If the parties cannot mutually agree to an arbitrator and/or arbitration sponsoring organization, the arbitration will be held and the arbitrator selected under the auspices of the American Arbitration Association ("AAA"). Except as provided in this Agreement, the arbitration shall be held in accordance with the then current Consumer Arbitration Rules of the AAA ("AAA Rules"). The AAA Rules are available by navigating to the "Rules and Procedures" section of www.adr.org, or by requesting a hard copy from the University Legal Department, currently at 4025 S. Riverpoint Parkway, Mail Stop: CF-KX01, Phoenix, Arizona 85040.

2. In arbitration, the parties will have the right to conduct adequate civil discovery, bring dispositive motions, and present witnesses and evidence as needed to present their cases and defenses, and any disputes in this regard shall be resolved by the arbitrator. The arbitrator may award any party any remedy to which that party is entitled under applicable law, but such remedies shall be limited to those that would be available to a party in his or her individual capacity in a court of law for the claims presented to and decided by the arbitrator, and no remedies that otherwise would be available to an individual in a court of law will be forfeited by virtue of this Agreement. The arbitrator shall apply the
substantive law of the state in which the claim arose, or federal
law, or both, as applicable to the claims asserted. The arbitrator is
without authority to apply any different substantive law.

3. Each party will pay the fees for his, her or its own attorneys,
subject to any remedies to which that party may later be entitled
under applicable law. The University shall initially bear the
administrative costs associated with the conduct of the Arbitra-
tion, subject to: (1) a one-time payment by the student toward
these costs equal to the filing fee then required by the court of gen-
eral jurisdiction in the state where the student in question
attended the University (if the student is financially unable to pay
a filing fee, the student will be relieved of the obligation to pay the
filing fee); and (2) any subsequent award by the arbitrator in
accordance with applicable law. In the event the law (including
the common law) of the jurisdiction in which the arbitration is
held requires a different allocation of arbitral fees and costs, then
such law will be followed.

4. The Federal Rules of Evidence shall apply. The arbitrator shall
have jurisdiction to hear and rule on pre-hearing disputes and is
authorized to hold pre-hearing conferences by telephone or in per-
son, as the arbitrator deems necessary. The arbitrator shall have
the authority to entertain a motion to dismiss and/or a motion for
summary judgment by any party and shall apply the standards
governing such motions under the Federal Rules of Civil Proce-
dure and applicable federal common law.

5. The arbitrator will issue a decision or award in writing, stating
the essential findings of fact and conclusions of law. Except as may
be permitted or required by law, as determined by the arbitrator,
neither a party nor an arbitrator may disclose the existence, con-
tent, or results of any arbitration hereunder without the prior writ-
ten consent of all parties. A court of competent jurisdiction shall
have the authority to enter a judgment upon the award made pur-
suant to the arbitration.
ACADEMIC POLICIES

Academic Advisement

All students will have an Academic Counselor to support them in their educational journey from the start of their first class until after graduation. Academic Counselors work with students holistically on needs that exist both inside and outside of the classroom. Academic Counselors collaborate with students on the development of their individualized academic plans, assist with educational milestones, and maintain the commitment to earn a degree. Academic Counselors also educate students regarding the requirements of their academic program, ensure that students have the information they need to make informed decisions about their career goals, and provide coaching to support students in overcoming any obstacles that may arise on their path to graduation.

Additional services available on the student website include transfer credit summaries, official grades, program GPA, the ability to request transcripts, and access to a variety of career resources. All students are notified of their official transfer of credits at the time of matriculation and may view their official transfer credit evaluation and progress toward degree completion at any time on their student website.

Registration

Applicants to the University must enter into the most current program of study available in their state or jurisdiction and modality. Students must sign an Enrollment/Disclosure Agreement for the program of study which they intend to pursue. The student’s Enrollment/Disclosure Agreement defines the student’s curriculum and degree requirements. The executed Enrollment Agreement will be effective for one year from the date signed. A signed Enrollment Agreement must be on file before students are allowed to start class.

A Social Security Number is required to be recorded on a student’s education record if the student has or will receive U.S. Federal Title IV funding, U.S. Federal Veterans Affairs funding, and/or U.S. educational tax credit/T-1098. Students who have not or will not be receiving these types of funding will need to complete the Social Security Number Override Verification Form if the student prefers to have the Social Security Number omitted from the student’s education record. Should the University be made aware that U.S. Federal Title IV funding, U.S. Federal Veterans Affairs funding, and/or U.S. educational tax credit/T-1098 has or will be disbursed to a student, the student’s SSN will be added to the student’s education record by the Registrar’s Office. If this occurs, the student will be notified by the Registrar’s Office that the SSN Override has been administratively rescinded.

Official Evaluation

The Office of Admissions and Records, Office of Admission and Evaluation (or designees) review applicants’ required admission documents to render an official evaluation decision. A signed Enrollment/ Disclosure Agreement must be on file prior to the official evaluation being completed, and must be signed within 90 days of Admission Application or Program Change Addendum.

Upon completion of the evaluation, the student will be placed in the OF Evaluation Status and will receive official communication of the decision.

Admission Statuses

The University recognizes the following admission statuses for degree and credit-bearing certificate seeking students:

Applicant: (RR)

Applicants qualify for Applicant status (RR) upon completion of the application for admission and payment of the application fee (if applicable). Students on RR admission status may attend up to four UOPX courses.

Orientation Pending: (OP)

Applicants to designated undergraduate programs requiring the University Orientation Workshop who list less than 24 previous college credits as recognized by the University on the admissions application will be granted Orientation Pending (OP) admission status after all admission documents have been received, the admission file has been reviewed, and all admission requirements for the chosen program have been met. As a condition of admission, students on Orientation Pending (OP) admission status must satisfactorily complete the University Orientation Workshop.

Admitted with Condition: (AC)

Admitted with Condition status is used for a University sponsored risk-free period for designated programs. Applicants will be eligible for this status if they meet the following criteria:

• Have not previously been admitted as a regular student to the University
• Have not previously attended a credit-bearing course with the University

Admitted with Condition (AC) status will be granted after all admission documents have been received, the admission file has been reviewed, and the minimum admission requirements for the chosen program have been met. As a condition of admission, students on AC status must meet class attendance requirements in the fourth week of their first course (or after) and have all transfer credits evaluated prior to being unconditionally admitted.

En-route Credential: (EC)

Students who are pursuing an en-route credential on the way to earning a higher-level degree program will be placed on En-route Credential (EC) admission status for the lower level program being earned en-route. A student’s admissibility as a regular student will be enforced and maintained under the degree program of pursuit associated with the student’s enrollment agreement.

Admitted: (AM)

Applicants will be granted unconditional admission and placed on Admitted status (AM) after all admission documents have been received, the admission file has been reviewed, and all admission requirements and conditions for the chosen program have been met.

Deferred: (DF)

Applicants will be granted Deferred admission (DF) if documents or information required for admission (AM) are missing from the file. Applicants will remain on DF status until the required documentation or information is received. Applicants on DF status cannot attend class and will be administratively withdrawn from the University until the status is resolved.
Provisional: (PV)
Students in designated master’s (non-doctoral) degree programs who meet all admission requirements except the minimum GPA requirement for their program may be admitted on Provisional status (PV). Students admitted on PV status must achieve a GPA of 3.0 in their University of Phoenix coursework by the end of the fourth completed program applicable course. Students with a GPA below 3.0 at the end of the fourth completed program applicable course will be disqualified for admission (DA) and will remain on PV admission status.
The following criteria will apply to courses completed as part of the PV requirement:
• Noncredit bearing coursework will not be counted.
• Students may repeat courses. Repeated courses, designated with a repeat (R) code on the transcript will count towards the four course PV requirement.

Applicant International Credentials: (RI)
Applicants will be granted Applicant International Credentials (RI) status if the applicant is applying to University of Phoenix using copies of international credentials. Applicants will not be granted unconditional admission using copies of international credentials until verification or an original international academic record is received. Students on RI admission status may attend up to four UOPX courses.

Non-Degree: (ND)
Applicants interested in taking coursework at the University, but not interested in pursuing a degree or credit-bearing certificate, may register as non-degree students (ND).

Denied for Cause: (DC)
Applicants who have violated a University policy or procedure or committed some other act which, if he or she were already a student, would pose a risk to the University or would subject him or her to sanctions for violating the Student Code of Conduct, will be placed on Denied for Cause status (DC) and will be administratively withdrawn from the University.

Denied: (DN)
Applicants will be Denied Admission (DN) and will be administratively withdrawn from the University if the minimum requirements for admission to a program are not met.

Admission Deadline Exceeded: (DE)
Students who are unable to attain admitted status by the completion of their fourth course will be placed on Admission Deadline Exceeded (DE) status and be administratively withdrawn from the University if the minimum program GPA has been achieved.

Re-entry Required: (RE)
Students who were previously placed on one of the following admission statuses: AM, PV, IV, OP, or AC for a program but have not posted positive attendance in a course for the time designated by the Re-entry policy will be placed on Re-entry Required (RE) admission status. Students placed on Re-entry Required (RE) status will be required to re-enter the most current program/version in their state or jurisdiction and submit an admission application, enrollment agreement and any other documents as required by the new program.

Student Academic Standing
The University recognizes the following student academic statuses for degree and certificate seeking students:

Regular (RG)
student is compliant with applicable academic standing and progression program requirements.

Disqualified for Admission (DA)
results when provisionally-admitted students fail to achieve the minimum-required GPA at the end of the Provisional Admission (PV) period. The date of disqualification is determined by the course end date of the final course completed within the PV period.

Students placed on DA status:
• will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
• must be granted approval by the Student Appeals Center to re-enroll with the University and may not appeal to return prior to the end of the six-month disqualification period. There will be no exceptions.
• may not transfer to another program (including concentration, emphasis, specialization, or major) until they have fulfilled the six-month disqualification period and have received approval by the Student Appeals Center.
• must meet all conditions of the appeal decision and may be required to retake or replace the course(s) with the lowest grade(s) earned.

Academic Disqualification (AD)
results when students on Academic Probation (AP) fail to achieve the minimum-required GPA at the end of the probationary period. The date of disqualification is determined by the course end date of the final course completed within the AP sequence. The University will note the date a student is placed on and removed from AD on the permanent transcript.

Students placed on AD status:
• will be administratively withdrawn from the University and are not eligible to re-enroll until six months from the date of disqualification.
• may not transfer to another program (including concentration, emphasis, specialization, or major) until they have fulfilled the disqualification period.
• upon returning are required to retake or replace the program applicable course(s) with the lowest grade(s) earned until the minimum program GPA has been achieved.

Students in Nursing and Counseling Programs Only: must be granted approval by the Student Appeals Center to re-enroll at the University and must meet all conditions of the appeal decision.
Scholastic Disqualification (SD)
results when a student does not meet the minimum grade requirement for a designated course in their program. If the minimum grade is not earned, the course will be treated as a non-passing grade (F) and will be awarded zero (0.00) credit. The course will be counted in the calculation of the GPA based on attempted credits. The University will note the date a student is placed on and removed from SD on the permanent transcript.
Students placed in SD status:
• will not be allowed to continue in their program until they have fulfilled the requirements for progression as determined by University policy.
• may not transfer to another program (including concentration, emphasis, specialization, or major) without an approved SAC appeal, or until they have fulfilled the requirements for progression.

Scholastic Suspension (SS)
results when a student is suspended for a designated period or indefinitely from the University. The student will be administratively withdrawn and the University will note the dates of suspension on the permanent transcript. Students placed in SS status will not be allowed to continue in their program or transfer to another program (including concentration, emphasis, specialization, or major) until the designated period for the suspension has ended and/or the student’s status has been updated.

Expulsion (EX)
results when a student is administratively withdrawn from the University and not permitted to return under any circumstance. The date of expulsion is noted on the official transcript.

Program Academic Standing
The University recognizes the following Program Academic statuses for degree and certificate seeking students.

Regular (RG)
Student is in compliance with applicable academic standing and progression program requirements.

Academic Probation (AP)
Students will be placed on AP status when their program grade point average (GPA) falls below the minimum GPA required in their program. Students on AP status are restricted to a period of four consecutive (completed) program-applicable courses to bring their GPA to the minimum requirement for their program. Students who are below their minimum required program GPA will be placed on AP status and restricted to a period of four consecutive (completed) program-applicable courses to bring their GPA to the minimum requirement for their program.

Scholastic Probation (SP)
Students in competency-based education (CBE) programs will be placed on Scholastic Probation (SP) program academic status if a minimum grade of ME is not attained in a course. If a student repeats a course due to receiving a grade that is less than a ME and does not receive a grade of ME or better on the second consecutive attempt, the student will be scholastically suspended, permanently withdrawn, from the program. Students who have been placed on SP status:
• will be allowed to continue to complete all concurrent courses enrolled in at the time they are placed in SP status, but will not be permitted to be scheduled beyond the course(s) to be repeated, and any additional courses needed, up to a maximum of four concurrent courses.
• may not transfer to another program or major without an approved SAC appeal, or until they have fulfilled the requirements for progression.

Course Statuses

Administrative Withdrawal (AW)
Student is withdrawn from a course for failure to meet academic, admissions, candidacy, financial, or code of conduct policies.

Audit (AU)
Student has received appropriate approvals to observe the course and will not receive a letter grade.

Completed (CO)
Student has attended enough workshops to meet minimum attendance requirements and to receive a letter grade.

Dropped (DR)
Student was in a SC or EN course status and requested to be removed from the course. The student has not met the minimum attendance requirements in the course.

Enrolled (EN)
Student has satisfied at least one week of positive class attendance and continues to actively meet class attendance requirements.

Obsolete (OB)
Student has been scheduled for a course that has been retired and that will no longer be offered by the University.

Scheduled (SC)
Student is registered for a course and no class attendance has been posted.

Insufficient Attendance (TA)
Student has been automatically removed from the course due to not meeting minimum class attendance requirements.

Withdrawn for Admissions (WI)
Student not matriculated or student has been removed from admissions (AM) status after completing five courses.

Waived with Credit (WO)
Student has processed a waiver request through the Office of Admissions and Evaluation.

Withdrawn for Prerequisite (WP)
Student has failed to meet the course and/or program prerequisite requirement.

Exemption (WV)
Course waived without credit.
Candidacy Statuses

Level 1 Candidate Status: Level 1 candidate status is determined at the time of admission and is based on the admission requirements for the desired program. Not all programs have a candidate status requirement.

- 1S: Level 1 Candidate Status Satisfied: Applicant has met admission requirements and has been admitted.
- 1N: Level 1 Candidate Status Not Satisfied: Applicant has not met admission requirements, has been denied admission, and therefore does not meet the requirements to achieve Level 1 candidate status. Applicants in a 1N candidate status are restricted from taking courses and are administratively withdrawn from the University until admission requirements are met.

Level 2 Candidate Status: Level 2 candidate status is a review of additional requirements needed for the student to progress in their program past a certain point, as designated in program policy.

- 2S: Level 2 Candidate Status Satisfied: Student has met the additional requirements by the specified deadline indicated in the program requirements.
- 2N: Level 2 Candidate Status Not Satisfied: Student has not met the additional requirements by the specified deadline indicated in the program requirements. A candidate status of 2N restricts the student from attending any future courses until the requirements are met and the student will be Administratively Withdrawn from the University.

Enrollment Status

The University recognizes the following enrollment statuses:

Program Level Enrollment Status

<table>
<thead>
<tr>
<th>Enrollment Status</th>
<th>Code</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Active Full-Time</td>
<td>F</td>
<td>The student’s required academic workload for his/her program is at least 6 credits for an academic year, the student is meeting course attendance and (for CBE programs) academic engagement requirements, and the student’s official last date of attendance based on Academically Related Activities (ARAs) does not exceed 14 days. Institutionally Scheduled Breaks and In Progress Extension (IX) grades are excluded from the 14 day out of attendance calculation.</td>
</tr>
<tr>
<td>Withdrawn</td>
<td>W</td>
<td>The student has been withdrawn from the University. Withdrawal can be unofficial, official or administrative.</td>

Student Level Enrollment Status (Overall Enrollment Status)

The program level Enrollment Status determines a student’s overall enrollment status with the University. If there are multiple programs on record, the overall enrollment status will reflect the enrollment status of the program with the highest priority.
Student Falsification of Information

All students applying for admission to the University have the responsibility to submit a complete and accurate application package including all academic and professional credentials required. Submitting incomplete, false, or misleading information may be grounds for dismissal at any time.

On-Camera Conduct Policy

Students, faculty, and staff of University of Phoenix may have reason to use electronic camera communication. Any person engaging in a University of Phoenix related activity who activates a camera presence, whether intentionally or unintentionally, must comply with the following guidelines. Failure to comply with these guidelines may result in a disciplinary action.

- All persons appearing on camera must be dressed appropriately, as if present in a physical classroom or office setting. Examples of prohibited conduct include, but are not limited to, appearing on camera without appropriate covering; having exposed undergarments; and wearing clothing which is sexual, discriminatory, or otherwise unprofessional in nature.
- The area visible to the other party must be free from all items which may detract from or be disruptive to the educational environment. Examples of prohibited items include, but are not limited to, firearms, drugs (legal or illegal); drug paraphernalia (legal or illegal); tobacco products; and material which is sexual, political, discriminatory, or otherwise unprofessional in nature.
- The area in use by all parties must be free from general distractions. Examples include, but are not limited to, children, animals, electronics, appliances, and other adults.
- Parties appearing on camera are to conduct themselves at all times in a professional manner. Either party to on-camera communication may end their video presence at will.

General Grievances

The University has established specific processes for students who wish to submit a grievance or appeal. These processes are outlined within the following policies: Grades, Non-Discrimination and Equal Opportunity, Harassment, Student Dispute Resolution Policy and Procedures, Grade Disputes and Corrections, Academically-Related Appeals - Student Appeals Center, and Student Code of Conduct.

Grievances relating to financial aid and account balances must be reviewed by campus management before being submitted to the Office of Dispute Management (ODM). When such a grievance is received in the ODM, the student will be provided with guidance on filing a formal grievance via that office.

Student grievances and appeals not addressed in policy can be submitted in writing to the ODM, which will determine the appropriate course of action.

Academically-Related Appeals - Student Appeals Center (SAC)

Requests for exceptions to academic policy must be submitted via appeal to the Student Appeals Center (SAC). SAC decision-makers have the authority to make exceptions to University policy based upon a student’s individual circumstances. Decisions are based upon maintaining the academic integrity of the institution. It is incumbent upon the student to provide their campus representative with an appeal letter and all relevant documents and statements of support for the request. Students and campus representatives are required to refer to the specific policy being appealed in order to determine the eligibility of the request. SAC Decisions are ineligible for appeal through any other entity within the University.

Grading Procedures

Course grades can be viewed on the student website (https://ecampus.phoenix.edu) on the Schedule and Grades link or Program tab. In addition, students may view their grades on the official and unofficial transcript available on the home page by selecting Order Transcripts under the Quick Links listing. Faculty members are required to post final grades within seven days of completion of the course.

The University has established the following grading guidelines to be complied with by all faculty.

Grade Definitions

Student grades represent the work and knowledge level attained within the regularly scheduled course dates. Only the faculty member assigned to teach a specific course is authorized to issue grades to the students in the course. Final grades may only be changed by the faculty member after the grades have been submitted if an approved formal grade dispute is on file or if the faculty member determines the original grade was improperly calculated.

Effective 9/1/2007, the University has established the following grading guidelines with which all faculty must comply:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A–</td>
<td>3.67</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B–</td>
<td>2.67</td>
</tr>
<tr>
<td>C+</td>
<td>2.33</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C–</td>
<td>1.67</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D–</td>
<td>0.67</td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
</tr>
</tbody>
</table>

Competency-Based Education (CBE) Grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>MA</td>
<td>4.00</td>
</tr>
<tr>
<td>ME</td>
<td>3.00</td>
</tr>
<tr>
<td>NM</td>
<td>0.00</td>
</tr>
</tbody>
</table>

The following grades are not issued quality points and do not calculate into the GPA:

I = Incomplete
IP = In Progress
IX = In Progress extension
W = Withdrawal
W/F = Withdrawal failing
P = Passing
AU = Audit
QC = No grade awarded
NC = No credit
WC = Waived with credit

The minimum passing grade for a University course is D-; however, some University programs and courses require higher minimum grades. Minimum grade requirements are documented within policy for those specific programs. Students who receive a grade below the minimum passing grade established for a course will not earn quality points, as the grade is considered a failing grade.

A = Outstanding achievement. Student demonstrates intellectual initiative in accomplishing course goals and objectives through high levels of originality and creativity.
B = Very good work. Student performance meets designated course goals and objectives by demonstrating understanding of the course materials at an acceptable level.
C = Average work. Student performance demonstrates average comprehension and satisfactory achievement of the course goals and objectives.
D = Unacceptable work. Student performance demonstrates minimum acceptable performance in accomplishing course goals and objectives.
F = Failing. Student performance demonstrates unsatisfactory or below minimally acceptable achievement in accomplishing course goals and objectives.
I = INCOMPLETE. Student granted extension to complete assignments. A student who receives an Incomplete is given up to five weeks, at the discretion of the faculty, beginning five days after the scheduled course completion date to complete the course requirements and receive a grade.

Each assignment submitted during the Incomplete extension period will receive a 20% deduction, regardless of the circumstances under which the Incomplete was granted. Students who do not complete any additional course requirements prior to the new deadline will be awarded the grade earned for the entire course, as though an Incomplete grade had not been requested. Faculty members are required to produce completed Incomplete Grade Contracts as needed to enforce the new course completion deadline date.

Incomplete grades shall be granted for active duty military personnel, regardless of component and including reserve and National Guard personnel who are deployed in operational war zones or in adjacent geographic areas in support of operational war zones. An “operational war zone” is, for purposes of this policy, defined as an area of operations where military personnel are engaged in active conflict or in post-conflict activities. If the student would like an opportunity to complete the course while deployed, an Incomplete assignment submitted during the Incomplete extension period shall be waived for deployed students.

IP = IN PROGRESS. An IP grade may be awarded in the following instances:

- IP grade can only be awarded in qualified courses by the instructor. The IP grade allows the student additional time to complete requirements. IP grades will default to a QC or an F, depending on the course, if a letter grade is not posted by the instructor by the end of the IP timeframe. Faculty are not required to subtract one letter grade for IP grade awards.

IX = IN PROGRESS EXTENSION. An IX grade may be awarded in the following instances:

- This grade is only awarded to eligible students who are approved for reasonable accommodations under American Disabilities Act (ADA) or Title IX.
- For ADA: A new IX course completion date for ADA accommodations must be determined by the Disability Services Advisor. The Registrar’s Office will work with the Disability Services Advisor to determine the IX course completion date for ADA accommodations.
- For Title IX: A new IX course completion date for Title IX accommodations must be determined by Title IX. The Registrar’s Office will work with the Title IX Coordinator to determine the IX course completion date for Title IX accommodations.
- Students who are approved for reasonable accommodations will not have their grades penalized after completing the course to comply with an academic adjustment granted by the University in accordance with ADA and Title IX.
- IX grade will default to an F when the course exceeds its expiration date and no grade has been submitted.

QC = No grade awarded. A QC is awarded in the following instances:

- This grade may be used for zero credit courses once the attendance requirement has been satisfied.
- A QC grade may automatically post for certain Doctoral and Counseling courses when the IP period expires and no formal grade has been submitted.
- This grade allows students to repeat a course without penalizing their GPA in eligible courses.
- This grade may be used for zero credit courses once the attendance requirement has been satisfied.

AU = AUDIT Students will receive a designation of “AU” on their permanent record which will not carry any academic credit because there is no measurement of the student’s performance.

W = WITHDRAWAL Student withdrew due to exceeding the maximum allowable absences from the course or has been administratively withdrawn by the university. A “W” grade will be issued in the following scenarios:

- The student recorded positive class attendance in at least one scheduled week and did not meet the class attendance requirements due to exceeding the maximum allowable absences.
- The student recorded positive class attendance in at least one week and has been administratively withdrawn from the University and/or program during the course.

WF = WITHDRAWAL/FAILING Student withdrew from the course and the faculty member determined that the student was falling the course at the time of the withdrawal. The student attended at least one week of a course and reached the maximum allowable number of absences. Quality points are 0.00; the grade is not calculated in the GPA.

P = PASSING
Student satisfactorily completed the course.
NC = NO CREDIT
Student withdrew from the course; no grade was issued.
The course end date has passed without successful completion. Student has been administratively withdrawn from the course. Student failed to meet the academic engagement requirement.

CBE Grade Definitions:

- **MA = MASTERED.** A grade of MA is given for performance of demonstrated competency that exceeds course expectations as defined for course competencies. A grade of MA is equivalent to an A in traditional grading formats. Students must achieve a grade of MA for all required competency assessments to be issued a grade of MA for a course and be awarded credits.
- **ME = MET.** A grade of ME is given for performance of demonstrated competency that meets course expectations as defined for course competencies. A grade of ME is equivalent to a B in traditional grading formats. Students must achieve a minimum grade of ME on all competency assessments to be issued a grade of ME for the course and be awarded credits.
- **NM = NOT MET.** A grade of NM is given for performance that does not demonstrate the minimum competency level expectations for a course. A grade of NM is issued when all attempts at any one competency have been exhausted without a passing grade.
- **W = WITHDRAWAL.** Student has recorded positive class attendance, has not exhausted all attempts at any of the course competencies, and withdrew from the course due to any of the following scenarios:
  - Student failed to meet the academic engagement requirement for their program (exceeded 14 consecutive days without an academically-related activity in any CBE course in their program).
  - Student has been administratively withdrawn from the University and/or program during the course.
  - The course end date has passed without successful completion of all competencies.
- **I = INCOMPLETE.** Student granted extension to complete assignments. A student who receives an incomplete is given up to five (5) weeks, at the discretion of the faculty, from the scheduled course completion date to complete the course requirements and receive a grade.

Students who do not complete any additional course requirements prior to the new deadline will be awarded the grade earned for the entire course, as though an incomplete grade had not been requested. Faculty members are required to produce completedIncomplete Grade Contracts as needed to enforce the new course completion deadline date. Incomplete grades shall be granted for active duty military personnel, regardless of component and including reserve and National Guard personnel who are deployed in operational war zones or in adjacent geographic areas in support of operational war zones. An “operational war zone” is, for purposes of this policy, defined as an area of operations where military personnel are engaged in active conflict or in post-conflict activities. If the student would like an opportunity to complete the course while deployed, an incomplete "I" grade can be issued instead of a "W" grade. The "I" grade may be issued with an initial extension of six (6) weeks beyond the traditional five (5) week extension.

- **IX = IN PROGRESS EXTENSION.** An IX grade may be awarded in the following instances:
  - This grade is only awarded to eligible students who are approved for reasonable accommodations under American Disabilities Act (ADA) or Title IX.
  - For ADA: A new IX course completion date for ADA accommodations must be determined by the Disability Services Advisor. The Registrar’s Office will work with the Disability Services Advisor to determine the IX course completion date for ADA accommodations.
  - For Title IX: A new IX course completion date for Title IX accommodations must be determined by Title IX. The Registrar’s Office will work with the Title IX Coordinator to determine the IX course completion date for Title IX accommodations.
  - Students who are approved for reasonable accommodations will not be penalized after completing the course to comply with an academic adjustment granted by the University in accordance with ADA and Title IX.

IX grade will default to an W when the course exceeds its expiration date and no grade has been submitted. A student may not enter into another course while there is an IX grade posted.

The faculty evaluator issues grades for CBE competencies and courses. Only grades earned for a CBE course are listed on student transcripts. Grades for individual CBE competency assessments are not listed. Students have a maximum of 16 weeks to complete all competency assessments within a CBE course.

Program and Cumulative Grade Point Average

Program GPA is calculated using all University of Phoenix (UOPX) courses applicable to the student’s degree or certificate program. Program GPA is the sum of the student’s UOPX program-specific quality points divided by the sum of the student’s UOPX program attempted credits.

UOPX cumulative GPA is a calculation of all completed UOPX courses. Cumulative GPA is the sum of the student’s UOPX quality points divided by the sum of all the student’s UOPX attempted credits.

The following quality points are associated with the respective grades below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>

<td>2.00</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Program applicable coursework that may not apply toward the program in terms of credit but is needed to fulfill a proficiency, prerequisite, or other degree requirement will be included in the program GPA.

Students wanting to improve their Grade Point Average (GPA) may repeat a previously completed course, or complete an equivalent. The initial course will be removed from the GPA calculations, and the most recent course will be applied and calculated regardless of the grade earned. Additionally, the credits earned for the initial course will no longer apply to the student’s record. Academic Standing and Scholastic Disqualification policies will need to be

University of Phoenix, 2019-2020

ACADEMIC POLICIES
referred within each program for additional guidelines or limitations.

**Academic Forgiveness**

University of Phoenix provides the following academic forgiveness options for students.

- **Course Repeat**: Students wanting to improve their GPA may repeat a previously completed course, or complete an equivalent. The initial course will be removed from the GPA calculation, and the most recent course will be applied and calculated regardless of the grade earned. Additionally, the credits earned for the initial course will no longer apply to the student’s record. Academic Standing and Scholastic Disqualification policies will need to be referenced within each program for additional guidelines or limitations.

- **Academic Reprieve**: To allow for a student’s program GPA to recover from lower grades earned due to extenuating life circumstances, students enrolled in an undergraduate degree program, who have completed at least four GPA-applicable University of Phoenix courses, may request to have two course grades removed from calculating into their program GPA for the duration of their undergraduate studies at University of Phoenix. Doctoral, graduate, and certificate programs are not eligible for Academic Reprieve.

Courses removed from the program GPA through Academic Reprieve will continue to apply to the cumulative GPA. Required course of study courses in which a student earned a non-passing grade and any course that earns a non-passing grade as a result of a student code of conduct sanction are not eligible for Academic Reprieve. Additionally, courses that have a minimum grade requirement, are not eligible for Academic Reprieve; this may include capstone, practicum, clinical, internship, field placement, and student teaching courses.

Students who request Academic Reprieve for a course that received a passing grade will continue to receive credit for the course after the grade has been removed from the program GPA calculation.

Students using Academic Reprieve for a general education or elective course that received a non-passing grade will have the grade removed from their program GPA, but will be required to satisfy the applicable requirement through another University of Phoenix course or an acceptable transfer activity. All courses and their associated grades, for which grades are removed from the program GPA calculation as part of the University’s Academic Forgiveness policy, will continue to appear on the student’s official transcript. Students are not eligible to apply Academic Reprieve to a program after the degree has been conferred.

**Grade Reports and Transcripts**

At the end of each course, the faculty member submits and posts grades for each student. Students can view their course information including grades, GPA, program information and scheduled courses online at https://ecampus.phoenix.edu. The student’s official transcript is prepared by the Registrar’s Office. The official transcript will show the current enrollment status, all program(s) and GPAs as well as courses, grades, credits, and dates of instruction for all graded for-credit courses taken at University of Phoenix. Credits awarded from the Prior Learning Assessment will be recorded on the transcripts as the credits are awarded and assessment fees are paid.

Only a summary of credits transferred by institutions will be included on the transcript. If itemized information for these credits are needed, the student must contact the school where the credits were completed.

NOTE: Students may repeat courses. Only the grade and credit for the most recent repetition is used in calculating total hours earned and total cumulative grade-point averages. However, the original and repeated grades remain on the transcript bearing a symbol to show that a particular course has been repeated.

Transcripts will be released only to students who are in good financial standing with the University.

Students may request official transcripts from the student website (https://ecampus.phoenix.edu) on the home page by selecting Order Transcripts under the Quick Links listing and by following the directions for requesting a transcript. Students may also request transcripts by phone, fax or mail by contacting the Admissions and Records Service Center at 800-866-3919. Transcript Request Forms are also available at any University of Phoenix campus. Completed forms should be mailed to the Office of the Registrar, University of Phoenix, 4025 S Riverpoint Parkway CFL-308, Phoenix, AZ 85040. The Family Education Rights and Privacy Act of 1974 requires that all mail-in transcript requests be submitted in writing and be signed by the student.

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. All student record information is maintained on the University computer system, paper and/or microfiche, microfilm, disc or electronic imaging system.

**Grade Disputes and Grade Corrections**

- The University has established a dispute process for students who believe a grade has been awarded incorrectly.

- Student grades may not be changed by the faculty member after the grades have been submitted unless the student initiates the formal grade dispute process or if the faculty member determines the original grade was improperly calculated.

- Requests or disputes related to grades must be resolved by the faculty member in accordance to academic policies, whose decision is final, unless the dispute alleges discrimination or harassment.

- Disputes challenging the accuracy of a grade must be submitted by the student to the faculty member within six weeks from the grade posting date. Grade disputes based on work submitted, class participation, or claiming a calculation error are to be resolved solely by the faculty member, whose decision is final.

- Disputes challenging a grade which also allege discrimination or harassment by the faculty member are addressed according to the Non-Discrimination and Harassment policies.

- Disputes challenging a grade that also allege violation of an established University policy (other than discrimination or harassment) are addressed by the Director of Academic Affairs, or designee, who may mediate a resolution between the student and faculty member. However, the decision regarding whether to change the grade rests solely with the faculty member when adhering to academic policies.

- Formal grade disputes will only be reviewed if the student initiated the grade dispute process with their faculty member within six weeks from the grade posting date.
• Decisions for grade disputes must be rendered prior to the student being degree conferred.

Program and Modality Changes

Students wishing to change their program/version must enter into the most current program or version offered in their state or jurisdiction. Students must do this through consultation with appropriate campus personnel as some other institutional requirements or restrictions may apply. Students changing into a new program must have documentation on file that meets all admission requirements for the new program being entered. Students who are changing programs to a new program that has employment/work experience/access to work environment requirements must submit a Program Change Addendum. Previously transferred or completed University of Phoenix coursework may not apply to the new program requirements due to differences in degree and content requirements for the new program being entered.

Students making a permanent change from one modality to another (e.g., online to local campus, or local campus to online) are required to sign a new Enrollment/Disclosure Agreement specific to the new modality.

The following policies apply to students enrolled in a competency-based education (CBE) program who opt to change into a non-CBE program.

• Students cannot change programs while active in a CBE course
• Students enrolled in a CBE program are not eligible to dual-enroll in a non-CBE program.

Students in a non-CBE program may not change to a CBE program.

Graduation Application and Credential Conferral

University diplomas and certificates are issued to students who have completed all program requirements, who are in good academic and financial standing, and whose credential has been officially conferred.

Upon completion of all program requirements, students must submit a graduation application in order to be considered for official credential conferral.

Following credential conferral, the University will issue one diploma or certificate.

The date documented on the diploma will reflect the last day of the month in which all program requirements were completed and applied.

The date documented on the certificate will reflect the date on which all program requirements were completed and applied.

Degree and certificate conferral dates cannot precede the date the program was approved and became available in the student’s state or jurisdiction.

Once a credential has been conferred, modifications cannot be made to a student’s official academic record (e.g., students taking coursework to improve their program GPA).

Rescinding Academic Credentials

Situations may arise where it becomes necessary for the University to rescind a previously conferred academic credential (degree or certificate).

University of Phoenix reserves the right to rescind academic credentials under the authority and direction of the University Provost and Registrar.

An academic credential may be rescinded if it is discovered that a student had not fulfilled all of the credit-bearing and/or non-credit-bearing requirements. Other scenarios in which a credential may be rescinded include, but are not limited to, student, faculty, and administrator errors; student code of conduct violations; plagiarism; dishonesty; fraud; misrepresentation; or misconduct by students staff, faculty and administrators.

Braille Embossed Diplomas

Students may submit a request for a braille embossed diploma to the Disability Services Department. Requests for braille embossed diplomas should be submitted to DisabilityManagerQuestions@phoenix.edu. Approved requests will be routed to the Registrar’s Office for fulfillment. Students must provide appropriate documentation and be officially degree conferred.

Posthumous Degrees

The University may present posthumous degrees for deceased students who were enrolled and posted positive attendance, and were in good academic standing in a University program at the time of their death.

Posthumous degrees may be presented to immediate family members who submit a notarized Affidavit of Family Member of Deceased Student or to the executor of the estate with official written authorization.

Degree Posting

Degrees are conferred and posted to students’ academic record with the last day of the month in which all degree requirements are completed. Degree requirements are considered to be met when all credit bearing and non-credit bearing requirements have been met, and all credit has been posted to the academic record. The student’s individual program completion date is recorded on the academic record and transcript, indicating that the final academic requirements for the degree were completed on that date.

Diplomas are printed bearing the last day of the month in which all degree requirements were completed for all students who have completed the degree requirements and who have met all financial obligations to the university.

Students who are not eligible for degree conferral are notified by their Academic Representative of their degree deficiencies.
Graduation with Honors

Bachelor degree students who complete their degree program with a program grade point average of 3.85 or higher will graduate with "Honors". The "Graduated with Honors" designation will appear on the University diploma and permanent transcript.

Participation in Commencement Ceremony

Commencement ceremonies are held at several locations across the country.

Degree seeking students who meet the eligibility requirements may participate in any University of Phoenix (UOPX) commencement ceremony. Registration information and a complete listing of scheduled commencement ceremonies may be accessed via the student website.

Students who have met all of the requirements and completed a degree program with (UOPX) are eligible to participate in commencement.

Students who have not yet completed degree requirements are eligible to participate in commencement ceremonies when they meet the requirements as outlined below:

- Regular (RG) student academic status by the ceremony registration deadline date
- Regular (RG) program academic status by the ceremony registration deadline date
- Satisfaction of all financial obligations to the University
- Completion of degree requirements within the specific credit limits outlined below by the final registration deadline:
  - Associate: - Successful completion of all but 6 credits
  - Bachelor’s and master’s: - Successful completion of all but 9 credits
  - Doctoral: - Successful completion of all credit and non-credit bearing degree requirements, including an approved dissertation or applied project, and signature page signed by the Dean.

Students who do not meet the eligibility requirements will not be allowed to participate in commencement ceremonies. Campuses are not permitted to grant exceptions to these policies and no appeals will be accepted.

Students who attend commencement ceremonies prior to completing their degree requirements are not guaranteed an academic credential. Academic standards must be met in order for an academic credential to be awarded. Students may fail to meet these standards after attending commencement ceremonies.

All bachelor’s degree students who have met the University Honors requirements, by the commencement ceremony date, and have met all other eligibility criteria, will be recognized at commencement ceremonies with the University honor cord. Students who attend commencement ceremonies and wear the University honor cord prior to degree conferral are not guaranteed the "Graduated with Honors" designation on the University diploma and permanent transcript. Academic standards must be met in order for a "Graduated with Honors" degree to be awarded. Students may fail to meet the University Honors standards after attending commencement ceremonies.

Certificate students are not eligible to participate in commencement ceremonies.

Program Completion Deadlines

The following program completion deadlines outline the timeframes allotted to students to complete all requirements for their selected program version.

<table>
<thead>
<tr>
<th>Program</th>
<th>Years for Completion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Associate of Arts (Credit Recognition)</td>
<td>within 2 years</td>
</tr>
<tr>
<td>Bachelors</td>
<td>within 8 years</td>
</tr>
<tr>
<td>Masters</td>
<td>within 5 years</td>
</tr>
<tr>
<td>Doctoral except for PHD/IO &amp; EdS</td>
<td>within 8 years</td>
</tr>
<tr>
<td>PHD/IO</td>
<td>within 9 years</td>
</tr>
<tr>
<td>EdS</td>
<td>within 3 years</td>
</tr>
</tbody>
</table>

Program completion deadlines are calculated based on first date of positive recorded class attendance in the student’s program version.

Changes to a selected major, concentration, emphasis, or en-route credential in which a student remains in the same program version will not result in a change to the student’s program completion deadline.

A student who changes their program and/or version will have a new program completion deadline calculated based on the first date of positive recorded attendance in the course beginning after the student signature date on the most recent enrollment agreement on file.

- A student who posts positive class attendance in a program version, changes their program and then reverts back to their prior program version will be held to their original program completion deadline for that program version.

Re-entry students who return to the same program version will have a new program completion deadline calculated if that program version is still active and available for new enrollments and is the most current version in the student’s state or jurisdiction. Re-entry students who return to a program that is not accepting new enrollments and/or is not the most current version available in their state or jurisdiction will be held to their original program completion deadline.

Disclaimer on Job Placement

The purpose of the degree programs offered by the University of Phoenix is to extend the nature and range of careers available to its students by providing a quality education that integrates theory with practical application. However, the University cannot offer guarantees of job placement, advancement, or continued employment.
Non-Degree Students

Students who wish to complete one or more courses with the University without enrolling in a degree or certificate program are considered Non-degree students and will be enrolled under the Non-degree (ND) admission status. Non-degree students are subject to all institutional policies, except those that indicate that they are specific to degree-seeking students. Non-degree students can only enroll in courses associated with a degree or certificate program that has been approved in their state or jurisdiction of residency. Non-Degree courses are divided into the following categories:

- General education or elective for-credit courses that are not currently part of a required course of study for a degree or certificate program.
- Courses that are part of a required course of study for a degree or certificate program.
- For-credit courses that are part of an Extension program code for a College or non-credit bearing courses that are part of a Continuing Education program code.
- Students may not have any Continuing Education for Educators (COLEXT-ED) coursework apply to any program requirements (including general education, interdisciplinary, elective, or required course of study requirements) unless that coursework was completed prior to the Enrollment Agreement sign date for a degree or certificate program.

Enrollment of international students into non-degree courses in any of the three categories will only be made as permitted by U.S. law. University of Phoenix will not enroll into non-degree courses a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control (OFAC) nor any individual that has been designated a: Specially Designated National (“SDN”), Foreign Sanctions Evader (“FSE”), Blocked Person, Denied Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Registrants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant’s consent to allow the University to process the registrant’s personal information.

University of Phoenix does not market to potential students in European Union (EU) member countries. Individuals who reside in an EU member country will not be enrolled or admitted unless they are a U.S. citizen or are affiliated with the U.S. Military. To enroll in for-credit courses that are classified as general education, elective, or part of a required course of study for a degree or certificate program, Non-Degree students must meet the following academic preparedness requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas or are accredited or a candidate for accreditation at the time the student attended by an acceptable accrediting body, GED certificate or CHSPE (California High School Proficiency Examination) certificate, or completion of the HiSET examination with a passing score.
- Nevada: Applicants attending a local campus in Nevada must submit a copy of their high school diploma, high school transcript with graduation posted, GED certificate, GED transcript with successful completion posted, CHSPE examination results or a letter on letterhead from the high school records office confirming the date of graduation. Students may submit a college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency to satisfy this requirement.
- Students who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement.
- Students who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
  - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the enrollment paperwork.
  - Have been granted asylum or refugee status
  - Have a valid F1 Visa
- Students who reside in Canada must meet one of the following requirements:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
- Must meet state immunization and Health Insurance Requirements
- Provide an unofficial or official transcript demonstrating that any applicable prerequisites have been satisfied for their selected course(s). To satisfy a prerequisite the course must meet the following criteria:
  - have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university,
  - have been completed with a grade of "C" or better or comparable passing benchmark
  - be comparable in content and must be an equivalent level or higher level course
- Must not have been expelled from University of Phoenix or other institutions.

Non-Degree students who wish to complete graduate level courses that are part of the required course of study for a degree or certificate program must provide proof of completion of an undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. - JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

Non-degree students may complete an unlimited number courses; however, non-degree students will not be awarded a degree or cer-
Courses
College of Doctoral Studies Individual Doctoral Non-Degree Courses
- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

College of Social and Behavioral Sciences Individual Counseling Non-Degree Courses
Non-degree students with a graduate degree in counseling or related field (e.g. Psychology, school counseling, school psychology, gerontology counseling, rehabilitative counseling) may complete a maximum of four (4) graduate level courses from the available counseling course selection. The academic leadership responsible for the administration of counseling courses programs may waive prerequisite coursework with the appropriate graduate degree and/or clinical experience.

College of Nursing Individual Nursing Non-Degree Courses
Students enrolled in an approved RN-BSN transfer partner institution Concurrent Enrollment Program (CEP) may be scheduled for non-degree courses as outlined on the RN-BSN Partnership Transfer Pathway Guides.

RN-BSN Transfer Partner Institution CEP’s
RN-BSN Pathway Partnership CEP students are required to achieve a minimum grade of “C” (2.0) in their non-degree nursing courses. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” in any of the non-degree nursing CEP courses will be scholastically disqualified from the University. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn.

RN-BSN Pathway Partnership CEP students who have been scholastically disqualified will not be allowed to continue until they have taken the following steps:
- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

College of Doctoral Studies Individual Doctoral Non-Degree Courses
Non-Degree students enrolling in doctoral courses must provide proof of completion of a graduate degree from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

California Early Completion Option
- California residents may qualify, per state Commission requirements, for the Early Completion Option (ECO). This allows candidates to earn a preliminary credential in Multiple Subject or Single Subject by completing an Internship and the supervised student teaching component and teaching performance assessments.
- The California Early Completion Option (ECO) consists of credit-bearing, non-degree coursework. Candidates are not completing a University of Phoenix certificate or degree.
- The California Early Completion Option requires:
  - Completion of the following coursework (120 pre-service hours):
    - MAED/TED 07CA
      - Multiple Subject: MTE 506CA; MTE 518CA; ELM 500; SPE 514CA; RDG 537CA; MTE 522CA
      - Single Subject: MTE 506CA; SEC 508CA; ELM 500; SPE 514CA; RDG 542CA; MTE 523CA
    - MAED/TED 08 CA
      - Multiple Subject: MTE 511; ELM 533; ELL 500; MTE 512; RDG 556; ELM 532
      - Single Subject: MTE 511; SEC 533; ELL 500; MTE 512; RDG 558; SEC 532
  - Upon successful completion of required Early Completion Option (ECO) coursework and completion of additional requirements as outlined in the ECO checklist, students are eligible to apply for the Intern Credential.
  - Early Completion Option (ECO) students enrolled in this option must validate a full-time student teaching experience (minimum 15 weeks) as the teacher of record.
  - Students must successfully complete 15 weeks supervised student teaching experience. Candidates will be assigned a faculty supervisor by the University throughout the program and their student teaching experience.
  - Students will be assigned a mentor at the school site for the duration of their district contract.
  - Students must earn a B or better in each of the Student Teaching Seminars. Grades of “B-” are not accepted. Students who fail to receive a minimum grade of “B” in each of the Student Teaching Seminars will not earn quality points, as the grade is considered a failing grade.
  - Students have only one opportunity to successfully complete the student teaching experience.
- Early Completion Option (ECO) students who have completed coursework, but have not met their IR requirements within the contracted school year, may not be eligible to maintain their internship credential.
- Early Completion Option (ECO) students must pass the Teaching Performance Assessment on their first attempt and within one year of being issued the intern credential. Students who do not pass the Teaching Performance Assessments on their first attempt must transition to the CA internship option in the MAED/TED CA programs.
Late Assignments

Individual course assignments will be accepted up to four days after the assignment due date, with a maximum 10% deduction for lateness. This includes final week individual assignments, which may be submitted up to four days after the course end date. Course participation requirements must be met within the designated course week.

Academic Quality and Outcomes Assessment - Ensuring Consistent Quality

Ensuring Consistent Quality

Over the last three decades, University of Phoenix has made significant investments in developing and maintaining systems to ensure academic quality. These systems enable the institution to measure and evaluate the University’s effectiveness in meeting its mission and purposes, and to use the evidence to continuously improve students’ educational experiences and institutional processes. The comprehensive nature of the academic quality systems and the data produced provide the University with significant and meaningful input that is used to review and improve every aspect of the institution. Data gathered from course evaluations and student learning assessment are used in the curriculum development process and in the creation of faculty professional development tools. Data gathered from the continuous evaluation of institutional processes and systems are used to streamline processes and to make administrative support systems more user-friendly, continuously building on the analysis of information gathered.

Academic Quality Improvement and Outcomes-based Assessment

Academic quality is an integral part of the culture of continuous improvement at University of Phoenix. The University’s focus on academic quality improvement ensures that the institution is meeting its mission through continuous assessment and evaluation of faculty, curriculum, and processes.

Curriculum Development

University of Phoenix curriculum is designed to integrate adult learning theory, constructivist learning theory, brain-based learning research, and professional practice. Programs of study are defined and guided by professional standards, competencies, and/or proficiencies for student achievement of learning outcomes. Curriculum is designed to facilitate the acquisition of theoretical content and useful knowledge and skills identified as essential to the academic and professional success of working adults. The curriculum is designed to integrate academic theory, skills, dispositions, lifelong learning, and professional practice in a manner applicable to students’ work and life experiences.

Assessment of Student Learning

For University of Phoenix, the purpose of outcomes-based assessment of student learning is to generate information to the faculty, program, college and school, and University about the efficacy of its curricula and educational practices in enabling students to achieve exit-level expectations at the course, program, and institutional levels. Assessment answers the question: How well are University of Phoenix students meeting the general education, programmatic, and institutional learning outcomes underscored by the University’s mission? Its findings inform opportunities for curricular and pedagogical improvement, decision-making processes for policy consideration and resource allocation, and accountability. The process for outcomes-based assessment of student learning uses the following conceptual framework:

- Assessment Planning
- Collecting Evidence and Analyzing Data
- Implementing Improvement
- Monitoring Effectiveness of Improvements

By utilizing this assessment process, the colleges and schools establish clear, measurable outcomes and ensure that students have sufficient opportunities to achieve outcomes; systematically gather, analyze, and interpret evidence to determine how well student learning matches stated expectations; use assessment findings to improve student learning; and monitor improvements by measuring changes in student learning over time. Academic assessment provides the means for monitoring the educational experience of our students and gathering evidence of student learning. The University’s academic assessment processes include an ongoing combination of direct measures, such as course-embedded assignments, portfolios, and exams, and indirect measures that gather information from students, alumni, and employers. The instruments and measures are designed to provide valid and reliable evidence to support continuous improvement of academic programs.

Assessment of Students’ Educational Experiences and Administrative and Educational Support Units

Another major component of ensuring academic quality improvement is the assessment of students’ educational experiences and the processes of administrative and educational support units. A cadre of instruments and measures are used to monitor the day-to-day educational systems involving student, faculty, curriculum, and administrative services. By performing interim program review, evaluating faculty adherence to program standards and practices, and making small-scale resource decisions, information from academic quality improvement resources is used for assessing overall quality and compliance.

Multiple Measures of Effectiveness Academic Program Review

Academic Program Review (APR) at University of Phoenix is designed to foster academic excellence at all levels of the University. The APR affords UOPX faculty and college/school leadership the information to support the improvement of student learning; the structure to assess program quality, relevancy, and currency; the opportunity to reflect on the alignment of program goals with institutional mission and strategic initiatives; and the provision of data and evidence to support college/school and institutional planning, budgeting, and decision-making. The APR is a key component of the University’s assessment system and reflected within the University Program Life Cycle (UPL).

Beginning of Program Survey (Registration)

During the registration process, students are asked to provide basic background information about themselves. Much of the information from this Registration Survey is used for analyzing outreach trends and for regulatory reporting. However, the Registration Survey also contributes to assessment in two important ways. First, it is used to obtain basic demographic information about students: age, gender, race/ethnicity, work experience, occupation, and income. Second, students are asked to provide information about their goals in attending the University: to identify major academic and professional objectives, to rate the importance of factors influencing their decision to choose the University of Phoenix over alternative institutions, and to indicate what instructional methods are most effective in helping them assimilate and retain knowledge. The Registration Survey is also used to discover how students learned about the University, how they are financing their education, where they live and work in relation to University facilities, and whether they are satisfied with the recruitment and regis-
Student End-of-Course Survey (SEOCS)

Students in all courses complete an End-of-Course Survey, which focuses on students' evaluation of the curriculum, educational effectiveness, learning teams, time allocation, University Library, administrative and support services, facilities and equipment, and faculty skills and abilities. These measures are of significant value in diagnosing how well each component of the University's teaching/learning model is functioning in meeting student needs.

Faculty End-of-Course Survey (FEOCS)

Faculty complete an End-of-Course Survey, which focuses on curriculum evaluation, educational effectiveness, time allocation, administrative and support services, facilities, and access to technology. Because faculty are required to be highly qualified practitioners of the subjects they teach, they serve as an invaluable resource for evaluating programmatic curriculum. Faculty are also the University's best resource for determining whether students are professionally and academically prepared to benefit from their educational experiences.

Faculty Grading Practices

Accurate and fair evaluation of student academic performance is an important attribute of an effective educational program. Accordingly, measures of grade variance are reported by program. Grade variance for campus and individual faculty members are reported as elements of feedback for self-improvement and compliance with University standards of good practice.

End-of-Program Survey

Students finishing their degree programs complete an End-of-Program Survey. This survey asks graduating students to evaluate their overall University of Phoenix experience in areas such as quality of the education they received, skills and knowledge, and workplace application, as well as career advancement and progression. University officials use the information from this survey to continually enhance curriculum, instruction, student services, and overall university operations.

Academic Alumni Questionnaire

Graduates are asked to evaluate the effectiveness of their University of Phoenix education after they have had sufficient time to integrate their learning with the demands of their career and personal responsibilities. Using measures driven by the University’s mission, the alumni identify factors that influenced their decision to attend the University of Phoenix, the major personal and professional goals they achieved as a result, the quality of their educational experience according to the stated program student learning outcomes, how effective the University’s teaching/learning model was in helping them achieve their educational goals, and their employers’ opinions of the programs’ benefits. Data gleaned from the Questionnaire is used in program evaluation.

Persistence, Retention, and Graduation Studies

Numerous special studies are undertaken to explore trends and issues of potential significance to academic decision-makers in program evaluation. These studies may include enrollment by campus by academic program, persistence and graduation rates by admission status (first-time; lower-and upper-division transfers), gender and race/ethnicity, class size by rating of faculty and educational effectiveness, etc. Emphasis is placed on examining the nature and extent to which students’ educational needs and expectations are being met during the enrollment process, throughout their coursework, when they graduate, and in their continuing professional development as alumni.

Classroom Performance Review

The University is committed to providing excellent instructors, which necessarily calls for an ongoing system of faculty evaluation. Faculty members receive periodic Classroom Performance Reviews and feedback from Student End-of-Course Surveys. Faculty members also have an opportunity to provide the University with input about course curriculum, University services, and other related topics at the end of each course. Campus staff review and follow up on all input and feedback from students and faculty. A periodic Classroom Performance Review is completed for each active faculty member at least once every two years. The review represents one method of faculty evaluation based on a class observation.

Each review is conducted with a standardized form by a trained reviewer. Based on the observation, campus academic leadership and the faculty member discuss strengths and areas for improvement related to the faculty member's facilitation skills, assessment and feedback practices, coverage of course objectives, and overall class management.
UNIVERSITY OF PHOENIX ALUMNI ASSOCIATION

Whether you are a recent graduate or a long-time University of Phoenix alumnus, the Alumni Association is an exclusive benefit of University of Phoenix. You are automatically a lifetime member, and no fee or registration is required. To get the most out of your membership, visit the alumni website at phoenix.edu/alumni and update your profile. You may also print your Alumni Membership Card from your profile page to use as proof of graduation for discounts and more. Begin connecting with the association and your fellow graduates, and start exploring the benefits available to you:

Career Resources

• PhoenixLink™ - Continue accessing the entire suite of career tools you enjoyed as a student. PhoenixLink™ is where you’ll find support for your career goals, powerful networking tools, opportunities to give back and so much more.
• Search and apply for exclusive jobs.
• Find even more job postings on the Extended Job Network.
• Schedule career counseling sessions.
• Access the University’s alumni mentor database.
• View career planning and development resources.

