Bachelor of Science in Business with an Operations Management Certificate

The Bachelor of Science in Business (BSB) undergraduate degree program is designed to prepare graduates with the requisite knowledge, skills, and abilities to effectively apply various business principles and tools in an organizational setting. The BSB foundation is designed to bridge the gap between theory and practical application, while examining the areas of accounting, communications, diversity and inclusion, economics, finance, business law and ethics, management, marketing, organizational behavior, business analytics, and information systems. Students are required to demonstrate a comprehensive understanding of the undergraduate business curricula through a business capstone course.

You'll learn how to:

Bachelor of Science in Business with an Operations Management Certificate

Projected job growth:

7%

According to [Bureau of Labor Statistics](#)
