About University of Phoenix

Change In Ownership Notice

The University of Phoenix is pleased to share updated information about an anticipated transaction that will result in a change in ownership of the University to a non-profit, and an affiliation with the University of Idaho. The transaction has been in the works for several months and is expected to be consummated on or after February 6, 2024.

This transaction will continue to advance our mission to provide you with high-quality and career-relevant education. After the consummation of the transaction, University of Phoenix will continue to be its own independently accredited institution. The transaction will not result in any immediate changes to our educational programs and courses, and the University of Phoenix will continue to be accredited by the Higher Learning Commission.

From a legal standpoint, the University of Phoenix will be acquired by a new non-profit tax-exempt organization named Four Three Education, Inc. and will continue to operate under the name University of Phoenix. While remaining a separately accredited institution, the University will become affiliated with University of Idaho as a result of the change in ownership because the sole member of Four Three Education, Inc. (the newly created non-profit entity) is the Regents of the University of Idaho.

The change in ownership will be finalized after necessary regulatory and other approvals have been obtained and all other transaction-related requirements have been met. Although we expect this change in ownership will happen as anticipated, we cannot guarantee that it will occur.

More information and details regarding the transaction are available on our website at the following link: [University of Phoenix to affiliate with University of Idaho](#). In addition, please feel welcome to reach out to us with any questions at the following email address UOPXTransactionQuestions@phoenix.edu.

We here at the University of Phoenix look forward to this exciting new chapter and to welcoming the many opportunities that this change in ownership and new affiliation will present for our students and for our institution going forward.

Graduation Rates

IPEDS Graduation Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must publish information regarding graduation rates as defined by the National Center for Education Statistics (NCES). This graduation measure includes the cohort of first-time, full-time (FTFT) degree/certificate-seeking undergraduate students and tracks their completion status at 150% of the normal time to complete all requirements of their program of study. A first-time student is defined as a student who has no prior postsecondary experience attending any institution for the first time at the undergraduate level.

Data are collected on the number of students entering the institution as FTFT degree- and/or certificate-seeking undergraduate students in a particular cohort year. Graduation rates are disaggregated by race and ethnicity, gender, and federal financial aid grant or loan funds. The graduation rates shown below represent students from the 2017–2018 cohort and the percentages of those students who graduated within 150% by Aug 31, 2023.

The table below shows FTFT undergraduate students and is derived from the Integrated Postsecondary Education Data System (IPEDS) graduation rate survey, although shown in aggregate rather than by degree/award type. The University is a nontraditional institution that caters to a wide variety of students, including many who have previously attended another institution of higher education and would not be classified as first-time students. Data includes recipients of Pell Grants or subsidized loans or neither type of aid during the 2017–2018 cohort year (Sept. 1 – Aug. 31).

Students Who Received Neither Pell Grants nor Subsidized Stafford Loans	1,719	250	15%

* Excludes 4 students who became deceased after entering the cohort but before they graduated.

Institutional Graduation Rate

The 150% institutional graduation rate reflects the percentage of University students in the cohort who had completed their program of study within 150% of the published length of the program. It includes students in the cohort if they began a program in the degree level during the cohort year and attended for at least 30 days (consistent with IPEDS logic). Students who became deceased prior to completion were excluded from the cohort (consistent with IPEDS logic). The cohort year represented in the chart below is FY20 for associate and master's, and FY16 for bachelor's.

Institutional Graduation Rate

Associates Institutional	31.3%
Bachelors Institutional	28.1%
Masters Institutional	54.2%
Blended Undergraduate Institutional	28.5%
Blended Associates, Bachelors, Masters Institutional	32.4%

Retention Rates

IPEDS Retention Rates

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding retention rates of degree- and/or certificate-seeking first-time, full-time (FTFT) undergraduate students entering the institution.

Retention rate is a measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. The table shown below is the percentage of FTFT undergraduate degree- and/or certificate-seeking students from the previous fall who were still enrolled as of August 1st of the following year.

Retention Rates for FTFT Undergraduate Students

Count of FTFT undergraduate students enrolled Fall 2022 (8/1/2022 to 10/31/2022) *	1,788
Count of FTFT undergraduate students enrolled Fall 2022 (8/1/2022 to 10/31/2022) still enrolled as of 8/1/2023	647
Retention	36.2%

* Excludes students who became deceased and those who were enrolled in and completed a certificate program shorter than one year in length who would not be expected to be retained in the following year.

Current regulations require the institution to disclose its retention rate as reported to the Integrated Postsecondary Education Data System (IPEDS). The University's FTFT bachelor's retention rate reported to IPEDS is shown in the table below.

Retention Rates for FTFT Bachelors Students (IPEDS)

Count of FTFT bachelors students enrolled Fall 2022 (8/1/2022 to 10/31/2022)	1,007
Count of FTFT bachelors students enrolled Fall 2022 (8/1/2022 to 10/31/2022) still enrolled as of 8/1/2023	412
Retention	40.9%

Institutional Retention Rates

The University's institutional retention rates reflect the percentage of students who posted their first attendance in the reported program during the cohort year (Federal Award Year July 1 – June 30). A student is deemed "retained" if he or she posted attendance in his or her fourth class within the following time frames: (i) associate, 175 days; (ii) bachelor's (non-CBE), 175 days; (iii) master's (non-CBE), 210 days; (iv) CBE, 133 days.

Institutional Retention Rates

Associates Institutional	65.8%
Bachelors Institutional	74.6%
Masters Institutional	78.8%

Student Diversity

In accordance with the Higher Education Act (HEA) of 1965, as amended, each postsecondary educational institution must make available information regarding student diversity as defined by the Integrated Postsecondary Education Data System (IPEDS). Data reported are for enrolled full-time students.

Table 1 represents all enrolled students from July 1, 2022, through June 30, 2023. Of the total enrolled students, those who received Pell Grant funds during the July 1, 2022, through June 30, 2023, timeframe are shown in Table 2.

Cost of Attendance

The cost of attendance (COA) is used in calculating a student's amount of federal financial aid eligibility and awarding financial aid for a specific period of enrollment. The following charts list the University's 2024/2025 COAs.

For detailed information regarding actual tuition fees for programs and locations visit the tuition and fees section of the University's academic catalog: <https://www.phoenix.edu/online-degrees/academic-catalog.html>.

Students with circumstances that may warrant an adjustment to one or more COA components may request consideration for a professional judgment adjustment. For more information on Professional Judgment, including how to submit a request for consideration, review the [Professional Judgment](#) section of this Consumer Information Guide.

Federal, State and Institutional Financial Aid Programs

Degree-seeking students who are U.S. citizens or eligible noncitizens enrolled in an eligible academic program at the University can apply for federal financial aid as a means of assisting with financing their education. Certificate programs may also be eligible for federal financial aid. Depending on the program, student eligibility may be need-based, non-need-based, credit-based, or dependent on other specific conditions.

Grant Programs

Federal Grant Programs

University of Phoenix participates in the following federal grant programs:

Federal Pell Grant

A Federal Pell Grant, unlike a loan, does not have to be repaid. Federal Pell Grants may be awarded to undergraduate students who have not earned a bachelor's or a professional degree. The amount of aid students can receive varies depending on their financial need, cost of attendance, and other eligibility criteria.

Students can receive the Federal Pell Grant for no more than 12 semesters or the equivalent:

<https://studentaid.gov/understand-aid/types/grants/pell/calculate-eligibility>.

For more information on who is eligible for Federal Pell Grant, how to apply, and how award amounts are determined, visit: <https://studentaid.gov/understand-aid/types/grants/pell>.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG program is for undergraduate students pursuing their first bachelor's degree and demonstrating exceptional financial need. Federal Pell Grant recipients with the lowest Student Aid Index (SAI) will be considered first for an FSEOG. FSEOG does not have to be repaid. The University's typical award amount is \$500 per academic year.

For more information on who is eligible for FSEOG and how to apply, visit: <https://studentaid.gov/understand-aid/types/grants/fseog>.

State Grants

The University does not actively participate in nor promote any specific state grant programs.

Scholarships

The University of Phoenix website has a comprehensive scholarship section at <https://www.phoenix.edu/scholarships> to aid students in their scholarship efforts. This website features scholarships offered by University of Phoenix, links to various external scholarships through iGrad, answers to frequently asked questions (FAQ) and more.

Institutional Scholarships

University of Phoenix offers a number of institutional scholarships to current or potential students. The University website, <https://www.phoenix.edu/scholarships> is updated regularly for institutional scholarships, qualifications, and selection criteria as opportunities become available.

External Scholarships

External scholarships are available to the general public, which may include University of Phoenix students. Private outside entities develop and fund external scholarships. A student's eligibility for an external scholarship depends on qualifying requirements that vary from scholarship to scholarship as determined by the provider. We've partnered with iGrad to provide a search tool with a list of many available national and local scholarships. Current students can access iGrad directly through the student portal. Prospective students can create an iGrad account at <https://phoenix.igrad.com/> to learn more.

University Tuition Adjustments

The University understands that from time to time a student may experience an unexpected financial hardship impacting his/her ability to pay a tuition and fee balance owed to the University. The University offers several programs to assist these students. These programs will have varied eligibility criteria and may require the student exhaust all other forms of federal financial aid including Federal Pell Grant and Direct Subsidized and Unsubsidized Loans. Students who are experiencing financial hardship and wish to be considered for these programs should speak with their Finance Advisor.

Note: The University reserves the right to discontinue these programs without advance notice.

Emergency Financial Assistance

The University's Emergency Aid program may be available to assist students in addressing an immediate, unexpected financial expense related to one of the components of the student's cost of attendance (COA) which may otherwise prevent a student from continuing enrollment. Review the [Cost of Attendance](#) section of this Guide for more information on the COA.

Emergency aid is limited and available on a first-come, first-serve basis to those who meet the University's eligibility requirements. Eligible students who apply and are awarded emergency aid funding will receive a one-time award up to a maximum of \$550.

Eligibility requirements are:

- Enrolled in an undergraduate degree program (associate or bachelor's degree)
- Earned a minimum of 6 credits at the University of Phoenix within the past 6 months
- Actively enrolled and class scheduled in the next 30 days
- Not receiving reduced tuition through employer or tribal tuition discounts
- In good academic standing with a GPA of 2.0 or above
 - Education student must meet a GPA of 2.5 or above
- In good financial standing with no money owed to the University
- Exhausted all available Title IV financial aid options
- Have not received emergency aid from the University in the past 12 months

Students who would like to apply for the University's Emergency Aid program should contact their Academic Counselor or Student Financial Services to obtain an application.

Loans

Federal Direct Loan (DL) Program

Direct Loans are federal student loans offered by the U.S. Department of Education for eligible students to help cover the cost of attendance.

Direct Subsidized Loans — Direct Subsidized Loans are for students with financial need. The University will review the results of the FAFSA and determine the amount a student can borrow. The student is not

charged interest while enrolled in school at least half time, during the grace period, and during periods of deferment.

Direct Unsubsidized Loans — Direct Unsubsidized Loans are available to students with and without financial need. Like Direct Subsidized Loans, the University will review the results of the FAFSA to determine the amount a student can borrow. Students are responsible for interest that accrues during all periods. Interest accrues (accumulates) on an unsubsidized loan, even while the student is in school, beginning on the date the loan is initially disbursed. The student can pay the interest while in school, during grace periods, deferment, or forbearance periods or can allow it to accrue and be capitalized (that is, added to the principal amount of the loan). If a student chooses not to pay the interest as it accrues, this will increase the total amount to be repaid because the student will be charged interest on a higher principal amount.

Terms and Conditions — Students who receive a Direct Loan are subject to the terms and conditions disclosed on the Federal Direct Loan Master Promissory Note (MPN), <https://studentaid.gov/mpn/> and the Direct Loan Disclosure Statement.

Borrower's Rights and Responsibilities — Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower's Rights and Responsibilities Statement, https://studentaid.gov/sites/default/files/Sub_Unsub_MPN_508-en-us.pdf, attached to the Master Promissory Note (MPN).

For more information on who is eligible for Federal Direct Loans, how to apply, and how loan amounts are determined, visit <https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized>.

For information regarding Federal Student Loan interest rates, please visit <https://studentaid.gov/understand-aid/types/loans/interest-rates>.

Federal Direct PLUS Loan for Parent(s)

Direct PLUS loans are federal student loans offered by the U.S. Department of Education to eligible parents of dependent students to help pay their child's education expenses. Direct PLUS Loan eligibility is dependent upon the applicant's credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or pursue an endorser. If a parent is unable to secure a Direct PLUS Loan, the dependent student may be eligible for additional unsubsidized loans.

Award Amount — PLUS Loans may be awarded up to the academic year cost of attendance (COA) minus any other financial assistance received.

Terms and Conditions — Students whose parent(s) receive a PLUS Loan are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at <https://studentaid.gov/app/launchMpn.action>.

Borrower's Rights and Responsibilities — Parents receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower's Rights and Responsibilities Statement, https://studentaid.gov/sites/default/files/PLUS_MPN_508-en-us.pdf attached to the Master Promissory Note (MPN).

For more information on who is eligible for Direct PLUS Loans, how to apply, and how loan amounts are determined, visit: <https://studentaid.gov/understand-aid/types/loans/plus> and <https://studentaid.gov/plus-app/parent/landing>.

For information regarding Federal Student Loan interest rates, please visit <https://studentaid.gov/understand-aid/types/loans/interest-rates>.

Federal Direct PLUS Loan for Graduate and Professional Degree Students

Direct PLUS loans are federal student loans offered by the U.S. Department of Education to eligible graduate and professional degree students to help cover education expenses at a fixed interest rate. Direct PLUS Loan eligibility is dependent upon the applicant's credit history. If it is determined that the applicant has adverse credit history, the applicant will have the option to appeal the credit decision or to obtain an endorser.

Award Amount — PLUS Loans may be awarded to eligible students up to the academic year cost of attendance (COA) minus any other financial assistance received.

Terms and Conditions — Students who receive a PLUS Loan for Graduate and Professional programs are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at <https://studentaid.gov/mpn/>.

Borrower's Rights and Responsibilities — Students receiving federal financial aid have varying rights and responsibilities in accordance with the Borrower's Rights and Responsibilities Statement, https://studentaid.gov/sites/default/files/PLUS_MPN_508-en-us.pdf attached to the Master Promissory Note (MPN) for Direct PLUS Loans.

For more information on who is eligible for Direct PLUS Loans, how to apply, and how loan amounts are determined, visit <https://studentaid.gov/understand-aid/types/loans/plus> and <https://studentaid.gov/plus-app/grad/landing>.