Alumni Services

• Alumni Locator Tool - Find and connect with other graduates of University of Phoenix who have public profiles, and build a foundation that promotes communication and networking. Visit phoenix.edu/alumni/directory-search.
• Alumni Mentor Program - Join forces: knowledge + experience = power. The program connects University of Phoenix students and alumni to UOPX alumni volunteers for one-on-one online mentorships. Alumni mentors share success stories, industry insights and provide motivation and support. You can apply to be a mentor today or request a mentor for yourself. Find out more on the Alumni Association website at phoenix.edu/alumni/mentor.
• Alumni Business Directory - Are you an entrepreneur? Promote your business to fellow alumni. Not an entrepreneur? Support the businesses of your fellow alumni. phoenix.edu/alumni/business-directory
• Alumni Chapters - There are Alumni Chapters in cities across the country. Share experiences, advice and contacts informally by joining a chapter near you. To learn more about specific locations and chapter events, visit phoenix.edu/alumni/chapters.
• Benefits & Savings - Save money on brand-name items through University Marketplace, featuring discounts and cash-back offers from hundreds of retailers. Visit uopxlabelnumarketplace.com. University of Phoenix also has partnerships with several businesses to bring discounts to UOPX alumni. You can find these special offers on the Benefits and Discounts page of the Alumni Association website.
• Social Media - When our network grows, so does yours. Connect and stay in touch with fellow graduates near and far through Facebook®, Instagram®, LinkedIn®, Pinterest® and Twitter® online communities.

Financial Services

• Student Loan Resources - Manage your student loan repayment options and make better financial decisions with iGrad, our complimentary financial planning tool. Visit alumni.phoenix.edu/iGrad.

Academic Resources

• Complimentary online resources - Keep learning and brush up on skills you use in the workplace with continued 24/7 access to the University’s Alumni Library phoenix.edu/library, the Center for Mathematics Excellence phoenix.edu/mathematics-excellence and the Center for Writing Excellence found through the eCampus portal.
• Transcripts - Need a copy of your transcript? Visit phoenix.edu/students/transcripts to order one.

Admission Procedures

Application Process

Potential students applying for admission to the University's undergraduate degree programs begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance.

The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Applicant status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins course work under Applicant status will be admitted to the degree program.

Undergraduate students who have served in the United States military must submit their Joint Services Transcript (JST) or a transcript from a regionally accredited military university or college (Community College of the Air Force and US service academies). If these documents are unavailable, American Council on Education Registry Transcripts (AARTS and SMARTS) or discharge papers (DD-214) will be accepted. This is a requirement if students will be applying for VA educational assistance.

Applications of individuals who have not gained admission to, or enrolled in the University, will be kept on file for one year. After that time, the applicant is required to submit a new application and materials for admission review.

Transcript Requests of Other Institutions

Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application. University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student's responsibility to ensure that all transcripts are submitted to the University. Students must sign a "Transcript Request Form" for each transcript being requested from educational institutions and national testing programs.

Official Transcript Time Limits

All official transcripts must show an issuance date not more than one year prior to receipt by the University. This is to ensure that all prior course work is reflected on the transcript. Official foreign records do not have the same time limit issuance requirements, as these documents may be difficult to obtain. This exception does not apply to Canada or U.S. territories.

General International Admissions Information

Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses prior to the student being officially admitted only if they meet all the following requirements:

- If residing in the United States, have an appropriate immigrant or nonimmigrant status that does not prohibit educational studies;
- Graduate applicants must have a pre-evaluation completed by the Office of Admissions and Evaluation indicating that the applicant has the appropriate academic background to meet admission requirements;
- Must satisfy all other program-specific admission requirements. An applicant who has earned an undergraduate degree, or other transfer credit, from an institution outside of the United States, who has earned a master's degree from a regionally accredited or approved nationally accredited institution is eligible to enroll with the University at the graduate level. All program-specific admission requirements must have been satisfied by the master's degree.

Undergraduate applicants relying on educational credentials from an institution outside of the United States may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.

For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes, previous academic credentials earned outside of the United States must meet the University's verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by one the following methods:

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the applicant's previous institution;
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student's specific country;
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student's previous institution indicating that copies of academic credentials and/or level study is valid;
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admissions and Evaluation.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials will be subject to the same policies as credentials issued from a domestic institution.

Secondary completion credentials earned outside of the United States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student's state or jurisdiction.
Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies are included with each program’s admission requirements.

If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix. Translations must be completed and verified by an official translation service, a foreign language department of an accredited college or university, the country’s embassy/consulate, or by the Office of Admissions and Evaluation at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll nonimmigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with the Department of Homeland Security.

Admission of international students will only be made as permitted by U.S. law. University of Phoenix will not admit a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control (“OFAC”) nor any individual that has been designated a: Specially Designated National ("SDN"), Foreign Sanctions Evader ("FSE"), Blocked Person,Denied Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Applicants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant’s consent to allow the University to process the applicant’s personal information.

University of Phoenix does not market to potential students in European Union (EU) member countries. Individuals who reside in an EU member country will not be enrolled or admitted unless they are a U.S. citizen or are affiliated with the U.S. Military.

All academic credentials sent to University of Phoenix will become the possession of University of Phoenix and will not be returned to students unless prior approval was granted by the Office of Admission and Evaluation.

Admission Deadlines
University of Phoenix (UOPX) cannot guarantee that students who begin coursework will be admitted to their degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth UOPX course. Students who are unable to be admitted by the completion of their fourth UOPX course will be administratively withdrawn from the University and placed in Admission Deadline Exceeded (DE) admission status.

Admissions Appeal Process for Expelled Students
Expelled students are not eligible for admission to University of Phoenix (UOPX).

- No appeals will be accepted for students expelled from UOPX.
- Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained.

Students who fail to disclose all prior colleges and universities attended on their Admission Application may result in a charge under the Student Code of Conduct if it is discovered after their admission to UOPX that they were expelled from an undisclosed institution.

Undergraduate Admission Requirements

Most undergraduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation at the time the student attended, by an acceptable accrediting body; a foreign secondary institution completion credential; or a successfully completed state sanctioned test to include TASC (Test Assessing Secondary Completion), GED (General Education Development), CHSPE (California High School Proficiency Examination), or HiSET (High School Equivalency Test).

- **Nevada**: Applicants attending a local campus in Nevada must submit a copy of their high school diploma, high school transcript with graduation posted, GED certificate, GED transcript with successful completion posted, CHSPE examination results or a letter on letterhead from the high school records office confirming the date of graduation. Students may submit a college transcript which documents high school attended and date of completion or a copy of a DD-214 showing high school graduation or equivalency to satisfy this requirement. This Nevada requirement does not apply to College of Education programs.

- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  - or-
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  - or-
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  - or-
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCCEL), International Language Schools of Canada (ILSC) or Kaplan.
• achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.
• The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  • The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  • The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  • The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  • The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
  • The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
  • The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.
• Applicants who reside in the United States must meet one of the following requirements:
  • Be a legal resident of the United States
  • Have been granted permanent residency
  • Have a valid visa that does not prohibit educational studies
  • Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  • Have been granted asylum or refugee status.
• Applicants who reside in Canada must meet one of the following requirements:
  • Be a legal resident of Canada
  • Be a landed immigrant
  • Have a valid visa that does not prohibit educational studies
  • A completed and signed undergraduate application
  • A signed Enrollment/Disclosure Agreement.
  • Completion of any state-specific required documents or forms.
  • Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
  • Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
• Students enrolled in programs that are not administered under the risk free period policy*, who list less than 24 previous college credits as recognized by the University on the admissions application, are required to successfully complete a University Orientation Workshop (UNIV 100 or UNIV 101) to be officially admitted (AM).
• Programs administered under the risk free period policy are indicated as such in the “General Information” section of the program’s policy in the catalog.

**Residency Requirements and Course Waivers for Bachelor Programs**

Please see the program for any additional program specific residency requirements and course waivers. The following does not apply to nursing and education programs.

• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits (as a part of the final 60 credits of the program) come from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.
• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  • The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  • The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  • The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
• Providing that University residency policy is met, through an approved articulation agreement or Educational Partnership Pathway (EPP) students may be able to waive courses outside of standard course waiver policy requirements to facilitate seamless transfer for Associate degree completers.
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
Residency Requirements and Course Waivers for Associate Programs

Please see the program for any additional program specific residency requirements and course waivers. The following does not apply to nursing and education programs in addition to the AACR.

- Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 15 credits (as a part of the final 30 credits of the program) from a combination of Required Course of Study and General Education courses must be completed at University of Phoenix.

- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
  - Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

University Orientation Workshops

Applicants to designated undergraduate programs requiring the Workshop for admission who list less than 24 previous college credits as recognized by the University on the admissions application are required to successfully complete a three week University Orientation Workshop (UNIV 100 for Online or UNIV 101 for local campus) prior to attending a credit bearing degree applicable course.

The following define the University Orientation Workshop statuses:

- **Orientation Complete (OC):** Applicant has attended all three weeks and successfully submitted all assignments.
- **Orientation Not Complete (ON):** Applicant has not successfully completed all Orientation requirements and will remain on Orientation Pending (OP) admission status. Applicants will be allowed two attempts to successfully complete the Orientation. After a second unsuccessful attempt, participants are required to sit out for a period of six months after the last posted attendance in the second attempt.
- **Orientation Extended (OX):** An extension has been awarded to eligible applicants who require reasonable accommodations under Americans with Disabilities Act (ADA). If an applicant does not fulfill the Orientation Workshop requirements at the end of the extension period, the OX status will default to Orientation Not Complete (ON) status.

Orientation Complete (OC) and Orientation Not Complete (ON) completion statuses are not considered grades and will not be calculated in the grade point average (GPA).

Students who were previously admitted to the University are not required to complete the University Orientation Workshop.

Risk Free Period Policy

Students enrolled in programs that are eligible for the risk free period policy* are not required to complete a University Orientation Workshop.

The first three weeks of the first course constitute the trial period for programs that are eligible for the risk free period policy. First time attendees who indicate less than 24 previous college credits (as recognized by the University) on the admission application, who have not previously been admitted as a regular student to the University, and who are intending to pursue such programs will participate in the trial period and will be conditionally admitted. This trial period will apply to all repeated attempts to complete the first course in the program while students are in Admitted with Condition status. Students will be eligible for unconditional admission to the University after meeting class attendance requirements in the fourth week of their first course (or after the fourth week) and after having transfer credits evaluated.

Students will not be eligible for Title IV, HEA funds until they are admitted as a regular student after the trial period has completed. Once admitted as a regular student, students become eligible for Title IV, HEA program funds back to the beginning of the payment or loan period, as applicable, including the trial period. Students who decide not to continue in the trial period may opt out with no financial obligation prior to meeting class attendance requirements for their fourth week in their first course with the University. Students who withdraw after the trial period and do not continue enrollment will not be eligible for Title IV, HEA program funds for the trial period.

Students will indicate their intent to continue with their program by meeting class attendance requirements in the fourth week of their first course (or after the fourth week) at which point the trial period will end. Students completing the trial period that meet class attendance requirements for their fourth week or after will be financially responsible for all associated course charges. Students that record positive class attendance in at least one class that do not meet the class attendance requirements for the course due to exceeding maximum allowable absences will receive a “W” grade for the course which will be documented on the University of Phoenix transcript.

*Programs that are eligible for the risk free period policy are indicated as such in the “General Information” section of the program’s policy in the catalog.
Academic Progression Requirements

Phoenix Success Series (Pathway A and Pathway B Programs)
- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- In addition to GEN 201, Pathway A students are required to complete 3 credits of College Composition which will contribute to fulfillment of the General Education requirements.
- Following GEN 201, Pathway B students are required to complete coursework in the remaining Phoenix Success Series (PSS) categories which will contribute to fulfillment of the General Education requirements.

FP 100 ~ ............................................................... 3 credits
Everyday Economics and Finances
ENG 200 ~ ............................................................. 3 credits
Research and Rhetoric

- Concurrent enrollment is prohibited during any of the PSS courses.
- The PSS must be completed within the first six courses upon enrollment and prior to beginning the required course of study. The PSS contributes to fulfillment of the General Education and elective requirements.

First-Year Sequence (A Track and B Track Programs)
- Applicants disclosing 24 or more previous college credits on the admissions application, enrolling in designated undergraduate programs must successfully complete the entry course as outlined in the individual program policy as the first course with University of Phoenix, and are not required to enroll in the First-Year Sequence.
- Applicants disclosing fewer than 24 previous college credits on the admissions application, enrolling in designated undergraduate programs, are required to complete the First-Year Sequence.
- Prior Learning Assessment and credits earned through National Testing Programs are not included as previous college credits when determining placement in the First-Year Sequence.
- First-Year Sequence students must satisfy all seven (7) required courses from the First-Year Sequence prior to enrolling in any other program applicable course.

Preferred Sequence

GEN 195 .............................................................. 3 credits
Foundations of University Studies
COM 170 ~ ............................................................. 3 credits
Elements of University Composition and Communication I
COM 172 ~ ............................................................. 3 credits

Elements of Health and Wellness

- SOC 110 is an optional course that may be taken prior to the completion of the First-Year Sequence. Students choosing to take SOC 110 may take the course any time after GEN 195.
- With the exception of GEN 195, FP 120, and HUM 114, First-Year Sequence course requirements may be satisfied by any of the following means:
  - University of Phoenix coursework,
  - Regionally or nationally accredited transfer coursework (C- or higher grade),
  - National Testing Programs
  - ACE evaluated Military credits.
- Transfer activity used to satisfy a First-Year Sequence course must be comparable in content to the University of Phoenix course it is replacing, must be at least 2.67 credits, and must be equivalent level or higher.
- Concurrent enrollment is prohibited during any of the courses in the First-Year Sequence.

Waivers

The University defines a waiver as the substitution of a required course at the University with a course of the same level listed on an official transcript from another institution. Students may find specific course waiver information for their program after the applicable required course of study. Students requesting course waivers must have formal written requests submitted to the central Office of Admissions & Evaluation, utilizing the Request for Course Waiver Form citing the courses requested to be waived, the courses to be transferred into the required course of study, and the university where the transfer courses were completed.

An official catalog course description must accompany the request. The official transcript from the institution where the course was completed must also be submitted, unless it has previously been submitted to the University as part of the application process.
General Education

In its commitment to help working adults achieve their professional and personal goals, the University of Phoenix endorses the role of General Education in ensuring student success in the classroom, the workplace, and the community. The General Education curriculum, which is developed through the College of Social and Behavioral Sciences, provides instruction that focuses on Liberal Arts, Humanities, Science, and Mathematics.

Undergraduate General Education requirements emphasize exposure to and exploration of topics in a variety of General Education categories. This background provides students with the perspectives needed for meaningful self-examination of personal and social values, as well as enhanced ability to understand and navigate social, technological, scientific, and cultural change.

General Education Student Learning Outcomes

- In addition to the knowledge and skills related to the University Learning Goals, graduating students should attain certain knowledge, skills and abilities within the various General Education categories. Therefore, students should be able to demonstrate the following learning outcomes by the time they complete their General Education requirements:
  - Students will employ appropriate technology to collect, analyze, synthesize, and disseminate information.
  - Students will use mathematical principles to interpret and represent information in various mathematical forms, and perform computation and quantitative analyses to solve problems and draw appropriate conclusions.
  - Students will incorporate essential knowledge, theories, and research methods in social sciences, history, and behavioral sciences to analyze and propose solutions for social, political, and economic problems.
  - Students will use information literacy principles to locate and evaluate information for relevancy, reliability, and currency.
  - Students will evaluate the role of diversity, including culture, class, ethnicity, and gender identity in human affairs.
  - Students will analyze works of art and literature as aesthetic and cultural expressions of specific historical and social contexts to demonstrate artistic involvement in society.

General Education Categories

The curriculum within the General Education catalog is comprised of traditional categories. The required number of credits in each category varies by program and may be found within the program specific requirements. The General Education categories and curriculum ensure that students are exposed to content essential to a baccalaureate experience. Categories within General Education curriculum are as follows:

Communication Arts, credit requirements vary by program
Course work in Communication Arts focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

English/Language Arts, credit requirements vary by program
Course work in English/Language Arts focuses on the development and application of writing, speaking, group process, and interpersonal communication skills.

Mathematics, credit requirements vary by program
Course work in Mathematics develops quantitative and analytical skills in the fields of mathematics and advanced logic. The area does not include courses in which mathematics is merely an applied component (such as finance and accounting), nor does it include mathematics foundation courses below the level of college algebra.

Social Sciences, credit requirements vary by program
Course work in Social Sciences promotes understanding of human behavior as well as the structure and dynamics of social systems. Emphasis is on the discovery of patterns in social processes and institutions, both past and present. Courses in anthropology, sociology, economics, ethnic and gender studies, geography, political science, psychology, history, and certain communications courses focusing on mass media and society typically satisfy these requirements.

Social Studies, credit requirements vary by program
Course work in Social Studies promotes understanding of human behavior as well as the structure and dynamics of social systems. Emphasis is on the discovery of patterns in social processes and institutions, both past and present. Courses in anthropology, sociology, economics, ethnic and gender studies, geography, political science, psychology, history, and certain communications courses focusing on mass media and society typically satisfy these requirements.

Humanities, credit requirements vary by program
Course work in Humanities focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

Fine Arts, credit requirements vary by program
Course work in Fine Arts focuses on the development of ideas and values, appreciation of cultural and artistic achievements, and the evaluation of human experience. Courses in general humanities, philosophy, literature, fine arts, music, theater, and religious studies normally satisfy requirements in this area. Certain courses in political science and intellectual history emphasizing the development of cultural thought processes may also satisfy humanities requirements.

Science/Technology, credit requirements vary by program
Course work in Science/Technology provides students with an understanding of nature and the physical world, along with knowledge of the methods scientists use to study the world around them. Courses in astronomy, biology, chemistry, physics, anatomy and physiology, geology, and environmental science typically satisfy requirements in this area. All students must complete a minimum of three credits in the physical/biological sciences as part of the Science/Technology requirement. Certain courses in geography or aerospace studies that emphasize the earth’s physical characteristics, weather, and climate are included in the science category, along with highly specialized course work in social sciences such as physical anthropology, archaeological field methods, and psychology courses that focus on human physiological processes.

Technology refers to the application of scientific knowledge in
making and using tools to enhance culture. Course work in the area of technology that satisfies General Education requirements includes engineering, materials science, electronics courses that emphasize theory and design, and computer science courses that focus on programming languages and hardware/software engineering. Courses that focus primarily on the social and environmental conflicts that arise over the use of technology usually satisfy requirements in the social sciences and humanities.

**Liberal Arts** credit requirements vary by program

Students will pursue additional breadth in the Liberal Arts by selecting courses from any of the categories listed above.

**Interdisciplinary**, credit requirements vary by program

To fulfill this requirement, students may select additional General Education courses, or any University courses other than those in their major field. The intent of this requirement is to further increase students’ exposure to the categories listed and to facilitate their exposure to a field of study beyond the necessarily narrow scope of their professional interest. Students are encouraged to explore diverse content areas to add breadth to their academic and professional knowledge base.

**Prior Learning Assessment**

**Prior Learning Assessment Eligibility Guidelines**

University of Phoenix offers Prior Learning Assessment (PLA) as an option by which officially evaluated students can earn assessed credits toward degree completion requirements.

All prior learning must have academic equivalence to college-level learning to be awarded credit.

- All coursework, professional training, and Experiential Learning must be of sufficient academic merit, and must be determined to have learning, rigor and breadth of knowledge at the post-secondary level as defined by the University’s acceptable transfer activity policy.
- Credit is granted for demonstrated knowledge, not for experience alone. Learning must be clearly differentiated from experience through the appropriate demonstration of knowledge application and supporting documentation.
- Students are required to submit official and verifiable supporting documentation for all courses, professional training, and experiential learning essays upon applying to PLA. This documentation includes, but is not limited to, proof of completion, proof of course length, proof of course modality, course descriptions, and verification letters. Documentation of professional training submitted for evaluation must match the timeframe in which the license was completed.
- The student must demonstrate college-level writing skills in Experiential Learning Essays conforming to the writing standards required of all students enrolled at University of Phoenix.
- Credits will be awarded for coursework, professional training, and experiential learning only when it does not duplicate credits previously applied as transfer activity, the UOPX required course of study, or topics from other submissions for credit.
- The University of Phoenix recognizes credit recommendations of the American Council on Education ACE/CREDIT Guide, the American Council Guide to Educational Credit by Examination, and the National College Credit Recommendation Service (NCCRS). Credit is awarded using the recommendations as a guide and is not required to be assessed internally by the University’s PLA department.
- Courses which have been transcripted for academic college-level credit by a regionally accredited institution are not eligible for evaluation through the assessment process, whether or not credit has been awarded, unless they are Continuing Education Units (CEU), professional training courses, extension courses, or courses that are generally considered less than degree applicable college-level credit.
- PLA may apply towards both the lower division and upper division credit requirements of the University’s undergraduate degree programs unless otherwise specified in policy or limited by the state or jurisdiction of a student’s residence. PLA may also apply towards graduate level requirements upon the assessment and review of the activity by the appropriate college or school in which the associated graduate level program or courses reside.
- Students may not rewrite an Experiential Learning Essay more than once.
- Students may submit a completed Experiential Learning Essay up to 90 days after an essay topic has been removed or modified from the Approved Essay Topic List.
- University of Phoenix Code of Academic Integrity Policy is applicable to all PLA submissions.

**Prior Learning Assessment Credit Assessment**

Credit is awarded based on clock hours or academic content equivalence as determined by PLA evaluators or one of the University’s Colleges, Schools, or the Provost’s Office.

If an item submitted for professional training review is determined by the evaluator to be so extensive that it is worth more than three credits, the evaluator may recommend division of the content into multiple course titles.

Experiential Learning Essays shall be awarded one, two, or three lower division or upper division undergraduate semester credits as indicated on the Approved Essay Topics List.

With an approved essay, the student will be awarded the credit as indicated in the essay submission documentation. Incomplete or unsatisfactory essays will not be awarded credit. No partial credit will be awarded for essays.

Experiential Learning Essays will be awarded credit limited in application to elective and/or general education options at the undergraduate level only.

Assessed credits will appear on the student’s University of Phoenix transcript after they are awarded.

Students have the right to challenge credit awards. Challenges must be submitted to PLA in writing by the student within six weeks of the date of the credit award letter. Challenges received after this date will not be considered.

A student enrolled in an associate degree program may earn a maximum of 15 credits for Experiential Learning Essays and a student enrolled in a baccalaureate program may earn a maximum of 30 credits for Experiential Learning Essays.

**Corporate Partnerships- Credit Recommendation Guide**

The University will endeavor to create Corporate Partnerships with other corporations as appropriate in order to enhance transfer credit options for students coming to University of Phoenix. Transfer credit recommendations will be created in the format of a Credit Recommendation Guide (CRG).

CRGs will define transferability, applicability, and individual credit recommendations of partner corporations’ professional training/ seminars, deemed by assessment as comparable to college level learning, to University undergraduate degree program credit requirements. Credits indicated on a CRG are only a recommendation and not a guarantee of credits to be awarded as professional
training programs and content may change over time.
Evaluation and determination of credit award for activities listed
on the CRG will follow the Credit Assessment Guidelines as indi-
cated in Prior Learning Assessment Credit Assessment. A list of
corporations with which University of Phoenix has established cor-
porate partnerships can be viewed at http://www.phoenix.edu/
admissions/prior_learning_assessment/corporate-credit-recom-
mendation-guide.html.

Prior Learning Assessment Submission and Posting & Fees
Charges arising out of services and the posting of credit awarded
for prior learning are separate and apart from tuition and curricu-
lum fees.
When materials are complete, they are sent to Prior Learning
Assessment in Phoenix and a non-refundable application fee is
required and collected. The evaluation and posting fees apply to
credit awarded through Prior Learning Assessment:
Student portfolios are subject to fees related to evaluation and
assessment of all portfolio inclusions. The fees may vary depend-
ing upon number of items reviewed. Fee structure and information
may be viewed at: http://www.phoenix.edu/admissions/pri-
or_learning_assessment.html.

Standardized Credit Recommendations
Credits awarded through the assessment process are applicable to
University of Phoenix degrees, and may be transferable subject to
the receiving institution’s discretion.
Credit awards are applied to Associate or Bachelor elective or gen-
eral education areas within degree programs. Student degree pro-
gram admission is required (all other transfer credit applied in the
program) prior to portfolio submission.

Program Length

Associate Programs
The established "normal time" to complete a program is as follows:
Education - 90 to 104 weeks, Health Professions - 90 to 106 weeks,
Social and Behavioral Sciences - 90 to 109 weeks, Business and
Information Technology - 90 to 106 weeks. The ranges provided
above account for possible concentrations and/or bridge versions
available within the chosen degree program. The term "normal
time" means the length of time it would take a student to complete
this program if the student is continuously enrolled, takes a full
course load, successfully completes each attempted course, and
does not have any transfer credits. Students may exceed or com-
plete prior to the anticipated "normal time" for a variety of reasons
that are individual to the student.

Bachelor Programs
The established "normal time" to complete a program is as follows:
Education - 206 to 220 weeks, Health Professions - 200 to 204
weeks, Nursing - 202 to 215 weeks, Social and Behavioral Sciences -
200 to 225 weeks, Business and Information Technology - 200 to 204
weeks. The ranges provided above account for possible concentra-
tions and/or bridge versions available within the chosen degree
program. The term "normal time" means the length of time it
would take a student to complete this program if the student is
continuously enrolled, takes a full course load, successfully com-
pletes each attempted course, and does not have any transfer cred-
its. Students may exceed or complete prior to the anticipated
"normal time" for a variety of reasons that are individual to the stu-
dent.
COLLEGE OF SOCIAL AND BEHAVIORAL SCIENCES

The College of Social and Behavioral Sciences offers undergraduate and graduate degree programs in a number of diverse academic areas including counseling, psychology, social work, criminal justice and security, and public administration. The College provides innovative, relevant, and student-focused educational programs designed to prepare students for opportunities of service and leadership in the fields of social and behavioral sciences. These programs are developed and taught by highly skilled practitioners in their respective fields who emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Through individual and collaborative work in theory and practice, students can acquire the knowledge and skills needed for today’s work environment.

Bachelor of Science in Criminal Justice Administration

The following Bachelor of Science in Criminal Justice Administration (BSCJA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The mission of the Bachelor of Science in Criminal Justice Administration is to provide students with a strong foundation in criminal justice principles, concepts, and theories, as well as a practice orientation to justice administration. The degree offers a global perspective, as well as specialty coursework in criminal justice services. Students will receive core instruction in criminal justice as it is represented in the domains of law enforcement, criminal courts, and corrections then advance to emphasis courses within the broad domains of criminal justice.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Social and Behavioral Sciences graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will exhibit critical thinking and problem solving skills as they apply to criminal justice settings.
- Students will demonstrate a competency in communication and collaboration within diverse populations throughout the criminal justice profession.
- Students will apply information literacy and utilization relevant to the criminal justice profession.
- Students will gain a global perspective of ethics and cultural diversity aspects within the broad domain of the criminal justice structure.
- Students will demonstrate the application of quantitative and qualitative research methods to collect and analyze data, expressing the relationship between research, theory, and practice in the criminal justice profession.

Preferred Sequence and Prerequisites for the BSCJA - Pathway A and Pathway B

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

CJHS 430 ~ .................................................................3 credits
Collaborative Services in Criminal Justice
The University reserves the right to modify the required course of study.

The University’s security and criminal justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections or as a peace officer with any particular local, state, federal or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a security and criminal justice program, potential students are highly encouraged to check with the relevant agency for a complete list of position requirements. The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.

General Information for the BSCJA
- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSCJA
- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and an upper division certificate. Listed below are all of the possible en-route credentials:
  - Associate of Arts in Criminal Justice
  - Students may apply for conferment of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
  - Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSCJA
All applicants are expected to meet the following admissions requirements:
- Signed Acknowledgement Form

Degree Requirements for the BSCJA
- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
  - Required Course of Study - 48 credits
  - Upper Division Criminal Justice Electives - 18 credits
  - Electives - 9 credits
- A minimum of 45 upper division credits.
- A minimum grade point average (GPA) of 2.0.
- The diploma awarded for this program will read as:
  Bachelor of Science in Criminal Justice Administration
Academic Progression Requirements for the BSCJA

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.

Additional Residency Requirements and Course Waivers for the BSCJA

Students in this program may waive a maximum of 33 credits from the required course of study.

Students earning a Criminal Justice Certificate en-route to completing the undergraduate degree may waive a maximum of 3 credits within the certificate program in addition to the credits that can be waived in the BSCJA required course of study by meeting the following criteria:

- The activity must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students earning a Criminal Justice Certificate en-route must use the certificate coursework to fulfill the 18 credit Upper Division Criminal Justice Electives requirement.

Students not earning an additional credential or earning an Associate of Arts in Criminal Justice en-route may satisfy the 18 credit Upper Division Criminal Justice Electives requirement through the following means:

- Choose from a selection of University of Phoenix Upper Division Criminal Justice courses, which must include CJA 484.
- Upper Division Criminal Justice transfer activity that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better or comparable passing benchmark for nontraditional credits.

The following course in the Required Course of Study may not be waived: CJA 385, CJA 484

General Education Requirements for the BSCJA

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing
Mathematics, 6 credits
Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
Science and Technology, 9 credits

Must include at least six (6) credits in the physical or biological sciences
Humanities, 6 credits
Pathway B must include: 3 credits in critical thinking
Must include: GEN 201
Social Science, 9 credits
Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 3 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

General Education Requirements for the BSCJA for Students Obtaining an Associates En-Route Credential

Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing
Mathematics, 6 credits
Effective for Enrollment Agreements sign 6/1/2016 or later, must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
Science and Technology, 9 credits
Must include at least six (6) credits in the physical or biological sciences
Must include: CJS 215
Humanities, 6 credits
Must include: GEN 201
Pathway B must include: 3 credits in critical thinking
Social Science, 9 credits
Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology
Must include: CJS 235
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 3 credits
Must include: CJS 205
Any credit that is not being applied to the primary major as a waiver may be applied to the Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

For students earning an associate degree en-route, CJS 201 is a pre-
requisite for the following General Education courses: CJS 215 and CJS 235.

Re-entry for the BSCJA
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
Consistent with the values, mission, and purpose of the University of Phoenix, the College of Business and Information Technology mission is to provide innovative, industry-relevant, and accessible higher education that prepares learners to be competent, responsible, and ethical practitioners and leaders for career success. Our goal is to make a difference in the lives of our students and their organizations. Through its integrated network of faculty, staff, and business and IT collaborators, the College of Business and Information Technology will be a preferred source for finding and developing emerging leaders for organizations through the delivery of real-time education solutions that are relevant and immediately applicable to solving business challenges. The College of Business and Information Technology adheres to values that are consistent with the University’s values of Brave, Honest, and Focused. We believe that every staff and faculty member should have a commitment to learning, intellectual diversity, embracing innovation and improving society. We should empower excellence while acting with integrity, and treating others as we would like to be treated.

The Bachelor of Science in Business

The Bachelor of Science in Business (BSB) undergraduate degree program is designed to prepare graduates with the requisite knowledge, skills, and values to effectively apply various business principles and tools in an organizational setting. The BSB foundation is designed to bridge the gap between theory and practical application, while examining the areas of accounting, critical thinking and decision-making, economics, finance, business law and ethics, management, marketing, organizational behavior, business statistical techniques, and information systems. Students are required to demonstrate a comprehensive understanding of the undergraduate business curricula through an integrated topics course.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will apply decision-making skills and consider ethical implications when solving business situations.
- Students will integrate business concepts and principles to advance organizational goals.
- Students will analyze interrelationships among distinct functional areas of an organization.
- Students will analyze the implications of operating in a changing global business environment.
- Students will apply knowledge attained from the following domains of the BSB program as practitioners in business:
  - Finance
  - Accounting
  - Marketing
  - Information Systems
  - Research Methodologies
  - Economics
  - Business Law
  - Management
  - Business and IT collaborators
  - Students will integrate business concepts and principles to advance organizational goals.
  - Students will analyze the implications of operating in a changing global business environment.
  - Students will apply knowledge attained from the following domains of the BSB program as practitioners in business:
    - Finance
    - Accounting
    - Marketing
    - Information Systems
    - Research Methodologies
    - Economics
    - Business Law
    - Management

BSB Program Category Requirements - Pathway A and Pathway B

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Communications, 3 total credits

BSB Upper Division Business/Management Electives, 18 total credits

The University reserves the right to modify the required course of study.

General Information for the BSB

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate's degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate's degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSB

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:
  - Financial Planning Certificate
  - Marketing Certificate
  - Human Resource Management Certificate
  - General Management Certificate
  - Business Analytics Certificate
  - Associate of Arts with a Concentration in Business Fundamentals
- Students may apply for conferral of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Degree Requirements for the BSB

- Completion of a minimum of 120 credits.
  - General Education - 45 credits
  - Required Course of Study (BSB) - 39 credits
  - Upper Division Business/Management Electives - 18 credits
  - Electives - 18 credits
  - A minimum of 42 upper division credits.
  - A minimum grade point average (GPA) of 2.0.
  - The diploma awarded for this program will read as: Bachelor of Science in Business

General Education Requirements for the BSB

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.
- Liberal Arts Component, 36 credits
  - Communication Arts, 6 credits
  - Pathway A must include: 3 credits of College Composition
  - Pathway B must include: 6 credits in college-level research and writing
  - Mathematics, 6 credits
  - Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
  - Science and Technology, 6 credits
  - Must include at least three (3) credits in the physical or biological sciences
  - Humanities, 6 credits
  - Pathway B must include: 3 credits in critical thinking
  - Must include: GEN 201
  - Social Science, 6 credits
  - Pathway B must include: 3 credits in economics
  - Pathway B must include: 3 credits in psychology
  - Additional Liberal Arts, 6 credits
  - Interdisciplinary Component, 9 credits
  - Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
  - Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
- University of Phoenix coursework
- Activity that is acceptable in transfer to the University
- Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

General Education Requirements for the BSB for students obtaining an Associates En-Route Credential

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.
- Liberal Arts Component, 36 credits
  - Communication Arts, 6 credits
  - Pathway A must include: 3 credits of College Composition
  - Pathway B must include: 6 credits in college-level research and writing
  - Mathematics, 6 credits
  - Must include: 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
  - Science and Technology, 6 credits
  - Must include: 3 credits in the physical or biological sciences
  - Humanities, 6 credits
  - Pathway B must include: 3 credits in critical thinking
  - Must include: GEN 201
  - Social Science, 6 credits
  - Pathway B must include: 3 credits in economics
  - Pathway B must include: 3 credits in psychology
  - Additional Liberal Arts, 6 credits
Interdisciplinary Requirement, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement. Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University
- Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BSB

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
- Students transferring to University of Phoenix into an undergraduate Bachelor of Science in Business degree program with a previously completed Associate degree in Business under Direct Transfer Agreement (DTA) provisions from a Community or Technical College in the state of Washington will be considered as satisfying their lower division elective and general education requirements making the student Required Course of Study ready at University of Phoenix. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their Bachelor of Science in Business degree program.

Additional Residency Requirements and Course Waivers for the BSB

- Students in this program may waive a maximum of 30 credits from their required course of study.
- The 18 credit Upper Division Business/Management Elective requirement may be satisfied by any of the following means:
  - Upper Division University of Phoenix Business/Management coursework.
  - Previously completed Graduate UOPX Business/Management coursework.
  - Upper Division Certificate approved in the student’s state or jurisdiction.
  - Upper Division or Graduate Business/Management transfer activity that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date.
- The following course(s) may not be waived: BUS 475

MBA Pathway for the BSB

Bachelor of Science in Business students who want to transition into the University’s Master of Business Administration (MBA) degree programs may complete the following three (3) courses as part of their Upper Division Business/Management electives or general electives which are required for degree completion. The MBA pathway courses may be taken only after completion of the required course of study.

MGT 526 ~ .......................................................... 3 credits
Managing in a Changing Environment

ORG 535 ~ .......................................................... 3 credits
People and Organizations

LDR 535 ~ .......................................................... 3 credits
Leading Change

Re-entry for the BSB

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Bachelor of Science in Management

The following Bachelor of Science in Management (BSM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Management (BSM) degree program is designed to develop the professional knowledge and skills of cross-functional managers in an organization. The BSM degree enhances skills necessary for improved organizational effectiveness in a dynamic and evolving workplace. The program focuses on the development of management roles and emphasizes skills necessary to align resources, and to improve communication, productivity, and effectiveness. Upon completion of the program, students will possess the skills and competencies needed to determine and implement key management decisions and develop skills in leadership, human resource management, change management, and core business functional areas.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program:

- Students will identify management principles necessary for organizational effectiveness.
- Students will evaluate the effectiveness of processes used to achieve organizational goals.
• Students will apply key problem-solving strategies in the analysis and recommendation of business decisions.
• Students will analyze the implications of diversity in an organization.

- LDR 535 ~ ................................................................. 3 credits
  Leading Change

Re-entry for the BSM
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Bachelor of Science in Accounting
The following Bachelor of Science in Accounting (BSACC) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Accounting (BSACC) promotes identification with, and orientation to, the accounting profession and is designed to provide knowledge and skills necessary to an accounting career. In addition to the key accounting course work at the introductory and intermediate levels, critical areas of study including auditing and taxation are required in the program. The importance of ethics and international issues are emphasized throughout the curriculum, along with core competencies in technology and communication. The program utilizes specific accounting problem-solving software to provide students with practical knowledge of the accounting field. The program also addresses the goals of professional values, communications and leadership skills, strategic and critical thinking skills, and technology skills of the professional accounting environment and provides additional coverage on the International Financial Reporting Standards (IFRS). Students are also exposed to varied business disciplines including economics, statistics, law, corporate finance, and marketing to provide the general business overview and context necessary for accounting studies. This program is consistent with generally accepted accounting principles, including the accounting processes and knowledge areas that lead to professional certification.

Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine requirements. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.
### Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will examine the degree of alignment between their individual values and the organization’s values as reflected in the organization’s plans and actions.
- Students will apply financial accounting principles to record and communicate measurable business activities to stakeholders.
- Students will analyze accounting financial statements to support effective financial decision making.
- Students will evaluate various accounting activities in relation to ethical, legal, and professional standards.
- Students will apply business issues in the application of generally accepted accounting principles, government and non-profit accounting, international transactions, taxation, and auditing.

The University reserves the right to modify the required course of study.

### General Information for the BSACC

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
• Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.

• Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSACC
Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree. Listed below are all of the possible en-route credentials:
• Associate of Arts with a Concentration in Business Fundamentals

Students may apply for conferral of an en-route credential upon meeting the following program requirements:
• Successful completion of all the courses outlined in the enrollment agreement for the credential
• Achievement of the minimum program GPA
• Fulfillment of the minimum University residency requirement

Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Degree Requirements for the BSACC
• Completion of a minimum of 120 credits that include the following distribution:
  • General Education - 45 credits
  • Required Course of Study - 66 credits
  • Electives - 9 credits
  • A minimum of 51 upper division credits.
  • A minimum grade point average (GPA) of 2.00.
  • The diploma awarded for this program will read as: Bachelor of Science in Accounting

General Education Requirements for the BSACC
A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing

Mathematics, 6 credits
Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher

Science and Technology, 6 credits
Must include at least three (3) credits in the physical or biological sciences

Humanities, 6 credits
Pathway B must include: 3 credits in critical thinking
Must include: GEN 201

Social Science, 6 credits
Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology

Additional Liberal Arts, 6 credits

Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
• University of Phoenix coursework
• Activity that is acceptable in transfer to the University

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Academic Progression Requirements for the BSACC
• Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
• Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
• Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.

Additional Residency Requirements and Course Waivers for the BSACC
• Students in this program may waive a maximum of 30 credits from their required course of study.
• The following courses in the Required Course of Study may not be waived: ACC 497, BUS 475, ACC 498

MBA Pathway for BSACC
Bachelor of Science in Accounting students who want to transition into the University’s Master of Business Administration (MBA) degree programs may complete the following three (3) courses as part of their interdisciplinary or electives credits which are required for degree completion. The MBA pathway courses may be taken only after completion of the required course of study.

MGT 526 ~ ................................................................. 3 credits
Managing in a Changing Environment

ORG 535 ~ ................................................................. 3 credits
People and Organizations

LDR 535 ~ ................................................................. 3 credits
Leading Change

Re-entry for the BSACC
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Communication (BS/COM) program is designed to develop knowledge and skills for effective communication in a variety of public and private work environments. The program was created specifically to build upon personal and professional communication experiences. The BS/COM degree enhances the communication skills necessary for the development of professional competence and values; critical thinking and problem solving; information utilization; and collaboration. The curriculum focuses on the development of core communication competencies. It emphasizes theory and application in the domains of interpersonal, small group, organizational, mass communication, culture, and communication technology. Specific areas of focus include business communication, diversity, intercultural communication, conflict resolution, legal and ethical issues, media, and future trends in communication technology.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply the theoretical concepts and techniques of communication in their professional and personal environments.
- Students will apply interaction strategies in interpersonal, intercultural, and organizational settings using multiple media.
- Students will evaluate communication effectiveness in the workplace.
- Students will assess the historical foundations of communication in order to forecast trends in contemporary society.
- Students will apply ethical principles to all communication channels and strategies.
- Students will recognize the legal implications of the use of all types of communication.
- Students will apply research methods in the field of communication.

Program Category Requirements and Course Selections for the BS/COM

• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Bachelor of Science in Information Technology

The following Bachelor of Science in Information Technology (BSIT) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and en-route credentials depend on student demand and other factors. Not all programs and en-route credentials may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Information Technology (BSIT) program provides the knowledge to successfully apply information technology theory and principles to address real world business opportunities and challenges. The program covers fundamental and advanced knowledge in core technologies such as systems integration, network and cloud infrastructure, database design and integration, cybersecurity, programming and other supporting IT principles. The program provides the opportunity to specialize through the selection of coursework and/or University of Phoenix certificates, aligned to industry certifications, to support IT career goals.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Business Information Systems: Students will be able to apply key principles of systems analysis and design to selected business processes within the organization in order to implement effective information systems.
• Network and Cloud Infrastructure: Students will be able to design selected network and cloud infrastructures that will comply with key requirements of accepted industry best practices to improve organizational network operation.
• Database Design and Integration: Students will be able to design and develop key database models aligning with business requirements for storage, retrieval and use of data.
• Cybersecurity: Students will be able to implement cybersecurity solutions that comply with global governance best practices.
• Programming: Students will be able to demonstrate an ability to evaluate, design, and implement application programs to meet business processes.
Program Category Requirements for the BSIT

Some courses require prerequisites. Prerequisites and course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Core Topics, 6 total credits
CIS 207 ................................................................. 3 credits
Information Systems Fundamentals
CMGT 410 ~ .......................................................... 3 credits

Capstone, 3 total credits
BSA 425 ~ ............................................................ 3 credits
BSIT Capstone

Upper Division Information Systems and Technology Electives, 18 total credits

The University reserves the right to modify the required course of study.

General Information for the BSIT

- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate's degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate's degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSIT

Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree, lower division certificate, and/or upper division certificate. Listed below are all of the possible en-route credentials:

- Associate of Arts Concentration in Information Technology
- Advanced Networking Certificate (Undergraduate)
- Advanced Cyber Security Certificate (Undergraduate)
- Advanced Software Developer Certificate (Undergraduate)
- Advanced Virtualization Administration Certificate (Undergraduate)

Students may apply for conferral of an en-route credential upon meeting the following program requirements:

- Successful completion of all the courses outlined in the enrollment agreement for the credential
- Achievement of the minimum program GPA
- Fulfillment of the minimum University residency requirement

Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Additional Admission Requirements for the BSIT

All applicants are expected to meet the following admissions requirements:

- Signed Hardware/Software Agreement
- Students who have previously completed a regionally accredited Associate of Arts or Associate of Science degree will be eligible to apply all of the credits earned for the associate degree towards the lower division general education and elective requirements at University of Phoenix. The transfer coursework will be applied as a block at the time of admission to the program.

Students utilizing this policy will need to meet the following conditions:

- Satisfy Pathway A entry course sequence (GEN/201), unless otherwise stated in policy.
- Satisfy the MTH/220 General Education requirement.
- Complete a minimum of 18 credits of upper division Information Technology elective coursework or enroll in an en-route upper division Information Technology certificate approved in the student's state or jurisdiction.
• Meet all prerequisite or state-specific content requirements as outlined in the Academic Progression, Preferred Course Sequence, and General Education Requirements policy sections for their BSIT 009 program.

Degree Requirements for the BSIT

• Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 42 credits
  - Required Course of Study - 45 credits
  - Upper Division Information Systems and Technology Electives - 18 credits
  - Electives - 15 credits
• A minimum of 42 upper division credits.
• A minimum grade point average (GPA) of 2.00.
• The diploma awarded for this program will read as: Bachelor of Science in Information Technology

General Education Requirements for the BSIT

A minimum of 42 of the 120 credits must be in the general education areas approved by the University. Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing
Mathematics, 6 credits
Must include 6 credits of college algebra or higher
Science & Technology, 3 credits
Must include at least three (3) credits in the physical or biological sciences
Humanities, 6 credits
Pathway B must include: 3 credits in critical thinking
Must include: GEN 201 Social Science, 6 credits
Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.
With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
• University of Phoenix coursework
• Activity that is acceptable in transfer to the University
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.
Graduate Information Systems and Technology coursework may be completed as an option to satisfy credits within the Upper Division Information Systems and Technology Electives requirement.

Academic Progression Requirements for the BSIT

• Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
• Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
• Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.

Residency Requirements and Course Waivers for the BSIT

• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits (as a part of the final 60 credits of the program) come from a combination of the Required Course of Study, General Education, and Electives must be completed at UOPX.
• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  • The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  • The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
  • The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
• Providing that University residency policy is met, through an approved articulation agreement or Educational Partnership Pathway (EPP) students may be able to waive courses outside of standard course waiver policy requirements to facilitate seamless transfer for Associate degree completers.
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• Students in this program may waive a maximum of 21 credits from their required course of study.
• The 18 credit Upper Division Information Systems and Technology Electives requirement may be satisfied using any of the following means:
  • Upper Division or Graduate IS&T UOPX coursework.
  • Previously completed Graduate coursework from the College of Business and Information Technology.
  • Upper Division Certificate approved in the student’s state or jurisdiction.
  • Upper Division or Graduate Information Technology transfer coursework that is acceptable for transfer and was completed within the past five (5) years from current program enrollment agreement sign date with a grade of “C” or better.
• Upper Division Information Technology National Testing Program exams that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Upper Division Information Technology American Council on Education recommended (Military) credits that are acceptable for transfer and were completed within the past five (5) years from current program enrollment agreement sign date.
• Upper Division Information Technology Prior Learning Assessment (PLA) credits awarded to activities completed within the past five (5) years from current program enrollment agreement sign date.

Re-entry for the BSIT
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
As the health care industry expands and evolves at a rapid rate, jobs in health care administration business functions are expected to increase by 23 percent between 2012 and 2022. Whether you are already working in the field and looking to deepen your knowledge and advance in your profession, or if you are new to health care and want to gain the skills needed to launch a new career, The University of Phoenix® College of Health Professions will equip you with the leading-edge training you need to succeed in today’s dynamic health care environment—and to effectively tackle all of tomorrow’s challenges.

**The Bachelor of Science in Health Administration**

The following Bachelor of Science in Health Administration (BSHA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Health Administration (BSHA) Program is designed to integrate a framework of general education courses with a health care curriculum that prepares the graduate with the foundational knowledge needed to enter today’s challenging health industry. The BSHA curriculum addresses the basic body of knowledge, understanding, and skills identified as relevant to an ever-expanding and diverse health care arena. Coursework includes content in some of the following areas—management, finance, legal and ethical parameters, risk and quality management, human resources, and information systems. Upon completion of the core curriculum health care students have the opportunity to select an area of focus that is designed to expand their professional opportunities.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Health Professions graduating students are intended to attain certain program-specific knowledge, skills, and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Learners will be able to analyze a health care organization from a market-based perspective.
- Learners will be able to analyze financial issues in the health care industry.
- Learners will be able to explain the application of risk and quality management concepts in the health care industry.
- Learners will be able to analyze the utilization and application of technology within a health care organization.
- Learners will be able to apply management and adaptable leadership skills in the health care industry.

**BSHA Foundation Courses**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

BSHA Health Administration Electives

The electives below are intended for students earning their Associates en-route to the BSHA or students pursuing the BSHA with no en-route credential.

Students may satisfy the 15 credit Upper Division Health Administration Electives using the courses below and their respective equivalencies. Students earning a certificate en-route will fulfill the 15 credit Upper Division Health Administration Electives using the certificate coursework.

The College of Health Professions recommends students select and complete all courses within one elective track.

General Health Administration Elective Track:

- Legal Issues in Health Care: Regulation and Compliance
  HCS 446 ~ ................................................................. 3 credits
- Facility Planning
  HCS 455 ~ ................................................................. 3 credits
- Health Care Policy: The Past and the Future
  HCS 456 ~ ................................................................. 3 credits
- Risk Management
  HCS 475 ~ ................................................................. 3 credits

Health Information Systems Track:

- Project Planning and Implementation in Health Care
  BSA 376 ~ ................................................................. 3 credits
- Network and Telecommunications Concepts
  NTC 361 ~ ................................................................. 3 credits
- Database Concepts
  DBM 381~ ................................................................. 3 credits
- Information Systems Risk Management in Health Care
  HCIS 420 ~ ................................................................. 3 credits

Retail Health Management Track:

- The Landscape of Health Care in Retail Health Clinics
  RHM 410 ~ ................................................................. 3 credits
- The Management of Retail Health Clinics
  RHM 420 ~ ................................................................. 3 credits
- Technology and Digital Health Care in Retail Health Clinics
  RHM 430 ~ ................................................................. 3 credits
- Regulatory and Compliance in the Retail Health Environment
  RHM 440 ~ ................................................................. 3 credits
- Retail Health Financial Strategies
  RHM 450 ~ ................................................................. 3 credits

Lifespan Management Track

- Lifespan Management Capstone
  LSM 429 ~ ................................................................. 3 credits

The University reserves the right to modify the required course of study as necessary.

General Information for the BSHA

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

En-Route Credentials for the BSHA

- Students may declare and earn additional credentials that are approved in their state or jurisdiction en-route to completing the bachelor degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include an associate degree and/or upper division certificate.
- Students may apply for conferral of an en-route credential upon meeting the following program requirements:
  - Successful completion of all the courses outlined in the enrollment agreement for the credential
  - Achievement of the minimum program GPA
  - Fulfillment of the minimum University residency requirement
- Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Degree Requirements for the BSHA

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 45 credits
  - Required Course of Study (BSHA) - 51 credits
  - Upper Division Health Administration Electives - 15 credits
  - Electives - 9 credits
- A minimum of 42 upper division credits.
- A minimum grade point average (GPA) of 2.0.
- The diploma awarded for this program will read as: Bachelor of Science in Health Administration
General Education Requirements for the BSHA

A minimum of 45 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing
Mathematics, 6 credits
Must include 6 credits of quantitative reasoning or higher; or 6 credits of statistics or higher
Science and Technology, 6 credits
Must include: HCS 245
Humanities, 6 credits
Pathway B must include: 3 credits in critical thinking
Must include: GEN 201
Social Science, 6 credits
Pathway B must include: 3 credits in economics
Pathway B must include: 3 credits in psychology
Additional Liberal Arts, 6 credits
Interdisciplinary Component, 9 credits
Any credit that is not being applied to the primary major as a waiver may be applied to the lower division electives/Interdisciplinary requirement.
Physical Education activity credits are limited to four (4) credits.

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
• University of Phoenix coursework
• Activity that is acceptable in transfer to the University
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

MHA Pathway Policy for the BSHA

Bachelor of Science in Health Administration (BSHA) students who want to transition into the Masters of Health Administration (MHA) degree program may complete a maximum of six (6) graduate-level credits as part of their Elective requirement. These courses may only be taken after the completion of the required course of study.

MHA 505.................................................................................. 3 credits
Systems Thinking in health care environments
MHA 507.................................................................................. 3 credits
Leveraging informatics in the health sector
MHA 508.................................................................................. 3 credits
Navigating the regulatory environment in health care
MHA 542.................................................................................. 3 credits
Leading with authenticity in the health sector
MHA 560.................................................................................. 3 credits
Creating a sustainable legacy: healthy communities

Academic Progression Requirements for the BSHA

• Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
• Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
• Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.

Minimum Grade Requirements for the BSHA

• Students in this program are required to achieve a minimum grade of "C" (2.0) in course listed below. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" will be scholastically disqualified from the University.
  • HCS 499 Health Care Strategy Capstone
• Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the BSHA program.

Additional Residency Requirements and Course Waivers for the BSHA

Students in this program may waive a maximum of 15 upper division credits from their required course of study. Students may also waive 12 lower division credits from the required course of study.

The Upper Division Health Administration Elective requirement may be satisfied by any of the following means:
• Approved UOPX Health Administration Elective coursework.
• Upper division Certificate approved in the student's state or jurisdiction.

The following course(s) may not be waived: HCS 305, HCS 499

Re-entry for the BSHA

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
Programs in the College of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to an increasingly complex licensing and credentialing environment—today’s nurses must work hard to navigate the changes and remain on the leading-edge of their professions. Whether you are a registered nurse looking to bolster your credentials to meet today’s higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, The University of Phoenix® College of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation—College of Nursing Programs

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

International Nursing Honor Society

The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, College of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that support members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit their website at www.nursingsociety.org. To learn more about the Omicron Delta chapter visit their website at http://www.omicron-delta.net.

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

License Requirement

PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master’s certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice.

All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

Scholastic Disqualification

Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later:

Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

Drug Testing

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a “for-cause” 15-panel drug screen plus an alcohol drug test.
Bachelor of Science in Nursing

The following Bachelor of Science in Nursing (BSN) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment advisor for more information.

The Bachelor of Science in Nursing (BSN), accredited by the Commission of Collegiate Nursing Education (CCNE)*, is a program designed to develop the professional knowledge and skills of registered nurses. The curriculum builds on a foundation of biological, physical, and social sciences, which contribute to the science of nursing. The liberal arts components enhance the development of the intellectual, social, and cultural aspects of the professional nurse. This baccalaureate program includes behavioral objectives that concentrate on the development of the nurse’s role as researcher, practitioner, and leader. Using human caring as a framework, registered nurses are prepared as generalists who are able to apply critical thinking, professional skills, and knowledge to patient outcomes and health care systems.

*A The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will demonstrate evidence-based, holistic, patient-centered care that reflects knowledge of the health-illness continuum.
- Students will implement appropriate health promotion and disease prevention strategies for diverse individuals, families, and populations across the life span.
- Students will demonstrate professional standards of moral, ethical, and legal conduct in health care industry.
- Students will apply leadership and organizational principles that promote safe health care delivery and nursing practice.
- Students will incorporate strategies that influence health policy at state, national, and international levels for the provision of safe, quality patient care.
- Students will integrate patient care communication and information technology systems in health care delivery to improve patient outcomes.
- Students will utilize interprofessional care coordination strategies to promote quality patient care.

Program Purpose

The Registered Nurse to Bachelor of Science in Nursing is a post-licensure education program designed for nurses with an active and unencumbered RN license who wish to obtain a bachelor’s degree in the professional field of nursing. The program is designed to develop the professional knowledge and skills of registered nurses and prepare them as generalists who are able to apply critical thinking, professional skills and knowledge to make clinical decisions that will result in positive patient outcomes and support healthcare systems. outcomes and healthcare systems. The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

Additional Admission Requirements for the BSN

All applicants are expected to meet the following admissions requirements:

- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the US NCLLEX-RN exam. Students must provide documentation showing successful completion of the US NCLLEX-RN exam:
  - Guam
  - American Samoa
• Northern Mariana Islands
• US Virgin Islands
• Puerto Rico
• Completion of a nursing diploma; associate degree (any emphasis) earned in the United States from an approved regionally or nationally accredited institution; an associate degree in nursing or post-secondary diploma in nursing or foreign equivalent earned at a recognized foreign institution; California 30 credit option or California BSN approved program.

