Gain real-life project management experience

Learn hands-on project management skills with a Graduate Project Management Certificate. You'll work with other students in your program to create an organizational project plan using Microsoft® Project software. Our courses are aligned with the educational standards set by the Project Management Institute (PMI®) and are designed to help students educationally prepare to sit for the Project Management Professional (PMP®) exam.

In this Graduate Project Management Certificate program, you'll learn:

- The five processes that define project management
- How to manage stakeholders and resolve conflicts
- Risk management and contingency plans for projects
- Scheduling and quality control

You can complete your certificate in as little as 9 months and you'll take just one 6-week course at a time, so you can balance work and life.

What sets us apart?

Tuition Guarantee

Lock in one affordable rate from start to finish on your degree program. And count on your tuition to be as dependable as your education.

Connections

Access powerful networking tools through our PhoenixLink™ career services platform. Apply for jobs, post your resume for prospective employers and make valuable connections at career mixers and fairs.