Federal Direct Loan Entrance Counseling

The University ensures loan entrance counseling is conducted using an online counseling module for students borrowing Federal Subsidized/Unsubsidized Loans or PLUS Loans for the first time. The goal of entrance counseling is to help the borrower understand what it means to borrow federal student loans. A link to the iGrad loan entrance counseling module is displayed within the University student portal. Entrance counseling generally includes the following:

- An explanation of the use of a Master Promissory Note (MPN)
- The importance of repayment obligation
- A description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower's rights and responsibilities
- Access information on all of your federal student loans by logging into [StudentAid.gov](https://studentaid.gov).
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods and periods of authorized deferment
- The impact of borrower responsibility for accruing interest on the borrower's total debt
- Other terms and conditions

Federal Direct Subsidized and Unsubsidized Annual Loan Limits

Federal Direct Subsidized and Unsubsidized annual and aggregate loan limits are as follows:

Grade Level	Dependent Undergraduate Student	Independent Undergraduate Student	Graduate/Professional Student
-------------	---------------------------------	-----------------------------------	-------------------------------

1 (Freshman)	\$5,500 No more than \$3,500 of this amount can be a subsidized loan	\$9,500 No more than \$3,500 of this amount can be a subsidized loan	
2 (Sophomore)	\$6,500 No more than \$4,500 of this amount can be a subsidized loan	\$10,500 No more than \$4,500 of this amount can be a subsidized loan	\$20,500 Unsubsidized Loan only The aggregate amounts for graduate students include loans for undergraduate study
3 & 4 (Junior & Senior)	\$7,500 No more than \$5,500 of this amount can be a subsidized loan	\$12,500 No more than \$5,500 of this amount can be a subsidized loan	
Maximum total loan debt (aggregate loan limits)	\$31,000 No more than \$23,000 of this amount may be in subsidized loans	\$57,500 No more than \$23,000 of this amount may be in subsidized loans	\$138,500 No more than \$65,500 of this amount may be in subsidized loans. The aggregate amounts for graduate students include loans for undergraduate study

Undergraduate certificate programs — Loan limits are based on the length of the program. For certificates that are less than an academic year, the \$9,500 loan limits would be prorated by the lesser fraction of the weeks or credits in the program, divided by the University academic year definition of weeks or credits. Students in undergraduate certificate programs that are greater than an academic year cannot borrow more than the Grade Level 1 loan limits for each academic year. Final academic years less than 24 credits (graduating students in undergraduate degree or certificate programs that are greater than an academic year): Loan limits will be prorated based on the number of credits in the final academic year divided by 24. Please note students may also receive less funding if they receive other financial aid used to cover a portion of cost of attendance.

A dependent student whose parent cannot obtain a PLUS Loan is allowed to borrow additional Federal Direct Unsubsidized Loan amounts up to the amounts available to independent undergraduate students. Student dependency status will be determined based on answers to questions on the FAFSA.

Federal Education Loan Interest Rates and Origination Fees

For information regarding Federal Student Loan Interest Rates and Origination Fees, please visit: <https://studentaid.gov/understand-aid/types/loans/interest-rates>.

Federal financial aid borrowers can review the interest rates for their outstanding loans, servicer information, and other financial aid history by logging in to <http://studentaid.gov/>.

State Loans

The University does not actively participate in nor promote any specific state loan programs.

Private Student Loans

Private loans may be available for both students and parents who are not eligible for federal financial aid or who want to supplement their federal financial aid. These loans are made privately through lenders and other financial institutions and are subject to a credit review and individual lender terms and conditions. Students may choose to use any eligible lender that offers private loans. The University does not maintain a list of lenders that offer private loans, nor will it endorse a particular lender. For debt management purposes, the University encourages applicants to first complete the FAFSA to determine eligibility for Federal Grants and Direct Loans and to borrow wisely, utilizing private loan funding solely for direct educational expenses related to attendance at the University.

Students applying for a private loan are required to complete a Self-Certification form before the lender can disburse funds to the University. Students complete the form directly with the lender. However, the University may assist in completion of applicable sections of the form. If a student requests a self-certification form, the University will provide the written or electronic form developed by the Secretary. The lender determines eligibility and amounts are limited to the cost of attendance minus other aid, including discounts and any other resources received.

Student Payment Options, Financial Responsibilities, and Policies

Payment Options

University of Phoenix offers a number of payment options to assist students in managing financial obligations. Depending on the program the student enrolls in, some payment options may not be available.

Prior to July 1, 2024, the University will invoice students enrolled in credit-based programs (traditional and competency-based) for all tuition, mandatory fees, and sales tax, as applicable, anticipated for a payment period, which represents half of the student's academic year. A payment period typically includes four courses.

Beginning July 1, 2024, the University will begin transitioning students enrolled in credit-based programs (traditional and competency-based) to invoicing by course, rather than by payment period¹. This means that the student will be invoiced separately for each course's tuition, mandatory fees, and sales tax, as applicable. This transition is anticipated to take at least twelve months. During this transition, students whose current academic year start date is prior to July 1, 2024 may have both a payment period invoice and course invoice if simultaneously receiving funds from different award years.

The University will invoice students enrolled in Direct Assessment programs the applicable tuition rate and sales tax, if applicable, for the term, which represents a quarter of the student's academic year.

The student can utilize one or more of the payment options listed below, depending on personal circumstances and program. If more than one payment option listed below is utilized by a student, the University will apply the first funds received to the oldest outstanding invoice first, payment period invoice or course invoice, that the funds are eligible to pay, until these eligible charges (tuition, mandatory fees, and sales tax, as applicable) are paid in full. If the University receives additional funds after all eligible charges are paid in full, the University will take all appropriate actions, including, but not limited to, issuing federal financial aid credit balances to the student. Students who need an exception to the University's application of funds are encouraged to request an exception by contacting Student Financial Services at StudentFinancialServices@phoenix.edu or at 888.346.8679.

Regardless of the payment option(s) chosen, all tuition, fees, and sales tax, as applicable, invoiced by the University are ultimately the responsibility of the student.

For more detailed information regarding the University's tuition and mandatory fees for programs, please refer to the Tuition and Fees section of the academic catalog, <https://www.phoenix.edu/online-degrees/academic-catalog.html>, or contact Student Financial Services at StudentFinancialServices@phoenix.edu or at 888.346.8679 with any questions regarding payment options and scholarships.

Cash

The cash payment option is available to students who will be using e-checks or credit cards to pay for tuition, mandatory fees, and sales tax, as applicable. Under the cash payment option, tuition, mandatory fees, and sales tax, as applicable, will be assessed and invoiced either in a single invoice at the beginning of the payment period, term, or by course, as applicable. Regardless of the invoicing cadence (by payment period or by course), the invoice is payable in full at the time of invoice or prior to the start of each applicable course.

¹ As a result of this change, the University is updating the timing and cadence for 2024/2025 federal financial aid fund disbursements, as appropriate, to ensure it remains compliant with all U.S. Department of Education regulations and guidance. Please see the [Disbursements section](#) of this guide for more information.

Federal Financial Aid

The Federal Financial Aid payment option is available to students receiving federal grants, federal loans or both to pay for tuition, mandatory fees, and sales tax, as applicable. Under the Federal Financial Aid payment option, tuition, mandatory fees, and sales tax, as applicable, will be assessed and invoiced either in a single invoice at the beginning of the payment period, or by course, as applicable.

The University will defer payment of the applicable courses' tuition, mandatory fees, and sales tax, as applicable, based on anticipated federal grant and/or loan disbursements. The Federal Financial Aid payment option requires all federal financial aid disbursed to be applied to eligible tuition, mandatory fees, and sales tax, as applicable, invoiced, either for the payment period or course. Regardless of the invoicing cadence (by payment period or course), tuition, mandatory fees, and sales tax, as applicable, invoiced but not paid by anticipated or actual federal grant and/or loan disbursements are payable in full at the time of invoice or prior to the start of each applicable course.

Tuition Deferral

The Tuition Deferral payment option is available to students who will receive military education benefits or whose employers pay some or all of their employees' tuition, mandatory fees, and/or sales tax, as applicable. Under the Tuition Deferral payment option, tuition, mandatory fees, and sales tax, as applicable, will be assessed and invoiced either in a single invoice at the beginning of the payment period, term, or by course, as applicable.

Military Education Benefits

The University will directly bill the U.S. Department of Veterans Affairs or U.S. Department of Defense for the student's tuition, mandatory fees, and sales tax, as applicable, and will defer payment of the applicable course's tuition, mandatory fees, and sales tax, if applicable, until remitted by the U.S. Department of Defense or U.S. Department of Veterans Affairs, so long as the student maintains eligibility. Regardless of the invoicing cadence (by payment period or course), tuition, mandatory fees, and sales tax, as applicable, not anticipated to be reimbursed by these agencies are payable in full either at the time of invoice or prior to the start of each applicable course.

Exception: the University does not encourage or require a student using military Tuition Assistance benefits to pay his or her mandatory fee prior to attending class.

Employer Tuition Reimbursement

The University will defer payment of the applicable course's tuition and sales tax, as applicable, for 60 days from the course's start date. Additional extension may be available if warranted. For information on an additional extension, contact Student Financial Services at StudentFinancialServices@phoenix.edu or at 888.346.8679. Regardless of the invoicing cadence (by payment period or course), tuition, mandatory fee and sales tax, as applicable, not anticipated to be reimbursed by the student's employer are payable in full either at the time of invoice or prior to the start of each applicable course or term.

Third-Party Billing

The Third-Party Billing payment option is available to students who receive tribal education benefits or whose employer is approved by the University for direct billing of the student's course tuition and sales tax, as applicable. Under the Third-Party Billing payment option, tuition, mandatory fees, and sales tax, as applicable, will be assessed and invoiced either in a single invoice at the beginning of the payment period, term, or by course, as applicable.

Approved Employer

The University will directly bill an approved employer for the applicable course or term's tuition and sales tax, as applicable, and will defer payment of the applicable courses' tuition, mandatory fees, and sales tax, as applicable, based on the approved employer's tuition payment policies and timeline. Regardless of the invoicing cadence (by payment period or course) tuition, mandatory fees and sales tax, as applicable, not

anticipated to be paid by the student's employer are payable in full at the time of invoice or prior to the start of each applicable course or term.

American Indian Tribal Nation Education Benefits

Several American Indian tribal nations provide funding for the tuition, mandatory fees, and sales tax, as applicable, of a student who is a recognized member. The University will directly bill the American Indian tribal nation and defer payment of applicable courses' tuition, mandatory fees, and sales tax, as applicable, based on the American Indian tribal nation's education benefit reimbursement policy and timeline. Regardless of the invoicing cadence (by payment period or course), tuition, mandatory fees, and sales tax, as applicable, invoiced but not paid by the American Indian tribal nation are payable in full at the time of invoice or prior to the start of each applicable course. For more information, please contact tribalrelations2@phoenix.edu.

Student Financial Responsibilities

Prior to July 1, 2024, the University will invoice students enrolled in traditional and credit-based competency-based programs for all tuition, mandatory fees, and sales tax, if applicable, anticipated for a payment period, which represents half of the student's academic year. A payment period typically includes four courses.

Beginning July 1, 2024, the University will begin transitioning students enrolled in credit-based programs (traditional and competency-based) to invoicing by course, rather than by payment period. This means that the student will be invoiced separately for each course's tuition, mandatory fees, and sales tax, as applicable. This transition is anticipated to take at least twelve months. During this transition, students whose current academic year start date is prior to July 1, 2024 may have both a payment period invoice and course invoice.

The University will invoice students enrolled in direct assessment competency-based programs the applicable tuition rate and sales tax, if applicable, for the term, which represents a quarter of the student's academic year.

Students are responsible for ensuring all tuition, mandatory fees, and sales tax, if applicable, are paid, whether in attendance or not. Students can access account balances and student account information on the student portal.

Meeting Payment Obligations

A student may be administratively withdrawn from the program for failure to make payment in accordance with the Student Responsibility to Pay Agreement. Students who are administratively withdrawn will not be permitted to attend a future course or term until the amount owed is paid in full or satisfactory payment arrangements are made. If payment for tuition, mandatory fees, and sales tax, if applicable, is not received, an administratively withdrawn student may be subjected to the collections process. The University reserves the right to refer the student's delinquent account to a third-party collection agency. All costs of collection, court costs and reasonable attorneys' fees may be added to delinquent accounts collected through third parties.

Military Education Benefit Programs

Veterans Education Benefits

Students who are entitled to federal VA education benefits must make initial contact with a campus Veterans Affairs certifying official. A formal application for admission to the University should be completed before applying for federal VA education benefits. Compliance with Title 38 USC 3679(e) Delayed payment: University of Phoenix is approved for the education and training of Veterans under the provisions of title 10 and 38, United States Code including the Post 9/11 GI Bill®. Due to the delay in processing of VA benefit applications and claims for benefits, upon Registration, any person who is eligible for and has provided proof of application for Veterans Administration education benefits (Chapter 33) or VRE benefits (Chapter 31) will receive a deferment of payment of covered tuition and mandatory fees, with no interest charge or other penalties until the claim has been processed by the Veterans Administration and payment has been received by the University.

As noted under the [Payment Options](#) section of this guide, if more than one payment option is utilized by a student, the University will apply the first funds received to the oldest outstanding invoice first, payment period invoice or course invoice, that the funds are eligible to pay, until these eligible charges (tuition, mandatory fees, and sales tax, as applicable) are paid in full. If the University receives additional funds after all eligible charges are paid in full, the University will take all appropriate actions, including, but not limited to, issuing federal financial aid credit balances to the student. Students who need an exception to the University's application of funds are encouraged to request an exception by contacting Student Financial Services at StudentFinancialServices@phoenix.edu or at 888.346.8679.

Each University of Phoenix program segregated by instructional modality (classroom-based or distance education) requires separate State Approving Agency (SAA) approval for the training of veterans or eligible persons. A student should contact a local campus for information on current approvals. Students who intend to use federal VA educational benefits for a specific program at an institution should confirm the program is eligible for federal VA funding on the WEAMS Institution Search website.

Federal VA education benefit eligibility and payment rates vary depending on each individual's circumstances and the educational program being pursued. Only the VA can determine eligibility. For information, a student should contact a VA representative at 888 GI BILL (888 442 4551) or review <https://benefits.va.gov/gibill/>.

If the VA determines that the student is not eligible for federal VA education benefits or that the student's Certificate of Eligibility is for less than 100%, the student is responsible for paying any difference between the eligibility determination and the tuition, mandatory fees, and sales tax, as applicable, charged by the University.

Students needing to withdraw from the University should provide official notification of their intent to withdraw. Withdrawing may impact federal VA education benefits for the current course, as well as the availability of federal VA education benefits in future courses. Please contact your academic counselor to discuss the impact of withdrawing from a course.

Directed study courses have Defense Activity for Non-Traditional Education Support (DSST-DANTES) approval for tuition reimbursement. For more information on this program, a student should contact the educational service officer on the military base.

University of Phoenix does not participate in the VA education advanced payment program. More information about veterans benefits can be reviewed at https://www.phoenix.edu/colleges_divisions/military.html.

Visit the Department of Veterans Affairs website, <https://benefits.va.gov/gibill/>, for additional information on educational entitlements.

Credit for Prior Education and Training

Credit for prior education or training must be evaluated and reported to the U S Department of Veterans Affairs (VA) prior to the start of week 25 of enrollment. The VA will not pay federal education benefits after week 24 if the VA records indicate the student has a large amount of transfer credits.

Please ensure all prior education transcripts and Joint Services Transcripts (JST) (Army, Navy, Marine), Coast Guard Institute transcripts, or DD-295 and DD-214 forms are submitted for evaluation in a timely manner. The student is responsible for ensuring all transcripts are submitted to the University. Academic credits earned for courses appearing on an official transcript from an accredited or candidate-for-accreditation college or university will be evaluated according to University policies, and accepted subject to the approval of the University Office of Admissions and Evaluation.

