

## UNIVERSITY OF PHOENIX

Notice to Students Regarding Continuation of Campus-based Courses, Temporarily, Via our Virtual Blackboard Collaborate Classroom Through **Spring 2021**, and Update on Reopening of Student Resource Centers

December 15, 2020

Greetings,

As a follow up to our notice in November, instruction for our campus-based courses will continue using a virtual format through **Spring 2021**. We will actively monitor the situation to determine if, during the Spring 2021 timeframe (but no sooner than March 31, 2021), we will be able to safely return to in-person instruction.

Considering the COVID-19 pandemic's continued persistence and recent surge, and the different approaches state and local authorities are taking to minimize the spread of the virus in their regions, we have decided that our **Student Resource Centers will remain closed at this time**, for the safety of our students, faculty, and staff. We will not re-open the Student Resource Centers on January 11, 2021, as originally planned. We will continue to monitor the communities where our Student Resource Centers are located, and like your instruction, will determine if, during the Spring 2021 timeframe (but no sooner than March 31, 2021), we will be able to safely return to limited service at the Student Resource Centers.

We remain committed to your safety as well as that of our faculty and staff. If you have any questions, please reach out to a Campus Services Representative or your Academic Counselor. For technical questions regarding Blackboard Collaborate, please contact the Technical Support team at 877-832-4867.

Thank you and stay well!

Bob Eoff  
Vice President, Market Services