• International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  • Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  • All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  • All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  • Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Have a valid visa that does not prohibit educational studies
  • A signed Foreign Nursing Memorandum of Understanding on file.
• The Lower Division Nursing requirement will be satisfied using
• Students transferring to University of Phoenix into an
• Signed Clinical Assurance Statement form
• Students transferring to University of Phoenix into an undergraduate RN to BSN program with a previously completed, regionally or nationally accredited Associate of Arts degree (any emphasis), Associate of Applied Arts Degree with an emphasis in Nursing, an Associate of Science Degree with an emphasis in Nursing or an Associate of Applied Science Degree with an emphasis in Nursing will be considered as satisfying their lower division elective, general education, and math and English proficiency requirements without any course content or timeframe restrictions. Students utilizing this policy will still need to meet all pre-requisite or state specific content requirements as outlined in the Academic Progression and General Education Requirements policy sections for their chosen program.

• RN-BSN Pathway Partnership Concurrent Enrollment Students Only: Applicants transferring to University of Phoenix with a completed Associate degree in nursing from an approved Partnership Institution will be eligible to satisfy lower division general education program requirements within their BSN as outlined on the RN-BSN Pathway Partnership Transfer Guide. Prior to enrolling into the BSN program applicants must:
  • Have a signed Concurrent Enrollment Memorandum of Understanding on file.
  • Complete NSG 302, NSG 416, NSG 426, and NSG 451 at the University of Phoenix under the ND-NURSE 001 Non-degree program code.
  • Meet all other BSN admission requirements.

Degree Requirements for the BSN
• Completion of a minimum of 120 credits that include the following distribution:
  • General Education - 47 credits
  • Required Course of Study - 33 credits
  • Lower Division Nursing - 40 credits
  • A minimum of 33 upper division credits.
  • A maximum of 87 lower division credits
  • A minimum grade point average (GPA) of 2.0.
• University of Phoenix offers assessment of prior learning as an option by which students can earn assessed credits toward degree completion requirements. Registered nurses, enrolled in the BSN program, whose nursing education was completed at a non-US institution, or a non-accredited institution, may be evaluated for transferable non-nursing credits for degree completion.

• The diploma awarded for this program will read as:
  Bachelor of Science in Nursing

Academic Progression Requirements for the BSN
• All students enrolling in the BSN program will take NSG 302 as their first course.
• Students may take courses required for the Bachelor of Science in Nursing degree in any sequence as long as the prerequisite(s) for each course has been satisfactorily completed.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
• Satisfy University Proficiency Requirements
• A clinical course may not be taken concurrently with any other course. The clinical courses in this program include: NSG 482CA, NSG 486CA.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.

Minimum Grade Requirements for the BSN
• Students in the Bachelor of Science in Nursing are required to achieve a minimum grade of "C" (2.0) in all nursing and clinical courses. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" in any of the following courses will be scholastically disqualified from the University: HSN 376, HSN 476, NSG 302, NSG 416, NSG 426, NSG 451, NSG 456, NSG 468, NSG 482, NSG 486, NSG 498
• Students cannot repeat more than one nursing or clinical course from the lists above. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.

• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

• Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Students may repeat the specific nursing courses listed above only one time. If the student does not receive the minimum grade requirement on the second attempt, the student will be scholastically suspended, permanently withdrawn, from the Bachelor of Science in Nursing program.

Residency Requirements and Course Waivers for the BSN
• Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

• Students in this program cannot waive any courses in their required course of study.

General Education Requirements for the BSN
A minimum of 47 of the 120 credits must be in the general education areas approved by the University.

Communication Arts, 6 credits
ENG/220, equivalent or higher

Mathematics, 6 credits
Must include 6 credits of statistics or higher.

Natural/Physical Sciences, 12 credits

Humanities, 6 credits

Social Science, 6 credits

Interdisciplinary Requirements, 11 credits
Any earned credit may be applied to the Interdisciplinary Component, with the exception of the following: credits applied to course(s) in the Required Course of Study as a waiver, equivalent course(s) to the BSN Required Course of Study, LD nursing credits from a nursing diploma or ADN program, and credits that apply to other areas of general education or the nursing Required Course of Study.

Physical Education activity credits are limited to four (4) credits.
Note: Six (6) upper division Nursing Pathway course credits may be applied to the interdisciplinary category.

Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Nursing Pathway for BSN
Bachelor of Science in Nursing students who want to transition into the University’s Master of Science in Nursing (MSN) degree programs may complete two (2) of the following courses as part of their upper division elective credits which are required for degree completion. The nursing pathway courses may be taken only after completion of the required course of study.

Pathway Courses to MSN/ADM, MSN/NED, MSN/INF
• NSG 511
• NSG 512

Re-entry for the BSN
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.

• Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.

• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

• An appeal will be required for re-entry students to re-enroll in their program if:
  • The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  • The student wishes to return to a prior program version.

• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
The College of Education offers undergraduate programs designed for future educators combining content and pedagogical preparation. These programs are developed and taught by skilled practitioners who work in their respective fields, and emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Each program blends theory and practice through a combination of individual and collaborative work to foster a learning environment that allows students to build their knowledge base and apply what they have learned to “impact student learning one educator at a time.” Each student/applicant is responsible for checking with his/her state Department of Education and/or school district to determine specific credentialing requirements. The College of Education offers associate level degree programs designed to provide content knowledge in areas such as English/language arts, fine arts, math, science, and social studies, as well as foundational coursework in education.

**Bachelor of Science in Education/Elementary Education**

The following Bachelor of Science in Education/Elementary Education (BSED-E) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Education/Elementary (BSED-E) is an undergraduate degree program preparing candidates for teacher licensure. The guiding philosophy of the BSED/E program is to provide students with the skills and knowledge that will allow them to become competent and effective educators. This program focuses on elementary student learning by developing the skills of the educator responsible for that learning. Student teaching is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels. The focus of each observation will relate to specific course content.

View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

**Educator licensure requirements vary by state. Candidates who are a resident of a state that does not provide a direct path to licensure, will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared candidate. The Arizona certification process requires candidates to pass all Arizona-specific licensure requirements including any Arizona-specific exams (or home state equivalents if recognized by the Arizona Department of Education). After candidates have been licensed in Arizona, they may be required to complete testing or other additional certification requirements, at additional cost, in their home state in order to obtain state licensure there. Program requirements may change based upon state agency licensure requirements and it is the candidate’s responsibility to check with their state agency for state-specific requirements. Candidates residing in Alabama, Idaho, Illinois, Indiana, Kansas, Missouri, New Jersey, New Mexico, Oregon, Puerto Rico, Texas, and Utah will be required to obtain Arizona certification first, prior to seeking licensure, in their home state. This program may not be available in all states and a move out of the candidates’ home state while they are still completing coursework/program requirements may impede their ability to complete their degree/certificate program and become certified in their new state of residence. Candidates are strongly encouraged to discuss any anticipated moves with their University representative early on to review their options to complete their program.**

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.
Program Purpose
The Bachelor of Science in Education/Elementary Education is an undergraduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers and includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

The University reserves the right to modify the required course of Study.

General Information for the BSed/E
• First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for “Admitted with Condition” status, will be admitted with condition to this program according to the risk free period policy.
• Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
• Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
• Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A

Additional Admission Requirements for the BSed/E
• A signed BSed/E New Student Checklist.
• Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.

Candidacy Status for the BSed/E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of
  12 Required Course of Study (Core) credits of the program. To
  meet the Candidate Status Level 2 requirements, the following
  items must be completed. Evidence that these requirements
  have been met must be entered on the student’s file and
  uploaded to the student’s official record.
  Credits applied through waiver are included for Candidacy
  Status Level 2 Review. Students who waive 9 or more credits in
  their required course of study will be eligible for a 3 credit
  extension to complete the requirements for Candidacy Status
  Level 2
- Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status
prior to being reviewed for Level 2 Candidate Status.

**Degree Completion Requirements for the BSED/E**

- Completion of a minimum of 120 credits that include the
  following distribution:
  - A minimum of 60 upper division credits in the Required
    Program Category Preferred Sequence.
  - A minimum of 54 of the 120 credits must be in the general
    education areas approved by the University.
  - A minimum grade point average (GPA) of 2.5.
  - Satisfactory completion and uploading of the Teacher Work
    Sample (TWS), or teacher performance assessment (depending
    on state of residency).
  - Satisfactory completion of any required internship, student
    teaching, practicum courses and/or alternative clinical practice.
  - Complete course within the sequence specified by course
    prerequisite requirements.
  - Meet state requirements as set forth by state of residency to
    receive state endorsement.
  - Completion of Field Experience Record (100 hours).
  - All students must complete the minimum number of credits
    required by their degree program.
  - The diploma awarded for this program will read as:
    Bachelor of Science in Education
    Elementary Education

**Academic Progression Requirements for the BSED/E**

Students placed in Pathway A or Pathway B are required to suc-
cessfully complete GEN 201 prior to proceeding into additional
coursework in their programs.

Following GEN 201, Pathway B students must complete the
requirements outlined in the Phoenix Success Series policy.
Students must satisfy the proficiency requirements outlined in the
University Proficiency Requirements policy.
Undergraduate students must satisfy math and English proficien-
cies as a condition of degree conferral and as a degree progression
requirement prior to specific courses in their program.

Students have the following options to fulfill proficiency:
- Successful completion of University of Phoenix math and
  English courses designated as applicable to the proficiency
  requirement
- Comparable regionally or approved nationally accredited
  transfer, or credit recommended by the American Council on
  Education transfer coursework that meets the following
  requirements:
  - Grade of C- or better (or academic equivalent)
  - At least 2 semester credits
  - Eligible to receive general education credits

Achieve a passing score (as established by the American Council
on Education) on a comparable National Testing Program (NTP)
exam completed within ten years of enrollment.

Demonstrate competency by meeting minimum passing score on
University of Phoenix approved placement exam.

Students who satisfied the English and/or math proficiency and
sign a new enrollment agreement may carry forward the com-
pleted proficiency in their new program/version provided they
have remained in continuous attendance in alignment with the
University’s Re-Entry policy.

Candidates must provide verification of content knowledge mas-
tery prior to beginning student teaching. Candidates must provide:
- Passing scores on the designated state content knowledge exam.
- Verification of immunization or TB test results (district specific)
- Verification of the completion of 100 hours of field experience

Students must complete all General Education requirements prior
to completion of EDU 390.

Candidates will be required to have the minimum GPA for the pro-
gram prior to entering the Student Teaching experience.

**Minimum Grade Requirements for the BSED/E**

- A candidate must earn a grade of “B” or better in all student
  teaching courses in order to complete this program. Grades of
  “B-” are not accepted. Students who fail to receive a minimum
  grade of “B” in any of the following courses will be
  Scholastically Disqualified from the University and required to
  complete a remediation process prior to repeating the course
  and/or student teaching: EDU 390, EED 496, EED 498, EED 499.

- Students who have been scholastically disqualified will not be
  allowed to continue in their degree program until they have
  taken the following steps:
  - Completion of the academic progression student agreement
    form, signed by the student and returned to the appointed
    administrator.
  - Retake of the course which placed them on scholastic
    disqualification and satisfy the grade requirement.

- If the candidate does not receive a grade of “B” or better on the
  second attempt, the candidate will be Scholastically Suspended
  and permanently withdrawn from the program.

**Residency Requirements and Course Waivers for the BSED/E**

Students must meet the established University residency require-
ment for degree conferral. The University requires that the major-
ity of coursework, 30 credits from a combination of the Required
Course of Study, General Education, and Electives must be com-
pleted at University of Phoenix.

Students in this program may waive a maximum of 30 credits from
their required course of study on the basis of regionally accredited
transferable coursework.

Up upon the successful completion of the Child Development Associ-
ate (CDA), Florida Department of Education Early Childhood Pro-
fessional Certificate (ECPC) or the Florida Child Care Professional
Credential (FCCPC) candidates transferring to UOPX may waive
12 credits using the following coursework in the BSEd/E program.
The options for credit application are based upon specific GE require-
ments for each state.

- 3 credits in social studies
• *9 credits in additional liberal arts
  or
• *12 credits in social studies
  or
• *12 credits in any combination of social studies, additional liberal arts or electives

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “C” (2.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to thirty (30) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill Associate of Arts degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed and transcripted from a regionally accredited institution with which the University of Phoenix has an approved articulation agreement.
• The course must have been completed with a grade of “C” (2.0) or better during the effective dates of the approved articulation agreement.
• The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following courses in the Required Course of Study may not be waived: EDU 300, EDU 311, EDU 321, EDU 390, EED 416, EED 496, EED 498, EED 499, GEN 127, GEN 201, RDG 415, SPE 300. Arizona residents may waive EDU 300 and/or EDU 301 if they meet one of the following requirements:
• Completion of an Arizona Department of Education (ADE) approved SEI course(s) at an institution of higher education.

Candidates who provide evidence of the completion of 3 credits of SEI coursework may waive SEI 300 with credit, and SEI 301 without credit. Candidates must complete ECH 418 (or equivalent) to make up the credit deficiency for SEI 301.

Candidates who provide evidence of the completion of 6 credits of SEI coursework may waive both SEI 300 and SEI 301 with credit.
• Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop.

Candidates who provide evidence of the completion of a state approved workshop that is 45 clock hours may waive SEI 300 with credit, and SEI 301 without credit. Candidates must complete ECH 418 (or equivalent) to make up the credit deficiency for SEI 301.

Candidates who provide evidence of the completion of a state approved workshop that is 90 clock hours may waive both SEI 300 and SEI 301 with credit.
• Verification of one of the following endorsements:  
  • Arizona Full SEI Endorsement (SEI 300)
  
  Candidates who hold this endorsement may waive SEI 300 with credit, and SEI 301 without credit. Candidates must complete ECH 418 (or equivalent) to make up the credit deficiency for SEI 301.
  • Arizona English as a Second Language Endorsement (SEI 300 and SEI 301)
  
  Candidates who hold this endorsement may waive both SEI 300 and SEI 301 with credit.

General Education Requirements for the BSED/E
A minimum of 54 of the 120 credits must be in the general education areas approved by the University.

English/Language Arts Requirement(s) 12 credits
Pathway A must include: 3 credits of College Composition
Pathway B must include: 6 credits in college-level research and writing

Mathematics Requirement(s) 12 credits
6 credits must include MTH 213 and MTH 214
Must include 6 credits of quantitative reasoning or higher

Physical/Biological Science Requirement(s) 6 credits

Social Studies Requirement(s) 9 credits
3 credits must include HIS 301 or HIS 110
3 credits must include ETH 120

Effective for Residents of Arizona, Missouri, New Jersey, New Mexico, and Texas with Enrollment Agreements signed 1/1/2020 or later: 3 credits must include HIS 210 (or equivalent)

Fine Arts Requirement(s) 3 credits
Art, music, drama or dance

Humanities Requirement(s) 3 credits

Pathway B must include: 3 credits in critical thinking

Additional Liberal Arts Requirement(s) 9 credits

Physical Education activity credits are limited to four (4) credits.

All undergraduate students are required to complete the minimum general education credits required by their program version. Unless otherwise noted, no timeframe or minimum grade (other than a passing grade) is required when applying UOPX or transfer coursework to the mandatory General Education courses (MTH 213, MTH 214, SOC 315, HIS 301 or HIS 110). Students may use a 2 semester credit Constitution course to satisfy the HIS 301 or HIS 110 constitution requirement, or a 2 semester credit Education Math course to satisfy the MTH 213 and MTH 214 requirements, but will be required to make up the credit with other Liberal Arts General Education credit to meet the minimum requirements. With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:
University of Phoenix coursework
Activity that is acceptable in transfer to the University
Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the balance. Students must use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

Field Experience for BSED/E
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Student Teaching for the BSED/E
Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

• Student teaching is the culminating experience of the Bachelor of Science in Education program. Students must complete prerequisites leading up to Student Teaching Seminar I prior to beginning the student teaching experience.
• Student teaching must occur in a K-8 self-contained classroom setting under the supervision of a certified teacher. This applies to self-contained settings only, not departmentalized settings.
• Candidates wishing to do their student teaching in a single subject in grades 6 - 8 must provide the following prior to Student Teaching I:
  • Passing scores on the state mandated content exam for elementary
  • Passing scores on the state mandated content exam for the single subject content area the candidate would like to teach in grades 6-8. The candidate must ensure that the elementary grade span recognized by the teacher licensing body in his/her state of residence includes the desired 6-8 grade level.
  • Candidates must earn a “B” or better in Elementary Education Seminar. If a candidate receives less than a “B” (B- or lower), the student will receive a grade of “F” for the course, they will be Scholastically Disqualified and they must repeat the course.
  • Candidates must be enrolled in Student Teaching Seminar I and II during their student teaching experience Candidates who choose to postpone student teaching must postpone their enrollment in these seminars.
• Student teaching can only be repeated one time.
• Removal from a placement at the request of an appointed administrator from the student teaching location or UOPX:

  • Student teachers who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  -Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
  • Student teachers who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  -Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
  • Student teachers who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  -Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

• Unapproved self-terminations of student teaching:
• Student teachers that execute an unapproved self-termination of student teaching, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  -Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
• Student teachers that execute an unapproved self-termination of student teaching, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of “F”, and will be placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  -Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
• Candidates who do not successfully complete their mid-term evaluation:
• Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their student teaching course, issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
• Candidates that do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
• Candidates must student teach in a self-contained elementary setting. Candidates may not student teach in special education.
• Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).
• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project, or teacher performance assessment (depending on state of residency).
**Out of State Student Teaching**
Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching online. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online Administrative Offices for a list of participating states and procedures for student teaching placement.
• Candidates must successfully pass the Elementary Education Seminar with a “B” or better.
• Candidates must enroll in the remaining Student Teaching Seminars online while completing their student teaching experience.
• Candidates need to work directly with the Online Administrative Offices to complete the requirements for verification of placement.

**Re-entry for the BSED/E**
Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum may reenter their original program version.
Colorado, Indiana, Missouri, Nevada, Oregon, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.
Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Institutional Recommendation for the BSED/E**
Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.
Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

**Arizona Teaching Intern Certificate Route**
The student teaching intern certificate is optional and is not a requirement for participation in clinical practice (student teaching). The certificate entitles the teacher candidate to perform teaching duties under the supervision of a University faculty supervisor and is only valid in the school district or charter school requesting the certificate.

The requirements are:
• Verification of all program academic progression requirements
• Enrollment in the clinical practice course
• Completed coursework with a minimum GPA of 3.0
• Passing score on the professional knowledge portion of the Arizona Teacher Proficiency Assessment that corresponds to the teaching certificate the teacher candidate is pursuing
• A request for issuance of the student teaching intern certificate from the district superintendent or charter school superintendent and the EPP.
• University written supervision plan
Placement decisions of student teaching intern certificate holders shall only be based on collaborative agreements between the Arizona Department of Education and the Local Education Agency. A student teaching intern certificate holder may not teach in a special education classroom unless the certificate holder has a bachelor’s degree.
Bachelor of Science in Education/Early Childhood Education

The following Bachelor of Science in Education/Early Childhood Education (BSED/ECH) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Education (BSED) with a specialization in Early Childhood Education is an undergraduate degree program preparing candidates for teacher licensure in the field of early childhood (birth to age eight/grade 3). The curriculum is aligned with the Interstate Teaching Assessment and Support Consortium’s (InTASC) model core teaching standards and the National Association for the Education of Young Children (NAEYC) standards. The curriculum includes common core standards, child development and learning, building family and community relations, cultural diversity, assessment to support young children and families, strong content knowledge to build developmentally appropriate and meaningful curriculum and experiences, and professionalism and ethics of educators. Throughout the program, students are required to complete verified field experiences and student teaching.

View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

Program Purpose
The Bachelor of Science in Education/Early Childhood is an undergraduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to work with children from pre-K through grade 3 or age 8 as a licensed early childhood educator. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the early childhood classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in early childhood education.
- Students will be able to apply professional ethics to their instructional practices in early childhood education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse early childhood populations.
- Students will be able to create innovative strategies and incorporate developmentally appropriate technology in an early childhood setting.

Candidacy Status for the BSED/ECH

Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.

Level 2 Candidate Status is completed prior to the completion of 12 Required Course of Study (Core) credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record.

Credits applied through waiver are included for Candidacy Status Level 2 Review. Students who waive 9 or more credits in their required course of study will be eligible for a 3 credit extension to complete the requirements for Candidacy Status Level 2

- Verification of fingerprint clearance

Minimum Grade Requirements for the BSED/ECH

- Completion of a minimum of 120 credits that include the following distribution:
  - General Education - 57 credits
  - Required Course of Study - 60 credits
  - Electives - 3 credits

- A minimum of 48 upper division credits.
- A minimum grade point average (GPA) of 2.5.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS) or teacher performance assessment (depending on state of residency).
- Satisfactory completion of any required student teaching and/or alternative clinical practice.
- Meet state requirements as set forth by state of residency to receive state endorsement.
- Completion of Field Experience Record (100 hours).
- The diploma awarded for this program will read as: Bachelor of Science in Education Early Childhood Education
- Students who have graduated from any BS Early Childhood Education program leading to initial teacher certification are not eligible for admission to any MAED/TED programs.

Academic Progression Requirements for the BSED/ECH

- Students placed in Pathway A or Pathway B are required to successfully complete GEN 201 prior to proceeding into additional coursework in their programs.
- Following GEN 201, Pathway B students must complete the requirements outlined in the Phoenix Success Series policy.
- Students must satisfy the proficiency requirements outlined in the University Proficiency Requirements policy.
- Candidates must provide verification of content knowledge mastery prior to beginning student teaching. Candidates must provide:
  - Passing scores on the designated state content knowledge exam.
  - Verification of immunization or TB test results (district specific)

- Verification of the completion of 100 hours of field experience
- Students must complete all General Education requirements prior to completion of ECH 390.
- Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Degree Completion Requirements for the BSED/ECH

- Completion of the academic progression student agreement taken the following steps:
  - Satisfactory completion and uploading of the Teacher Work Sample (TWS) or teacher performance assessment (depending on state of residency).

General Information for the BSED/ECH

- First time attendees with the University who indicate less than 24 previous college credits (as recognized by the university) on the admission application and who meet the requirements for "Admitted with Condition" status, will be admitted with condition to this program according to the risk free period policy.
- Prior Learning Assessment and credits earned through National Testing Programs are excluded from the calculation of previous college credits.
- Applicants who disclose a previously completed associate’s degree or higher from a regionally or nationally accredited institution on their admission application will be placed in Pathway A. Applicants who do not disclose a previously completed associate’s degree or higher from a regionally or approved nationally accredited institution on their admission application will be placed in Pathway B.
- Students who are placed in Pathway A may choose to complete courses from Pathway B and will not be required to change pathways. Students who are placed in Pathway B must appeal to pursue Pathway A.

Additional Admission Requirements for the BSED/ECH

All applicants are expected to meet the following admissions requirements:
- A signed BSEd/ECH New Student Checklist.
- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.

Candidacy Status for the BSED/ECH

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 Required Course of Study (Core) credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record.
- Credits applied through waiver are included for Candidacy Status Level 2 Review. Students who waive 9 or more credits in their required course of study will be eligible for a 3 credit extension to complete the requirements for Candidacy Status Level 2.
- Verification of fingerprint clearance

Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.
Residency Requirements and Course Waivers for the BSED/ECH

Students must meet the established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits from a combination of the Required Course of Study, General Education, and Electives must be completed at University of Phoenix.

Students in this program may waive a maximum of 30 credits from their required course of study on the basis of regionally accredited transferable coursework.

Upon the successful completion of the Child Development Associate (CDA), Florida Department of Education Early Childhood Professional Credential (ECPC), or the Florida Child Care Professional Credential (FCCPC) candidates transferring to University of Phoenix may waive 21 credits using the following coursework in the BSED/ECH program:

- 3 credits in social studies
- 9 credits in additional liberal arts
- ECH 301: Foundations of Early Childhood (3 credits)
- ECH 205: Growth and Development (3 credits)
- ECH 321: Developmentally Effective Learning Environments (3 credits)

Arizona residents may waive SEI 300 and/or SEI 301 if they meet one of the following requirements:

- Completion of an Arizona Department of Education (ADE) approved SEI course(s) at an institution of higher education. Candidates who provide evidence of the completion of 3 credits of SEI coursework may waive SEI 300 with credit, and SEI 301 without credit. Candidates must complete RDG 350 (or equivalent) to make up the credit deficiency for SEI 301.

Candidates who provide evidence of 6 credits of SEI coursework may waive both SEI 300 and SEI 301 with credit.

- Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop. Candidates who provide evidence of the completion of a state approved workshop that is 45 clock hours may waive SEI 300 with credit, and SEI 301 without credit. Candidates must complete RDG 350 (or equivalent) to make up the credit deficiency for SEI 301.

Candidates who provide evidence of the completion of a state approved workshop that is 90 clock hours may waive both SEI 300 and SEI 301 with credit.

- Verification of one of the following endorsements:
  - Arizona Full SEI Endorsement (SEI 300)
  - Arizona English as a Second Language Endorsement (SEI 300 and SEI 301)

Candidates who hold this endorsement may waive both SEI 300 and SEI 301 with credit.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "C" (2.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to thirty (30) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill Associate of Arts degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally accredited institution with which the University of Phoenix has an approved articulation agreement.
- The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
- The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

The following courses in the Required Course of Study may not be waived: ECH 211, ECH 300, ECH 302, ECH 321, ECH 390, ECH 416, ECH 498, ECH 499, RDG 416, EED 496

General Education Requirements for the BSED/ECH

A minimum of 57 of the 120 credits must be in the general education areas approved by the University.

- English/Language Arts Requirement(s) 12 credits
- Mathematics Requirement(s) 12 credits
- Pathway A must include: 3 credits of College Composition
  Pathway B must include: 6 credits in college-level research and writing
- Physical/Biological Science Requirement(s) 6 credits
- Social Studies Requirement(s) 9 credits
- 6 credits must include MTH 213 and MTH 214
- Must include 6 credits of quantitative reasoning or higher
- Fine Arts Requirement(s) 6 credits
- Effective for Residents of Arizona, Missouri, New Jersey, New Mexico, and Texas with Enrollment Agreements signed 1/1/2020 or later: 3 credits must include HIS 210 (or equivalent)
Art, music, drama or dance

Humanities Requirement(s) 3 credits

Pathway B must include: 3 credits in critical thinking

Additional Liberal Arts Requirement(s) 9 credits

With the exception of GEN 201, General Education and Elective course requirements may be satisfied using any of the following means:

- University of Phoenix coursework
- Activity that is acceptable in transfer to the University
- Students who lack .67 or fewer general education credits may use interdisciplinary or elective credits to waive the general education balance in order to complete the minimum general education credits required for their program.

All undergraduate students are required to complete the minimum general education credits required by their program version. Unless otherwise noted, no timeframe or minimum grade (other than a passing grade) is required when applying UOPX or transfer coursework to the mandatory General Education courses (MTH 213, MTH 214, SOC 315, HIS 301 or HIS 110). Students may use a 2 semester credit Constitution course to satisfy the HIS 301 or HIS 110 constitution requirement, or a 2 semester credit Education Math course to satisfy the MTH 213 and MTH 214 requirements, but will be required to make up the credit with other Liberal Arts General Education credit to meet the minimum requirements.

Field Experience for BSED/ECH

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through grade eight. The focus of each field experience will relate to specific course content and will follow a structured format. Formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Student Teaching for the BSED/ECH

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Student teaching is the culminating experience of the Bachelor of Science in Early Childhood program. Students must complete prerequisites leading up to Student Teaching prior to beginning the student teaching experience.
- Candidates must earn a “B” or better in Early Childhood Education Seminar. If a candidate receives less than a “B” (B- or lower, or ”W”), the student will receive a grade of ”F” for the course, they will be Scholastically Disqualified and they must repeat the course.
- Candidates must be enrolled in Early Childhood Student Teaching courses during their student teaching experience. Candidates who choose to postpone student teaching must postpone their enrollment in these courses.
- Student teaching can only be repeated one time.
- Removal from a placement at the request of an appointed administrator from the student teaching location or UOPX:
  - Student teachers who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of ”F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Unapproved self-terminations of student teaching:
  - Student teachers that execute an unapproved self-termination of student teaching, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers that execute an unapproved self-termination of student teaching, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of ”F”, and will be placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Candidates who do not successfully complete their mid-term evaluation:
• Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their student teaching course, issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts. Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

• Candidates that do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.

• Candidates must student teach in a self-contained early childhood setting. Candidates may not student teach in special education.

• Candidates enrolled in the BSED/ECH program must student teach in an early childhood setting (Birth - Age 8). Candidates are required to complete two separate student teaching experiences for a total of twelve (12) weeks. Student teaching must include a minimum of six (6) weeks in a teaching setting serving children birth through preschool/pre-kindergarten and a minimum of six (6) weeks in a teaching setting serving children in kindergarten through Grade 3. The birth through preschool/pre-kindergarten student teaching site must be licensed by the Department of Health Services or regulated by tribal or military authorities.

• Candidates enrolled in the BSED/ECH program who reside in GA/DE/NJ/TN/NC will complete one twelve (12) week student teaching placement in one Early Childhood setting that aligns with the grade span of the Early Childhood Education license being sought.

  - Georgia: Birth through Kindergarten
  - Delaware: Birth through Grade 2
  - North Carolina: Birth through Kindergarten
  - Tennessee: Pre-K through Grade 3
  - New Jersey: Preschool through Grade 3

• Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).

• Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project, or teacher performance assessment (depending on state of residency).

**Out of State Student Teaching**

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their student teaching online. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online Administrative Offices for a list of participating states and procedures for student teaching placement.

• Candidates must successfully pass the Early Childhood Seminar with a “B” or better.

• Candidates must enroll in the remaining Student Teaching courses online while completing their student teaching experience.

• Candidates need to work directly with the Online Administrative Offices to complete the requirements for verification of placement.

**Re-entry for the BSED/ECH**

- Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum may reenter their original program version.

- Colorado, Indiana, Missouri, Nevada, Oregon, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.

• Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

• Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Institutional Recommendation for the BSED/ECH**

• Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.

• Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

**Arizona Teaching Intern Certificate Route**

The student teaching intern certificate is optional and is not a requirement for participation in clinical practice (student teaching). The certificate entitles the teacher candidate to perform teaching duties under the supervision of a University faculty supervisor and is only valid in the school district or charter school requesting the certificate.

The requirements are:

- Verification of all program academic progression requirements
- Enrollment in the clinical practice course
- Completed coursework with a minimum GPA of 3.0
- Passing score on the professional knowledge portion of the Arizona Teacher Proficiency Assessment that corresponds to the teaching certificate the teacher candidate is pursuing
- A request for issuance of the student teaching intern certificate from the district superintendent or charter school superintendent and the EPP
- University written supervision plan

Placement decisions of student teaching intern certificate holders shall only be based on collaborative agreements between the Ari-
zona Department of Education and the Local Education Agency. A student teaching intern certificate holder may not teach in a special education classroom unless the certificate holder has a bachelor’s degree.

Bachelor of Science in Education/Educational Studies

The following Bachelor of Science in Education/Educational Studies (BSED/ES) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Bachelor of Science in Education/Educational Studies (BSED/ES) degree is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education.

**Note: This program is not eligible for Federal Student Financial Aid funds.**

Program Purpose

The Bachelor of Science in Education/Educational Studies is an undergraduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as a degree completion option.

BSED/ES Program Category Requirements and Course Selections

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Students must choose 3 courses from the following list:

- AET 500 Foundations of Adult Learning Theory ............................................. 3 credits
- AET 508 Community-Based Education .......................................................... 3 credits
- AET 552 Marketing Adult Education ............................................................... 3 credits
- AET 560 Facilitating Change ......................................................................... 3 credits
- AET 562 Social Media for Professional Learning ......................................... 3 credits

The University reserves the right to modify the required course of Study.

Additional Admission Requirements for the BSED/ES

Applicants are expected to meet all admissions requirements:
- Applicants enrolling in this program must have met all admission requirements from their University of Phoenix previous pre-licensure program.
- All versions of the following University of Phoenix previous pre-licensure programs eligible for admission to the BSED/ES:
  - BSED/E
  - BSED/E-MTH
  - BSED/E-SOC
  - BSED/E-SCI
  - BSED/E-ELA
  - BSLS
- Applicants to this program must have completed all coursework from their University of Phoenix previous pre-licensure program with the exception of both Student Teaching courses.
- Students will be eligible for admission to the BSED/ES program provided that the Enrollment Agreement sign date for the previous pre-licensure program is no more than nine and a half (9.5) years in the past. Applicants must be able to complete all requirements of the degree within 10 years of the Enrollment Agreement sign date of the previous pre-licensure program.

Degree Completion Requirements for the BSED/ES

- Completion of a minimum of 121 credits.
- Completion of three (3) BSED/ES Elective courses in addition to all completed coursework from the previous pre-licensure program, with the exception of student teaching.
- A minimum grade point average (GPA) of 2.5.
- BSED/ES graduates will not be permitted to return to complete student teaching and receive a degree in any previous pre-licensure program at the University. In addition students will not be permitted to enter a new Bachelor or Master level pre-licensure program.
- The diploma awarded for this program will read as: Bachelor of Science in Education Educational Studies

Residency Requirements and Course Waivers for the BSED/ES

Students must meet the established University residency requirement for degree conferral. The University requires that all nine (9) elective credits must be completed at University of Phoenix in order to meet residency.

Re-entry for the BSED/ES

Students who have been out of attendance for more than one year must complete an Enrollment Agreement for the BSED/ES program and will be eligible for re-entry into the program provided that they are able to complete all requirements of the degree within 10 years of the Enrollment Agreement sign date of the previous pre-licensure program.
GRADUATE PROGRAMS

Admission Procedures

Application Process

Students seeking admission to the University's graduate programs in business, management, information systems, nursing, counseling, or education begin the admission process by submitting a complete and accurate application. An application which is later verified to contain incomplete, false or misleading information may be grounds for dismissal and administrative withdrawal. Once the application has been received by the University, applicants are responsible for ensuring the completion of their admission file. No applicant will be formally accepted for admission until their admission file is complete and officially evaluated. Formal written notice is provided by the central Office of Admissions & Evaluation upon formal acceptance.

The University will advise students which admission file documents are required in order to begin a program of study. Students may attend their first four courses under Applicant status. Students, however, must submit all admission documentation and gain unconditional admission status prior to the start of their fifth course. Students failing to submit all documentation prior to the end of the required time frame will be administratively withdrawn until formally admitted by the central Office of Admissions & Evaluation. The University cannot guarantee that a student who begins course work under Applicant status will be admitted to the degree program.

Applications of individuals who have not gained admission or enrolled in the University will be kept on file for one year. After that time, the applicant is required to submit a new application and material. A second application fee (if applicable) is not required.

Transcript Requests of Other Institutions

Because institutions vary in the time they take to respond to transcript requests, all transcripts should be requested immediately upon submission of an application and application fee (if applicable). University staff will process all requests for transcripts on behalf of the student unless the transferring institution does not accept third party requests. However, it remains the student's responsibility to ensure that all transcripts are submitted to the University. The student must sign a "Transcript Request Form" for each transcript being requested from educational institutions. The University's application fee (if applicable) covers the student's expense for requesting official transcripts.

General International Admissions Information

Graduate applicants relying on educational credentials from an institution outside of the United States to meet admission requirements may enroll in University of Phoenix courses prior to the student being officially admitted only if they meet all the following requirements:

- If residing in the United States, have an appropriate immigrant or nonimmigrant status that does not prohibit educational studies;
- Graduate applicants must have a pre-evaluation completed by the Office of Admissions and Evaluation indicating that the applicant has the appropriate academic background to meet admission requirements;
- Must satisfy all other program-specific admission requirements. An applicant who has earned an undergraduate degree, or other transfer credit, from an institution outside of the United States, but who has earned a master's degree from a regionally accredited or approved nationally accredited institution is eligible to enroll with the University at the graduate level. All program-specific admission requirements must have been satisfied by the master's degree.
- Undergraduate applicants relying on educational credentials from an institution outside of the United States may enroll in University of Phoenix courses upon the completion of their admission application and enrollment agreement provided that they meet all admission requirements for their selected program.
- For applicants with academic records from colleges or universities earned outside of the United States, the University will accept copies of academic records issued from international institutions to conduct a pre-evaluation to determine comparability of previous academic studies for unofficial placement and advisement purposes.

For official admission and transfer credit evaluation purposes, previous academic credentials earned outside of the United States must meet the University's verification standards prior to an official admission or transfer credit decision being rendered. Verification of previous academic credentials earned outside of the United States can be satisfied by one or the following methods:

- Receipt and verification of official academic credentials issued directly to University of Phoenix by the student's previous institution;
- Receipt and verification of official academic credentials held in possession of the student as the official record of academic studies conducted in the student's specific country;
- Receipt and verification of official correspondence issued directly to University of Phoenix by the student's previous institution indicating that copies of academic credentials and/or level study is valid;
- Receipt of an official professional evaluation issued directly from a professional evaluation agency that is approved to satisfy verification requirements as indicated by the Office of Admission and Evaluation.

For applicants with academic records from colleges or universities earned outside of the United States from a regionally accredited or approved nationally accredited institution, academic credentials will be subject to the same policies as credentials issued from a domestic institution.

Secondary completion credentials earned outside of the United States are considered comparable to United States secondary completion credentials and do not need to be validated unless required by the student's state or jurisdiction.

Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission. Specific English language proficiency policies are included with each program's admission requirements.

If documents are issued to University of Phoenix in a language other than English, the student will be required to obtain an official translation and submit it to University of Phoenix.
must be completed and verified by an official translation service, a foreign language department of an accredited college or university, the country’s embassy/consulate, or by the Office of Admissions and Evaluation at University of Phoenix if translation services are provided for that specific language.

The University is authorized under Federal law to enroll nonimmigrant students. University of Phoenix only issues Forms I-20/A-B to Border Commuters and approved doctoral learners during their residency in the United States. Form I-20/A-B is required by students who need to obtain F-1 (Student) visas to attend school in the United States. The University is only authorized to issue the I-20 for students attending specific campus locations and programs recorded with the Department of Homeland Security.

Admission of international students will only be made as permitted by U.S. law. University of Phoenix will not admit a resident of, or individual located in, a country that is subject to any of the sanctions programs administered by the U.S. Office of Foreign Assets Control ("OFAC") nor any individual that has been designated a: Specially Designated National ("SDN"), Foreign Sanctions Evader ("FSE"), Blocked Person, Denied Person or other similar classification, as defined by U.S. Law. For purposes of this policy an international student is defined as a non-US citizen or a student with a non-US (including US territories) address. Applicants fitting this definition must complete an International Student Acknowledgement, which includes consent for background screening and the applicant’s consent to allow the University to process the applicant’s personal information.

University of Phoenix does not market to potential students in European Union (EU) member countries. Individuals who reside in an EU member country will not be enrolled or admitted unless they are a U.S. citizen or are affiliated with the U.S. Military.

All academic credentials sent to University of Phoenix will become the possession of University of Phoenix and will not be returned to students unless prior approval was granted by the Office of Admission and Evaluation.

Admission Deadlines
University of Phoenix (UOPX) cannot guarantee that students who begin coursework will be admitted to their degree or credit-bearing certificate program. Students in all programs must be officially admitted by the completion of their fourth UOPX course. Students who are unable to be admitted by the completion of their fourth UOPX course will be administratively withdrawn from the University and placed in Admission Deadline Exceeded (DE) admission status.

Admissions Appeal Process for Expelled Students
Expelled students are not eligible for admission to University of Phoenix (UOPX).
• No appeals will be accepted for students expelled from UOPX.
• Appeals will be reviewed for students who were expelled from other institutions. Applicants for admission are not eligible to begin classes until formal approval of the appeal is obtained. Students who fail to disclose all prior colleges and universities attended on their Admission Application may result in a charge under the Student Code of Conduct if it is discovered after their admission to UOPX that they were expelled from an undisclosed institution.

Graduate Admission Requirements
For graduate education and doctoral admission requirements please refer to the education and doctoral section(s) of the catalog. Most graduate programs have additional admission requirements listed within the program specific information. All applicants are expected to meet the following admission requirements:
• Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet one of the following exceptions in order to meet the English Language Proficiency Requirement:
  • achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  -or-
  • achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  -or-
  • achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  -or-
  • achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  -or-
  • successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  -or-
  • achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.
• The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  • The applicant has successfully completed thirty (30) transferable, academic semester credits at a nationally accredited college or university in the United States.
  • The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.
  • The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.
  • The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.
• The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.
• The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

Applicants who reside in the United States must meet one of the following requirements:
• Be a legal resident of the United States
• Have been granted permanent residency
• Have a valid visa that does not prohibit educational studies
• Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
• Have been granted asylum or refugee status.

Applicants who reside in Canada must meet one of the following requirements:
• Be a legal resident of Canada
• Be a landed immigrant
• Have a valid visa that does not prohibit educational studies

Students may not receive a graduate degree and a graduate-level certificate in the same area of focus.
• A signed Enrollment/Disclosure Agreement.
• Completion of any state-specific required documents or forms.
• Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.
• Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.
• Unless excused because of religious belief or medical condition, students attending a physical campus in Nevada are required to submit to the University proof of immunity to Tetanus, Diphtheria (Td or Tdap), and Measles, Mumps, Rubella (MMR). Students under 23 years of age, and having fewer than 24 credits must also submit to the University proof of immunity against Meningitis; vaccination with at least one dose of a quadrivalent meningococcal conjugate vaccine (MenACWY) on or after age 16 will satisfy this requirement.

Program Length

The anticipated "normal time" to complete a master level program is as follows: Education - 71 to 90 weeks, Health Professions (single degree) - 87 to 102 weeks, Health Professions (dual degree) - 117 to 147 weeks, Nursing (single degree) - 92 to 100 weeks, Nursing (MSN/FNP) - 165 weeks, Nursing (dual degree) - 140 to 164 weeks, Social and Behavioral Sciences (Criminal Justice, Psychology, Public Administration) - 72 to 114 weeks, Social and Behavioral Sciences (Counseling) - 132 to 179 weeks, Business and Information Technology - 84 to 102 weeks. The term "normal time" means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated "normal time" for a variety of reasons that are individual to the student.

COLLEGE OF SOCIAL AND BEHAVIORAL SCIENCES

The College of Social and Behavioral Sciences offers undergraduate and graduate degree programs in a number of diverse academic areas including counseling, psychology, social work, criminal justice and security, and public administration. The College provides innovative, relevant, and student-focused educational programs designed to prepare students for opportunities of service and leadership in the fields of social and behavioral sciences. These programs are developed and taught by highly skilled practitioners in their respective fields who emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Through individual and collaborative work in theory and practice, students can acquire the knowledge and skills needed for today’s work environment.

Master of Science in Counseling Clinical Mental Health Counseling (Arizona)

The following Master of Science in Counseling Clinical Mental Health Counseling (MSC/CCMH) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Counseling degree program with a specialization in Clinical Mental Health Counseling provides the required knowledge and skills for students to become competent and ethical practitioners. The MSC/CCMH specialization provides a needed service to the community through collaboration with agencies and institutions by offering counselor education programs. Students are involved in a variety of educational and clinical activities that prepare them to help clients to achieve their potential. The program encompasses foundations of counseling and guidance including theories and their application with groups and individuals; assessment and evaluation; counseling and consultative relationships; career planning; research methods; and program development, implementation, and evaluation. The program addresses critical issues facing mental health counselors and offers supervised clinical experiences.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Social and Behavioral Sciences graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will demonstrate knowledge, skills and dispositions key to success in professional counseling, advocacy, and ethical practice.
- Students will demonstrate knowledge, skills and dispositions in social and cultural diversity that provide an understanding of societal changes and trends; human roles; societal subgroups; social mores and interaction patterns; and differing lifestyles.
- Students will demonstrate an understanding of human growth and development to include wellness, the importance of mindbody interactions and their effect on physical and psychological well-being; the nature and needs of individuals at all developmental levels; normal and abnormal human behavior; personality theory; and learning theory within cultural contexts.
- Students will demonstrate an understanding of career development theories; occupational and educational information sources and systems; career and leisure counseling, guidance, and education; lifestyle and career decision-making; and career development program planning, resources, and evaluation.
- Students will demonstrate an understanding of counseling and helping relationships to include philosophic bases of helping processes; counseling theories and their applications; helping skills; consultation theories and their applications; helper selfunderstanding and self-development; facilitation of client or consultee change; and techniques for prevention and intervention.
- Students will demonstrate an understanding of group counseling and group work to include group development, dynamics, and counseling theories; group leadership styles; group counseling methods and skills, and other group approaches.
- Students will demonstrate an understanding of assessment and testing to include group and individual education and psychometric theories and approaches to appraisal; data and information gathering methods; validity and reliability; psychometric statistics; factors influencing appraisals, and use of appraisal results in helping processes.
- Students will demonstrate an understanding of counseling research and program evaluation to include types of research; basic statistics; research-report development; research implementation; program evaluation; needs assessment; and ethical and legal considerations.
- Students will demonstrate effective communication in the classroom and workplace.
- Students will demonstrate knowledge, skill and professional dispositions necessary in the use of appropriate psychological tests and assessments, diagnostic processes and classifications (including the DSM and ICD), treatment planning in the context of clinical mental health counseling practice.

Program Purpose

In order to practice as a counselor in most states, the student must be licensed as an LPC (licensed professional counselor), MFT (marriage and family therapist), or other comparable state professional license designation. License requirements vary by state. It is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice.

Orientation To Practicum in Clinical Mental Health Counseling
CCMH 592 ~ 3 credits
Practicum in Clinical Mental Health Counseling
CCMH 597A ~ 3 credits
Internship A
CCMH 597B ~ 3 credits
Internship B

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSC/CCMH

- An undergraduate degree or higher from a regionally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Official transcripts listing at least six (6) credits in the helping professions (psychology, counseling, or related) with a grade of "C" or better in each course. The six credits must have been completed prior to the student starting CNSL 502 - Portfolio I.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admission.
- A minimum equivalent of two (2) years post-high school paid and/or volunteer work experience.
- A signed Criminal Conviction Disclosure Form.
- Successful completion of CNSL 502, Graduate Portfolio I. If the student is denied admission because of the unacceptable Portfolio grade, the student may reapply for the Counseling program in 3 months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait six months before reapplying. Passing Portfolio I is limited to a total of three attempts.
- Applicants who completed high school/secondary school outside of the United States, in a country where English is not the official language, must meet the English language proficiency requirement for admission.
- A signed Professional Counseling Non-Academic Requirement Addendum Form.

Academic Progression Requirements for the MSC/CCMH

The following Clinical Practice courses contain multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework. Clinical Practice courses are: CNSL 592, CNSL 597A, CNSL 597B

The following Clinical courses contain multiple requirements for academic progression, therefore sufficient time is needed for faculty to conduct a thorough assessment of student coursework. Clinical courses are: CNSL 515, CNSL 544, CNSL 548, CNSL 551, CNSL 568, CNSL 578, CNSL 502, CNSL 556, MFCC 566

Completion of all courses with a grade of "B-" or better. Students must maintain an overall GPA of at least 3.0.

MSC students who wish to transfer to another campus or modality (even within the same state), or update versions must appeal to SAC.
Degree Requirements for the MSC/CCMH

- Completion of a minimum of 60 credits.
- A minimum program grade point average (GPA) of 3.0.
- Students are required to complete and to score at or above the minimum criterion for the Counselor Preparation Comprehensive Exam (CPCE) or another assessment/examination instrument as authorized by the Dean of the College. Successful completion of the capstone assessment is a degree completion and graduation requirement. Capstone examinations may not be scheduled before completion of core curriculum requirements. The University provides students with the opportunity to take the exam three times at no cost. Additional attempts to pass the exam are the student's financial responsibility.
- This program requires a score at or above the minimum criterion on a capstone examination.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
  Master of Science in Counseling
  Clinical Mental Health Counseling

Residency Requirements and Course Waivers for the MSC/CCMH

- Students in this program may waive a maximum of 9 credits from their required course of study.
- In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  - The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
  - The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
  - Because of the importance of Portfolio I, Portfolio II, Practicum and Internship courses, they may not be waived.
  - The following courses may not be waived: CCMH 515, CCMH 520, CCMH 544, CCMH 548, CCMH 578, CCMH 581, CCMH 592, CCMH 592O, CCMH 597A, CCMH 597B, CNSL 502, CNSL 556, MFCC 566

Academic Standing and Minimum Grade Requirements for the MSC/CCMH

- Students in this program may not attend any further courses after being assigned a grade of incomplete in a course.
- MSC students will be placed on Scholastic Disqualification if a minimum grade of "B−" is not attained in any course. If a student repeats a course due to receiving a grade that is less than a “B−” and does not receive a grade of “B−” or better the second time, the student will be scholastically suspended, permanently withdrawn, from this program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
- Students in the Master of Science in Counseling program must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an In Progress (IP) grade is not acceptable. Students who receive an In Progress (IP) grade may not enroll in any other coursework until a passing grade is awarded. Students who fail CNSL 556 may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.
- Students in the College of Social and Behavioral Sciences graduate programs may not transfer credit to the University from courses taken from other schools while academically or scholastically disqualified.

Re-entry for the MSC/CCMH

All students who have been out of attendance for one (1) year or more in a counseling program must retook and pass the most recently graded Portfolio class.

If a student is required to retake CNSL 502 Portfolio I upon re-entry and does not pass the course, the student may reapply for the Counseling program in three (3) months and would be required to retake and pass CNSL 502. A student failing CNSL 502 on the second attempt, must wait six (6) months before reapplying. Passing Portfolio I is limited to a total of three attempts.

Students in the Master of Science in Counseling program who are required to retake CNSL 556 Portfolio II upon re-entry must receive a grade of Pass in CNSL 556 Portfolio II in order to continue in the Master of Science in Counseling program. A failing grade (F) or an Incomplete grade (I) is not acceptable. Students who receive an Incomplete grade (I) may not enroll in any other coursework until a passing grade is awarded. Students who fail CNSL 556 may repeat the course after three (3) months. If the student does not receive a grade of Pass on the second attempt in CNSL 556, the student will be scholastically suspended, permanently withdrawn, from the Master of Science in Counseling programs.
Consistent with the values, mission, and purpose of the University of Phoenix, the College of Business and Information Technology mission is to provide innovative, industry-relevant, and accessible higher education that prepares learners to be competent, responsible and ethical practitioners and leaders for career success. Our goal is to make a difference in the lives of our students and their organizations. Through its integrated network of faculty, staff, and business and IT collaborators, the College of Business and Information Technology will be a preferred source for finding and developing emerging leaders for organizations through the delivery of real-time education solutions that are relevant and immediately applicable to solving business challenges. The College of Business and Information Technology adheres to values that are consistent with the University’s values of Brave, Honest, and Focused. We believe that every staff and faculty member should have a commitment to learning, intellectual diversity, embracing innovation and improving society. We should empower excellence while acting with integrity, and treating others as we would like to be treated.

Master of Business Administration

The following Master of Business Administration (MBA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Business Administration (MBA) program prepares students in the functional areas of business allowing them to develop managerial skills necessary to be effective in a rapidly changing business environment. The program is designed for students with an interest in entering or advancing their careers in business. The program reflects current research of managerial competencies as well as graduate business standards as reflected by existing national standardized graduate business tests.

In addition to the University learning goals, the MBA program prepares students to do the following:

- Recognize and solve problems systematically to make better business decisions.
- Manage, develop, and motivate personnel to meet changing organizational needs. Discover how diversity and values strengthen working relationships and contribute to effective problem solving.
- Leverage technology in a global environment to create sustainable competitive advantage.
- Evaluate risks and develop plans to lessen or eliminate their impact.
- Develop awareness of one’s own personal values and how they affect business decision making.
- Assess whether an organization’s plans and actions are aligned to meet its values.
- Integrate knowledge and reach decisions with incomplete or limited information.

- Understand a broad range of theoretical and practical applications in business. The MBA consists of 36-54 credit hours. Thirty-six credit hours constitute the core curriculum which covers the following areas of business: management, human capital management, business law, organizational leadership, economics, accounting, applied business research & statistics, operations management, corporate finance, marketing, and strategic planning & implementation.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will apply key systematic and analytical decision-making skills to solve complex organizational problems.
- Students will create strategies for business growth based on the alignment of their personal values against the organization’s values.
- Students will apply key managerial skills to foster innovation and lead change in a dynamic business environment.
- Students will evaluate the implications of changing environmental factors on organizational choices within a global business environment.
- Students will apply key disciplinary skills as practitioners in business to critical business issues in the following domains of the MBA program:
  - Management
  - Human Capital Management
  - Business Law
  - Organizational Leadership
  - Economics
  - Accounting
  - Research & Statistics
  - Operations Management
  - Corporate Finance
  - Marketing
  - Strategic Planning & Implementation

Additional Admission Requirements for the MBA
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e., JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No work experience is required for this program.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

Degree Requirements for the MBA
The degree requirements for this program are the following:
• Completion of a minimum of 36 credits
• A minimum grade point average (GPA) of 3.0.
• Students must take courses within a sequence specified by course prerequisite requirements.
• The diploma awarded for this program will read as: Master of Business Administration

Academic Progression Requirements for the MBA
• The Seminar in Business Topics (BUS 515) requirement must be satisfied within the first 12 semester credits of the MBA program.
• Strategic Planning & Implementation (STR 581 or an alternative strategy course) must be taken as the last core course in the program.

Residency Requirements and Course Waivers for the MBA
• The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 24 graduate level credits at the University.
• Students who are pursuing multiple UOPX degrees must complete 30 unique credits within the MBA program to satisfy residency for MBA degree conferral.
• Eligible students may satisfy Seminar in Business Topics (BUS 515) requirement using the below methods:
  • Successful completion of BUS/515, Seminar in Business Topics.
  • Undergraduate degree or higher in Business, Management, Accounting completed within 10 years from current program enrollment agreement sign date.
• In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  • The course must have been completed within the past ten (10) years with a “B” (3.0) or better; and
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses may not be waived: MGT 521, STR 581
The College of Doctoral Studies offers a pathway opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.

**Re-entry for the MBA**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Accounting Concentration
Students in the Master of Business Administration Concentration in Accounting (Certificate Track) will develop an understanding of accounting concepts and applications. Students will also become competent in the use of appropriate analytical tools and technologies. They will be sensitive to legal, ethical, and social values in the conduct and communication of accounting practice and decisions. In addition, students will have an understanding of a portion of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The program is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for the CPA exam. While completing this program, students who are planning to take the CPA exam will utilize CPA Test Preparation software in conjunction with their course work.

MBA students may earn a concentration in Accounting (ACC) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning an ACC concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the ACC concentration coursework (3 of which must include ACC/541-Accounting Theory & Research).

Foundation Coursework:
HRM 595 ~ .................................................................3 credits
Human Resource Capstone Course

Human Resource Management Concentration
The Master of Business Administration Concentration in Human Resource Management (Certificate Track) program addresses issues which the human resource professional faces daily, from legal matters to staff recruitment and development. This program is designed for those who have functional responsibility to carry out the duties of an organization’s human resource department; seasoned human resource staff members wishing to keep current; newcomers to the field requiring new knowledge and skills; and specialists wanting to broaden their knowledge. Major topic areas covered include the role of human resources, employment practices, employee and labor relations, compensation, benefits, safety and health, and employee development. Participants acquire knowledge and skills that are essential in addressing the challenges of the human resource profession.

MBA students may earn a concentration in Human Resource Management (HRM) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning a HRM concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the HRM concentration coursework (3 of which must include HRM/595-Human Resource Capstone Course).
Marketing Concentration

Students in the Master of Business Administration Concentration in Marketing (Certificate Track) program will develop an understanding of marketing concepts and applications. Students will develop and communicate innovative approaches to stakeholders in a socially responsible manner and will be well positioned for several professionally recognized marketing certification exams. The program is designed for students who want to enhance their marketing skills, enter the marketing profession, or complete additional coursework required for several professionally recognized marketing certification exams.