Transfer credits based on a different unit of credit than the one prescribed by University of Phoenix are subject to conversion before being transferred. Only the official transcript and course evaluations performed by the University Office of Admissions and Evaluation or Prior Learning Assessment Center are final. Any preliminary reviews by campus personnel are unofficial, not binding and subject to change.

Satisfactory Academic Progress for VA Education Benefits

To receive Department of Veterans Affairs (VA) education benefits, a student must maintain satisfactory academic progress (SAP) and conduct. Accordingly, benefits will be terminated for individuals who are disqualified, suspended or expelled from the University.

Academic Probation

Academic probation (AP) shall occur when a grade point average (GPA) falls below acceptable levels for the program. Probation lasts for a period of four consecutive program-applicable courses. Concurrent enrollment is prohibited during the four-course AP sequence.

Associate degree students enrolled online should continue traditional block scheduling format with concurrent enrollment in two courses (excluding AACR and AAPF). In graduate programs, the four- course sequence excludes any undergraduate prerequisite courses.

Veteran students will continue to receive VA education benefits during the probation period. The veteran will be informed of the probation, and a notation to the student VA file will be recorded when the probationary period commenced.

Academic Disqualification

Academic disqualification (AD) will result if a student fails to clear an academic probation status within four courses from the onset of probation. Veteran students will not be eligible for VA educational benefits after disqualification. The VA and student will be notified of the disqualification. If returning to a Nursing or Counseling program, to reapply, a formal application for admission must be submitted in accordance with University admission procedures. In addition, applicants should explain the reasons for the scholastic deficiencies, the manner in which the intervening time has been spent and why they should be given favorable consideration for readmission.

The readmission file will be reviewed by the Student Appeals Center, and a decision will be reached regarding readmission. If approved, the student would be required to complete all program requirements in

effect at the time of readmission. An application for VA education benefits will also be necessary to re-establish benefits with University of Phoenix. If readmission into a Nursing or Counseling program at the University is approved, please contact your academic counselor to determine if your chosen program remains eligible for VA education benefits.

Military Tuition Assistance

To obtain federal Military Tuition Assistance, visit your local installation education office or virtual education center to receive college counseling and develop an education plan. From that point, a student can submit a Military Tuition Assistance request; for more information, visit https://www.phoenix.edu/colleges_divisions/military/military-financial-options.html.

Annual tuition assistance limits are determined by each branch of service and are subject to change at any time. If a student wants to apply for Military Tuition Assistance, that student will need to submit a completed authorization form to a military advisor at least two weeks before a course start date.

VA Tuition Assistance Top-Up Benefit

Top-Up allows VA to pay the difference between what Tuition Assistance (TA) pays and the cost of the course. The law prohibits active-duty students from receiving regular Chapter 30 benefits and TA for the same course; however, VA students, including National Guard and Reserve servicemembers who earned Chapter 30 benefits while on active duty, in receipt of TA may receive the Chapter 30 Top-up benefit. Detailed information about Tuition Assistance Top-up and about applying for Top-up is available on the GI Bill® website, http://www.benefits.va.gov/gibill/tuition_assistance.asp. *

* GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Unearned Tuition Assistance

In alignment with the Department of Defense Memorandum of Understanding (DOD MOU), the University has a policy that returns any unearned tuition assistance (TA) funds on a proportional basis through at least the 60% portion of the period for which the funds were provided.

This policy applies to military servicemembers who receive Military Tuition Assistance. The University will return unearned tuition to the applicable military service as follows:

- a. If a student does not begin attendance at the University, start a particular course or the course is canceled by the University, the University will return 100% of any TA funds received.
- b. If a student withdraws from a course, TA funds received by the University will be returned on a pro rata basis according to the student's last date of attendance, also known as LDA. The last date of attendance will be used to determine the number of weeks the student attended the course. Once the last date of attendance has been determined, the University will calculate the pro rata percentage by dividing the number of weeks remaining by the total number of weeks in the course.

Here is an illustrative example of a refund for a 5-week course at the University:

Weeks Attended	Refund for 5-Week Course
1 Week	80% Returned
2 Weeks	60% Returned
3 Weeks	40% Returned
4 Weeks	No Return
5 Weeks	No Return

In instances when a servicemember stops attending due to a military service obligation, the University will work with the affected servicemember to identify solutions that will not result in student debt for the returned portion.

- c. Unearned tuition assistance funds will be returned to the service, unless otherwise directed in writing by the Department of Defense or service.

Servicemember Readmission

Please refer to the Servicemember Readmission Policy in the University's Academic Catalog for further information on the readmissions of servicemembers.

Federal Financial Aid Application Process

To begin the federal financial aid process, students must complete the Free Application for Federal Student Aid (FAFSA), available at <https://studentaid.gov/h/apply-for-aid/fafsa>. This is the first step in determining a student's eligibility for federal financial aid.

Federal financial aid will be processed after submitting an application for admission and registering for courses in an eligible degree program.

Not all programs are eligible for federal financial aid. Contact your enrollment representative for information on a program's eligibility for federal financial aid.

Admissions and program requirements vary by state. Please refer to the Academic Catalog for state- and/or program-specific information at: <https://www.phoenix.edu/degrees/academic-catalog.html>.

In addition to the FAFSA, the following may be required to be completed during the federal financial aid process:

- Federal Direct Loan Master Promissory Note (MPN)

For additional eligibility requirements, visit: <https://studentaid.gov/understand-aid/eligibility/requirements>.

*Federal aid funding is available only for those credits required to complete the student's primary program of study. Federal aid funding will cease once the maximum number of required credits for the primary program has been completed. Federal financial aid may not be available for additional coursework in the pursuit of a concentration or otherwise, if not included within the requirements of the primary program of study.

Victims of Natural Disaster

If an affected individual (student and/or parent, if applicable) impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)) notifies the University that he/she has been impacted, any federal or state aid, whether in the

form of grants or low-interest loans, received by the affected individual for the purpose of providing financial relief is not counted as income for calculating the family's SAI. Students should contact their Finance Advisor for further information.

Verification, Secondary Confirmation of Eligible Non-Citizenship, & Conflicting Information Policy

Overview

Institutions are required to verify information provided by students selected for verification. In addition, institutions are required to complete secondary confirmation if an applicant's eligible non-citizenship status was not confirmed by the Department of Homeland Security (DHS). Finally, institutions are required to identify and address any conflicting information in its records for the student. The Verification, Secondary Confirmation of Eligible Non-citizenship and Conflicting Information Policy addresses the U.S. Department of Education (ED) different verification groups, types of documents acceptable to complete verification, and actions the University will take to address identified conflicting information.

Policy

The University is required to verify students whose FAFSA information is selected for verification by FAFSA Processing System (FPS). The institutional student information record (ISIR) or FAFSA Submission Summary document received from FPS will indicate whether the student's application is selected for verification. Students selected for verification must submit all required documentation requested by the University by the applicable deadline to be reviewed for federal financial aid eligibility. The University will not disburse any federal financial aid funds until verification is completed. In addition, students whose eligible non-citizenship was not confirmed by DHS must provide all required eligible non-citizenship documentation for secondary confirmation review by DHS. The University will not disburse any federal financial aid funds until secondary confirmation is completed. Students not selected by the FPS or who are exempt from verification but choose to provide taxes or other supplemental documents are not considered selected for verification. However, the University must review all documents provided and resolve any conflicting information prior to awarding and/or disbursing federal financial aid. All documents provided are retained as part of the student financial aid file.

Verification

ED will determine which applicants for federal financial aid are selected for verification. On the applicant's FAFSA Submission Summary, there will be an asterisk (*) next to the SAI and a comment in the "Application Status" section informing the applicant that their school has the authority to ask for additional documentation to complete verification. This information is also provided on the applicant's Institutional Student Information Record (ISIR) provided directly to the schools the applicant listed on the FAFSA.

If selected, the applicant and/or their contributors are required to submit acceptable documentation to verify certain information provided on the FAFSA, such as taxable and untaxable income, family size, and/or the student's identity. ED determines the acceptable documentation required to complete verification.

When a student is selected for verification, the University will notify the student via email. This notification directs the student to the student portal to view the list of documents required to complete verification, the deadline to submit required documents (30 days), instructions for submitting these documents to the University using the student portal, and the consequences of not returning the required documents by the stated deadline.

Applicants selected for verification must submit the required documentation to be reviewed for federal aid eligibility. The University will not award or disburse federal financial aid funds until verification has been completed.

Acceptable Documentation

Tax Filers

The following documentation is acceptable for completing verification of tax filers:

- 2022 tax account information of the tax filer that the Secretary has identified as having been obtained from the Internal Revenue Service (IRS);
- A transcript obtained at no cost from the IRS or other relevant tax authority of a U.S. territory (Guam, American Samoa, the U.S. Virgin Islands) or commonwealth (Puerto Rico and the Northern Mariana Islands), or a foreign government³ that lists the 2022 tax account information of the tax filer; **or**
- A signed copy of the income tax return and the applicable schedules that were filed with the IRS or other relevant tax authority of a U.S. territory, or a foreign government that lists the 2022 tax account information of the tax filer.

Situations Where Acceptable Documentation May Not Be Available

Situations may occur where an applicant or contributor may not be able to provide acceptable documentation to resolve verification. The University will accept the following as resolution.

Victims of Identity Theft

For an applicant or contributor who was a victim of IRS tax-related identity theft, the University may accept the following documentation:

- A Tax Return Database View (TRDBV) transcript obtained from the IRS; **and**
- A statement signed and dated by the tax filer indicating that he or she was a victim of IRS tax-related identity theft and that the IRS has been made aware of the tax-related identity theft.

Tax filers may inform the IRS of the tax-related identity theft and obtain a TRDBV transcript by calling the IRS's Identity Protection Specialized Unit (IPSU) at 1-800-908-4490. Those who cannot obtain a TRDBV transcript may instead submit a copy of the 2022 tax return or another official IRS transcript or equivalent IRS document if it includes all the 2022 income and tax information required to be verified.

Tax Filers with Joint Returns Whose Marital Status Has Changed

If the tax filer of a joint return has become separated, divorced, married someone else, or been widowed since filing the 2022 IRS tax return, for verification purposes, it may be necessary to perform a separation of income (SOI) to determine the tax filer's income and taxes paid using the joint 2022 tax return or tax transcript and the tax filer's IRS 2022 W-2 forms.

The following documents are required from the tax filer in order to perform an SOI:

- A signed and dated University of Phoenix SOI Authorization Form,
- A transcript obtained from the IRS or other relevant tax authority that lists the specified tax year's tax account information of the tax filer(s); **or**
- A copy of the income tax return and the applicable schedules that were filed with the IRS or other relevant tax authority that lists the specified tax year's tax account information of the tax filer(s); **and**

³ If the tax filer filed a tax return with a foreign tax authority and the person indicates that he/she is unable to obtain the tax account information free of charge, the person must provide documentation that the tax authority charges a fee to obtain that information, along with a signed copy of his/her income tax return that was filed with the relevant tax authority. The income and tax information should be converted to U.S. dollars. The University will use the information on the forms that most closely correspond to the income information reported on an IRS tax return.

- A copy of IRS Form W 2 for each source of employment income received for the specified tax year or an equivalent document; and
- In some scenarios, all schedules, forms, and/or worksheets for the tax filing

The University will confirm or update the AGI and income based on the documentation submitted and use the proportional distribution method to determine taxes paid.

Amended Tax Return

When the University becomes aware that a tax filer has filed, or will file, an amended tax return, it will obtain a signed copy of the IRS Form 1040X that was filed with the IRS for the specified tax year, in addition to one of the following documents to complete verification:

- Updated income and tax information from the IRS on an ISIR record with all tax information from the original tax return;
- A transcript obtained from the IRS that lists 2022 tax account information of the tax filer(s);
OR

A signed copy of the 2022 IRS Form 1040 and the applicable schedules that were filed with the IRS. In rare cases, when an applicant and/or spouse, or parent(s) did not file a 2022 IRS Form 1040X with the IRS, but whose tax and income information was amended by the IRS, the University may accept documentation that includes the change(s) made by the IRS, in addition to one of the items mentioned above.

Filing Extensions

For an applicant or contributor who is required to file a 2022 IRS income tax return and has been granted a filing extension by the IRS beyond the automatic six-month extension for tax year 2022 the student must submit the following:

- A signed statement listing the sources of any 2022 income and the amount of income from each source;
- A copy of the IRS's approval of an extension beyond the automatic six-month extension for tax year 2022;
- A copy of IRS Form W-2 for each source of 2022 employment income received or an equivalent document; and
- If self-employed, the signed statement must indicate the amount of estimated AGI and U.S. income tax paid for tax year 2022.

Note: The University will not delay completing verification if the above documentation is submitted for those individuals granted IRS extensions. However, if the University receives the actual 2022 IRS tax transcript at a later date, it must reverify the AGI and taxes paid.

Non-Tax Filers

For an applicant or contributor who has not filed **and**, under IRS or other relevant tax authority rules (e.g., the Republic of the Marshall Islands, the Republic of Palau, the Federated States of Micronesia, a U.S. territory or commonwealth or a foreign government⁴), **is not required to file** a 2022 income tax return, the following documentation is acceptable for completing verification of non-tax filers:

- A signed and dated statement certifying—
 - That the individual is not required to file a 2022 income tax return; **and**
 - The sources and amounts of earnings, other income, and resources that supported the individual(s) for the 2022 tax year;

⁴ If an individual from a foreign country is not required under the country's government agency rules to file an income tax return, the University will accept a signed statement from the individual certifying all income and taxes paid for the tax year.

- For individuals without a Social Security number (SSN), Individual Taxpayer Identification Number (ITIN), or Employer Identification Number (EIN), that they do not have an SSN, ITIN, or EIN;
- A copy of IRS Form W-2 for each source of 2022 employment income received or an equivalent document; **and**
- Verification of non-filing for individuals (dependent applicants excluded) who would file a return with a relevant tax authority *other than the IRS* dated on or after October 1, 2023.

If a student or any contributor submits a signed statement claiming non-tax filer status for 2022 and the University has reason to believe the person was required to file a 2022 U.S. tax return, this constitutes conflicting information and must be resolved. For a complete listing of who must file an U.S. federal income tax return, visit <https://www.irs.gov/help/ita/do-i-need-to-file-a-tax-return>.

Family Size

The following documentation is sufficient for verification of family size:

- A statement signed by the applicant and, if the applicant is a dependent student, by one of the applicant's contributors, that lists the name and age of each family member for the 2024–25 award year and the relationship of that family member to the applicant.

NOTE: If, at the time of filing a FAFSA, the family size was correct, the information cannot subsequently be updated. If, at the time of filing a FAFSA, the family size was incorrect the applicant must correct the information on the FAFSA Submission Summary. The University cannot update incorrect information if the student was not selected for verification.

Identity/Statement of Educational Purpose

Students should appear in person to the Campus Director or their designee at the University to:

- present a valid, unexpired⁵, government-issued photo identification (ID) such as a U.S. passport, a driver's license, or other state-issued ID; **and**
- sign (it must be a "wet" signature) a statement of educational purpose (SOEP) that certifies who they are and that the federal student aid they may receive will only be used for educational purposes and for the cost of attending the University for the 2024-25 year.

