Post Master's Certificate in Nurse Administration

Advance your nursing education. Earn your Post Master's Certificate in Nurse Administration in as little as nine months and prepare for a leadership role in administration, practice and educational settings. Upon completion of this certificate, currently licensed registered nurses with an MSN or higher will be educationally prepared to play an integral role in the daily operations of a healthcare facility.

You'll learn how to:

- Lead organizational dynamics and systems thinking
- Continuously monitor and improve quality and outcomes
- Formulate and distinguish the key components of a strategic plan
- Manage human and financial resources in healthcare

Institutional accreditation

University of Phoenix is accredited by the Higher Learning Commission (HLC), hlcommission.org. Since 1978, University of Phoenix has been continually accredited by the Higher Learning Commission and its predecessor.

Total credits required:

18

- NSG/516AD: Practicum I
- NSG/517AD: Practicum II

Schedule

Attend class whenever it fits your life, day or night because our online classroom is available 24/7/365. Your academic counselor will help schedule your courses for an online Post Master's Certificate in Nurse Administration.

Program Purpose Statement

This certificate program is designed for nurses with current RN licensure who desire a concentrated course of study in Nursing Administration (NAD). The course of study prepares nurses to function in leadership roles in nursing administration. Students may be eligible to sit for the Nurse Executive Certification Exam and should contact the American Nurses Credentialing Center for eligibility requirements.