MBA students may earn a concentration in Marketing (MKT) by satisfying all the requirements for the concentration. Students must earn a minimum of 12 unique and concentration-area specific credits beyond the standard MBA required course of study.

Students earning a MKT concentration will complete a minimum of 48 credits, which includes 36 credits from the MBA required course of study and 12 credits from the MKT concentration (3 of which must include MKT/593-Product Design and Development Course).

Graduate Marketing Electives (Select 3):
MKT 544 ~ ................................................................. 3 credits  
Integrated Marketing Communications
MKT 554 ~ ................................................................. 3 credits  
Consumer Behavior
MKT 552 ~ ................................................................. 3 credits

Foundational Coursework:
MKT 593 ~ ................................................................. 3 credits  
Product Design and Development

Project Management Concentration

Students in the Master of Business Administration Concentration in Project Management (Certificate Track) program will develop an understanding of project management concepts, applications, and the five processes that define project management. Students will collaboratively create an organizational project plan using Microsoft Project software. The concentration is based on standards as tested by the Project Management Professional (PMP) certification examination. The program is designed for students who want to enhance their project management skills, become project managers, or complete additional coursework in preparation for Project Management Professional (PMP) certification.

MBA students may earn a concentration in Project Management (PM) by completing at least 15 credit hours of coursework in Project Management.

Students earning a PM concentration will complete a minimum of 51 credits, which includes 36 credits from the MBA required areas and 15 credits from the PM concentration coursework.

PM 571 ~ ................................................................. 3 credits  
Project Management
PM 582 ~ ................................................................. 3 credits  
Project Leadership
PM 584 ~ ................................................................. 3 credits  
Project Risk Management
PM 586 ~ ................................................................. 3 credits  
Project Quality Management
PM 598 ~ ................................................................. 3 credits  
Project Management Capstone

The University reserves the right to modify the required course of study.

General Information for the MBA

• The Certificate Track graduate program is designed to be an option for students to earn a certificate en-route to earning the graduate degree.
• Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track and will not earn a second certificate en-route to completing the graduate program.

Additional Admission Requirements for the MBA

All applicants are expected to meet the following admissions requirements:
• An undergraduate or degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• No prior work experience is required for this program.
• Applicants must have access to a suitable work environment for the completion of course assignments.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

Degree Requirements for the MBA

The degree requirements for this program are the following:
• Completion of a minimum of 48-51 credits.
• A minimum grade point average (GPA) of 3.0.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Students may earn a certificate in the same area of focus as the concentration en-route to completing the graduate degree. Students may apply for certificate conferral meeting the following program requirements:
  • Successful completion of all courses outlined in the enrollment agreement for the certificate.
  • Achievement of the minimum program GPA.
  • Fulfillment of the minimum University residency requirement.

Master Degree Program and Concentration En-Route Certificate

Master of Business Administration Concentration in Accounting Graduate Accounting Certificate (CERT/G-ACC)
Students can only earn one certificate en-route to completing the graduate program.

Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as:
Master of Business Administration

Academic Progression Requirements for the MBA

- The Seminar in Business Topics (BUS/515) requirement must be satisfied within the first 12 semester credits of the MBA program.
- Strategic Planning & Implementation (STR/581 or an alternative strategy course) must be taken as the last core course in the program.

Residency Requirements and Course Waivers for the MBA

- The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 24 graduate level credits at the University.
- Students who are pursuing multiple UOPX degrees must complete 30 unique credits within the MBA 023 program to satisfy residency for MBA degree conferral.
- Eligible students may satisfy Seminar in Business Topics (BUS 515) requirement using the below methods:
  - Successful completion of BUS/515, Seminar in Business Topics.
  - Undergraduate degree or higher in Business, Management, Accounting completed within 10 years from current program enrollment agreement sign date.
- In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
  - The course must have been completed within the past ten (10) years with a "B" (3.0) or better; and
  - The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
- The following courses may not be waived: ACC 541, HRM 595, MGT 521, MKT 593, PM 598, STR 581
- The College of Doctoral Studies offers a pathway opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.

Re-entry for the MBA

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
Master of Management

The following Master of Management (MM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Management degree program promotes the development of management competencies through the practical application of theory, business and management diagnostics, and the formulation of creative management and consulting solutions. Students will acquire a wide range of tools, concepts and methodologies to design, conduct, and follow through on successful leadership and entrepreneurship practices. In addition, students will be able to actively develop their interpersonal and business-related management skills in order to foster leadership, creative thinking, collegiality, and teamwork ability in an international context. The Master of Management will provide students with first-hand knowledge of the tools and techniques used by successful consultants in the competitive leadership, entrepreneurship and management industry.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will evaluate the implications of change and its impact on diverse stakeholders within the organization.
- Students will apply key skills to synchronize human and material resources within a dynamic organization.
- Students will apply key skills to function as change leaders to advance organizational goals.
- Students will apply appropriate leadership theories, models, and tools for solving complex organizational problems.

Additional Admission Requirements for the MM

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- No work experience is required for this program.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

Degree Requirements for the MM

- Completion of a minimum of 39 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as: Master of Management

Academic Progression for the MM

- Students must complete the following three Master of Management (MM) foundational courses before proceeding into any additional coursework for the program: BUS 502, BUS 503, BUS 511
Residency Requirements and Course Waivers for the MM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 30 graduate level credits at the University.

Students may satisfy the three foundational courses (BUS 511, BUS 502, and BUS 503) using one of the following methods:

- Successful completion of the three foundational courses (BUS 511, BUS 502, and BUS 503) or equivalents.
- Undergraduate degree in Business, Management or Accounting completed within 10 years from current program enrollment agreement sign date.
- Graduate degree in Business.
- At least 30 credits in undergraduate, graduate and/or doctoral level business or accounting-related coursework completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university within ten years from current program enrollment agreement sign date.

Only the three foundational courses can be waived, no other required course of study courses can be waived.

Re-entry for the MM

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult the appropriate University representative for guidance.

Master of Information Systems

The following Master of Information Systems (MIS) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

- The Master of Information Systems (MIS) program provides the knowledge to successfully apply information systems theory and principles to address real world business opportunities and challenges to meet the needs of today’s information economy. Under the guidance of practitioner faculty, the graduate student is exposed to key information systems technologies and real world use cases to understand the development and management of business systems within and across organizations.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and plan for the development of an information system to address the needs of an organization.
- Students will be able to create the plans required for key roles, resources, operational metrics and risk responses needed to implement and maintain information systems within an organization.
- Students will be able to develop methods and tools for communication to facilitate the satisfactory completion of processes required to manage IT resources.
- Students will be able to generate the vision, direction and strategic purpose for the creation of an information systems project.
- Students will be able to construct a plan to verify that the regulations, compliance and security issues within an organization are addressed.
- Students will be able to explain and develop an effective IT project plan meeting professional standards.

The University reserves the right to modify the required course of study.

En-Route Credentials for the MIS
Students may declare and earn an additional credential that is approved in their state or jurisdiction en-route to completing the graduate degree. Students must sign and submit the enrollment agreement that corresponds with the unique combination of desired credentials to be earned. Possible credentials include a graduate certificate. Listed below are all of the possible en-route credentials:
- Graduate Business Analytics Certificate
- Graduate Cyber Security Certificate

Students may apply for conferment of an en-route credential upon meeting the following program requirements:
- Successful completion of all the courses outlined in the enrollment agreement for the credential
- Achievement of the minimum program GPA
- Fulfillment of the minimum University residency requirement

Students may elect to update or remove the selected credentials by completing a new enrollment agreement reflecting the new selection of credentials.

Admission Requirements for the MIS
- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
- Signed Hardware/Software Agreement

Degree Requirements for the MIS
- Completion of a minimum of 42 credits that include the following distribution:
  - Required Course of Study - 24 credits
  - Graduate Electives - 18 credits
  - A minimum grade point average (GPA) of 3.0.
  - The diploma awarded for this program will read as: Master of Information Systems

Residency Requirements and Course Waivers for the MIS
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 24 credits in the program, must be completed at University of Phoenix.

Students in this program may waive a maximum of 9 credits from their required course of study. In order to waive a course in the major course of study, the student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The 18 credit Graduate Electives requirement may be satisfied by any of the following means:
- Any pre-determined 3-credit Graduate UOPX courses.
- Any previously completed Graduate coursework from UOPX.
- Graduate transfer coursework that is acceptable for transfer and was completed within the past ten (10) years from current program enrollment agreement sign date with a grade of C- or better.
- Graduate Certificate approved in the student's state or jurisdiction.

Students earning a certificate en-route to completing the graduate degree may waive a maximum of 6 credits within the certificate program in addition to the 9 credits that can be waived in the MIS required course of study by meeting the following criteria:
- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better; and
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

**Re-entry for the MIS**

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
COLLEGE OF HEALTH PROFESSIONS

As the health care industry expands and evolves at a rapid rate, jobs in health care administration business functions are expected to increase by 23 percent between 2012 and 2022. Whether you are already working in the field and looking to deepen your knowledge and advance in your profession, or if you are new to health care and want to gain the skills needed to launch a new career, The University of Phoenix® College of Health Professions will equip you with the leading-edge training you need to succeed in today’s dynamic health care environment—and to effectively tackle all of tomorrow’s challenges.

Master of Health Administration

The following Master of Health Administration (MHA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depends on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Health Administration v004 provides leaders and aspiring leaders in the health sector with the insight and skills necessary to drive the future of healthcare by facilitating cross-system transformation and improving outcomes for patients, populations, and providers. The program’s curriculum, built via close collaboration with industry and academic experts, anticipates emerging needs trends in the health sector. Areas of inquiry include industry and organizational dynamics in the health sector, visioning the future, forming strategic relationships, leading with authenticity in health care systems, creating a sustainable personal legacy, and transformation and execution in diverse health system contexts.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Health Professions graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Learners will evaluate industry and organizational dynamics in the healthcare environment.
- Learners will generate core business strategies based on innovative concepts developed.
- Learners will construct strategic health care relationships with diverse stakeholders to achieve business objectives.
- Learners will develop a leadership identity that reflects traits required in complex healthcare environments.
- Learners will produce a personal legacy that fosters investment in people and the community to drive the future of healthcare.
- Learners will create an operational improvement plan that addresses transformation, communication, and execution elements within the health sector.

MHA Program Category Requirements Preferred Sequence and Prerequisites

The University reserves the right to modify the required course of study.
Additional Admission Requirements for the MHA
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
• A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.
• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA
• Completion of a minimum of 36 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read as:
Master of Health Administration

Residency Requirements and Course Waivers for the MHA
Students in this program may waive a maximum of 9 credits from their required course of study.
In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: MHA 599
Students who have successfully completed the below certificates prior to enrollment in the MHA may waive the listed course with any of the courses contained within the certificate. These approved waivers will not count towards the maximum waiver limit in the program.
• CERT/G-HCP - MHA 508
• CERT/G-HCS - MHA 560
• CERT/G-INF - MHA 507

Minimum Grade Requirements for the MHA
• Students in this program are required to achieve a minimum grade of “C” (2.0) in courses listed below. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” will be scholastically disqualified from the University: MHA 542, MHA 599
• Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA program.

Re-entry for the MHA
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
Master of Health Administration Concentration in Informatics

The following Master of Health Administration Concentration in Informatics (MHA/INF) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Health Administration prepares leaders and aspiring leaders in the health sector by providing the competencies necessary to drive the future of healthcare through effective facilitation of cross-system transformation and the improvement of health outcomes for patients, populations, and providers. Areas of inquiry include industry and organizational dynamics, visioning the future, forming strategic relationships, leading with authenticity, creating a sustainable personal legacy, and transformation and execution in diverse health system contexts. As the health industry continues to undergo unprecedented growth, “health” is beginning to encompass everything from patient care to community engagement to overarching system design. The curricular framework for the newest version of the MHA is provided by the industry standard American College of Healthcare Executives (ACHE). The program provides UOPX students with an academically-rigorous and integrated experience that requires both critical thinking and creativity, while remaining aligned to professional and industry standards. The concentration in Health Care Informatics presents informatics as the strategic acquisition, interpretation and utilization of data to lead organizations in the health sector. The focus of the program is on informatics as an evolving and interdisciplinary field related to the sourcing, compiling and synthesis of data across the health sector. Topics include staffing to meet an organization’s informatics needs, assessing the interoperability of systems, effectively sourcing data from repositories within and outside the organization, and presenting data in health organization contexts. Also presented are emerging best practices administrators need to successfully address quality, safety, and cost of care, and lead data-driven initiatives that place the patient/consumer at the center of care.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Health Professions graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Learners will evaluate industry and organizational dynamics in the healthcare environment.
- Learners will generate core business strategies based on innovative concepts developed.
- Learners will construct strategic health care relationships with diverse stakeholders to achieve business objectives.
- Learners will develop a leadership identity that reflects traits required in complex healthcare environments.
- Learners will produce a personal legacy that fosters investment in people and the community to drive the future of healthcare.
- Learners will create an operational improvement plan that addresses transformation, communication, and execution elements within the health sector.
- Learners will analyze informatics in health administration contexts to inform strategic data sourcing and decision-making.
- Learners will distinguish the ways in which data are utilized across diverse health information systems.
- Learners will critique health information system implementation and interaction across the health sector.

MHA/INF Program Category Requirements

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Organizational Dynamics in Health Care Systems, 9 total credits

MHA 505 ~ .............................................................................. 3 credits
Systems Thinking in Health Care Environments
MHA 506 ~ .............................................................................. 3 credits
Ethical Marketing: The New Health Care Economics
MHA 508 ~ .............................................................................. 3 credits
Navigating The Regulatory Environment In Health Care
Visioning the Future: Creating Industry Trends in the Health Sector, 6 total credits

MHA 515 ~ .............................................................................. 3 credits
Scanning The Health Sector as an Industry Expert
MHA 516 ~ .............................................................................. 3 credits
Operating in Structure: Health Sector Policy and Governance
Strategic Relationships, 3 total credits

MHA 520 ~ .............................................................................. 3 credits
Sector Stakeholders: Identifying and Cultivating Alliances
Adaptive Leadership, 6 total credits

MHA 542 ~ .............................................................................. 3 credits
Leading With Authenticity in The Health Sector
MHA 543 ~ .............................................................................. 3 credits
Tackling The Talent War in The Health Sector
Personal Legacy and Investment in the Future of Health Care, 3 total credits

MHA 560 ~ .............................................................................. 3 credits
Creating A Sustainable Legacy: Healthy Communities
Informatics Concentration, 9 total credits

HINF 500 ~ .............................................................................. 3 credits
Informatics for Health Administration
HINF 520 ~ .............................................................................. 3 credits
Data Management and Design in Health Administration
HINF 510 ~ .............................................................................. 3 credits
The Systems Life Cycle
Transformation and Execution, 6 total credits

MHA 598 ~ .............................................................................. 3 credits
Leveraging Results To Build Brand In The Health Sector
MHA 599 ~ .............................................................................. 3 credits
Capstone: Leading the Organization Through Change

The University reserves the right to modify the required course of study.
Additional Admission Requirements for the MHA/INF

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

- A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA/INF

- Completion of a minimum of 42 credits.

- A minimum program grade point average (GPA) of 3.0.

- Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read as:

Master of Health Administration

Residency Requirements and Course Waivers for the MHA/INF

Students in this program may waive a maximum of 9 credits from their required course of study. In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.

- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: MHA 599

Students who have successfully completed the below certificates prior to enrollment in the MHA may waive the listed course with any of the courses contained within the certificate. These approved waivers will not count towards the maximum waiver limit in the program.

- CERT/G-HCP - MHA 508
- CERT/G-HCS - MHA 560
- CERT/G-INF - MHA 507

Minimum Grade Requirements for the MHA/INF

- Students in this program are required to achieve a minimum grade of "C" (2.0) in courses listed below. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" will be scholastically disqualified from the University: HINF 500, HINF 520, HINF 510, MHA 542, MHA 599

- Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA program.

Re-entry for the MHA/INF

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.

- No appeals will be accepted for re-entry to an expired program.

- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
Dual Degree in Master of Health Administration/Master of Business Administration

The following Dual Degree in Master of Health Administration/Master of Business Administration (MHA/MBA) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Health Administration (MHA)/Master of Business Administration (MBA) dual degree program prepares leaders who can effectively respond to the dynamic and ever-changing health care industry while providing in-depth knowledge to business management practices. The dual degree provides graduates with a distinct edge and greater flexibility in shaping a meaningful career by covering essential business knowledge and industry specific skills. Students have the capacity to critically examine and evaluate issues and trends that are influential to the destiny of a broad and evolving health care system. Curriculum is tailored to the needs of the health care business leader by providing content in areas such as finance, policy, research, technology, human resources, economics, marketing, and strategic planning. The program also emphasizes the identification, analysis, and solution of complex management problems for a growing industry. In addition, the dual degree offers students to customize the curriculum by selecting elective courses to maximize career goals and opportunities.

The University reserves the right to modify the required course of study.
Additional Admission Requirements for the MHA/MBA
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
• A minimum equivalent of three (3) years of full-time, post-high school professional work experience within the past ten years.
• All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.

Degree Requirements for the MHA/MBA
• The completion of a minimum of 58 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diplomas. Two diplomas will be awarded for this dual degree. The diplomas will read as: Master of Health Administration Master of Business Administration
• Students who have earned a graduate degree in Health Administration (MHA) or Business Administration (MBA) may not receive a certificate in the same area of focus. Example: a student may not earn an MHA/MBA/GR degree and a GER certificate; however, students who have completed a certificate may return to receive a Master of Health Administration / Master of Business Administration (MHA/MBA) degree with a concentration in the same area as the completed certificate or another approved concentration.

Residency Requirements and Course Waivers for the MHA/MBA
• Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 46 credits in the Required Course of Study, must be completed at University of Phoenix.
• Students in this program may waive a maximum of 12 credits from their required course of study on the basis of regionally or approved nationally accredited transferable coursework.
• In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
  • The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Requests to waive a course within a concentration must be submitted to the Student Appeals Center (SAC).
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses in the Required Course of Study may not be waived: HCS 504, HCS 589, HRM 595, MGT 521, PM 598, QRB 501
The College of Doctoral Studies offers a pathway opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program.
The Doctoral Pathway allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral degree program.
Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program. (R1)
Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Minimum Grade Requirements for the MHA/MBA
• Students in this program are required to achieve a minimum grade of “B” (3.0) in the following course: HCS 589. A “B-” grade is not acceptable. Students who fail to receive a minimum grade of “B” will be scholastically disqualified from the University.
• Students who fail to meet the minimum grade requirement and have been scholastically disqualified will not be allowed to continue in the program until the course has been successfully repeated. Students will be allowed to repeat each class in which the minimum grade was not achieved one time. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MHA/MBA program.
Re-entry for the MHA/MBA

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

COLLEGE OF NURSING

Programs in the College of Nursing are designed to support the career advancement and educational needs of licensed practical, vocational and registered nurses, who are looking to expand their professional horizons. In an era of unprecedented and disruptive change in the health care industry—from shifting patient demographics, to the emergence of new models like telemedicine and retail medicine, to an increasingly complex licensing and credentialing environment—today's nurses must work hard to navigate the changes and remain on the leading-edge of their professions. Whether you are a registered nurse looking to bolster your credentials to meet today's higher standards, or an advanced-practice nurse seeking to expand your knowledge and take on greater leadership challenges, The University of Phoenix College of Nursing will equip you with the deep industry insight and up-to-the-minute knowledge and skills you need to become the nurse tomorrow needs.

Accreditation- College of Nursing Programs

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

International Nursing Honor Society

The mission of Sigma Theta Tau International (STTI) is advancing world health and celebrating nursing excellence in scholarship, leadership, and service. The honor society provides products and services that advance the learning and professional development of members and all nurses who strive to improve the health of the world’s people.

University of Phoenix, College of Nursing is a member of the Omicron Delta chapter of STTI, a virtual chapter that support members across the globe. Membership is by invitation to baccalaureate and graduate nursing students who demonstrate excellence in scholarship and to nurse leaders exhibiting exceptional achievements in nursing. Undergraduate students must have completed at least 1/2 of the nursing curriculum, rank in the upper 35 percent of his/her graduating class, achieved academic excellence (at least a 3.0 on a 4.0 grade point average scale) and met the expectation of academic integrity. Graduate students must have completed at least 1/4 of the nursing curriculum, achieved academic excellence (at least 3.5 on a 4.0 grade point average scale) and met the expectation of academic integrity.

STTI has more than 135,000 active members who reside in more than 85 countries. There are roughly 500 chapters at approximately 695 higher education institutions. To learn more about STTI visit their website at http://www.omicron-delta.net.

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

License Requirement

PN/VN to BSN students must possess an active unrestricted/unencumbered PN or VN license in the state where they are completing clinical hours. PN/VN to BSN students must hold a valid and unrestricted/unencumbered PN or VN license in all states and jurisdictions in which the applicant holds an active nursing license. RN to BSN, MSN and post-master's certificate students must hold a valid, unrestricted/unencumbered RN license in all states and jurisdictions in which the applicant holds an active nursing license. Students must also hold a valid and unrestricted/unencumbered RN license for the state in which they practice.

All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. With the exception of Hawaii, VA, and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. In Hawaii, students must possess a valid Hawaii license.

Scholastic Disqualification

Students who receive a non-passing grade in a Nursing CORE course (CORE courses are listed in the program description of each program handbook chapter) will be required to meet with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns prior to retaking the course that placed the student on scholastic disqualification. Students will also be required to complete and sign an Academic Progression Student Agreement Form.

For Students signing an enrollment agreement 10/1/2015 or later:

Students are permitted one retake of a nursing course due to non-passing grades. Students who fail to achieve the minimum grade on a second course will be scholastically suspended and permanently withdrawn from their nursing program.

Drug Testing

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion of substance abuse, or otherwise indicates that the student may be impaired by drugs or alcohol without reasonable justification, will be required to undergo a "for-cause" 15-panel drug screen plus an alcohol drug test.
Master of Science in Nursing Concentration in Informatics

The following Master of Science in Nursing Concentration in Informatics (MSN/INF) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing with a concentration in Nursing Informatics (MSN/INF) program prepares registered nurses to become leaders in the field of Nursing Informatics. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty informatics courses allow students to focus on contemporary industry-required competencies such as: interpretation, analysis, and translation of health care data into meaningful information; healthcare information workflow and project management; and design, implementation, evaluation of health information systems and technologies that improve patient outcomes and reduce risk.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

View state licensure requirements for this program: http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal, and physical healthcare resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes, systems, and utilize current technology to support continuous quality improvement and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to evaluate healthcare policy, regulatory, legal, economic and sociocultural environments to advocate for patients and effect change in the healthcare system based on their role.
- Students will be able to design and deliver evidenced-based clinical prevention and population care within an interdisciplinary team to serve diverse populations in a variety of local, national, and international settings.
- Students will be able to evaluate ways to utilize nursing informatics to support best patient outcomes
- Students will be able to distinguish the regulatory requirements impacting use of informatics within healthcare.
- Students will be able to discuss plans for the use of informatics to collect data and support research.
- Students will be able to design systems to disseminate data to support decision making.

Program Purpose

This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s of science degree in nursing with a focus on nursing informatics. The program prepares the graduate to function in nursing informatics leadership roles; specialize in the design and use of electronically stored data to influence quality in care delivery; and provide evidence of meeting quality, compliance and regulatory standards and requirements. The graduate who uses elective opportunities to complete necessary practicum hours with the required practice experience will be prepared to sit for the American Nurses Credentialing Center (ANCC) Informatics Nursing Certification (RN-BC).

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

Graduate Elective Requirement ............................................6 credits

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/INF

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
• Current employment is not a requirement for admission.
• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must hold a RN license obtained by taking the US NCLEX-RN exam.

Students must provide documentation showing successful completion of the US NCLEX-RN exam:
• Guam
• American Samoa
• Northern Mariana Islands
• US Virgin Islands
• Puerto Rico
• International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  • Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  • All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  • All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  • Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  • A signed Foreign Nursing Memorandum of Understanding
  • Signed Criminal Background Check Disclosure
  • Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
  • Signed FERPA Release/Drug Test or Failure to Test Results
  • Signed Clinical Assurance Statement form

Degree Requirements for the MSN/INF
• Completion of a minimum of 36 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/INF
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
• A clinical course may not be taken concurrently with any other course.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.
• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/INF
• All graduate level MSN courses must be completed with a grade of C or better. Grades “C-” are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
• Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
• Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/INF
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at UOPX.
Students in this program may waive a maximum of 6 credits from their required course of study.
In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
The following courses in the Required Course of Study may not be waived: NSG 516IN, NSG 517IN, NSG 541, NSG 542, NSG 543, NSG 544
The 6 credit Graduate Elective Requirement for the MSN/INF may be satisfied by the following means:
• An approved UOPX Graduate Elective course.
• Previously completed UOPX graduate level coursework that is comparable in credits to the University course it is replacing.
• Graduate transfer coursework that is acceptable for transfer and meets the following requirements:
  • Comparable in credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework).
  • Completed within the past ten (10) years from current program enrollment agreement sign date
  • A minimum grade of “C-” or better.

Re-entry for the MSN/INF
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
• Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• An appeal will be required for re-entry students to re-enroll in their program if:
  • The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  • The student wishes to return to a prior program version.
• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Master of Science in Nursing Concentration in Informatics Bridge
The following Master of Science in Nursing Concentration in Informatics Bridge (MSN/INF) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing with a concentration in Nursing Informatics (MSN/INF) program prepares registered nurses to become leaders in the field of Nursing Informatics. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty informatics courses allow students to focus on contemporary industry-required competencies such as: interpretation, analysis, and translation of health care data into meaningful information; healthcare information workflow and project management; and design, implementation, evaluation of health information systems and technologies that improve patient outcomes and reduce risk.
The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.
View state licensure requirements for this program: http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm
Program Purpose
This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s of science degree in nursing with a focus on nursing informatics. The program prepares the graduate to function in nursing informatics leadership roles; specialize in the design and use of electronically stored data to influence quality in care delivery; and provide evidence of meeting quality, compliance and regulatory standards and requirements. The graduate who uses elective opportunities to complete necessary practicum hours with the required practice experience will be prepared to sit for the American Nurses Credentialing Center (ANCC) Informatics Nursing Certification (RN-BC). The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

MSN/INF Required Course Sequence and Prerequisites
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).
To ensure course scheduling availability, the College of Health Professions, College of Nursing recommends the following course selections to satisfy the bridge requirements:

Nursing Bridge 1
NSG 416 is the preferred option to satisfy the Nursing Bridge 1 requirement.

NSG 416 .................................................................................. 3 credits
Theoretical Development and Conceptual Frameworks
NSG 415 .................................................................................. 3 credits
Theory-Based Nursing Practice
NUR 403 .................................................................................. 3 credits
Theories and Models of Nursing Practice

Nursing Bridge 2
NSG 451 is the preferred option to satisfy Nursing Bridge 2.

NSG 451 .................................................................................. 3 credits
Professional Nursing Leadership Perspectives
NSG 397 .................................................................................. 3 credits
Professional Nursing Role
NUR 391 .................................................................................. 3 credits
Professional Nursing Practice
NUR 440 .................................................................................. 3 credits
Health Assessment and Promotion for Vulnerable Population

Nursing Bridge 3
NSG 456 is the preferred course option to satisfy the Nursing Bridge 3 requirement.

NSG 456 .................................................................................. 3 credits
Research Outcomes Management for the Practicing Nurse
NSG 455 .................................................................................. 3 credits
Evidence-Based Practice and Statistics
NUR 443 .................................................................................. 3 credits
Evidence-Based Nursing Research and Practice

Required Course Sequence
NSG 511 ~ .................................................................................. 3 credits
Contemporary Nursing Practice
NSG 512 ~ .................................................................................. 3 credits
Nursing Research

NSG 513 ~ .................................................................................. 3 credits
Inter-professional Leadership and Management
NSG 514 ~ .................................................................................. 3 credits
Health Law, Policy, Ethics, and Global Trends
NSG 541 ~ .................................................................................. 3 credits
Data Analysis and Management
NSG 542 ~ .................................................................................. 3 credits
Information Workflow
NSG 543 ~ .................................................................................. 3 credits
Database Management
NSG 544 ~ .................................................................................. 3 credits
Evaluation and Application of Information
NSG 516IN ~ ........................................................................... 3 credits
Practicum I
NSG 517IN ~ ........................................................................... 3 credits
Practicum II
Graduate Elective Requirement ........................................... 6 credits

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/INF
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
• Current employment is not a requirement for admission.
• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must hold a RN license obtained by taking the US NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  • Guam
  • American Samoa
• Northern Mariana Islands
• US Virgin Islands
• Puerto Rico

International students who are residents outside of the United States or approved US Territories must meet the following requirements:
• Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
• All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
• All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
• Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
• A signed Foreign Nursing Memorandum of Understanding
• Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Signed FERPA Release/Drug Test or Failure to Test Results
• Signed Clinical Assurance Statement form

Degree Requirements for the MSN/INF
• Completion of a minimum of 45 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read as:
Master of Science in Nursing

Academic Progression Requirements for the MSN/INF
• Students enrolling in the MSN bridge program must complete the three MSN bridge courses with a C or better in each course prior to enrolling in NSG 511 - Contemporary Nursing Practice.
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.
• A clinical course may not be taken concurrently with any other course.
• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.
• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/INF
• All MSN bridge and graduate level MSN courses must be completed with a grade of C or better. Grades “C-” are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/INF

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at UOPX.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516IN, NSG 517IN, NSG 541, NSG 542, NSG 543, NSG 544. The 6 credit Graduate Elective Requirement for the MSN/INF may be satisfied by the following means:

- An approved UOPX Graduate Elective course.
- Previously completed UOPX graduate level coursework that is comparable in credits to the University course it is replacing.
- Graduate transfer coursework that is acceptable for transfer and meets the following requirements:
  - Comparable in credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework).
  - Completed within the past ten (10) years from current program enrollment agreement sign date
  - A minimum grade of "C-" or better.

**Re-entry for the MSN/INF**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

**Master of Science in Nursing Concentration in Nurse Administration**

The following Master of Science in Nursing Concentration in Nurse Administration (MSN/ADM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing with a concentration in Nursing Administration (MSN / ADM) program prepares registered nurses to become leaders in the field of Nursing Administration. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty Administration courses allow students to focus on contemporary industry-required competencies such as: leadership and management within and between diverse healthcare organizations; communication, collaboration, and relationship management within interprofessional teams; systems thinking and design as a means to improve quality, safety, patient outcomes, and reduce risk.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791. View state licensure requirements for this program: http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal, and physical healthcare resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes, systems, and utilize current technology to support continuous quality improvement and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to evaluate healthcare policy, regulatory, legal, economic and sociocultural environments to advocate for patients and effect change in the healthcare system based on their role.
- Students will be able to design and deliver evidenced-based clinical prevention and population care within an interdisciplinary team to serve diverse populations in a variety of local, national, and international settings.
- Students will be able to formulate a strategic plan and distinguish the key components required for success.
- Students will be able to analyze a budget and assure needed resources are planned for.
Additional Admission Requirements for the MSN/ADM

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admisibility. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
- Current employment is not a requirement for admission.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico
- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGNFS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
• Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies

• A signed Foreign Nursing Memorandum of Understanding
• Signed Clinical Assurance Statement form
• Signed FERPA Release/Drug Test or Failure to Test Results
• Signed Criminal Background Check Disclosure

Degree Requirements for the MSN/ADM
• Completion of a minimum of 36 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.

• Clinical experiences/hours cannot be completed during work time at the student's place of employment.

• A clinical course may not be taken concurrently with any other course.

• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.

• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/ADM
• All graduate level MSN courses must be completed with a grade of C or better. Grades “C-” are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.

• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.

MSN/ADM Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

To ensure course scheduling availability, the College of Health Professions, College of Nursing recommends the following course selections to satisfy the bridge requirements:

**Nursing Bridge 1**

NSG 416 is the preferred option to satisfy the Nursing Bridge 1 requirement.

- NSG 416 ................................................................. 3 credits
- Professional Nursing Leadership Perspectives
- NSG 397 ................................................................. 3 credits
- Theory-Based Nursing Practice
- NUR 403 ................................................................. 3 credits
- Theories and Models of Nursing Practice

**Nursing Bridge 2**

NSG 451 is the preferred option to satisfy Nursing Bridge 2.

- NSG 451 ................................................................. 3 credits
- Professional Nursing Leadership Perspectives
- NSG 397 ................................................................. 3 credits
- Professional Nursing Role
- NUR 391 ................................................................. 3 credits
- Professional Nursing Practice
- NUR 440 ................................................................. 3 credits
- Health Assessment and Promotion for Vulnerable Population

**Nursing Bridge 3**

NSG 456 is the preferred course option to satisfy the Nursing Bridge 3 requirement.

- NSG 456 ................................................................. 3 credits
- Research Outcomes Management for the Practicing Nurse
- NSG 455 ................................................................. 3 credits
- Evidence-Based Practice and Statistics
- NUR 443 ................................................................. 3 credits
- Evidence-Based Nursing Research and Practice

**Required Course Sequence**

- NSG 416 ................................................................. 3 credits
- Theoretical Development and Conceptual Frameworks
- NSG 451 ................................................................. 3 credits
- Professional Nursing Leadership Perspectives
- NSG 456 ................................................................. 3 credits

- Organizational Dynamics and Systems Thinking
- NSG 577 ................................................................. 3 credits
- Continuous Quality Monitoring and Outcomes Improvement
- NSG 547 ................................................................. 3 credits
- Human Resources Management

- NSG 567 ................................................................. 3 credits
- Financial Resources Management in Health Care
- NSG 516AD ............................................................. 3 credits
- Practicum I
- NSG 517AD ............................................................. 3 credits
- Practicum II
- Graduate Elective Requirement ................................. 6 credits

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MSN/ADM**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility. For applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
- Current employment is not a requirement for admission.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold an RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico
- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
• All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.

• All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.

• Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies

• A signed Foreign Nursing Memorandum of Understanding

• Signed Criminal Background Check Disclosure

• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure

• Signed FERPA Release/Drug Test or Failure to Test Results

• Signed Clinical Assurance Statement form

Degree Requirements for the MSN/ADM
• Completion of a minimum of 45 credits.
• A minimum program grade point average (GPA) of 3.0.
• Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/ADM
• Students enrolling in the MSN bridge program must complete the three MSN bridge courses with a C or better in each course prior to enrolling in NSG 511 - Contemporary Nursing Practice.

• Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.

• Clinical experiences/hours cannot be completed during work time at the student’s place of employment.

• A clinical course may not be taken concurrently with any other course.

• Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.

• Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/ADM
• All MSN bridge and graduate level MSN courses must be completed with a grade of C or better. Grades “C-” are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.

• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/ADM
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  - The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
  - The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516AD, NSG 517AD, NSG 547, NSG 557, NSG 567, NSG 577

The 6 credit Graduate Elective Requirement for the MSN/ADM may be satisfied by the following means:
- An approved UOPX Graduate Elective course.
- Previously completed UOPX graduate level coursework that is comparable in credits to the University course it is replacing.
- Graduate transfer coursework that is acceptable for transfer and meets the following requirements:
  - Comparable in credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework).
  - Completed within the past ten (10) years from current program enrollment agreement sign date
  - A minimum grade of "C-" or better.

**Re-Entry for the MSN/ADM**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

---

**Master of Science in Nursing Concentration in Nurse Education**

The following Master of Science in Nursing Concentration in Nurse Education (MSN/NED) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Masters of Science in Nursing with a concentration in Nursing Education (MSN/NED) program prepares registered nurses to become leaders in the field of Nursing Education. Advanced nursing theory and research provide the foundation for nurse leaders to influence the future of nursing and health care. Specialty education courses allow students to focus on contemporary industry-required competencies such as: design, implementation, and evaluation of nursing curriculum, facilitation of learner development and socialization; interpretation, analysis, and translation of evidence to guide student learning and assessment strategies.

The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

View state licensure requirements for this program: [http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm](http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm)

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to apply organizational and systems leadership concepts to the management of human, fiscal, and physical healthcare resources for diverse populations in a variety of settings.
- Students will be able to evaluate processes, systems, and utilize current technology to support continuous quality improvement and improve patient outcomes across the care continuum in a variety of settings.
- Students will be able to synthesize scholarship from a variety of sources and translate to promote implementation of evidence-based practice.
- Students will be able to evaluate healthcare policy, regulatory, legal, economic and sociocultural environments to advocate for patients and effect change in the healthcare system based on their role.
- Students will be able to design and deliver evidenced-based clinical prevention and population care within an interdisciplinary team to serve diverse populations in a variety of local, national, and international settings.
- Students will be able to justify teaching methodologies which support adult learning.
- Students will be able to design engaging learning activities.
- Students will be able to plan curriculum to meet the current regulatory requirements, accreditation standards, and industry standards.
• Students will be able to design tools that evaluate formative and summative student learning.

Program Purpose
This is a post-licensure nursing program designed for nurses with current RN licensure who desire to obtain a master’s of science degree in nursing with a focus on nursing education. The program prepares graduates for leadership roles in nursing education, and to function as a nurse educator in a variety of practice and educational settings. Upon completion of the program, graduates will be eligible to sit for the National League of Nursing (NLN) Certified Nurse Educator (CNE) exam. The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

MSN/NED Required Course of Study
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

NSG 511 ~ Contemporary Nursing Practice .................................................3 credits
NSG 512 ~ Nursing Research ........................................................................3 credits
NSG 513 ~ Inter-professional Leadership and Management .....................3 credits
NSG 514 ~ Health Law, Policy, Ethics, and Global Trends .......................3 credits
NSG 501 ~ Pathophysiology, Assessment Variables and Pharmacology I........3 credits
NSG 502 ~ Pathophysiology, Assessment Variables & Pharmacology II ..........5 credits
NSG 531 ~ Program and Course Development .............................................3 credits
NSG 532 ~ Innovative Curriculum Design ..................................................3 credits
NSG 533 ~ Educational Assessment and Evaluation .....................................3 credits
NSG 534 ~ Facilitating Engaged Learning ......................................................3 credits
NSG 516ED ~ Practicum I .............................................................................3 credits
NSG 517ED ~ Practicum II ...........................................................................3 credits

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/NED
All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

• Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility. or applicants residing in Oregon or attending the Oregon campus, an undergraduate degree posted transcript with a cumulative grade point average (GPA) of 3.0 is required for admission.
• Current employment is not a requirement for admission.
• Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  • Guam
  • American Samoa
  • Northern Mariana Islands
  • US Virgin Islands
  • Puerto Rico
• International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  • Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  • All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  • All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
  • Applicants who reside in Canada must meet one of the following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational studies
  • A signed Foreign Nursing Memorandum of Understanding
  • Signed Criminal Background Check Disclosure
  • Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
  • Signed FERPA Release/Drug Test or Failure to Test Results
  • Signed Clinical Assurance Statement form
Degree Requirements for the MSN/NED

- Completion of a minimum of 36 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diploma.

The diploma awarded for this program will read:
Master of Science in Nursing

Academic Progression Requirements for the MSN/NED

- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Clinical experiences/hours cannot be completed during work time at the student's place of employment.
- A clinical course may not be taken concurrently with any other course.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.
- Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Minimum Grade Requirements for the MSN/NED

- All graduate level MSN courses must be completed with a grade of C or better. Grades "C-" are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.
- Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/NED

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516ED, NSG 517ED, NSG 531, NSG 532, NSG 533, NSG 534

Re-Entry for the MSN/NED

Additional Admission Requirements for the MSN/NED

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript with a cumulative grade point average of 3.0 is required for admission.
- Current employment is not a requirement for admission.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico
- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.
- Students enrolling in the MSN bridge program must complete the three MSN bridge courses with a C or better in each course prior to enrolling in NSG 511 - Contemporary Nursing Practice.
- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

Degree Requirements for the MSN/NED

- Completion of a minimum of 45 credits.
- A minimum program grade point average (GPA) of 3.0.
- Concentrations are reflected on the transcript only and will not appear on the diploma. The diploma awarded for this program will read as: Master of Science in Nursing

Academic Progression Requirements for the MSN/NED

- Students must have a valid, unrestricted / unencumbered RN license in all states in which the student is attending.
- Students may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.
- A clinical course may not be taken concurrently with any other course.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.
- Students are required to start NSG 517ED, NSG 517AD, or NSG 517IN within 6 months of the completion date of NSG 516ED, NSG 516AD or NSG 516IN respectively. Students who do not begin NSG 517ED, NSG 517AD, or NSG 517IN within 6 months will be required to repeat the NSG 516ED, NSG 516AD, or NSG 516IN.

- Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
- A signed Foreign Nursing Memorandum of Understanding
- Signed Criminal Background Check Disclosure
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
- Signed FERPA Release/Drug Test or Failure to Test Results
- Signed Clinical Assurance Statement form

- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN Bridge program.
- All Canadian students must meet the following requirements for admission:
  - Have a valid visa that does not prohibit educational studies
- A signed Foreign Nursing Memorandum of Understanding
- Signed Criminal Background Check Disclosure
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
- Signed FERPA Release/Drug Test or Failure to Test Results
- Signed Clinical Assurance Statement form

University of Phoenix, 2018-2019

COLLEGE OF NURSING

213
Minimum Grade Requirements for the MSN/NED

- All MSN bridge and graduate level MSN courses must be completed with a grade of C or better. Grades "C-" are not accepted. Students who do not pass these courses with a grade of C or better will be scholastically disqualified. Students who fail to meet the minimum grade requirement will be allowed to repeat each class once. Students who fail to meet the minimum grade requirement after the second attempt will be Scholastically Suspended and will not be able to continue in the MSN program.

- Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the Master of Science in Nursing program.

- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have met the following criteria:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

Residency Requirements and Course Waivers for the MSN/NED

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 30 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following courses in the Required Course of Study may not be waived: NSG 516ED, NSG 517ED, NSG 531, NSG 532, NSG 533, NSG 534

Re-entry for the MSN/NED

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
  - Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Master of Science in Nursing/Family Nurse Practitioner

The following Master of Science in Nursing/Family Nurse Practitioner (MSN/FNP) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Science in Nursing (MSN) program enhances the knowledge and skills of registered nurses with baccalaureate-degree preparation. The program prepares registered nurses to function in leadership and advanced practice roles within the profession of nursing. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete core courses in advanced nursing content, process, and leadership. Specialty concentrations allow students to focus learning on developing increased knowledge and skills in a specific area of content or advanced practice role. The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

View state licensure requirements for this program: http://www.phoenix.edu/colleges/college-of-nursing/state-requirements.htm

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Nursing graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
Students will demonstrate accurate clinical decisions based on information obtained through health history, physical examination, and diagnostic tests and screening procedures.

Students will utilize theory and evidence to provide health protection, health promotion and disease prevention interventions to improve or maintain optimum health for all family members.

Students will treat common acute and chronic physical and mental illnesses, and common injuries, in people of all ages to minimize the development of complications, and promote function and quality of living.

Students will apply ethical principles in delivering care to patient across the lifespan.

Students will practice lawfully based on state Nurse Practice Acts and/or regulatory guidelines.

Program Purpose
The Master of Science in Nursing/Family Nurse Practitioner is a post-licensure education program designed for nurses with current RN licensure who wish to obtain a master’s degree and prepare for advanced practice as a family nurse practitioner (FNP). The program educationally prepares nurses for advanced practice, including how to function in leadership roles in practice and educational settings, and emphasizes comprehensive, pre-statutory care in addition to treatment. As part of this program, students are required to complete a five- day residency on campus that requires the student to fulfill competency checkoffs of both clinical and procedural skills under the direction of faculty. Graduates are eligible to sit for the American Nurses Credentialing Center (ANCC) Family Nurse Practitioner-Board Certified (FNP-BC) credential or the American Association of Nurse Practitioners (AANP) Family Nurse Practitioner-Certified (FNP-C) credential. The Bachelor of Science in Nursing and the Master of Science in Nursing programs at the University of Phoenix are accredited by the Commission on Collegiate Nursing Education, 655 K Street, NW, Suite 750, Washington, DC 20001, 202-887-6791.

Preferred Sequence and Prerequisites for MSN/FNP
Courses requiring prerequisites are identified by a ~ symbol following the course name. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Students must successfully complete all clinical requirements in the 5 day immersive experience (residency) during the final week of NRP 571.

NRP 513 ................................................................................ 4 credits
Clinical Applications of Theory and Research
NRP 508 ~ ............................................................................. 4 credits
Health Policy and Role of the Advanced Practice Nurse
NRP 511 ~ ............................................................................. 4 credits
Advanced Pathophysiology
NRP 507 ~ ............................................................................. 4 credits
Advanced Pharmacology
NRP 531 ~ ............................................................................. 4 credits
Advanced Health Assessment I
NRP 571 ~ ............................................................................. 4 credits
Advanced Health Assessment II and Clinical Procedures
NRP 555 ~ ............................................................................. 4 credits
Adult and Geriatric Management I
NRP 556 ~ ............................................................................. 4 credits
Adult and Geriatric Management II
NRP 563 ~ ............................................................................. 4 credits
Management of Women’s Health Issues
NRP 543 ~ ............................................................................. 4 credits
Management of Pediatric and Adolescent Populations
NRP 590 ~ ............................................................................. 8 credits
Final Preceptorship

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MSN/FNP
All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN/FNP Bridge program.

- A cumulative GPA of 3.0 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., graduate or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admittance.

- Equivalent grade of “C” or better in undergraduate core science courses. Core science courses include: Chemistry, Biology, Anatomy & Physiology, Pharmacology, Pathophysiology and Microbiology.

- A minimum equivalent of three years of full-time post high school work experience within the past ten years of which two years must be in clinical based RN experience. Full-time work is defined as 32 hours per week for the MSN/FNP program.

- Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico

- Signed Professional Non-Academic Requirement form
- Signed Residency Agreement form
- Signed Criminal Background Check Disclosure
• Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
• Completed and verified negative criminal background check
• Signed FERPA Release/Drug Test or Failure to Test Results
• Signed Clinical Assurance Statement form
• Successful completion of FNP 101, MSN/FNP Program Orientation. If the student does not pass their first attempt of FNP 101 because of an unacceptable grade, the student may make a second attempt to complete FNP 101 within 90 days. A student failing FNP 101 on the second attempt must wait 6 months before reapplying. Passing FNP 101 is limited to a total of three attempts.

Degree Requirements for the MSN/FNP
• Completion of a minimum of 48 credits.
• A minimum program grade point average (GPA) of 3.0.
• Satisfactory completion of the Nurse Practitioner Preceptorship and all required clinical hours.
• The diploma awarded for this program will read as:
  Master of Science in Nursing
  Family Nurse Practitioner

Academic Progression Requirements for the MSN/FNP
MSN, and post-master’s certificate students must possess a valid, unrestricted/unencumbered RN license in the state which they are completing clinical hours or possess a valid, unrestricted/unencumbered compact (multistate) state license that is recognized in the state in which they are completing clinical hours. RN licenses must be valid and unrestricted/unencumbered in all states and jurisdictions in which the applicant holds an active nursing license. All active licenses must remain valid and unrestricted/unencumbered through the duration of the program. VA and active duty military students are allowed to practice nursing in a state or country where they are not licensed as long as they are practicing nursing in a federal facility. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending. Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.

Minimum Grade Requirements for the MSN/FNP
• All students are required to earn a minimum grade of “B” in all MSN/FNP graduate level courses. Grades “B-” are not accepted. A student receiving a grade that does not meet this academic standard will be scholastically disqualified and will not be allowed to continue in the program until the course has been successfully repeated. Students are allowed one attempt to repeat only one (1) nursing course. If a passing grade is not earned, the student will be scholastically suspended, permanently withdrawn, from the program. Students may only repeat one class which caused them to be placed on Scholastic Disqualification one time.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
  • Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the MSN/FNP
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 32 credits in the Required Course of Study, must be completed at UOPX. Students with a previously completed MSN degree from any institution will be eligible to waive NRP/513 upon admission to the program. Students in this program may waive a maximum of 16 credits from their required course of study upon review by the Dean of Nursing via a SAC Appeal.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form.

Students in this program, in Arizona, are eligible for waiver of NRP 507 Advanced Pharmacology course. Waiver must be reviewed by Nurse Practitioner Program Director and must meet a two (2) year completion requirement.

Re-entry for the MSN/FNP
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
• Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• An appeal will be required for re-entry students to re-enroll in their program if:
  • The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  • The student wishes to return to a prior program version.
• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Master of Science in Nursing/Family Nurse Practitioner (Bridge)

The following Master of Science in Nursing/Family Nurse Practitioner (MSN/FNP) program may be offered at these University of Phoenix campus locations: Phoenix. NRP 556 ~ ................................................................................ 4 credits
Adult and Geriatric Management II
NRP 563 ~ ................................................................................ 4 credits
Management of Women’s Health Issues
Additional Admission Requirements for the MSN/FNP

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher with an upper division major in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelors degree or higher earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- Students with regionally or approved nationally accredited undergraduate degrees or higher in a field other than nursing are required to enroll in the MSN/FNP Bridge program.

- A cumulative GPA of 3.0 for all coursework listed on the degree post-admission transcript at the same level as the conferred degree (i.e., graduate or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

- Equivalent grade of "C" or better in undergraduate core science courses. Core science courses include: Chemistry, Biology, Anatomy & Physiology, Pharmacology, Pathophysiology and Microbiology.

- A minimum equivalent of three years of full-time post high school work experience within the past ten years of which two years must be in clinical based RN experience. Full-time work is defined as 32 hours per week for the MSN/FNP program.

- Applicants must reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico

- Signed Professional Non-Academic Requirement form
- Signed Residency Agreement form
- Signed Criminal Background Check Disclosure
- Signed Acknowledgement of Criminal Conviction Prohibition for Placement and Licensure
- Completed and verified negative criminal background check

Degree Requirements for the MSN/FNP

- Completion of a minimum of 57 credits.
- A minimum program grade point average (GPA) of 3.0.
- Satisfactory completion of the Nurse Practitioner Preceptorship and all required clinical hours.
- The diploma awarded for this program will read as: Master of Science in Nursing Family Nurse Practitioner

Academic Progression Requirements for the MSN/FNP

- All students are required to earn a minimum grade of "B" in all MSN/FNP graduate level courses. Grades "B-" are not accepted.
- Students in the Bridge version of the MSN/FNP are required to earn a minimum grade of "C" in the MSN bridge courses. Grades "C-" are not accepted. A student receiving a grade that does not meet this academic standard will be scholastically disqualified and will not be allowed to continue in the program until the course has been successfully repeated. Students are allowed one attempt to repeat only one (1) nursing course. If a passing grade is not earned, the student will be scholastically suspended, permanently withdrawn, from the program. Students may only repeat one class which caused them to be placed on Scholastic Disqualification one time.

Minimum Grade Requirements for the MSN/FNP

- Signed FERPA Release/Drug Test or Failure to Test Results
- Signed Clinical Assurance Statement form
- Successful completion of FNP 101, MSN/FNP Program Orientation. If the student does not pass their first attempt of FNP 101 because of an unacceptable grade, the student may make a second attempt to complete FNP 101 within 90 days. A student failing FNP 101 on the second attempt must wait 6 months before reapplying. Passing FNP 101 is limited to a total of three attempts.

NRP 543 ~ ...............................2 credits
Management of Pediatric and Adolescent Populations
NRP 590 ~ ...............................8 credits
Final Preceptorship

The University reserves the right to modify the required course of study.
Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:

- Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
- Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
- Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the MSN/FNP

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 32 credits in the Required Course of Study, must be completed at UOPX.

Students with a previously completed MSN degree from any institution will be eligible to waive NRP/513 upon admission to the program.

Students in this program may waive a maximum of 16 credits from their required course of study upon review by the Dean of Nursing via a SAC Appeal.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of 'B' (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

In Arizona, Waiver of NRP 507 Advanced Pharmacology course must be reviewed by Nurse Practitioner Program Director and must meet a two (2) year completion requirement.

The following courses in the Required Course of Study may not be waived: NRP 531, NRP 543, NRP 555, NRP 556, NRP 563, NRP 571, NRP 590

Re-entry for the MSN/FNP

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student wishes to return to a prior program version.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.
THIS PAGE WAS LEFT BLANK INTENTIONALLY
COLLEGE OF EDUCATION

The College of Education offers graduate level degree and non-degree courses designed for future teachers and current educators. These programs are developed and taught by skilled practitioners who work in their respective fields, and emphasize knowledge, skills, dispositions, and lifelong learning as essential elements for professional practice. Each program blends theory and practice through a combination of individual and collaborative work to foster a learning environment that allows students to build their knowledge base and apply what they have learned to “impact student learning one educator at a time.” Graduate students may choose to pursue a major in a variety of areas. Graduate non-degree programs include several state-specific certificates/endorsements designed for current educators. Each student/applicant is responsible for checking with his/her state Department of Education and/or school district to determine specific credentialing requirements.

Master of Arts in Education/Administration and Supervision

The following Master of Arts in Education/Administration and Supervision (MAED/ADM) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Administration and Supervision program prepares candidates for principal licensure. The standards-based program is designed to provide principal candidates with the knowledge, skills, and dispositions necessary to be successful school leaders who can apply theory to practice. The program encompasses instructional leadership, organizational management, technology management, and data-driven decision-making. An administrative internship is an integral component of the program, providing candidates with a field-based experience in the various aspects of school administration and supervision. View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

Educator licensure requirements vary by state. Candidates who are a resident of a state that does not provide a direct path to licensure, will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared candidate. The Arizona certification process requires candidates to pass all Arizona-specific licensure requirements including any Arizona-specific exams (or home state equivalents if recognized by the Arizona Department of Education). After candidates have been licensed in Arizona, they may be required to complete testing or other additional certification requirements, at additional cost, in their home state in order to obtain state licensure there. Program requirements may change based upon state agency licensure requirements and it is the candidate’s responsibility to check with their state agency for state-specific requirements.

Candidates residing in Alabama, Idaho, Illinois, Indiana, Kansas, Missouri, New Jersey, New Mexico, Oregon, Puerto Rico, Texas, and Utah will be required to obtain Arizona certification first, prior to seeking licensure, in their home state.

This program may not be available in all states and a move out of the candidates’ home state while they are still completing coursework/program requirements may impede their ability to complete their degree/certificate program and become certified in their new state of residence. Candidates are strongly encouraged to discuss any anticipated moves with their University representative early on to review their options to complete their program.

Program Purpose

The Master of Arts in Education/Administration and Supervision is a graduate degree program intended to prepare candidates for K-12 school principal licensure. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and an administrative internship above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed school principal. There may be additional qualifications and/or disqualifications applicable in order to work as a principal with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

• Students will be able to design and implement school leadership practices to produce a positive impact on P-12 student learning.
• Students will be able to evaluate effective professional practice.
• Students will be able to apply professional ethics to their leadership practices.
• Students will be able to evaluate community factors to address the needs of diverse populations.
• Students will be able to evaluate research and synthesize information from multiple sources.

MAED/ADM Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

ADMIN 500 ............................................................................. 0 credits Orientation to Administration and Supervision

COM 516 .................................................................................... 1 credit Professional Communications

ADMIN 518 ............................................................................. 3 credits Leadership and Collaborative Processes

ADMIN 570 ............................................................................. 3 credits Equity, Diversity, and Access in Education

ADMIN 555 ............................................................................. 3 credits School Policy and Law for Principals

ADMIN 524 ............................................................................. 3 credits Supervision of Curriculum, Instruction and Assessment
Additional Admission Requirements for the MAED/ADM

All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree or higher from a regionally accredited college or university or equivalent undergraduate degree or higher earned at a recognized foreign institution.
- A minimum equivalent of three (3) years post-high school work experience including 18 months of instructional experience in a P-12 setting. The teaching or instructional experience must be as a contracted teacher in either a traditional or year-round public or private school.
- Teaching experience is defined as stand-up teaching or facilitation with a pre-school (P)-12 school-age population. The following constitutes teaching experience:
  
  Verifiable (contracted) P-12 instructional classroom experience - 40 hours per week

- All applicants must be currently employed or have access to a suitable work environment for the completion of course assignments.
- Applicants must provide evidence of a current teaching license.
- A signed MAED/ADM New Student Checklist.