If the student is unable to appear in person at the University, the student must use a notary public⁶ and submit the following to the University:

- the signed SOEP (again, with the "wet" signature) with the notary,
- a certification from the notary that the student appeared before the notary and presented a valid, unexpired, government-issued photo identification (ID) such as a U.S. passport, a driver's license, or other state-issued ID confirming the student's identity, **and**
- a clear and legible copy of the valid, unexpired, government-issued photo identification (ID) such as a U.S. passport, a driver's license, or other state-issued ID that was presented to the notary.

⁵ "Unexpired" means the ID has not expired at the time it is checked, even if it will expire before the end of the 2024-2025 award year. A valid government-issued photo identification is one issued by the U.S. government, any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, a federally recognized American Indian and Alaska Native Tribe, American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau.

⁶ ED does not authorize the use of online notary services as an alternative to traditional, in-person notary services.

Completing Verification

When the University has obtained all necessary verification documents from the applicant, the documentation is compared to the ISIR. If the verification process shows the student's information is correct, and there are no outstanding issues or conflicting information, the student will be awarded. If the verification process shows the student information requires corrections, the awarding process will not continue until the University receives a final and valid ISIR with an official Student Aid Index (SAI). If the student does not submit the required verification documents, the student is not eligible for federal financial aid funds for that federal award year.⁷

If the University has reason to believe a student or any contributor is trying to avoid completing verification and/or suspects potential fraud, including during crossover payment periods, the University will initiate an investigation. During the period of investigation, the University will cease award and disbursement of all federal financial aid funds to the student. Please refer to the University's *Federal Student Aid Fraud Policy* for more information.

Selection after Disbursement

The student or University may submit corrections to the FAFSA Submission Summary/ISIR, and the student's application may then be selected for verification⁸. The University will not make subsequent disbursements until the student's updated application is verified.

If the student does not submit the required verification documents, the student is not eligible for federal financial aid funds for that federal award year⁹. As a result, the University will report the student to ED as a federal grant and/or loan overpayment to collect repayment of these funds from the student. In addition, the University will cancel all future federal student aid disbursements.

Change in Dependency Status Due to Change in Marital Status

The University will not update a student's dependency status based on a change in the student's marital status after the filing of the FAFSA.

Verification and Professional Judgment

If a student requests a professional judgment and is also selected for verification, the University will require verification to be completed before exercising any type of professional judgment.

Verification and Crossover Payment Periods

During a crossover payment period (a payment period that includes both June 30 and July 1), the University will award and disburse federal financial aid funds using the earliest federal award year valid ISIR that is available to be used in the University's Financial Aid System (FAS) at the time the federal financial aid award is determined. Once the ISIR federal award year determination is made and the federal financial aid has been awarded, the ISIR federal award year will not be changed.

⁷ Prior to April 3, 2025, if the student fails to provide the student identity and statement of education purpose document required, the student is ineligible for all federal financial aid funds received while enrolled at the University and must repay these funds to ED. The University will report all federal financial aid funds to ED as federal grant and/or loan overpayments.

⁸ If the student ceases enrollment prior to the University being notified that the student has been selected for verification, the University is not required to verify the student's information unless the student returns to the University in the same award year.

⁹ Prior to April 3, 2025, if the student fails to provide the student identity and statement of education purpose document required, the student is ineligible for all federal financial aid funds received while enrolled at the University and must repay these funds to ED. The University will report all federal financial aid funds to ED as federal grant and/or loan overpayments.

Verification Following Natural Disasters

If an affected individual, impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)), notifies the University that he/she has been impacted:

- For students whose records are lost or destroyed because of a natural disaster, the University is not required to complete verification. The student's file is documented accordingly and the Pell Grant disbursements for students affected will reflect a verification status code "S", which reflects selected but not verified.
- The University will waive the requirement of a signed verification worksheet verifying number of family members in household and number of family household members enrolled in an eligible postsecondary institution when no parent can provide the required signatures because the parent(s) is affected by a disaster. In these scenarios, the University will note and retain an explanation of why the student's parent(s) was not able to sign the verification worksheet.

The University will extend the verification document submission deadline to 90 days for students affected by a natural disaster and whose records were not lost or destroyed. If the required verification documents are not submitted within this deadline and the University can document the reason is due to a natural disaster, the University will not perform verification and will document the student's file accordingly.

Third Step Verification of a Student's Eligible Non-Citizenship Status

To be eligible for federal grant and loan programs, a student must be a U.S. citizen, permanent resident or other eligible noncitizen. An exception is provided for a citizen of the Freely Associated States¹⁰ to receive Federal Pell Grant and campus-based aid but not Direct loans.

If ED is unable to confirm the student's U.S. citizenship or eligible non-citizenship status via database matches with the DHS, the University is required to perform third step verification by collecting and submitting the student's eligible non-citizenship status documentation to DHS for manual review and approval.

Student Notification

The University will notify the student if third step verification of his/her eligible non-citizenship is required based on the information provided by the FPS on the student's ISIR and request the student provide ALL the following documents:

- A hard copy or electronic image of the original eligible non-citizenship document, and
- Eligible non-citizen Affidavit.

Students will be given 30 days to submit these required documents to the University. If a student fails to submit the necessary documents by the deadline established, they will forfeit consideration of federal grant and loan funds for the award year in which they applied for.

Timelines

The University will submit the required documentation received from the student to DHS within 10 days via the SAVE system. DHS-USCIS will return their response of third step verification via the SAVE system no later than 15 business days. If DHS is unable to provide third step verification, the University will not award the student any federal financial aid funds.

The University will notify the student of the results of third step verification.

¹⁰ Federated States of Micronesia, Republic of the Marshall Islands, or the Republic of Palau

Resolving Conflicting Information

If the University has conflicting information concerning a student's eligibility or has any reason to believe a student's application information is incorrect, the University will resolve such discrepancies before awarding and/or disbursing federal financial aid funds. If discrepancies are identified that were not present at the time the federal financial aid funds were disbursed, the University will reconcile the conflicting information and the student will be responsible for repayment of any federal financial aid funds they were not eligible to receive. The University will report the student to ED as a federal grant and/or loan overpayment to collect repayment of these funds from the student.

Examples of conflicting information may include, but are not limited to the following:

- Social security numbers
- Date of birth
- Legal name
- Discrepant tax data (including whether or not the student or contributor was required to file a tax return)
- Family size
- Student or parent marital status
- High school completion
- Untaxed income or resources
- Other Resources, such as Employer Tuition Reimbursement

Satisfactory Academic Progress

For information regarding University academic progress standards for students and individual programs review the Student and Program Academic Standing policies in the appropriate University Academic Catalog at <https://www.phoenix.edu/online-degrees/academic-catalog.html>.

Information regarding satisfactory academic progress for financial aid recipients can be found in the Federal Financial Aid Satisfactory Academic Progress (SAP) Policy below.

Federal Financial Aid Satisfactory Academic Progress (SAP) Policy

Overview

The University's Federal Financial Aid Satisfactory Academic Progress (FA SAP) policy determines whether an otherwise eligible student is meeting FA SAP in an educational program and may receive financial aid under the Title IV, HEA programs. This FA SAP policy does not supersede the institution's academic SAP policy.

Policy

The University will calculate a student's FA SAP based on the student's primary program. Students must maintain FA SAP throughout the duration of their primary program to remain eligible for federal financial aid. FA SAP is assessed by **qualitative** and **quantitative** measures and is evaluated at the end of each completed payment period in the student's primary program. For any questions regarding FA SAP, contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

Qualitative Measure

Grade Point Average

Undergraduate students must have a cumulative program grade point average (GPA) of 2.0 at the end of each completed payment period, unless otherwise defined by academic policy. Graduate students must have a cumulative program GPA of 3.0 at the end of each completed payment period.

The University uses the cumulative GPA provided by the academic system of record at the time FA SAP is evaluated (e.g., at the completion of the payment period)¹¹.

Cumulative Grade Point Average Exclusions

The following are excluded from the cumulative GPA computation¹²:

- Waivers
- National Testing Programs
- Courses with the following grades:
 - In Progress Extension (IX)
 - AUDIT (AU)
 - Incomplete (I)
 - In Progress (IP)
 - No grade awarded (QC)
 - Removed Course (RC)
 - Passing (P)
 - Withdrawal (W)
 - Withdrawal/Failing (WF)
 - Waived with Credit (WC)
 - No Credit (NC)
- Orientations with the following completion statuses:
 - Orientation Complete (OC)
 - Orientation Not Complete (ON)
 - Orientation Extension (OX)

Quantitative Measure

The University publishes the total credit hours required to complete each academic program. The University establishes a pace of completion requirement to ensure a student will complete the program within the maximum timeframe permitted. The maximum timeframe to complete the program cannot exceed 150% of the published length of the program measured in credit hours attempted by the student. Transfer credits, taken at other institutions and applied towards the student's primary program at the University, are included in both attempted and completed hours when measuring the student's pace of completion and maximum timeframe.

Pace of Completion¹³

The quantitative measure for the pace of completion is calculated using the following formula:

$$\frac{\text{Cumulative number of credit hours the student successfully completed}}{\text{Cumulative number of credit hours the student attempted}}$$

At the end of each payment period, the student's pace of completion is evaluated. Students must earn at least 67% of the cumulative credit hours attempted toward completion of the primary program. Credit

¹¹ If a student applies for and is granted an academic reprieve for a course(s), the program GPA being used to evaluate FA SAP will be different than the program GPA recorded for academic purposes by the University's Registrar. This is to ensure all attempted courses are being taken into consideration, as required, when calculating a student's FA SAP as required by ED regulations.

¹² Refer to the University's academic catalog, <https://www.phoenix.edu/online-degrees/academic-catalog.html> for grade definitions.

¹³ The University rounds the calculation to the nearest hundredth of a percentage to determine if SAP has been met or not (example: 66.666 = 66.67%).

hours taken at other institutions and accepted toward a student's primary program at the University are included in both attempted and completed credit hours when measuring pace of completion.

Included in Pace of Completion¹⁴

Courses completed with the following grades are included as attempted in the pace of completion calculation:

- A, B, C, D, and F (+/-)
- Incompletes (I, IX and IP)
- Withdrawal (W)
- Withdrawal/Failing (WF)
- No grade awarded (QC)
- Courses that are waived with credit (WC)
- Removed Course (RC)
- Pass (P)

Evaluation

The University evaluates FA SAP for the student's primary program, based on a completed payment period (generally, at least 12 credit hours). As a result of the evaluation, a student is assigned an FA SAP status.

Financial Aid Warning

Undergraduate students with less than a cumulative 2.0 GPA, or the minimum as stated in policy, and graduate students with less than a 3.0 OR who do not earn 67% of their attempted credits (cumulatively) at the end of a completed payment period, are automatically placed on financial aid warning (FW) status. The University can disburse federal financial aid funds to students on FW status for one payment period.

Financial Aid Disqualification

If a student cannot complete the program of study within the maximum timeframe (as determined at the end of the payment period) the student will be placed on financial aid disqualification (FD) status. If a student on FW status does not meet FA SAP at the end of the subsequent completed payment period, the student is not eligible for additional federal financial aid and will be placed on an FD status.

Students who are placed on an FD status are ineligible for federal financial aid. The University will not disburse federal financial aid funds to students on FD status.

Financial Aid Probation

If a student is placed on FD, the student may apply for an FA SAP appeal. Students on FD status who are granted an FA SAP appeal will be placed on financial aid probation (FP) status. Students who are placed on an FP status are eligible for federal financial aid for one probationary payment period. The University will disburse federal financial aid funds to students on FP status for one probationary payment period, provided all other eligibility requirements are met. At the completion of this probationary payment period, the student must meet the University's FA SAP standards to maintain federal financial aid eligibility.

Student Notification

The University will notify students at any point during their enrollment if they are placed on or taken off the FW, FP, FD or Regular Student (RG) statuses, as this affects student eligibility to receive federal financial aid.

¹⁴ If a student applies for and is granted an academic reprieve for a course(s), the course will continue to be included in the pace of completion calculation. This is to ensure all attempted courses are being taken into consideration, as required, when calculating a student's FA SAP as required by ED regulations.

Financial Aid SAP Appeals

Students placed on FD status may appeal the disqualification to regain eligibility for federal financial aid. Students may do so by submitting an FA SAP Appeal Form to Student Financial Services - Operations. The FA SAP Appeal Form is located on the student website. If there are *significant extenuating circumstances*, the student's eligibility for federal financial aid *may be* reinstated for one payment period on FP status.

The University reviews all FA SAP appeals on a case-by-case basis. Approval and/or reinstatement of federal financial aid eligibility is not guaranteed. Approval is **only** granted when there are significant extenuating circumstances.

The University allows a student to have a **maximum of two approved FA SAP appeals** during their lifetime at the University. These appeals **cannot** be consecutive. Examples of significant extenuating circumstances may include, but are not limited to the following:

- Death of a relative
- An injury or illness of the student
- Other unusual or special circumstances

Students must explain on the FA SAP Appeal Form why the nature and timing of their significant extenuating circumstance(s) directly prohibited them from meeting and maintaining FA SAP, and what has changed in their circumstances that would allow them to demonstrate FA SAP at the next evaluation. If students have more than 12 credits remaining in their primary program, they must demonstrate the ability to graduate within the maximum timeframe allowed and meet the GPA requirements. If students have 12 or less credits remaining, they must demonstrate the ability to complete the remaining credits successfully.

All FA SAP appeal decisions made by the University are final.

Regaining Eligibility after Payment Period of Ineligibility

A student who is not making FA SAP regains eligibility only when the student meets the University's FA SAP requirements. Therefore, if a student loses eligibility for federal financial aid as a result of not meeting FA SAP requirements, the student must pay for credit hours taken during the ineligible payment period using non-federal financial aid funds. If the ineligible payment period is the second payment period of an academic year/loan period already established, any federal financial aid awarded for the second payment period will be canceled and, if necessary, returned to the funding source.

If the student meets all FA SAP criteria after the ineligible payment period, the student's borrower based academic year (BBAY) will start at the beginning of the eligible payment period following the period of ineligibility. The BBAY is packaged for a full 24 credits and 40 weeks of instructional time.

Program Changes

Students who change primary programs at the University are re-evaluated to determine which academic credits apply to the new primary program. The student's FA SAP status at the beginning of the new program will be RG and will be evaluated at the end of each completed payment period in the new academic year. If the student changes back to a program he/she was previously in, the student's FA SAP status will reflect the last status of the original program.

The University will calculate FA SAP based on all successfully completed courses applicable to the new primary program. This includes those courses taken in a previous primary program that the student successfully completed and that apply to the new primary program.

Re Entering the University

If a student withdraws from the University and subsequently re-enters into the same primary program, whether within 180 days or after 180 days, the FA SAP status at the time of re-entry and for the first payment period upon re-entry will be the FA SAP status the student had prior to his/her withdrawal.

If the student re-enters, at any point, into a different primary program not previously attended, the FA SAP status will reset to Regular Student (RG) status.

Repeat Courses

Grades for prior attempts, whether successfully completed or not, are excluded when calculating the primary program GPA. However, credits from all attempts are included when calculating pace of completion and maximum timeframe.

Note: Repeat courses taken in a primary program are counted in the FA SAP status for that primary program.

