Credit Recommendation Guide

The following certifications have been evaluated by the College of Social and Behavioral Sciences to potentially fulfill Upper Division course requirements in the BSSEC 001 program. In order to receive any of the credits recommended below, students will need to submit a course waiver form and proof of completion for the certification.

* Through the completion of the CSMP certification, students seeking an en-route upper division certificate within the BSSEC program can satisfy course SEC/411 for the following upper-division certificates (Critical Incident Response, Enterprise Security Administration, and Physical Security Operations). Students not seeking an en-route upper-division certificate may instead satisfy three credits in the upper-division Elective requirement for the BSSEC program.

Courses eligible for waiver by completion of Certified Security Project Manager (CSPM) Certification

Program	UOPX Course ID	UOPX Course Title	Division	Credits