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.

Degree Completion Requirements for the MAED/ADM

- Completion of a minimum of 38 credits.
- A minimum grade point average (GPA) of 3.0.
- Completion of signature assignments.
- Completion of Field Experience Record.
- Satisfactory completion of any required internship and/or practicum courses with a grade of "B" or better.
- Students must take courses within a sequence specified by course prerequisite requirements.
- The diploma awarded for this program will read as: Master of Arts in Education Administration and Supervision

Minimum Grade Requirement for the MAED/ADM

- Candidates must earn a "B" or better in all internship courses in order to complete this program. Grades of "B-" are not accepted. Students who fail to receive a minimum grade of "B" in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course and/or internship: ADMIN 591A, ADMIN 591B, ADMIN 591C
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  
  - Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
  - If the candidate does not receive a grade of "B" (3.0) or better on the second attempt, the candidate will be scholastically suspended and permanently withdrawn from program.

Residency Requirements and Course Waivers for the MAED/ADM

The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 32 graduate level credits at the University.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of "B" (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. The following courses in the Required Course of Study may not be waived: ADMIN 591A, ADMIN 591B, ADMIN 591C, COM 516, EDD 581.

The College of Doctoral Studies offers a bridge opportunity for master’s degree students who are interested in taking doctoral courses as part of the master’s degree program. The Doctoral Pathway gives students the option to complete doctoral level coursework during a master’s program. The Doctoral Pathway allows a master’s degree student to substitute up to two graduate level courses with designated doctoral level courses. Upon admission to the selected doctoral program, students are eligible to satisfy required course(s) within the doctoral program. Students must earn a B- or better in the doctoral level courses in order to apply them towards the doctoral program. (R1) Student schedules may need to be adjusted, or student will need to overlap courses since doctoral courses are eight weeks in length. Students should speak with their academic/finance advisor for further information.

Institutional Recommendation for the MAED/ADM
• Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.
• Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.
• Candidates may be required to verify classroom teaching experience and/or teacher certification prior to being issued an IR. Teaching experience and/or certification requirements vary by state.

Arizona:
• Students must verify three (3) years of classroom teaching experience prior to issuance of Institutional Recommendation.

Internship Policies for the MAED/ADM
• The Administrative Internship is a minimum 240-hour placement. Some states may require more than 240 hours for the Administrative Internship. Candidates will be required to follow the guidelines within their state.
• Each campus establishes operational policies related to placement and completion of the internship. Candidates must follow the guidelines in place at their campus.
• Candidates must take the internship courses concurrently with the internship experience. If a candidate chooses to postpone the internship, he/she must postpone their enrollment in the internship courses.
• Candidates must pass each Administrative Internship course with a grade of “B” or better in order to avoid Scholastic Disqualification.
• Removal from a placement at the request of an appointed administrator from the internship location or UOPX:
  • Candidates who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their first internship course or while transitioning between their internship courses, will result in the candidate being placed on Scholastic Suspension and administratively withdrawn from the course. This experience counts as one of their two internship attempts.
  -Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
  • Candidates who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their internship courses, will be withdrawn from the internship course, will be issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two internship attempts.
  -Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
• Unapproved self-terminations of an internship:
  • Candidates that execute an unapproved self-termination of an internship, prior to starting and posting attendance in their first internship course or while transitioning between their internship courses, will result in the candidate being placed on Scholastic Suspension and administratively withdrawn from the course. This experience counts as one of their two internship attempts.
  -Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
  • Candidates that execute an unapproved self-termination of an internship, after having met any amount of attendance in their internship courses, will be withdrawn from the internship course, will be issued a grade of “F”, and will be placed on Scholastic Disqualification. This experience counts as one of their two internship attempts.
  -Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
exceptions approved.

- Candidates that do not successfully complete a successive attempt of the internship experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.

- Candidates should complete the internship within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the internship courses).

**Field Experience for the MAED/ADM**

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 30-40 hours of verified field experiences. The focus of each field experience will relate to specific course content and will follow a structured format. Documentation of field experience must be maintained and reviewed as specified in the handbook/courses and will be reviewed by campus staff and faculty. Candidates must work with their campus to arrange field experience. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

**Re-entry for the MAED/ADM**

- Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum may reenter their original program version.

- Colorado, Indiana, Missouri, Nevada, Oregon, New, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.

- Candidates who have been out of attendance for more than one year and are lacking courses in addition to their student teaching, internship or practicum must reenter the current program version and successfully complete all courses required by their reentry credit summary.

- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program. International students who have been out of attendance for more than 365 days will not be eligible to re-enter.

**Master of Arts in Education/Adult Education and Training**

The following Master of Arts in Education/Adult Education and Training (MAED/AET) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The mission of the Master of Arts/Adult Education and Training (MAED/AET) program is to develop skills and knowledge of individuals interested in working with adult learners. Learners develop competencies and expertise necessary to align education and training with strategic objectives and human services foundations across an enterprise with culturally diverse populations. Learners expand their knowledge in andragogical theory, instructional design and strategies, assessment of learning, delivering online learning, management and marketing, and technology integration. In addition, learners engage in practice through collaborative learning, social media, and community-based learning. Graduates will be able to serve adult students, colleagues, industries, and communities as educators and trainers.

The Master of Arts/Adult Education and Training (MAED/AET) program is designed for individuals interested in working with adult learners.

**Program Purpose**

The Master of Arts in Education/Adult Education and Training is a graduate degree program intended for students interested in working with adult learners in an educational or training environment. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

**Program Student Learning Outcomes**

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement instructional practices to produce a positive impact on adult learning.

- Students will be able to understand the process of organizational change and how to communicate effectively to stakeholders.

- Students will be able to evaluate the educational and training needs of an organization.

- Students will be able to create innovative strategies and incorporate technology in adult education and training programs.
The diploma awarded for this program will read: A minimum grade point average (GPA) of 3.0.

Degree Completion Requirements for the MAED/AET

All applicants are expected to meet the following admission requirements:

- An undergraduate degree or higher from a regionally approved or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admittance.

Degree Completion Requirements for the MAED/AET

- The completion of a minimum of 34 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read: Master of Arts in Education Adult Education and Training.

Additional Admission Requirements for the MAED/AET

All applicants are expected to meet the following admission requirements:

- An undergraduate degree or higher from a regionally approved or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admittance.

Residency Requirements and Course Waivers for the MAED/AET

Students in this program may waive a maximum of 6 credits from their required course of study on the basis of prior graduate level coursework.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
- The course must have been completed at a regionally approved or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from the enrollment agreement sign date with a grade of "B" (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

Any student in MAED/TED-Elementary, MAED/TED-Secondary, or MAED-Special Education who have completed a minimum of 12 credits, and for whom Candidacy Level II status equals 2N, is eligible to enter the MAED/AET program using the following course waivers.

The following course in the Required Course of Study may not be waived: COM 520

University of Phoenix, 2019-2020

COLLEGE OF EDUCATION
Academic Progression for the MAED/AET

Students must successfully complete COM 520 as the first course in the program.

Re-entry for the MAED/AET

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions.

Re-entry students should consult the appropriate University representative for guidance.

Master of Arts in Education/Elementary Teacher Education (Arizona)

The following Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Elementary Teacher Education (MAED/TED-E) is a graduate degree program preparing candidates for initial teacher licensure. The guiding philosophy of the MAED/TED-E program is to provide the adult student, who already has a degree in a discipline other than education, with the knowledge, skills and dispositions that will allow him or her to become a competent and effective educator. This program focuses on elementary student learning by improving the educator’s responsibility for that learning. Clinical Practice (student teaching) is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The clinical practice is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified clinical experiences covering a variety of developmental levels. The focus of each experience will relate to specific course content and professional preparation. Documentation will be maintained in the student’s professional portfolio.

View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

Educator licensure requirements vary by state. Candidates who are a resident of a state that does not provide a direct path to licensure, will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared candidate. The Arizona certification process requires candidates to pass all Arizona-specific licensure requirements including any Arizona-specific exams (or home state equivalents if recognized by the Arizona Department of Education). After candidates have been licensed in Arizona, they may be required to complete testing or other additional certification requirements, at additional cost, in their home state in order to obtain state licensure there. Program requirements may change based upon state agency licensure requirements and it is the candidate’s responsibility to check with their state agency for state-specific requirements.

Candidates residing in Alabama, Idaho, Illinois, Indiana, Kansas, Missouri, New Jersey, New Mexico, Oregon, Puerto Rico, Texas, and Utah will be required to obtain Arizona certification first, prior to seeking licensure, in their home state. This program may not be available in all states and a move out of the candidates’ home state while they are still completing coursework/program requirements may impede their ability to complete their degree/certificate program and become certified in their new state of residence. Candidates are strongly encouraged to discuss any anticipated moves with their University representative early on to review their options to complete their program.

Program Purpose

The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended for students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the elementary classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in elementary education.
- Students will be able to apply professional ethics to their instructional practices in elementary education.
- Students will be able to evaluate learning principles to differentiate instruction to meet the needs of diverse elementary student populations.
- Students will be able to create innovative strategies and incorporate technology in an elementary classroom setting.
Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Candidates in the MAED/TED programs are required to complete a minimum number of credits in each of the Program Requirement Categories. Additional Admission Requirements for the MAED/TED-E
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree or higher from a regionally accredited college or university or equivalent undergraduate degree or higher earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved UOPX evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending online should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- A signed MAED/TED New Student Checklist
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.

Candidacy Status for the MAED/TED-E
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidacy Status Level 1.
- Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record.
- Verification of Fingerprint Clearance
- A minimum grade point average (GPA) of 3.0.
- Completion of Teacher Performance Assessment.
- Satisfactory completion of any required internship, clinical practice, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.

Degree Completion Requirements for the MAED/TED-E
Completion of a minimum of 40 credits.
A minimum grade point average (GPA) of 3.0.
Completion of Teacher Performance Assessment.
Satisfactory completion of any required internship, clinical practice, and/or practicum courses.
Students must take courses within a sequence specified by course prerequisite requirements.
Courses Waived

The course must have been completed at a regionally accredited, TED-E Residency Requirements and Course Waivers for the MAED/TED-E

Completion of My Time Log (100 hours or as required by state of residency). To ensure students meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Completion of signature assignments.

In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.

The diploma awarded for these programs will read as: Master of Arts in Education

Elementary Teacher Education

Academic Progression Requirements for the MAED/TED-E

Candidates must provide verification of the following prior to beginning their clinical practice placement. Candidates must provide:

- Verification of negative TB test results, or other TB clearance documentation (District specific).
- Passing scores on the designated state content knowledge exam (elementary or secondary content specific)
- Verification of the completion of 100 hours of clinical experience (or as required by state of residency).

Candidates will be required to have a 3.0 GPA for the program prior to entering clinical practice.

Completion of a Dispositions Assessment

Minimum Grade Requirements for the MAED/TED-E

- Candidates must earn a “B” or better in all Clinical Practice Seminars in order to complete this program. Grades of “B-” are not accepted. Students who fail to receive a minimum grade of “B” in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course(s) and/or the clinical practice placement: ELM 583

- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.

- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended and permanently withdrawn from the program.

Residency Requirements and Course Waivers for the MAED/TED-E

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.

The following courses in the Required Course of Study may not be waived: ELM 533, ELM 535, ELM 536, ELM 537, ELM 538, ELM 583, MTE 001, MTE 510, MTE 512, MTE 513

Arizona residents may waive SEI 504 or SEI 506 if they meet one of the following requirements:

- Completion of an Arizona Department of Education (ADE) approved SEI course(s) at an institution of higher education.
- Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop.

Candidates must provide evidence of the completion of a state approved workshop that is a minimum of 45 clock hours to be eligible for this waiver.

- Verification of one of the following endorsements:
  - Arizona Full SEI Endorsement (SEI 504 or SEI 506)

Candidates who hold this endorsement may waive SEI 504 or SEI 506 with credit.

- Arizona English as a Second Language Endorsement (SEI 504 or SEI 506)

Candidates who hold this endorsement may waive SEI 504 or SEI 506 with credit.

Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements.
Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Completion of Teacher Performance Assessment
- Satisfactory completion of any required internship, clinical practice, and/or practicum courses.
- Completion of My Time Log (100 hours or as required by state of residency)

Candidates who have completed the Arizona Alternative Pathway/Elementary Certificate (CERT/AP-E) or Alternative Pathway/Secondary Certificate (CERT/AP-S) from University of Phoenix are eligible to apply completed coursework from the certificate program to fulfill requirements within this program. Students who waive courses using the Arizona Alternative Pathway/Elementary Certificate (CERT/AP-E) or Alternative Pathway/Secondary Certificate (CERT/AP-S) may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Arizona Alternative Pathway Certificate Course Waiver Form.

Clinical Experience and Clinical Practice for the MAED/TED-E

- Clinical practice is a full-time experience. Each campus establishes operational policies related to placement and completion of clinical practice. Candidates must follow the guidelines in place at their campus.
- Candidates must take the Clinical Practice Seminar concurrently with the clinical practice placement. If a candidate chooses to postpone clinical practice, he/she must postpone their enrollment in the clinical practice course.
- Removal from a placement at the request of an appointed administrator from the clinical practice location or UOPX:
  - Candidates who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their clinical practice seminar will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two clinical practice attempts.
  - Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
- Candidates enrolled in the MAED/TED program wishing to do their student teaching in a single subject in grades 6-8 must provide the following prior to Student Teaching:
  - Passing scores on the state mandated content exam for elementary
  - Passing scores on the state mandated content exam for the single subject content area the candidate would like to teach in grades 6-8. The candidate must ensure that the elementary grade span recognized by the teacher licensing body in his/her state of residence includes the desired 6-8 grade level.
  - Candidates in the MAED/TED program may not complete their clinical practice in special education.

Candidates that execute an unapproved self-termination of clinical practice, prior to starting and posting attendance in their clinical practice seminar will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two clinical practice attempts.

- Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.

Candidates that execute an unapproved self-termination of a clinical practice, after having met any amount of attendance in their clinical practice seminar, will be withdrawn from the clinical practice seminar, will be issued a grade of “F”, and will be placed on Scholastic Disqualification. This experience counts as one of their two clinical practice attempts.

- Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.

Candidates who do not successfully complete their mid-term evaluation:

- Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their clinical practice seminar, issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

Clinical practice can only be repeated one time.

- Candidates who do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must complete their clinical practice in the subject area in which a passing score was achieved on the content knowledge assessment exam.
- Candidates enrolled in the MAED/TED-E program wishing to do their student teaching in a single subject in grades 6-8 must provide the following prior to Student Teaching:
  - Passing scores on the state mandated content exam for elementary
  - Passing scores on the state mandated content exam for the single subject content area the candidate would like to teach in grades 6-8. The candidate must ensure that the elementary grade span recognized by the teacher licensing body in his/her state of residence includes the desired 6-8 grade level.

Candidates who do not successfully complete their mid-term evaluation:

- Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their clinical practice seminar, issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

- Clinical practice can only be repeated one time.
- Candidates who do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must complete their clinical practice in the subject area in which a passing score was achieved on the content knowledge assessment exam.
- Candidates enrolled in the MAED/TED-E program wishing to do their student teaching in a single subject in grades 6-8 must provide the following prior to Student Teaching:
  - Passing scores on the state mandated content exam for elementary
  - Passing scores on the state mandated content exam for the single subject content area the candidate would like to teach in grades 6-8. The candidate must ensure that the elementary grade span recognized by the teacher licensing body in his/her state of residence includes the desired 6-8 grade level.
- Candidates in the MAED/TED program may not complete their clinical practice in special education.
• MAED/TED candidates, in some states (district specific), who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g., 4th grade for elementary candidate) may be eligible to waive or validate their clinical practice experience. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for clinical practice. Students must complete the Clinical Practice courses and complete and upload the Teacher Performance Assessment.
• Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).
• Students must complete a minimum of 12 weeks of clinical practice, including the completion of a Teacher Performance Assessment.
• Students must submit their Teacher Performance Assessment.

Out of State Clinical Practice
Candidates who are unable to complete their clinical practice experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their clinical practice online. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online Administrative Offices for a list of participating states and procedures for clinical practice placement.
• Candidates must enroll in the remaining Clinical Practice Seminars online while completing their clinical practice experience.
• Candidates need to work directly with the Online Administrative Offices to complete the requirements for verification of placement.

Clinical Experience
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours (or as required by state of residency) of verified clinical experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each clinical experience will relate to specific course content and will follow a structured format. As part of the verified clinical experiences, candidates must also complete guided clinical experience requirements. The guided clinical experience requirements will be satisfied through the completion of Guided Clinical Experience assignments in specific courses required by the candidate’s program. Documentation of clinical experience will be reviewed by campus staff and faculty prior to clinical practice. Candidates must work with their campus and follow necessary guidelines to arrange clinical experience. Students who have failed to meet program requirements for My Time Log must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Re-Entry for the MAED/TED-E
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Colorado, Indiana, Missouri, Nevada, Oregon, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Institutional Recommendation for the MAED/TED-E
• Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.
• Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Signature Assignments for the MAED/TED-E
The College of Education requires students to submit specific signature assignments from selected courses within the program for evaluation and verification that students are meeting program standards. Data collected through signature assignments are then used by College personnel for accreditation and continuous program improvement.
Arizona Teaching Intern Certificate Route

Arizona Teaching Intern Certificate Route
The Arizona Teaching Intern Certificate Route is optional for Arizona residents and is not a requirement for participation in clinical practice (student teaching). To participate in the Arizona Teaching Intern Certificate Route, candidates must qualify for the Alternative Teaching Certificate.

The Alternative Teaching Certificate entitles the teacher candidate to perform teaching duties under the supervision of a University faculty supervisor and is only valid in the school district or charter school requesting the certificate. The Alternative Teaching certificate is valid for two years and may be extended yearly for no more than two consecutive years.

Requirements for initial issuance of the Alternative Teaching Certificate:
- A Bachelor’s degree or higher from a regionally accredited institution
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety
- Letter of intent to hire or other evidence indicating that the student will be hired as a contracted teacher for the school year. The classroom and grade level must align with the candidate’s program of enrollment and content knowledge exam.
- Verification letter indicating that the candidate is enrolled in an Arizona State Board approved educator preparation program signed by the College of Education appropriate designee.
- Passing scores on the designated state content knowledge exam.
- Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Requirements for extension of the Alternative Teaching Certificate:
- Students must be continuously enrolled.
  - Intern route students need to earn credit within an academic term (August to December or January to May). If this is not accomplished, the student will not meet the requirements for the Arizona Department of Education Verification Letter.
  - Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Master of Arts in Education/Secondary Teacher Education (Arizona)

The following Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for initial teacher licensure for instruction in secondary education. The guiding philosophy of the MAED/TED-S program is to provide adult students who already have degrees in disciplines other than education with the knowledge, skills, and dispositions to become competent and effective secondary educators. Rigorous course work, clinical experience, and clinical practice are integral components of this program. Candidates complete a minimum of 100 hours of verified field-based clinical experiences at appropriate grades and content levels to prepare them for a culminating clinical practice as a student teacher. During their clinical practice (student teaching), candidates work with a cooperating teacher at a school site and with a University of Phoenix faculty supervisor. All clinical experiences are aligned to state and professional standards and prepare candidates to be effective educational professionals.

View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

Educator licensure requirements vary by state. Candidates who are a resident of a state that does not provide a direct path to licensure, will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared candidate. The Arizona certification process requires candidates to pass all Arizona-specific licensure requirements including any Arizona-specific exams (or home state equivalents if recognized by the Arizona Department of Education). After candidates have been licensed in Arizona, they may be required to complete testing or other additional certification requirements, at additional cost, in their home state in order to obtain state licensure there. Program requirements may change based upon state agency licensure requirements and it is the candidate’s responsibility to check with their state agency for state-specific requirements.

Candidates residing in Alabama, Idaho, Illinois, Indiana, Kansas, Missouri, New Jersey, New Mexico, Oregon, Puerto Rico, Texas, and Utah will be required to obtain Arizona certification first, prior to seeking licensure, in their home state.

This program may not be available in all states and a move out of the candidates’ home state while they are still completing coursework/program requirements may impede their ability to complete their degree/certificate program and become certified in their new state of residence. Candidates are strongly encouraged to discuss any anticipated moves with their University representative early on to review their options to complete their program.
Program Purpose
The Master of Arts in Education/Secondary Teacher Education (MAED/TED-S) is a graduate degree program preparing candidates for initial teacher licensure. The guiding philosophy of the MAED/TED-S program is to provide the adult student, who already has a degree in a discipline other than education, with the knowledge, skills and dispositions that will allow him or her (or change to plural throughout) to become a competent and effective educator. This program focuses on secondary student learning by improving the educator’s responsibility for that learning. Clinical Practice (student teaching) is an integral component of the Teacher Education Program. It provides students with a field-based experience at the appropriate grade and content level. Student teachers work with a cooperating teacher from a school site and with a University of Phoenix faculty advisor. The clinical practice is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified classroom teacher. Throughout the program, students are required to complete a minimum of 100 hours of verified clinical experiences covering a variety of developmental levels. The focus of each experience will relate to specific course content and professional preparation. Documentation will be maintained in the student’s professional portfolio.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the secondary classroom to produce a positive impact on student learning.
- Students will be able evaluate effective professional practice in secondary education.
- Students will be able apply professional ethics to their instructional practices in secondary education.
- Students will be able evaluate learning principles to differentiate instruction to meet the needs of diverse secondary student populations.
- Students will be able create innovative strategies and incorporate technology in a secondary classroom setting.

Program Category Requirements and Course Selections
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1). Candidates in the MAED/TED programs are required to complete a minimum number of credits in each of the Program Requirement Categories. The number of required credits and courses available to fulfill these requirements are noted below.

Orientation, 0 total credits
MTE 001 .......................................................................................0 credits Orientation to Teacher Education

Introductory Course, 1 total credit
MTE 510 ~ ....................................................................................1 credits Professional Knowledge, Skills, and Dispositions

Foundations of Education, 3 total credits
MTE 516 ~ ....................................................................................3 credits Foundations of the Professional Educator

Educational Theories and Models, 6 total credits
SEC 533 ~ ....................................................................................3 credits Instruction and Assessment for Diverse Learners
SEC 532 ~ ....................................................................................3 credits Secondary - Creating an Effective Learning Environment

Human Development, 3 total credits
MTE 511 ~ ....................................................................................3 credits Child/Adolescent Growth, Development, and Learning

Assessment, 3 total credits
MTE 513 ~ ....................................................................................3 credits Evaluation and Data Literacy
Reading, 3 total credits
SEC 534 ~ ....................................................................................3 credits Reading in the Content Area

Special Populations, 6 total credits
SEI 506 ~ ....................................................................................3 credits Structured English Immersion - Secondary
MTE 512 ~ ....................................................................................3 credits Teaching the Exceptional Learner

Technology, 3 total credits
MTE 517 ~ ....................................................................................3 credits Technology Integration for Educators

Content and Curriculum Knowledge, 3 total credits
SEC 535 ~ ....................................................................................3 credits English/Language Arts Content and Curricular Knowledge
SEC 536 ~ ....................................................................................3 credits Social Studies Content and Curricular Knowledge
SEC 537 ~ ....................................................................................3 credits Secondary Content and Curricular Knowledge
SEC 538 ~ ....................................................................................3 credits Mathematics Content and Curricular Knowledge

Clinical Practice, 3 total credits
SEC 583 ~ ....................................................................................3 credits Secondary Clinical Practice

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the MAED/TED-S
All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree or higher from a regionally accredited college or university or equivalent undergraduate degree or higher earned at a recognized foreign institution.
- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved UOPX evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending online should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.
- A signed MAED/TED New Student Checklist
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admisibility.
• Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.

Candidate Status for the MAED/TED-S
The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.
• Level 1 Candidate Status is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
• Level 2 Candidate Status is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record.
  
  Credits applied through waiver are included for Candidacy Status Level 2 Review. Students who waive 9 or more credits in their required course of study will be eligible for a 3 credit extension to complete the requirements for Candidacy Status Level 2
• Verification of Fingerprint Clearance
Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/TED-S
• Completion of a minimum of 34 credits.
• A minimum grade point average (GPA) of 3.0.
• Completion of Teacher Performance Assessment.
• Satisfactory completion of any required internship, clinical practice, and/or practicum courses.
• Students must take courses within a sequence specified by course prerequisite requirements.
• Completion of My Time Log (100 hours or as required by state of residency). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
• Completion of signature assignments.
• In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
  
  The diploma awarded for these programs will read as: Master of Arts in Education Secondary Teacher Education

Academic Progression Requirements for the MAED/TED-S
Candidates must provide verification of the following prior to beginning their clinical practice placement. Candidates must provide:
• Verification of negative TB test results, or other TB clearance documentation (District specific).
• Passing scores on the designated state content knowledge exam (elementary content or secondary content area specific).
  
  Students residing in the state of Tennessee, and that choose to complete a job-embedded pathway, may receive initial approval of content knowledge through an undergraduate degree in an endorsement area as recognized by the Tennessee State Board of Education. Passing scores on the Tennessee state content knowledge exam will need to be verified before beginning the student teaching seminar.
• Verification of the completion of 100 hours of clinical experience (or as required by state of residency).
• Candidates will be required to have a 3.0 GPA for the program prior to entering clinical practice.
• Completion of a Dispositions Assessment

Minimum Grade Requirements for the MAED/TED-S
• Candidates must earn a “B” or better in all Clinical Practice Seminars in order to complete this program. Grades of “B-”are not accepted. Students who fail to receive a minimum grade of “B” in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course(s) and/or the clinical practice placement: SEC 583
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  
  Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
• Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
• If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended and permanently withdrawn from the program.

Residency Requirements and Course Waivers for the MAED/TED-S
• Students in this program may waive a maximum of 6 credits from their required course of study.
• In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  
  • The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
  • The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
  • The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
• Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
• The following courses in the Required Course of Study may not be waived: MTE 001, MTE 510, MTE 512, MTE 513, SEC 533, SEC 535, SEC 536, SEC 537, SEC 538, SEC 583.

Arizona residents may waive SEI 504 or SEI 506 if they meet one of the following requirements:

- Completion of an Arizona Department of Education (ADE) approved SEI course(s) at an institution of higher education.
- Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop.

Candidates must provide evidence of the completion of a state approved workshop that is a minimum of 45 clock hours to be eligible for this waiver.

• Verification of one of the following endorsements:
  - Arizona Full SEI Endorsement (SEI 504 or SEI 506)
  - Arizona English as a Second Language Endorsement (SEI 504 or SEI 506)

Candidates who hold this endorsement may waive SEI 504 or SEI 506 with credit.

• Students who complete the Teach for America Summer Institute are eligible to waive the following courses in the MAED/TED Programs. Candidates must provide verification of completion in order to be eligible for these waivers.

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc program to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

• Students who waive courses using the Post-Bacc Course Waiver policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form.

• Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:
  - Fingerprint clearance
  - Completion of Teacher Performance Assessment
  - Satisfactory completion of any required internship, clinical practice, and/or practicum courses.
  - Completion of My Time Log (100 hours or as required by state of residency)

Candidates who have completed the Arizona Alternative Pathway/Secondary Certificate (CERT/AP-S) from University of Phoenix are eligible to apply completed coursework from the certificate program to fulfill requirements within this program. Students who waive courses using the Arizona Alternative Pathway/Elementary Certificate (CERT/AP-E) or Alternative Pathway/Secondary Certificate (CERT/AP-S) may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Arizona Alternative Pathway Certificate Course Waiver Form.

Clinical Experience and Clinical Practice for the MAED/TED-S

Clinical Practice Policies

• Clinical practice is a full-time experience. Each campus establishes operational policies related to placement and completion of clinical practice. Candidates must follow the guidelines in place at their campus.

• Candidates must take the Clinical Practice Seminar concurrently with the clinical practice placement. If a candidate chooses to postpone clinical practice, he/she must postpone their enrollment in the clinical practice course.

• Removal from a placement at the request of an appointed administrator from the clinical practice location or UOPX:
  - Candidates who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their clinical practice seminar will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two clinical practice attempts.
  - Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.

• Candidates who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their clinical practice seminar, will be withdrawn from the clinical practice seminar, will be issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two clinical practice attempts.
  - Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.

• Unapproved self-terminations of a clinical practice:
  - Candidates that execute an unapproved self-termination of clinical practice, prior to starting and posting attendance in their clinical practice seminar will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two clinical practice attempts.
  - Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.
Candidates in the MAED/TED program may not complete their clinical practice seminar, issued a grade of "F", and placed on Scholastic Disqualification. This experience counts as one of their two clinical practice attempts. Candidates may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Candidates will need to work with their appointed administrator to have these exceptions approved.

- Candidates who do not successfully complete their mid-term evaluation:
  - Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their clinical practice seminar, issued a grade of "F", and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.

- Clinical practice can only be repeated one time.
- Candidates who do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
- Candidates enrolled in the MAED/TED program must complete their clinical practice in the subject area in which a passing score was achieved on the content knowledge assessment exam.
- Candidates in the MAED/TED program may not complete their clinical practice in special education.
- MAED/TED candidates, in some states (district specific), who are currently employed as the teacher of record in a classroom appropriate grade level/content for the certificate they are pursuing (e.g., 4th grade for elementary candidate) may be eligible to waive or validate their clinical practice experience. Students will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for clinical practice. Students must complete the Clinical Practice courses and complete and upload the Teacher Performance Assessment.
- Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).
- Students must complete a minimum of 12 weeks of clinical practice, including the completion of a Teacher Performance Assessment.
- Students must submit their Teacher Performance Assessment.

Out of State Clinical Practice
Candidates who are unable to complete their clinical practice experience at the campus where they began are not guaranteed a placement. Candidates may be able to complete their clinical practice online. A select number of states do not participate in the University of Phoenix Teacher Education program. Candidates must contact the Online Administrative Offices for a list of participating states and procedures for clinical practice placement.

- Candidates must enroll in the remaining Clinical Practice Seminars online while completing their clinical practice experience.
- Candidates need to work directly with the Online Administrative Offices to complete the requirements for verification of placement.

Clinical Experience
Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours (or as required by state of residency) of verified clinical experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each clinical experience will relate to specific course content and will follow a structured format. As part of the verified clinical experiences, candidates must also complete guided clinical experience requirements. The guided clinical experience requirements will be satisfied through the completion of Guided Clinical Experience assignments in specific courses required by the candidate’s program. Documentation of clinical experience will be reviewed by campus staff and faculty prior to clinical practice. Candidates must work with their campus and follow necessary guidelines to arrange clinical experience. Students who have failed to meet program requirements for My Time Log must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Re-entry for the MAED/TED-S
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Colorado, Indiana, Missouri, Nevada, Oregon, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Institutional Recommendation for the MAED/TED-S
- Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.
Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and be degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Signature Assignments for the MAED/TED-S

The College of Education requires students to submit specific signature assignments from selected courses within the program for evaluation and verification that students are meeting program standards. Data collected through signature assignments are then used by College personnel for accreditation and continuous program improvement.

Arizona Teaching Intern Certificate Route

The Arizona Teaching Intern Certificate Route is an alternative route to teacher certification that allows individuals to become licensed to teach in Arizona. To qualify for the Arizona Teaching Intern Certificate Route, candidates must have earned a bachelor’s degree and be in good academic and financial standing.

Requirements for initial issuance of the Alternative Teaching Certificate:

- A Bachelor’s degree or higher from a regionally accredited institution
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety
- Letter of intent to hire or other evidence indicating that the student will be hired as a contracted teacher for the school year. The classroom and grade level must align with the candidate’s program of enrollment and content knowledge exam.
- Verification letter indicating that the candidate is enrolled in an Arizona State Board approved educator preparation program signed by the College of Education appropriate designee.
- Passing scores on the designated state content knowledge exam.
- Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Requirements for extension of the Alternative Teaching Certificate:

- Students must be continuously enrolled.
  - Intern route students need to earn credit within an academic term (August to December or January to May). If this is not accomplished, the student will not meet the requirements for the Arizona Department of Education Verification Letter.
- Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Master of Arts in Education/Special Education

The following Master of Arts in Education/Special Education (MAED/SPE) program may be offered at University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education (MAED) with a specialization in Special Education is a graduate degree program preparing candidates for teacher licensure in the field of special education. Candidates for this program have already earned a bachelor’s degree and wish to gain the pedagogical skills and knowledge that will assist them in becoming effective special education educators. The program’s curriculum includes orientation to the exceptional child, foundations and methodologies of mild disabilities, diagnosis and assessment of disabilities, structured English immersion, reading and language arts instruction, inclusion strategies, and collaboration and resource management for the special educator. Throughout the program, students are required to complete a minimum of 100 hours of verified field experiences. The focus of each observation will relate to specific course content. Students’ field experiences are designed to prepare them for student teaching. Student teaching is an integral component of the Special Education Program. Student teachers work with a cooperating teacher and with a University of Phoenix faculty advisor during a field-based experience in a mild-moderate special education setting. The student teaching experience is designed to emphasize the achievement of state standards leading to certification and to present individuals with growth opportunities that best prepare them to assume the duties of a certified teacher.

View state licensure requirements for this program: https://www.phoenix.edu/colleges/college-of-education/teacher-licensure/state-requirements.html

Educator licensure requirements vary by state. Candidates who are residents of a state that does not provide a direct path to licensure, will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared candidate. The Arizona certification process requires candidates to pass all Arizona-specific licensure requirements including any Arizona-specific exams (or home state equivalents if recognized by the Arizona Department of Education). After candidates have been licensed in Arizona, they may be required to complete testing or other additional certification requirements, at additional cost, in their home state in order to obtain state licensure there.

Program requirements may change based upon state agency licensure requirements and it is the candidate’s responsibility to check with their state agency for specific requirements.

Candidates residing in Alabama, Idaho, Illinois, Indiana, Kansas, Missouri, New Jersey, New Mexico, Oregon, Puerto Rico, Texas, and Utah will be required to obtain Arizona certification first, prior to seeking licensure, in their home state.
Program Category Requirements and Course Selections

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Orientation, 0 total credits**
MTE 507 ................................................................. 0 credits
Orientation to Teacher Education

**Introductory Course, 1 total credit**
COM 516 ............................................................. 1 credit
Professional Communications

**Foundations of Special Education, 3 total credits**
SPE 513 ~ ........................................................... 3 credits
Orientation to the Exceptional Child

**Educational Theories and Models, 9 total credits**
SPE 578 ~ ........................................................... 3 credits
Models, Theories and Instructional Strategies for SPE
SPE 584 ~ ........................................................... 3 credits
Learning Disabilities and Language and Development Disorders

**Program Purpose**
The Master of Arts in Education/Special Education is a graduate degree program intended to prepare students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become special education teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. As licensure requirements may vary by state, it is the student’s responsibility to ascertain and meet licensure requirements in any state in which the student desires to practice and to contact the applicable state educator licensure agency to verify current requirements to become a licensed teacher. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity.

**Program Student Learning Outcomes**
In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to design and implement effective instruction in the P-12 classroom to produce a positive impact on student learning.
- Students will be able to evaluate effective professional practice in special education.
- Students will be able to apply professional ethics to their instructional practices in special education.
- Students will be able to create and modify instructional and behavioral plans for a variety of learning needs.
- Students will be able to create innovative strategies and incorporate technology in a P-12 classroom setting.

**Program Category Requirements and Course Selections**

**Instruction and Management for Special Needs Students, 18 total credits**

- SEI 500 ........................................................................ 3 credits
Structured English Immersion

- SEI 503 ........................................................................ 3 credits
Advanced Structured English Immersion Methods

- SPE 574 ~ ........................................................... 3 credits
Characteristics of Intellectual/Developmental Disabilities

- SPE 544 ~ ........................................................... 3 credits

Special Education Student Teaching: Part A

- SPE 595 ....................................................................... 4 credits
Special Education Student Teaching: Part B

The University reserves the right to modify the required course of study.

**Additional Admission Requirements for the MAED/SPE**

All applicants are expected to meet the following admissions requirements:

- Students enrolled in this program must have an undergraduate degree or higher from a regionally accredited college or university or equivalent undergraduate degree or higher earned at a recognized foreign institution.

- Students using foreign credentials when enrolling in a program leading to initial teacher certification/licensure must use a foreign credential evaluation service that is on both the approved University of Phoenix evaluation agency list and the state regulating board list of approved agencies, for the particular state in which the student is attending, to verify degree completion and equivalency to a United States undergraduate degree. Students attending online should abide by the regulations of the state in which they reside. In-house evaluations cannot be completed for programs leading to initial teacher certification.

- A signed MAED/SPE New Student Checklist

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

- Only students who reside within the United States and its territories are eligible to enroll into a UOPX bachelor or master of education program.
Candidacy Status for the MAED/SPE

The College of Education has two levels of review consisting of Level 1 Candidate Status and Level 2 Candidate Status. Applicants must meet requirements for both levels of candidacy status to continue in their program with no interruption of scheduling.

- **Level 1 Candidate Status** is completed upon admission to the University. Students who are admitted have met the requirements for Candidate Status Level 1.
- **Level 2 Candidate Status** is completed prior to the completion of 12 semester credits of the program. To meet the Candidate Status Level 2 requirements, the following items must be completed. Evidence that these requirements have been met must be entered on the student’s file and uploaded to the student’s official record. Credits applied through waiver are included for Candidacy Status Level 2 Review. Students who waive 9 or more credits in their required course of study will be eligible for a 3 credit extension to complete the requirements for Candidacy Status Level 2.
  - Verification of fingerprint clearance
- Students must be admitted and meet Level 1 Candidate Status prior to being reviewed for Level 2 Candidate Status.

Degree Completion Requirements for the MAED/SPE

- Completion of a minimum of 46 credits. All but six (6) credits of the major course of study must be completed at the University to meet residency requirements.
- A minimum grade point average (GPA) of 3.0.
- Satisfactory completion and uploading of the Teacher Work Sample (TWS), or teacher performance assessment (depending on state of residency).
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Students must take courses within a sequence specified by course prerequisite requirements.
- Completion of Field Experience Record (100 hours). To ensure students meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.
- Completion of signature assignments.
- In order to receive an institutional recommendation and/or state certification, candidates may need to meet other requirements as set forth by their state of residency. Candidates are advised to check with their State Department of Education for any additional certification requirements.
- The diploma awarded for this program will read as: 
  Master of Arts in Education
  Special Education

Academic Progression Requirements for the MAED/SPE

Candidates must provide verification of the following prior to beginning their student teaching experience. Candidates must provide:

- Immunization or TB test results (District specific)
- Passing scores on the designated state content knowledge exam.
  - Students seeking certification in Arizona will take the Arizona Special Education Professional Knowledge exam in lieu of a content knowledge exam.
- Verification of the completion of 100 hours of field experience.

Candidates will be required to have the minimum GPA for the program prior to entering the Student Teaching experience.

Minimum Grade Requirements for the MAED/SPE

- A candidate must earn a grade of “B” or better in all student teaching courses in order to complete this program. Grades of “B-” are not accepted. Students who fail to receive a minimum grade of “B” in any of the following courses will be Scholastically Disqualified from the University and required to complete a remediation process prior to repeating the course and/or student teaching: SPE 594, SPE 595, SPE 596.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Completion of the academic progression student agreement form, signed by the student and returned to the appointed administrator.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
- If the candidate does not receive a grade of “B” or better on the second attempt, the candidate will be Scholastically Suspended and permanently withdrawn from the program.

Institutional Recommendation for the MAED/SPE

- Candidates must meet all current program requirements prior to being issued a University of Phoenix Institutional Recommendation (IR, recommendation for state teaching credential, may vary by state). If candidates do not meet all criteria on the IR, the College may be required to list deficiencies or deny the request for an IR.
- Upon completion, candidates must complete a University of Phoenix graduation application in order to receive a diploma and degree conferred. Candidates’ records will be analyzed to ensure that they have met all academic and financial requirements of their programs. An IR cannot be completed until this process has been finished. This will ensure that candidates have met all of their obligations to the University before they receive an IR from the University.

Residency Requirements and Course Waivers for the MAED/SPE

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization.
The following courses in the Required Course of Study may not be waived: COM 516, MTE 507, RDG 570, SPE 578, SPE 594, SPE 595, SPE 584, MTH 575, SPE 576. Georgia students only: COM 516, MTE 507, RDG 570, SPE 584, MTH 575, SPE 576, SPE 596. Arizona residents may waive SEI 500 and/or SEI 503 if they meet one of the following requirements:

- Completion of an Arizona Department of Education (ADE) approved SEI course(s) at an institution of higher education. Candidates who provide evidence of the completion of 3 credits of SEI coursework may waive SEI 500 with credit, and SEI 503 without credit. Candidates must complete CUR 520 (or equivalent) to make up the credit deficiency for SEI 503.

- Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop. Candidates who provide evidence of the completion of a state approved workshop that is 45 clock hours may waive SEI 500 with credit, and SEI 503 without credit. Candidates must complete CUR 520 (or equivalent) to make up the credit deficiency for SEI 503.

- Completion of an Arizona Department of Education (ADE) approved district/individual trainer led workshop. Candidates who provide evidence of the completion of a state approved workshop that is 90 clock hours may waive both SEI 500 and SEI 503 with credit.

- Fingerprint clearance

Candidates who provide evidence of 6 credits of SEI coursework may waive both SEI 500 and SEI 503 with credit.

Students who waive courses using the Arizona Alternative Pathway/ Special Education Certificate (CERT/AP-SE) may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Arizona Alternative Pathway Certificate Course Waiver Form.

Field Experience for the MAED/SPE

Beginning with the first course, and throughout the program, candidates are required to complete a minimum of 100 hours of verified field experiences, covering a variety of developmental levels from ages birth through 18 years of age. The focus of each field experience will relate to specific course content and will follow a structured format. Four formal field experience evaluations are required during the program (observation, one-on-one instruction, small-group instruction, and whole-group instruction). These evaluations must be maintained and reviewed as specified in the handbook/courses. Documentation of field experience will be reviewed by campus staff and faculty prior to student teaching. Candidates must work with their campus to arrange field experience. Students who have failed to meet program requirements for Field Experience must complete the academic progression student agreement form, to be signed by the student and returned to the appointed administrator.

Student Teaching for the MAED/SPE

Student teaching is a full-time experience. Each campus establishes operational policies related to placement and completion of student teaching. Candidates must follow the guidelines in place at their campus.

- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Record (100 hours). To ensure student's meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Only students who have completed the Post-Bacc in Special Education will be eligible for waivers for the MAED/SPE. Candidates who have completed the Arizona Alternative Pathway/ Special Education Certificate (CERT/AP-SE) from University of Phoenix are eligible to apply completed coursework from the certificate program to fulfill requirements within this program. Students who waive courses using the Arizona Alternative Pathway/ Special Education Certificate (CERT/AP-SE) from University of Phoenix are eligible to apply completed coursework from the certificate program to fulfill requirements within this program. Students who waive courses using the Arizona Alternative Pathway/ Special Education Certificate (CERT/AP-SE) from University of Phoenix are eligible to apply completed coursework from the certificate program to fulfill requirements within this program.
- Candidates who do not successfully complete their mid-term evaluation will be withdrawn from their student teaching course, issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Candidates who do not successfully complete a successive attempt of the student teaching experience will be removed from the program, placed on Scholastic Suspension, and are not eligible for re-entry.
- Candidates enrolled in the MAED/SPE program must student teach in the appropriate mild-moderate special education student teaching setting.
- Students who are already teaching in an appropriate K-12 mild-moderate special education environment will be evaluated by a faculty supervisor in their classroom and will not have to seek additional placement for student teaching. Students in the MAED/SPE program must be currently teaching in a K-12 mild-moderate special education setting that meets their state requirements for student teaching.
- Students should complete student teaching within twelve (12) months from their official last date of attendance and the completion of their last required course in the program (excluding the student teaching courses).
- Students must complete a minimum of 8 credit hours of student teaching, including the completion of a Teacher Work Sample project, or teacher performance assessment (depending on state of residency).

Candidates who are unable to complete their student teaching experience at the campus where they began are not guaranteed a second placement. Candidates may be able to complete their student teaching online. A select number of states do not participate in the Arizona Teaching Intern Certificate Route. The Arizona Teaching Intern Certificate Route is optional for Arizona residents and is not a requirement for participation in clinical practice (student teaching). To participate in the Arizona Teaching Intern Certificate Route, candidates must qualify for the Alternative Teaching Certificate.

The Alternative Teaching Certificate entitles the teacher candidate to perform teaching duties under the supervision of a University faculty supervisor and is only valid in the school district or charter school requesting the certificate. The Alternative Teaching Certificate is valid for two years and may be extended yearly for no more than two consecutive years.

- Student teachers who are removed from a placement at the request of an appointed administrator, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers who are removed from a placement at the request of an appointed administrator, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of “F”, and placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Unapproved self-terminations of student teaching:
  - Student teachers that execute an unapproved self-termination of student teaching, prior to starting and posting attendance in their student teaching course or while transitioning between their student teaching courses, will result in candidates being placed on Scholastic Suspension and administratively withdrawn. Scholastic Suspension will be removed upon the successful completion of the supplemental standards remediation process. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Student teachers that execute an unapproved self-termination of student teaching, after having met any amount of attendance in their student teaching course, will be withdrawn from the student teaching course, will be issued a grade of “F”, and will be placed on Scholastic Disqualification. This experience counts as one of their two student teaching attempts.
  - Students may request an exemption from this policy when dealing with issues related to family crisis, medical necessity, or natural disaster. Students will need to work with their appointed administrator to have these exceptions approved.
- Candidates who do not successfully complete their mid-term evaluation:
Requirements for initial issuance of the Alternative Teaching Certificate:

- A Bachelor’s degree or higher from a regionally accredited institution
- A valid fingerprint clearance card issued by the Arizona Department of Public Safety
- Letter of intent to hire or other evidence indicating that the student will be hired as a contracted teacher for the school year. The classroom and grade level must align with the candidate’s program of enrollment and content knowledge exam.
- Verification letter indicating that the candidate is enrolled in an Arizona State Board approved educator preparation program signed by the College of Education appropriate designee.
- Passing scores on the designated state content knowledge exam.
- Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Requirements for extension of the Alternative Teaching Certificate:

- Students must be continuously enrolled.
  - Intern route students need to earn credit within an academic term (August to December or January to May). If this is not accomplished, the student will not meet the requirements for the Arizona Department of Education Verification Letter.
  - Students must have a minimum 3.0 GPA and be in good academic and financial standing.

Re-entry for the MAED/SPE

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Colorado, Indiana, Missouri, Nevada, Oregon, New Mexico, Tennessee, Utah, Hawaii, Texas, and California Versions: Candidates who have been out of attendance for more than one year and have completed all degree requirements except student teaching, internship or practicum must appeal to the Student Appeals Committee (SAC) to return to their original program version.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Master of Arts in Education/Educational Studies

The following Master of Arts in Education/Educational Studies (MAED/ES) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education/Educational Studies (MAED/ES) degree is a non-teaching degree designed to facilitate the development of professional knowledge, skills and understanding of the teaching and learning process. The program provides students with information across a variety of education topics with an emphasis in the field of education.

**Note: This program is not eligible for Federal Student Financial Aid funds.**

Program Purpose

The Master of Arts in Education/Educational Studies is a graduate degree program intended for students who have completed all coursework from a UOPX initial licensure program with the exception of both student teaching courses. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as a degree completion option.

Program Category Requirements for the MAED/ES

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Students must select one course from each Elective category selection below to complete the 6 credit requirement:

**Elective One, 3 total credits**

- AET 500: Foundations of Adult Learning Theory ..................................................... 3 credits
- AET 552: Marketing Adult Education ..................................................................... 3 credits
- AET 560: Facilitating Change ................................................................................. 3 credits
- AET 562: Social Media for Professional Learning .................................................... 3 credits

**Elective Two, 3 total credits**

- CUR 520: Advocating for Learning ....................................................................... 3 credits
- CUR 525: Ethical Issues in Education ................................................................. 3 credits
- CUR 550: Engaging in Communities of Practice .................................................. 3 credits
- CUR 555: Professional Learning for Continuous Improvement ......................... 3 credits

The University reserves the right to modify the Program Requirements.
Additional Admission Requirements for the MAED/ES

Applicants are expected to meet all admissions requirements:

- Applicants enrolling in this program must meet all admission requirements from their University of Phoenix previous pre-licensure program.
- The University of Phoenix previous pre-licensure programs eligible for admission to the MAED/ES are the following: MAED/TED-E, MAED/TEDEE, MAED/TEDEM, MAED/TEDMS, MAED/TEDMG, MAED/TEDMM, MAED/TEDSS, MAED/TED-S, MAED/SPE, MAED/ECH.

Note: Some restrictions apply to the MAED/ECH program. Please contact your campus representative for more information.

- Applicants to this program must have completed all coursework from their UOPX previous pre-licensure program with the exception of both Student Teaching courses.
- Students will be eligible for admission to the MAED/ES program provided that the Enrollment Agreement sign date for the previous pre-licensure program is no more than ten (10) years in the past.
- Applicants may have up to one (1) year upon program enrollment agreement sign date or their original pre-licensure program completion deadline, whichever comes later, to complete the program.

Degree Completion Requirements for the MAED/ES

- Completion of a minimum of 32 credits to earn a university degree.
- Completion of two (2) MAED/ES Elective courses in addition to all completed coursework from the previous pre-licensure program, with the exception of student teaching.
- A minimum grade point average (GPA) of 3.0.
- MAED/ES graduates will not be permitted to return to complete student teaching and receive a degree in any previous pre-licensure program at the University.
- The diploma awarded for this program will read as: Master of Arts in Education Educational Studies.

Residency Requirement for the MAED/ES

Students must meet the established University residency requirement for degree conferment. The University requires that all six (6) Elective credits must be completed at University of Phoenix in order to meet residency.

Re-entry for the MAED/ES

Re-entry students completing a program change from one of the following UOPX pre-licensure programs to the MAED/ES program will be required to complete all paperwork required by the University Re-entry policy.

- MAED/TED-E
- MAED/TEDEE
- MAED/TEDEM
- MAED/TEDMS
- MAED/TEDMG
- MAED/TEDMM
- MAED/TEDSS
- MAED/TED-S
- MAED/SPE
- MAED/ECH

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult the appropriate University representative for guidance.

Master of Arts in Education/Curriculum and Instruction

The following Master of Arts in Education/Curriculum and Instruction (MAED/CI) program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Master of Arts in Education program with a specialization in Curriculum and Instruction is intended to afford P-12 educators the opportunity to enhance their curriculum, instruction, and leadership repertoire by expanding their knowledge of assessment, instructional strategies, integration of technology, professional development, data-driven decision making, and mentoring and coaching. Educators will develop teacher leadership skills by exploring the latest research, trends, and strategies. Graduates will be able to effectively collaborate with all stakeholders and serve their students, colleagues, and communities as ethical leaders committed to excellence.

Program Purpose

The Master of Arts in Education/Curriculum and Instruction is a graduate degree program intended to provide educators with advanced knowledge and skills in curriculum and instruction. The program does not prepare students for any type of professional certification or state licensure as a teacher. It is only intended as an advanced degree.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Education graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to synthesize multiple theories of curriculum and instruction to design effective professional development opportunities.
- Students will be able to analyze assessment data to make informed decisions for continuous improvement of instructional programs.
- Students will be able to create innovative strategies and incorporate technology to enhance student learning in the classroom setting.
MAED/CI Required Course of Study

Professional Learning for Continuous Improvement

Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admission.

Degree Completion Requirements for the MAED/CI
- The completion of a minimum of 35 credits.
- A minimum grade point average (GPA) of 3.0.
- The diploma awarded for this program will read as:

  Master of Arts in Education/Curriculum and Instruction

Residency Requirements and Course Waivers for the MAED/CI
The University requires that the majority of coursework in the Required Course of Study be completed through the University. Also known as the residency requirement, the University requires completion of a minimum of 23 graduate level credits at the University.

Students in this program may waive a maximum of 12 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or a foreign institution recognized/authorized by the country’s Ministry of Education.

- The course must have been completed within the past five (5) years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.

- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Nationally recognized and/or industry accepted certifications or training programs may be used to waive certain courses in the Required Course of Study upon approval by the appropriate college or school that the courses reside under, and will not require Prior Learning Assessment. All waivers using certifications must be verified by an official transcript or completion documentation from the certifying organization. Students in the MAED/CI who waive courses using an approved certification may exceed the maximum waiver limit for their program.

The following courses in the Required Course of Study may not be waived: COM 516

Candidates who successfully complete either the MAED/TED-Elementary or MAED/TED-Secondary program may waive the following courses in the MAED/CI program upon enrolling in the Master of Arts in Education/Curriculum and Instruction program.

Effective 4/1/2018, candidates with an additional, current academic teaching endorsement may waive the following 9 credits upon admission to the MAED/CI program: CUR 506, CUR 505, CUR 550

Any resident in the state of California who can show verification of the completion of a California Commission on Teacher Credentialing (CTC) state-approved induction program may exceed the 12 credit waiver maximum and waive up to 13 credits upon admission to the MAED/CI program: CUR 506, CUR 530, CUR 535, CUR 520

Candidates who have completed Post-Baccalaureate Teacher Certification program (Post-Bacc) from Rio Salado Community College are eligible to apply completed coursework from the Post-Bacc pro-
gram to fulfill requirements within this program. Course waivers will only be granted to students who have completed the Post-Bacc program in its entirety. Single courses from the Post-Bacc program will not be approved.

Students who waive courses using the Post-Bacc Course Waiver Policy may exceed the maximum waiver limit for their program and will be eligible to waive select non-waivable courses as outlined on the Post-Bacc Teacher Certification Course Waiver Form. Following application of the Post-Bacc course waivers, candidates will fulfill Candidacy 2 and all academic progression requirements. Candidates will not be required to complete and/or provide the following:

- Fingerprint clearance
- Basic Skills proficiency
- Completion and uploading of the Teacher Work Sample (TWS)
- Satisfactory completion of any required internship, student teaching, and/or practicum courses.
- Completion of Field Experience Record (100 hours). To ensure student’s meet this requirement documentation will be periodically uploaded, reviewed, and maintained as specified in the handbook/courses.

Students who have completed the below listed courses with a grade of C- or higher are eligible to waive up to 6 credits toward the MAED/CI Program. These courses will only be eligible to apply if the courses were completed prior to the Enrollment Agreement sign date for the MAED/CI program.

- For students to be eligible to waive CUR 520 the following courses must be completed: NTI 501, NTI 502
- For students to be eligible to waive CUR 530 the following courses must be completed: NTI 503, NTI 504

Students who have completed approved Continuing Education courses or their equivalents with a grade of B or higher, and within the last 5 years from Enrollment Agreement sign date are eligible to waive up to 12 credits toward the MAED/CI Program. An ARSC Heat Ticket must be submitted to have approved CET courses applied to the MAED/CI program. For the Continuing Education courses to apply to the MAED/CI degree program, the courses must have been taken prior to the student enrolling in the program. Students may not have any Continuing Education coursework apply to MAED/CI program requirements if the Continuing Education coursework was completed after the Enrollment Agreement sign date.

Re-entry for the MAED/CI

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
The University of Phoenix offers Professional Certificate programs to organizations and individuals with professional development or specialized training needs. The programs effectively blend theory and practice, enabling the individual to rapidly become a more effective manager or specialist.

Certificate programs are currently available in several fields: technology, education, call center professional, human resource management, health care, and project management.

A Credit Bearing Certificate program is one that bears University of Phoenix credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each College.

**Admission Requirements**

All applicants are expected to meet the following admission requirements:

- A completed and signed certificate application and application fee.