Grade-Level Determination

Determination of grade level is an important part of calculating eligibility for federal financial aid. The University determines the student's grade level by calculating the total number of credits that were completed at the beginning of an academic year. For example, a student with 12 transfer credits at the start of his or her program at the University will be considered a grade level 1 student. After the completion of one academic year of 24 credits, the student will have a total of 36 credits completed, making the student eligible for grade level 2 loans in his or her second academic year.

The following chart illustrates the number of credits required to complete each grade level.

Undergraduate Grade-Level Determination

Grade Level	Credits Completed for Primary Program (Includes Transfer Credit)
GL 1 (freshman)	0–24
GL2 (sophomore)	25–48
GL 3 (junior)	49–72
GL4 (senior)	73+

Note: A student in a two-year program cannot receive more than a grade level 2 (GL 2) annual loan limit in any given year, no matter how long it takes to complete the program. A student in an undergraduate certificate program cannot receive more than a grade level 1 (GL 1) annual loan limit in any given year, no matter how long it takes to complete the undergraduate certificate.

Financial Aid Awarding

The University will evaluate student eligibility for federal and institutional¹⁵ aid programs for students who have completed all required financial aid materials. When determining award eligibility, the University will use the applicable FAFSA based on the student's academic year and payment period start and end dates, consider general student eligibility requirements, federal grant or loan program specific requirements, including statutory award maximums, the student's academic year cost of attendance (COA), student aid index (SAI) and financial need¹⁶.

Except for Federal Pell Grants, federal grant and loan amounts are also constrained by the other aid that a student receives, known as Other Financial Assistance (OFA) or other resources. Please see the [Other Resources](#) section of this guide for more information on OFA/Other Resources, including a non-exhaustive list of examples. In general, the student's total financial aid award for the academic year, including OFA/other resources, may not exceed their financial need and/or COA.

Awarding Aid to Transfer Students

A student who enrolls in a program at the University who has an overlapping academic year (AY) with a prior program, either at the University or at another institution is referred to as a transfer student. There are 3 types of transfers: external, internal, and advancing programs.

External Transfer Student: Student previously attended a program at an institution other than the University of Phoenix.

Internal Transfer Student: Student previously attended a program at the University of Phoenix but did not complete this program.

Advancing Program Student: Student previously attended a program at the University of Phoenix, completed this program, and began another program at the University.

For all types of transfers, the University will award all federal financial aid based on a full academic year in the new program at the University.

An academic year that begins before a prior academic year has ended is considered an overlapping academic year. This most commonly occurs when a student starts with the University after recently attending a different institution, when a student completes a prior program at the University and begins another program, or when a student changes programs at the University, including when a student returns from an approved Leave of Absence (LOA) and begins a new program. In these cases, a student may have limited eligibility for federal financial aid programs. Students in these scenarios should contact Student Financial Services at StudentFinancialServices@phoenix.edu or at 1-888-346-8679 with any questions.

¹⁵ Institutional grant and scholarship eligibility requirements and determinations will vary.

¹⁶ Financial need = COA minus the student aid index (SAI).

Financial Aid Disbursements

Federal Financial Aid

The University may only disburse federal financial aid funds to eligible students.

Typically, a student is eligible to begin receiving disbursements of federal financial aid funds for the first payment period of their academic year when the University confirms the student:

- has been officially admitted to their program,
- has posted attendance in an eligible course(s)* in this payment period, and
- federal student aid satisfactory academic progress standards were met, if applicable.

The student becomes eligible to receive disbursements of federal financial aid funds for the second payment period of their academic year when the student meets the above criteria in addition to successfully completing at least one-half the weeks of instructional time AND earning at least one-half the credit hours in the defined academic year and loan period.

In addition, the University requires the following before a disbursement of Federal Direct loans* is made:

- A 30-day disbursement delay for the first year/first time borrowers
- Confirmation of Direct Loan amount (fund acceptance) from the borrower
- Completion of Federal Direct Loan Entrance Counseling, if applicable
- Completion of the Master Promissory Note (MPN)

***NOTE:** Under no circumstances will the University disburse Direct loan funds to a student on an approved Leave of Absence.

As noted in the [Payment Options section](#) of this guide, beginning July 1, 2024, the University will begin transitioning students enrolled in credit-based programs (traditional and competency-based) to invoicing by course, rather than by payment period. This means that the student will be invoiced separately for each course's tuition, mandatory fees, and sales tax, as applicable. As a result, the University has changed the frequency and timing of 2024/2025 federal financial aid funds' disbursements, as appropriate, to ensure it remains compliant with all U.S. Department of Education regulations and guidance. There has been no change to the frequency and timing of 2023/2024 federal financial aid funds' disbursements.

A student can view the federal financial aid award for their academic year and the anticipated disbursement dates, as well as any other requirements for disbursement, by accessing the Student Portal.

***Note:** For students enrolled in Competency Based Programs, the University requires enrollment in all courses scheduled for the payment period be confirmed before funds will be disbursed.

Disbursements of 2023/2024 Federal Student Aid Funds

Federal financial aid disbursements will be credited to a student's account in two equal installments, one for each payment period in the academic year. The timing for each installment disbursement will be aligned to each payment period in the applicable academic year; failure to successfully complete courses and progress as scheduled thru the payment period will impact future anticipated disbursement dates for the applicable academic year. During the transition to course invoicing, all federal financial aid disbursements will be applied to the oldest unpaid applicable payment period or course invoice first.

Disbursements of 2024/2025 Federal Student Aid Funds

Federal financial aid disbursements will be credited to a student's account in (typically) eight equal installments, typically four equal installments in each payment period of the student's applicable academic year. The timing for each installment disbursement will be aligned to each required course scheduled in the student's payment period and academic year; failure to successfully complete courses and progress as scheduled thru the payment period will impact both the number and timing of future anticipated disbursements for that payment period and the

applicable academic year. During the transition to course invoicing, all federal financial aid disbursements will be applied to the oldest unpaid applicable payment period or course invoice first.

Federal financial aid disbursements will be credited to a student's account and applied to an eligible payment period or course invoice for allowable charges in the applicable academic year. Allowable charges include tuition, mandatory fees (including rEsource fees), sales tax (if applicable), and the California Student Tuition Recover Fund (if applicable). If a student owes allowable charges from a prior loan period (in a prior academic year), the University may use current loan period Direct Loan funds, not to exceed \$200, to pay those charges. The University does not apply any other type of federal financial aid funds (e.g. Pell Grant and FSEOG) to allowable charges for any prior loan period or academic year. For more information, please review the [Federal Financial Aid Credit Balance](#) section of the Consumer Information Guide

Federal Financial Aid Book Voucher

Pell eligible students may use Pell funds to purchase books if those funds could have been disbursed 10 days prior to the beginning of the payment period and disbursed funds would create a federal financial aid credit balance. Student Financial Services will notify these students of the University's book voucher request process. If the student requests a book voucher, the student will be provided with the lesser of the amount of the credit balance or the amount needed for the books and supplies, as determined by the University. These funds will be issued to the student no later than the seventh day of the payment period.

Students may opt out of this offer by not requesting the book voucher.

Federal Financial Aid Credit Balance

Whenever the University credits federal financial aid funds to a student's account and those funds exceed the student's allowable charges, a federal financial aid credit balance occurs. Allowable charges include tuition, mandatory fees (including rEsource fees), sales tax (if applicable), and the California Student Tuition Recover Fund (if applicable).

The University will pay the federal financial aid credit balance directly to the student or parent as soon as possible, but no later than 14 days after the balance occurred on the student's account. This credit balance will be sent via Electronic Funds Transfer (EFT) or paper check, based upon the student's selection.

On an exception basis, the University may, at its discretion, provide a student access to his or her anticipated federal financial aid credit balance. Students who may need to request this exception should speak with the finance department.

Note: If an exception is granted, the student will be responsible for any balance due to the University resulting from providing the student access to this anticipated federal financial aid credit balance.

Students can use a federal financial aid credit balance from the University to pay for education-related expenses that are part of the student's academic year. These education-related expenses must align to one of the University's [Cost of Attendance](#) components, such as:

University of Phoenix Tuition and Mandatory Fees

- University's tuition and mandatory fees for one academic year (24 credits and defined instructional weeks by credential level e.g. bachelor program 40 weeks)

Books, Course Materials, Supplies and Equipment

Examples:

- University's rEsource fees for one academic year (e.g., 8 courses)
- Laptop/desktop computer, mouse, keyboard
- Scanner/printer
- Paper, pens/pencils, markers, etc. used to complete course assignments
- Supplemental course textbooks

- Software or other technology required for a course in that academic year

Transportation

- Costs incurred by a student for transportation between the campus or a required residency/clinicals and the student's residence and/or place of work

Living Expenses

- Housing (student's portion only)
 - Rent/mortgage
 - Internet/ Wi-Fi
 - Heat/Electricity
- Food (student's portion only)
 - 3 meals per day

Miscellaneous Personal Expenses

- Costs of personal items (student's portion only) such as, toiletries, hygiene products, laundry detergent, cleaning supplies, etc.

Dependent Care Expenses

- Costs incurred for childcare during the student's class time, study time, internship and/or commuting to campus time.

Disability-Related Expenses (not paid by another source)

- Costs incurred for special services, personal assistance, transportation, equipment, assistance technology, etc. for the student for class that is not paid by another source

Licensure Fees

- For students enrolled in programs that require professional licensure, certification, or a first professional credential, the fees incurred to obtain the license, certification, or credential

Cancellation of Federal Financial Aid

The student (or parent in the case of a Parent PLUS Loan) must inform the University if all or a portion of federal financial aid funds are to be canceled. Once the loan is disbursed, the University sends the student/parent a Right to Cancel letter, which includes the time given to respond should the student and/or parent borrower wish to cancel their loan request(s). This notification is mailed after the loan disbursement has been credited to the student's account.

Borrowers who wish to cancel all or a portion of their loan must inform the University within 30 days from the date the University sends the disbursement notification. Borrowers must login to the student website and navigate to **Account > Awards & Disbursements > Change Loans** to initiate the reduction or cancellation of federal financial aid within 30 days from the date the University sends the disbursement notification. If there are any further questions, students can contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679.

Any requests received after the 30 days will be denied. The University will notify the student/parent in writing of the outcome of his or her request regardless of when the cancellation request is received.

Other Financial Assistance

In general, other financial assistance (OFA), as defined for the Federal Campus Based and Direct Loan programs, refers to any grant, scholarship, employer tuition benefit, or loan provided to a student for an expense included in their cost of attendance (COA), whether this OFA is awarded by the school or by an individual, or organization outside the school (e.g., third-party agency). Note: OFA does not include monies paid by the student and/or their FAFSA contributor(s) for expenses included in the student's COA.

U.S. Department of Education (ED) regulations require the University include OFA it is aware of (or becomes aware of) that a student may receive or has received when determining the student's eligibility for Federal Campus Based and Direct Loan program funds for that academic year.

The University requires students disclose OFA received to pay any expense included in their cost of attendance for the academic year¹⁷. This disclosure is required whether the third-party agency pays this OFA directly to the student or directly to the University. The University will include this OFA in determining the student's eligibility for federal financial aid, as required.

A student must have financial need to receive all federal financial aid funds except for Direct Unsubsidized and PLUS Loans under the Direct Loans program. As such, a student's student aid index (SAI) and OFA will be subtracted from their COA when determining eligibility for federal financial aid. Generally, the student's total financial assistance received or anticipated to be received, including need and non-need-based federal financial aid funds and OFA, cannot exceed the student's academic year COA¹⁸.

If the University receives information regarding OFA for the academic year after determining the student's eligibility for federal financial aid funds that causes the student to exceed their calculated need and/or academic year COA, the University will adjust the federal financial aid awards appropriately to eliminate this overaward. This adjustment may include reducing future federal financial aid disbursements in the current or a subsequent payment period or academic year, reporting a federal grant or loan overpayment to ED, or returning federal financial aid disbursements to ED. Federal financial aid funds will be returned in the order most beneficial to the student if permitted by ED regulations. The student is responsible for any balance(s) owed to the University resulting from the return of federal financial aid disbursements to ED.

OFA includes, but is not limited to, the following, regardless of whether the OFA is paid directly to the University of the student:

- Funding from an Employer Tuition Assistance or Tuition Reimbursement Program
- University tuition or resource fee discounts and waivers
- University grants and scholarships
- Grants, scholarships, and/or loans from private individuals or organizations
- Grants, scholarships, and/or loans from federal or state agencies¹⁹
- Grants, scholarships, and/or loans from tribal agencies or organizations
- Military tuition benefits ²⁰, including benefits paid under Chapter 101 of Title 10

¹⁷ Applicants and students should disclose any OFA received or anticipated to be received on the student portal.

¹⁸ A negative SAI does not increase the maximum amount of aid a student can receive. The total of all assistance generally cannot be more than the COA.

¹⁹ Note: If an affected individual (student and/or parent, if applicable) impacted by a federally declared major disaster as defined in The Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122(2)) notifies the University that he/she has been impacted, any federal or state aid, whether in the form of grants or low-interest loans, received by the affected individual for the purpose of providing financial relief is not counted as OFA for packaging purposes. Students should contact Student Financial Services at StudentFinancialServices@phoenix.edu or 1-888-346-8679 for further information.

²⁰ **EXCEPTION:** The following benefits are excluded as other financial assistance: Chapter 103 of Title 10, Chapter 106A of Title 10, Chapter 1606 of Title 10, Chapter 1607 of Title 10, Chapter 30 of Title 38, Chapter 31 of Title 38, Chapter 32 of Title 38, Chapter 33 of Title 38, Chapter 35 of Title 38, Section 903 of the Department of Defense Authorization Act, 1981, Section 156(b) of the "Joint Resolution making further continuing

Professional Judgment

The University may utilize Professional Judgment (PJ) for a student who has unique circumstances that would warrant an adjustment to their student aid index (SAI), dependency status, or cost of attendance (COA). PJ allows the University to treat a student individually when the student has unique circumstances not sufficiently addressed by standard procedures.

A student may request adjustments within any of the categories below. Circumstances may warrant an adjustment to one or more categories based on the student's unique circumstances. Requested adjustments will be evaluated on a case-by-case basis.

Students with circumstances that may warrant an adjustment to their COA should contact Student Financial Services at StudentFinancialServices@phoenix.edu or speak over the phone at (888) 346-8679.

For all other circumstances, students should log into the Student Portal, complete the applicable Professional Judgment form, and provide any supplemental information required/requested by the University. If a student requests a professional judgment and is also selected for verification, the University will require the verification be completed before exercising any type of professional judgment by the applicable deadlines.

Submitted materials will be reviewed within three (3) weeks.

Note: If a student selected for verification submits a request for professional judgment, the University must complete verification before exercising any type of professional judgment.

HEROES Act

Under the HEROES Act provision, the U.S. Department of Education allows for the waiver and modification of certain Title IV requirements to ensure that affected individuals

- who are Title IV recipients are not placed in a worse financial position (related to Title IV assistance) because they are affected individuals;
- who receive student financial assistance are not unduly subject to administrative burden or inadvertent, technical violations or defaults; and
- are not required to return or repay an overpayment of grant funds based on the Return of Title IV (R2T4) provisions.

