Redefine what it means to manage IT

Some IT issues affect not just your organization but the whole industry. Get ready to be part of the bigger solution with our Post Master's Certificate in Information Systems and Technology (CERT/D-IST). Credits earned in the CERT/D-IST program are transferable toward our Doctor of Management with a focus in Information Systems and Technology.

You'll learn how to:

- Integrate and align IT initiatives with organizational strategy.
- Contribute to IT models that help improve the strategic, tactical and operational performance of an organization.
- Lead the IT decision-making process and provide leadership to improve the overall performance of an organization.
