Master of Health Administration/Master of Business Administration

Position yourself for a leadership role in healthcare. Earn your Master of Health Administration and Master of Business Administration online in approximately 2.5 years. Our MHA focuses on the administrative side of healthcare, and our MBA offers a foundation in business practices such as accounting, marketing and strategies for growth. Together, they combine in a curriculum tailored to the needs of business healthcare leaders.

You'll learn how to:

- Manage and motivate employees toward maximum work performance
- Use data to address the Triple Aim (cost/quality of care, health of populations, patient-centrism)
- Develop problem-solving skills that guide business decisions
- Conduct environmental scanning
- Leverage technology to create a competitive advantage

Projected job growth:

28%

According to [Bureau of Labor Statistics](#)