To be considered an affected individual, a student must meet one of the following conditions:

- Serving on active duty during a war or other military operation or national emergency
- Performing qualifying National Guard duty during a war or other military operation or national emergency
- Reside or employed in an area that is declared a disaster area by any Federal, State, or local official in connection with a national emergency
- Suffered direct economic hardship as a direct result of a war or other military operation or national emergency, as determined by the Secretary

The University will ensure that any affected individuals who notify the University (and provide supporting documentation as requested) of their affected status will not be disadvantaged because of that status. Students should contact Student Financial Services at StudentFinancialServices@phoenix.edu or (888) 346-8679.

Determining Enrollment at the University

Please refer to the Enrollment Status section in the University's Academic Catalog, <https://www.phoenix.edu/online-degrees/academic-catalog.html>, for further information on determining enrollment at the University.

Leave of Absence

A Leave of Absence (LOA) is a temporary break from courses while maintaining active status in the degree or certificate program a student is enrolled in. Degree or certificate seeking students wishing to request an LOA should contact his or her academic counselor to discuss available options. The Leave of Absence request form can be completed by accessing the student portal. Refer to the University's Leave of Absence Policy found in the University's Academic Catalog, <https://www.phoenix.edu/online-degrees/academic-catalog.html>, for further information.

Students requesting an LOA should consider the following:

- An LOA is a temporary break in your program; you must intend to return to your same program to be eligible for an LOA.
- Taking an LOA will impact your course schedule and your graduation date.
- If you don't return as scheduled, you will be withdrawn from the University.

If you receive federal financial aid and are withdrawn because you do not return as scheduled, the beginning of your federal student loan repayment grace period will be your last date of attendance prior to the start of your LOA which may cause your loans to enter immediate repayment and your federal financial aid will be reviewed to determine whether any federal financial aid funds paid to the University must be returned to the U.S. Department of Education.

Withdrawing from the University

Circumstances may necessitate withdrawal from the University. For further information on officially, unofficially or administratively withdrawing from the University, please see the University's Withdrawal Policy in the Academic Catalog, <https://www.phoenix.edu/online-degrees/academic-catalog.html>. For information on tuition refunds, please see the [Tuition Refund Policy](#) found earlier in this Consumer Information Guide.

Students who withdraw and are receiving federal student aid funds should refer to the [Return of Title IV Policy](#) for information regarding any impact to their federal student aid.

Return of Title IV Policy

Overview

The Return of Title IV Policy addresses federal financial aid recipients who withdraw from the University and are subject to a Return of Title IV (R2T4) calculation. For the purpose of R2T4 calculation requirements, a recipient is a student who has actually received federal financial aid funds or has met the conditions that entitled the student to a late disbursement of federal financial aid funds. The University is required to review the amount of federal loan and grant aid a student received for the payment period, to determine what percentage of federal financial aid the student earned prior to withdrawal. The percentage of federal financial aid determined to be unearned for the payment period must be returned to the appropriate federal financial aid program(s).

Policy

When a federal financial aid recipient withdraws from the University prior to the end of a payment period, an R2T4 calculation must be performed to determine the amount of federal financial aid funds earned as of the date of withdrawal. If the total amount of federal financial aid funds earned is less than the amount of federal financial aid funds disbursed to the student or on behalf of the student in the case of a parent PLUS loan, the difference between these amounts is returned to the applicable federal financial aid programs. If federal financial aid funds earned is greater than federal financial aid funds disbursed, the difference between these amounts is treated as a post withdrawal disbursement. A R2T4 calculation is not performed if the federal financial aid recipient withdraws after successfully completing the payment period AND all funds awarded for that period have been disbursed.

Withdrawal Date

The University's Withdrawal Policy states for official, unofficial, and administrative withdrawals the University will use the student's last academically related activity (ARA) to establish the student's withdrawal date.

Exceptions

However, if this date occurs during an institutionally scheduled break or during a course extension period, it will not be used to establish a student's withdrawal date at the University for the R2T4 calculation purposes. In these instances, the student's withdrawal date and date of determination for the R2T4 calculation purposes will be established as follows:

Withdrawal Date

If a student posts an ARA during an institutionally scheduled break or during a course extension period, the University will look for the most recent ARA that occurred *prior* to the start of the institutionally scheduled break or course extension period. This ARA will be used as the last date of attendance or withdrawal date for Title IV purposes.

Date of Determination

The Date of Determination (DOD) for students who post academic related activities during an institutionally scheduled break will be no greater than 15 days after the end date of the institutionally scheduled break.

The DOD for students who post academic related activities during a course extension period will be the day after a grade of anything other than IX posts.

For example:

The University has a scheduled holiday break from December 20 through January 4. The student posts an ARA on December 19th and December 27th. The student withdraws. The student's last ARA was on December 27th, which was during the scheduled break. The student requires an R2T4 calculation; the student's withdrawal date for the R2T4 calculation would be December 19th (the most recent ARA prior to the scheduled break). In addition, the DOD is January 19th (the 15th day after the end date of the institutionally scheduled break).

Return Calculation

The amount of federal financial aid earned is calculated by determining the percentage of the payment period completed applying this percentage to the total amount of aid disbursed and that could have been disbursed for the payment period. The payment period is defined as the period of time it takes the student to complete at least one-half of the weeks and credits in the student's academic year. For purposes of determining **earned federal financial aid**, a student's aid is considered disbursed if it is disbursed as of the student's last date of attendance. As long as conditions for a late disbursement (described below) are met prior to the date the student became ineligible (the student's last date of attendance), any undisbursed federal financial aid will be counted as aid that could have been disbursed.

Conditions for a Late Disbursement (Including Post Withdrawal Disbursements)

- The Department of Education (ED) processed a FAFSA Submission Summary or Institutional Student Information Record (ISIR) with an official Student Aid Index (SAI) for the student (except in the case of a parent PLUS loan)
- The University originated a Direct Loan (DL)
- The University made the award to the student for a Federal Supplemental Educational Opportunity Grant (FSEOG)

The University does not include as a post withdrawal disbursement any funds the University was prohibited from disbursing on or before the date the student withdrew, which would apply to the following:

- Second or subsequent disbursements of DL funds unless the student has graduated or successfully completed the loan period.
- Second disbursements of DL for the period that the University is prohibited from making until the student successfully completes one-half of the weeks of instructional time and one-half the credit hours in the academic year.
- Disbursements of DL funds for which the borrower has not signed a promissory note.
- Disbursements of Federal Pell Grant funds to a student for whom the University did not receive a valid FAFSA Submission Summary or a valid ISIR by the deadline date established by the Secretary in the Federal Register.
- Federal Pell Grant funds for a subsequent payment period when the student has not successfully completed the earlier payment period for which the student has already been paid.
- Disbursements of DL funds to a first-year, first-time borrower who withdraws before the 30th day of the student's program of study.

Inadvertent Overpayments

An *inadvertent overpayment* occurs when the University disburses funds to a student no longer in attendance but prior to the date the University determines the student withdrew from the program. This would include any federal financial aid fund disbursements made after the student's last date of attendance but prior to the University's determination that the student was withdrawn. These inadvertent overpayments are included in the R2T4 calculation as aid that could have been disbursed.

Only students who meet late disbursement criteria are entitled to keep federal financial aid funds disbursed as an inadvertent overpayment. If an inadvertent overpayment cannot be made as a late disbursement, the University returns the entire amount of the federal financial aid funds disbursed. If the inadvertent overpayment can be made as a late disbursement, the University returns only the unearned portion of the inadvertent overpayment within 45 days of the University's date of determination that the student withdrew. Unearned inadvertent overpayments are returned according to the requirements for the return of unearned funds.

Verification and the Return Calculation

If a student provides required verification documents after withdrawing from the University, but within 30 days of the date of the notification informing the student of the requirements, and in time for the University to meet the 30-day Return deadline, the University performs the R2T4 calculation based on all federal financial aid the student had established eligibility for prior to the withdrawal.

For the Federal Pell Grant Program, if the student provides the verification documents after the 30-day deadline but before the earlier of 120 days after the student's last date of attendance or the deadline established by ED each award year, the University reviews and addresses eligibility as required.

If a student does not provide all verification documents in time for the University to complete verification and meet the R2T4 deadlines, the University includes in the R2T4 calculation only the federal financial aid that was not subject to verification (unsubsidized and PLUS loan funds) and for which the conditions of a late disbursement were met prior to the withdrawal. (Refer to the [Verification, Secondary Confirmation of Eligible Non-Citizenship, and Conflicting Information Policy](#) for additional information.)

Institutionally Scheduled Breaks

Institutionally scheduled breaks of five or more consecutive days are excluded from the R2T4 calculation. This includes all holiday and administrative breaks of five or more consecutive days.

Percentage of Federal Financial Aid Earned²²

The calculation of *Percentage of Federal Financial Aid Earned* includes all financial aid disbursed or that could have been disbursed to a student. This percentage is equal to the percentage of the payment period completed by the student as of the student's last date of attendance in the payment period. This percentage is determined using the University's *rate of progression calculation*.

If the student withdraws after successfully completing the payment period, 100% of the federal financial aid funds are earned and no calculation is required. If the withdraw date occurs after the student completes more than 60% of the payment period, the student earns 100% of the federal financial aid funds.

Rate of Progression Calculation

The percentage of the period completed is calculated as follows:

$$\frac{\text{Number of calendar days completed in the payment period}}{\text{Total number of calendar days scheduled to complete in the payment period}}$$

Total Calendar Days Completed in the Payment Period

The total number of calendar days completed in the payment period (numerator) is the count of calendar days from the payment period start date to the student's last date of attendance.

Required Adjustments to Calendar Days Completed in the Payment Period

Calendar days are **removed** from calendar days completed in the payment period if any of the following occurred between the payment period start date and the student's last date of attendance:

- Institutionally scheduled breaks of five (5) consecutive calendar days or more
 - Holidays
 - Administrative
- Student scheduled or selected breaks of five (5) consecutive calendar days or more **between** course end date and subsequent course start date
- All approved Leave of Absence calendar days
- Unapproved breaks of less than 180 days

Total Calendar Days Scheduled to Complete in the Payment Period

- The total number of calendar days in a payment period (denominator) is determined based upon the number and type (credential level and modality) of credits awarded in the payment period.

Required Adjustments to Total Calendar Days Scheduled to Complete in the Payment Period

Additional calendar days will be **added** to the payment period for unsuccessful course(s) completions with grades of I, IX, IP, QC, F, or W that occurred in a course prior to the course the student's last date of attendance occurs within.

²² To recognize that students completing more than 60% of the payment period earn 100% of their federal financial aid, amounts of .6001 through .6004 are not rounded for purposes of determining whether a student earned 100% of the federal financial aid for the payment period.

If the payment period needs to be extended, it is extended by a defined number of days based upon the following credential levels and modalities:

- Undergraduate Certificate and Degree Programs Online - 35 days if one course is needed, 70 days if two courses are needed, 105 days if three courses are needed, etc.
- Graduate Certificate and Degree Programs Online - 42 days if one course is needed, 84 days if two courses are needed, 126 days if three courses are needed, etc.
- Bachelor Program Ground – 29 days if one course is needed, 58 days if two courses are needed, 87 days if three courses are needed, etc.
- Master's Program Ground - 36 days if one course is needed, 72 days if two courses are needed, etc.
- Competency-Based Program – 112 days if one to four courses are needed

Please note: Additional calendar days are NOT added for the course(s) in which the student's official last date of attendance falls within. This includes any course(s) the student was enrolled in but did not complete at the time of withdrawal.

Calendar days are **removed** from the calendar days in the payment period if any of the following occurred or is scheduled to occur from the payment period start date to the payment period end date:

- Institutionally scheduled holiday breaks of five (5) consecutive calendar days or more
- Student scheduled of selected breaks of five (5) consecutive calendar days or more between courses
- All approved Leave of Absence calendar days
- Periods of non-enrollment of five (5) consecutive calendar days or more due to administrative closures
- Unapproved breaks of less than 180 days

Rate of Progression Example

The following illustration demonstrates how an institution calculates the "total days completed" and the "total days scheduled to be completed" in a payment period when there are calendar days that must be excluded from the rate of progression calculation.

$$\frac{\text{\# of days completed in the payment period}}{\text{Total \# of days scheduled to be completed in the payment period}}$$

Days Completed

To determine the total calendar days completed by the student (numerator), calculate the number of calendar days from the first day of the payment period to the student's last date of attendance, then subtract all applicable exclusion periods.

Days Scheduled to be Completed

To determine the total calendar days scheduled to be completed in the payment period (denominator), calculate the number of calendar days from the first day of the payment period to the last day of the payment period, then subtract all applicable exclusion periods.

In this example, the student completed **54.3%** of the payment period.

Days Completed

Calendar Span of Student's Attendance (Dec 4 to Mar 10)

Days Scheduled to Be Completed

Calendar Span of Payment Period (Dec 4 to May 13)

$$\frac{\text{Days Completed}}{\text{Days in Payment Period}} = \frac{76}{140} = 0.5428 = 54.3\%$$

Title IV Credit Balance and the Return Calculation

A Title IV credit balance created during the period is not released to the student nor returned to federal financial aid programs prior to performing the R2T4 calculation. The University holds these funds even if, under the 14-day credit balance payment requirements, funds are otherwise required to be released.

In the R2T4 calculation, the University includes any federal financial aid credit balance as disbursed aid. Although not included in the R2T4 calculation, any federal financial aid credit balance from a prior payment period in the academic year that remains on a student's account when the student withdraws is included as federal financial aid funds for purposes of determining the amount of any final federal financial aid credit balance when a student withdraws. Upon application of any applicable refund policies, a federal financial aid credit balance is allocated first to repay grant overpayments owed by the student as result of the current withdrawal.

Within 14 days of the date that the University performs the R2T4 calculation, the University pays any remaining federal financial aid credit balance in one or more of the following ways:

- Pay authorized charges at the University.
- To the student (or parent for a PLUS loan).

The University applies its own refund policy before allocating a federal financial aid credit balance. However, the University does not actually complete the refund process before completing the steps for allocating the federal financial aid credit balance.

If the University is unable to locate the student (or parent) when attempting to pay a credit balance, it returns the funds to federal financial aid programs.

Return of Unearned Aid

In the R2T4 calculation, the total **Amount Disbursed** plus **Amount that Could Have Been Disbursed** to the student or on the student's behalf, minus the **Amount of Federal Financial Aid Earned by the Student** determines the amount of federal financial aid funds unearned and required to be returned to the funding source.

When a return of federal financial aid is required, the University and the student may both need to return funds. The University returns the lesser of the following amount to the appropriate federal financial aid program(s):

- The total amount of unearned aid; or
- The amount equal to the total University charges incurred by the student for the payment period multiplied by the percentage of unearned aid.

University (institutional) charges incurred by the student include tuition, fees, books and directed study (including state sales tax) initially assessed the student for the entire payment period. Initial charges are only adjusted for changes the University makes prior to the student's withdrawal. The amounts of institutional charges included in the R2T4 calculation are those charged or anticipated to be charged to the student's account. Although institutional charges may not have actually been charged due to the student's withdrawal, the University uses the actual charges to date, to include full tuition, fees, books and directed study (including sales tax) for each course in the payment period, and estimate remaining charges based

on the students' primary campus or, as applicable. Institutional charges include all invoiced and scheduled charges, as well as any adjustments made to correct these charges, that occur prior to the beginning of the course from which the student withdrew.

