Master of Arts in Education/Elementary Teacher Education

If you hold a bachelor’s degree in a discipline other than education but want to learn the skills to become an effective elementary classroom teacher, our Master of Arts in Education in Elementary Teacher Education is for you. Earn your degree through coursework that’s aligned with national standards.

This degree program is designed to prepare you for teacher licensure and will help you build confidence as a general studies teacher in an elementary classroom. This master’s program includes a clinical component (field experience and student teaching), allowing candidates to acquire the knowledge, skills and abilities needed to positively impact student learning and development. The program aligns with national standards, ensuring candidates attain a quality degree that’s relevant to today’s classroom. Requirements for licensure vary by state. View your state licensure requirements.

What you’ll learn

When you earn your online Master of Arts in Education/Elementary Teacher Education, you’ll be equipped with a concrete set of skills you can apply on the job.

You’ll learn how to:

- Design and implement effective instruction in the elementary classroom to positively impact student learning.
- Evaluate effective professional practice in an elementary classroom.
- Apply professional dispositions and ethics to instructional practices among the various communities in an elementary school setting.
- Evaluate educational principles and make use of various data sources necessary to differentiate instruction for the diverse learners in an elementary classroom.
- Create innovative strategies to improve student learning through the use of current research and technology.

Schedule

Your academic counselor will help you schedule your classes.

Plus, you’ll find support from our dedicated education program specialists who work with you 1:1 during your 100 required hours of clinical experience (or more if required by your state) and a minimum of 12 weeks of clinical practice (or more if required by your state). Our education program specialists also help you navigate your state licensure requirements for teacher certification, and can help with questions along the way.

Program Purpose Statement

The Master of Arts in Education/Elementary Teacher Education is a graduate degree program intended for students with no prior teaching experience for initial teacher licensure. The program is designed for students who want to become elementary school teachers. Candidates for this program have already earned a bachelor’s degree. The program includes a clinical component requiring field experiences and student teaching above and beyond program coursework. There may be additional qualifications and/or disqualifications applicable in order to work as a teacher with any local, state or federal entity. View your state licensure requirements.

During your clinical practice experience — one of the final steps to prepare you to pursue employment in the teaching field — you’ll apply your instruction and classroom management skills full time. Working under the supervision of a classroom teacher and a University of Phoenix faculty advisor, you’ll develop lesson plans, apply instructional knowledge to your teaching, work with diverse student populations and incorporate technology into the classroom.

The following program educationally prepares students to apply for initial teacher certification in select states:

Master of Arts in Education/Teacher Education – Elementary (MAED/TED-E)

Educator/Principal licensure requirements vary by state. Candidates located in a state that does not provide a direct path to licensure will be required to obtain Arizona certification first, prior to seeking licensure in their home state as an out-of-state prepared teacher/principal candidate. Arizona certification requires candidates to pass all Arizona-specific licensure requirements, including any Arizona-specific exams (or home state equivalents if recognized by Arizona Department of Education.) After obtaining an Arizona teacher/principal certificate, candidates can then apply for licensure in their home state and may be required to complete additional testing and/or requirements at additional cost. Program requirements may change based upon your home state’s agency licensure requirements. Please visit the teacher licensure page or the principal licensure page for state specific requirements prior to reaching out to your state agency.

*While widely available, not all programs are available to residents of all states. Please check with a University Enrollment Representative.

Bureau of Labor Statistics (BLS) projections are not specific to University of Phoenix students or graduates.
