MBA SLO #	PSLO Description
1	Students will apply key systematic and analytical decision-making skills to solve complex organizational problems.
2	Students will create strategies for business growth based on the alignment of their personal values against the organization's values.
4	Students will evaluate the implications of changing environmental factors on organizational choices within a global environment.
5	Students will apply key disciplinary skills as practitioners in business to critical business issues in the following domains of the MBA program: Human capital management, business law, organizational leadership, economics, accounting, research and statistics, operations management, corporate finance, marketing, strategic planning and implementation.

The chart shows the average percentage of students from both online and on-campus locations who met or exceeded the criteria for success, by SLO.