- Applicants whose native language is not English must have either:
  - achieved a minimum score of 213 on the computer-based test (cBT), or a score of 79 on the internet-based test (iBT), or a score of 550 on the written-based test (wBT) on the Test of English as a Foreign Language (TOEFL) within two years of application to the University.
  
  - or-
  
  - achieved a minimum passing score of 750 on the Test of English as an International Communication (TOEIC) within two years of application to the University.
  
  - or-
  
  - achieved a minimum passing score of 6.5 on the test of the International English Language Testing System (IELTS) within two years of application to the University.
  
  - or-
  
  - achieved a minimum score of 69 on the Berlitz Online Test of Reading and Listening Skills - English or a minimum score of 550 on the Berlitz Online English Proficiency Exam within two years of application to the University.
  
  - or-
  
  - successful completion of the approved ESL series of courses completed at: Canadian College of English Language (CCEL), International Language Schools of Canada (ILSC) or Kaplan.
  
  - or-
  
  - achieved a minimum score of 59 on the Pearson Test of English Academic Exam within two years of application to the University.

- The following may exempt a non-native speaker from having to take the TOEFL/TOEIC/IELTS, however official documentation may be required:
  - The applicant has successfully completed thirty (30) transferable, academic semester credits at a regionally or nationally accredited college or university in the United States.
  
- The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized college or university in a country in which English is the official language.

- The applicant has successfully completed the equivalent of thirty (30) transferable, academic semester credits at a recognized institution where English is the medium of instruction.

- The applicant has previously earned, prior to applying for admission to the University of Phoenix, a U.S. high school diploma or G.E.D. Applicants that list any language other than English as their native language on the admission application and G.E.D is taken, must submit a copy of the G.E.D to verify it was taken in the English version format.

- The applicant has earned the equivalent of a U.S. high school diploma in a country in which English is the official language.

- The applicant has earned the equivalent of a U.S. high school diploma at an institution where English is the medium of instruction.

- Only students who reside within the United States and its territories are eligible to enroll into a University of Phoenix bachelor or master of education program.

- Applicants who reside in the United States must meet one of the following requirements:
  - Be a legal resident of the United States
  - Have been granted permanent residency
  - Have a valid visa that does not prohibit educational studies
  - Have been granted temporary protected status and has been verified through Citizenship and Immigration Service that the country is eligible for TPS status at the time of application sign date. Student must list TPS as the visa type on the admissions application in order for US to verify TPS status.
  - Have been granted asylum or refugee status.

- Applicants who reside in Canada must meet one of the following requirements:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies
  - A signed Enrollment/Disclosure Agreement.
  - Completion of any state-specific required documents or forms.
  - Applicants who have been expelled from other institutions are not eligible for admission to University of Phoenix.

- Students who have been expelled from University of Phoenix are not eligible for readmission to University of Phoenix. No appeals will be accepted.

- Students are subject to all other University policies and procedures and additional requirements may be applied to specific programs at the discretion of the Dean.
Program Length

The established "normal time" to complete a certificate program is as follows: Education - 45 to 55 weeks, Health Professions - 21 to 40 weeks, Nursing (FNP certificate) - 138 weeks, Nursing (general) - 36 weeks, Social and Behavioral Sciences - 30 to 40 weeks, Business and Information Technology - 30 to 45 weeks. The term "normal time" means the length of time it would take a student to complete this program if the student is continuously enrolled, takes a full course load, successfully completes each attempted course, and does not have any transfer credits. Students may exceed or complete prior to the anticipated "normal time" for a variety of reasons that are individual to the student.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF BUSINESS AND INFORMATION TECHNOLOGY

Small Business Management and Entrepreneurship Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Small Business and Entrepreneurship certificate provides students with the skills necessary to establish and operate a small business or entrepreneurial enterprise through the successful management of planning, marketing, financial management, and integrated business operations. Upon completion of this program students will be able to examine small business marketing opportunities, identify innovative small business strategies, evaluate financial management decisions, and address the challenges and opportunities specific to small business management and entrepreneurship.

Required Course of Study for the CERT/SBE

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Small Business and Entrepreneurship Core, 9 total credits

MGT 401 ~ ......................................................................................... 3 credits
The Small Business: Structure, Planning, Funding
MKT 431 ~ ......................................................................................... 3 credits
Small Business Marketing
FIN 375 ~ ......................................................................................... 3 credits
Financial Management in the Small Business

Small Business and Entrepreneurship Electives, 6 total credits

Students must choose 2 of the following courses:

MGT 418 ~ ......................................................................................... 3 credits
Evaluating New Business Opportunities
HRM 300 ~ ......................................................................................... 3 credits
Fundamentals of Human Resource Management
MKT 440 ~ ......................................................................................... 3 credits
Fundamentals of Digital Marketing
LAW 441 ~ ......................................................................................... 3 credits
Business Law for Small Business and Entrepreneurs

Small Business and Entrepreneurship Capstone, 3 total credits

MGT 465 ~ ......................................................................................... 3 credits
Small Business and Entrepreneurial Planning

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/SBE

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School. All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation at the time the student attended, by an acceptable accrediting body; a foreign secondary institution completion credential; or a successfully completed state sanctioned test to include TASC (Test Assessing Secondary Completion), GED (General Education Development), CHESPE (California High School Proficiency Examination), or HiSET (High School Equivalency Test).
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/SBE

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Small Business Management and Entrepreneurship (Undergraduate)

Residency Requirements and Course Waivers for the CERT/SBE

Students must meet established University waivers for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.

The following course may not be waived: MGT 465
Re-entry for the CERT/SBE

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Marketing Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Marketing certificate addresses how to identify customer needs, how to communicate information about products and services to customers and potential customers, where to market, the pricing of products and services, and how to respond to growing demands in different countries and cultures. The program builds upon the foundational marketing course and allows further study in the areas of consumer behavior, marketing research, public relations, product and brand management, and small business marketing. Marketing managers need creative, analytical, and leadership abilities to manage the marketing function of the business enterprise.

Required Course of Study for the CERT/MKT

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

MKT 421 ................................................................. 3 credits
Marketing
MKT 435 ~ ........................................................... 3 credits
Consumer Behavior
MKT 498 ~ ........................................................... 3 credits

Integrated Marketing Strategies

Students must choose 3 of the following:

BRM 353 ~ ........................................................... 3 credits
Product and Brand Management
MKT 411 ~ ........................................................... 3 credits
Green Marketing
MKT 438 ~ ........................................................... 3 credits
Public Relations
MKT 441 ~ ........................................................... 3 credits
Marketing Research
MKT 444 ~ ........................................................... 3 credits
Hospitality Marketing

MKT 440 ~ ............................................................. 3 credits
Fundamentals of Digital Marketing

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/MKT

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.

All applicants are expected to meet the following admissions requirements:

- High school graduation from a nontraditional institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation, that is not yet expired.
- A minimum grade point average (GPA) of 2.0.
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Marketing (Undergraduate)

Residency Requirements and Course Waivers for the CERT/MKT

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- The following course may not be waived: MKT 498

**Re-entry for the CERT/MKT**

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

---

**Human Resource Management Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Human Resource Management certificate prepares students to develop an understanding of the fundamentals of human resource management and its strategic relevance in business. The program addresses the legal and ethical components of the decision making process involved in the human resources environment. Students will also develop an understanding of the critical business implications for human resource professionals today and in the future. HR practitioners and managers must be equipped with a solid understanding of the fundamentals of human resource management, along with strong skills in the areas of systems thinking, problem solving, influencing, negotiating, communications, and leadership. This program is consistent with generally accepted human resource management principles, including the professional certification knowledge areas.

**Required Course of Study for the CERT/HRM**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

-HRM 300 ................................................................. 3 credits
-HRM 324 ~ ............................................................. 3 credits
-MGT 434 ................................................................. 3 credits
-HRM 420 ~ ............................................................. 3 credits
-HRM 498 ~ ............................................................. 3 credits

-Total Compensation
-Strategic Human Resource Management and Emerging Issues

The University reserves the right to modify the required course of study.
Additional Admission Requirements for the CERT/HRM
A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School.
All applicants are expected to meet the following admissions requirements:
• High school graduation from an institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation at the time the student attended, by an acceptable accrediting body; a foreign secondary institution completion credential; or a successfully completed state sanctioned test to include TASC (Test Assessing Secondary Completion), GED (General Education Development), CHSPE (California High School Proficiency Examination), or HiSET (High School Equivalency Test).
• Applicants must have access to a suitable work environment for the completion of course assignments.
Certificate Completion Requirements for the CERT/HRM
• Completion of a minimum of 18 credits.
• A minimum grade point average (GPA) of 2.0.
• Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
• Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
• The activity must be comparable in content and semester credits to the University course it is replacing, and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

**Re-entry for the CERT/MGT**

With the exception of AAEE, BSLS, BSN, LVN, BSN, LPN, BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have less than 24 credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are not required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

**Project Management Certificate (Undergraduate)**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Project Management certificate focuses on the professional success of its students. It emphasizes real-world application with assignments designed to apply the newfound skills and knowledge to the workplace. Practical study materials, team activities, and presentations to the class foster teamwork, critical thinking, self-confidence, and application of project technical and leadership skills on a real-time basis. This program is consistent with generally accepted project management principles, including the project management processes and knowledge areas that lead to professional certification.

**Required Course of Study for the CERT/PM**

Courses requiring prerequisites are identified by a symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

**Project Management Core, 12 total credits**

- CPMGT 300: Project Management (3 credits)
- CPMGT 301: Strategic Portfolio and Project Management (3 credits)
- CPMGT 302: Procurement and Risk Management (3 credits)
- CPMGT 303: Project Estimating and Control Techniques (3 credits)
- CPMGT 304: Agile Project Management with Scrum Methodology (3 credits)
- CPMGT 305: Program Management (3 credits)
- MGT 445: Organizational Negotiations (3 credits)

Students must choose one of the following courses:

- CPMGT 306: Leading Projects in Organizations (3 credits)
- CPMGT 310: Project Management Methodologies (3 credits)
- CPMGT 311: Agile Project Management with Scrum Methodology (3 credits)
- CPMGT 312: Program Management (3 credits)
- MGT 445: Organizational Negotiations (3 credits)

**Project Management Electives, 3 total credits**

- CPMGT 307: Project Management Capstone (3 credits)

The University reserves the right to modify the required course of study.
Additional Admission Requirements for the CERT/PM
A Credit Bearing Certificate program is one that bears University
of Phoenix credits. Credit Bearing Certificate programs are de-
veloped and maintained by the Dean of each School.
All applicants are expected to meet the following admissions
requirements:

- High school graduation from an institution that holds state
  approval to confer high school diplomas, or that is accredited,
  or a candidate for accreditation at the time the student attended,
  by an acceptable accrediting body; a foreign secondary institution
  completion credential; or a successfully completed state
  sanctioned test to include TASC (Test Assessing Secondary
  Completion), GED (General Education Development), CHSPE
  (California High School Proficiency Examination), or HiSET
  (High School Equivalency Test).
- Applicants must have access to a suitable work environment for
  the completion of course assignments.

Certificate Completion Requirements for the CERT/PM
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
  - Students earning the certificate en-route will only be placed
    on Academic Probation if their bachelor program GPA falls
    below the minimum requirement.
  - Students earning this certificate en-route to completion of a
    degree program must meet the minimum GPA requirement
    at the conclusion of all required coursework for the
    certificate to be eligible for certificate conferral.
- The activity must be comparable in content and semester
  credits.
- The activity must have been completed at a regionally or
  approved nationally accredited, or candidate for
  accreditation, college or university, or from an approved
  source of nontraditional transfer credit as listed in University
  transfer policy.
- The activity must have been completed within the past ten
  (10) years (5 years for IS&T courses) from current program
  enrollment agreement sign date with a grade of "C" (2.0) or
  better or comparable passing benchmark for nontraditional
  credits.
- The activity must be comparable in content and semester
  academic credits to the University course it is replacing and
  must be an equivalent level or higher level course (i.e.
  graduate level coursework may be used to waive graduate
  or undergraduate coursework). Course descriptions must be
  included with the course waiver form in order for the Office
  of Admissions and Evaluation to review the course waiver
  request.
- Experiential Learning (essay) credit is not eligible to waive
  courses in the required course of study.
- The following course may not be waived: CPMGT 305

Re-entry for the CERT/PM
- Any student who has been out of attendance for more than 365
days from the last date of positive recorded attendance in a
program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version
without appeal if the program version is still the most current in
their state or jurisdiction.
- Re-entry students whose program version is not the most
current in their state or jurisdiction will be required to enroll
into the most current version.
- Re-entry students not re-entering into the most current program
version offered in their state or jurisdiction may submit an
appeal to the Student Appeals Center to re-enter any program
that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/
  restrictions. Re-entry students should consult the appropriate
  University representative for guidance.

Financial Planning Certificate (Undergraduate)

The following certificate program may be offered at these University of
Phoenix campus locations: Phoenix. The availability of programs and
concentrations depend on student demand and other factors. Not all
programs may be available to all residents of all states. Please contact your
enrollment representative for more information.
This certificate is only available as an en-route credential to the Bachelor of
Science in Business and must be completed via the Online modality.

The Financial Planning certificate emphasizes fundamental and
advanced financial planning concepts, theories, and practices to
promote well-informed personal financial decision making. Upon
completion of this program, students will be able to examine the
areas of personal finance planning, investment analysis and portfo-
lio management, retirement and benefit planning, and insurance
planning. Students will integrate advanced topics in financial plan-
ning through practical application.

Required Course of Study for the CERT/FINP

Courses requiring prerequisites are identified by a ~ symbol
following the course number. Course descriptions for all courses
are listed in the Course Guide section of the catalog (page B-1).
FIN 370.................................................................................... 3 credits
Finance for Business
FIN 420 ~ ............................................................................ 3 credits
Personal Financial Planning
FIN 486 ~ ............................................................................ 3 credits

Students must choose 3 of the following:
FIN 366 ~ ............................................................................ 3 credits
Financial Institutions
FIN 402 ~ ............................................................................ 3 credits
Investment Fundamentals and Portfolio Management
FIN 467 ~ ............................................................................ 3 credits
Real Estate Investment
FIN 422 ~ ............................................................................ 3 credits
Retirement and Benefit Planning
Additional Admission Requirements for the CERT/FINP

A Credit Bearing Certificate program is one that bears UOPX credits. Credit Bearing Certificate programs are developed and maintained by the Dean of each School. All applicants are expected to meet the following admissions requirements:

- High school graduation from an institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation at the time the student attended, by an acceptable accrediting body; a foreign secondary institution completion credential; or a successfully completed state sanctioned test to include TASC (Test Assessing Secondary Completion), GED (General Education Development), CHSPE (California High School Proficiency Examination), or HiSET (High School Equivalency Test).
- Applicants must have access to a suitable work environment for the completion of course assignments.

Certificate Completion Requirements for the CERT/FINP

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Financial Planning (Undergraduate)

Residency Requirements and Course Waivers for the CERT/FINP

- Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 15 credits in the Required Course of Study, must be completed at University of Phoenix.
- Students in this program may waive a maximum of 3 credits from their required course of study.
- In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:
  - The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
  - The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
  - The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.
- Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
- The following course may not be waived: FIN 486

Re-entry for the CERT/FINP

With the exception of AAEE, BSED/E, BSLS, LVN/BSN, LPN/BSN, and BSN, students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry. Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork, are required to enroll in the First-Year Sequence upon re-entry.

Students who have been out of attendance for a period of more than 365 days from the last date of positive recorded attendance in a program applicable course, and who have 12 or more UOPX credits, and a total of 24 or more credits from a combination of UOPX credits, previous college credits listed on the initial application for admission, and any additional college credits listed on the re-entry paperwork will not be required to complete GEN 200 (or equivalent) upon re-entry.

Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student. Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.

Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
Advanced Cyber Security Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Cyber Security Certificate concentrates on the concepts and principles of securing and protecting the information assets of the organization. The areas of information assurance, systems security, risk management, cryptography, cyber security and enterprise security are covered in this certificate. This program helps prepare for industry certifications such as the ISC² Systems Security Certified Practitioner (SSCP) and Certified Information Systems Security Professional (CISSP).

Program Category Requirements for the CERT/ACS

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Cyber Security, 18 total credits

Select 18 credits from the following:
- CMGT 230: Fundamentals of SSCP (3 credits)
- CMGT 400: Intro to Information Assurance & Security (3 credits)
- CMGT 430: Enterprise Security (3 credits)
- CMGT 431: Information Systems Security (3 credits)
- CMGT 432: Introduction to Cryptography (3 credits)
- CMGT 433: Cyber Security (3 credits)
- CMGT 442: Information Systems Risk Management (3 credits)

The University reserves the right to modify the required course of study.

General Information for the CERT/ACS

This certificate program may be taken on its own or may be earned en-route to earning a degree.

Additional Admission Requirements for the CERT/ACS

- High school graduation from an institution that holds state approval to confer high school diplomas, or that is accredited, or a candidate for accreditation at the time the student attended, by an acceptable accrediting body; a foreign secondary institution completion credential; or a successfully completed state-sanctioned test to include TASC (Test Assessing Secondary Completion), GED (General Education Development), CHSPE (California High School Proficiency Examination), or HiSET (High School Equivalency Test).
- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/ACS

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.00.

- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Advanced Cyber Security (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ACS

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study. In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional credits.
- The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request. Through an approved articulation agreement, students who have successfully completed equivalent courses may waive, without credits, up to six (6) credits of the Required Course of Study. Students must substitute other upper division coursework to satisfy the upper division credit requirement of their degree program (each program has specific substitution requirements). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  - The course must have been completed and transcribed from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
  - The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
  - The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.

Experiential Learning (essay) credit is not eligible to waive courses in the required course of study.
Re-Entry for the CERT/ACS

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements or restrictions. Re-entry students should consult the appropriate University representative for guidance.

Advanced Software Developer Certificate (Undergraduate)

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Advanced Software Developer Certificate concentrates on principles of software application development. This certificate explores modern software development though the use of multiple modern application programming languages as well as mobile programming and software architecture principles. This program helps preparation for industry certifications such as the C++ Certified Professional Programmer, Oracle Certified Professional JAVA SE Associate and Professional Programmer (OCP) and Microsoft C# and VB certifications.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to explain and apply fundamentals of software application development.
- Students will be able to apply concepts learned toward industry certifications.

Program Category Requirements and Prerequisites for the CERT/ASD

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Software Developer, 18 total credits

- BSA 385.....................................................................................3 credits
- Intro to Software Engineering
- CSS 422 .....................................................................................3 credits
- Software Architecture

Certificate Completion Requirements for the CERT/ASD

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 2.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their bachelor program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Advanced Software Developer (Undergraduate)

Residency Requirements and Course Waivers for the CERT/ASD

Students must meet established University residency requirement for certificate conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to be granted a waiver with credit for a course in the Required Course of Study, a student must have completed a previous credit bearing activity in transfer which meets the following criteria:

- The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university, or from an approved source of nontraditional transfer credit as listed in University transfer policy.
• The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of "C" (2.0) or better or comparable passing benchmark for nontraditional students.
• The activity must be comparable in content and semester academic credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). This policy also applies to upper division courses which are used to fulfill certificate degree requirements. In order to be granted a waiver, without credit, for a course in the Required Course of Study, a student must have completed a previous course which meets the following criteria:
  • The course must have been completed and transcribed from a regionally or nationally accredited institution with which the University of Phoenix has an approved articulation agreement.
  • The course must have been completed with a grade of "C" (2.0) or better during the effective dates of the approved articulation agreement.
  • The course must be approved through the articulation agreement and must be comparable in content and credits to the University course it is replacing.
Re-entry for the CERT/ASD
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• No appeals will be accepted for re-entry to an expired program.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Advanced Networking Certificate (Undergraduate)
The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.
This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Advanced Networking Certificate is designed to provide complete coverage of networking topics including the OSI model, network topologies, network protocols, network operating systems, as well as network architecture, network design and management. Comprehensive coverage of local area, wide area, and wireless networks including performance and service levels are addressed in this concentration. This certificate also provides an exposure to network modeling and measuring of network performance.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
• Students will be able to apply fundamentals of networking.
• Students will be able to design and administer Windows Server infrastructure.

The activity must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university or from an approved source of nontraditional transfer credit as listed in University transfer policy.

- The activity must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “C” (2.0) or better or comparable passing benchmark for nontraditional credits.
**Graduate Cyber Security Certificate**

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment advisor for more information. This certificate is only available as an en-route credential to the Bachelor of Science in Information Technology and must be completed via the Online modality.

The Graduate Cyber Security certificate will examine a number of methodologies and tools important to the discipline such as Information Systems Concepts; Financial Accounting; IS Auditing Processes; IT Governance and Management; Acquisition, Development, and Support of IS, and Information Assets Protection. Courses in this certificate can be used to help prepare for ISACA industry certifications.

**Program Category Requirements for the CERT/G-CS**

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

The University reserves the right to modify the required course of study.

**General Information for the CERT/G-CS**

This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

**Additional Admission Requirements for the CERT/G-CS**

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
- Signed Hardware/Software Agreement

**Certificate Completion Requirements for the CERT/G-CS**

- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- The certificate awarded for this program will read as: Graduate Cyber Security

**Residency Requirements and Course Waivers for the CERT/G-CS**

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix. Students in this program may waive a maximum of 6 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better;
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

**Re-entry for the CERT/G-CS**

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
Students will be able to develop and plan for the maintenance of Program Student Learning Outcomes. Information Systems and must be completed via the Online modality. Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information. This certificate is only available as an en-route credential to the Master of Information Systems and must be completed via the Online modality.

The Graduate Business Analytics Certificate is designed to provide specific theories, competencies, and skills necessary for success in the field of Business Analytics. This certificate will examine a number of methodologies and tools important to the discipline such as Information Systems Concepts, Database Management, Statistics, IT Architecture, Data Relationship Management, Customer Relationship Management, Analytic Programming and Statistical Business Analytics. Courses in this certificate can be used to help prepare for Oracle and SAS industry certifications.

Program Student Learning Outcomes
In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will be able to develop and plan for the maintenance of databases for storage of business data and use in business analytics.
- Students will be able to retrieve and analyze data using appropriate statistical operations for use in decision making within an organization.

Required Course of Study for the CERT/G-BA
Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Students must select 18 credits from the following course selections:
BSA 530..............................................................3 credits
IT Architecture
BSA 540..............................................................3 credits
Data Relationship Management
BSA 550..............................................................3 credits
Customer Relationship Management
BSA 570..............................................................3 credits
Analytic Programming
BSA 580..............................................................3 credits
Statistical Business Analytics
CIS 568..............................................................3 credits
Information Systems Concepts
DBM 502..............................................................3 credits
Database Management
MTH 540..............................................................3 credits
Statistics
The University reserves the right to modify the required course of study.

General Information for the CERT/G-BA
This certificate program may be taken on its own or may be earned en-route to earning a graduate degree.

Additional Admission Requirements for the CERT/G-BA
All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor's degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- Applicants must have access to a suitable work environment for the completion of course assignments.

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

- Signed Hardware/Software Agreement

Certificate Completion Requirements for the CERT/G-BA
- Completion of a minimum of 18 credits.
- A minimum grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a graduate program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.

The certificate awarded for this program will read as: Graduate Business Analytics

Residency Requirements and Course Waivers for the CERT/G-BA
Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 12 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 6 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better,
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Re-entry for the CERT/G-BA

• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
• Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Graduate Certificate in Human Resource Management

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Graduate Human Resource Management Certificate Program in addresses issues which the human resource professional faces daily, from legal matters to staff recruitment and development. This program is designed for those who have functional responsibility to carry out the duties of an organization’s human resource department; seasoned human resource staff members wishing to keep current; newcomers to the field requiring new knowledge and skills; and specialists wanting to broaden their knowledge. Human Resource Capstone Course

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the G-HRM

All applicants are expected to meet the following admissions requirements:
• An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e.- JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
• Applicants must have access to a suitable work environment for the completion of course assignments.
• A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

Certificate Completion Requirements for the G-HRM

Credit Bearing Certificate completion requirements are the following:
• Completion of a minimum of 15 credits.
• All students must meet residency requirements.
• A minimum grade point average (GPA) of 3.0.
• The certificate awarded for this program will read as: Graduate Human Resource Management.

Residency Requirements and Course Waivers for the G-HRM

Completion of a minimum of 12 credits of the required course of study to meet University residency requirements. Students in this program may waive a maximum of 3 credits from their required course of study.

Students who have completed graduate University of Phoenix course work that meets the requirements for this certificate, may apply credits earned. However, students must still meet program residency requirements.

In order to be granted a waiver for a course in the required course of study, the student must have completed a previous course which meets the following criteria:
• The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university.
• The course must have been completed within the past ten (10) years (5 years for IS&T courses) from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
• The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e., graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course may not be waived: HRM 595
Re-entry for the G-HRM

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll in their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.

Graduate Accounting Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

Students in the Graduate Accounting Certificate will develop an understanding of accounting concepts and applications. Students will also become competent in the use of appropriate analytical tools and technologies. They will be sensitive to legal, ethical, and social values in the conduct and communication of accounting practice and decisions. In addition, students will have an understanding of a portion of the topics required in preparation for the CPA exam: Audit & Attestation, Financial Accounting & Reporting, Regulation, and Business Environment & Concepts. The Graduate Accounting Certificate is designed for students who want to enhance their accounting management skills, enter the accounting profession, or complete additional coursework required for the CPA exam. While completing this program, students who may be planning to take the CPA exam will utilize CPA Test Preparation software in conjunction with their course work.

Note: Each state sets forth standards required to be eligible to take the CPA exam and apply for licensure or certification as a CPA. While this program was designed with consideration for the standards proposed by the National Association of State Boards of Accounting (NASBA), the University of Phoenix cannot, and will not, provide any assurance that completion of this program will allow a successful student to qualify within the student’s specific jurisdiction. Potential applicants should check with the appropriate organization within their jurisdiction to determine if this program, combined with their undergraduate degree and any other specific criteria, meets the requirements to qualify for examination in that specific jurisdiction. States frequently change their requirements for examination. There is no assurance that at the time of degree completion the specific jurisdiction’s requirements will be consistent with the requirements at the time of admission.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Business and Information Technology graduating students are intended to attain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.

- Students will differentiate key accounting principles in the organization, process and interpretation of data to make informed decisions.
- Students will synthesize pertinent information free from distortions, personal bias and conflicts of interest to support ethical, legal and professional standards.
- Students will evaluate decision-making options necessary to form appropriate conclusions to advance organizational goals.
- Students will apply key accounting concepts to solve critical business issues in the following domains of the MSA program:
  - Auditing and attestation
  - Financial accounting and reporting
  - Professional responsibilities and business law
  - Federal taxation
  - Business environment and concepts

General Information for the CERT/G-ACC

- This certificate program may be taken on its own or may be earned en-route to earning a graduate degree. Students wishing to earn the certificate en-route must be enrolled in the corresponding "Certificate Track" graduate program.
- Students who completed a certificate in its entirety and who later choose to enroll in a graduate program with a concentration in the same area of focus as the completed certificate will not be required to enroll in the Certificate Track.

Additional Admission Requirements for the CERT/G-ACC

All applicants are expected to meet the following admissions requirements:

- An undergraduate degree or higher from a regionally or approved nationally accredited, or candidate for accreditation, college or university or comparable undergraduate bachelor’s degree or higher earned at a recognized foreign institution or a graduate degree from an ABA accredited institution (i.e. JD, LLB, LLM). If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- Applicants must have access to a suitable work environment for the completion of course assignments.
- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

Certificate Completion Requirements for the CERT/G-ACC

- Completion of a minimum of 15 credits.
- A minimum grade point average (GPA) of 3.0.
  - Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
  - Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral.
- Students who complete the Graduate Accounting Certificate and wish to enroll in the MSA program can apply courses towards the MSA program requirement.
- The certificate awarded for this program will read as: Graduate Accounting

Residency Requirements and Course Waivers/Competency for the CERT/G-ACC

Completion of a minimum of 12 credit of the required course of study to meet University residency requirements.

Students in this program may waive a maximum of 3 credits from their required course of study.

In order to waive a course in the required course of study, the student must have completed a previous course that meets the following criteria:

- The course must have been completed at a regionally or approved nationally accredited, or candidate for accreditation, college or university;
- The course must have been completed within the past ten (10) years from current program enrollment agreement sign date with a “B” (3.0) or better; and
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

The following course in the Required Course of Study may not be waived: ACC 541

Re-entry for the CERT/G-ACC

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.
- No appeals will be accepted for re-entry to an expired program.
- Select programs may have additional re-entry requirements/ restrictions. Re-entry students should consult the appropriate University representative for guidance.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF HEALTH PROFESSIONS

Graduate Health Care Informatics Certificate

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

This certificate program is designed for health care and nurse professionals interested in pursuing or advancing in careers associated with health care informatics and technology. Individuals with little or no background in Informatics receive an overview of informatics as it relates to delivery within a health care facility. The program is designed to provide the learner with current knowledge in concepts of health care informatics, systems life cycle, and data management. The 10 credit-bearing specialization is available as a certificate program for post-baccalaureate students. The four courses in the informatics specialization certificate program are available at campuses offering nursing or health care degree programs using a variety of delivery methods.

Program Student Learning Outcomes

In addition to the knowledge and skills related to the University Learning Goals, College of Health Professions graduating students are intended to attain certain program-specific knowledge, skills and abilities. Therefore, you should be able to demonstrate the following learning outcomes by the time you complete this program.
- Learners will analyze informatics in health administration contexts to inform strategic data sourcing and decision-making.
- Learners will distinguish the ways in which data are utilized across diverse health information systems.
- Learners will critique health information system implementation and interaction across the health sector.

Required Course of Study for the HCI

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

HCS 504 ~ Introduction to Graduate Study in Health Sciences/Nursing

HCI 500 ~ Concepts of Health Care Informatics

HCI 520 ~ Data Management and Design

HCI 510 ~ Systems Life Cycle

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the HCI

- A cumulative GPA of 2.5 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., undergraduate, graduate, or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admisibility.
- A minimum equivalent of one year of full-time post high school work experience or volunteer experience is required.

Certificate Completion Requirements for the HCI

- Completion of a minimum of 10 credits.
- A minimum program grade point average (GPA) of 3.0.
- Students earning the certificate en-route will only be placed on Academic Probation if their graduate program GPA falls below the minimum requirement.
- Students earning this certificate en-route to completion of a degree program must meet the minimum GPA requirement at the conclusion of all required coursework for the certificate to be eligible for certificate conferral
- The certificate awarded for this program will read as: Heath Care Informatics

Residency Requirements and Course Waivers for the HCI

Students must meet established University residency requirement for degree conferral. The University requires that the majority of coursework, 7 credits in the Required Course of Study, must be completed at University of Phoenix.

Students in this program may waive a maximum of 3 credits from their required course of study. In order to waive a course in a HCI Certificate Program, the student must have completed a previous course which meets the following criteria:

- The course must have been completed and transcripted from a regionally or approved nationally accredited, or candidate for accreditation, college or university.
- The course must have been completed within the past five years from current program enrollment agreement sign date with a grade of “B” (3.0) or better.
- The course must be comparable in content and credits to the University course it is replacing and must be an equivalent level or higher level course (i.e. graduate level coursework may be used to waive graduate or undergraduate coursework). Course descriptions must be included with the course waiver form in order for the Office of Admissions and Evaluation to review the course waiver request.

Students completing this certificate en-route to the MHA/MBA Certificate Track program must appeal to the Student Appeals Center (SAC) to waive a certificate course that is required for their selected MHA/MBA concentration.

The following course will not be waived from the certificate program: HCS 504.

Re-entry for the HCI

- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student.
- Re-entry students may re-enroll into their program version without appeal if the program version is still the current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.

• Re-entry students not re-entering into the most current program version offered in their state or jurisdiction may submit an appeal to the Student Appeals Center to re-enter any program that is not yet expired.

• No appeals will be accepted for re-entry to an expired program.

• Select programs may have additional re-entry requirements/restrictions. Re-entry students should consult the appropriate University representative for guidance.
CERTIFICATE PROGRAMS FOR THE COLLEGE OF NURSING

Academic Progression Requirements for all Current Nursing Programs (excluding BSN/I)

Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a "for-cause" 15 panel, plus alcohol drug test.

Post Master's Certificate in Nurse Administration

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Nursing Certificate programs enhance the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete courses in advanced nursing content, process, and leadership. Concentrations in nursing psychiatric-mental health, family nurse practitioner, nursing informatics, nursing administration, and leadership roles in administration, practice, and educational setting allow students to concentrate on developing increased knowledge and skills in a specific area of content.

Program Purpose

This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in nursing administration. The course of study prepares nurses to function in leadership roles in nursing administration. Upon completion of the certificate program, nurses with a graduate degree in nursing and the required practice experience may be eligible to sit for the American Nurses Credentialing Center (ANCC) Nurse Executive – Board Certified (NE-BC) exam. For complete eligibility requirements, reference the complete NE-BC criteria (www.nursecredentialing.org).

CERT/NAD Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Required Course of Study courses must be completed in the order recommended by the University.

NSG 557 .................................................................3 credits
Organizational Dynamics and Systems Thinking
NSG 577 .................................................................3 credits
Continuous Quality Monitoring and Outcomes Improvement
NSG 547 .................................................................3 credits
Human Resources Management
NSG 567 .................................................................3 credits
Financial Resources Management in Health Care
NSG 516AD ~ ...........................................................3 credits
Practicum I
NSG 517AD ~ ...........................................................3 credits
Practicum II

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/NAD

All applicants are expected to meet the following admissions requirements:

- A master's degree in nursing (MSN or MN) or doctoral degree in nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.

- A cumulative GPA of 3.0 for all coursework listed on the degree posted transcript at the same level as the conferred degree (i.e., graduate or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.

- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico

- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in nursing, or foreign equivalent program.
  - All students, with the exception of students residing in Canada or Puerto Rico, will be required to validate their International Nursing License equivalency by CGFNS (Commission on Graduates of Foreign Nursing Schools) or ICD (International Consultants of Delaware) for RN equivalency.
  - All Canadian students must complete the Canadian RN License Verification Form and submit documentation of a valid, unrestricted, unencumbered RN license.

- Applicants who reside in Canada must meet one of the following requirements for admission:
  - Be a legal resident of Canada
  - Be a landed immigrant
  - Have a valid visa that does not prohibit educational studies

- Have a valid visa that does not prohibit educational studies
The certificate awarded for this program will read as:
- A minimum program grade point average (GPA) of 3.0.
- Completion of a minimum of 18 credits.

Certificate Completion Requirements for the CERT/NAD
- Completion of a minimum of 18 credits.
- A minimum program grade point average (GPA) of 3.0.
- The certificate awarded for this program will read as:
  Post Master’s Nurse Administration

Academic Progression Requirements for the CERT/NAD
- A minimum grade of C or better in all courses.
- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Clinical experiences/hours cannot be completed during work time at the student's place of employment.
- Any student who demonstrates behaviors in a clinical, classroom, or laboratory setting that gives rise to a reasonable suspicion, of substance abuse or otherwise indicates that the student may be impaired by drugs or alcohol, without reasonable justification will be required to undergo a “for-cause” 15 panel, plus alcohol drug test.

Minimum Grade Requirements for the CERT/NAD
- Students in this program are required to achieve a minimum grade of "C" (2.0) in all courses. A "C-" grade is not acceptable. Students who fail to receive a minimum grade of "C" in any of the courses will be scholastically disqualified from the University.
- Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
- Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  - Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  - Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  - Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement
- Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the CERT/ NAD
- Students must meet established University residency requirement for degree conferral. The University requires that 18 credits in the Required Course of Study must be completed at University of Phoenix.
- The courses in this program cannot be waived.

Re-entry for the CERT/NAD
- Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
- Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
- Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
- An appeal will be required for re-entry students to re-enroll in their program if:
  - The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  - The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
  - The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.
- Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Post Master’s Certificate in Nurse Education

The following certificate program may be offered at these University of Phoenix campus locations: Phoenix. The availability of programs and concentrations depend on student demand and other factors. Not all programs may be available to all residents of all states. Please contact your enrollment representative for more information.

The Nursing Certificate programs enhance the knowledge and skills of registered nurses with graduate-level nursing degree preparation. The program prepares registered nurses to function in leadership roles in administration, practice, and educational settings. Advanced nursing theory and research provide the foundation for nurses to influence the future of nursing and health care. Students complete courses in advanced nursing content, process, and leadership. Concentrations in nursing psychiatric-mental health, family nurse practitioner, nursing informatics, nursing administration and nursing education allow students to concentrate on developing increased knowledge and skills in a specific area of content.
Program Purpose

This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in nursing education. The course of study prepares nurses for roles within nurse education in a variety of educational and practice settings. Upon completion of the certificate, nurses with graduate degrees (or higher) and designated teaching experience may be eligible to sit for the National League of Nursing (NLN) Certified Nurse Educator (CNE) exam. For complete eligibility requirements, reference the complete NLN CNE criteria (www.nln.org).

CERT/NED Required Course of Study

Courses requiring prerequisites are identified by a ~ symbol following the course number. Course descriptions for all courses are listed in the Course Guide section of the catalog (page B-1).

Required Course of Study courses must be completed in the order recommended by the University.

- NSG 531 ................................................................. 3 credits
- Program and Course Development
- NSG 532 ................................................................. 3 credits
- Innovative Curriculum Design
- NSG 533 ................................................................. 3 credits
- Educational Assessment and Evaluation
- NSG 534 ................................................................. 3 credits
- Facilitating Engaged Learning
- NSG 516ED ~............................................................. 3 credits
- Practicum I
- NSG 517ED ~............................................................. 3 credits
- Practicum II

The University reserves the right to modify the required course of study.

Additional Admission Requirements for the CERT/NED

All applicants are expected to meet the following admissions requirements:

- A master’s degree in nursing (MSN or MN) or doctoral degree in
  nursing from a regionally or approved nationally accredited, or candidate for accreditation, college or university or equivalent graduate degree earned at a recognized foreign institution. If the institution became accredited while the student was attending, a minimum of 75% of the coursework taken toward the degree must have been completed while the institution was accredited or during the candidacy period.
- A cumulative GPA of 3.0 for all coursework listed on the degree
  transcript at the same level as the conferred degree (i.e., graduate or doctoral) is required for admission. Transfer coursework that was earned outside of the institution that conferred the degree will not be calculated into the cumulative GPA for admissibility.
- Applicants who reside in the United States or in one of the US Territories with documentation of a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For applicants holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. Applicants from the following territories must also hold a RN license obtained by taking the NCLEX-RN exam. Students must provide documentation showing successful completion of the US NCLEX-RN exam:
  - Guam
  - American Samoa
  - Northern Mariana Islands
  - US Virgin Islands
  - Puerto Rico
- International students who are residents outside of the United States or approved US Territories must meet the following requirements:
  - Completion of a nursing diploma, associates degree in
    nursing, or foreign equivalent program.
  - All students, with the exception of students residing in
    Canada or Puerto Rico, will be required to validate their
    International Nursing License equivalency by CGFNS
    (Commission on Graduates of Foreign Nursing Schools) or
    ICD (International Consultants of Delaware) for RN
    equivalency.
  - All Canadian students must complete the Canadian RN
    License Verification Form and submit documentation of a
    valid, unrestricted, unencumbered RN license.
  - Applicants who reside in Canada must meet one of the
    following requirements for admission:
    - Be a legal resident of Canada
    - Be a landed immigrant
    - Have a valid visa that does not prohibit educational
      studies
  - A signed Foreign Nursing Memorandum of Understanding
  - Signed Criminal Background Check Disclosure
  - Signed Acknowledgement of Criminal Conviction Prohibition
    for Placement and Licensure
  - Signed FERPA Release/Drug Test or Failure to Test Results
  - Signed Clinical Assurance Statement form

Certificate Completion Requirements for the CERT/NED

- Completion of a minimum of 18 credits.
- A minimum program grade point average (GPA) of 3.0.
- The certificate awarded for this program will read as:
  Post Master's Nurse Education

Academic Progression Requirements for the CERT/NED

- Minimum grade of C or better in all courses.
- Students must hold a valid, unrestricted / unencumbered RN license in all states in which the applicant holds an active nursing license. For students holding licenses in multiple jurisdictions, all active licenses must be valid, unrestricted / unencumbered through the duration of the program. If any RN license held by the student becomes restricted or encumbered, the student will be restricted from scheduling future courses and will be removed from any course they are currently attending.
- Clinical experiences/hours cannot be completed during work
  time at the student's place of employment.
- Any student who demonstrates behaviors in a clinical,
  classroom, or laboratory setting that gives rise to a reasonable
  suspicion, of substance abuse or otherwise indicates that the
  student may be impaired by drugs or alcohol, without
  reasonable justification will be required to undergo a "for-cause"
  15 panel, plus alcohol drug test.

Minimum Grade Requirements for the CERT/NED

- Students in this program are required to achieve a minimum grade of “C” (2.0) in all courses. A “C-” grade is not acceptable. Students who fail to receive a minimum grade of “C” in any of the courses will be scholastically disqualified from the University.
• Students cannot repeat more than one nursing or clinical course. Students who fail to achieve the minimum grade requirement on a second course will be scholastically suspended, permanently withdrawn, from the certificate program.
• Students who have been scholastically disqualified will not be allowed to continue in their degree program until they have taken the following steps:
  • Met with the Campus College Chair, an assigned nursing faculty member, or designee to discuss the non-passing grade and resolve any concerns moving forward.
  • Completion of the academic progression student agreement form, signed by the student and returned to Campus College Chair, or designee.
  • Retake of the course which placed them on scholastic disqualification and satisfy the grade requirement.
• Re-Admission is granted when the student satisfactorily fulfills the outlined requirements to remove the scholastic disqualification. Once the grade minimum has been satisfied, the student may then proceed sequentially through the program.

Residency Requirements and Course Waivers for the CERT/NED
• Students must meet established University residency requirement for degree conferral. The University requires that 18 credits in the Required Course of Study must be completed at University of Phoenix.
• The courses in this program cannot be waived.

Re-entry for the CERT/NED
• Any student who has been out of attendance for more than 365 days from the last date of positive recorded attendance in a program applicable course is considered a re-entry student to this program.
• Re-entry students may re-enroll into their program version if the program version is still the most current in their state or jurisdiction.
• Re-entry students whose program version is not the most current in their state or jurisdiction will be required to enroll into the most current version.
• An appeal will be required for re-entry students to re-enroll in their program if:
  • The student is requesting to return after being administratively withdrawn due to one of the following student academic statuses: academic disqualification (AD), scholastic suspension (SS), or scholastic disqualification (SD).
  • The student’s program version is still the most current offered in their state or jurisdiction but they are unable to complete the remaining program requirements within the original program completion deadline.
  • The student wishes to return to a prior program version and the student can complete their remaining requirements within the original program completion deadline.
• Re-entry students will be required to submit an admissions application as well as all forms and documents required for readmission to the program at the time of re-entry.

Certificate Awards

Upon completion of all courses in a certificate program and submission of the Request for Certificate form, a certificate of completion and a certificate posted transcript will be processed.

Accreditation and Affiliations

The following agencies have supported the development of the certificate program that relates to their specific field:
• The Society for Human Resource Management (SHRM)
• Project Management Institute (PMI), Globally Registered Education Provider (R.E.P)
• Call Center Industry Advisory Council (CIAC)
THIS PAGE WAS LEFT BLANK INTENTIONALLY
TUITION AND FEES - GROUND CLASSROOM RATES

Tuition and fees are listed in the price tables in the ensuing pages. Tuition charged can vary based on whether a student is considered "new" or "continuing" for purposes of tuition and fees.

NEW STUDENTS

New Students enrolled on or after 1/17/2018, who meet one of the following criteria as of 1/17/2018, will be charged the rates listed in the "Standard Tuition Cost Per Credit" column of the table below, and students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions: 1) individuals enrolling at University of Phoenix who do not have any positive attendance in any degree or credit-bearing certificate program course at the University, 2) University of Phoenix students who have graduated (degree/certificate conferred) from a University of Phoenix degree or credit-bearing certificate (not an en-route certificate) and are enrolling in a new program, and have not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students returning to a University of Phoenix program after having no positive attendance ("Y" posted) in any degree or credit-bearing certificate program course for longer than 365 days from the last positive attendance ("Y" posted), 4) University of Phoenix students who are changing from a bachelor or master degree program (from which they have not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral), or 5) University of Phoenix students who met any of the preceding New Student criteria on or after 1/17/2018, who subsequently change from a program (from which they have not graduated) to another program at any level, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).

CONTINUING STUDENTS

All Continuing Students as of 2/16/2018, (who meet one of the criteria 1-4 listed below) will be charged the same tuition rates listed in the table ABOVE and will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions, EXCEPT those continuing students who fall into any of the following exception categories:

a) Continuing Students who have chosen to opt out of the “Continuing Students Effective 2/16/2018” tuition rates

b) Continuing Students who are actively receiving and part of any of the following tuition reduction agreements, that were entered into prior to 1/17/2018, and who have chosen to remain with their tuition agreement rate: the Phoenix Scholarship Rewards Program (PSRP), the Phoenix Academic Achievers Scholarship (PAAS), the PAAS for MBA, the Advancing Nurse Leadership Scholarship, the Non Degree Alumni Discount, and/or employer tuition reductions

c) Continuing Students who are participating in the Near Graduation Tuition Reduction program

d) Continuing Students in any MSC program

All Continuing Students must meet one of the following criteria:

1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance (“Y” posted) was prior to 1/17/2018, who have not been out of attendance (no positive attendance “Y” posted) within 365 days from the last recorded positive attendance (“Y” posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 1/17/2018, and who have at least one recorded positive attendance (“Y” posted) within 365 days of the last recorded positive attendance (“Y” posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 1/17/2018, and who have at least one recorded positive attendance (“Y” posted) within 365 days of the last recorded positive attendance (“Y” posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance (“Y” posted) for the credit-bearing certificate program was prior to 1/17/2018 and when there is positive attendance (“Y” posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

MILITARY‡

Students who are affiliated with the U.S. Armed Forces, as active-duty service members and family members of active duty and selected reserve will be charged the tuition rates listed in the ’Military Cost Per Credit’ column of the table above.

ALUMNI‡

All alumni students who are applying to a new University of Phoenix bachelor program, undergraduate certificate program, or undergraduate non-degree single course; who have previously completed a degree program with University of Phoenix; whose account with the University is in good standing; and who didn’t earn the previous degree as an en-route credential; will be charged the tuition rates listed in the ’Alumni Cost Per Credit’ column of the table above. Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable alumni rate for this category and the standard tuition rate applies.

ASSOCIATE TRANSFER‡

Students who are applying to a University of Phoenix bachelor’s degree program for the first time and who have earned an associate’s degree from another regionally accredited institution (or nationally accredited nursing program), or who are concurrent enrollment program (CEP) cohort students completing their Associate Degree in Nursing (ADN) and Bachelor of Science in Nursing (BSN) simultaneously, will be charged the tuition rates listed in the ’Associate Transfer Cost Per Credit’ column of the table above, effective as of the date the associate’s degree is verified on an official transcript by the Office of Admissions and Evaluation (except for CEP cohort students, who are eligible while still completing their ADN). Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable associate transfer rate for this category and the standard tuition rate applies.
Students who receive a reduced tuition rate in one of the categories described above will not be eligible for any other tuition and/or fee reduction, waiver, benefit or offer. If a student wishes to use any other tuition and/or fee reduction, waiver, benefit or offer, it will only be applied to the University’s standard tuition rate.

The three tuition pricing categories defined below are for tuition rates that were in effect prior to 2/16/2018, and which are now only applicable to Continuing Students who have chosen to remain on their tuition reduction program (listed in subsection ‘b’ in the Continuing Students section above), continuing students who are participating in the Near Graduation Tuition Reduction program (see subsection ‘c’ in the Continuing Students section above), or continuing students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates. The tuition rates for these categories are listed by program in the pricing table that follows these pricing category descriptions.

Continuing Students Enrolled Between 11/1/2016 and 1/16/2018: The rates and fees shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 11/1/2016 and 1/16/2018 who did not previously have any positive attendance (i.e. "Y" posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 11/1/2016 and 1/16/2018, and had not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 11/1/2016 and 1/16/2018 after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 11/1/2016 and 1/16/2018.

Continuing Students Enrolled Between 3/17/2015 and 10/31/2016: The rates shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 3/17/2015 and 10/31/2016, who did not previously have any positive attendance (i.e. "Y" posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 3/17/2015 and 10/31/2016, and had not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 3/17/2015 and 10/31/2016 after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 3/17/2015 and 10/31/2016.

Continuing Students Enrolled Prior to 3/17/2015: The rates shown below are those charged for students signing an enrollment agreement prior to 3/17/2015, who meet one of the following criteria: 1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 3/17/2015, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 3/17/2015, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 3/17/2015 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

++This fee represents the amount charged for students who choose to take a CLEP® or DSST exam administered at University of Phoenix locations. Other charges may apply as charged by CLEP® and DSST that are not collected by the University
TUITION AND FEES - ONLINE RATES

Tuition and fees are listed in the price tables in the ensuing pages. Tuition charged can vary based on whether a student is considered “new” or “continuing” for purposes of tuition and fees.

NEW STUDENTS

New Students enrolled on or after 1/17/2018, who meet one of the following criteria as of 1/17/2018, will be charged the rates listed in the ‘Standard Tuition Cost Per Credit’ column of the table below, and students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions: 1) individuals enrolling at University of Phoenix who do not have any positive attendance in any degree or credit-bearing certificate program course at the University; 2) University of Phoenix students who have graduated (degree/certificate conferred) from a University of Phoenix degree or credit-bearing certificate (not an en-route certificate) and are enrolling in a new program, and have not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students returning to a University of Phoenix program after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), 4) University of Phoenix students who are changing from a bachelor or master degree program (from which they have not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral), or 5) University of Phoenix students who met any of the preceding New Student criteria on or after 1/17/2018, who subsequently change from a program (from which they have not graduated) to another program at any level, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted).

CONTINUING STUDENTS

All Continuing Students as of 2/16/2018, (who meet one of the criteria 1-4 listed below) will be charged the same tuition rates listed in the table ABOVE and will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions, EXCEPT those continuing students who fall into any of the following exception categories:

a) Continuing Students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates

b) Continuing Students who are actively receiving and part of any of the following tuition reduction agreements, that were entered into prior to 1/17/2018, and who have chosen to remain with their tuition agreement rate: the Phoenix Scholarship Rewards Program (PSRP), the Phoenix Academic Achievers Scholarship (PAAS), the PAAS for MBA, the Advancing Nurse Leadership Scholarship, the Non Degree Alumni Discount, and/or employer tuition reductions

c) Continuing Students who are participating in the Near Graduation Tuition Reduction program

All Continuing Students must meet one of the following criteria:

1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 1/17/2018, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 1/17/2018, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 1/17/2018 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

MILITARY‡

Students who are affiliated with the U.S. Armed Forces, as active-duty service members and family members of active duty and selected reserve will be charged the tuition rates listed in the 'Military Cost Per Credit' column of the table above.

ALUMNI‡

All alumni students who are applying to a new University of Phoenix bachelor program, undergraduate certificate program, or undergraduate non-degree single course; who have previously completed a degree program with University of Phoenix; whose account with the University is in good standing; and who didn't earn the previous degree as an en-route credential; will be charged the tuition rates listed in the 'Alumni Cost Per Credit' column of the table above. Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable alumni rate for this category and the standard tuition rate applies.

ASSOCIATE TRANSFER‡

Students who are applying to a University of Phoenix bachelor’s degree program for the first time and who have earned an associate's degree from another regionally accredited institution (or nationally accredited nursing program), or who are concurrent enrollment program (CEP) cohort students completing their Associate Degree in Nursing (ADN) and Bachelor of Science in Nursing (BSN) simultaneously, will be charged the tuition rates listed in the 'Associate Transfer Cost Per Credit' column of the table above, effective as of the date the associate's degree is verified on an official transcript by the Office of Admissions and Evaluation (except for CEP cohort students, who are eligible while still completing their ADN). Students in this category will be given a guarantee of these tuition rates until their program completion deadline, unless they change programs or program versions.

An “N/A” designation for a particular program/offering type means there is no applicable associate transfer rate for this category and the standard tuition rate applies.

‡Students who receive a reduced tuition rate in one of the categories described above will not be eligible for any other tuition and/
or fee reduction, waiver, benefit or offer. If a student wishes to use any other tuition and/or fee reduction, waiver, benefit or offer, it will only be applied to the University’s standard tuition rate.

The two tuition pricing categories defined below are for tuition rates that were in effect prior to 2/16/2018, and which are now only applicable to Continuing Students who have chosen to remain on their tuition reduction program (listed in subsection 'b' in the Continuing Students section above), continuing students who are participating in the Near Graduation Tuition Reduction program (see subsection 'c' in the Continuing Students section above), or continuing students who have chosen to opt out of the "Continuing Students Effective 2/16/2018" tuition rates. The tuition rates for these categories are listed by program in the pricing table that follows these pricing category descriptions.

Continuing Students Enrolled Between 11/1/2016 and 1/16/2018: The rates and fees shown below are applicable to students who meet one of the following criteria: 1) individuals who enrolled at University of Phoenix between 11/1/2016 and 1/16/2018 who did not previously have any positive attendance (i.e. "Y" posted) in any degree or credit-bearing-certificate program course at the University, 2) University of Phoenix students who graduated (degree conferred) from a University of Phoenix degree program and subsequently enrolled in a new program between 11/1/2016 and 1/16/2018, and had not attempted any other program, with positive attendance (i.e. "Y" posted), since graduating from the previous program, 3) students who returned to a University of Phoenix program between 11/1/2016 and 1/16/2018 after having no positive attendance ("Y" posted) in any degree or credit-bearing-certificate program course for longer than 365 days from the last positive attendance ("Y" posted), or 4) University of Phoenix students who changed from a bachelor or master degree program (from which they had not graduated) to another program at a higher degree level (e.g., bachelor to master, master to doctoral) between 11/1/2016 and 1/16/2018.

Continuing Students Enrolled Prior to 11/1/2016: The rates and fees shown below are applicable to continuing students who meet one of the following criteria: 1) University of Phoenix students who have been pursuing a degree or credit-bearing-certificate program when the first positive attendance ("Y" posted) was prior to 11/1/2016, who have not been out of attendance (no positive attendance "Y" posted) within 365 days from the last recorded positive attendance ("Y" posted), 2) University of Phoenix students who are changing from a program (from which they have not graduated) to another at the same or lower level, who started the former program prior to 11/1/2016, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), 3) University of Phoenix students who are changing from an associate program (from which they have not graduated) to a bachelor program, who started the associate program prior to 11/1/2016, and who have at least one recorded positive attendance ("Y" posted) within 365 days of the last recorded positive attendance ("Y" posted), or 4) University of Phoenix students who are changing from a credit-bearing certificate program from which they have not graduated, or from an en-route credit-bearing certificate program from which they have graduated, to an associate or bachelor program, when the first positive attendance ("Y" posted) for the credit-bearing certificate program was prior to 11/1/2016 and when there is positive attendance ("Y" posted) in the credit-bearing certificate program within 365 days of enrollment in the associate or bachelor program.

++This fee represents the amount charged for students who choose to take a CLEP® or DSST exam administered at University of Phoenix locations. Other charges may apply as charged by CLEP® and DSST that are not collected by the University
The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

COURSE GUIDE- COURSE DESCRIPTIONS

2019-2020
UNIVERSITY OF PHOENIX
Course Guide
Course Descriptions

Course Availability & Updates to Course Information
The courses listed in this section of the University of Phoenix Academic Catalog constitute all active, degree-applicable or credit-bearing certificate-applicable University of Phoenix courses. Not all courses listed in this section are available at every University of Phoenix campus location, and not all courses listed in this section are available via the online instructional modality. This listing of courses is updated on the 1st of every month to reflect any changes to course information that occur up through the 15th of the previous month. Please contact a University representative for additional details about course availability and course information for a specific location or modality of instruction.

