Graduate Cyber Security Certificate

You've demonstrated your skills in cybersecurity. Now gain the knowledge you need to pursue opportunities in leadership roles with our Graduate Cybersecurity Certificate. We'll prepare you with the tools and skills to help businesses and government organizations protect data, manage risk and recover from cyberattacks. This program is aligned to the ISACA Certified Information Systems Auditor (CISA).

You'll learn how to:

- Perform information systems (IS) auditing processes
- Execute IT governance and management
- Protect information assets
- Acquire, develop, implement, operate, maintain and support IS

Possible career outcomes for graduates of this program

- Information Security Analysts

Institutional accreditation

University of Phoenix is accredited by the Higher Learning Commission (HLC), [hlcommission.org](https://www.hlcommission.org). Since 1978, University of Phoenix has been continually accredited by the Higher Learning Commission and its predecessor.

Total credits required:

18

Requirements and prerequisites

You'll need 18 credits to complete this Graduate Cybersecurity Certificate.
