

PHOENIX FAST FACTS

Elma Arellano's path from masonry to respiratory therapy education

Job title

Director of Clinical Education for Respiratory Therapy

Company

Pima Community College

UOPX Degrees

Master of Health Administration

Biggest way UOPX helped you enhance your career?

Asthma awareness is huge. We have a lot of day cares that we're reaching out to to bring down the numbers in Cochise County. I didn't know how to do that before. My projects for [my MHA program] showed me how to look at ethnicity and age group and just focus on accounting to gauge awareness.

I also feel like I am going to be a better leader. I want to get my students out there more to help the community, not just focus in the hospital. I would like to do a lot more screening.