Course Descriptions
The course guide lists course descriptions and general course information. The information is presented in alphabetical order by course ID.

<tbody>
<tr>
<td>ACC 210</td>
<td>ACCOUNTING INFORMATION SYSTEMS</td>
<td>3</td>
<td>This course introduces accounting students to the use of accounting systems and real-world applications, such as QuickBooks. Areas of study include fundamental concepts and technologies, the Internet, intranets, electronic commerce, information systems development, accounting and bookkeeping principles, decision support systems, and the preparation of accounting-related documents and statements in QuickBooks.</td>
</tr>
<tr>
<td>ACC 290</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>This course is an introduction to financial accounting with an emphasis on using financial data for decision making. The focus will be on the application of basic accounting concepts and principles in enterprise and small business transactions. Students will learn how to identify, measure and report economic events of an enterprise.</td>
</tr>
<tr>
<td>ACC 290T</td>
<td>PRINCIPLES OF ACCOUNTING I</td>
<td>3</td>
<td>This course is an introduction to financial accounting with an emphasis on using financial data for decision making. The focus will be on the application of basic accounting concepts and principles in enterprise and small business transactions. Students will learn how to identify, measure and report economic events of an enterprise.</td>
</tr>
<tr>
<td>ACC 291</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>This course takes an in-depth look at the key areas of the balance sheet mostly reviewed by management for decision making. Students will apply analytical methods used by management to assess the financial statements, and discuss management challenges and possible solutions for improvements. Areas of focus include receivables, plant assets, bonds, stocks, dividends and the statement of cash flows.</td>

<td>ACC 291T</td>
<td>PRINCIPLES OF ACCOUNTING II</td>
<td>3</td>
<td>This course takes an in-depth look at the key areas of the balance sheet mostly reviewed by management for decision making. Students will apply analytical methods used by management to assess the financial statements, and discuss management challenges and possible solutions for improvements. Areas of focus include receivables, plant assets, bonds, stocks, dividends and the statement of cash flows.</td>
</tr>
<tr>
<td>ACC 340</td>
<td>ACCOUNTING INFORMATION SYSTEMS I</td>
<td>3</td>
<td>This course is designed to provide accounting students with the proper mix of technical information and real-world applications. Areas of study include fundamental concepts and technologies (what computers can do for business), the Internet, intranets, electronic commerce, information systems development, basic project management principles, decision support systems, and the benefits of computer and human synergy.</td>
</tr>
<tr>
<td>ACC 349</td>
<td>COST ACCOUNTING</td>
<td>3</td>
<td>This course introduces cost terminology and flows, standard cost systems, relevant costing, budgeting, inventory control, capital asset selection, responsibility accounting, and performance measurement.</td>
</tr>
<tr>
<td>ACC 400</td>
<td>ACCOUNTING FOR DECISION MAKING</td>
<td>3</td>
<td>This course focuses on effective decision making as it relates to accounting and financial activities in a business enterprise. Course topics will include cost management, budgeting, business operations, financial management, and financial analysis. Students will develop the necessary analytical tools to enhance business operations.</td>

<tr>
<td>ACC 421</td>
<td>INTERMEDIATE FINANCIAL</td>
<td>3</td>
<td>This course examines the conceptual framework of accounting, including cash versus accrual accounting, the income statement and balance sheet, the time value of money, revenue recognition, statement of cash flows, and full disclosure issues.</td>
</tr>
<tr>
<td></td>
<td>ACCOUNTING I</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ACC 422</td>
<td>INTERMEDIATE FINANCIAL</td>
<td>3</td>
<td>This course is the second of the three part series of courses related to intermediate accounting. This section examines the balance sheet in more detail, including intangible assets, current liabilities and contingencies, long-term liabilities, as well as cash and cash equivalents. Interwoven in the presentation of the material is an assortment of ethical dilemmas that encourage discussions about how the accountant should handle specific situations.</td>
</tr>
<tr>
<td></td>
<td>ACCOUNTING II</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ACC 423</td>
<td>INTERMEDIATE FINANCIAL</td>
<td>3</td>
<td>This course is the third of a three-part series of courses related to intermediate accounting. This course examines owners’ equity, investments, income taxes, pensions and post-retirement benefits, as well as changes and error analysis. The course finishes with a look at derivative instruments. Interwoven in the presentation of the material is an assortment of ethical dilemmas that encourage discussions about how the accountant should handle specific situations.</td>
</tr>
<tr>
<td></td>
<td>ACCOUNTING III</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ACC 455</td>
<td>CORPORATE TAXATION</td>
<td>3</td>
<td>This course is a basic introduction to federal corporate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>

<td>INDIVIDUAL/ESTATE TAXATION</td>
<td>3</td>
<td>This course is a basic introduction to federal individual and estate taxation. The purpose is to familiarize the student with fundamental tax issues and provide the student with a general understanding of the history, laws, and policies of federal taxation.</td>
</tr>
<tr>
<td>ACC 460</td>
<td>GOVERNMENT AND NON-PROFIT ACCOUNTING</td>
<td>3</td>
<td>This course covers fund accounting, budget and control issues, revenue and expense recognition, and issues of reporting for both government and non-profit entities.</td>
</tr>
<tr>
<td>ACC 466</td>
<td>Advanced Accounting</td>
<td>3</td>
<td>This course is a study of advanced accounting theory, applied to specialized topics and contemporary problems. Topics include the preparation of consolidated financial statements; international accounting; foreign currency translations and transactions; and SEC regulations on financial reporting are examined. Particular emphasis is placed on problem solving.</td>
</tr>
<tr>
<td>ACC 491</td>
<td>CONTEMPORARY AUDITING I</td>
<td>3</td>
<td>This course is the first in a two-part series that deals with auditing a company's financial reports, internal controls, and Electronic Data Processing (EDP) systems. Topics include auditing standards, evidence, audit planning and documentation, materiality and risk, internal control, statistical tools, and the overall audit plan and program.</td>

<tr>
<td>ACC 492</td>
<td>CONTEMPORARY AUDITING II</td>
<td>3</td>
<td>This course is the second in a two-part series that deals with auditing a company's financial reports, internal controls, and Electronic Data Processing (EDP) systems. Topics include the personnel and payroll system, inventory, capital acquisition cycle, selected balance sheet and income statement accounts, audit reports, assurances and other services, professional ethics, and legal responsibilities.</td>
</tr>
<tr>
<td>ACC 497</td>
<td>ADVANCED TOPICS IN ACCOUNTING RESEARCH</td>
<td>3</td>
<td>This course in accounting research provides students with an in-depth examination of the Generally Accepted Accounting Principles (GAAP) and acceptable alternative reporting practices. Through comprehensive case studies, students will develop the research application skills necessary to analyze and make decisions regarding accounting reporting dilemmas in for-profit and not-for-profit companies.</td>
</tr>
<tr>
<td>ACC 537</td>
<td>FINANCIAL ACCOUNTING</td>
<td>3</td>
<td>In this course, students are introduced to the basic concepts and methods of corporate financial statements commonly used by investors and other interested external parties. Topics include University of Phoenix tools, basic accounting concepts, financial statements, inventory and fixed assets, present value of bonds and stockholders’ equity, statement of cash flows, and error correction and accounting changes.</td>
</tr>
<tr>
<td>ACC 541</td>
<td>ACCOUNTING THEORY &amp; RESEARCH</td>
<td>3</td>
<td>This is the first core course in the Master of Science in Accounting. In this course, students apply accounting research tools to current accounting issues. Other topics include research of accounting questions related to inventory, fixed assets, leases, derivative instruments, debt, contingencies, segment reporting, pensions, business combinations, consolidations, stockholder’s equity, and a program overview.</td>

Topics include managerial accounting and capital budgeting, cost analysis; management planning and control, negotiable instruments, secured transactions, debtor/creditor relationships, property and insurance, and legal aspects of employment and environment. Competency 13: The student will analyze key aspects of managerial accounting and capital budgeting to drive effective business decisions Competency 14: The student will employ strategic decision-making methods to budget, track, analyze, and control business costs. Competency 15: The student will evaluate laws, regulations, and business risks associated with business operations.</td>
</tr>
<tr>
<td>ADM 511</td>
<td>Personnel Administration for Educators</td>
<td>3</td>
<td>This course focuses on the responsibilities of educational administrators related to human resources. Participants examine three main components in human resources administration: utilization, development, and environment. Topics covered include selection, placement, induction, compensation, motivation, staff development, unionism, collective bargaining, and the legal aspects of personnel administration.</td>
</tr>
<tr>
<td>ADM 512</td>
<td>Leadership Strategies for Educators</td>
<td>3</td>
<td>This course is designed to guide participants in the practical application of current trends and strategies of school leadership and organizational culture. Participants explore the roles and responsibilities of leaders, including decision making, communication, collaboration, and conflict management. An emphasis is placed on responsiveness to legislation and the implementation of standards, including the Common Core State Standards. Participants also explore ways to facilitate positive school change.</td>
</tr>
<tr>
<td>ADM 513</td>
<td>School Law for Educators</td>
<td>3</td>
<td>This course is designed to provide opportunities for participants to explore the practical application of public school law, including the origin and initial intent of the writers, while recognizing their administrative limitations. Participants examine the constitutional framework and amendments, court systems, and current legal issues, as well as the effect each has on the educational environment. Landmark cases are reviewed and analyzed to develop a cognitive base for legal principles and to improve the administrative management of a school.</td>
</tr>
<tr>
<td>ADM 514</td>
<td>School Finance for Educators</td>
<td>3</td>
<td>This course examines public educational funding and provides an overview for school leaders in the basic concepts of school finance. Topics include economic and social considerations for financing education adequately, equitable, and equally, as well as state and federal roles in education financing, school finance and litigation, finance procedures and practices, and the role of human resources in educational finance. Participants have the opportunity to experience the practical application of these concepts through various tasks, discussions, and scenarios addressing budget and finance issues, culminating in a project to develop their own school district financial plan and budget.</td>
</tr>
<tr>
<td>ADM 516</td>
<td>Ethical and Legal Issues for Administrators</td>
<td>3</td>
<td>This course examines the legal and ethical principles for an educational administrator. Participants will develop and refine the skills necessary to analyze and integrate constructive legal and ethical principles into their practice. Emphasis is placed on the understanding and history of law and ethics needed in the educational setting for a school administrator. Current issues for school administrators featured in this course include curriculum and instruction, assessment and accountability, attendance and truancy, laws and liability, hiring and evaluating, Internet usage, and school safety and security.</td>
</tr>
<tr>
<td>ADM 517</td>
<td>Special Education Program Administration</td>
<td>3</td>
<td>This course is designed to provide educational leaders with information and strategies for administering the legal requirements related to providing an inclusive education to students with special needs to determine effective programs and services. Participants receive a practical guide to the history, laws, and policies of special education, as well as the steps involved in the referral and evaluation processes from Response to Intervention (RTI) through the development of Individualized Education Programs (IEPs) and transition plans. Another focus addresses the roles, responsibilities, and relationships that parents/guardians and advocates have within processes to ensure appropriate services are provided to a diverse population. Budget management for special education programs is also examined.</td>

<td>INFLUENCE OF MEDIA ON BEHAVIOR</td>
<td>3</td>
<td>This course explores the ways in which contemporary media shape cultures and human behaviors, including the role that media plays in influencing behaviors related to nutrition, body image and violence, and the impact on teenagers and children. Other topics include media literacy, education, and celebrity culture.</td>
</tr>
<tr>
<td>APMT 460</td>
<td>CYBER COMMUNICATIONS</td>
<td>3</td>
<td>This course examines relationship and communications theories and their practices in cyberspace. Topics will include digital etiquette, regulatory considerations, the conservation of interpersonal relations and cyber commerce.</td>
</tr>
<tr>
<td>APMT 470</td>
<td>DIGITAL LEARNING</td>
<td>3</td>
<td>This course will survey contemporary learning in non-traditional environments and explores the applications of continuous, lifelong and contextualized learning to social, community, and organizational settings.</td>
</tr>
<tr>
<td>APS 508</td>
<td>SECONDARY - MODELS, THEORIES AND INSTRUCTIONAL STRATEGIES</td>
<td>3</td>
<td>This course focuses on the theoretical models that underlie teaching and learning. Teacher candidates analyze the most effective teaching strategies to encourage students to develop a deeper understanding of content and to promote critical thinking. Teacher candidates also examine teaching methods and learn to effectively use students' prior knowledge to develop lesson plans.</td>

<td>SECONDARY - EFFECTIVE LEARNING CLIMATES</td>
<td>3</td>
<td>This course examines the strategies used in managing a positive classroom environment within the framework of today’s diverse student population. Topics include comparing classroom management and discipline models, establishing expectations and procedures, developing the classroom as a community, engaging and motivating the learner, communicating with parents, managing disruptive students, and connecting with diverse learners. The course focuses on helping teacher candidates develop an individual classroom management plan appropriate for their targeted grade levels and needs. Candidates will reflect on their dispositions and motivations to teach and explore basic philosophies, professionalism, and legal and ethical ramifications in education.</td>
</tr>
<tr>
<td>APS 542</td>
<td>SECONDARY CURRICULUM AND ASSESSMENT-READING METHODS</td>
<td>3</td>
<td>This course focuses on the most current research, theory, and methods of content-based literacy strategies (pre-reading, guided reading, post-reading, and writing) in single subject classrooms at the secondary level. Teacher candidates will implement teaching and learning strategies that use critical thinking, provide meaningful context, and incorporate student knowledge to develop a comprehensive content area lesson plan. Guided field experience, based on work in a single subject content area classroom, is incorporated into the course requirements.</td>
</tr>
<tr>
<td>APS 559</td>
<td>SECONDARY CONTENT METHODS</td>
<td>3</td>
<td>This course focuses on the methodology and assessment strategies that enhance learning at the secondary level. The teacher candidate will use assessment data to enhance instruction that meets the students' varied learning needs. Teacher candidates will promote critical thinking, apply essential strategies, and incorporate meaningful context to promote a deeper understanding of content. Multiple perspectives of students as learners of secondary content, along with current research on pedagogy, are explored.</td>
</tr>
<tr>
<td>APSE 559</td>
<td>Foundations of Special Education</td>
<td>3</td>
<td>This course examines the foundations of special education and introduces the characteristics of learning disabilities. State and federal regulations for the referral process, available programs or service delivery options, and Individualized Education Programs are examined. In addition, assessment and remediation techniques, instructional strategies, and classroom management practices are explored as well as the use of appropriate classroom materials. Candidates will reflect on their dispositions and motivations to teach and explore basic philosophies, professionalism, and legal and ethical ramifications in education.</td>

<tr>
<td>ARTS 100</td>
<td>INTRODUCTION TO THE VISUAL AND PERFORMING ARTS</td>
<td>3</td>
<td>This course examines traditions and developments in the visual and performing arts genres including music, dance, theater, cinema, visual arts, and architecture. Students will be introduced to the elements of each genre, along with an overview of its historical development in Western European tradition.</td>
</tr>
<tr>
<td>ARTS 230</td>
<td>SURVEY OF THE VISUAL ARTS</td>
<td>3</td>
<td>This course offers a foundation in the visual arts, elements, styles, and critical analysis for beginning art students. Emphasis is on identifying and explaining styles of visual arts from various cultures, eras, and places. The course focuses on the interpretation of art to understand meaning, and the ability to make critical judgment based on principles of art. Students learn to communicate ideas and expression through their own creative work in a two-dimensional, three-dimensional, video, and other time-based media.</td>
</tr>
<tr>
<td>ARTS 340</td>
<td>EXPLORATION OF WESTERN CLASSICAL MUSIC</td>
<td>3</td>
<td>This course will introduce students to Western European music from the Baroque period through the beginning of the 20th Century. The course will emphasize the history, musical development, and accomplishments of the Baroque, Classical, Romantic, and early 20th Century periods in music. Students will learn to recognize form, style, texture, and characteristics of each period by studying a variety of composers and the representative masterpieces of each period.</td>

<td>Classroom Teaching and Technology</td>
<td>3</td>
<td>Students focus on strategies for instruction using traditional and alternative delivery methods with an emphasis on teaching technology. Topics include instructional theories, lecture-based instruction, interactive learning, group activities, case studies, and the impact of current trends in educational technology. Topics also include guidelines and laws, including ADA compliance, critical to the use of technology in instruction.</td>
</tr>
<tr>
<td>AUT 510</td>
<td>Autism Spectrum Disorders: Foundations</td>
<td>3</td>
<td>This course provides foundational information about autism spectrum disorders (ASD). Participants identify general characteristics associated with autism spectrum disorders including learning preferences, behaviors, and patterns. Participants also learn interventions, accommodations, and supports, with emphasis on current evidence-based practices.</td>
</tr>
<tr>
<td>AUT 512</td>
<td>Autism Spectrum Disorders: Communication and Socialization</td>
<td>3</td>
<td>This course is designed to address common social skill deficits in autism spectrum disorders: social cognition, social communication, social initiation, and social reciprocity. Identification of various ways to assess social skills is addressed. Participants focus on interventions that promote social skill acquisition and enhance social skill performance. Instructional tools and adaptations necessary to foster the development of social skills are also explored.</td>
</tr>
<tr>
<td>AUT 513</td>
<td>Autism Spectrum Disorders: Behavior Management</td>
<td>3</td>
<td>This course focuses on behavioral characteristics of students with Autism Spectrum Disorders and identifies assessment tools to be used across learning environments. Participants develop behavior intervention plans that include sensory supports and structured routines to enhance students' lives and learning. Behavior generalization and self-monitoring strategies are also explored.</td>

<td>BACEU 2000</td>
<td>FOUNDATIONS IN DATA ANALYTICS</td>
<td>0.6</td>
<td>Quantitative and qualitative data can both be used to investigate data behavior and patterns to enhance business productivity and decision-making. In this course, students will learn how data is analyzed and applied to the decision-making function of an organization. Concepts on data collection, processing, and integration will be presented as well as issues that may exist within the data. Students also will explore the role that statistics play in data analytics and learn about the multiple ways one can present data to tell a compelling story. This course provides 0.6 continuing education units over one 6-hour workshop.</td>
</tr>
<tr>
<td>BACEU 2020</td>
<td>BUSINESS INTELLIGENCE</td>
<td>0.6</td>
<td>In today's competitive market, businesses cannot afford to rely on &quot;gut feelings&quot; or anecdotes to make decisions that impact their future course of action. Instead, business intelligence, or information, is now methodically collected from data mining, online analytical processing, benchmarking, and other components to uncover new opportunities and create market advantage. In this course, students will gain insight into the numerous functions associated with business intelligence and how proper analysis informs decision making. This course provides 0.6 continuing education units in one, 6-hour workshop.</td>
</tr>
<tr>
<td>BACEU 2030</td>
<td>DATA VISUALIZATION</td>
<td>0.6</td>
<td>When faced with the prospect of understanding volumes of data, do reams of paper and spreadsheets make your eyes glaze over? Data visualization is the means by which lots of information can be more easily viewed -- and understood -- through charts, infographics, mind maps, and more. Students in this course will explore the tools used to create graphical representations that integrate significant data and analyses into engaging graphics, without losing sight of communicating the key information. This course provides 0.6 continuing education units in one, 6-hour workshop.</td>
</tr>
<tr>
<td>BCC 395</td>
<td>CONTEMPORARY ISSUES AND FUTURES IN CYBERCRIMES</td>
<td>3</td>
<td>This course examines both the principle topics in the field of cybercrime investigation as well as the examination of the varying issues regarding the futures within the field of technology-facilitated crime. Students will focus on relevant exploration of technology crimes that reflect key fundamentals of current conditions and what may be expected in technology and cybercrime in the years to come. Students will apply critical review of current technological crimes and engage in in-depth discussions of these concepts as a basis for comprehensive understanding at the local and global levels of cybercrime investigation and prevention.</td>

<td>INFORMATION SYSTEMS FUNDAMENTALS</td>
<td>3</td>
<td>This course introduces the fundamentals of computer systems and the role of information processing in current business environments. Students receive an overview of information systems, systems development, operating systems, networking, telecommunications, security concerns, and the Internet. Completing this course provides students new skills and knowledge that better prepares them for the Cybercrime specialization courses, and aids their present or future organizations as leaders, providing service to their communities.</td>
</tr>
<tr>
<td>BCC 401</td>
<td>CYBERCRIME IN THE 21ST CENTURY</td>
<td>3</td>
<td>This course explores developments and changes in the commission of crime, and the corresponding efforts to combat crime, brought about by the rapid creation, adoption, and expansion of technology. Specific topics include: how different cybercrimes are committed, the rapid evolution of technology and its effects on crime, various types of cyberthreats, exploring the cybercriminal, and criminal justice efforts involved in the investigation and prevention of cybercrimes. The new skills and knowledge gained in this course will add to the protection, safety, and security of our society.</td>
</tr>
<tr>
<td>BCC 402</td>
<td>CYBERCRIME AND ROLE OF LAW ENFORCEMENT SECURITY PERSONNEL</td>
<td>3</td>
<td>This course explores the developments and changes in the role of law enforcement and security officials in their investigation of cybercrimes. Specific topics include: cybercrime forensics, obtaining search warrants for cybercrimes, jurisdictional issues in cybercrimes, law enforcement issues in cybercrimes, and personal and corporate security and the prevention of cybercrimes. Upon completion of this cybersecurity course, students will have new skills and knowledge that will aid their present or future organizations, and as leaders, provide service to their communities.</td>
</tr>
<tr>
<td>BCC 403</td>
<td>GLOBAL TECHNOLOGY AND CYBERCRIME</td>
<td>3</td>
<td>In this course, students will study how global technology is used to further cybercrime. Topics in this course include homeland security and cyber technology, global technology, threats to the United States, preventing and fighting global technology crime, and the role of local and federal agencies in preventing and investigating global technology crimes. Students will also explore the future of law enforcement and security to prevent and fight global cybercrimes. The new skills and knowledge gained by the students will aid them in their current or future professional endeavors.</td>

<td>This course focuses on human personality, motivation, learning, and cognition. The theories and insights of major figures in psychology are discussed. Neuroscience, psychological disorders, and therapies are also considered in relation to human behavior.</td>
</tr>
<tr>
<td>BIO 100</td>
<td>INTRODUCTION TO LIFE SCIENCE WITH LAB</td>
<td>4</td>
<td>This course applies a broad, conceptual understanding of biology. Students are introduced to scientific ideologies and concepts that not only shape the biological world, but also shape humans. Students examine the scientific method, evolution and biodiversity, the biology of cells, physiology, the dynamics of inheritance, and the effect humans have on the environment. The text emphasizes methods and the theoretical foundations of ideas, while minimizing isolated facts. It stresses the integration of ideas, making connections that form an understanding of the living world. The weekly online labs add a practical component to the class. The labs build upon the concepts in the text and offer a chance to interact with the material and further their understanding.</td>

</tbody>
</table>

This course includes the application of communication principles, theory, and research to the process of interpersonal communication; it includes verbal, nonverbal, listening, conflict management, and communication skills most relevant to a broad range of interpersonal settings.

This course surveys the basic theories of mass communication. Ethical and related problems of mass communication will be studied from contemporary and historical viewpoints. The course will encourage a critical analysis of the performance of mass media.

This course addresses the elements of advertising and the media. Topics include advertising concepts, selection of media, and the use of media and advertising as marketing communications tools. The course also emphasizes the ongoing convergence of media content and commercial messages and how it is redefining marketing communications.

This course focuses on the research methods employed in the communication discipline and enhancing the understanding of credible sources and accurate information. Students will learn of the most frequently applied components of communication research. Topics may include descriptive statistics, sampling, measures, research design, methodologies and content analysis.

<td></td>
<td>This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a field placement site. Students will work in a human services setting under the supervision of a qualified professional. In addition to providing direct service, students will attend a weekly 2-hour class for faculty supervision and evaluation of core competency development. Typical activities of a field placement involve employing skills acquired so far in the program progression: conducting interviews, working directly with clients and groups, developing action plans, and documenting. Students will complete Modules 13 and 14 of the MHF training.</td>

**BSHS 457 CODEPENDENCE AND WORKING WITH FAMILIES**

In this course students will demonstrate an understanding of the impact of controlling behaviors and supporting dysfunction in relation to addictions and families. Theories of codependency are explored as a disease of loss of selfhood and an addiction resulting from an imbalance of inner and outer self-awareness. Cardinal characteristics of codependence are examined with a focus on chronic, progressive, malignant and treatable features. Students will demonstrate understanding and skill in case management and referral for treatment in addition to assisting clients with recovery goals, self-awareness, self-acceptance, self-responsibility and self-reflection with a focus on prevalence, and consequences of codependency in families. (3 credits).

Prerequisite: BSHS/456

**BSHS 458 ACTION PLANNING, RELAPSE PREVENTION AND AFTERCARE**

This course provides advanced skills development for the addiction and chemical dependency human service worker. Students will conduct an in-depth evaluation of various treatment approaches employed when preparing action plans with clients. An investigation of comprehensive treatment programs, community action programs, school-based programs, and public health approaches to relapse prevention and aftercare strategies will provide students an opportunity to develop and present an individualized program for a fictional client. Students will demonstrate an understanding of policy issues, managed care, private and public insurance, and advocacy for the consumer in relation to addiction and dependency issues. (3 credits).

**BSHS 465 PROFESSIONAL DEVELOPMENT AND IDENTITY**

In this course, students will explore processes for enhancement of self-awareness and the effect of personal style and personality on human service delivery. Students will examine personal values, cultural differences and biases, and individual philosophies and belief systems, and then integrate this understanding of self into the development of an identity as a human service professional. Students will demonstrate strategies for cultivating self-awareness and modeling self-care. Students will investigate the value of membership in supportive professional organizations such as the National Organization for Human Services (NOHS) Students will complete Module 17 of the MHF training. (3 credits).

**BSHS 475 FIELD EXPERIENCE II**

This is a 15-week course requiring at least 175 hours of field experience, or an average of 12 hours per week committed to a community human services placement site. Weekly seminars (2 hours per week) are provided to offer support and supervision of the student activities during their field experience. Students will learn to present issues for supervision. Each student will create a portfolio of his or her competencies and accomplishments for career purposes. This course requires accumulation of the total 350 service hours necessary for graduation from the program (the first 175 hours were compiled in BSHS/415, FE I) and demonstration of a professional attitude and disposition as evaluated in 8 domains: Professionalism, Personal Growth, Sensitivity, Flexibility, Emotional Maturity, Group Membership Skills, Accepting Feedback, and Relationship with Authority. Students will complete Modules 7 and 18 of the MHF training.

Confidentiality, selection procedures, ethics, and diversity are included as key components of effective group counseling practice.</td>
</tr>
<tr>
<td>CCMH 578</td>
<td>SEMINAR CLINICAL MENTAL HEALTH</td>
<td>3</td>
<td>This course integrates mental health foundations with historical, philosophical and contextual dimensions of clinical mental health counseling practice, and reviews the trends in both the knowledge and skills necessary to practice clinical mental health counseling. Additionally, this course explores current national and local issues relevant to the practice of mental health counseling. Community resources and professional networks are explored as a means of demonstrating the integration of the profession in a social context. Issues surrounding the need for ongoing professional identity development, including membership in professional organizations, are examined as a strategy for counselor involvement in advocacy processes. Students will investigate professional roles, functions, and relationships with other human services providers. Additionally, application of counseling models for diverse needs and settings, including crisis and trauma, are investigated in-depth.</td>
</tr>
<tr>
<td>CCMH 581</td>
<td>SUPERVISION/MANAGEMENT IN CLINICAL MENTAL HEALTH COUNSELING</td>
<td>3</td>
<td>This course is an overview of supervision and management as they relate to the practice of counseling. Models of supervision and counselor development, supervision and management processes, assessment and evaluation issues, and ethical and legal aspects of supervision are emphasized. Students explore their skills in management, supervision, and consultation, particularly as they relate to recent changes in the mental health care delivery system.</td>

Please check with your Campus College Chair for any clarification or questions you have. The internship experience comprises Portfolio III of the counseling portfolio series. Students are placed in community counseling agencies where they provide clinical services to clients under the direction of an approved licensed agency site supervisor. Students are also assisted in their preparation for the National Counselor Examination. <em><strong>Above Description Updated 4/18/2012</strong></em> Counseling Internship is a 600-hour clinical experience (900 hours in Utah) required of all MSC students. Depending on the campus, the internship is divided into either 200 or 300 hour sections, each lasting 15 weeks. Those campuses that offer CNSL A, B, and C (Except for Utah) require students to complete 200 hours for each course, while those campuses that offer only CNSL A and B require the student to complete 300 hours for each course. Please check with your Campus College Chair for any clarification or questions you have.</td>

<td>BUDGET, FINANCE, AND PLANNING</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course explores public sector revenue sources, allocation of funds, governance, public stewardship, responsible economic policies, debt, and the requirement for accurate and complete reporting. Various budgetary approaches used in federal, state, and local agencies are analyzed.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>CJA 374</td>
<td>JUVENILE JUSTICE SYSTEMS AND PROCESSES</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course is a general orientation to the field of juvenile justice, including causation theories and the development of system responses to delinquent behavior. The problems facing juveniles today are addressed, and adult and juvenile justice systems are compared, including initial apprehension, referral, and preventive techniques. Specific issues examined include chemical dependency, mental illness, and compulsive and habitual offenders. Special attention is given to the problems inherent in the police handling of juveniles and the function of juvenile courts.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>CJA 375</td>
<td>INTERAGENCY COMMUNICATION</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course explores the relationships across all internal and external areas and levels of government regarding effective emergency management. Students examine the required planning, response, recovery, and mitigation components that government agencies must consider. Emergency management principles, inter-organizational communication, and potential collaboration models are explored.</td>
<td></td>

<td>CRITICAL THINKING IN CRIMINAL JUSTICE</td>
<td>3</td>
<td>This course introduces the topics of critical and creative thinking. This overview course defines and differentiates the two topics, and helps students explore how personal beliefs are formed and evaluated. Special attention is placed on how critical and creative thinking are used to create solutions to problems encountered by criminal justice and security personnel.</td>
</tr>
<tr>
<td>CJS 230</td>
<td>INTRODUCTION TO CORRECTIONS</td>
<td>3</td>
<td>This course is an introduction to the various components of the corrections system within the criminal justice system. It provides an overview of corrections, including corrections history, and the persons, agencies, and organizations that manage convicted offenders. Other topics include policy and procedure, sentencing, probation, and rehabilitation of prisoners.</td>
</tr>
<tr>
<td>CJS 231</td>
<td>CRIMINOLOGY</td>
<td>3</td>
<td>This course highlights the causes of criminal behavior and the theoretical interpretations of such behavior. Students are introduced to criminological methods of inquiry and review several different classifications of crime. Students also consider the public policy implications of various approaches to criminology.</td>
</tr>
<tr>
<td>CJS 235</td>
<td>VICTIMOLOGY</td>
<td>3</td>
<td>This course introduces students to the topic of victimology, the scientific study of victims, and an overview of current theory, research, and trends within the context of specific victimization types. Specific crime types, the impact of crime on victims and society, the role of victims within the criminal justice system, specific remedies, and victim rights and services are also examined.</td>

<td>INTRODUCTION TO JUVENILE JUSTICE</td>
<td>3</td>
<td>This course is a general orientation to the concept of delinquency and the field of juvenile justice. Students will examine the nature of delinquency, as well as a variety of theories and suspected causes of delinquent behavior. Students will study factors related to delinquency and/or prevention including gender, youthful behavior, family, peers, drug use, school, and community. This course will also familiarize students with the evolution of juvenile justice and key players in the juvenile justice process. Additionally, students will develop an understanding of the juvenile court process, as well as juvenile detention, restitution, prevention and treatment.</td>
</tr>
<tr>
<td>CJS 241</td>
<td>INTRODUCTION TO POLICE THEORY AND PRACTICES</td>
<td>3</td>
<td>This course provides an overview of policing theories and practices used in United States law enforcement systems. It surveys the basics of police functions, from individual and organizational roles to the issues faced on a daily basis. This course also examines the procedures and methods of operation of police and critical issues in law enforcement.</td>
</tr>
<tr>
<td>CJS 245</td>
<td>JUVENILE JUSTICE SYSTEMS AND PROCESSES</td>
<td>3</td>
<td>This course is a general introduction to the field of juvenile justice, including an overview of the juvenile justice system and the differences between dependency and delinquency. Students address current problems facing juveniles, and compare adult and juvenile justice systems. Special attention is given to the problems inherent in the police handling of juveniles, the function of juvenile courts, sentencing, and future juvenile justice system issues.</td>
</tr>
<tr>
<td>CJS 250</td>
<td>INTRODUCTION TO SECURITY</td>
<td>3</td>
<td>This course is an introduction to contemporary security practices and programs. Students will study the origins of private security, its impact on our criminal justice system, and the roles of security personnel. Students will also examine the growth and privatization of the security industry, and study the elements of physical security including surveillance and alarm systems. The course will cover legal and liability issues, which determine the extent of private security authority as well as its limitations. This course will also focus on the current and future integration of private security services in law enforcement agencies.</td>

**CMGT 410 PROJECT PLANNING AND IMPLEMENTATION**

This course provides the foundation for successful project planning, organization, and implementation within the realm of information technology. The course uses real-world examples and identifies common mistakes and pitfalls in project management. Topics covered include project scoping, estimating, budgeting, scheduling and staffing, tracking and controlling, and software tools for project management.

**CMGT 413 APPLICATION ACQUISITION AND SOURCING**

This course examines a number of alternatives to be considered when delivery of an information technology application is needed. The evaluation of alternatives such as build versus buy and insourcing or outsourcing are covered along with the considerations for testing and evaluation of information technology decisions. The primary components of a Request for Proposal (RFP) and a Statement of Work (SOW) are examined in this course.

**CMGT 420 INTEGRATED PROJECT MANAGEMENT**

This course prepares students for the Project Management Institute (PMI®) CAPM® certification exam. It covers the Project Management Framework, a set of standard terminology and guidelines for project management, and the knowledge areas in managing projects.

**CMGT 430 ENTERPRISE SECURITY**

This course covers the managerial and technical considerations related to access controls, authentication, external attacks, and other risk areas facing an enterprise. This course will also survey the techniques to prevent unauthorized computer and facility access as well as the concepts for protecting the hardware and software assets of an enterprise.

<td>RESIDENCY II</td>
<td>1</td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The 3-day in person residency provides an opportunity for students to observe, practice, and demonstrate competency in intermediate counseling skills. Topics include professional and personal development; oral communication skills; application of theory to practice; and sensitivity to diversity issues. Students will demonstrate intake, assessment, provisional diagnoses, and treatment planning abilities. The capstone of the residency is staffing a clinical case and role play. In addition to intermediate skills, students are evaluated on professional dispositions and their readiness to progress in the program.</td>
</tr>
<tr>
<td>CNSL 523R</td>
<td>RESIDENCY III</td>
<td>1</td>
<td>This residency course is 2-weeks in length, with the last 3 days of the second week involving face-to-face interaction with faculty and peers at a ground campus. The final 3-day in person residency in the Clinical Mental Health Counseling online program focuses on advanced clinical counseling skills and competencies. Students practice facilitation of group therapy and demonstrate skills in clinical case staffing. The core of this residency focuses on practicing group work theory and application in a variety of group therapy simulations. This residency is also used to determine the student's readiness for work with diverse populations during clinical placement in practicum and internship courses. Specific topics include professional orientation, professional identity, personal growth, and self-care.</td>
</tr>
<tr>
<td>CNSL 556</td>
<td>PORTFOLIO II</td>
<td>0</td>
<td>Professional Counseling Assessment Portfolio II helps students integrate and evaluate their learning in the Master of Counseling program at midpoint. Like an assessment center, Portfolio II provides an integrative experience requiring the student to bring together all of what he or she has learned in previous courses in the program and to demonstrate how that learning has been applied both personally and professionally.</td>

<td>RESEARCH FOR IMPROVED PRACTICE</td>
<td>4</td>
<td>Learners examine the process of conducting their own classroom-based or school-based research. The course provides practical experience with action research components in the educational setting for everyday instruction. Learners will use research and data to select instructional practices that lead to gains in student achievement that promote lifelong learning.</td>
</tr>
<tr>
<td>CUR 540</td>
<td>METHODS OF COACHING IN THE INSTRUCTIONAL SETTING</td>
<td>3</td>
<td>This course provides an examination of how systemic processes, experiential learning, and coaching strategies positively affect teaching and learning outcomes. This course will examine the interchangeable competencies of coaching and mentoring including roles, fostering relationships, ethical guidelines, building learning communities, effective communication, self-reflective problem solving, conflict resolution, facilitating learning, and accountability. Candidates will be equipped with content knowledge, real life application opportunities, tools, and specific strategies that can be applied in both instructional leadership and coaching situations.</td>
</tr>
<tr>
<td>CUR 545</td>
<td>USING TECHNOLOGY FOR TEACHING AND LEARNING</td>
<td>3</td>
<td>Students evaluate technology use and technology integration for teaching and learning while considering the value of current technologies and tools as part of an interactive experience in a 21st-century classroom. Students will review the considerations and responsibilities of using and maintaining technology in today's schools, including safety, ethics, resources, and financial needs. Using the knowledge gained in this course, students will determine how they will advocate and be change agents for technology integration within their districts, schools, classrooms, and the community.</td>
</tr>
<tr>
<td>CUR 550</td>
<td>ENGAGING IN COMMUNITIES OF PRACTICE</td>
<td>3</td>
<td>Learning communities are a method for the organization and operation of schools that will best meet the academic needs of students. In this course, learners examine the components of developing and maintaining school-based communities of practice to improve student achievement and assist with school improvement planning. Learners will identify resources to help them initiate, plan, and maintain communities of practice.</td>

<td>METHODS OF TEACHING IN EARLY CHILDHOOD: MATHEMATICS</td>
<td>3</td>
<td>This course focuses on mathematical methodology and assessment strategies for young children. Integration of content, appropriate instructional strategies, and curriculum and assessment planning are emphasized. Multiple perspectives of young children as learners of mathematics and current research on mathematics pedagogy are explored. Students evaluate and use instructional methods, curricular materials, technological resources, and appropriate assessment strategies. Special attention is given to using manipulatives in math instruction and developing problem-solving skills.</td>
</tr>
<tr>
<td>ECH 418</td>
<td>COMMUNITY AND FAMILY ENGAGEMENT</td>
<td>3</td>
<td>This course focuses on establishing and maintaining collaborative relationships among families, early childhood learning environments, and communities to support student development and achievement. Candidates explore and discuss issues related to family diversity, relationship building, and community involvement. Emphasis will be placed on creating positive family and community engagement as well as strengthening the connection between home and school.</td>
</tr>
<tr>
<td>ECH 420</td>
<td>METHODS OF TEACHING IN EARLY CHILDHOOD: SCIENCE</td>
<td>3</td>
<td>This course focuses on understanding and using developmentally effective practices to teach and to integrate science concepts and skills in early childhood education (birth through age 8). Developing meaningful curricular content, modifications, hands-on learning experiences, and integration of early childhood content area standards are explored. A foundation in developmentally effective teaching and assessment of the content area is provided.</td>
</tr>
<tr>
<td>ECH 430</td>
<td>METHODS OF TEACHING IN EARLY CHILDHOOD: SOCIAL STUDIES</td>
<td>3</td>
<td>This course provides a foundation in content and methodology for the teaching of social studies in early childhood education (birth through age 8). Developing meaningful curricular content, hands-on learning experiences, integration of early childhood content area standards, and the impact of technology are explored. A foundation in developmentally-effective teaching and assessment of the content area is provided.</td>

<td>INTEGRATING TECHNOLOGY AND CURRICULUM</td>
<td>3</td>
<td>This course enables students to develop strategies for effective and appropriate leadership, and management for instructional technology projects. Technology selection, vendor selection, maintenance, and the needs of stakeholders are explored in an effort to address present and future organizational learning needs. A running theme of this course is system solutions for technology integration that meets the instructional needs of diverse organizations. A focus of this course is balancing the competing needs of emerging technology integration, stakeholders, and organizational constraints in a learning environment.</td>
</tr>
<tr>
<td>EDT 733</td>
<td>TECHNOLOGY LEADERSHIP</td>
<td>3</td>
<td>This course enhances the leadership skills and styles of educational technology leaders to promote success in evolving educational organizations. Students examine leading change through leveraging technology in educational organizations. Methods to lead technological change, manage the procurement process, and counteract resistance to technological changes are addressed. The importance of creating a standardized process and language for the integration of technology is of special focus. Benefits of technology and how they influence the strategic road map for the institution are also explored.</td>
</tr>
<tr>
<td>EDU 101</td>
<td>FOUNDATIONS OF EDUCATION</td>
<td>3</td>
<td>In this course, learners are introduced to the foundations of education. Topics include the history of education, philosophical perspectives, and societal trends that change education. Learners will explore the characteristics of 21st century students and the use of technology in the classroom. In addition, learners will reflect on reasons for working in the educational setting and create a personal philosophy of education.</td>
</tr>
<tr>
<td>EDU 105</td>
<td>DIVERSITY IN EDUCATIONAL SETTINGS</td>
<td>3</td>
<td>This course focuses on developing an understanding of multicultural diversity concepts in education and implications for learning and instruction. Learners will examine the relationship of cultural values on the formation of self-concept and learning styles. Learners will also explore the scope of diversity prevalent in classrooms today and the role of prejudice, biases, assumptions, stereotyping, and cultural inequalities in education. Learners will connect these perspectives to instructional strategies that contribute to creating culturally responsive classrooms.</td>

**EDUC 548 Coaching and Mentoring**

This course is designed to provide an overview of coaching and mentoring. Participants examine coaching and mentoring theories and models, the roles and responsibilities of the coach and mentor, common elements and issues related to coaching and mentoring strategies, and the development of communicative, nurturing relationships. Feedback, self-evaluation, reflection, and monitoring and evaluating performance are also explored.

**EED 400 ASSESSMENT IN ELEMENTARY EDUCATION**

This course identifies what assessment is and how formative and summative assessments are used in the classroom. The course will include construction of objective and performance assessments, topics on reliability and validity, understanding the uses of standardized assessments, and the framework of assessment.

**EED 416 ELEMENTARY METHODS: MATHEMATICS**

This course focuses on methodology and assessment strategies that enhance learning in mathematics. Integration of content and instructional strategies, as well as curriculum and assessment issues, are emphasized. Multiple perspectives of students as learners of mathematics, along with current research on mathematics pedagogy, are explored. Students evaluate and use instructional methods, curricular materials and resources, and appropriate assessment strategies. Special attention is given to the use of manipulatives in math instruction and to developing students’ problem-solving skills.

**EED 420 ELEMENTARY METHODS - SCIENCE**

This course focuses on methodology and assessment strategies that enhance learning in science. Integrated content, interdisciplinary teaching, classroom management, and curriculum and assessment issues are emphasized. Multiple perspectives of students as learners of science, along with current research on pedagogy, are explored. This course also provides students with an opportunity to develop the ability to evaluate and to use instructional methods, curricular materials and resources, and appropriate assessment strategies.

**HCR 203 Medical Claims Processing and Compliance**

This course is designed to provide students with an understanding of the management of patient records through the practices and processes of filing claims. Students will focus on the knowledge and skills essential for completing insurance claim forms in the health care setting. HIPAA and compliance requirements will also be covered.

**HCR 210 Patient Records: Keeping It Real**

Documenting patients’ health information is central to the continuity of medical care and the collection of medical data. This course examines the content, development, format, routing, filing, and storage of patient records. Settings include hospitals, physicians’ offices, and alternate care facilities. Students review uses of health data and legal aspects of health information management.

**HCR 220 Claims Preparation I: Clean Bills of Health**

Medical records processing revolves around insurance and reimbursement. This course focuses on the background, knowledge, and skills related to basic billing duties, HIPAA regulations, patient encounters, and the preparation, compliance, and transmission of claims. Students are introduced to the current state and future direction of the major diagnostic and procedural coding systems.

**HCR 230 Claims Preparation II: Footing the Bills**

This course continues medical records processing instruction. Topics focus on the background, knowledge, and skills related to private payers, Medicare, Medicaid, TRICARE, CHAMPVA, workers compensation, and disability. Claims processing includes payments, appeals, and secondary claims, including patient billing and collections, and hospital billing and reimbursement.

**HCS 504 INTRODUCTION TO GRADUATE STUDY IN HEALTH SCIENCES/NURSING**

This course provides new graduate students in the college with an introduction to strategies for success within the university's adult learning model. Topics include program standards and objectives; graduate-level oral and written communication; locating, evaluating, and citing scholarly resources; and purposes and use of portfolios.

**HCS 507 ADVANCED PHARMACOTHERAPEUTICS**

This course is designed to provide the nurse practitioner student with the information and skills to initiate and monitor drug therapy. This course will integrate advanced knowledge regarding the clinical application of pharmacology and pharmacokinetics, techniques and methods of drug prescribing, approaches to data collection, and problem solving with discussions about drug therapy for common acute and chronic diseases. Emphasis will be on the practical application of important concepts used in clinical practice for clients across the lifespan.

**HCS 510 ADVANCED PATHOPHYSIOLOGY**

This course provides students with advanced anatomy, physiology, and pathophysiology of systems in relation to an individual's health across the lifespan. Focus is given to the physiological and biological manifestations and adaptive and maladaptive changes that occur. The knowledge gained in this course lays a foundation for the management of primary care issues of the family and its members.

**HCS 529 CONTEMPORARY HEALTH CARE FACILITY DESIGN**

This course will provide students the opportunity to analyze and create plausible designs for a health care organization. Students will discuss current and future health care consumer utilization trends and environmental impacts, as well as examine the regulatory compliance requirements. Practical application of design and planning for a health care facility will be demonstrated.

<tr>
<td>HEA 711</td>
<td>HISTORY AND PHILOSOPHY OF HIGHER EDUCATION</td>
<td>3</td>
<td>This course introduces and examines the major features of the financial functions operative within various types of higher education institutions. The financial functions of various types and sizes of post-secondary institutions will be presented. Specifically, the financial functions of the following kinds of colleges and universities will be compared and contrasted: public and private, non-profit and for-profit entities; small, medium, and large entities; urban, suburban, and rural entities; and unionized and non-unionized entities. In each case, traditional, non-traditional, and emerging income streams will be explored, in conjunction with traditional cost centers, non-traditional cost centers, and emerging cost centers. Strategic financial planning and global market influences, in the context of higher education institutions will be addressed. Traditional, new, and emerging administrative practices being utilized by financial managers to control the economic dynamics engendered by various combinations of the above variables will be discussed.</td>
</tr>
<tr>
<td>HEA 712</td>
<td>HIGHER EDUCATION LAW, POLICY AND THE REGULATORY ENVIRONMENT</td>
<td>3</td>
<td>In this course, students will evaluate how higher education institutions operate within a regulatory framework created by local, state and federal statutory law, case law, policies created by governmental agencies as well as various accrediting bodies. Major topics include systems of higher education governance, faculty, administrator and staff employment issues, student rights and conduct, technology, intellectual property and risk management. The impact of social and political constructs and stakeholder perspectives will be evaluated as it relates to the creation of a comprehensive ethical and legal approach to problem solving and policy development.</td>
</tr>
<tr>

<td>This course introduces and examines the major features of the financial operations and functions, and decision making within various types of higher education institutions. Strategic financial planning and global market influences, in the context of higher education institutions will be addressed.</td>
</tr>
</tbody>
</table>
In this course, students will analyze the factors that have resulted in contemporary innovative changes in higher education. The course will focus on leadership influences in the evaluation and application of change management models, strategies, and tactics that promote effective institutional innovation.

In this course, major functions housed in the academic division of colleges and universities will be analyzed. Major functions of student affairs administration will also be analyzed. Emerging issues in the academic and student affairs profession will be evaluated as they relate to the achievement of the institutional mission.

This course will provide an understanding of traditional, non-traditional and diverse students in higher education through an examination of the psychosocial, cultural, cognitive-structural, and identity theories related to student development.

In this course, students will explore contemporary curriculum issues including creating appropriate learning outcomes, developing high-impact educational practices, and striking a balance between general education and major courses. The course will also focus on using evidence-based decision making in program/course curriculum development and change processes. Program evaluation models and methods and accreditation processes utilized in higher education will be explored.

<td>SHRM-CP (TM)/SHRM-SCP (TM) CERTIFICATION PREPARATION</td>
<td>4</td>
<td></td>
</tr>
<tr>
<td></td>
<td>In today's ever-changing workplace, human resource professionals are assuming more responsibilities in organizations and contributing to the achievement of strategic goals by hiring and retaining talented employees. Whether you are seeking certification, recertification, or professional development opportunities, the SHRM-CP™/SHRM-SCP™ certification preparation course offers accelerated and comprehensive training on the Body of Competency and Knowledge (SHRM BoCK™), focusing on the People, Organization, Workplace, and Strategy knowledge domains. The course also covers the eight behavioral competencies, as defined in the SHRM Competency Model: Leadership &amp; Navigation, Ethical Practice, Business Acumen, Relationship Management, Consultation, Critical Evaluation, Global &amp; Cultural Effectiveness, and Communications. Students will gain or improve human resources knowledge and skills by using practical and real-life information, online assessments and practice tests, and creating a personal study plan, through the use of the SHRM Learning System. This course provides 4.0 continuing education units in five, 8-hour workshops.</td>

**IOP 490 CAPSTONE PROJECT**

This course is designed to prompt reflection and focus on the entire program learning experience. Students will integrate core concepts learned throughout the program and will demonstrate proficiency with these concepts in a final project.

**ISCOM 361 PURCHASING AND PROCUREMENT**

This course addresses the relationship between supply chain management and procurement. This includes an overview of both the procurement process and the supply chain interdependencies. Students will address procurement from strategic, tactical, and operational perspectives.

**ISCOM 370 STRATEGIC SUPPLY CHAIN MANAGEMENT**

This course will provide a brief overview of supply chains and an in-depth perspective on strategic supply chain management. This course focuses on the strategic elements and functional relationships within manufacturing and service supply chains. Emphasis is placed on the integration of strategic planning, sourcing, operations, and logistics to achieve sustainable competitive advantages locally and globally.

**ISCOM 374 INTEGRATED LOGISTICS MANAGEMENT**

This course prepares students to strategically plan, implement, optimize and control the efficient and effective flow and storage of goods, services, and related information from a point-of-origin to a point-of-consumption. This course also focuses on the total systematic approach of transportation, inventory management, warehousing, and customer services.

<tr>
<td></td>
<td>This course extends the examination of the IST domains studied throughout the program to the global level. Learners will examine the application of the IST domains in the setting of a global economy and international business environment. Learners will be prepared to define the common information system (IS) management approaches for the development of business systems that can support global information systems requirements. Competency A: Define IS management approaches for the development of business systems that can support global information systems requirements. Competency B: Define issues of security, virtual and collocated IS teams, networking, information transparency, intellectual property, organizational and regional cultures, and human resources between global partners. Competency C: Synthesize a leadership and management strategy for integration of whole systems in an environment that is legally compliant with multinational jurisdictions. Competency D: Create an original leadership and management model that provides explanation and predictability.</td>

</table>

In this course, learners will create an innovative model, incorporating the domains and models from previous coursework. In the model building, learners will demonstrate the leadership competencies as related to IT. Competency A: Articulate a detailed leadership strategy for integrating all IST functions from the individual to the global level. Competency B: Apply the best information systems management approach for the development of business systems that can support global information systems' requirements. Competency C: Align benchmarks and measures of IT performance with performance measures used by organizations. Competency D: Develop an IT leadership model that incorporates each of the IT domains and considers individual, team, department, organization, interorganization, and global perspectives. Competency E: Develop a strategic plan for the implementation of a solution to resolve a critical organizational issue.

| IT 200      | DIGITAL SKILLS FOR THE 21ST CENTURY             | 3       |

Digital Skills for the 21st Century is a course focused on the impact of digital technology on today's businesses, the economy, and society. Rapid advances in technologies are creating benefits and efficiencies for those businesses that recognize their advantages and pitfalls, and harness them to their advantage; those who can't are left behind with competitive disadvantages. Today's workforce needs to understand these trends, recognize key differences among features and approaches of these technologies, and apply them effectively. Specific topics in this course include cloud computing, unified communication platforms, cyber security, social media, and mobile computing.

| JRN 310     | INTRODUCTION TO JOURNALISM                      | 3       |

This course is the introduction to the journalism concentration. The role of the journalist will be described from its origin to the emergence of the modern-era journalist. Key journalistic theories and principles will be discussed. Special attention will be given to influences in journalism and qualities that exemplify journalistic writing. The concepts of journalistic writing, research, technology, ethics, and personal responsibility will be introduced. Controversial issues faced by journalists will be highlighted throughout the course.

| JRN 320     | RESEARCH FOR JOURNALISM                         | 3       |

This course focuses on the research methods employed in journalistic writing and reporting. The goal of this course is to enhance the understanding of the characteristics of credible sources and accurate information. Information will be assembled and evaluated to support journalistic goals by interpreting information needs, choosing accurate and unbiased sources, and selecting relevant and reliable information. The importance of employing ethical practices to research techniques is emphasized throughout the course.

<td>3</td>
</tr>
</tbody>
</table>

This course focuses on understanding journalistic writing styles. The course begins by categorizing historical media and associating past writing styles with current styles. Differences will be identified in writing for various audiences for print, digital, and broadcast media. The rationale for using certain writing styles will be illustrated and expressed. Throughout the course, the roles of research, editing, and ethics in journalistic writing will be emphasized.

This course focuses on the application of the diverse journalistic writing techniques used in today's changing media landscape. The goal is to enhance storytelling skills by informing and engaging audiences using various delivery methods. Written media messages will be designed and assessed by determining which writing styles should be utilized given the target audience. Within the new convergent media landscape, credible resources will be identified, materials evaluated, and details of written work summarized. The association between research and responsible writing will be explored, as writing strategies to craft effective messages are developed. The role of ethics in journalism is emphasized throughout the course.

This course examines the rise of social media and the immediacy in which controversial issues are communicated in journalism. This course focuses on developing the writer/reporter's ability to critically examine and react to specific media elements, including public opinion, trends, celebrity commentary, and the public's need to know. Emphasis is placed on understanding the nature and characteristics of thought-provoking mass media occurrences. Concepts of idea generation and storytelling in an ethical and personally responsible manner are highlighted.

This course focuses on the role of technology and its impact on news delivery. The use of technologically advanced multimedia formats will be explored. Stories will be adapted to various media outlets to realize the full range appeal to targeted audiences. The goal of this course is to provide students with experiences in storytelling that are delivered through the use of advanced convergent technologies.

**MFCC 561 FAMILY INTERVENTIONS 3**
This course introduces fundamental concepts and practices that underlie couples and family therapy in human systems. It teaches an integrative approach to the treatment of the broad range of presenting problems that arise within marriage and family relationships. The course will introduce culture-specific interventions used for the treatment of culturally different families.

**MFCC 566 ADVANCED MARRIAGE AND FAMILY THERAPY 3**
This course requires students to apply marriage and family theory and skills acquired throughout the program and allows them to gain a deeper understanding of working with diverse families. Students will go through the process, from intake to termination, of working with a family in a role-play setting incorporating practical applications of assessment, treatment planning, therapeutic interventions, progress notes, and termination summaries. Family interventions will be emphasized, including interventions for families in acute and chronic crisis, and for various ethnic family systems.

**MFCC 567 SEMINAR IN MARRIAGE AND FAMILY COUNSELING 3**
In this course, students will be required to apply marriage and family counseling theory, along with therapy skills acquired throughout the program. Students will gain a deeper understanding of working with diverse families, families in transition, families with mental health issues, families facing crisis and trauma, along with current trends in marriage and family counseling.

