Tuition Guarantee

Gain specialized skills while earning your BS in Accounting

You're working toward a bachelor's in Accounting. But your career plans can't wait four years — you need specialized skills to assist in potential career opportunities now. With our ACBSP-accredited Bachelor of Science in Accounting with an Associate of Arts with a concentration in Business Fundamentals, you get the best of both worlds. You'll earn your associate degree first, allowing you to move forward in your career as you continue toward your bachelor's degree.

In this program, you'll learn about:

- Auditing and taxation
- Accounting technology, such as Intuit® QuickBooks®
- Accounting law
- Financial and managerial accounting
- International Financial Reporting Standards (IFRS®)

Transferring credits between the two programs is seamless. You can complete both degrees in about four years. And you'll take just one 5-week course at a time, so you can balance work and family life while pursuing your education.

What sets us apart?

When you choose our Bachelor of Science in Accounting with an Associate of Arts with a concentration in Business Fundamentals degree program, you'll discover:

**Program accreditation**
Our Bachelor of Science in Business degree is evaluated regularly by the ACBSP, ensuring the quality of your education.

**Alignment with industry standards**
Our School of Business ensures our accounting students are prepared with courses aligned with the American Institute of CPAs and the National Association of State Boards of Accountancy.

**Practical coursework**
Gain practical, hands-on knowledge with accounting software such as Intuit® QuickBooks® — which you can apply directly to your career.

Networking opportunities

Access powerful networking tools through our PhoenixLink™ career services platform. Take advantage of personal career coaching. Search and apply for jobs, or make your resumé visible to employers. And connect with employers and alumni through career fairs and mixers. It’s all about connections. And we help you make them.

Learning outcomes

Along with the knowledge and skills related to the University Learning Goals, students who graduate from the School of Business should gain program-specific knowledge, skills and abilities. Each college or school creates a set of Program Student Learning Outcomes (PSLOs) to describe the knowledge, skills or attitudes students will possess upon completion of the program of study. By the time you complete your Bachelor of Science in Accounting, you should be able to perform these learning outcomes.

Program accreditation

The BS in Accounting has been reaffirmed for accreditation until 2027 by the Accreditation Council for Business Schools and Programs (ACBSP), ensuring the quality of your education.

What does that mean in real life? ACBSP-accredited business programs are committed to quality standards. The quality of the program is continuously benchmarked against specific criteria that prepare students for their industry of choice. Accreditation occurs on a 10-year cycle with regular quality reviews.
