Due to a recent state mandate, **all in-person clinical experiences for Nevada students must be suspended immediately, regardless of modality as a local campus-based student or an online student.** This mandate applies to any in-person clinical experiences being carried out in P-12 schools, district offices, childcare centers, or any other alternative educational setting. Please work with your course faculty member for appropriate virtual experience alternatives and refer to the student communication sent to all students on 3/20/20 for additional ideas.