**MFCC 591 PRE-PRACTICUM IN MARRIAGE AND FAMILY COUNSELING 3**
This course focuses on the assessment and continuing development of student counseling and clinical documentation skills. Students have a variety of opportunities to receive feedback and to evaluate their ability to integrate theory into practice. Students determine their styles and strengths as professional counseling practitioners, as well as identify areas needing further development. Individualized practice sessions, case management skills, and feedback are designed into the course.

<td>MPA 563</td>
<td>PUBLIC BUDGETING</td>
<td>3</td>
<td>In this course students learn the accounting and budgeting tools and theories used in the public sector. Students will analyze the relationship between public policy and the public budget process. Other topics include budgetary decision making, basics of government and not-for-profit accounting, reporting, capital and operating expenditures, and inter-period equity.</td>
</tr>
<tr>
<td>MPA 573</td>
<td>PROGRAM EVALUATION</td>
<td>3</td>
<td>This course prepares students to apply techniques to evaluate public sector programs. Students will be evaluating public sector programs using analytical tools. Other topics, at the state, county and local level, include measures of effectiveness, benchmarks, baselines, performance standards, and customized stakeholder communication and collaboration.</td>
</tr>
<tr>
<td>MPA 583</td>
<td>PUBLIC POLICY PLANNING AND IMPLEMENTATION</td>
<td>3</td>
<td>This course prepares students to trace the development of a public policy. For a selected policy, students will analyze the policy-making process and the challenges that accompany each stage. Other topics, at the state and local level, include public policy planning, policy alternative evaluation, and stakeholder conflicts.</td>

<td>LEVERAGING TECHNOLOGY IN THE PUBLIC SECTOR</td>
<td>3</td>
<td>This course prepares students to leverage technology in support of effective and efficient administration of government. Students will apply technology concepts to enhance self-service tools for citizens while providing data security and respecting privacy concerns. Other topics, at the state and local level, include mobility, database interconnectivity, Internet, intranet and extranet, and data maintenance and retrieval.</td>
</tr>
<tr>
<td>MPH 510</td>
<td>PUBLIC HEALTH PROFESSIONAL PRACTICE</td>
<td>3</td>
<td>This course examines the historical and chronological milestones of the field of public health; provides an overview of the goals and guidelines for public health practice through the next decade; provides an evaluation of ethical choices, values and professional practices implicit in public health decisions; considers the effect of public health choices on community stewardship and highlights equity, social justice and accountability in decision-making processes.</td>
</tr>
<tr>
<td>MPH 520</td>
<td>SOCIAL AND BEHAVIORAL ASPECTS OF PUBLIC HEALTH</td>
<td>3</td>
<td>This course focuses on concepts and methods of social and behavioral sciences relevant to the identification and solution of public health problems. It addresses the behavioral, social and cultural factors related to individual and population health over the life-time. Research and practice in this area contributes to the development, administration and evaluation of programs and policies in public health and health services to promote and sustain healthy environments and healthy lives for individuals and populations.</td>
</tr>
<tr>
<td>MPH 530</td>
<td>EPIDEMIOLOGY CONCEPTS AND PUBLIC HEALTH DISEASES</td>
<td>3</td>
<td>This course provides an introduction to the skills needed by public health professionals to critically interpret disease. The main concepts of this course will cover distributions and determinants of disease, disabilities, injury, and death in human populations. This course provides an opportunity for learners to apply epidemiology concepts to case studies.</td>

<td>ENVIRONMENTAL AND OCCUPATIONAL HEALTH MANAGEMENT</td>
<td>3</td>
<td>This course provides a foundation to the ecological basis of health and disease. The application of the principles and framework of ecosystems in managing public health initiatives are addressed, including the social, biological, physical, and chemical factors that affect the health of organizations and communities. Hazardous agents found in occupational environments are reviewed for their potential health effects, and procedures for prevention of occupational illnesses and injuries are examined.</td>
</tr>
<tr>
<td>MPH 550</td>
<td>PUBLIC HEALTH STATISTICS</td>
<td>3</td>
<td>This course focuses on the development and application of health statistics and reasoning; and will discuss methods of addressing, analyzing, and solving problems in public health. The collection, storage, retrieval, analysis and interpretation of health data, and the design and analysis of health-related surveys and experiments are central to the practice of health data analysis.</td>
</tr>
<tr>
<td>MPH 560</td>
<td>PUBLIC HEALTH SYSTEMS AND SERVICES ADMINISTRATION</td>
<td>3</td>
<td>This course will introduce U.S. public health delivery systems and administration and management of these systems. Major components of administration and management principles within a health system or organization are examined, including the organization and financing of health care systems, access to health care, regulation and policy issues, and the health care workforce.</td>
</tr>
<tr>
<td>MPH 570</td>
<td>PUBLIC HEALTH POLICY AND LEADERSHIP</td>
<td>3</td>
<td>This course examines public health approaches to improve health through policy change. Theoretical and practical applications of legislative advocacy in the area of health policy are explored, along with the implications of research on public health policy development. Learners will evaluate the collaborative efforts between community groups, institutions, and local and state-level governments to make sustainable changes for improved health outcomes.</td>
</tr>
<tr>
<td>MPH 600</td>
<td>COMMUNITY RESILIENCY AND RESPONSE PREPAREDNESS</td>
<td>3</td>
<td>This course examines the ability of a community to use its assets to strengthen public health and healthcare systems and to improve the community’s physical, behavioral, and social health to withstand, adapt to, and recover from adversity. This course provides learners with opportunity to expand their knowledge beyond the traditional preparedness approach by creating actions that build readiness while also promoting strong community systems and addressing the many factors that contribute to health. Key preparedness activities are reinforced with resilience factors to improve everyday health, wellness, and community systems.</td>
</tr>
<tr>
<td>MPH 601</td>
<td>PUBLIC HEALTH PROMOTION AND EDUCATION</td>
<td>3</td>
<td>This course examines health education theories and practices. Learners are given opportunity to create goals and objectives and apply theories and models of instructional strategies. Learners will create units of instruction for community health settings and populations. Strategies that enhance health education and health promotion for special populations are emphasized.</td>
</tr>
<tr>
<td>MPH 602</td>
<td>PUBLIC HEALTH COMMUNICATION AND ADVOCACY</td>
<td>3</td>
<td>This course is designed to provide learners with a critical understanding of the effects of media as a vehicle to promote and impede the achievement of public health goals. Learners will develop communication skills to use a variety of media strategies to advance public health policies and promote social change. Learners are provided with opportunity to advance their personal presentation and communication skills.</td>
</tr>
<tr>
<td>MPH 603</td>
<td>RACE AND ETHNICITY DETERMINANTS OF HEALTH</td>

</table>

This applications-driven course prepares students to critically analyze and solve problems using quantitative reasoning. Students approach real world scenarios using numerous reasoning skills and mathematical literacy to draw conclusions.

Students collect, analyze, and interpret data as they examine the role of statistical analysis and statistical terminology. Students also apply appropriate statistical techniques and analytical reasoning in real-world problems to communicate logical arguments and models. The course topics includes probability, statistics, and quantitative reasoning.

Students apply elementary probability theory, descriptive and inferential statistics, and reasoning to real-world situations. The course embeds foundational skill into topics including probability, statistics, and reasoning.

<td>PROGRAM AND COURSE DEVELOPMENT</td>
<td>3</td>
<td>Nurse educators are responsible for creating programs and courses for diverse settings while aligning to multiple regulations and standards for nursing education. Completing a needs assessment and developing effective programs and courses through a systematic framework is critical. Learners will evaluate instructional methods and theories for teaching and learning and will differentiate between the strategies used to develop, implement, and evaluate educational programs.</td>
</tr>
<tr>
<td>NSG 532</td>
<td>INNOVATIVE CURRICULUM DESIGN</td>
<td>3</td>
<td>Developing curriculum that aligns to the program’s mission, standards, and outcomes is important in creating an effective program. Delivering curriculum to a diverse population in an organized fashion, taking into consideration the best modality for delivery, promotes engagement and critical thinking skills. Learners will analyze current trends and issues in curriculum design, evaluate innovations and technologies used to develop engaging curriculum, and determine best practices for course improvement.</td>
</tr>
<tr>
<td>NSG 533</td>
<td>EDUCATIONAL ASSESSMENT AND EVALUATION</td>
<td>3</td>
<td>Nurse educators count on reliable and valid information to evaluate the effectiveness of an educational program. Thoughtful creation of evaluation tools that align to an educational taxonomy is an important step in order to obtain qualitative and quantitative data that informs the nurse educator about how well learners are performing. Communicating assessment and evaluation results to others, and gaining their input, provides the nurse educator the opportunity to make curricular improvements based on stakeholder feedback. Learners will evaluate assessment methods used to measure performance and improve educational programs, and develop a communication strategy to share results with stakeholders.</td>
</tr>
<tr>
<td>NSG 534</td>
<td>FACILITATING ENGAGED LEARNING</td>
<td>3</td>
<td>Nurse educators use instructional design approaches to build effective courses with engaging activities and assignments. Creating interesting and innovative materials for learners and faculty is critical for learning success. Using technologies in the classroom, regardless of the delivery modality, provides learners and faculty with the most up-to-date educational resources available. Learners will analyze the systematic model of analysis, design, development, implementation, and evaluation to create instructional products and solutions.</td>

<td>This course introduces fundamental concepts and practices for information storage and management in cloud, virtualization, and networking environments. Included are elements and practices of data centers, information storage networking technology, storage systems, and business continuity practices. Also addressed are management and security in information storage infrastructures.</td>
</tr>
<tr>
<td>NTC 260</td>
<td>FOUNDATIONS OF CLOUD SERVICES</td>
<td>3</td>
<td>This course introduces practices in cloud infrastructure and services. Covered are a cloud computing model, layers of cloud computing, and functions of cloud computing. Included are fundamental layers of cloud infrastructure: physical, virtual, control, orchestration, and service. Also included are cross-layer functions of cloud infrastructure: business continuity, security, and service management.</td>
</tr>
<tr>
<td>NTC 275</td>
<td>STORAGE MANAGEMENT CAPSTONE</td>
<td>3</td>
<td>This is the capstone course for information storage management. The course provides students with the opportunity to integrate and apply learning from their program of study in a comprehensive manner. Students will demonstrate competency and skills in the monitoring and management of information storage infrastructure, explain and use relevant network security concepts, and apply cloud interface standards and protocols for building cloud infrastructure.</td>
</tr>
<tr>
<td>NTC 300</td>
<td>CLOUD TECHNOLOGIES</td>
<td>3</td>
<td>This course will provide the knowledge and skills required to understand foundational and advanced cloud terminologies/methodologies; to implement, maintain, and deliver cloud technologies and infrastructures (e.g., server, network, storage, and virtualization technologies); and to understand aspects of IT security and use of industry best practices related to cloud implementations.</td>

<td>NETWORK AND TELECOMMUNICATIONS CONCEPTS</td>
<td>3</td>
<td>This course provides an overview of telecommunication systems in a business environment. Topics covered include voice communications, standards, transmission, networks, and internetworking.</td>
</tr>
<tr>
<td>NTC 362</td>
<td>FUNDAMENTALS OF NETWORKING</td>
<td>3</td>
<td>This course provides a foundation in the basic telecommunications and networking technologies fundamental to the industry and to the broad field of telecommunications. Network routing, switching, and Wi-Fi are covered. Also covered in this course is an introduction to the OSI model, the TCP/IP model, basics of wireless communications standards, and network security.</td>
</tr>
<tr>
<td>NTC 405</td>
<td>TELECOMMUNICATIONS AND NETWORKING I</td>
<td>3</td>
<td>This course is designed to provide the fundamentals of basic telecommunications, including an introduction to standards, organizations and governing bodies, concepts such as TCP/IP, modulation or demodulation, and terminology for telecommunications and computer networks. The basics of analog and digital circuits are analyzed. Complex digital equipment, such as multiplexers, is introduced. The course is completed with an overview and analysis of various network topologies and network operating systems, explaining how the electronic concepts assist in network troubleshooting.</td>

</table>

**PSY 405 THEORIES OF PERSONALITY 3** This course surveys the field of personality from a scientific perspective, examining the general approaches to understanding personality. The key theorists and concepts associated with each perspective are highlighted, along with the strengths and limitations of the different approaches.

**PSY 410 ABNORMAL PSYCHOLOGY 3** This course is designed to provide students with an introduction to theories and research concerning abnormal behavior (psychopathology). The course will address such topics as the incidence (frequency) of abnormal behavior of various types; how abnormal behaviors are classified into various diagnostic categories; the etiologies (causes) of psychological disorders; and the variety of methods employed in the treatment of abnormal behavior.

**PSY 420 THEORIES OF BEHAVIOR 3** This course is an introduction to principles of learning and behavior analysis and how they relate to the profession of psychology. Topics to be covered include conditioning, social learning, and philosophical and historical antecedents of behaviorism. The environmental influences of behavior, to understand the antecedent-consequence link and functions of behaviors, will also be covered. An emphasis will be placed on behavior-analytic strategies in a variety of settings including business and industry, education, and health and human services.

**PSY 425 CHEMICAL DEPENDENCY IN THE WORKPLACE 3** Using an issues-based approach, this course examines drugs of abuse and the impact of abuse on the individual, family, and society with an emphasis on the employer and work environment. Legal and ethical implications of chemical dependency in the workplace are addressed, and the hallmarks of creating drug-free workplace programs are examined.

<td>QRB 501</td>
<td>QUANTITATIVE REASONING FOR BUSINESS</td>
<td>3</td>
<td>This course applies quantitative reasoning skills to business problems. Students learn to analyze data using a variety of analytical tools, graphs, tables, and charts. Other topics include formulas, visual representation of quantities, time value of money, and measures of uncertainty.</td>
</tr>
<tr>
<td>RDG 201CA</td>
<td>READING AND WRITING CONCEPTS</td>
<td>3</td>
<td>This course builds a foundation in language acquisition and development to examine the concepts of reading, writing, spelling and handwriting. Students explore children's development in these areas and the implications for instruction. They also observe and reflect on language arts interactions and activities in a classroom setting.</td>
</tr>
<tr>
<td>RDG 350</td>
<td>CHILDREN'S LITERATURE</td>
<td>3</td>
<td>This course examines the use of Children's literature in the elementary school classroom. Various genres are studied, as well as the application of Children's literature to instruction and to assessment in reading. Methods for integrating the use of Children's literature in all content areas are examined.</td>
</tr>
<tr>
<td>RDG 351</td>
<td>EARLY CHILDHOOD LITERACY DEVELOPMENT</td>
<td>3</td>
<td>This course focuses on creating an environment in the early childhood setting that promotes literacy skill development. This course will help teachers create developmentally effective learning environments that promote listening, speaking, reading, and writing skills.</td>

<td>SCIENTIFICALLY BASED LITERACY INSTRUCTION</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course focuses on scientifically-based research as the foundation for classroom reading instruction. It examines the work of the National Reading Panel, as well as the mandates of The Colorado Reading to Ensure Academic Development Act (2012) and state reading and language arts standards. In addition, it focuses on the five major areas of reading: phonemic awareness, phonics, fluency, vocabulary, and comprehension. The elements and the application of techniques for organizing and implementing explicit, systematic instruction in each of these areas, and methods of regularly assessing Children's performance in reading and language arts are also emphasized.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>RDG 415</td>
<td>DIAGNOSIS AND REMEDIATION OF READING DIFFICULTIES</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course addresses the use of reading assessments to determine classroom intervention and instructional strategies. It provides foundational information about stages of reading acquisition, factors that impact reading success or failure, and the nature of reading difficulties. This information serves as a context for learning about the selection, administration, and interpretation of formal and informal classroom assessments for the purposes of screening, diagnosing difficulties, monitoring progress, and evaluating instruction. In addition, a final diagnostic and instructional recommendations report will be developed based on student test data provided.</td>
<td></td>
<td></td>

<tr>
<td>RDG 416</td>
<td>METHODS OF TEACHING IN EARLY CHILDHOOD LANGUAGE AND LITERACY</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td></td>
<td>This course focuses on Children's language and literacy development from birth to age 8. Students examine theories of language development, including theories of second language acquisition and the needs of English language learners. They also explore strategies for engaging children in integrated listening, speaking, reading, and writing experiences. Integration of content area standards and development of hands-on learning experiences are emphasized. Additionally, developmentally-effective assessments are discussed as a means of informing instruction.</td>

<td>RDG 558</td>
<td>SECONDARY CONTENT AREA LITERACY</td>
<td>3</td>
<td>This course focuses on implementing principles, and instructional strategies for comprehensive instruction of content-based literacy strategies in single-subject classrooms. Emphasis is placed on development of literacy throughout all content areas; designing and differentiating curriculum; showcasing literacy through speech, writing, listening, and reading; incorporating new literacies and assessment. Candidates use this knowledge to prepare a comprehensive content area lesson plan. This course incorporates required guided field experience based on work in a single-subject content-area classroom.</td>
</tr>
<tr>
<td>RDG 570</td>
<td>CURRICULUM CONST AND ASSMT: READING AND LANG ARTS FOR SPE</td>
<td>4</td>
<td>This course focuses on the most current research, theory, and methods of reading instruction. Teacher candidates will implement teaching and learning strategies that use critical thinking, provide meaningful context, and incorporate student knowledge to develop an integrated unit of instruction. Instruction and assessment techniques, including intervention practices, research-based phonics instruction, and strategies for teaching learners with dyslexia, are modeled. In addition, candidates will examine the writing process and ways to promote skill development for exceptional learners.</td>
</tr>
<tr>
<td>RDNG 500</td>
<td>Reading Methods: Primary</td>
<td>3</td>
<td>This course explores current theories and methods to support young children in making a successful start in reading. Participants explore principles of language acquisition and reading; children’s transitions from oral language to concepts of print; and the techniques, technology, and texts to begin the development of college- and career-ready readers and writers. Participants analyze effective methods to monitor and assess children’s reading, while differentiating reading instruction based on experiential background, language, culture, and special learning needs.</td>
</tr>
<tr>
<td>RDNG 501</td>
<td>Reading Methods: Elementary</td>
<td>3</td>
<td>This course is designed to provide an integrated approach to reading instruction. Participants analyze current trends for teaching literacy and explore specific strategies designed to help construct meaning across the curriculum. Participants learn methods for meeting the needs of diverse learners and assessing reading performance. In addition, emphasis is placed on components of balanced literacy instruction, including word identification, prereading techniques, vocabulary development, fluency, comprehension, writing, and technology-based instruction.</td>

<td>Reading Methods: Secondary</td>
<td>3</td>
<td>This course emphasizes literacy and learning in grades 6-12. Various influences on reading and writing are analyzed, including new literacies, information and communication technologies, diversity, schema, resources, and student skill level. Participants examine state and national standards, instructional strategies, active engagement techniques, fluency, vocabulary development, and assessment.</td>
</tr>
<tr>
<td>RDNG 503</td>
<td>Diagnosis and Remediation</td>
<td>3</td>
<td>This course is designed to provide participants with practice in current research-based assessment, diagnosis, and intervention and accommodations for struggling readers and diverse learners with literacy difficulties. Participants explore informal and formal assessments for progress monitoring. In addition, participants examine assessment results and create assessment reports with recommendations.</td>
</tr>
<tr>
<td>RDNG 504</td>
<td>Phonological Theory and Application</td>
<td>3</td>
<td>This course addresses the linguistic, neurological, cognitive, and socio-cultural factors that influence readers and writers. The No Child Left Behind (NCLB) Act, national and state standards in literacy, and high stakes assessments have resulted in more attention placed on the role of phonics in students’ reading and writing achievement. Participants study relevant research, theories, and instructional approaches, including technology and multimedia, to support phonics as a fundamental component of effective reading, writing, and spelling programs.</td>
</tr>
<tr>
<td>RDNG 505</td>
<td>CHILDREN’S LITERATURE</td>
<td>3</td>
<td>This course examines children’s literature, its various genres, and its importance in the classroom to engage students in reading, writing, listening, and speaking. Participants explore the value that children’s literature adds to the lives of children and why reading matters for children, teachers, adults, society, and the world. Participants examine how to encourage children to be lifelong readers by learning about how, when, and why children read.</td>

<td>Elementary Reading and Writing Strategies</td>
<td>3</td>
<td>This course empowers participants to support diverse elementary students to read and write with ease and confidence. Participants explore the principles, theories, and standards that help students read and write well. In particular, participants explore reading and writing materials, instructional tools and strategies, and assessment techniques.</td>
</tr>
<tr>
<td>RDNG 507</td>
<td>Content Area Reading and Writing for Elementary</td>
<td>3</td>
<td>This course focuses on methods and materials for teaching diverse elementary children to read and write well in various content areas. Participants examine current critical issues affecting content area reading and writing, including state and national assessments. Effective reading and writing strategies, vocabulary development, and technology tools, media, and print materials used to enhance children’s reading and writing in the content areas are also explored.</td>
</tr>
<tr>
<td>RDNG 508</td>
<td>Adolescent Literature</td>
<td>3</td>
<td>This course focuses on evaluating, selecting, integrating, and understanding adolescent literature in 6th-12th grade classrooms. Participants investigate gender, language, and individual preferences in adolescent literature. Participants analyze various techniques and formats for teaching diverse learners using an array of culturally responsive, age-appropriate, classic, contemporary, and award-winning literature. Participants examine the use of text sets, choice books, technology links, tradebooks, audio books, author studies, performance assessments, and book-to-film features to incorporate across the curriculum.</td>
</tr>
<tr>
<td>RDNG 510</td>
<td>Content Area Reading and Writing for Adolescents</td>
<td>3</td>
<td>In this course, participants explore the teaching of reading and writing in grades 6-12 content area classrooms. Participants learn instructional strategies, comprehension strategies, vocabulary strategies, and techniques for using reading and writing to learn across content area lines. Methods for differentiating instruction as well as assessing reading and writing are examined.</td>

<td>RES 351</td>
<td>BUSINESS RESEARCH</td>
<td>3</td>
<td>This course evaluates the process of conducting research for improving decision making within an organization. Students will learn to apply an understanding of commonly employed business research techniques to improve a situation, solve a problem, or change a process. Other topics include problem framing, data collection, data analysis, and data presentation.</td>
</tr>
<tr>
<td>RES 709</td>
<td>RESEARCH CONCEPTUALIZATION AND DESIGN</td>
<td>3</td>
<td>This course provides an overview of social science research methodologies and their application in context to the student's degree program. Foundational concepts include the examination and application of theoretical frameworks, critical analysis of scholarly literature and interpretation of data through a theoretical lens. Students also explore quantitative, qualitative and mixed research methods and the core elements of an effective research plan. Competencies: Describe how conceptual and theoretical frameworks provide the foundational elements of social science research and inform the interpretation of data and other research findings. Identify the significance of scholarly literature and how gaps in extant literature provide a direction for new research. Summarize the ethical issues of research involving human subjects. Identify and explain quantitative and qualitative research methods and assess their appropriateness for different research problems. Assess quantitative and qualitative research studies and discuss the concepts of methodological rigor, credibility, validity and reliability. Evaluate the research topic, research question, and purpose and problem statements for methodological and theoretical alignment. Establish strategies for formulating clear, concise research questions that are methodologically sound, theoretically grounded and researchable.</td>
</tr>
<tr>
<td>RES 710</td>
<td>STATISTICAL RESEARCH METHODS AND DESIGN I</td>
<td>3</td>
<td>Doctoral practitioners are resolute in their commitment to identifying, informing, and affecting both individual and organizational change and innovation. Generating actionable interventions requires an extensive investigation of situational factors and a foundational understanding of research methodology. In this course, students explore the foundations of statistics used in quantitative research by actively engaging in processes focused on evaluation, appraisal, and application.</td>
</tr>
<tr>
<td>RES 713</td>
<td>STATISTICS</td>
<td>3</td>
<td>This course provides students with a foundation in the design and reporting of quantitative research. This course builds on the material covered in Quantitative Methods and Statistical Analysis by elaborating on the various statistical techniques used in the analysis of data generated by empirical research. The course includes both descriptive and inferential statistical methods and spans parametric and non-parametric statistical methods including multi-variant research designs. Competency A: Demonstrate an understanding of advanced quantitative data analysis procedures, methods, and their applications. Competency B: Select appropriate quantitative procedures and methods based on research questions and designs. Competency C: Perform statistical analysis using SPSS or other statistical software. Competency D: Report statistical findings and interpretation of the analysis.</td>
</tr>
<tr>
<td>RES 720</td>
<td>STATISTICAL RESEARCH METHODS AND DESIGN II</td>
<td>3</td>
<td>In this course, students expand their understanding of research methodology by exploring advanced statistical procedures. Students leverage investigative processes to demonstrate their understanding of, and ability to apply, interpret, and draw conclusions from complex approaches to quantitative research.</td>
</tr>
<tr>
<td>RES 723</td>
<td>ADVANCED STATISTICAL RESEARCH METHODS AND DESIGN</td>
<td>3</td>
<td>The course builds on the student’s foundational knowledge in research methods and statistics. The importance of how to select appropriate measures for a study, different research designs - experimental, quasi-experimental, and correlational, and threats to reliability and validity are discussed. Competency A: Explain the nature of the quantitative research method and the application of appropriate quantitative research designs to a research problem. Competency B: Apply appropriate knowledge, theories, analytical skills, research design and methodology in a substantive interest area. Competency C: Determine appropriate sampling approaches, sample size, and statistical power in research studies. Competency D: Distinguish among types of variables and levels of measurement. Competency E: Compare quantitative data collection techniques and instrumentation and their application in research studies. Competency F: Evaluate the reliability and validity of instrumentation and the need to pilot test new or modified instruments. Competency G: Align descriptive and inferential statistical procedures with appropriate types of research designs, levels of measurement, and data. Competency H: Evaluate the internal and external validity concerns in research studies. Competency I: Demonstrate understanding of how to present research findings.</td>
</tr>
<tr>
<td>RES 724</td>
<td>QUALITATIVE METHODS AND DESIGN</td>
<td>3</td>
<td>This class presumes some basic understanding of the foundations and underlying assumptions in the field of qualitative research as well as examples of practice. Building upon this preexisting foundational understanding, the purpose of the class is to enhance students’ understanding and craft through reading, application, and reflection on the practice of qualitative inquiry.</td>
</tr>
<tr>
<td>RES 725</td>
<td>DESCRIPTIVE AND COMPARATIVE DATA ANALYSIS</td>
<td>3</td>
<td>This course focuses on statistical analysis methods and reporting of results when describing and comparing data from groups. Students will explore the assumptions, advantages, limitations, and appropriate applications of these quantitative approaches. The methods covered will include comparison of means for various forms of data including multiple means using methods of basic and advanced factorial ANOVA. Multivariate comparisons will also be explored under conditions of multiple independent and dependent variables using techniques including Hotelling’s T2, MANOVA, and related techniques. Depending on the students’ needs, other approaches may be covered. Competency A: Demonstrate understanding of how and when to use various quantitative data analysis procedures. Competency B: Demonstrate understanding of nonparametric testing procedures and parallel parametric procedures and when to use them. Competency C: Select appropriate data analysis procedures for a quantitative research design. Competency D: Perform statistical analysis using the appropriate software. Competency E: Interpret results of quantitative data analysis procedures. Competency F: Evaluate the reliability and validity of quantitative data analysis procedures and result reporting.</td>

<td>RES 726</td>
<td>CORRELATIONAL METHODS OF ANALYSIS</td>
<td>3</td>
<td>This course focuses on statistical approaches to analysis and reporting when examining bivariate and multivariate relationships among variables. Students will explore the underlying assumptions, advantages, limitations and appropriate application of correlation/regression based approaches to data analysis. The course will cover basic correlation methods, simple and multiple regression techniques, and advanced multivariate procedures including factor analysis and structural equation models. Depending on the students' needs, other approaches may be covered. Competency A: Describe the fundamental statistical concepts and techniques that underscore regression analysis. Competency B: Explain basic applied regression analysis concepts and the assumptions and inferences that guide the statistical data analysis. Competency C: Summarize concepts and models for correlation, multiple regression and bivariate/multivariate data analysis. Competency D: Identify and apply techniques and procedures for data management and cleaning. Competency E: Assess methods and screening strategies for managing discrepancies in the data. Competency F: Discuss the challenges of comprehensive data visualization in multivariate and multi-dimensional data analysis. Competency G: Analyze the relationships among correlation (i.e., bivariate data), multiple regression (i.e., multivariate data), and other regression analysis models. Competency H: Apply statistical concepts and procedures.</td>
</tr>
<tr>
<td>RES 727</td>
<td>APPROACHES TO PHENOMENOLOGICAL INQUIRY AND DATA ANALYSIS</td>
<td>3</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative phenomenological approaches as applied to social science research with the primary focus on data collection, analysis, interpretation, and presentation. The course will emphasize individual and group interviewing as techniques for phenomenological data collection. Focus is placed on analysis approaches appropriate for and relevant to phenomenological research. Competency A: Differentiate between transcendental and hermeneutic phenomenology. Competency B: Develop a phenomenologic attitude toward researching a phenomenon. Competency C: Develop and refine research questions to align with phenomenological research design. Competency D: Apply phenomenologic concepts, tools, and techniques to data analysis of a phenomenon. Competency E: Develop and refine a research tool and interviewing techniques to elicit desired data. Competency F: Analyze techniques for presenting research findings based on phenomenologic orientation. Competency G: Evaluate reliability, internal and external validity, and transferability in phenomenological inquiry.</td>
</tr>
<tr>
<td>RES 728</td>
<td>QUALITATIVE CASE STUDY</td>
<td>3</td>
<td>This course is designed to provide advanced graduate students with instruction in qualitative case study research approaches as applied to social science research. The course will emphasize individual and group interviewing as techniques for qualitative case study data collection. This course is particularly useful for advanced doctoral students who plan to conduct a qualitative dissertation. Focus is placed on analysis approaches appropriate for and relevant to case study research. Competency A: Explain the epistemological stance, uses, and approaches of case study research. Competency B: Determine how to define the boundaries of a case to address research issues. Competency C: Articulate the influence of the researcher on the process and outcomes of a research study. Competency D: Determine the types of data that can be collected from a defined case. Competency E: Determine appropriate methods for sample selection, data collection, and data management for a defined case. Competency F: Apply appropriate data analysis and/or interpretation techniques to a set of case study data. Competency G: Evaluate reliability and validity in case study inquiry. Competency H: Evaluate the ethical issues involved in choosing a sample, gathering data, and reporting the results of case study research. Competency I: Explain the difference between case studies, phenomenological studies and other types of qualitative research approaches.</td>

<td>ETHNOMETHODOLOGY AND THE STUDY OF CULTURE</td>
<td>3</td>
<td>In this course, students will build knowledge of and competence with data analysis techniques developed in the anthropological tradition of ethnography. Integrating data from multiple collection methods (e.g. observational field notes, interviews, analyses of cultural artifacts), students will develop coding/thematic grouping protocols as well as strategies to develop findings into comprehensive interpretation of a particular culture. The course will conclude with a comprehensive overview of the process and practice of writing up ethnographic texts, centering largely on “thick description” as a critical mode of representation. Competency A: Explore the theoretical and methodological evolution of ethnography through cultural and social anthropology. Competency B: Examine philosophies and methodologies underpinning the various domains of ethnographic research. Competency C: Determine the appropriate ethnographic design, data collection, and analysis and interpretation methods for a variety of research contexts. Competency D: Apply ethnographic design to an identified, researchable issue. Competency E: Analyze and interpret the results of an ethnographic study and appropriately present the findings to stakeholders. Competency F: Evaluate threats to credibility and transferability in ethnographic research. Competency G: Identify ethical issues involved in ethnographic research. Competency H: Explain the types of biases that can impact the research.</td>

<td>RES 741</td>
<td>TESTING AND MEASUREMENT</td>
<td>3</td>
<td>A comprehensive overview of the psychological tests and measurements used by I-O psychology practitioners. Basic psychometric principles, such as reliability, validity, and standardization, will be explored. Students will also learn about the steps involved in test development and considerations surrounding the interpretation of test scores. Professional and ethical standards and guidelines for testing are reviewed. competency A: Describe the purpose and use of psychological tests and measurements in the workplace. Competency B: Identify the steps involved in designing psychometrically sound psychological tests and measurements. Competency C: Differentiate among methods for gathering evidence of the reliability and validity of psychological tests. Competency D: Interpret test scores using descriptive statistics, standardized test scores, and norms. Competency E: Identify potential ethical issues in creating and using psychological tests and measurements.</td>
</tr>
<tr>
<td>RES 745</td>
<td>GROUNDED THEORY METHODS</td>
<td>3</td>
<td>This course is designed to provide advanced graduate students with instruction in higher level qualitative approaches that was originally applied to social science research; but can now be found in the fields of business, education, and health care, where the research objective is the development of theory through data saturation. Building upon an existing understanding of qualitative inquiry, students explore the concept of data within grounded theory as well as the techniques and processes traditionally found within grounded theory, such as the constant comparative method and situational analysis. Focus is placed on the steps and procedures for analyzing data primarily through interviews and focus groups within the grounded theory context. Competency A: Demonstrate understanding of the philosophical and historical background, concepts, and multiple theories pertaining to grounded theory. Competency B: Distinguish between the current theories and the application of grounded theory. Competency C: Recognize the importance of data collection, preparation, and analysis to identify different techniques pertaining to various grounded theory methods. Competency D: Explain the process of developing a grounded theory design using one of the theoretical models. Competency E: Apply the principles of grounded theory to data collection, preparation and analysis processes.</td>
</tr>
<tr>
<td>RES 746</td>
<td>MIXED METHODS</td>
<td>3</td>
<td>The Mixed-Methods course focuses on both conceptual issues surrounding the use of mixed methods in business, education, nursing and social science research and the analysis of data using mixed methods. The course will involve scrutiny of published mixed-method research throughout, and uses published research for reference purposes throughout the course. Students are expected to develop skills in mixed-method research by engaging in actual analysis of data using mixed methods. Thus, the course will blend conceptualization, design, and analysis. Content of the course represents a clear recognition of the importance of mixed methods in research and the growing importance of a solid knowledge of both quantitative and qualitative approaches -- and their blending -- to actually design and conduct meaningful doctoral level research. Competencies: Explain the nature of the mixed method research method and the various approaches to conducting mixed method research. Justify the application of an appropriate mixed method research design to a research problem. Create research questions (hypotheses) that align with the application of a given mixed method design and research problem. Apply appropriate knowledge, theories, analytical skills, and methodology in a substantive interest area using a mixed method design. Determine appropriate sampling strategies, sample size and data saturation/statistical power for the qualitative and quantitative aspects of the research.</td>
</tr>
<tr>
<td>RES 750</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE/QUALITATIVE I</td>
<td>3</td>
<td>In this course, students will learn about foundational quantitative and qualitative research designs and their appropriateness for achieving a study's objectives. Topics include research methods and design, the development of problem statements, purpose statements, research questions, and hypotheses. Learners will create the foundational components of a concept paper for the two of the three topics identified by the student during PSYCH/720R. Competency A: Demonstrate scholarly writing best practices and apply APA style when writing dissertation documents. Competency B: Communicate understanding of common quantitative and qualitative research designs and their appropriateness for achieving a study's objectives. Competency C: Create compelling problem statements that address current problems or issues in the field of industrial-organizational psychology. Competency D: Articulate clear and concise purpose statements to help solve or address research problems and issues. Competency E: Formulate concise and researchable research questions to guide scholarly inquiry. Competency F: Develop understandable and testable null and research hypotheses for quantitative studies.</td>

<td>RES 751</td>
<td>APPROACHES TO RESEARCH: QUANTITATIVE/QUALITATIVE II</td>
<td>3</td>
<td>Students will critically evaluate the two research topics that were developed into draft concept papers during RES/750. Students will determine which topics have the best viability for further study and will continue to refine them. Advanced qualitative and quantitative issues and approaches such as phenomenology, grounded theory, and critical theory will be examined. Competency A: Demonstrate an advanced understanding of quantitative and qualitative research designs. Competency B: Evaluate proposed research topics for effectiveness and feasibility. Competency C: Justify the research method and design proposed for realizing the study’s purpose. Competency D: Explain how the proposed study will contribute substantively to the I-O psychology literature. Competency E: Integrate and synthesize literature related to the proposed research topic. Competency F: Demonstrate the best practices of scholarly writing and the correct application of APA style.</td>
</tr>
<tr>
<td>RES 752</td>
<td>RESEARCH CONSTRUCTS AND DESIGN</td>
<td>3</td>
<td>In this course, students will synthesize the cumulative knowledge gained in RES/750 and RES/751 to prepare their dissertation concept paper for final review and evaluation. The concept paper will be expanded to ensure a brief discussion of the study population, the sampling strategy, and the methodological approach of data collection and analysis. The contents of the concept paper will be critically reviewed by the student for alignment with the College of Doctoral Studies Dissertation Criteria and Rating Scale.</td>
</tr>
<tr>
<td>RES 760</td>
<td>MEASUREMENT OF CONSTRUCTS</td>
<td>3</td>
<td>The purpose of this course is to guide students in the integration of information learned in previous courses (i.e., residency, research courses, testing and measurement) that relates to measurement and dissertation issues and apply the information to the initial working draft of the dissertation proposal (developed from the concept paper). The final outcome of this course is an initial outline of the dissertation proposal and draft of the literature review. Competency A: Identify key differences between concept papers and dissertation proposals. Competency B: Evaluate dissertation proposal best practices. Competency C: Describe the dissertation proposal process. Competency D: Identify appropriate and comprehensive literature supporting dissertation topic, problem, and methodology of choice. Competency E: Describe the key considerations when publishing an academic work.</td>
</tr>
<tr>
<td>RES 765</td>
<td>MULTIVARIATE STATISTICS</td>
<td>3</td>
<td>This course focuses on statistical approaches that simultaneously examine multiple variables. Students will explore the assumptions, limitations, advantages, and applications of each approach. The approaches will include correlation and regression, discriminant function and analysis, multidimensional scaling, MANOVA, factor analysis, and path analysis and structural equation modeling. Competency A: Evaluate different approaches of multivariate statistical analysis. Competency B: Analyze problems appropriate for multivariate research within applications of industrial-organizational psychology. Competency C: Apply multivariate statistical analyses to industrial-organizational psychology research Competency D: Interpret results of various multivariate statistical analyses. Competency E: Determine appropriate multivariate statistics to solve problems in the field of industrial-organizational psychology.</td>

<tr>
<td>RES 770 PSYCHOMETRICS</td>
<td>Students will be exposed to contemporary and advanced techniques for maximizing the psychometric quality of measurement instruments commonly used by I-O psychology practitioners. Focus will be on theoretical and applied research issues related to three common theories of psychometrics: classical test theory, generalizability theory, and item response theory. The theories and techniques will be examined based on I-O psychology topics of interest to students, such as leadership, individual differences, selection, and teamwork. Competency A: Explain the traditional psychometric procedures I-O psychology practitioners use to evaluate the scores generated by tests, the reliability of test scores, and the validity of the inferences drawn from test scores. Competency B: Use contemporary and advanced techniques to maximize the psychometric quality of a test. Competency C: Apply best practices to eliminate response and test bias to enhance the psychometric quality of tests.</td>

</tbody>
</table>

This course provides the student with an understanding of assessing potential risks which may originate from members or employees within an organization by identifying specific risk indicators. An emphasis is given to the process of risk analysis along with the ability to design, manage, and implement a response to potential threats. Additionally, students will learn how to use the Return on Investment (ROI) approach to evaluate company performance.

This course will identify emergency practices for critical incident responses such as natural disasters, man-made disasters, bomb threats, strikes, and terrorism. It will also examine specific concepts in relation to emergency response including: mutual aid associations, disaster recovery, public relations and warning, and alert systems.

This course introduces students to examining physical assets and evaluating risk as a result of associated threats and identified vulnerabilities. Based on a risk analysis model, students will evaluate assets, prioritize threats, and apply critical thinking to countermeasures with consideration for a cost-benefit analysis.

This course will explore various types of critical thinking strategies for security management practitioners; identifying the differences between management and leadership in the organization. Students will also examine the applied strategic planning model, management theories, and analytic techniques.
<p>| SEC 230 | HOMELAND SECURITY AND PUBLIC SAFETY | 3 | This course evaluates public safety initiatives in a post 9/11 era with emphasis on homeland security strategies carried out by federal, state, local, private, and joint assets. Students will examine threats, investigative techniques, and applicable laws and regulations used to mitigate risk. |
| SEC 240 | LOSS PREVENTION AND SUPPLY CHAIN SECURITY | 3 | This course is an introduction and general overview of loss prevention and supply chain security strategies and programs. Students will learn the basic principles and methodologies involved with the prevention of shrinkage or loss. Students will be introduced to basic theories and concepts, key terms and definitions and current critical issues. Additionally, this course provides an overview of situational crime prevention, the crime risk management process, and the stages necessary to designing an effective supply chain security program. |
| SEC 311 | SECURITY MANAGEMENT FUNDAMENTALS | 3 | This course is an overview of the principles of security management and the consequences of failure to identify and adequately protect business assets. The course includes an introduction to loss prevention and risk management. It provides an overview of the contingencies that influence modern security management, such as technology, legal issues, ethics, vulnerability assessments, criminal and terrorist activity, and interagency cooperation. The course also introduces various security specializations including corporate, academic, transportation, and government. |
| SEC 319 | COMPUTERS AND INFORMATION PROCESSING IN SECURITY | 3 | This course introduces the fundamentals of information systems and the role of information management and protection in the modern security environment. Students will explore and develop their skills in critical thinking and problem-solving of information systems, networking communication, information utilization from the Internet, and information management and security collaboration. Learners will also nurture their professional competence and values by learning how to handle information ethically. |</p>

This course addresses Structured English Immersion (SEI) instruction and assessment of K-12 English Language Learners (ELLs), and is designed to meet the standards set by the Arizona Department of Education. It examines the legal, historical, and educational reasons for SEI, as well as theoretical principles of language acquisition and the role of culture in learning. It also emphasizes the alignment of ELL Proficiency Standards to Arizona’s Academic Standards and their application to lesson planning. The Arizona English Language Learner Assessment (AZELLA), use of alternative assessments, analysis of data, and the application of data to instruction, are emphasized as well. A final project synthesizes the concepts and instructional strategies taught in the course.

<td>SURVEY OF SPECIAL POPULATIONS</td>
<td>2</td>
<td>This course provides an overview of the categories of exceptionality for school-age students with special needs. The course focuses on differentiated methods and techniques used for the identification, assessment, and instruction of diverse populations. Historical perspectives and information related to special education law, and current policies and practices are examined.</td>
</tr>
<tr>
<td>SPE 544</td>
<td>CHARACTERISTICS OF EMOTIONAL &amp; BEHAVIORAL DISORDERS</td>
<td>3</td>
<td>This course examines the characteristics and instruction of learners with emotional and behavioral disorders (EBD). Emphasis is placed on assessment and legal requirements, learner characteristics, and research-based teaching strategies. Included is an examination of functional behavior analysis, positive behavior intervention supports, and the use of proactive and preventive classroom management systems.</td>
</tr>
<tr>
<td>SPE 556</td>
<td>CHARACTERISTICS OF PHYSICAL &amp; HEALTH DISABILITIES</td>
<td>3</td>
<td>This course examines the characteristics and instruction of learners with physical and health disabilities including individuals with sensory, orthopedic, and other health impairment (OHI). Attention is given to federal and state regulations as they pertain to assessment, eligibility, and the provision of special education services within the schools. Service delivery options, curriculum and program models, and appropriate supports and accommodations will be also be examined.</td>
</tr>
<tr>
<td>SPE 557</td>
<td>COLLABORATION WITH FAMILIES OF STUDENTS WITH DISABILITIES</td>
<td>3</td>
<td>This course focuses on the interrelationships of varied services for students with disabilities. Emphasis is placed on meeting the academic and social-emotional needs of students with disabilities by working with parents, professionals and community services to develop collaborative and productive professional relationships.</td>

<td>Introduction to Learners with Special Needs</td>
<td>3</td>
<td>This course is designed to provide an overview for working with exceptional learners, ages 3 years to 21 years. Participants explore methods to instruct and assess learners with special needs and create individualized education programs. Historical perspectives, special education law, and current policies and practices are examined.</td>
</tr>
<tr>
<td>SPED 531</td>
<td>Special Education Teaching Methods</td>
<td>3</td>
<td>This course provides an overview of teaching methods used in the K-12 special education classroom, with an emphasis on students with specific learning disabilities, emotional disabilities, and other mild to moderate disabilities. Participants explore the relationship between individual student characteristics and the development of an Individualized Education Program, as well as: instructional implications of special education categories, characteristics of various service delivery models, lesson planning, instructional strategies, classroom organization and management, crisis prevention, transition planning, and career counseling. Communication through consultation and collaboration, and professional and ethical practices are also examined.</td>
</tr>
<tr>
<td>SPED 532</td>
<td>Special Education Assessment</td>
<td>3</td>
<td>This course provides an overview of assessment in the K-12 special education classroom. Participants focus on assessing learners with special needs, with an emphasis on measuring a learner’s abilities and diagnosing his or her strengths and needs. Commonly used tests and evaluation systems used in public school special education programs are examined. Participants review guidelines and procedures for developing the individualized education program and evaluate the use of progress monitoring assessments to assess student performance. The special education referral process, the use of response to intervention for assessment and remedial purposes, and basic remediation principles and strategies are also discussed.</td>
</tr>
<tr>
<td>SPED 533</td>
<td>Mainstreaming and Inclusion</td>
<td>3</td>
<td>The focus of this course is mainstreaming and inclusion of students with special needs in regular classrooms. Participants explore the history and evolution of special education, including federal legislation and related standards. Identification and referral, lesson planning, modifications and accommodations, communication and collaboration, and assessment are also examined.</td>

<td>This course introduces students to the field of industrial ecology. Students examine the interaction of industrial activities and the management of resources to minimize the negative impact on the environment due to these activities through the promotion of sustainability. Emphasis is placed on the flow of materials and energy through industrial and technological systems. Topics include technology and society, sustainability, biological and industrial ecology, cost analysis, and life-cycle assessment.</td>
</tr>
<tr>
<td>SUS 330</td>
<td>INTRODUCTION TO SUSTAINABLE AGRICULTURE</td>
<td>3</td>
<td>This course introduces principles in sustainable agriculture as it relates to environmental and socioeconomic issues. Students evaluate the environmental impact of conventional agriculture and the solutions that sustainable agriculture provides. Students examine the principles and effectiveness of sustainable agriculture and its ability to meet the global demand for food. Upon completion of the course, students are able to analyze issues regarding sustainable agriculture and its effects on society and the environment.</td>
</tr>
<tr>
<td>SUS 350</td>
<td>GREEN BUILDING AND URBAN PLANNING</td>
<td>3</td>
<td>This course introduces students to the practices of green building design and urban planning. Students examine the principles of green building with a focus on land use and urban design and development. Upon completion of the course, students are able to evaluate sustainable design considerations, including economic analysis, environmental policies and strategies, land and energy usage, resource and waste reduction, transportation, and urbanization.</td>
</tr>
<tr>
<td>SUS 370</td>
<td>SUSTAINABLE ECOSYSTEMS</td>
<td>3</td>
<td>In this course, students evaluate the principles of sustainable practices in aquatic and terrestrial environments. Students analyze the factors that govern ecosystem sustainability, which include density-dependent regulations, mechanisms of biodiversity, invasive species, and equilibrium dynamics. The impact of human activities and management practices on the environment is examined. Emphasis is placed on applying ecological theory to restore and manage habitats and populations.</td>

TCH 513: This course provides participants with the knowledge of research and standards-based pedagogical instructional practice that facilitate learning in the secondary mathematics classroom. Participants explore diversity and equity, mathematics standards and curriculum, and technology integration, as critical components of planning for and implementing mathematics instruction and assessment. In addition, participants examine the importance of teacher reflection, instructional leadership, and professional development to continuously improve one's teaching of mathematics.

TCH 514: This course is designed to prepare participants to teach science at the secondary school level. To meet this objective, participants explore the instructional methods in science content areas in middle level and high school settings. Participants identify the educational needs of secondary students by exploring current instructional theory; national, state, and local standards; and social issues that affect the science classroom. The course also helps prospective educators develop skills in selecting and adapting instruction and management plans for diverse student populations.

TCH 515: This course explores the application of basic instructional methods and strategies of teaching social studies in middle school and high school settings. Participants identify the educational needs of secondary students by exploring current instructional and assessment theory; national, state, and local standards; and social issues that are found in various social studies courses. The course also helps prospective educators develop skills in selecting and adapting delivery methods and behavior management plans for diverse individual students and student populations.

TCH 520: This course focuses on general methodology to enhance student learning in today's diverse K-12 classrooms. Participants explore instructional planning, instructional strategies, and assessment. This course provides participants with the opportunity to develop and evaluate instructional materials and assessment strategies.

<tbody>
<tr>
<td>TCH 533</td>
<td>Teaching Methods: Mathematics Assessment</td>
<td>3</td>
<td>This course promotes the understanding of theories guiding math instruction within the framework of the Common Core State Standards (CCSS) and National Council of Teachers of Mathematics (NCTM) principles and standards. Participants select, develop, and evaluate assessment tools aligned to Common Core State Standards in the K-8 mathematics classroom. Particular emphasis is given to implementing timely, relevant, and thoughtful assessment and analyzing student errors and misunderstandings. By using this approach, ongoing, constructive, and supportive feedback serves as a meaningful instructional tool for students.</td>
</tr>
<tr>
<td>TCH 543</td>
<td>Teaching Methods: Remedial Mathematics</td>
<td>3</td>
<td>This course is designed to provide participants with knowledge of standards-based pedagogical instructional practices to facilitate and enhance learning for students who struggle with mathematics. Participants examine diagnostic information on mathematics difficulties and strategies for systematic intervention and remediation. The assessment and evaluation of progress and meeting diverse learning needs is also explored.</td>
</tr>
<tr>
<td>TECH 510</td>
<td>USING APPS IN THE CLASSROOM</td>
<td>1</td>
<td>This course introduces K-12 teachers to the use of apps in the classroom. A variety of apps to supplement classroom instruction are examined. Tools to support students and teachers in creating original apps are also explored. Participants design an original app to supplement instruction.</td>
</tr>
<tr>
<td>TECH 511</td>
<td>USING GOOGLE TOOLS IN THE CLASSROOM</td>
<td>1</td>
<td>This course introduces K-12 teachers to the use of Google tools in the classroom. A variety of Google tools to support classroom communication and collaboration are examined. Tools for learning, creating, and solving problems are also explored. Participants create original instructional products and lesson plans using Google tools.</td>

<td>Using Social Media in the Classroom</td>
<td>2</td>
<td>This course introduces classroom teachers and building administrators to effective and responsible social media implementation in K-12 classrooms. The emergence of social media as a viable tool for learning will be explored and implementation considerations will be determined. Legal and ethical issues regarding social media use in schools will be examined. Participants will devise a social media application plan for school-wide integration.</td>
</tr>
<tr>
<td>TECH 520</td>
<td>Multimedia for Educators</td>
<td>2</td>
<td>In this course, participants select, use, and design multimedia resources that enhance teaching and student learning. Multimedia categories such as still images, text, audio, video, and interactive components are explored. Participants also evaluate differentiated instructional delivery methods to promote a student-centered learning environment that meets the needs of a diverse student population. In addition, participants learn strategies for teaching students to create their own presentations. Legal and ethical considerations, such as copyright and fair use, are also addressed in the course.</td>
</tr>
<tr>
<td>TECH 522</td>
<td>Technology Integration for Educators</td>
<td>3</td>
<td>This course is designed to prepare educators to integrate technology for engaging and effective P-12 student learning across the content areas. Participants incorporate technology-based instructional design strategies into a student-centered learning environment, using the National Educational Technology Standards, and inquiry-based, problem-based, and project based learning. Digital tools and resources, software applications, fair use guidelines, and assessment are also examined.</td>
</tr>
<tr>
<td>TECH 524</td>
<td>Technology Survival for Educators</td>
<td>3</td>
<td>This course provides educators with survival strategies when incorporating technology into the P-12 classroom. Managing and integrating common classroom technology and portable devices as well as integrating web-based and cloud computing applications are introduced. Participants examine basic maintenance and troubleshooting, personal and professional productivity, and issues regarding the safe and ethical use of technology.</td>

<td>Becoming a Connected Educator</td>
<td>3</td>
<td>This course provides participants with strategies for using digital tools to make course information readily available and to connect with other educators, parents, and communities. Participants also examine applications of online platforms, such as blogs and social media, for participating in a professional learning network (PLN). Digital citizenship and school branding are also explored in this course.</td>
</tr>
<tr>
<td>TESOL 570</td>
<td>Foundations of Instruction</td>
<td>3</td>
<td>This course is designed to introduce participants to the history, law, and theory of education for English language learners. Participants identify effective instructional models and teaching practices that define aspects of multicultural education. Participants also develop programs, instruction, and materials for English language learners. Issues associated with the interdependent relationship between teaching and assessments are also addressed.</td>
</tr>
<tr>
<td>TESOL 571</td>
<td>Instructional Techniques and Methods</td>
<td>3</td>
<td>This course prepares K-12 educators to use effective instructional techniques, methodology, and assessments for English language learners. Participants apply researched theory focusing on sheltered instruction, particularly the Sheltered Instruction Observation Protocol (SIOP) model. Differentiated instruction, lesson comprehension, special education, and parental involvement as related to English language learners are also explored.</td>
</tr>
<tr>
<td>TESOL 572</td>
<td>Assessment</td>
<td>3</td>
<td>This course provides K-12 educators with a foundational understanding of assessment practices for English language learners. Participants examine the relationship between instruction and assessment, assessment techniques, progress reporting, content-area testing, and program interventions. Communication principles and the role of parents as related to assessment are also explored.</td>

<td>TESOL 573</td>
<td>Applied Linguistics</td>
<td>3</td>
<td>This course introduces K-12 educators to the nature, structure, and acquisition of language. Participants study the first and second language acquisition process, the cultural implication of language and classroom instruction, the integration of theory and practices including assessment and phonology, morphology, and syntax of English. Participants apply linguistic theory through instructional methods to support the English language learner.</td>
</tr>
<tr>
<td>TESOL 574</td>
<td>Cross-Cultural Communication</td>
<td>3</td>
<td>This course explores cross-cultural communication and global awareness in multicultural K-12 education. Participants learn and apply the principles of culturally responsive teaching and multicultural and global education with particular attention to English language learners. Instructional strategies, diversity, and technology as related to cross-cultural communication are also addressed.</td>
</tr>
<tr>
<td>TESOL 575</td>
<td>Teaching Reading and Writing</td>
<td>3</td>
<td>This course provides educators with a foundational awareness and understanding of best practices for teaching reading and writing to English language learners. Language acquisition and literacy development as it relates to teaching reading and writing is explored. Participants create reading and writing instruction and assessment for integration across the curriculum.</td>

**VCT 390 VIDEO COMMUNICATIONS WITH PREMIERE PRO**

This course provides an intensive workshop where the student will gain the hands-on experience required to help pass the ACE: Premiere Pro CC certification exam. Topics include: planning and designing Premiere Pro projects; video editing and transitions, working with graphics and effects, handling audio, and publishing.

**VTC 420 MULTIMEDIA DEVELOPMENT**

This course introduces the fundamentals of developing interactive, multimedia enriched content for delivery across alternative platforms such as the Internet, CDs and handheld devices. The focus is on the integration of animation, audio and video content to maximize communication.

**WEB 240 WEB DESIGN FUNDAMENTALS**

This course introduces development tools and techniques used to publish web pages on the World Wide Web. Students use basic hypertext markup language, scripting, and presentational technologies to create websites with the aid of a software authoring application. Topics include HTML5, CSS, JavaScript®, server hosting, site publication, site maintenance, and search engine optimization.

**WEB 401 WEB DEVELOPMENT**

This course covers topics such as designing dynamic web pages and an introduction to Java™ and Java applets. Emphasis is placed upon the appropriate use of web programming tools.
