

## UNIVERSITY OF PHOENIX

Notice to Students Regarding Continuation of Campus-based Courses, Temporarily, Via our Virtual Blackboard Collaborate Classroom Through **Fall 2021**, and Update on Reopening of Student Resource Centers

March 19, 2021

Greetings,

We appreciate your commitment to your education during this unprecedented time and want to thank you for your continued patience throughout the process of necessary virtual learning through the pandemic. As things are beginning to improve and vaccines are becoming more readily available, we are optimistic that we will be able to safely return to in person instruction in Fall 2021. We have determined that virtual learning will continue via Blackboard Collaborate through the summer. In addition, we hope to reopen our Student Resource Centers this summer in those communities where these activities are deemed safe and in accordance with local requirements.

All of us are anxious to get back to campus and resume normal activities. Please know that we are doing everything to be ready this Fall and look forward to welcoming you back. We of course will be in touch with you as that time gets closer, so you will know the exact date and procedures for our campuses when those have been set. In the meantime, we wish you continued success in your program of study and are here for you should you need any support during this time.

We remain committed to your safety as well as that of our faculty and staff. If you have any questions, please reach out to a Campus Services Representative or your Academic Counselor. For technical questions regarding Blackboard Collaborate, please contact the Technical Support team at 877-832-4867.

Thank you and stay well!

Bob Eoff  
Vice President, Market Services