Tuition waivers for military students and Campus Footprint initiative are not counted as Estimated Financial Aid (EFA) and will be subtracted from institutional charges in the R2T4 calculation.

If after the student withdraws, the University changes the amount of institutional charges it assessed or decides to eliminate all institutional charges, those changes do not impact the institutional charges or aid earned in the calculation.

The University returns federal financial aid funds to programs in the following order, up to the net amount disbursed from each:

- Unsubsidized FFEL/Direct Stafford Loan
- Subsidized FFEL/Direct Stafford Loan
- Federal Direct PLUS (Graduate Student)
- Federal Direct PLUS (Parent of Dependent Student)
- Federal Pell Grants
- FSEOG

After the University allocates its portion of unearned funds, the student must return federal financial aid owed in the same order specified above for the University. The amount of federal financial aid the student is responsible for returning is calculated by subtracting the amount returned by the University from the total amount of unearned federal financial aid funds to be returned.

The student (or parent in the case of funds due to a parent PLUS Loan) must return or repay, as appropriate, the calculated amount to any federal financial aid loan program in accordance with the terms of the loan; and any federal financial aid grant program as an overpayment of the grant. The amount of a grant overpayment due from a student is limited to the amount by which the original grant overpayment exceeds one-half of the total federal financial aid grant funds received by the student.

The University may round final repayment amounts, for which the University and student are responsible, to the nearest dollar.

Timelines for Return of Funds

The University completes a student's R2T4 calculation within 30 days of the University's date of determination and notifies the student, or parent borrower, if they are eligible for a post withdrawal disbursement. The University returns the amount of federal financial aid funds for which it is responsible as soon as possible but no later than 45 days after the date the University determines the student has withdrawn.

Deceased Student

If the University receives reliable information indicating an individual borrower or student for whom a parent received a PLUS loan dies, the University suspends further awarding and disbursements. An original or certified copy of the death certificate or accurate and complete photocopy of the original or certified copy of the death certificate is requested and forwarded to the Secretary of Education (Secretary). Under exceptional circumstances and on a case-by-case basis, the Secretary may approve a discharge based upon other reliable documentation supporting the discharge request.

Determination of Withdrawal of a Deceased Student

The withdrawal date for a deceased student is the last date of academic attendance or attendance at an academically related activity determined from University attendance records. The date of determination is the date the University becomes aware of the student's death.

Return of Title IV Funds for a Deceased Student

The amount of federal financial aid funds earned by the student is calculated according to the Return of Title IV Funds (R2T4) calculation. If the calculation indicates the amount of funds earned is less than the amount disbursed to the student, or on behalf of the student in the case of a PLUS loan, the difference between these amounts is returned to the appropriate federal financial aid programs. The University does not report grant overpayments for deceased students to NSLDS or refer a grant overpayment to Debt Resolution Services, as the student's estate is not required to return any federal financial aid funds.

The following represents procedures the University follows if a credit balance of federal financial aid funds, created from funds disbursed before the death of the student, exists after the completion of the R2T4 and the University's refund calculations:

- Pay authorized charges owed to the University.
- Return any federal financial aid grant overpayments owed by the student for previous withdrawals from the University.
- Return any remaining credit balance to the federal financial aid programs.

If the University previously referred a grant overpayment to Debt Resolution Services, documentation will be forwarded by the University indicating the student is deceased. Based on this information and documentation, Debt Resolution Services will remove the overpayment from the student's records.

Although the student may be eligible to receive a post-withdrawal or late disbursement, the University is prohibited by federal financial aid Title IV regulations from further disbursements and will, therefore, not request additional funds from federal financial aid programs nor send out a post withdrawal letter.

Federal Direct Loan Exit Counseling

The University notifies students to complete loan exit counseling online at the U.S. Department of Education website (<https://studentaid.gov/exit-counseling/>) within 30 days of completion of a program, withdrawal from the University or when a student ceases to be enrolled at least half time.

Exit counseling generally includes the following:

- An explanation of the use of a Master Promissory Note (MPN)
- The importance of repayment obligation
- A description of consequences of default
- Sample repayment schedules
- Information in reference to a borrower's rights and responsibilities
- Access information on all of your federal student loans by logging into [StudentAid.gov](https://studentaid.gov)
- The potential for a borrower becoming responsible for all accruing interest on Direct Subsidized Loans during in-school periods, grace periods and periods of authorized deferment
- The impact of borrower responsibility for accruing interest on the borrower's total debt
- A caution to the borrow about third-party debt relief companies
- Other terms and conditions

An e-mail is sent to students advising them of the exit counseling requirement with a link to complete it at <https://studentaid.gov/exit-counseling/>.

Federal Loan Repayment

Once you graduate, drop below half-time enrollment, or withdraw from the University, federal student loans go into repayment. If you have a Direct Subsidized or Direct Unsubsidized, you have a six-month grace period before you are required to start making regular payments. For a PLUS loan, repayment begins as soon as the loan is fully disbursed—which means once it's paid out. However, graduate and professional student PLUS borrowers will be placed on an automatic deferment while in school and for six months after graduating, withdrawing, or dropping below half-time enrollment.

Students on an approved Leave of Absence who do not return as scheduled, the beginning of your federal student loan repayment grace period will be the last date of attendance prior to the start of the Leave of Absence, which may cause loans to enter immediate repayment.

When your loan enters repayment, if you don't pick a repayment plan, your servicer will automatically place you on the Standard Repayment Plan. You can request a different repayment plan at any time. Review different repayment plan options at <https://studentaid.gov/manage-loans/repayment/plans>.

The California Bureau for Private Postsecondary Education requires the following statement be provided to California students: "If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds."

Federal Student Loan Repayment Simulator

The Federal Student Loan Simulator is a tool that may be used by students or potential students to calculate monthly payments under the different student loan repayment plans available. For more information regarding loan payment plans and to simulate other repayment plan options please use the ED's loan simulator tool available at <https://studentaid.gov/loan-simulator/>.

Sample Standard Repayment Calculator Detail

Loan Amount

\$15,000

Interest Rate	5.5%
Repayment Summary	
Months in Repayment	120
Monthly Payment	\$163
Total Interest Payment	\$4,535
Total Loan Payment	\$19,535

With the standard plan, a fixed payment amount is due each month until loans are paid in full. Monthly repayments will be at least \$50, and borrowers have up to 10 years to repay.

Graduated Repayment Detail — Up to 120 months with payments starting out low and increasing every two years. Using the sample loan amount above, the first monthly payment would be \$93 and a highest monthly payment amount of \$278. Total interest paid would be \$5,725.92, for a total of \$20,726.

Extended Repayment (Fixed or Graduated Plans) — Only available for loan amounts greater than \$30,000

Payment amounts under the Pay as You Earn, Saving on a Valuable Education, Income-Based and Income-Contingent repayment plans will be available in the Loan Simulator after you enter tax filing status, adjusted gross income, family size and state of residence.

Federal Student Loan Consolidation

A Direct Loan consolidation allows a borrower to combine multiple federal student loans into one, which results in one bill and one lender. It can also lower monthly payments by giving borrowers up to 30 years to repay their loans; however, by increasing the length of the repayment period, you will also make more payments and pay more interest. Most federal student loans, including the following, are eligible for consolidation:

- Direct Subsidized Loans
- Direct Unsubsidized Loans
- Subsidized Federal Stafford Loans
- Unsubsidized Federal Stafford Loans
- Direct PLUS Loans
- PLUS Loans from the Federal Family Education Loan (FFEL) Program
- Supplemental Loans for Students (SLS)
- Federal Perkins Loans
- Federal Nursing Loans
- Health Education Assistance Loans
- Some existing consolidation loans

When considering consolidation, it is important to consider the pros and cons. Consolidation could give borrowers access to alternative repayment plans, which they did not have before, and enable them to switch from a variable interest rate loan to a fixed interest rate. Consolidation may also cause borrowers to lose benefits offered with the original loans, such as interest rate discounts, principal rebates or some loan cancellation benefits, which can significantly reduce the cost of repaying loans.

More information regarding loan consolidation is located at <https://studentaid.gov/app/launchConsolidation.action>

Federal Student Loan Deferments (Postponing Payments)

Consumer Policies and Codes of Conduct

University of Phoenix Family Educational Rights and Privacy Act

University student records are confidential for all schools receiving funding under programs administered by the US Department of Education in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA). Generally, information pertaining to students' records shall not be released to a third party without written or authorized electronic consent, via a FERPA Release form, judicial order or a lawfully issued subpoena.

Under FERPA, a student is defined as an individual who is or has attended an educational institution. Students with at least one Academically Related Activity (or one positive attendance "Y" posted, whichever happens sooner) in a university course are considered students at University of Phoenix (UOPX).

Access to Education Records

FERPA regulations require the University to comply with the students' right to inspect and review their academic records by responding within 45 days from the time the University receives a written request to access their records. However, the Registrar's Office will respond to students' requests to review their records within 14 days from receipt of the request. Students should submit their request(s) to the University Registrar and specify the record(s) they wish to receive copies of or inspect.

Education records are defined as all records, files, documents, and materials that contain information directly related to a student and that are maintained by an educational institution.

The following are not interpreted as education records:

- Personal records maintained by an individual; these must be kept in the sole possession of the individual and are not accessible to others
- Records of a law enforcement unit of an educational institution
- Personnel records; records related to a person as an employee and not used for any other purpose
- Records created after the student is no longer a student; alumni records

The University will communicate with students regarding their education record via phone, voicemail, email, text, and letters sent to the student portal and via US mail, through the contact information on record as provided by the student. Students are responsible for promptly updating their contact information and their text opt-in/out preferences on their student portal or by contacting a University representative. The University is not responsible for an unintended disclosure of information shared through these methods where Student has allowed third parties the ability to view, read, or hear the shared information.

Releasable Information – Directory

In compliance with FERPA, a University-designated representative without prior written or authorized electronic consent of the student can release the following educational record information, provided the student does not have a FERPA Hold on their record.

- Student name
- Home address
- Email address
- Home telephone number
- Year of birth
- Dates of attendance at the University
- Dates of admission to the University

- Current enrollment status
- Most recent previous institutions attended and degree(s) earned
- Grade level (freshman, sophomore, junior, or senior)
- Photographs
- Honors and awards received
- Participation in officially recognized activities

If a student submits written or authorized electronic requests via a FERPA Hold Request form that directory information not be released to a third party, no information can be released, absent a judicial order or a lawfully issued subpoena. A FERPA Hold Request is valid throughout the student's enrollment.

To add a FERPA Hold Request, the student must complete and submit a FERPA Hold Request form to the Registrar's Office.

For a student to remove a FERPA Hold from their record, the student will need to fill out a FERPA Hold Release form.

For a student to remove previously authorized parties from their record, the student would complete a FERPA Release Rescind form listing any or all parties to which that information should no longer be released.

Military (Solomon Amendment) and other Mass Distribution Requests for Student Information

A request, such as a military request, for a mass distribution of directory student information must first seek approval from the Registrar. Requests must be sent via email to the Registrar's Office for student information in order to obtain approval before any information can be released.

Information Not Released — Non-Directory

In compliance with FERPA, the following student information shall not be released by the University without the prior written or authorized electronic consent of the student, a judicial order, or a lawfully issued subpoena. The student's signature on the written requests shall be verified before acting upon the request.

Student Right to Access

Students wishing to review their educational records shall submit a written request to the Registrar specifying the records to be reviewed. Only records covered by FERPA will be made available.

If necessary, the Registrar's Office will work with the appropriate University representative so that the student can review the record.

FERPA regulations require the University to comply with the students' right to inspect and review their academic records by responding within 45 days from the time the University receives a written request to access their records. However, the Registrar's Office will respond to students' requests to review their records within 14 days from receipt of the request. Students who wish to review their records at a campus location must present photo identification before access to educational records is allowed. A designated University official must be present when students wish to review their records at a campus location. This includes documents on file or student history notes that do not reference other student information.

Students may not inspect and review the following, absent a judicial order or legally issued subpoena:

Beyond this time, requests for these records may be released depending on state and federal regulations after review and approval from the Registrar's Office.

The Student Verification Process (SVP) is required for inbound and internally transferred phone calls that request the release of or update to any student record information. The SVP is not required for outbound phone calls provided those calls are to contact numbers in our student academic systems and the student

verifies their identity. A government issued photo ID or UOPX issued photo ID can be used in place of the SVP for in-person requests.

FERPA Challenge Process

Students alleging that their University records are inaccurate or misleading, or who allege violations of FERPA may present their challenges to the University Registrar.

Students have the right to correct record-keeping errors, but not to seek to overturn administration decisions and/or assessments. Students will be notified within 14 days of the Registrar's actions and based on the action may request a formal hearing.

- Students must submit a request for amendment in writing to the Registrar identifying the specific portion of their record they want changed and why they believe it to be inaccurate or in violation of their privacy. The Registrar will respond to the request within 14 days.
- If the University denies the request to change the record, the Registrar will notify the student within 14 days of the decision and advise the student of their right to challenge the information.
- A Student's request for a formal hearing must be made in writing and submitted to the Registrar's Office. The Registrar will arrange for a hearing, and notify the student within 14 days from the receipt of the request, of the date, place, and time of the hearing. Students may present relevant evidence and may be assisted at the hearings by a person of their choice, at the student's expense.
- The University shall be represented by a hearing panel appointed by the Registrar. The panel will be comprised of individuals who do not have a direct interest in the outcome of the hearing. The panel shall consider all relevant evidence supporting students' allegations of inaccurate or misleading information in students' records. Decisions of the panel will be final.
- The University will provide a written decision within 14 days of the hearing based on evidence presented at the hearing and will include a summary of evidence presented and the rationale for the decision.
- If the University decides that the challenged information is not misleading, inaccurate, or in violation of the student's privacy rights, it will notify the student within 14 days of their right to place in the record a statement commenting on the challenged information or a statement of reasons for disagreeing with the decision.
- The statement will be maintained as a part of the student's record as long as the contested portion is maintained. If the University discloses the contested portion of the record, it must also disclose the statement.
- If the University decides the information is inaccurate or in violation of the student's right of privacy, it will amend the record and notify the student within 14 days, in writing, that the record has been amended.

Federal Student Aid Fraud Policy

Overview

The Federal Student Aid Fraud Policy addresses the actions the University will take in situations where the University suspects that a student, employee, other individual, or contracted Third-Party Servicer has willfully falsified or misrepresented information for the purpose of obtaining federal student aid that the student would not otherwise be eligible for.

Policy

The University will investigate any student/applicant who is suspected of having engaged in fraud or other criminal misconduct in connection with the application for or receipt of federal student aid programs funds. Following the conclusion of its investigation, if the University has credible information indicating the student, an employee, another individual, or contracted Third-Party servicer may have engaged in fraud or other criminal misconduct in connection with the student's application or receipt of federal student aid funds, the University will refer the information to the U.S. Department of Education's Office of Inspector General (OIG).

