Manage projects and processes

Successful projects are the ones that get done. Learn the skills to help make that happen with a Bachelor of Science in Business with a Project Management Certificate. This degree program is focused on developing project managers who can communicate effectively, think creatively and manage projects and processes well.

In this Bachelor of Science in Business with a Project Management Certificate degree program, you'll learn the skills to:

- Design project costs and timelines
- Utilize project management software
- Manage and motivate teams
- Track projects and measure progress

This bachelor's degree features a certificate option that allows you to take core courses at the beginning of your program. The certificate you earn will be an additional credential, helping you move toward your career goals even before you graduate.

Successful projects are the ones that get done. Learn the skills to help make that happen with a Bachelor of Science in Business with a Project Management Certificate. This degree program is focused on developing project managers who can communicate effectively, think creatively and manage projects and processes well.

Thinking of an MBA? Save time and money.

Take three MBA courses during your BSB program at the undergraduate tuition rate through our MBA Bridge Program. You'll save \$2,700 on tuition, earning both degrees in about five years. Contact an enrollment representative at 844.YES.UOPX for more information.

Learning outcomes

Along with the knowledge and skills related to the University Learning Goals, students who graduate from the School of Business should gain program-specific knowledge, skills and abilities. Each college or school creates a set of Program Student Learning Outcomes (PSLOs) to describe the knowledge, skills or attitudes students will possess upon completion of the program of study. By the time you complete your Project Management Certificate degree, you should be able to perform these [learning outcomes](#).

Program accreditation

Our Bachelor of Science in Business degree has been reaffirmed for accreditation until 2027 by the Accreditation Council for Business Schools and Programs (ACBSP), ensuring the quality of your education.

What does that mean in real life? [ACBSP-accredited](#) business programs are committed to quality standards. The quality of the program is continuously benchmarked against specific criteria that prepare students for their industry of choice. Accreditation occurs on a 10-year cycle with regular quality reviews.
