Prepare for success on your CPA exam.

Today’s Certified Public Accountant (CPA) is dynamic and integral to business success. From assurance services to environmental accounting, and from IT services to forensic accounting, CPAs help businesses reduce risks and plan for the future. Our Graduate CPA Bridge Certificate program can help you prepare for the Uniform CPA Exam — the only licensed qualification that counts in accounting. The CPA Bridge Certificate can also enhance an existing basic business degree, helping business majors develop accounting knowledge that can lead to new career options.

This certificate program, aligned with American Institute of CPAs (AICPA®) standards, is designed for students who want to enhance accounting management skills or complete additional coursework required for licensure while also preparing for the CPA exam. Each course within the program utilizes Wiley CPAexcel®, an online tool within each University of Phoenix accounting course, which assists students with strategy and practice to prepare for each section of the CPA exam.

Our certificate program prepares graduates for a variety of careers in accounting, such as:

- Accountant
- Auditor
- Bookkeeping, accounting & auditing clerks
- Financial examiner
- Budget analyst
- Cost estimator
- Financial analyst
- Certified Public Accountant

Learn tangible skills:

- Make informed financial accounting and federal taxation decisions by organizing, processing and interpreting data.