Federal Student Aid Fraud

Federal student aid fraud is the willful misrepresentation or falsification of information for the purpose of securing federal student aid that the individual is not eligible for or not eligible for to the extent received. Federal student aid fraud can take many forms, including, but not limited to falsification of documents, discrepant information, and/or identity theft. Examples of potential instances of federal student aid fraud include, but are not limited to:

- False claims of high school diploma (or equivalent) completion
- False statements of federal tax return filing status
- False statements of income
- Unresolved conflicting information
- Patterns of misreported information from one federal award year to the next
- Falsified documents (including reporting members that are not part of your household)
- Forged signatures on an application, verification documentation or Direct Loan master promissory notes
- False statements of U.S. citizenship or eligible noncitizen
- False claims of independent student status
- Use of fictitious names, addresses, birth dates, social security numbers
- Identity theft

Federal Student Aid Fraud Investigation

If the University suspects or determines there has been identity theft, intentional misrepresentation, false statements, or falsification/alteration of documents, which have resulted or could result in the awarding or disbursing of federal student aid funds for which the student is not eligible, the case shall be referred to the University's Student Administrative Services (StAS) Financial Aid Compliance Team for investigation.

When an investigation is initiated, the University will cease processing the student's application for federal student aid, making federal student aid award determinations, disbursing federal student aid funds previously awarded, and/or return federal student aid credit balance(s) to the U.S. Department of Education (ED). Finally, the University will remove the student's scheduled future courses and may, at its discretion, withdraw the student from their current course.

As part of the investigation, the student will be notified in writing of the documentation or action that is required from them and the due date for submission/completion. If the student fails to provide this additional documentation or take action by the due date, the University's investigation will be deemed complete.

Upon completion of the University's investigation, the University will determine whether the student remains eligible for continued participation in federal student aid programs, notify the student of its decision, and if necessary report any overpayment of federal student aid funds received to ED or the loan servicer, as applicable.

Federal Student Aid Fraud OIG Referral

If there is any credible information indicating the student, an employee, another individual, or contracted Third-Party servicer may have engaged in fraud, identity theft, or other criminal misconduct in connection with the student's application or receipt of federal student aid funds this information will be referred to the OIG for further investigation.

Note: The University is only required to refer the suspected case for investigation, not reach a firm conclusion about the conduct.

Copyright Infringement and Peer-to-Peer File Sharing Policy

Copyright Law and Infringement

Copyright is a form of legal protection provided by U S law, Title 17 U S C §512(c) (2), which protects an owner's right to control the reproduction, distribution, performance, display and transmission of a copyrighted work. The public, in turn, is provided with specific rights for fair use of copyrighted works.

Copyrighted works protect original works of authorship and include:

- Books, articles and other writings
- Songs and other musical works
- Movies and television productions
- Pictures, graphics and drawings
- Computer software
- Pantomimes and choreographic works
- Sculptural and architectural works

Copyright law provides the owner of a copyright the exclusive right to do the following:

- Reproduce the work in copies
- Prepare derivative works based upon the work
- Distribute copies of the work to the public by sale or other transfer of ownership, or by rental, lease or lending
- Perform the work publicly
- Display the copyrighted work publicly
- Perform the work publicly by means of a digital audio transmission in the case of sound recordings

The copyright states, "Anyone who violates any of the exclusive rights of the copyright owner is an infringer of the copyright or right of the author." Generally, under the law, one who engages in any of these activities without obtaining the copyright owner's permission may be liable for infringement.

Specific information on copyright law and fair use may be found at the following sites:

- The U.S. Copyright Office: <http://www.copyright.gov>
- The Electronic Frontier Foundation fair use frequently asked questions: <https://www.eff.org/teachingcopyright/handouts#fairuseFAQ>

Peer-to-Peer File Sharing

Peer-to-Peer (P2P) file sharing is a general term that describes software programs that allow computer users, utilizing compatible P2P software, to connect with each other and directly access digital files from one another's hard drives. Many copyrighted works may be stored in digital form, such as software, movies, videos, photographs, etc. Through P2P file sharing it has become increasingly easy to store and transfer these copyrighted works to others, thus increasing the risk that users of P2P software and file-sharing technology will infringe the copyright protections of content owners.

If P2P file-sharing applications are installed on your computer, you may be sharing someone else's copyrighted materials without realizing you are doing so. As a user of the University network, recognizing the legal requirements of the files that you may be sharing with others is important. You should be careful not to download and share copyrighted works with others.

The transfer and distribution of these works without authorization of the copyright holder is illegal and prohibited.

Violations and Penalties under Federal Law

In addition to University sanctions under its policies as more fully described below, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or statutory damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For willful infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

University Methods to Effectively Combat Unauthorized Distribution of Copyrighted Material and Student Sanctions

A student's conduct in the University classrooms and websites is subject to and must fully conform to the University Student Code of Conduct policy, its Acceptable Computer Use for Faculty and Students policy and any other applicable University policies.

The University may monitor traffic or bandwidth on the networks using information technology programs designed to detect and identify indicators of illegal P2P file-sharing activity. In addition to, or as an alternative, the University may employ other technical means to reduce or block illegal file sharing and other impermissible activities.

The University will also provide for vigorous enforcement and remediation activities for those students identified through the University Digital Millennium Copyright Act policy as potential violators or infringers of copyright.

Disciplinary sanctions will be based on the seriousness of the situation and may include remediation based on a comprehensive system of graduated responses designed to curb illegal file sharing and copyright offenses through limiting and denial of network access or other appropriate means. These sanctions may be in conjunction with additional sanctions through the University Student Code of Conduct, its Acceptable Computer Use for Faculty and Students policy and any other University policy applicable to the particular situation.

Students who are subject to professional codes of conduct that apply to their enrollment at the University shall be sanctioned according to the requirements of the respective code.

Education and Awareness

The University uses a variety of means to inform students, faculty and other network users about copyright laws and the response to copyright infringement claims by the University.

The University informs its campus community through the Consumer Information Guide and other periodic communications that unauthorized distribution of copyrighted material, including unauthorized P2P file sharing, may subject students and faculty to civil and criminal liabilities and their possible extent.

The Consumer Information Guide, https://www.phoenix.edu/about_us/regulatory/consumer-information.html, is available on the University website, is provided to potential students and employees, and is sent by email on a yearly basis to current students, faculty and employees.

Legal Sources for Online Music and Videos

The legal sources for online music and videos are reviewed annually by University Legal Services. The following links are online sources that provide information on legal access to copyrighted music and videos:

EDUCAUSE is an association of colleges and universities, which maintains a list of legal media sources:

Digital Millennium Copyright Act Policy

The University computer networks, including its online library and classroom environment, are critical assets. Accordingly, University of Phoenix respects the rights of the copyright owners and expects its faculty, staff, students and other network users to comply with U.S. copyright laws. Federal law prohibits the reproduction, distribution, public display or performance of copyrighted materials over the Internet without permission of the copyright owner, except in compliance with fair use or other copyright applicable statutory exceptions. Please refer to the University's Copyright Infringement and Peer-to-Peer File Sharing Policy for more information.

University of Phoenix may terminate the network accounts or access to users who have repeatedly infringed on the copyrights of others. In addition to sanctions that may be applicable under the University Student Code of Conduct, the Acceptable Computer Use for Federal and Student, or other policies. University of Phoenix, in compliance with the federal Digital Millennium Copyright Act (DMCA), has established a mandated process for receiving and tracking alleged incidents of copyright infringement.

The University has designated an agent who will investigate notices of alleged copyright infringement and take appropriate actions. Such actions may include terminating repeat infringers' accounts under the DMCA.

Copyright infringement notices must be given in writing, preferably by email, or by U S mail to the agent listed below:

University of Phoenix

Copyright Agent
4035 S Riverpoint Parkway
Phoenix, AZ 85040

Email: copyrightagent@phoenix.edu

If a valid DMCA notification is received, the University will respond under the Process for Filing Notice of Alleged Infringement' by taking down the infringing content found on our networks. On taking down content under the DMCA, the University will take reasonable steps to contact the owner of the removed content so that a counter notification may be filed. Upon receiving a valid counter notification, the University will generally restore the content in question, unless the University receives notice from the notification provider that a legal action has been filed seeking a court order to restrain the alleged infringer from engaging in the infringing activity.

The DMCA provides that you may be liable for damages including costs and attorneys' fees if you falsely claim that someone is infringing on your copyright. Alternatively, an individual can also be liable for damages including attorneys' fees if you materially misrepresent that an activity is infringing on the copyright of another. Therefore, the University recommends contacting an attorney if you are unsure whether a work is protected by copyright laws.

Pursuant to the DMCA, unless the University receives notification that legal action to seek a court order restraining the alleged infringer from further engaging in the infringing activity has been filed, upon receiving a valid counter notification, the University will:

1. Provide the person who filed the original notification with a copy of the counter notice
2. Inform him or her that the material will be reinstated or access to it restored between 10 and 14 business days following receipt of the counter notice

Process for Filing Notice of Alleged Infringement

Below is the process for filing a notification under the DMCA when an individual believes his or her work has been infringed upon. Notice must be given in writing to the designated agent as specified above and contain the following information:

1. Identify in sufficient detail the copyrighted work that you believe has been infringed upon; for example, describe the work that you own
2. Identify the material that you claim is infringing on your copyright as set forth in number one and provide detailed information that is reasonably sufficient to locate the infringing item; for example, provide the link to the infringing material
3. Provide sufficient contact information: phone number, address and email address.
4. If possible, provide information that allows the University to notify the alleged infringing party of notice of the alleged infringement
5. The following statement must be included in your notice: "I have a good faith belief that the use of the copyrighted materials described above and contained on the service is not authorized by the copyright owner, its agent or by protection of law."
6. The following statement must be included in your notice: "I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed."
7. The notice must be signed

Process for Filing Counter Notification of Alleged Infringement

The person or provider of the alleged infringing material may present a counter notification pursuant to the DMCA. Upon proper counter notification, the University may reinstate the removed content. Notice must be given in writing to the designated copyright agent as specified above and contain the following information:

1. Identify the material that has been removed. This may include providing the location or the URL when possible.
2. Provide your name, address, telephone number and email address if available.
3. Provide a statement that you consent to the jurisdiction of Federal District Court for the judicial district in which you reside, or for any address outside the United States or any judicial district, in which the service provider may be found, and that you will accept service of process from the person who provided notification to the University of the alleged infringement or an agent of such person.
4. Provide the following statement: "I swear, under penalty of perjury, that I have a good faith belief that the material identified above was removed or disabled as a result of a mistake or misidentification of the material to be removed or disabled."
5. The notice must be signed.

Additionally, the University will disseminate and publicize, for each of its campus locations, crime statistics from the most recently completed calendar year and two preceding calendar years within the Annual Security Reports.

Campus Crime Statistics

The Clery Act delineates the violations that need to be reported. The University of Phoenix Annual Security Reports include all Clery Act crimes reported to campus security authorities (CSAs), regardless of who reported, whether an investigation is initiated, or whether there is any decision by a court, prosecutor, or any other non-campus official unless it has been "un-founded" by law enforcement personnel. In addition, the University's Annual Security Reports include any Clery Act crimes reported to local law enforcement as collected by the Campus Safety Coordinator through an annual information request. The statistics cover crimes reported that occurred on-campus, in or on certain off-campus (noncampus) buildings or property owned or controlled by the University, and on public property within or immediately adjacent to and accessible from the campus. If a crime has occurred but has not been reported, it cannot be reflected in the following statistics. For this reason, University of Phoenix encourages everyone to accurately and promptly report all crimes to local law enforcement agencies, the University's Security Operations Center (SOC), or a Campus Security Authority/Campus Safety Coordinator.

The following Clery Act crimes meet definitions in the FBI's Uniform Crime Reporting (UCR) Program. For the categories of Domestic Violence, Dating Violence, and Stalking, definitions are provided by the Violence Against Women Reauthorization Act of 2013 (VAWA) and repeated in the Clery Act regulations.

- **Criminal Offenses** – Criminal Homicide (Murder and Non-Negligent Manslaughter, Manslaughter by Negligence), Sex Offenses/Sexual Assault (Rape, Fondling, Incest, Statutory Rape), Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, and Arson
- **Hate Crimes** – Any of the above-mentioned offenses (excluding Manslaughter by Negligence) and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias
 - Categories of bias under the Clery Act include Race, Religion, Sexual Orientation, Gender, Gender Identity, Ethnicity, National Origin, and Disability
- **VAWA Offenses** – Any incidents of Dating Violence, Domestic Violence, and Stalking
 - Sexual Assault is also a VAWA Offense but is included in the Criminal Offenses category for Clery Act reporting purposes
- **Arrests and Referrals for Disciplinary Action** – Weapons Law Violations, Drug Abuse Violations, and Liquor Law Violations

Specific campus location crime statistics are available electronically in their respective Annual Security Report at <https://www.phoenix.edu/about/campus-safety.html> or by requesting a paper copy of the report from a Campus Safety Coordinator (contact information can be viewed at <https://www.phoenix.edu/about/campus-safety/contact-list.html>) or any University representative.

University of Phoenix expressly reserves the right to modify or to adopt additional campus policies and procedures relating to campus safety, at any time, without notice.

Statement of Policy on Sex Offender Registration

The Campus Sex Crimes Prevention Act of 2000 provides minimum national standards for state sex offender registration and community notification programs and requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. This notice should be directed to the Campus Safety Coordinator at their local campus.

To learn the identity of registered sex offenders on or near a campus, or anywhere in the United States, visit the sex offender databases at <http://www.sexoffender.com/> and <https://www.nsopw.gov/>. You can search by city, county, or ZIP code. This information is collected by other agencies, and the University cannot guarantee this information is correct or complete. The information is provided to comply with the Clery Act and for campus safety purposes only. It should not be used to intimidate, threaten, or harass. Misuse of this information may result in prosecution.

Emergency Mass Notification Policy

The University's emergency response is designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on or near a campus involving an immediate threat to the health or safety of our community.

An "emergency" is a high risk event, expected or unexpected, that threatens the lives, safety, property, or the environment and requires immediate action. Such situations include, but are not limited to, fire/smoke/explosion, severe weather, hazardous material, earthquake/power outage, active shooter, disease outbreaks, bomb threats, etc.

The Emergency Mass Notification process includes emergency escalation procedures, mass notifications and supporting systems. In an emergency, dangerous or otherwise high-risk situation, these processes enable the University to, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system to enrolled students and current employees (faculty and staff) unless issuing the notification system will, in the professional judgment of the

responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. To ensure notification efforts effectively account for all students located in areas affected by an emergency situation, students are required to immediately notify the University any time they change their current address. Students must provide this notification by updating their current address in the Contact Information section of their profile on the student website (<https://my.phoenix.edu>).

The policy can be viewed in its entirety in the Campus Safety Policies at <https://www.phoenix.edu/content/dam/edu/about/doc/campus-safety-policies.pdf>

Institutional Sanctions for Alcohol and Other Drug Violations

The University abides by federal, state, and local sanctions regarding unlawful possession of drugs and the unlawful consumption of alcohol. Any member of the University community found consuming or selling alcohol or other drugs on University property is subject to disciplinary action up to and including dismissal from the University. Consistent with federal, state, and local sanctions, the University may impose a disciplinary sanction to students, faculty, or staff requiring the completion of an appropriate rehabilitation program. Failure to comply with disciplinary standards could result in sanctions, up to and including expulsion or termination of employment, and referral for prosecution for violation of the standards of conduct.
