Prepare to lead with an MHA/MBA

Position yourself for a leadership role in healthcare through our Master of Health Administration and Master of Business Administration degree program. Our MHA focuses on the administrative side of healthcare, and our MBA offers a foundation in business practices such as accounting, marketing and strategies for growth. Together, they combine in a curriculum tailored to the needs of business healthcare leaders.

In this Master of Health Administration and Master of Business Administration program, you'll learn how to:

- Manage and motivate employees toward maximum work performance
- Utilize data to address the Triple Aim (cost/quality of care, health of populations, patient-centrism)
- Develop problem-solving skills that guide business decisions
- Conduct environmental scanning
- Leverage technology to create a competitive advantage

Respond to the changing needs of the healthcare industry with an MHA/MBA. You'll be taught by instructors averaging 25 years of real-world business experience. And you'll take just one 6-week course at a time, so you can balance work and life on the path to your degree.

What sets us apart?
